3. **BOARD OF PUBLIC WORKS**  
*List of Companies Engaged in Investment Activities in Iran*

**Recommendation:** That the Board of Public Works finalize for publication a list of companies engaged in investment activities in Iran. Inclusion on the *Investment Activities in Iran List* would make these businesses ineligible to bid on, submit a proposal for, or enter into or renew a contract with a public body in Maryland for goods or services. Inclusion on the IAI List also bars financial institutions extending credit to those persons in certain situations from contracting with public bodies in the State. The IAI List will be published on the Board of Public Works Web site.

**Authority:** Investment Activities in Iran Act, Chapter 447 (Laws of 2012), codified at §17-701, State Finance and Procurement Article, Annotated Code of Maryland.

**Background:** This law requires the Board to use credible public information to create a list of persons who are engaged in investment activities in Iran. The list must be published by December 31, 2012. Engaging in investment activities in Iran is defined as:

- Providing goods or services of at least $20 million in the energy sector of Iran; or
- For financial institutions, extending credit of at least $20.0 million to another person for at least 45 days if the person is on the Board of Public Works list and will use the credit to provide goods or services in the energy of Iran.

Before publishing the list, the Board must provide 90 days’ written notice that the Board intends to include the person on the list; and that inclusion on the list makes the person ineligible to bid on, submit a proposal for, or renew a contract with a public body for goods or services.

Reference is made to Secretary’s Agenda Item 9 (Sept. 19, 2012), in which the Board approved the issuance of a 90-day notice to companies that would be included on the final list. The companies proposed to be listed were given 90 days to provide written documentation demonstrating that they do not engage in investment activities in Iran.

**Removed from Proposed List:** The following companies on the September proposed list should not be included on the final list because they have ceased engaging in investment activities in Iran.

- Petroleos de Venezuela
- Zhuhai Zhenrong
- Emirates National Oil Company
- China National Offshore Oil Corporation
- Belneftkhim/Belarusneft
- Hyundai Heavy Industries
- Sonangol
- Maire Tecnimont
- ONGC (Oil and Natural Gas Corporation)
- Grimley Smith Associates
- Snam Rete Gas S.p.A.
- Kuo Oil
- INA (Industrija Nafta)
