2. DEPARTMENT OF AGRICULTURE

Maryland Agricultural Cost-Share Program Additional Funding Requests

Recommendation: That the Board of Public Works approve **ADDITIONAL FUNDING** of 3 individual grants under the Maryland Agricultural Cost-Share Program.

Total submission amount: \$834.59

Agreement #	Recipient	County	Amount \$
AT-2012-1957	ALBERT A. BENNETTA	Kent	\$390.14
CH-2012-1958	ALBERT A. BENNETTA	Kent	\$304.74
MP-2012-1537	KARLA L. STONER	Frederick	\$139.71

Fund Source: MCCBL of 2010/Item 10077: *Provide funds for assistance for the implementation of best management practices that reduce soil and nutrient runoff from Maryland farms.*

Authority: "Cost-Sharing - Water Pollution Control" Sections 8-701 to 8-705, Agricultural Article, Maryland Code; COMAR 15.01.05

Remarks: The Maryland Department of Agriculture has determined that each of these projects is eligible for cost-share funds. Each project has received technical certification from the appropriate Soil Conservation District Office. The farmer has signed the requisite cost-share agreement and accepts the grant conditions.

Additional funds are requested for these projects to offset additional costs realized at the completion of the project. These additional costs are a result of design changes required based on site conditions encountered during construction, design changes to improve project effectiveness, or because the level of co-cost share funding originally anticipated was not available when the project was completed.

5. BOARD OF PUBLIC WORKS
Wetlands Licenses

Approval is requested of the following applications for wetlands licenses for projects involving dredging or filling or both in the navigable waters of Maryland. The Board of Public Works' Wetlands Administrator recommends that a license be granted as indicated. The Department of the Environment fully concurs with this recommendation.

Authority: Title 16, Environment Article, Maryland Code; COMAR 23.02.04.

ANNE ARUNDEL COUNTY

- 12-0308 *MAGOTHY BEACH IMPROVEMENT ASSOC. - To construct a living shoreline with vented sills and groins and a timber pier, and to fill, grade, and plant marsh along an eroding shoreline – Magothy River, Pasadena
- 12-0423 RICHARD FAIRBANK – To emplace stone revetment and sand, and construct a pier and boatlift – Magothy River, Gibson Island
- 12-0623 FAIRWINDS MARINA INC. – To maintenance dredge a channel and travel lift area and provide for maintenance dredging for a 6-year period – Magothy River, Annapolis

BALTIMORE CITY

- 12-0574 NATIONAL PARK SERVICE – To maintenance dredge a channel and berth area and provide for maintenance dredging for a 6-year period – Patapsco River, East Fort Avenue

6. DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT

RECOMMENDATION: That the Board of Public Works approve releasing the deeds of trust on three properties that received loans from DHCD's Down Payment and Settlement Expense Loan Program. The deeds of trust are second mortgages; the borrowers are selling their property in lieu of foreclosure to pay off the first mortgage owed to DHCD, and the borrowers have requested a release of the deed of trust securing the second mortgage on the basis of a hardship (e.g., loss of income due to unemployment or illness). Borrowers will sign a promissory note in the amount of the outstanding principal of the second mortgage.

LOAN AUTHORITY: Down Payment and Settlement Expense Loan Program

7. DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT

BORROWER: Poppleton Partners II, L.P.

PROJECT: Poppleton Apartments II

PROPERTY LOCATION: 899 West Fayette Street
Baltimore City

LOAN AUTHORITY: Maryland Bond Program
Housing & Community Development Article
§§ 4-101 through 4-255, Maryland Code

Maryland Housing Rehabilitation Program
Housing & Community Development Article
§§ 4-901 through 4-933, Maryland Code

GRANT OF EASEMENT: State Finance and Procurement Article
§ 10-305, Maryland Code

AMOUNT: Original Loan Amounts \$10,240,000
Current Loan Balances \$10,240,000

RECOMMENDATION: That the Board of Public Works authorize easements that will provide BioPark Fayette, LLC and Maryland Proton Treatment Holdings, LLC access to the Poppleton Apartments II property to facilitate construction of the Maryland Proton Treatment Center on a BioPark parcel, which abuts a portion of the Poppleton parcel. The easement agreement will also allocate maintenance responsibilities.

MARYLAND PROTON TREATMENT CENTER: Reference is made to USM Item 6-RP (2/22/12) in which the Board of Public Works approved the sale of State land to UMB Health Sciences Research Park Corporation for the express purpose of developing a proton therapy treatment center in the University of Maryland BioPark, finding that “the development of a proton therapy treatment center in the BioPark will establish UMB and the School of Medicine as one of the leading centers for cancer clinical care, research and education in the world.”

BOARD OF PUBLIC WORKS

MAY 2, 2012

SECRETARY'S AGENDA

7. DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT

BACKGROUND: In September 2010, DHCD lent Poppleton Partners II, L.P. \$9,515,000 (through its Maryland Bond Program) and \$725,000 (through its Maryland Housing Rehabilitation Program) to finance the acquisition and rehabilitation of Poppleton Apartments II. The project provides 111 units of scattered site affordable housing for family occupancy. Construction is now 100% complete; however, the loan payments are not due until the permanent loan period begins. The loans are secured by first and fifth lien deeds of trust on the various 29 scattered sites, which include 899 West Fayette Street, Baltimore City. The loans are amortized (the MBP loan's maturity date is January 1, 2044; the MHRP loan's maturity date is October 1, 2052).

In order to construct the Proton Treatment Center, certain easements are required to access the Poppleton parcel for the benefit of the BioPark parcel. The proposed Easement and Maintenance Agreement concerns one of the 29 parcels. This agreement will provide temporary easements to BioPark for construction and a driveway, and permanent easements to BioPark for an easement area to limit future building and provide utility, maintenance, and pedestrian access.

MARKET VALUE: The current value as of January 1, 2012 provided by the Maryland State Department of Assessments and Taxation for the property and improvements is \$390,000 for the Poppleton parcel of land located at 899 West Fayette Street. DHCD does not anticipate the easement resulting in negative impact on the property value.

REPORT OF EMERGENCY PROCUREMENT**ITEM:** Appendix 1**DEPARTMENT OF HUMAN RESOURCES**

Social Services Administration

CONTRACT TITLE: Residential Child Care Services
ADPICS No. N00B2400519**CONTRACT TYPE:** Human Services**DESCRIPTION:** Residential child care placement/transitional services for a severely developmentally-disabled youth.**PROCUREMENT METHOD:** Emergency**DATE EMERGENCY DECLARED:** 2/28/12**BID:**
The Benedictine School for Exceptional Children, Inc. \$48,575**AWARD:** The Benedictine School for Exceptional Children, Inc.
Ridgeley, MD**AMOUNT:** \$48,575**CONTRACT AWARD DATE:** 1/13/12**TERM:** 1/13/12 – 10/23/12**MBE PARTICIPATION:** None**FUND SOURCE:** 100% General

BOARD OF PUBLIC WORKS**MAY 2, 2012****APPENDIX****SECRETARY'S AGENDA****REPORT OF EMERGENCY PROCUREMENT****ITEM:** Appendix 1 (cont'd)**REMARKS:**

Nature of Emergency: The youth is severely developmentally disabled and requires intensive services to transition him to adulthood without disruption. On January 13, 2012, a critical service need occurred that required this emergency procurement. The individual will be placed in the contractor's adult developmentally-disabled program on his 21st birthday (October 23, 2012).

Basis for Selection: An emergency contract with The Benedictine School for Exceptional Children, Inc. was in the best interest of the youth because the school could immediately provide the required critical transition services for this youth. The youth requires intensive transitional services and will benefit from a familiar treatment team and continuity of core treatment services when he transitions from the children's program to the adult program in October.

Reason for Late Report: The Baltimore County local office placed the youth on January 13, 2012 but did not notify DHR until February 28. DHR did not, at that time, have a contract with the Benedictine program in which the local office enrolled the youth. The delay in reporting after the placement was made occurred as DHR assessed the extent of the required service needs, determined the course of action to take to continue services for the youth, identified a funding source, and assembled the essential procurement packet documents.

(410) 260-8450

Recommendation That the Board of Public Works approve the Department of Natural Resources accepting a permanent forest conservation easement from the State Highway Administration, a modal agency of the Maryland Department of Transportation. The easement will provide 8.223 acres to mitigate the Inter County Connector project, Montgomery County. SHA is donating the easement in accordance with the Forest Conservation Plan that has been prepared in connection with the ICC project.

Background The ICC mitigation requirements are being met through a forest conservation easement on this property, together with easements on 15.138 acres (SHA's Bruzee property; see Companion DNR Item 3A on today's Agenda) and 5.5349 acres (SHA's Briggs Chaney property; see Secretary's Agenda Item 12 [Dec. 2, 2009]) as no one site is large enough by itself.

This easement is consistent with DNR forest conservation practices.

GRANTOR: State of Maryland to the use of the Department of Transportation

GRANTEE: State of Maryland to the use of the Department of Natural Resources

PROPERTY: 8.223 acres on State Highway Administration's Kuperschmidt property

PRICE: \$ -0-

SALE OF FOREST PRODUCTS
TIMBER SALE**

Contact: Robert Feldt
rfeldt@dnr.state.md.us
(410) 260-8529

LOCATION: Potomac-Garrett State Forest – Garrett County

SALES DESIGNATION: PG-04-12

AREA DESCRIPTION: 72 acres, among three separate land units in Compartments 32, 39, & 43

SALES PROCEDURE: Revenue-generating. One-step method sales procedure (see BPW Advisory 2005-2). No bond money was used to purchase this land.

DESCRIPTION: This project includes:

- Sale of 210,165 board feet of sawtimber and 627 cords of pulpwood; and
- Harvest and management work on 72 acres including:
 - ◆ 44 acres selectively cut thinning combined with competing vegetation treatments to promote successful seedling establishment;
 - ◆ 16 acres and 7 acres regeneration harvests using a variable-retention method that will retain 10% of the original stand in patches and other legacy trees; and
 - ◆ 5 acres selectively cut thinning to promote seedling regeneration.

To assure successful seedling regeneration and survival in the 44 acres selective thinning, contractor is required to treat the invasive grass and fern understory to allow sunlight to fully penetrate to the forest floor.

PROCUREMENT METHOD: Competitive Sealed Bid

BIDS RECEIVED:

Glotfelty Lumber Co.	(MD)	\$65,300.00
Red Rock Enterprises	(MD)	\$65,177.89

Maryland Park Service

CONTRACT ID Concession Program at Greenbrier State Park
ADPICS NO: K00B2400122

CONTRACT DESCRIPTION: Provide full operation of the Concession Program,
which includes a beach store, snack bar, and boat rental, at the Greenbrier State Park for the 2012
through 2016 summer vacation seasons.

AWARD: Jay Vending Company
Crofton, MD

TERM 5/4/2012 – 10/31/2016 (Approx. 4 Yrs., 6 Months)

AMOUNT \$620,000 Est. Gross Revenue (5 Park Seasons)
(\$124,000 Commission to the State @ 23.5%
of Gross Revenue)

PROCUREMENT METHOD: Competitive Sealed Bidding

BIDS OR PROPOSALS: See Attachment

MBE PARTICIPATION: 0% (See Requesting Agency Remarks below)

INCUMBENT: S&J Concessions LLC
Boonsboro, MD

REQUESTING AGENCY REMARKS: A notice of the availability of the Invitation for Bids (IFB) was advertised on *eMarylandmarketplace.com* (eMM). Copies of the solicitation notice were mailed to 46 prospective vendors registered on eMM and an additional seven prospective vendors were mailed or emailed packages from Greenbrier State Park. All 53 prospective vendors are Maryland firms, two are registered small businesses, and seven are MBEs. A copy of the solicitation was also sent to the Governor's Office on Minority Affairs.

**SUPPLEMENT B
DEPARTMENT OF BUDGET AND MANAGEMENT
ACTION AGENDA**

ITEM: 1-S (Cont.)

Historically, when soliciting bids for DNR's concession contracts located in the western region of Maryland it has been a challenge to find a large pool of vendors willing to place bids. Additionally, there are no certified MBEs available to complete this task.

Three bids were received in response to the IFB. Jay Vending Company's responsive bid had the highest percentage of gross revenue earnings to the State. Jay Vending Company has been deemed a responsible bidder, and is therefore, recommended for contract award.

Greenbrier State Park is a multi-use park open year round that provides a variety of recreation options for visitors. The 44-acre man-made lake and beach draw many visitors who enjoy swimming, boating, hiking, picnicking, fishing and hunting. The busiest season for the park is during the summer from Memorial Day through Labor Day; however, the campground is open through the end of October.

This contract is an important source of revenue for DNR and also provides an important service to the park patrons who visit Greenbrier State Park. The Concession Program provides visitors with access to a beach store, snack bar, and boat rentals. The contract is revenue generating, so the Contractor receives the proceeds from these purchases and rentals, and DNR receives 23.5% commission of all gross revenues.

The Beach Store, Snack Bar/Concession Stand and Boat Rentals will be available for use from 11:00 A.M. to 5:00 P.M. on weekdays and 10:00 A.M. to 7:00 P.M. on Fridays, Saturdays, Sundays and holidays from May through October each year. Hot food items at the snack bar include hamburgers, hotdogs and french fries. The Beach Store will sell various camping and beach supplies such as grills, charcoal, sun block and ice. Rowboats and paddle boats are available to rent and use on the lake.

No MBE participation goal was established for this contract based upon the limited subcontracting opportunities available under this minimal scope of work. In addition, of the possible areas of work that could be subcontracted, there are few or no certified MDOT MBEs available matching those areas and few are located in close proximity of the work location.

Office of Chief Medical Examiner (OCME)

CONTRACT ID: OPASS 12-10819;
Infectious/Biological Waste Pick-up and Disposal
ADPICS # M00B2400502

CONTRACT DESCRIPTION: Provide services to safely pick-up and dispose of infectious/biological waste from the Office of the Chief Medical Examiner (OCME). These waste pick-up and disposal services will be in full compliance with all Federal, State and local laws and regulations.

AWARD: Curtis Bay Energy, Inc.
Baltimore, MD

TERM: 6/1/2012 - 5/31/2017

AMOUNT: \$182,205 (5 Years)

PROCUREMENT METHOD: Competitive Sealed Bidding

BIDS OR PROPOSALS: Only One Bid Received

MBE PARTICIPATION: None (See Requesting Agency Remarks below)

PERFORMANCE SECURITY: None

INCUMBENT: Same

REQUESTING AGENCY REMARKS: A notice of the availability of the Invitation for Bids (IFB) was advertised on *eMarylandMarketplace.com* and the DHMH website. Copies of the solicitation notice were sent directly to six prospective vendors, five of which are Maryland firms, and included one MBE. A copy was also sent to the Governor's Office of Minority Affairs.

**SUPPLEMENT B
DEPARTMENT OF BUDGET AND MANAGEMENT
ACTION AGENDA**

ITEM: 2-S (Cont.)

Only one bid was received in response to the IFB. The recommended contractor, Curtis Bay Energy, Inc., is responsible, and its bid meets the technical requirements set forth in the IFB. Moreover, the price has been deemed fair and reasonable, and it was determined that other prospective bidders had a reasonable opportunity to respond to the solicitation.

Curtis Bay Energy, Inc., the incumbent, manages the largest waste-to-energy facility specifically permitted for regulated medical waste, and has access to separate fully licensed, permitted treatment and disposal facilities for disposal and destruction of all comprehensive waste streams. In addition, Curtis Bay Energy, Inc. is the only company with this type of facility that has the capability to burn infectious and biological waste in the State of Maryland. Other potential bidders for these services would be able to provide pick-up and transport of the infectious and biological waste containers, but the disposal would ultimately be done by Curtis Bay Energy, Inc. Therefore, other potential bidders likely believed that their prices would not prevail over Curtis Bay Energy, Inc., and thus did not bid.

The pick-up of filled containers from the designated areas for disposal will occur three days per week (Monday, Wednesday and Friday, excluding State Holidays) between 8:00AM and 11:30AM. The Contractor will pick-up all containers of infectious/biological waste such as glass, tubes, specimen containers and sharp objects (i.e. broken glassware) generated at the OCME and dispose of the contents in strict accordance with the Code of Federal Regulations (CFR), including 33 CFR153, 49 CFR 171-178, and 29 C.F.R. 1910.1030 (OSHA provisions) as adopted by Maryland Occupational Safety and Health (MOSH) and the Code of Maryland Regulations (COMAR) Title 26.13.11-13.

The Contractor will also provide all approved containers for disposals, vehicles for transport, equipment, supplies, labor, dumping and disposal fees, licenses and permits, and insurance in connection with the collection, removal and proper disposal of infectious/biological waste for the entire duration of the Contract.

No MBE participation goal was established for this contract due to the limited subcontracting opportunities. In addition, there were no MDOT certified MBEs listed as directly providing infectious/biological waste removal and disposal services.

**SUPPLEMENT B
DEPARTMENT OF BUDGET AND MANAGEMENT
ACTION AGENDA**

ITEM: 3-S (Cont.)

REQUESTING AGENCY REMARKS: A notice of the availability of the Request for Proposals (RFP) was advertised on *eMarylandmarketplace.com*. A copy of the solicitation was also sent to the Governor's Office of Minority Affairs.

Three proposals were received in response to the RFP; however, only two proposals were deemed reasonably susceptible of being selected for award. One offeror was disqualified for not meeting the qualifications and experience required to perform the services. Award is recommended to IFC Macro, Inc. (Macro). Macro was ranked overall #1 with the second ranked technical offer and the lowest price. The slight technical differences between the two Offerors did not offset the over \$200,000 difference in price. Macro's proposal demonstrated extensive data collection, survey and analysis expertise, supported by proven experience conducting educational evaluations, both within Maryland and nationally.

To continue compliance with the Individuals with Disabilities Education Act (IDEA) 1997 Amendments, the U.S. Department of Education, Office of Special Education Programs (OSEP) requires each state to collect, aggregate, and analyze valid and reliable data that measures the parent involvement of students with disabilities receiving special education services. The purpose of this contract is to engage an expert to collect the required data for reporting to OSEP. Services include:

- Using the National Center for Special Education Accountability Monitoring (NCSEAM) tools to gather parent information as mandated by OSEP;
- Collecting sufficient data from the local school systems to produce meaningful reports that will not only meet the federal requirements, but also be helpful to local school systems to improve their parent involvement programs as a means of improving services and result for children with disabilities;
- Customizing the Survey Instrument by revising or replacing survey items from the NCSEAM item bank to meet State requirements as necessary, while maintaining the overall reliability and validity of the survey instrument;
- Sending a letter, parent survey, FAQ (frequently asked questions) flyer and postpaid self-addressed return envelopes to approximately 110,000 parents/guardians who have a child receiving special education services in Maryland and monitoring the collection of the surveys to ensure that at least 95% are returned to reach the desired confidence level;
- Generating a report that includes data collection and analysis methods, review of the data, benchmarks, historical trends, goal setting, and action planning for Maryland and Local School Systems in a PDF format that the MSDE will put online and present to the State Superintendent of Schools, Legislature, federal representatives and other stakeholders as required.

ITEM: 4-S (Cont.)

INCUMBENTS:

North Western Region

Same

Baltimore City & South Eastern Regions

Wraparound Maryland, Inc.

Salisbury, MD

REQUESTING AGENCY REMARKS: A notice of the availability of the Request for Proposals (RFP) was advertised on *eMarylandMarketplace.com* and on the GOC website. Copies of the solicitation notice were mailed directly to three prospective vendors, one of which is a Maryland firm, and included no MBEs. A copy was also sent to the Governor's Office of Minority Affairs.

Five proposals were received in response to the RFP; however, only four were deemed to be reasonably susceptible of being selected for award. The award is recommended to Choices, Inc. d/b/a Maryland Choices, LLC (Choices), which was determined to have the most advantageous offer for the State. Choices was ranked #1 overall with the highest technical ranking and the lowest price.

The current contracts for these services expire on 6/30/2012. The RFP issued for these two resulting contract awards had divided the State into three regions for Care Management Entities (CMEs). There are two one-year renewal options available under these contracts. However, based upon general fund budget reductions and the anticipated reduction in children and youth to be served by the CMEs as a result of the end of the federal Center for Medicare & Medicaid Services (CMS) 1915(c) Psychiatric Residential Treatment Facility (PRTF) demonstration waiver project (which has not been reauthorized by the U.S. Congress), the Children's Cabinet determined that it was not in the best interest of the State to exercise the renewal options on the current contracts. Therefore, the Children's Cabinet requested GOC, on its behalf, to develop and issue a new RFP for a single Statewide CME, consolidating the current three regional CME offices and staff associated with the fixed price portion of the contracts into one office with administrative support to be located within the Baltimore City area (Baltimore City, Baltimore and Harford Counties).

If this new contract is approved, the fixed administrative fees for the CME over the next two years would be \$3,095,666, which represents a savings of \$2,724,383 over the prices for the remaining renewal options for the current contracts.

**SUPPLEMENT B
DEPARTMENT OF BUDGET AND MANAGEMENT
ACTION AGENDA**

ITEM: 4-S (Cont.)

This new contract provides for a 30-day transition period so that Choices will be ready to take over the provision of Intensive Care Coordination for the existing children and youth throughout the State by 7/1/2012. There are currently 305 children and youth receiving Intensive Care Coordination, which breaks out into regions as follows:

- Baltimore City Region - 92;
- North Western Maryland Region - 75; and
- South Eastern Maryland Region – 138, which includes 59 children and youth served under the U.S. Department of Health’s Substance Abuse and Mental Health Services Administration (SAMHSA) System of Care Grant, Rural CARES, under a contract administered by Talbot County.

The Intensive Care Coordination services will be provided using a “wraparound” service delivery model to include resource development and provider network management, assessments, and community resource support for a range of populations of youth throughout the State. “Wraparound” is a service delivery model that includes a collaborative process in which the Child and Family Team (CFT) assists in the development and implementation of an individualized plan of care that includes specified outcomes and adheres to the standards and guidelines set forth by the National Wraparound Initiative. The CFT is a team of individuals selected by the participant and family to work with them to design and implement the plan of care.

The CME will arrange to provide Intensive Care Coordination services funded through the Children’s Cabinet Interagency Fund for children and youth eligible under the 1915(c) PRTF waiver, the SAMHSA MD CARES System of Care Grant, the Maryland Department of Human Resources (DHR) diversion from out-of-home placement program, the Maryland Department of Juvenile Services (DJS) diversion from out-of-home placement program, and the DHR/DJS Stability Initiative (which is for DHR/DJS children and youth with a diagnosis of serious emotional disability, at risk of an out-of-home placement, or at risk of a disruption in current placement).

The *Award Amount* and the *Financial Price* are different. The *Financial Price* does not include the CME discretionary funds (cost reimbursement portion of the contract) and the increase of 479 children/youth that can receive Intensive Care Coordination. This increase in children/youth served is directly related to the reduction of fixed administrative fees and the lower rate per child/youth for Intensive Care Coordination from the current contract amounts.

MBE PARTICIPATION: 25%

PERFORMANCE SECURITY: None

INCUMBENT: None (See Requesting Agency Remarks below)

**SUPPLEMENT B
DEPARTMENT OF BUDGET AND MANAGEMENT
ACTION AGENDA**

ITEM: 5-S (Cont)

REQUESTING AGENCY REMARKS: A notice of the availability of the Invitation for Bids (IFB) was advertised on *eMarylandMarketplace.com* and the MDE website. Copies of the solicitation notice were mailed directly to nine prospective vendors, none of which are Maryland firms or MBEs. A copy was also sent to the Governor's Office of Minority Affairs.

Only one bid was received in response to the IFB. The recommended contractor, Dade Moeller & Associates, is responsible, and its bid meets the technical requirements set forth in the IFB. Moreover, the price has been deemed fair and reasonable, and it was determined that other prospective bidders had a reasonable opportunity to respond to the solicitation.

Upon further inquiry, MDE learned the reasons other potential bidders did not respond to the IFB: one stated it couldn't meet the MBE subcontracting goal; and one based in Florida stated it could better undertake work closer to its region and did not believe it could adequately develop and submit a successful bid. A third vendor did not respond to inquiries; however, it is believed that this vendor was only interested in the possibility of subcontracting work.

In addition, the previous procurement for these services (see 10/15/2008 DBM BPW Agenda Item 8-S) resulted in only one bid being received. Environmental Quality Management, Inc. (EQM, Inc.) was the Contractor and performed successful audits in support of MDE's drinking water laboratory certification program in 2008 and 2009, which was the last time these services were procured.

These services are specialized and require the Contractor to provide assessor staff that have documentation showing the completion of EPA approved laboratory certification training.

Dade Moeller & Associates is a very highly qualified vendor who performs assessment services for the Louisiana Department of Environmental Quality, Illinois Environmental Laboratory Accreditation Program, Oregon Laboratory Accreditation Program, Kansas Department of Health and Environment, and the Texas Commission on Environmental Quality. Also, Dade Moeller & Associates purchased EQM, Inc. in December 2009, after the contract with MDE had ended in August 2009.

**SUPPLEMENT B
DEPARTMENT OF BUDGET AND MANAGEMENT
ACTION AGENDA**

ITEM: 5-S (Cont)

Dade Moeller & Associates, the recommended Contractor, will conduct on-site assessments of drinking water laboratories and prepare reports of the findings for the Department. The purpose of this contract is to assist the Water Supply Program in fulfilling its primary requirement of establishing and maintaining a State program for the certification of laboratories that conduct analytical measurements of drinking water contaminants. This is essential for ensuring that there is sufficient laboratory capacity for analyzing data for the protection of public health and safety of the citizens of Maryland.

Ensuring an uninterrupted and safe water supply is essential for the protection of public health and safety. As such, the protection of water supply systems is a high priority for MDE, and other stakeholders, including local officials and water system owners and operators. On-site assessments are required to be completed triennially under the State Environment Article 9-1003.

ITEM: 6-S (Cont.)

REQUESTING AGENCY REMARKS: A notice of the availability of the Request for Proposals (RFP) was advertised on *eMarylandMarketplace.com*. A copy was also sent to the Governor's Office of Minority Affairs.

One proposal was received in response to the RFP, and it was determined to be reasonably susceptible of being selected for award. In addition, the Offeror was determined to be responsible, the financial offer was considered fair and reasonable, and it was determined that other potential offerors had a reasonable opportunity to respond to the solicitation. Therefore, award is recommended to CliftonLarsonAllen, LLP, the sole Offeror.

CliftonLarsonAllen, LLP has demonstrated experience with Generally Accepted Accounting Principles (GAAP) financial audits for government agencies, single audits, and IT related audits. They have demonstrated experience providing financial audit services to entities that have revenue bonds and Build America Bonds. CliftonLarsonAllen, LLP is the incumbent auditor for fiscal years 2008 through 2011, and many of the experienced staff on the project team will perform on this contract.

This contract is to provide Financial Audit Services, including but not limited to the annual financial statement audit conducted in accordance with Governmental Accounting Standards, the annual "Statement of Standards Attestation Engagement (SSAE)-16" audit of the third party electronic tolling system, and Office of Management and Budget (OMB) Circular A-133 Single Audit. The annual financial statement audit is required to be performed by an independent firm of certified public accountants per the Second Amended and Restated Trust Agreement, dated 9/1/2007, between MdTA and the Bank of New York Trustee; and, a report of the audit must be filed within 180 days after the close of each fiscal year with MdTA, the Bond Registrar and the Trustee. The SSAE-16 audit reports the design of controls and operating effectiveness of the electronic tolling system. The A-133 audit reports the compliance with requirements of major programs, internal control over compliance, and the schedule of expenditures of federal awards.

Each of the aforementioned audits will be performed for the fiscal years ending 6/30/2012; 6/30/2013; and 6/30/2014. If the renewal option is exercised, two additional fiscal years will be audited for the fiscal years ending 6/30/2015 and 6/30/2016.

DEPARTMENT/PROGRAM: Public Safety & Correctional Services (DPSCS)
Office of Inmate Health Services
Inmate Health Care Program

CONTRACT ID: Q001002014;
Inmate Health Care Services - Mental Health
Services
ADPICS NO. Q00B2400152

CONTRACT DESCRIPTION: Contract to provide statewide mental health care services for approximately 26,000 inmates within the confines of specified correctional institutions of the Maryland Division of Correction and Maryland Department of Pretrial Detention and Services.

AWARD: MHM-Maryland, Inc.
Baltimore, MD

TERM: 5/3/2012 - 6/30/2017

AMOUNT: \$72,837,932 Est. (5 Years)
(See Requesting Agency Remarks below)

PROCUREMENT METHOD: Competitive Sealed Proposals

BIDS OR PROPOSALS: See Attachment

MBE PARTICIPATION: 10%

INCUMBENT: Same

**SUPPLEMENT B
DEPARTMENT OF BUDGET AND MANAGEMENT
ACTION AGENDA**

ITEM: 7-S (Cont.)

REQUESTING AGENCY REMARKS: A notice of the availability of the Request for Proposals (RFP) was advertised on *eMarylandMarketplace.com* and posted on the DBM and DPSCS websites. Copies of the solicitation were e-mailed directly to 382 prospective vendors, of which 286 are Maryland firms and 344 are MBEs. A copy was also sent to the Governor's Office of Minority Affairs.

A total of five proposals were received in response to the RFP, all of which were deemed to be reasonably susceptible of being selected for award. The contract award is recommended to MHM-Maryland, Inc. (MHM), the incumbent provider of this service to the Department for the past six years. MHM was ranked overall #1 with the highest ranked technical proposal and the lowest price.

The requested contract start date for this Item is 5/3/2012. July 1, 2012 is when the Contractor will start delivering the full scope of mental health care services required by the RFP to inmates. The Contractor will not be paid for any start-up activities it performs between 5/3/2012 and 7/1/2012.

This contract will provide inmate mental health services within the confines of specified correctional institutions of the Maryland Division of Correction (DOC), the Patuxent Institution (Patx), and the Maryland Department of Pretrial Detention and Services (DPDS). The selected Contractor will provide an overall inmate mental health services program within the Department to include all primary mental health services, staff, equipment and supplies, as well as all onsite specialists, chronic care services and transitional services to the community. All the required services will only be provided by qualified Mental Health Professionals.

Also, the contract will provide mental health services to the Inpatient Mental Health Treatment Units located at the Correctional Mental Health Center at Jessup (CMHC-J), Maryland Correctional Institute for Women (MCI-W), the Inmate Mental Health Unit at Division of Pre-Trial Detention & Services (DPDS) and the Women's Detention Center (WDC) located within DPDS.

To help satisfy requirements of several consent decrees, address findings by legislative auditors or otherwise enhance the delivery of appropriate mental health care to inmates in a cost effective manner, the contract that will go into effect 7/1/2012 has many changes from the contract currently in place that will end on 6/30/2012.

**SUPPLEMENT B
DEPARTMENT OF BUDGET AND MANAGEMENT
ACTION AGENDA**

ITEM: 7-S (Cont.)

Remuneration to the Contractor shall primarily be based on payment of a fixed annual price, divided into twelve monthly installments to produce a fixed monthly fee, for each respective Contract Period (year) for Staff services, all mental health care services, diagnostic and laboratory services, supplies, equipment, overhead and administrative costs, and profit. In the fourth and fifth contract years the contractor will have its contract price adjusted by changes in the medical component of the Consumer Price Index.

An additional payment consideration is if the total inmate census listed on the price form varies in any month by more than 400 inmates, plus or minus, the Contractor's monthly fee will be adjusted up or down on a per inmate basis for the number of inmates in excess of 400.

The RFP established a MBE participation goal of 10% of the total value of payments to the Contractor to provide mental health staffing.

DEPARTMENT OF BUDGET AND MANAGEMENT
ACTION AGENDA**

ITEM: 8-S (Cont.)

INCUMBENTS: Corizon, Inc. (for the medical staffing portion – about 2/3rd of the current contract)
St. Louis, MO

Same (for the utilization management portion – about 1/3rd of the current contract)

REQUESTING AGENCY REMARKS: A notice of the availability of the Request for Proposals (RFP) was advertised on *eMarylandMarketplace.com* and posted on the DBM and DPSCS websites. Copies of the solicitation were e-mailed directly to 382 prospective vendors, of which 286 are Maryland firms and 344 are MBEs. A copy was also sent to the Governor's Office of Minority Affairs.

A total of three proposals were received in response to the RFP, all of which were deemed to be reasonably susceptible of being selected for award. The contract award is recommended to Wexford Health Sources, Inc. (Wexford) for proposing the most advantageous offer to the State. Wexford had the second ranked technical proposal and submitted the lowest price. Wexford was both higher ranked technically and lower in price than the third ranked offeror, NaphCare, Inc., and so is overall ranked higher than NaphCare. Although Corizon, Inc. is higher ranked technically than Wexford, it was determined that Corizon's technical superiority was relatively slight. In contrast to the relatively slight technical differences between Corizon and Wexford, based upon the pricing model in the RFP, there was approximately \$20.1 million or an almost 4% price difference between the two offerors. Weighing technical factors and financial factors equally in the overall award determination, as stated in the RFP, the significantly lower price of Wexford was judged to outweigh the slight technical superiority of the #1 ranked technical offeror, Corizon. Therefore, Wexford was ranked #1 overall.

The requested contract start date for this Item is 5/3/2012. July 1, 2012 is when the Contractor will start delivering the full scope of medical health care services required by the RFP to inmates. The Contractor will not be paid for any contract start-up activities it performs between 5/3/2012 and 7/1/2012.

**SUPPLEMENT B
DEPARTMENT OF BUDGET AND MANAGEMENT
ACTION AGENDA**

ITEM: 8-S (Cont.)

This contract will provide inmate medical health services with utilization management within the confines of specified correctional institutions of the Maryland Division of Correction (DOC), the Patuxent Institution (Patx), and the Maryland Department of Pretrial Detention and Services (DPDS). The selected Contractor will provide an overall inmate health services program within the Department to include all primary medical services, staff, equipment and supplies, as well as all onsite specialists, transitional services, certain types of transportation services for offsite hospitalization care, and other necessary secondary care services related to the medical and utilization services component of the total inmate health care program. All the required services will only be provided by qualified Clinicians and Healthcare Professionals. The Contractor will also provide all specialty clinics and coordinate hospitalization for offsite care, as medically necessary. Additionally, the Contractor will be responsible for the utilization review and management of all care rendered on and offsite. Finally, the Contractor will be responsible for the timely payment of all claims by those providing offsite hospital or specialty care to State inmates pursuant to referral by the Clinician and in emergency cases. Any legal action, late fees, interest, etc. for unpaid claims or partial claim payment will be the exclusive responsibility of the Contractor.

To help satisfy requirements of several consent decrees, address findings by legislative auditors or otherwise enhance the delivery of appropriate medical care to inmates in a cost effective manner, the contract that will go into effect 7/1/2012 has many changes from the contract currently in place that will end on 6/30/2012.

RATIONALE FOR COMBINING TWO PRESENT CONTRACTS

Under the current separate contract for Utilization Management (UM) services all offsite medical care expenses are charged, i.e., “passed through”, to and reimbursed by DPSCS. Whereas, the UM contractor, currently Wexford, is paid to monitor all offsite inmate medical care and recommend ways to hold down such expenses, the actual implementation of those recommendations largely falls to the onsite medical Staffing contractor, currently Corizon, at this other contractor’s expense, if any. This separation of responsibilities, as well as the lack of financial incentive for either the UM or Staffing contractors to recommend or implement aggressive programs to save DPSCS money, was the primary reason both these functions were combined into a single contract under this RFP. The combined contract is also expected to improve patient care through the coordination of onsite and offsite care. With the limited exceptions noted under the payments section below, this single contractor will be responsible for all costs to provide the full scope of inmate health care services.

**SUPPLEMENT B
DEPARTMENT OF BUDGET AND MANAGEMENT
ACTION AGENDA**

ITEM: 8-S (Cont.)

Moreover, under this RFP many refinements were made versus the current contract to delineate the financial responsibilities of the medical contractor versus the expenses to be borne by the pharmacy, dental and mental health contractors. Under the current contract at times there were disputes over which contractor would be responsible for certain expenses. Great care was also taken to identify past circumstances when the medical staffing contractor had pointed out omissions in the current contract where activities that had been expected by DPSCS to be borne by the contractor had not been so stated in the contract, with the result that often the activity was not performed or DPSCS ended up paying extra for those activities.

OPTIONAL SERVICES

The new contract for which approval is requested under this Item includes options for the Department to obtain three types of equipment/services that were separately priced by offerors. These optional items are:

- A new Electronic Health Record (EHR) system;
- Digital Radiology (X-ray) Services; and,
- Enhanced Telemedicine Services.

These services were requested as optional provisions under the new contract because, while the potential benefits were well known, it was unknown how much such services would cost, hence whether they would be affordable to the Department, or cost beneficial.

CONTRACTOR PAYMENT PROVISIONS

Remuneration to the Contractor shall primarily be based on payment of a fixed annual price, divided into twelve monthly installments to produce a fixed monthly fee, for each respective Contract Period (year) for Staff services, specialist care, hospitalization, diagnostic and laboratory services, supplies, equipment, offsite services including hospitalization, overhead and administrative costs, and profit. In the fourth and fifth contract years the contractor will have its contract price adjusted by changes in the medical component of the Consumer Price Index.

**SUPPLEMENT B
DEPARTMENT OF BUDGET AND MANAGEMENT
ACTION AGENDA**

ITEM: 8-S (Cont.)

Additional payment considerations are:

- If the total inmate census listed on the price form varies in any month by more than 750 inmates, plus or minus, the Contractor's monthly fee will be adjusted up or down on a per inmate basis for the number of inmates in excess of 750;
- The Contractor can retain 10% of all third party reimbursements of inmate offsite medical care, including Medical Assistance reimbursements;
- For any inmate that incurs more than \$25,000 in offsite hospital expenses in a single admission occurrence, DPSCS will reimburse the Contractor 50% of all expenses over \$25,000;
- The Contractor will be reimbursed in full for any expenses to transport inmates by ambulance for offsite hospitalizations or other offsite care in excess of a threshold listed in the RFP; and,
- The Contractor will be reimbursed in full for any transportation expense in returning a Maryland inmate incarcerated in another state to Maryland for medical care.

The Contractor must pay for all off-site care rendered through 6/30/2017, even if the invoice is not received until months after this contract ending date. The Contractor is also responsible for forwarding to the Department any third party reimbursements, less its 10% incentive portion, received after 6/30/2017 for services performed prior to that date. To assure that all post-contract services are properly performed, the Department will place an amount representing the amount that should be paid to the contractor in the final month of the contract into an escrow account. Payments from this escrow account will be made as the contractor submits evidence of payments for off-site care made on or after 7/1/2017 for care to inmates provided prior to that date, and/or evidence of performance of all other contract transition-out activities. Final payment to the contractor will be made either when the amount of the funds in the escrow account is exhausted or by 6/30/2018, whichever occurs first. Although as described above final payment to the contractor may occur up to one year after inmate services under the contract cease to be provided, these payments will only be made for services provided during the contract term, will be in accordance with payment provisions of the contract and will not require any additional funding authorization beyond that approved by the BPW.

**SUPPLEMENT B
DEPARTMENT OF BUDGET AND MANAGEMENT
ACTION AGENDA**

ITEM: 8-S (Cont.)

AWARD AND FINANCIAL OFFER DIFFERENCE

The *Award Amount* above and the *Evaluated Financial Price Amount* shown in the Attachment are different. The *Evaluated Financial Price Amount* was based upon a pricing model that was part of the financial proposal submitted by the offerors. The *Award Amount* is based upon the actual estimated value of the services to be provided, including the optional services and the reimbursement of any expenses over \$25,000 for a single inmate admission, as described under the Contractor Payment Provisions above.

The RFP established a MBE participation goal of 10% of the total value of payments to the Contractor, excluding the cost of the Offsite Secondary Care and any Optional Services that are implemented. Wexford's proposal submission commits to meet the goal using five MDOT Certified MBEs.

On April 2, 2012, the other incumbent, Corizon, Inc. filed a protest against the award of the contract to Wexford. Corizon, Inc. filed a supplemental protest on April 9, 2012 following a debriefing concerning why it was not recommended for award. The Department is in the process of responding to these two protests.

The Department is requesting that the Board of Public Works (BPW) approve the contract award notwithstanding protest based upon the following substantial State interests:

- The implementation of increased staffing to provide better inmate medical care, which should help satisfy the conditions of an existing consent decree, reduce the number of inmate grievances, and reduce law suits related to inmate medical care;
- Decreased offsite transportations for inmates to receive medical care, which enhances public safety due to the reduced risk of escape and produces cost savings for the Department (a minimum of two guards are required for each offsite transport);
- Improved discharge planning for inmates returning to the community, which has multiple benefits in terms of the potential for:
 - Increased care in the community for former inmates;
 - Decreased inappropriate reliance on emergency room treatment for former inmates;
 - Decreased hospital admissions for former inmates due to controllable conditions being untreated and becoming aggravated and requiring hospitalization;

**SUPPLEMENT B
DEPARTMENT OF BUDGET AND MANAGEMENT
ACTION AGENDA**

ITEM: 8-S (Cont.)

- Increased effort to obtain appropriate housing for former inmates and application for Medical Assistance, SSI, and any other potential benefit for which a former inmate could be eligible;
- Allow the initiation of third party reimbursement efforts for inmate inpatient hospitalizations, primarily from the Medical Assistance Program; and,
- Address deficiencies identified by the legislative auditors.

By approving this item, per COMAR 21.10.02.11.A, the BPW will be deemed to specifically find that execution of the contract without delay is necessary to protect substantial State interests and it will specifically be doing so notwithstanding the fact that Corizon, Inc. has protested not being awarded the new contract.

MBE PARTICIPATION: 27%

MBE COMPLIANCE: 7.52%

REQUESTING AGENCY REMARKS: Request for approval to extend the contract by six months in order to allow sufficient time to resolve the appeal of the protest denial in response to the new contract award recommendation and to continue the important consultant and actuarial services necessary in support of the State employee and retiree benefit programs.

The Request for Proposals (RFP) was published on 4/14/2011 with proposals due on 5/20/2011. Four proposals were received in response to the RFP, all of which were deemed to be reasonably susceptible of being selected for award. Award was recommended to the Offeror with the best overall ranked proposal, which was ranked #2 technically and had the second lowest price. The #1 ranked technical Offeror, who was ranked #3 overall, filed a timely protest on 10/3/2011 in response to the new contract award recommendation to another vendor. On 10/14/2011, this same Offeror filed a supplemental protest. DBM denied both protests on 11/9/2011. On 11/21/2011, the Offeror filed an appeal of the protest denial with the Maryland State Board of Contract Appeals (MSBCA). DBM is awaiting the date of the hearing to be scheduled, which is anticipated to be in May or June.

This modification is in the best interest of the State. Until the appeal process has been completed, consulting and actuarial services are needed with the current Contractor, Gabriel, Roeder, Smith & Co. (GRS). GRS has provided excellent services for the State during the current contract.

REQUESTING AGENCY REMARKS: Request for approval to extend the contract term to allow time to complete the procurement and award a new contract for the Breast and Cervical Cancer Program (BCCP) in Baltimore City. The BCCP is a decentralized program that is administered at the local level through 22 health departments and two private contractors. Medstar Health, Inc. (Medstar) is the only contracted vendor for BCCP to provide breast and cervical cancer screening in Baltimore City.

This modification will ensure the continuation of breast and cervical cancer screening and follow-up services until 12/31/2012. The six-month extension will provide the appropriate amount of time to complete the procurement process, including an eight week timeframe between the RFP release date and the due date for proposals to ensure potential vendors have ample time to respond to the RFP, as well as time to ensure the proper transition of clients and clinical screening and diagnostic services provided by the incumbent to a new Contractor, if needed.

MedStar continues to meet and exceed the guidelines for the program. MedStar continues to screen and re-screen the required numbers of women. MedStar has a dedicated staff working on this project that provides all of the services required and does an excellent job fulfilling the program requirements of the BCCP.

**SUPPLEMENT B

REQUESTING AGENCY REMARKS: Request for approval of a modification to implement and apply advances in erasure detection technology, being used successfully in 20 states nationally, to assist in test security investigations and to provide compelling supportable evidence that can withstand the force of legal scrutiny.

The Maryland School Assessment (MSA), administered to students in grades 3 - 8 Statewide in reading and mathematics, is used to determine student and school achievement and to measure adequate yearly progress (AYP) as required by the Federal No Child Left Behind (NCLB) Act. Results are produced at the student, school, system, and state levels to determine achievement and to measure AYP. The MSA tests include the Modified Maryland School Assessment (Mod-MSA), which is designed to measure the achievement of students with disabilities receiving special education services who meet specific participation requirements. The Mod-MSA differs in format from the MSA in that it provides students access to the grade-level content standards that incorporate variations in test delivery to meet the specific learning characteristics of the student.

**SUPPLEMENT B
DEPARTMENT OF BUDGET AND MANAGEMENT
ACTION AGENDA**

ITEM: 11-S-MOD (Cont.)

Every year, MSDE receives information concerning testing irregularities reported by teachers. Investigations can lead to legal action of varying levels with the most punitive being invalidation of test scores or loss of certification to teach in Maryland (COMAR 13.A.03.04.05-.07). The current practice of investigating reported irregularities can only occur in the subsequent year of the reported allegation. Upon a reported irregularity an MSDE observer goes into the school and monitors the number of erasures by students during the actual test administration. After testing is completed, the books are returned to the testing vendor. These books are then shipped to MSDE for review by the same observer to identify the number of erasures in the test books as submitted by the school. This process is extremely time consuming and, due to resource constraints, is limited to schools where allegations have been made and can only occur in the test administration year following an allegation of testing irregularity.

Over the years, testing companies have improved scanning capabilities to decipher varying degrees of pencil marks between those that have been erased and those that are black. Due to the high-stakes nature of the sanctions that can be imposed on teachers, it is imperative that MSDE takes all steps necessary to ensure that test security and any resulting legal actions are as rigorous as possible and will sustain scrutiny.

Starting with the 2012 administration of the tests, with the assistance of current proven advancement in technology, NCS Pearson, Inc. will perform an in-depth analysis of pencil erasures of all test books Statewide to determine the existence of any impropriety that warrant further investigation. This modification, if approved, will allow for the implementation and annual analysis of test erasures to include analysis of light marks on all test documents administered in the paper format only and a summary report containing detailed student testing information will be delivered to MSDE for each current test edition year.

ITEM: 3-C-MOD

Agency Contact: James Salt
301-445-1987
jsalt@usmd.edu
USM Rep: James Stirling

INSTITUTION: University of Maryland, College Park
for Salisbury University

CONTRACT ID: Design-Build Contract:
Chester and Choptank Residence Halls Renovation
Salisbury University
Contract No. B-400157-K
Project No. 11-482-598-00

CONTRACT APPROVED: Pre-Construction and Design Services Only
USM Item 5-C (07/27/11)

CONTRACTOR: The Whiting-Turner Contracting Company
Baltimore, Maryland 21286

ORIGINAL DESCRIPTION: Design-Build Contractor to provide design-build services for pre-construction, design and construction phases, inclusive of the actual construction, to renovate two existing residence halls, Chester Hall and Choptank Hall. The residence halls, which are almost identical, are high-rise buildings originally constructed in 1972. Chester Hall is a 48,118 gsf; 32,135 nsf building; Choptank Hall is also a 48,118 gsf building with 32,291 nsf. No significant renovations have occurred since their original construction date. Among the construction requirements are the following: upgrade bathroom exhaust systems; replace all fixtures in bathrooms; refurbish elevator cab, controls and gear; new addressable fire alarm system throughout with public address function; new IT closet to industry standards; new finishes throughout buildings; new domestic water piping; and bring buildings into code compliance. This Design-Build with GMP Contract will be awarded in two phases: first will be the preconstruction/design phase, followed by the construction phase upon approval of the GMP for all of the construction work. The projected construction cost for this project is \$10.5 million.

MODIFICATION DESCRIPTION: Incorporate actual construction (Guaranteed Maximum Proposal) into contract.

**SUPPLEMENT C
UNIVERSITY SYSTEM OF MARYLAND
ACTION AGENDA**

ITEM: 3-C MOD (continued)

ORIGINAL CONTRACT TERM:	Design: 07/27/11 – 01/13/12 Construction: 04/25/12 – 08/03/12
MODIFICATION TERM:	Construction Phase: 12 months (5/03/12- 6/01/13)
ORIGINAL CONTRACT AMOUNT:	\$1,062,441 (Pre-Construction and Design Services Only)
MODIFICATION AMOUNT:	\$12,715,073
TOTAL CONTRACT AMOUNT:	\$13,777,514
ORIGINAL PROCUREMENT METHOD:	Competitive Sealed Proposals
MBE PARTICIPATION:	25%
MBE COMPLIANCE :	25%
PERFORMANCE SECURITY:	Payment and Performance Bonds at 100% of contract modification amount

REQUESTING INSTITUTION REMARKS: The Whiting-Turner Contracting Company has performed design and pre-construction services. The University seeks Board approval to incorporate the GMP into the contract and proceed with construction. The construction performance period is modified to 12 month construction period. The estimate for construction was revised during the design period due to latent conditions of the existing buildings – new roofing on both buildings and electric service upgrades required, added commissioning services and changes to the general conditions costs due to extension of the construction period.

Facilities Management / Department of Capital Projects at the University of Maryland, College Park will manage the Contractor's work with procurement support from the University's Department of Procurement and Supply.

CM Pre-Construction Services: USM Item 9-C (02/22/12)

CONTRACTOR: J. Vinton Schafer & Sons, Inc.
Abingdon, MD 21009

ORIGINAL DESCRIPTION: Task Order to be issued under the On-Call Construction Management program is to provide both pre-construction and construction phase services for the South Campus Water Main Replacement. The project consists of the construction of a new 8" and 12" diameter water main from a connection to an existing 16" diameter water line on the east side of Rte. 1 to connect to an existing 8" diameter water line on the south side of the Journalism Building. The 8" line will run from the Journalism Building to Regents Drive; the 12" line will run from Regents Drive to the east side of Route 1 at the approximate centerline of Frat Row. The pipe installation under Route 1 will utilize micro-tunneling bore methods. Upgraded water and fire service connections to Morrill Hall, Taliaferro Building and Marie Mount Hall will also be provided. The total length of new water mains and service connections is approximately 3200-ft. The project will be designed so that the water line can be constructed in 2 phases. The limits of Phase 1 are from the east side of Route 1 to a connection to an existing 8" line at the end of Chapel Drive. Phase 2 limits are from the end of Chapel Drive to south of the Journalism Building. Estimated construction cost for this project is \$2,650,000.

REMARKS: This contract provides for the continuation of essential maintenance and licenses of the Certified Mail Services engine, which allows users to send confidential information, such as criminal history, as specified by State and federal laws. Without this service, the Department of Public Safety and Correctional Services does not have the capability of emailing confidential information to law enforcement agencies. Consequently, the lack of this service would greatly impact law enforcement's ability to receive critical background checks in a timely fashion and could potentially put the citizens of Maryland at risk.

DataMotion/Certified Mail is the owner of the proprietary software and has authorized DISYS as their sole reseller. DISYS has been providing this service for the DPSCS, has provided excellent customer service and has always fulfilled its contractual obligations.

ACTION AGENDA**

ITEM: 3-IT MOD (Cont.)

MBE PARTICIPATION: 1% (Functional Area 1)
0% (Functional Area 2)

MBE COMPLIANCE: 3.89% (Functional Area 1)

REMARKS: The RFP encompassed two functional areas:

- Functional Area 1: Telecommunications Traditional Relay Service allows persons with hearing or speech disabilities to place and receive telephone calls at a comparable level of access and quality that standard telephone service is provided to a person without a hearing or speech disability; and
- Functional Area 2: Statewide Captioned Telephone Service is a newer technology wherein the service displays every word a caller says throughout a conversation incorporating voice recognition. Users can listen to a caller and can also read the written captions in a display window on their captioned telephone).

Both functional areas fulfill mandatory requirements of the Americans with Disabilities Act, Maryland's State Finance and Procurement Article, and the Federal Communication Commission. The original RFP was set up to allow separate awards for each of the functional areas. Hamilton Telephone Company received both awards.

The replacement RFP is intended to provide a more flexible cost structure and to, hopefully, encourage competition. The RFP is now in final legal review with expected release in early May. Approval of this extension will only allow time for the new procurement and for a three to six month transition period.

ITEM: 4-IT (cont.)

REMARKS: The Keystone Library Automated System (KLAS) is the core software that runs the comprehensive library services at the Library for the Blind and Physically Handicapped. KLAS is an integrated system used for acquisitions, cataloging, circulation, serializing and other comprehensive business functions of running the library. This KLAS commercial-off-the shelf software (proprietary and copyrighted) was acquired through a competitive bid process for which only one bid was received (DBM 12-IT, 9/20/2006). KLAS is used in the network of libraries for the blind and physically handicapped across the nation, including the National Library Service for the Blind and Physically Handicapped, a division of the Library of Congress.

Maryland's Library is part of a national network of libraries in each state. The Library's mission is to provide quality services to all of Maryland's eligible visually-impaired residents. The Library serves approximately 10,000 registered patrons and 225 institutions from the Baltimore City location and from the sub-regional library in Rockville. Patrons are served through the mail, the internet, telephone, fax and in person. The Library is part of a free national program of Braille and recorded materials for blind and physically handicapped administered by the National Library Service. The collection of materials is approximately 44,990 talking books, 8,744 Braille titles, 9,258 large print titles, and 268 descriptive video cassettes. In total, the Library has approximately 260,000 items.

This contract continues maintenance and technical support services to keep the system operational and to manage assets and services efficiently and effectively.

Brawner Builders, Inc. Hunt Valley, MD	\$5,161,376

MBE PARTICIPATION: 31%

PERFORMANCE SECURITY: Performance Bond at 100% of Contract Amount

REMARKS: This Solicitation was advertised in eMaryland Marketplace and on MTA's Web Site. In addition, potential firms were directly solicited via the Governor's Office of Minority Affairs (GOMA) and the MTA Office of Fair Practice (OFP). One Hundred Forty Five (145) firms received bid packages; One Hundred Thirty (130) were Maryland firms. Four (4) bids were received, however two (2) bids were deemed not-responsive. One Bidder did not meet the overall DBE goal of 30% that was set for this contract and they did not specify a price for each pay item. The other Bidder did not provide a signature page for the Bid Form and they did not specify a price for each pay item.

The MBE goal established for this contract was 30%; however the Contractor is exceeding the goal by 1%.

ITEM: 2-C (Continued)

BPW – 05/02/12

The work involves a complete (phased) renovation of the second floor of the OCC Building; heating, ventilating and air conditioning improvements to the first floor; replacement of air handling units in the mechanical room; partial (phased) renovation to lower level one, including remodeling of the locker rooms and construction of a lunch room and to add emergency back-up power to the facility.

The MTA is in need of these upgrades, in order to consolidate operations and communications into a single area within its entire transportation system. The upgrades will allow the various modes to coordinate, distribute, and store information from a single location.

This contract includes a miscellaneous work allowance of \$314,605 (approximately 7.9% of the total contract value).

DBE PARTICIPATION: 30%**PERFORMANCE SECURITY:** Performance Bond at 100% of Contract Amount**HIRING AGREEMENT ELIGIBLE:** Yes**REMARKS:** The Engineer's Estimate for the first task under this contract was estimated at \$106,040. The bid price has been confirmed from the lowest bidder.

This Solicitation was advertised in eMaryland Marketplace and on MTA's Web Site. Seventy-nine (79) firms received bid packages; Sixty-five (65) were Maryland firms. A total of eight (8) responsive bids were received. Two (2) bids were found not-responsive.

This is an IFB solicitation undertaken by the MTA for an ancillary services contract that will be awarded to more than one bidder. There will be a secondary competition for each task order. The first task order under the contract will be awarded to the responsible bidder with the lowest responsive bid based on the bid submitted for the sample task, as provided in the solicitation. The first task order will include repairing and upgrading the existing vestibule; replacing windows; removing flower beds; paving a designated parking area; upgrading lighting; installing heat curtain, and grinding and pointing up brick and block at MTA's Bus facility located at 1331 Monroe Street in Baltimore. The lowest bid amount for the sample task does not represent the total amount for which the contract could be awarded because each bidder will have an opportunity to compete for subsequent tasks issued by the MTA. In addition, each Contractor will only be compensated for the actual work, satisfactorily completed and accepted, on a task-by-task and item by item basis, as required by the MTA and in accordance with the General Provisions and Special Provisions of this contract.

MAINTENANCE CONTRACT

ITEM: 10-M

STATE HIGHWAY ADMINISTRATION

CONTRACT ID: 528D61414
 Maintenance & Repairs of Highway Street Lighting
 at Various Locations in Allegany, Garrett &
 Washington Counties (District 6)
 ADPICS NO. 528D61414

CONTRACT DESCRIPTION: This Contract consists of the maintenance and repairing of highway street lighting at various locations in District 6.

AWARD: Rommel Engineering & Construction, Inc.
 Fruitland, MD

AMOUNT: \$629,530 NTE

TERM OF CONTRACT: May 14, 2012 through December 31, 2014

PROCUREMENT METHOD: Competitive Sealed Bidding
 (One Bid Received)

MBE PARTICIPATION: 4%

PERFORMANCE SECURITY: Payment & Performance Bonds for 100% of the award amount exist on this contract

REMARKS: The Solicitation was advertised on eMaryland Marketplace and SHA's Internet Web Page. One Hundred Twelve (112) contractors were notified for this project; Twenty five (25) of which were MDOT Certified MBE's.

All bids are a result of Contractor submitted unit prices or labor rates extended by SHA estimated quantities.

This work involves the repair maintenance of lighting that was designed in accordance with AASHTO standards for roadway lighting. The illumination standards are established by the Illumination Engineering Society. For street lighting SHA uses full "luminaire cutoffs" there is only a 3% spillover at 80% axis. Those full cutoffs are usually less glaring to drivers, yet they distribute full intensity light to the ground. Highmast lighting is designed as straight "down lighting" and is used on major highways.

ITEM: 10-M (Continued)**BPW – 05/02/12**

This contract includes a pre-established amount of \$125,000 (19.8% of the total contract value) for payment of Materials, HAZMAT items and other incidentals.

CONTRACT ID: T-8000-0239
 Light Rail Control Integration (LRCI)
 Maintenance Services
 ADPICS NO. CO282322

ORIGINAL CONTRACT APPROVED: Item 15-M, DOT Agenda 05/21/08

ORIGINAL PROCUREMENT METHOD: Sole Source

CONTRACTOR: ARINC, Incorporated
 Annapolis, MD

MODIFICATION: Request to approve Renewal Option No. 2 for a period of one (1) year to ensure on-going continued services for the MTA, Light Rail Control Integration (LRCI) project.

AMOUNT: \$94,643

ORIGINAL CONTRACT AMOUNT: \$382,909

REVISED CONTRACT AMOUNT: \$569,456

PERCENTAGE INCREASE: 24% (Renewal Option No. 2)
 67% (Overall)

TERM: 06/01/08 – 05/31/11 (Original)
 06/01/11 – 06/10/11 (Modification No. 1)
 06/11/11 – 05/31/12 (Renewal Option No. 1)
 06/01/12 -- 05/31/13 (Renewal Option No. 2)

ORIGINAL MBE PARTICIPATION: 0%

REMARKS: The Light Rail Control Integration System is a set of real-time software applications and utilities that are used to control and manage Light Rail vehicle movement, Supervisory Control and Data Acquisition (SCADA), and the Light Rail's Traction Power Distribution System. ARINC Information and Management System (AIMS) is a base line product used in the configuration of display management and development tools utilized on LRCI host servers, front end processors and workstations used by the Light Rail Operations to control and govern Light Rail vehicle movement, and by Systems Maintenance personnel to troubleshoot, maintain and control Light rail's signaling and power distribution systems.

ITEM: 11-M-OPT (Continued)

BPW – 05/02/12

This contract provides for onsite support for emergency repair, routine maintenance, software modifications, hardware replacement and other support as required by the Light Rail for the Maryland Transit Administration’s (MTA) Light Rail Control Integration (LRCI) Project. The Contractor will provide these services on an as-needed basis.

The Maryland Transit Administration’s initial installation of the ARINC Information and Management System (AIMS) Version 5.0 was implemented by ARINC at the Light Rail Division in November 1996. A newer version of AIMS, Version 6.2, was installed at Light Rail as part of the Double Track Project in September 2004. Because of the proprietary nature of the AIMS platform, other software vendors would not have legal access to the customized configuration of the application and data base infrastructure. For Light Rail to receive the necessary support, from a vendor other than ARINC would require total redesign, testing and implementation of new train control management software. Light Rail Operations and Systems Maintenance personnel received the contractually required training from ARINC with initial system installation of the system. The training provided adequate operational and functional knowledge of the system. However, it would be beyond Light Rail’s technical expertise to troubleshoot and repair any complex problems that may develop with the database or application software. This option renewal will allow ARINC, Inc. to provide the necessary maintenance services and will ensure the continued compatibility of existing equipment, software and training for the MTA’s Light Rail Control Integration Project.

ITEM: 12-E-MOD

MARYLAND TRANSIT ADMINISTRATION:

CONTRACT ID: T-8000-0341
Procurement of Multi-Level Commuter Rail
Cars
ADPICS NO. CO281972

ORIGINAL CONTRACT APPROVED: Item 5-E, DOT Agenda 11/02/11

ORIGINAL PROCUREMENT METHOD: Intergovernmental Cooperative Purchase

CONTRACTOR: Bombardier Transit Corporation
Montreal, Quebec, Canada

MODIFICATION: This Modification No. 1 is to increase funding to add contractually required formula adjustments to reflect fluctuations in foreign exchange rates and to upgrade the brake system on fifteen (15) cab cars that are being manufactured under this contract.

AMOUNT: \$2,047,235

ORIGINAL CONTRACT AMOUNT: \$153,080,699

REVISED CONTRACT AMOUNT: \$155,127,934

PERCENTAGE INCREASE: .013%

TERM: 11/03/2011 – 07/29/2016 (Original)
04/23/2012 - 07/29/2016 (MOD No. 1)

ORIGINAL DBE PARTICIPATION: 10 %

REMARKS: The MTA has entered into a contract with Bombardier Transit Corporation pursuant to an Intergovernmental Cooperative Purchasing Agreement with New Jersey Transit (NJT). NJT competitively procured a contract to purchase 179 multi-level passenger rail cars; however, after award NJT determined that it did not need all the cars called for in the contract. NJT and MTA entered into an Assignment Agreement, under which NJT assigned to MTA options for 54 rail cars including 15 cab cars, 5 cars with toilet rooms, and 34 trailer cars. The cars will be constructed in the spring of 2013 and MTA will begin to take delivery shortly thereafter. Article 103 of the contract agreement dated October 1, 2011, requires that the total price of the contract must be adjusted to reflect changes in value of the Canadian dollar relative to U.S. currency that occurred between the date of execution of the contract by Bombardier and the date on which Notice to Proceed (NTP) was given on November 3, 2011. The amount of this one-time adjustment is \$580,306.

ITEM: 12-E-MOD (Continued)**BPW – 05/02/12**

As the manufacturing process has proceeded, MTA has determined it to be advantageous and necessary to upgrade the brake system on the 15 Multi-Level cab cars from the existing Knorr ESRA system to the Knorr CCBII-P Brake system. The proposed CCBII-P system upgrade is a commercially available Off-The-Shelf (COTS) product with an established service-proven design, and represents a technical and price best value to the MTA that will improve braking performance and reliability. Accordingly, MTA is also seeking approval of an additional \$1,466,929 in contract authority to upgrade the brake system of the 15 Multi-Level cab cars to the Knorr CCBII-P system.

ORIGINAL PROCUREMENT METHOD: Negotiated Award after Unsatisfactory
 Competitive Sealed Bidding

CONTRACTOR: Techmark Corporation
 Hunt Valley, MD

MODIFICATION: Renewal Option No. 1 is to exercise the single three-year renewal option for the period 8/1/2012 through 7/31/2015.

AMOUNT: \$274,875

ORIGINAL CONTRACT AMOUNT: \$231,117

REVISED CONTRACT AMOUNT: \$595,223

PERCENTAGE INCREASE: 119% (Renewal Option No. 1)
 157% (Overall)

TERM: 8/01/09 – 7/31/12 (Original)
 8/01/12 – 7/31/15 (Renewal Option No. 1)

MBE PARTICIPATION: 100% (see remarks)

REMARKS: This contract provides the Maryland Port Administration (MPA) with central station alarm monitoring and maintenance at various MPA terminals. The contractor provides monitoring, labor, supervision, materials, skills, training and equipment required to monitor and maintain a fully functional central station alarm system providing uninterrupted protection.

The contractor, Techmark Corporation, has performed satisfactorily and its prices have been reasonable. This renewal is subject to a CPI increase not to exceed 4%. The contractor has agreed to forgo the price increase during the renewal term.

ITEM: 13-S-OPT (Continued)

BPW – 05/02/12

The value of this renewal includes an allowance of \$60,000 (\$20,000 per year) for repairs and installations (including materials) beyond the basic monitoring and supplies that are included in the scope of services at no additional cost to MPA.

The MBE goal established for this contract was 4%, however the Prime Contractor is a certified Minority Business Enterprise. To date the contractor has exceeded its MBE goal by 3%. The Prime Contractor is also a Small Business Enterprise.

REMARKS

A notice of availability of an Invitation for Bids (IFB) was posted on the DGS Web Site, Bid Board and *eMaryland Marketplace.com*. The project was advertised for construction on February 29, 2012. Five bids were received

DEPARTMENT OF GENERAL SERVICES
ACTION AGENDA

CONSTRUCTION CONTRACT

ITEM 2-C (Cont.)

The MBE goal of 25% was met and exceeded by the recommended awardee and affirmed by the MBE Office.

Cooper Materials Handling Inc. has provided an MBE subcontracting goal of 28.5% overall of which 12% (\$32,008.92) is for a Women-owned firm, 8.5% (\$22,672.99) is for an African American-owned firm, and 8% is for an Asian-owned firm.

This project will provide much needed renovations to the landscape pavers and plantings in the College Avenue Courtyard. The re-grading of the entire courtyard towards College Avenue will create positive drainage away from the perimeter of the James Building, eliminating a source of infiltration into the basement of the building. The replacement of the deteriorated front entry steps from the College Avenue sidewalk will be a safety improvement for employees using that building entrance. The Government estimate is \$302,459.00.

ITEM 3-M (Cont.) (revised)

As stated in the RFP, the Evaluation Committee’s recommendation to the Procurement Officer is to award to the firm or firms whose proposal is determined to be the most advantageous to the State considering technical evaluation factors and financial/price factors as set forth in this RFP based on three (3) scenarios listed below.

1. An offeror may propose on all Tasks under the RFP. (Tasks 1, 2, 3, 4, 5, 6, 7 and 8)
2. If an offeror wishes to propose on Task 1-Replace the Existing Fuel Dispensing and Management System the offeror shall also propose on Task 2, Task 3, Task 4, Task 6, Task 7 and Task 8.
3. If an offeror wishes to propose only on Task 5-Supply and Deliver all State Required Aggregated/Bulk Fuel Requirements, not included under the MSFDMS, the offeror shall also propose on Task 8 (MBE Goal of 15%). In addition, if only Task 5 and 8 are offered it is permissible to only bid on certain regions within the Product category. For example; Region C on Table 3 Transport #2 Heating Oil may only be proposed.

Task 1	Replace the Existing Fuel Dispensing and Management System
Task 2	Purchase, Delivery and Provide Inventory Optimization of Fuel Products Dispensed via the MSFDMS Program
Task 3	Testing and Monitoring-Environmental/Operational, Programmatic and Compliance Requirements:
Task 4	Weekly Invoicing
Task 5	Supply and Deliver all State Required Aggregated Fuel Requirements Not Included Under the MSFDMS
Task 6	Compressed Natural Gas
Task 7	Emergency Response
Task 8	Achieve Socio-Economic Goals

While the objective is to award to one prime contractor who would be responsible for all aspects of the contract, it is recognized that it may be in the State’s best interest to award to multiple contractors based upon the various technical and financial options offered.

Upon review of the offers submitted, Mansfield Oil Company offered on Scenario 1, provision of all tasks; Quarles Petroleum, Inc. offered on Scenario 2, provision all but task 5 (provision of aggregate fuels); ISObunkers, LLC offered on Scenario 3 , the provision of bulk fuel only; and Petroleum Traders Corporation also offered on Scenario 3 , the provision of bulk fuel only.

DEPARTMENT OF GENERAL SERVICES
ACTION AGENDA

MAINTENANCE CONTRACT

ITEM 3-M (Cont.) (revised)

Awarding to Quarles Petroleum, Inc. would also mean awarding contracts to ISOBunkers, LLC and Petroleum Traders Corporation to cover the bulk fuel. ISOBunkers, LLC and Petroleum Traders Corporation offers for bulk fuel do not cover all types of fuel, regions or types of transport.

On March 6, 2012 the Evaluation Committee finished its evaluation of the proposals received. A Financial Best and Final Offer (BAFO) was requested and received which concluded that the proposal submitted by Mansfield Oil Company represents a proposal that is most advantageous to the State, considering price and other factors identified in the Request for Proposals (RFP). Having one prime contractor would be of the greatest advantage and in the best interest of the State of Maryland.

Mansfield Oil Company had the lowest overall price and was ranked technically #1 and has met the minimum requirements set forth in RFP and showed the greatest institutional capacity and technological capability for executing all tasks listed in the RFP and provided the lowest pricing for replacement and maintenance of the existing fuel management system.

A 15% MBE Participation Goal was established for this contract. Maryland reciprocal preference law does not apply because Georgia, the State in which the recommended awardee resides, does not have an in-state preference for contracts.

Capital Projects Unencumbered Balances

DESCRIPTION

Approval is requested for the transfer of unencumbered balances for funds associated with completed Capital Projects in accordance with State Finance and Procurement Article, Section 8-129, Annotated Code of Maryland.

The Department of General Services and Department of Budget and Management (Office of Capital Budgeting) have reviewed the unencumbered balances and recommend approval of the following actions:

Transfer spending authority to the Construction Contingency Fund of \$52,286.21. An itemized listing of completed projects is provided below.

ITEM 8-RP

DEPARTMENT OF AGRICULTURE

Maryland Agricultural Land Preservation
Foundation (MALPF)
Agricultural Land Preservation Easements
(Various Properties)

REFERENCE

Approval is requested for the Maryland
Agricultural Land Preservation Foundation, Department of Agriculture, to accept option
contracts for the purchase of agricultural preservation easements on the following properties:

SPECIAL CONDITIONS

Grantor relinquishes all rights to develop or
subdivide the land for industrial, commercial, or residential use. Land shall be preserved solely
for agricultural use in accordance with provisions of the Agricultural Article. No commercial
signs or bill boards are permitted, and there shall be no dumping on land except as is necessary
to normal farming operations. Grantor shall manage the property in accordance with sound
agricultural practices. Grantee shall have the right to enter land for inspection. No public rights
are granted. The term of these easements shall be in perpetuity pursuant to Agriculture Article
Section 2-514.1.

A) As to items 1 through 2, pursuant and subject to the provisions of Agriculture Article
Section 2-513, Grantor has elected to reserve the right to apply for release of a lot to convey to
himself or his children for the purpose of constructing a dwelling for personal use as follows:
one lot of one acre or less if the subject property is at least 20 acres, but less than 70 acres, two
lots of one acre or less if the subject property is at least 70 acres, but less than 120 acres, or three
lots of one acre or less if the subject property is 120 acres or more.

B) As to items 3 through 5, pursuant and subject to the provisions of Agriculture Article
Section 2-513, Grantor has elected to reserve to himself, and his assigns, the right to apply for
release of one unrestricted lot, that may be conveyed to himself or others.

C) As to items 6 through 9, the Grantor is waiving the right to request any additional lots.

Clifton T. Perkins Hospital
1.502 acres fee simple
0.0922 acres utility easement
0.0528 acres temporary easement
Howard County, MD
File #00-8417

REFERENCE

Approval is requested to sell 1.502 acres to Howard County for the purpose of widening Dorsey Run Road. Reference is made to Item 10-RP, of the 2/22/12 Board of Public Works meeting, in which approval was given to declare this property surplus. Approval is also requested to grant 0.922 acres in utility easements and 0.528 acres as a temporary, revertible grading easement. Howard County has requested this property as part of Howard County Capital Project J-4110.

The Deed and Easement Agreement has been approved by the Office of the Attorney General. Title and transfer agreements are subject to legal review.

ITEM 9-RP (Cont.)

REMARKS

1. The Department of Health & Mental Hygiene agrees with this transaction.
2. The Clearinghouse conducted an intergovernmental review of the project under MD20110513-0305 and has recommended to declare 1.502 acres of land at Clifton T. Perkins Hospital Center surplus to the State, and offer to sell the land to Howard County.
3. Legislative notification was made regarding the 1.502 acres disposal per letter dated February 29, 2012, in accordance with State Finance & Procurement Section 10-305.
4. It is also recommended to grant permanent, storm-water and utility easements of 0.922 acres and temporary, revertible grading easements of 0.528 acres to Howard County. Howard County expressed an interest in acquiring the land and easements in order to widen Dorsey Run Road, as part of the Howard County Capital Project J-4110.
5. The final Easement Plats lists a total fee simple area of 1.502 acres, total permanent utility easement area of 0.922 acres and total temporary, revertible grading easement area of 0.528 acres.

LANDLORD LEASE

ITEM 28-LL (Cont) **(SUPPLEMENTAL)**

Special Conditions

1. The Tenant shall maintain the Demised Premises, including all improvements constructed and situated on the Demised Premises, in a neat, orderly, safe, and habitable condition.
2. The Landlord will not be responsible for interference with, interruption of, or failure of electrical service furnished or supplied by Landlord which is beyond the reasonable control of the Landlord.
3. The Tenant shall have twenty-four (24) hour per day and seven (7) days a week access to the Demised Premises.
4. The Tenant is self-insured. It agrees to promptly consider and adjudicate any and all claims which may arise out of the use of the Landlord's property.
5. Tenant has the right to termination of this lease for convenience with thirty (30) days prior notice.

Remarks

1. This space will be used by the United States of America National Oceanic and Atmospheric Administration (NOAA) for the transmission and reception of weather broadcast communications.
2. This short term renewal will enable the NOAA to facilitate repairs to correct substantial storm damage to its equipment and to continue to provide accurate emergency weather forecasts to the Baltimore area. DGS Office of Real Estate is currently in negotiations with Baltimore City for a new ground lease for this tower scheduled to expire March 31, 2013.
