BOARD OF PUBLIC WORKS

Ms. Kimberly Bose,

I am writing to you as a local who has lived in this area for 38 years, as a resident who cares for the community. I urge you to move the Cove Point project along in the approval process, so that our community may benefit as soon as possible. The boost in tax revenue is sure to help our local schools and be beneficial for community development. I've been in the area as long as Cove Point has, and I have seen them prove themselves to be community partners. I have full faith that this relationship will not change as they develop the project in a thoughtfully planned way. Approve Cove Point's propositions!

Regards,

William Phalen
