1. **BOARD OF PUBLIC WORKS**  
   **Wetlands Licenses**  
   **Concurrence Cases**

**Recommendation:** The Board of Public Works Wetlands Administrator recommends that the Board grant licenses for projects involving dredging or filling or both in the navigable waters of Maryland.

**MDE:** The Department of the Environment concurs with this recommendation.

**Authority:** Section 16-202, Environment Article, Annotated Code of Maryland: “The Board shall decide if issuance of the [tidal wetlands] license is in the best interest of the State, taking into account the varying ecological, economic, developmental, recreational, and aesthetic values [the] application presents.” See also COMAR 23.02.04.

### ANNE ARUNDEL COUNTY

17-0001  
**ROLAND M. LLOYD JR.** To mechanically dredge a spur channel, remove platform, construct platform extension, and provide for 6-year dredging period.  
_Pasadena, Cockey Creek_  
Special conditions: Time-of-year restriction; maintenance dredging, disposal, and staking requirements.

2. **DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT**

**Recommendation:** The Department of Housing and Community Development recommends that the Board of Public Works approve the Fiscal Year 2018 Baltimore Regional Neighborhood Initiative awards of general obligation bond proceeds.

**Authority:** Baltimore Regional Neighborhoods Initiative FY 2018
MCCBL of 2017 (Chapter 22 2017 Laws of Maryland)

**Amount:** $8 million

**Fund Source:** MCCBL of 2017

**Background:** The Baltimore Regional Neighborhood Initiative (BRNI) demonstrates that strategic investment in local housing and businesses leads to healthy, sustainable communities with a growing tax base and enhanced quality-of-life. The initiative assists non-profit community partners working in communities in the Baltimore region where modest investment and a coordinated strategy have an appreciable neighborhood revitalization impact.

Overall BRNI funds support a wide range of community enhancement projects, including:

- Down payment assistance to attract home buyers to purchase and rehabilitate homes
- Programs to acquire or rehabilitate vacant or blighted properties
- Programs to improve existing residential and business properties
- Programs to achieve energy efficiency through weatherization and energy retrofits
- Development of mixed-use projects that may combine housing, retail and office space
- Development or enhancement of community open space or public infrastructure
- Workforce and employment development programs
- Strategic demolition

Projects supported by BRNI build on the strengths of existing Baltimore City and Inner-Beltway communities and are part of or integrated into a community’s neighborhood strategic plan and local jurisdiction’s Sustainable Communities Action Plan, comprehensive plan, economic development plan or transit-oriented development plan. Funded projects make possible a range of economic development and smart growth outcomes in existing communities, including:

- Stronger local economies in existing communities
- Increased local jobs and services
- Compact growth and mixed-use development
- Expanded housing choices for people of all economic backgrounds

3. **DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT**

**Recommendation:** That the Board of Public Works approve releasing the deed of trust on a property that received a loan from the Department of Housing and Community Development’s Down Payment and Settlement Expense Program. The borrower is selling her property requesting release of the second lien deed of trust to facilitate a short sale due to financial hardship. The borrower will sign an unsecured promissory note in the amount of $4,000.

**Borrower:** Bonnie Perez  
1703 Bayview Road, Shady Side  20764  
Anne Arundel County

**Loan Authority:** Down Payment and Settlement Expense Loan Program:  
Housing and Community Development Article, §§ 4-301-4-309, Annotated Code of Maryland

**Authority to Release Security Interest:** State Finance and Procurement Article, § 10-305, Annotated Code of Maryland

**Original Loan:** $5,000  
**Current Balance:** $4,000

4. **MARYLAND ENVIRONMENTAL SERVICE**  
   *Dan’s Mountain State Park*

**Construction Contract:** Dan’s Mountain New Well  
MES Project # 1-17-2-08-5

**Description:** Construct new well, controls; abandon out-of-service well.

**Procurement:** Competitive Sealed Bids  
Single Bid Received

**Bids:**  
- Carl Belt Inc., Cumberland, MD $179,850

**Award:** Carl Belt Inc.  
**Amount:** $169,050

**Term:** 190 calendar days

**MBE Participation:** 5.4%

**Remarks:** Dan’s Mountain State Park water system consists of three wells to supply water to two different areas. Only one well is operational and that well does not produce sufficient water to satisfy demand. Constructing a new well and controls will ensure reliable water service.

The project was advertised at *eMaryland Marketplace* and MES website. A notification by email was sent to 10 well drilling companies listed in the MES bidder's list. Eight companies requested bid packages; 14 companies read the solicitation (six well drillers, five general contractors, and three engineering firms). A single responsive bid was received. MES surveyed potential bidders (contractors and well drillers) to learn why they did not bid. Reasons for no-bids included: difficult geology (rock formation); no rock drilling experience; and challenging erosion/sediment control requirements. Also many local well drillers chose to provide pricing through Carl Belt, Inc., the general contractor, rather than bid the job as a prime.

MES concludes that the contract price is fair and reasonable. The original bid price Carl Belt, Inc. submitted was lower than the projected construction budget. Moreover, because MES received only a single bid, it then negotiated with Carl Belt, Inc. which agreed to reduce the contract price by $10,800.

**Fund Sources:** MCCBL of 2016  
**Appropriation Code:** 177 MCCBL 16 (PCA # 12013)  
**Tax Compliance No.:** 17-1736-1111

5. MARYLAND STADIUM AUTHORITY

Ocean City Convention Center Renovation and Improvements

Contract ID: Phase III - Ocean City Convention Center Renovation and Improvements

Project: The Roland E. Powell Ocean City Convention Center at 4001 Coastal Highway will be renovated and improved. This Item is for award of pre-construction services only. The Stadium Authority anticipates that it will later present bid packages to the Board to be awarded to the contractor for the construction phase.

Contractor: Barton Malow Company, Baltimore, MD 21201

Term: 10/2017 – 12/2018

Amount: $100,000 (pre-construction services)

Procurement Method: Competitive Sealed Proposals

Proposals:

<td>898</td>
<td>$108,000</td>
<td>$2,897,792</td>
</tr>
</tbody>
</table>

MBE Goal: 0% (pre-construction services)

Remarks: When only one firm responded to the first Request for Proposals issued in spring 2017, Ocean City and the Stadium Authority re-advertised the procurement to seek fuller competition. In summer 2017, technical proposals were received from two firms. The technical selection committee reviewed the submissions and requested clarifications from both firms. Both firms were found to be technically acceptable and qualified to submit a financial proposal. The committee conducted interviews seeking clarifications to various schedule and cost-related items with both firms. Best and Final Offer proposals were requested from both firms to address the items discussed.
5. MARYLAND STADIUM AUTHORITY (cont’d)
Ocean City Convention Center Renovation and Improvements

Remarks (cont’d): The Stadium Authority Board recommends awarding the CM services contract to the Barton Malow Company, the top ranked firm. Preconstruction services throughout design phase include cost-estimating, scheduling, project phasing, constructability reviews, value engineering, quality assurance, scope definitions, and bid packaging/preparations.

Authority: § 10-622, Economic Development Article, Annotated Code of MD

**Prior Approval:** Secretary Item 14 (5/10/17)
6. **STATE PUBLIC SCHOOL CONSTRUCTION PROGRAM (cont’d)**  
*Amendments to the FY 2018 Capital Improvement Program*

**Background:** Anne Arundel County Public Schools, Baltimore City Public Schools, Prince George’s County Public Schools, and the Maryland School for the Blind request to use funds from the Statewide contingency account reserved for their respective school systems.

**Authority:** If school construction funds provided to a county in one Fiscal Year Capital Improvement Program cannot be allocated to, or used for, the eligible project within two years of the initial authorization, the county may opt to have the funds: (1) applied to another eligible project in the current CIP or (2) reserved in the contingency fund for eligible projects in the county in the next FY CIP. § 5-301(j)(3), *Education Article, Annotated Code of Maryland.*
7. **STATE PUBLIC SCHOOL CONSTRUCTION PROGRAM**  
*State Cost Share Percentage – Fiscal Year 2019 through Fiscal Year 2021*  
**COMAR 23.03.02.05**

**Recommendation:** The Interagency Committee on School Construction recommends that the Board of Public Works:

- Establish for each subdivision the State cost share percentage for fiscal years 2019, 2020, and 2021. The State cost share percentage is the percentage of eligible costs of approved public school construction projects that the State may fund.
- Propose amendments to COMAR 23.03.02.05 to reflect the updated cost share percentages and to include Qualified School Construction Bonds debt in the formula for calculating the cost share percentage

**Authority:** Section 5-301(d)(3)(i) of the Education Article, Annotated Code of Maryland

**Prior Approval:** The Board adopted the State cost share percentage for fiscal years 2016, 2017, and 2018 in Secretary’s Agenda Item 15 (4/1/15).

**Regulatory Process:** Approval of this Item authorizes the Public School Construction Program to submit the regulatory proposal to the AELR Committee and then to the *Maryland Register* for public comment.

**Background:** The IAC must "recommend to the Board of Public Works the cost share percentage to be applied to projects submitted for approval in the Fiscal Year 2013 local CIP and every 3 years thereafter." COMAR 23.03.02.05C.

The current regulation must be updated as the preliminary FY 2019 CIP is now being prepared.

When calculating the updated State cost share per the regulatory formula, the Office of the Attorney General and the Department of Legislative Services advised the IAC that Baltimore City debt, as described in the regulatory formula, did not include $127 million in Qualified School Construction Bonds debt. Based on that advice, the IAC recommends amending the regulatory formula to allow Baltimore City Public Schools to include Qualified School Construction Bonds debt issued in the total outstanding bond debt that has been reported.
7. STATE PUBLIC SCHOOL CONSTRUCTION PROGRAM (cont’d)  
State Cost Share Percentage – Fiscal Year 2019 through Fiscal Year 2021  
COMAR 23.03.02.05

Proposal to Amend COMAR 23.02.03.05:  
NOTE: New language shown in bold italics; deleted language shown in brackets.

.05 State Cost Share Percentage

A. The State may fund eligible costs of approved public school construction projects according to the State cost share percentage established in this regulation.

B. Percentages.
   (1) The minimum State share of public school construction funding for eligible costs of approved projects is 50 percent.
   (2) The maximum State share of public school construction funding for eligible costs of approved projects beginning Fiscal Year 2019 is 98 percent.
   (3) For Fiscal Year [2016 through Fiscal Year 2018] 2019, the State share percentages of public school construction funding for eligible costs of approved projects are as follows:

(4) Reductions in cost share that exceed -5% shall be phased in over 3 years so that a 1-year reduction in the cost share percentage does not exceed -5%.

(5) The State share percentage for the Maryland School for the Blind shall be 93 percent of eligible costs of approved projects.

C. Revisions to Percentages.

(1) By October 2010 and every 3 years thereafter, the IAC shall recommend to the Board of Public Works the cost share percentage to be applied to projects submitted for approval in the Fiscal Year 2013 local CIP and every 3 years thereafter.

(2) The IAC shall use the formula in §C(3) of this regulation to recommend revisions to the State cost share percentage.

(3) The IAC shall add the following amounts to calculate the recommended revised cost share amounts:

(a) The LEA’s current State share of the Foundation program divided by the Foundation program of the LEA as defined
(b) The current amount of State aid provided to the LEA by the guaranteed tax base program as defined under Education Article, §5-210, Annotated Code of Maryland, divided by the Foundation program of the LEA;
(c) 20 percent of the amount by which the LEA's free and reduced price meal percentage exceeds the Statewide free and reduced price meal percentage in the prior school year;
(d) 5 percent if the county where the LEA is located is a One Maryland county that has an unemployment rate greater than 1.5 times the State average unemployment rate;
(e) 5 percent if the county where the LEA is located is a One Maryland county that has a per capita income below 67 percent of the State average per capita income;
(f) The difference between the percent growth in the LEA’s full-time equivalent enrollment, as defined by Education;
(g) 10 times the amount by which the county’s and local board’s total outstanding school construction debt at the end of the 2nd prior fiscal year plus the county’s total school construction expenditures from its operating budget from the 4th to the 2nd prior fiscal years exceeds 1 percent of the county wealth, as defined by Education Article, §5-202, Annotated Code of Maryland, for the prior fiscal year.
8. STATE PUBLIC SCHOOL CONSTRUCTION PROGRAM

Recommendation: That the Board of Public Works recognize and commend the nine public schools receiving Superior ratings in the *Maintenance of Maryland’s Public School Buildings* report (Sept. 2017).

Background: On behalf of the Interagency Committee on Public School Construction, the Public School Construction Program inspected 233 schools in the 24 school systems in fiscal year 2017. This is the 37th year that inspections have been performed. The results appear in the *Maintenance of Maryland’s Public School Buildings* report (Sept. 2017):

_of the 233 schools inspected:_
- 9 schools were rated Superior
- 131 schools were rated Good
- 93 schools were rated Adequate
- 0 schools were rated Not Adequate
- 0 schools were rated Poor

*Superior ratings went to:*

A1. **COMPTROLLER**

*Information Technology Division*

**Contract ID:** Colocation of Annapolis Data Center/Comptroller IT Hardware  
ADPICS No. E00B8400021

**Contract Type:** Service

**Description:** Provide 720 square feet of secure space with power and environmental controls to house Annapolis Data Center and other critical Comptroller information technology hardware.

**Procurement Method:** Emergency

**Emergency Declared:** August 22, 2017

**Award:** TierPoint, LLC

**Amount:** $1,000,000 (not to exceed)

**Award Date:** September 18, 2017

**Term:** 10/1/2017 – 9/17/2019 (2 years/coterminous with DoIT contract)

**MBE Participation:** 0%

**Fund Source:**
- 51% General Funds
- 9% Special Funds
- 40% Reimbursable Funds

**Appropriation Code:** E00A1001

**Remarks:**

*Project:* The Comptroller of Maryland is consolidating and relocating the Annapolis Data Centers (ADC) and the Baltimore Data Center (BDC) to a private colocation data center facility. Colocation at an enterprise class data center is required for many reasons, including expandability, systems redundancy, disaster recovery, and facility security. This mission-critical colocation project is funded by a FY 2018 operating budget appropriation; the appropriation funds leasing space in a private data center. This will allow the State to access highly-secure, highly-redundant data center capabilities at a fraction of the cost of building the State’s own data center facility.
A1. **COMPTROLLER (cont’d)**  
*Information Technology Division*

**Nature of Emergency:** The Governor and General Assembly funded the project because both the ADC and the BDC sites are at the end of their useful life; the power and the HVAC systems are unreliable and pose a huge risk. To accomplish the colocation project, the Comptroller IT Division must physically move equipment and systems in the shortest possible time. This consolidation and relocation will take place during FY 2018, with a portion of the equipment being relocated before the tax filing season begins in January 2018 and the balance being relocated immediately following the tax filing season. This will forestall any issues that could arise were the tax season and the relocation project to occur simultaneously. Declaring an emergency allowed the IT Division to take advantage of the FY 2018 appropriation to put this contract in place before the start of the next tax filing season.

**Basis for Selection:** TierPoint, LLC is the sole source to provide the services because the majority of State agencies accessing ADC are currently located at TierPoint’s facility; participants include the Departments of Information Technology, Health, Human Resources, and Education, as well as the Health Benefits Exchange. This means that connectivity with Network Maryland and significant additional backbone fiber lines are already in place. The Comptroller’s emergency contract was awarded for a two-year term, making it coterminous with the existing DoIT/TierPoint contract. The Comptroller will work with DoIT during this time to devise a long-term data center colocation strategy and envisions establishing a contract for all agencies in need of these services.

1A. PROGRAM OPEN SPACE LOCAL SHARE
Anne Arundel County

**Recommendation:** Approval to commit $1,268,000 for the following acquisition project.

*Valentine Creek Park Acquisition – $1,268,000*
Anne Arundel County
POS #6692-2-319 MD20170823-0735

**Background:** Acquire 28.44 acres to create a new park on Valentine Creek, a tributary of the Severn River where public water access is limited. Acquisition of this property will protect the mature forest along Valentine Creek and allow for future park development including parking, water access for boating and fishing, and hiking trails.

**Appraised Value:**
- Brice Worthington $1,350,000
- George L Peabody $1,250,000

**Property Cost:** $1,200,000

**Incidental Costs:** $68,000

**Fund Source:**

2A. PROGRAM OPEN SPACE LOCAL SHARE  
Prince George’s County

**Recommendation:** Approval to commit $77,279 for the following acquisition project.

*Old Bowie Revitalization – SHA (Former Nash, Fishkin, & Banks Properties) - $77,279*  
City of Bowie, Prince George’s County  
POS #6684-16-810    MD20170823-0736

**Background:** Acquire three parcels totaling 0.51 acres to add recreational open space within Old Town Bowie. This acquisition, together with an adjacent City-owned property, will be developed into a railroad themed park with a new community playground. In addition, the acquisition will allow for construction of the Bowie Heritage Trail Phase One, which will provide a pedestrian connection between the City’s Railroad Museum and the future park.

**Appraised Value:**  
- Associated Appraisers: $77,300  
- Jones Realty Advisors: $58,250

**Property Cost:** $77,279

**Incidental Costs:** $0

**Fund Source:**

3A. **TIMBER SALE**  
*Worcester County*

**Recommendation:** That the Board of Public Works approve this timber sale of 1,201,393 board feet of saw timber, and 93 cords of pulpwood, which will be conducted on the Tankard Tract of Chesapeake Forest.

*Chesapeake Forest Lands*  
56.3 acres / Tract WR25, Stand #11  
*CF-01-18*

**Description:** This will be a regeneration harvest of mature loblolly pine planted in 1965. Twelve percent of the sale area will be retained for wildlife habitat and as a seed source. Oak and beech will also be retained for wildlife. Following the harvest, the stand will be allowed to naturally regenerate into hardwoods.

No bond money was used in the purchase of this land.

**Authority:** Natural Resources Article § 5-102 and § 5-214, Annotated Code of Maryland.

**Sales Method:** Competitive Sealed Bid (two-step method). See BPW Advisory 2005-2.

**Requesting Agency Remarks:** Request for approval of a Sole Source contract to conduct federally funded studies of the use of administrative and criminal history records to conduct recidivism research.
1-S. GOVERNOR’S OFFICE OF CRIME CONTROL AND PREVENTION (cont’d)

**Requesting Agency Remarks:**

The Bureau of Justice Statistics (BJS), State Justice Statistics (SJS) is funding a Special Emphasis Capacity-Building Project that focuses on conducting targeted analyses that use the State’s criminal history records through a competitive process to State Statistical Analysis Centers (SAC) to conduct studies that are of particular interest to BJS. This project, Staying Close and Looking Back, responds to a key BJS initiative – the use of administrative and criminal history records to conduct recidivism research. Shawn M. Flower, Ph.D., DBA Choice Research Associates is the Principal Investigator of Staying Close and Looking Back. This project will use criminal history records to conduct two studies of pretrial supervision and the first longitudinal study of desistance in a community corrections population.

The Maryland Statistical Analysis has applied for, and received two awards under the 2016 Federal BJS grant entitled “State Justice Statistics Program for Statistical Analysis Centers”. One of these projects falls under the special emphasis project track. The project entitled “The Local Corrections Desistance Project” includes the services of Dr. Shawn Flower.

Dr. Flower is the only person with access to the data needed to complete this study. Director Rob Green also confirmed that no one else has access to this data. Dr. Flower is in possession of a CJIS syntax that is capable of translating thousands and thousands of criminal history records into a consistent standard and usable format for analyzing CJIS records. One of the reasons this syntax is so robust is that in the past, DPSCS provided Dr. Flower everyone who was released from state prisons from FY2009 to FY2013 – a dataset that was several million rows long. All of those millions of charges have been incorporated into this syntax. This syntax has been continually updated over the past 10 years and includes a syntax categorization that is over 55,000 lines. Based on this information believe this to be the only syntax that has ever been created to translate data of this magnitude in Maryland’s Criminal History Central Repository. The Maryland Statistical Analysis Center has conducted extensive research before on CJIS syntaxes to see if there were any other proprietors that have one, and was unable to find any.

Dorchester Residence Hall Renovation
Construction Management at Risk: Bid Package 1

Contract ID: Construction Management at Risk Services for the Dorchester Residence Hall Contract No. 20624

Recommendation: Award construction Bid Package 1

Contractor: Quandel/J. Vinton Schafer, Baltimore, MD

Prior Approval: USM Item 3-C (1/4/17) (pre-construction services)

Project: Renovation of a 35,436 GSF/23,712 NASF dormitory on the College Park campus. The project will replace the windows with modern, energy-efficient windows, and new insulated wall partitions with new electrical circuits will be added along the outer walls of all bedrooms. Includes replacement of the domestic hot water systems, replacement of the heating and air conditioning systems, installing energy-efficient LED lighting and double pane windows, renovating all bathrooms, adding or renovating new study and lounge spaces, and other interior improvements to create more attractive and appealing housing.

The University anticipates the final value of this contract will be approximately $8.4 million. The overall project estimate is $10.3 million.

Bid Package Description: Exterior windows and long lead mechanical equipment

Contract Term: 10/19/2017 – 7/2/2020 (construction and warranty term)

Requesting Institution Remarks: This University of Baltimore contract is for marketing, advertising, web design/development and creative services with a professional marketing and advertising firm. The marketing/advertising agency will develop and implement a comprehensive marketing campaign for a five-year contract term.
4-S. UNIVERSITY OF BALTIMORE (cont’d)

Service Contract

Requesting Institution Remarks: (cont’d)

Reference is made to USM Item 2-S (8/16/17) in which the Board of Public Works approved the University awarding this contract to 160over90, the firm ranked number one technically and number three in their financial proposal. Post-award approval processes with 160over90 resulted in disputes over standard contract terms and conditions that were not resolved. With the advice of the Office of the Attorney General, the University terminated discussions with 160over90.

The University then returned to the original procurement to recommend a new awardee. The University recommends award to Fuseideas, the firm with the best (lowest) financial ranking and second best technical ranking. Its proposal was extremely strong in the areas of creativity, performance metrics, web design and execution, as well as having a very strong creative team who has worked successfully with other urban institutions of higher education. The University has determined that the proposal from Fuseideas best satisfies the overall requirements of the RFP and was determined to be the most advantageous offer to the University.

The proposed contract is indefinite delivery/indefinite quantity in nature; the total contract amount is an estimate based on strategies and tactics anticipated, but subject to change based on results to be monitored by a variety of metrics monitored by the University and the Contractor.

BOARD OF PUBLIC WORKS THIS ITEM WAS:

APPROVED DISAPPROVED DEFERRED WITHDRAWN
WITH DISCUSSION WITHOUT DISCUSSION
5-RP. UNIVERSITY OF MARYLAND, BALTIMORE COUNTY
Acquisition by Purchase

**Recommendation:** That the Board of Public Works approve the University of Maryland, Baltimore County acquiring property in Baltimore County.

**Property:** 1.96 acre parcel between Shelbourne Road and UMBC’s Technology Research Center

**Grantor:** Arbutus United Methodist Church

**Grantee:** State of Maryland for the use of the University System of Maryland on behalf of its constituent institution University of Maryland, Baltimore County

**Price:** $200,000

**Appraisals:**
- $260,000 B.F. Semon & Associates
- $270,000 Valbridge Property Advisors

**Fund Source:** University Funds **Approp. Code:** R30 B29

**USM Regents:** The University System of Maryland Board of Regents approved this acquisition at its September 15, 2017 meeting.

**Requesting Institution Remarks:** The 1.96 acre-property consists of a triangular parcel of unimproved land zoned DR-3.5. The property is contiguous to UMBC’s campus and is in close proximity to UMBC’s Technology Research Center. UMBC does not have any immediate plans for the property; in the future, this site would provide for expanding the Technology Research Center complex. UMBC’s purchase also avoids a developer purchasing the property and building residential units virtually on UMBC’s campus (3.5 residential units per acre).

**BOARD OF PUBLIC WORKS THIS ITEM WAS:**

APPROVED WITH DISCUSSION DISAPPROVED DEFERRED WITHDRAWN WITHOUT DISCUSSION
6-RP. UNIVERSITY OF MARYLAND, COLLEGE PARK

Surplus Property

Recommendation: That the Board of Public Works declare surplus ten University of Maryland properties totaling approximately 29.4 acres in College Park.

Properties:
1. Metzerott Road Properties (4100, 4103, 4109 Metzerott Road)
2. Parcel B (immediately north of The Hotel at UMD, 7777 Baltimore Ave.)
3. Parcel C (immediately northeast of The Hotel at UMD, 7777 Baltimore Ave.)
4. 8320-8400 Baltimore Avenue
5. Building 6 (7761 Diamondback Drive)
6. Building 11 (4425 Campus Drive)
7. Old Leonardtown (4608, 4610, 4624, 4642, 4644 Norwich Road)
8. Paint Branch Building (4505 Campus Drive)
9. Parking Lot (immediately east of Ritchie Coliseum, 7675 Baltimore Ave.)
10. UMD Land (southern wing of Service Building, 7757 Baltimore Ave.)

Remarks:
1. The University's mission includes using "educational resources to provide the greatest possible benefit to the citizens of the State and to foster economic development." See §10-205(c), Education Article, Annotated Code of Maryland. The University's ongoing Greater College Park initiative works to link the University's academic and research endeavors with the economic development of the surrounding community, using a place-making approach to real estate to enhance the University's recruitment and retention of top students, faculty, and staff.

2. The University intends to convey these properties to Terrapin Development Company, LLC, a recently-created business entity. The creation of Terrapin Development Company, LLC and the proposed transfer of these ten properties is the next step in the Greater College Park initiative. TDC is a two-member limited liability company comprising the University and the University of Maryland College Park Foundation. Each member will invest real property and other assets. Each member appoints directors to the governing board.

3. The University's real property investment in TDC consists of the ten properties recommended to be declared surplus in this Item. After appropriate notice to the Budget Committees, the University intends to return promptly to the Board to recommend approval to convey three of the properties – the Metzerott Road properties, Parcel B, and Parcel C (approximately 11.2 acres) – to TDC.
4. The University intends to provide TDC with a ten-year exclusive option to acquire the other seven properties (when a development opportunity is ripe). These seven properties comprise approximately 18.2 acres are familiarly identified as: 8320-8400 Baltimore Avenue; Building 6; Building 11; Old Leonardtown; Paint Branch Building; Parking Lot; and UMD Land.

5. The University System of Maryland Board of Regents approved the creation of TDC and the transfer of these properties to TDC at its April 21, 2017 meeting.

6. State Clearinghouse conducted an intergovernmental review on August 30, 2017 (MD201770605-0461) and recommended:
   To declare the ten (10) properties totaling +/- 29.4 acres at 4100, 4103, 4109 Metzerott Road; Parcel B (immediately north of The Hotel at UMD, 7777 Baltimore Avenue); Parcel C (immediately northeast of The Hotel at UMD, 7777 Baltimore Avenue); 8320-8400 Baltimore Avenue; 7761 Diamondback Drive; 4425 Campus Drive; 4608, 4610, 4624, 4642, 4644 and 4644 Norwich Road; 4505 Campus Drive; Parking Lot (immediately east of Ritchie Coliseum, 7675 Baltimore Avenue); UMD Land (southern wing of Service Building, 7757 Baltimore Avenue) College Park, MD 20740 surplus to the needs of the State contingent upon consideration of the City of College Park's requests at the time of transfer.

7. The City Council of College Park voted on August 8, 2017 to support the transfer of the three parcels and the option to transfer the seven parcels to TDC contingent on the University, TDC, and the City signing a written agreement before the Board of Public Works declared the properties to be surplus. The written agreement will commit TDC and its successors to:
   - Include the City in the development planning process for all properties
   - Consult with the City before entering into ground leases for Parcels B, C.
   - Consult with the City before receiving the transfer of any of the seven future properties about disposition (sale or long-term lease).
   - Provide description of the current development plan for the property
   - With the University, to consent to annexation of the Metzerott Road properties with no conditions and to support all annexation processes if requested by the City before conveyance to TDC.

This Item was withdrawn as Item 4-RP from the 10/4/17 USM Agenda.
1-IT-MOD. DEPARTMENT OF INFORMATION TECHNOLOGY

Contract Approved: DoIT Item 2-IT (11/17/2010)

Contractor: Colossus, Inc. d/b/a InterAct Public Safety Systems, Winston-Salem, NC

Contract Description: Statewide implementation of commercial off-the-shelf (COTS) computer aided dispatch, records management, automated vehicle location, and automated field reporting system (CAD/RMS/AVL/AFR). The Maryland State Police – serving as the contract officer - manages system implementation for its own agency as well as for the Maryland Transportation Authority, the Maryland Transit Administration, and Department of Natural Resources law enforcement. This Statewide master contract managed by the Department of Information Technology includes the core functionality/implementation and non-core licenses.

Modification Description: Increase amount for option year three

Option Description: Exercise option three

Original Contract Term: 12/2/2010 – 11/30/2015 (5-year base, five 1-year options)

Modification Term: 12/1/2017 – 11/30/2018

Original Amount: $26,515,361 (5-year base only)

Modified Option Amount: $3,000,000
  option year three $1,670,702
  modification amount $1,329,298

Prior Mod/Option Amount: -$1,749,782 (see Page 3D)

Revised Total Contract Amount: $27,765,579

Percent +/- (This Modification): +11.31%

Overall Percent +/-: +4.72%
1-IT-MOD.  DEPARTMENT OF INFORMATION TECHNOLOGY (cont’d)

Original Procurement Method:  Competitive Sealed Proposals

Original MBE Participation:  25%

MBE Compliance:  10.43%

Option 3 MBE Participation:  None

Remarks:  InterAct’s product automates, enhances, and centralizes the Statewide computer-aided dispatch of public safety officers, automates records management, vehicle location, and field reporting. The resulting communications infrastructure, currently used by multiple law enforcement agencies in Maryland, also facilitates information sharing between federal, State, and local public safety and law enforcement agencies. The State’s investment in this product has resulted in improved timeliness, accuracy, and communication of up-to-date information on-demand to dispatchers, officers, investigators, and law enforcement command staff, enabling more effective decision-making and improved safety and services for first responders and the public.

InterAct continues to deliver high quality development, deployment and support services for DoIT, the State Police, the Natural Resources Police, the Maryland Transportation Authority, and the Maryland Transit Administration. These agencies agree that the State should exercise the third option to renew the. This option year will provide ongoing maintenance and support and will facilitate continued adoption of the public safety system by agencies such as the Departments of Public Safety and Correctional Services, Health, and General Services, all of whom are considering the InterAct system. This endorsement results from:

- InterAct’s continued delivery of responsive development, deployment, and support services during prior contract years
- InterAct product is proprietary
- Continuing interest in and adoption of the system by public safety agencies in Maryland

The CAD/RMS system provides a critical communications and coordination service for multiple State law enforcement agencies; it is essential that these services be available when needed.
1-IT-MOD.  DEPARTMENT OF INFORMATION TECHNOLOGY (cont’d)

Remarks: (cont’d)

InterAct has not met the 25% MBE subcontract goal. The goal applied only to the contract base and excluded operations and maintenance. InterAct engaged its MBE by having them perform professional services only. Once the project transitioned into operations and maintenance, InterAct has repeatedly maintained that the company is constrained in its ability to assign development or support to outside entities due to their proprietary software. The goal has been reassessed for feasibility. For this renewal, it is not practical for the goal to remain. Approval to exercise this renewal term includes amending the contract goal and participation schedule to remove the MBE subcontract goal because the original intent was that the subcontract goal would apply only during the base year.

Remarks: MDH seeks a contractor to operate a new Medicaid Services Eligibility Verification System. The Eligibility Verification System is a telephone inquiry system that will enable Medicaid health care providers to quickly and efficiently verify a Medicaid recipient’s current eligibility status. The Eligibility Verification System is federally mandated, letting callers access eligibility 24x7x365. This system assures the providers of coverage for services rendered. The MDH system will process approximately 260,000 verification calls monthly. This service will be available through a Baltimore phone number and a toll-free phone number.
2-IT. MARYLAND DEPARTMENT OF HEALTH (cont’d)

Remarks: (cont’d)

The Eligibility Verification System Contractor will:

- Provide all aspects of implementation and maintenance
- Provide an end-to-end hosting environment and entire infrastructure, using state-of-the-art network facilities
- Make remote testing available for MDH staff during the performance phase within 45 days of the notice to proceed date
- Furnish workspaces, tools, equipment, and other items to perform the work requirements

This federally mandated contract is driven by the Health Insurance Portability and Accountability Act, which affects the conduct of the State’s Medicaid Program in its mandated pursuit of standards to promote increased administrative efficiency.

A notice of availability of the Request for Proposals was advertised on eMarylandMarketplace and on the MDH website. Copies of the solicitation notice were sent directly to six prospective vendors, including one MBE. For the purposes of award, the technical and financial factors had equal weight in the overall determination. Two proposals that were reasonably susceptible of award were received. MDH requested clarifications and invited the offerors in for an oral demonstration. Contact Solutions, Inc., a Verint Company, is the offeror recommended for the award as they were determined to be both the higher-ranked technical offeror and was lower in price than the other offeror. Contact Solutions overall offered the most advantageous proposal to the State.

**MBE Participation:** 10%

**VSBE Participation:** Waived
3-IT. **MARYLAND DEPARTMENT OF TRANSPORTATION (cont’d)**

**Remarks:** The Maryland Department of Transportation is responsible for managing the Consolidated Transportation Program, the State’s transportation capital program which comprises six-year funding for capital projects under five MDOT transportation business units (TBUs): Maryland Aviation Administration, Maryland Port Administration, Motor Vehicle Administration, State Highway Administration, Maryland Transit Administration; The Secretary’s Office; and authorities related to MDOT, including the Maryland Transportation Authority and Washington Metropolitan Area Transit Authority. MDOT and its TBUs use a Capital Program Management System to manage and report on their capital program.

MDOT, seeking a comprehensive solution from a single firm, did not specify a preference in the Request for Proposals that the proposed Capital Management and Programming System solution be custom developed, a COTS system, a hosted solution, or a combination. The RFP pricing structure allowed for all costs that may be associated with the various solutions to include equipment, software license purchases, monthly charges for hosting, SaaS, operations and maintenance, and hourly rates for a range of labor categories for the base and option terms.

MDOT directly solicited 18 vendors known to provide capital funds management software, including five with Maryland addresses. The solicitation was also posted on eMarylandMarketplace.

Four proposals were received and deemed susceptible of award. Due to the broad range of possible solutions, there was a great variance in the services offered and a wide range in pricing. The recommended offeror is providing a COTS system with on-site hosted support. The recommended contractor’s solution, was determined to be the highest-ranked technical proposal and the lowest financial proposal, making it the most advantageous offeror for the base and the renewal terms. **A protest was received and denied and no appeals were filed.**

EcoSys Management, LLC will meet the 10% MBE subcontract goal but was granted a waiver for the 1% VSBE goal. The waiver was based on the significantly lower opportunity their solution provided for subcontracting. Though two of the offerors demonstrated their intent to meet both the MBE and the VSBE goals, the percentage of their price that represents labor – 54% and 67% – was much greater compared to EcoSys’ labor costs of roughly 30%. Further, EcoSys requires the completion of their certification process for implementation and deployment personnel; at the time of the submission of their proposal, no VSBE firms had this certification. The Capital Management and Programming System solution recommended for award will facilitate the optimal implementation of this essential process. This system will also enable improved consideration of the Consolidated Transportation Program’s component processes.

Bids (cont’d):
- JLN Construction Services, LLC $3,255,000 Baltimore, MD
- Avid Services, LLC $3,542,000 Baltimore, MD

MBE Participation: 0% (Single Element of Work)

Performance Security: Performance and Payment Bonds for 100% of the award amount

Incumbent: EMG Services, LLC Silver Spring, MD

Requesting Agency Remarks: The low bid of $976,300 is 44% less than the Independent Cost Estimate (ICE) of $1,725,000. The ICE includes the total cost per crew for both straight time and overtime. The estimate was an average cost (reflecting price escalation), per crew, over 5 years. These estimates were based off the previous contract’s unit price schedule and historical spending.

This solicitation was advertised on May 11, 2017 with a bid opening date of June 29, 2017. The solicitation was advertised in eMaryland Marketplace, notifying 374 potential contractors. This on-call, 24-hour contract services:
- Westport;
- Cherry Hill;
- Patapsco;
- Baltimore Highlands;
- Nursery Road;
- North Linthicum;
- Linthicum;
- Ferndale;
- Cromwell;
- Cromwell Shop (sidewalks and yard access walkways); and
- BWI Business Park

Tri State Solutions of Maryland, LLC will: pre-salt all sidewalks and paved areas before it starts to snow; remove snow and ice from 11 station platforms, all sidewalks and yard access walkways; in the event of a snow storm with accumulation of four to six inches, cut a two-foot path on the platform and walkways, before the storm; remove all trash and debris after the snow storm, i.e. salt bags; and after the storm is over, the Contractor shall remove the snow from the entire surface area of the platform and walkways.

ADPICS No.: CO349970

Contract Approved: DOT Agenda 08/05/15, Item #12-M

Contractor: Motive Power, Inc.
Cleveland, OH

Contract Description: This contract provides minor overhaul repairs such as: disassembly, cleaning, inspecting, and testing 250 failed traction motors that are located underneath the railcars that power the movement of the heavy rail trains along the tracks.

Modification Description: Modification No. 1 is to add additional contract authority to perform repairs to motors in the fleet to the end of the current contract.

Original Contract Term: 08/13/2015 – 08/12/2018

Modification Term(s): 11/02/2017 – 08/12/2018

Original Contract Amount: $2,562,500

Modification Amount: $1,500,000

Prior Mods/Options: None

Revised Contract Amount: $4,062,500

Percent +/- Change: +58.5%

Overall Percent +/-: +58.5%

Original Procurement Method: Sole Source

MBE Participation: 0%

MBE Compliance: 0%
3-M-MOD.  MARYLAND TRANSIT ADMINISTRATION (cont’d)

Requesting Agency Remarks: Modification No. 1 requests additional contract authority to perform unforeseen repairs to motors in the fleet through the end of the current contract.

As the railcars have run in service and the repairs for some motors have been completed, there has been a noticeable increase in motors with failed armatures. These must be repaired, which exceeds the cost of the original basic repairs and increases the price per motor. Many motors have failed under warranty due to not having the armature rewound during the basic repairs.

To this date, 72% of the contract amount has been spent and 115 motors have had armatures rewound as part of their overhaul. The remaining 28% of the contract amount is not enough to rewind the armatures of the remaining motors in the fleet. Metro replaces approximately ten failed motors per month and the approximate cost for an overhaul including armature rewind is $14,000 per motor. At this rate, the original contact budget will run out. Motor Power, Inc. is contracted to repair approximately half the motors in MTA’s fleet and stock. This increase to the contract should provide enough funding to complete the necessary overhauls to the remaining motors.

Appropriation Code: H0101

Request Amount: $3,600,000

Description: Pursuant to State Government Article § § 12-404 and 12-501, the Maryland Department of Transportation Maryland Transit Administration and the Office of the Attorney General request approval for the payment of $3,600,000 in full settlement of all claims, in the matter Transdev v. MTA, MSBCA No.2953, Maryland State Board of Contract Appeals.

Requesting Agency Remarks: If the settlement is approved, a check should be made payable to Transdev Services, Inc. in the amount of $3,600,000 which shall reference Transdev v. MTA: Payment of Settlement. The check should be delivered to Kerry Fisher, Assistant Attorney General, Office of the Attorney General, 200 St. Paul Street, Baltimore, Maryland 21202, who will deliver the check and ensure all the necessary documentation and releases are completed.

3-GM.  GENERAL MISCELLANEOUS
Department of General Services

Reference: In accordance with provisions of the State Finance and Procurement Article, Section 12-202, Annotated Code of Maryland, approval is requested for the following construction inspection expenditures related to the respective capital improvement project identified below: in the total amount of 4,973.56. (1 item).

Project No. : H-453-160-001 $4,973.56 MCCBL 2015/Item 103
(J. Howell- PM)
Inspection Services for Roof Replacement
Deer’s Head Hospital Center in Salisbury, MD

TOTAL $4,973.56

Remarks: These are anticipated amounts, subject to necessary extensions, in the event the construction takes longer than expected to complete. Construction inspection services are required to ensure compliance with the requirements of the construction contract.
4-GM.  GENERAL MISCELLANEOUS
Department of General Services

Reference: In accordance with provisions of the State Finance and Procurement Article, Section 8-301, Annotated Code of Maryland, the Board of Public Works approval is requested for the use of General Obligation Bond funding for the contract noted below: in the total amount of $125,434.70. (1 item).

Contract ID: Replace Roof at Fifth Regiment Armory
Central, MD
Project No. M-341-160-001

Description: A/E contract to provide a site survey, construction drawings and specifications for complete replacement of the roofing system and all roof accessories.

Procurement Method: Maryland Architectural and Engineering Services Act

Award: Gale Associates, Inc. – Towson, MD

Amount: $125,434.70

Term: 180 Days (Calendar Days)

MBE Participation: 10%

Performance Bond: N/A

Remarks: Indefinite Quantity Contract (IQC) DGS-15-006-IQC was developed for DGS to provide Roofing Design and Engineering Services for Multiple Construction Projects for the Department of General Services for Multiple Construction Projects with Fees Greater than $25,000 and less than $200,000. Under this agreement, individual contract awards may not exceed $200,000. Selected firms may be awarded more than one contract; however, the total amount for the contracts awarded to any one firm may not exceed $500,000. The expiration of the contract (DGS-15-006-IQC) is November 30, 2019.

5-RP. REAL PROPERTY  
Department of Juvenile Services

**Approval:** Approve Deed Joinder  

**Property:** San Mar Girls Group Home  
10700 Leslie Lane, Cumberland  
2.60 acres, improved with 2,604 sf residence  

**Grantor:** The State of Maryland, to the use of the Department of Juvenile Services  

**Grantee:** Allegany County, Maryland and Western Maryland Health Systems  

**Recommendation:** Approval is requested for the State to join in the Deed for the transfer of the above referenced property comprised of 2.60 acreage from Allegany County to the Western Maryland Health System. Permission is requested for the DGS Secretary, or his designee to execute the deed and any associated documents on behalf of the Board of Public Works. DGS will work with Allegany County and Western Maryland Health Systems to prepare the deed from the County to Western Maryland Health Systems, which the State will join in to confirm that it is no longer using the property as a girls home and therefore, pursuant to the reverter clause in the original deed, it no longer holds title to the property.

**Background:** Reference is made to BPW Item P-13 (3/16/1977) wherein the State of Maryland acquired the San Mar Girls Group Home. Special conditions stated that in the event that the aforesaid property ceased to use the property as a girls group home, title to the property would revert back to the County Commissioners of Allegany County. Allegany County declared the property surplus and approved the transfer of the property to Western Maryland Health System, to be used as a facility in connection with the State’s efforts to combat the opioid crisis.
5-RP. REAL PROPERTY (cont’d)

State Clearinghouse: The Clearinghouse conducted an intergovernmental review of the project under MD20170127-0055. Note: The Clearinghouse review was requested before DGS was aware of the reverter clause in the Deed. Since title to the property has reverted to Allegany County, the Clearinghouse recommendation is now void.

This transfer is not subject to the legislative notification requirement under State Finance & Procurement 10-305, because the property has reverted back to Allegany County.

**Recommendation:** Approval is requested for a 5 year lease of 1,712 sq. ft. of office space at an average rate of $17.06 and an average annual rent of $29,207, with one 5 year renewal option subject to future Board of Public Works approval. Reference is made to item 13-LT approved by the Board of Public Works on 12/5/12, wherein the Board approved a 5 year lease with two 5 year renewal options. The prior lease term was 1/15/13 through 1/14/18. The rental rate for the first two years of this renewal lease is $16.76 sf with the remaining three years of the term at $17.26 sf. The fund certification shown above covers the first year of the term in which the rental rate is $16.76 psf.

**Remarks:**
1. MSDE/OCC seeks space for licensing and monitoring all child care centers and family child care providers in Maryland. The Office of Child Care also administers the State’s Child Care Credentialing System.

2. The lease contains a termination for convenience clause, and the standard 6-month hold over period.
6-LT. **TENANT LEASE** *(cont’d)*

3. The lease provides (10) use-in-common parking spaces at no cost to the State.

4. This space was acquired by sole source in accordance with the DGS Space Management Manual, Paragraph 6-605 E., as authorized by COMAR 21.02.05.05. The Department of General Services, in conjunction with the using Agency, recommends the approval of this item.

7-LT. TENANT LEASE

Landlord: Harford County, Maryland
220 S. Main Street
Bel Air, Maryland 21014

Property Location: 2 S. Bond Street
Bel Air, MD 21014

Space Type: Surface Parking Lot  Lease Type: New Lease  Number of Spaces: 170
Duration: 10 yrs  Effective: 11/1/2017

Utilities Responsibility: Landlord
Custodial Responsibility: Landlord
Previous Board Actions: 12/17/03 14-L; 09/10/97 20-L; 10/13/82 62-A-L

Fund Source: N/A

Recommendation: Approval is requested for a ten year lease with 2 five year renewal options of 170 parking spaces for 11 State agencies. In lieu of rental payments, Harford County and the State will share equally in the maintenance costs for the parking lot with the State’s share not to exceed $10,000 per year. The County will bill the State annually for maintenance costs associated with the parking lot, and each agency will be invoiced for their pro-rated share of the maintenance costs based upon the # of spaces leased. Reference is made to item 14-L approved on 12/17/03, wherein the Board approved a 10 year renewal lease for the period 1/1/04 – 12/31/14 for 125 spaces. The lease for this location lapsed for the period 1/1/15 through 10/31/17, and has operated on a month to month basis using the prior terms agreed to of maintenance reimbursement in lieu of rent.
7-LT. TENANT LEASE (cont’d)

Remarks:

1. The distribution of the parking spaces per agency is as follows:

<table>

Recommendation: Approval is requested for a new lease of 6,448 sf at a rate of $19.75 sf for a 2 year term. Retroactive approval is needed for the period July 1, 2017 to October 18, 2017 totaling $37,998.93. The retroactive lease period occurred because the using agency delayed in providing the appropriate approvals for DGS to proceed with the lease renewal. Additionally, the agency was evaluating renovation opportunities which were not financially feasible. The agency is in the process of preparing the appropriate paperwork and identifying additional fund sources to request an expansion of the leased space for additional staff and functions. The retroactive lease period occurred as a result of the agency exploring space options for newly hired Maryland ABLE Program staff for the Maryland 529 program. The timing of the new staff joining the program occurred near the end of the lease hold-over period, and resulted in a delay in finalizing the new lease. During the new lease term, the Maryland 529 program will evaluate whether to renovate the existing space or relocate to another location due to their staff expansion. DGS will continue to support the agency in these efforts.
8-LT. **TENANT LEASE** (cont’d)

**Recommendation:** (cont’d)

Reference is made to item #17-LT-OPT dated November 17, 2010 wherein the Board of Public Works approved a 5 year lease term for the period December 12, 2011 to December 11, 2016 with a 6 month holdover period that expired June 30, 2017. Although the lease expired on December 12, 2016, the 6 month holdover period was extended through June 30, 2017 based upon the definition of Lease Year in Section 33 of the prior lease document.

**Remarks:**
1. The space is used as the administrative offices for the Maryland 529 (formerly known as College Savings Plans of Maryland) since 1997. The agency provides flexible and affordable plans to assist Maryland families save for future college expenses and reduce dependence on student loans and other forms of debt.
2. The lease includes a termination for convenience clause, and the standard six month holdover provision.
3. The lease contains escalations for real estate taxes and operating expenses.
4. This space was acquired by sole source in accordance with the DGS Space Management Manual, Paragraph 6-605 E., as authorized by COMAR 21.05.05.02.D.
5. The Department of General Services, in conjunction with the using Agency, recommends the approval of this item.

9-LT. TENANT LEASE
Department of Human Services

Landlord: Charles County Government
P.O. Box 2150
La Plata, Maryland 20646

Tenant: Maryland Department of Human Services
200 Kent Avenue
La Plata, Maryland 20646

Property Location: 10630 Deacon Road
White Plains, Maryland 20695

Space Type: Office
Lease Type: New
Duration: 3 Years
Effective: November 1, 2017
Acres: 5.0 ± improved
Annual Rent: $1.00

Utilities: Tenant
Custodial: Tenant

Recommendation: Approval is requested to approve this new Intergovernmental Lease Agreement between Charles County Government and Maryland Department of Human Services for the use of the above referenced property by the Charles County Department of Social Services, for the Child Welfare program for a term of 3 years, effective November 1, 2017 and two 3 year renewal options.

Remarks:
1. This building will be used for the Child Welfare program, for child visitation meetings, staff meetings, Advisory Board meetings, foster parents and youth events/picnics, fund raisers.
2. The area surrounding this building will be developed to support activities through the creation of a garden, new landscaping, and maintenance of the baseball diamond, new swing sets and other children’s playground equipment.
3. The lease contains a termination for convenience clause, with three (3) months holdover notice.
4. Tenant is self-insured under Title 9 of the State Finance and Procurement Article and under the MD Tort Claims Act (MTCA) for it’s own property and the tortious acts and omissions of its own personnel as defined by and allowed under the MTCA.

(Grantee, collectively “CCYD”), each a Maryland corporation and a non-profit organization registered in Maryland:

1. To sell certain grant-funded real property located at 301 E. Patapsco Avenue, Baltimore, Maryland 21225 (formerly known as the Chesapeake Alternative School) to the Baltimore City Board of School Commissioners (“BCBSC”) for use as a school annex for the adjacent Maree Faring Elementary/Middle School and Community School Center;
2. To retain sale proceeds to pay PSB Credit Services, Inc. for existing debt pre-dating the filing of the State’s Right of Recovery: and
3. That the State waive its right of recovery, for good cause shown, pursuant to Maryland Human Services Article §9-406(d).

This request is conditioned on the Agreement of Sale by and between CCYD and BCBSC proceeding to settlement and being finalized.

Prior Actions: Chesapeake Foundation for Human Development, Inc. Loan of 1990 –
$138,570.50 (Item 13-CGL)
Chesapeake Foundation for Human Development, Inc. Loan of 1990 - $162,629.50 (Item 13-CGL)
Chesapeake Foundation for Human Development, Inc. Loan of 1990 – $11,429.50 (Item 12-CGL)
Chesapeake Foundation for Human Development, Inc. Loan of 1990 - $17,670.50 (Item 12-CGL)
Chesapeake Center for Youth Development, Inc. Loan - $72,000.00
Chesapeake Center for Youth Development, Inc. Loan - $15,500.00

Background: The State granted CCYD, a non-profit alternative school, bond proceeds for the expansion and renovation of the Chesapeake Center. The facility was used by CCYD to provide social, vocational, developmental, and special education programs for youth involved with the Department of Juvenile Services. CCYD provided year-round Secondary, Career Development, Pre-GED and GED education to at-risk students.
10-CGL. CAPITAL GRANTS AND LOANS (cont’d)

Background: (cont’d)

CCYD served as a community-based organization benefitting young people in the Baltimore area who were at-risk of initial or repeat interaction with the juvenile delinquency system. CCYD helped youths overcome barriers to living wholesome and productive lives by providing programs and partnering with other organizations. The Chesapeake Alternative School closed in 2014 after 36 years of operation. The building remained in use to house CCYD’s administrative offices and a number of programs for the benefit of DJS’ youth.

Now, the Baltimore City Public Schools has submitted a letter of intent to purchase the building for use as a school annex for the adjacent Maree Faring Elementary/Middle School and Community School Center. The purchase is a critical element in the school system’s plan to reduce severe overcrowding by expanding the Maree Faring school building and facilities, one of the most overcrowded schools in the district, currently at 215% of capacity.

The building also remains a community anchor in an otherwise distressed and marginalized area of Baltimore City. It currently houses an array of services and meeting space for community members and groups (e.g. Boys and Girls Club, Hungry Harvest’s weekly fresh food market, and CCYD’s employment, recreation and other community initiatives) that help divert families from the social services and juvenile services systems.

The property is encumbered by a mortgage with a principal balance of $482,374.31, accrued interest of $102,339.11 and late charges of $612.96 for a total pay off balance at $585,326.38 as of August 22, 2017. PSB Credit Services, Inc., the current owner of the debt, has agreed to compromise its claim and accept the purchase price of the property, not to be less than $300,000.00. The BCBSC has agreed to a purchase price of $350,000.00 contingent upon a waiver of the State’s Right of Recovery.

Remarks: The Department of Juvenile Services recommends granting a conditional waiver of the State’s Right of Recovery, for good cause shown, conditioned on the current agreement for sale between CCYD and BCBSC being finalized and the property being transferred to BCBSC. This recommendation is based on:

1. The bonds that funded the grants are no longer outstanding;

2. CCYD has provided services to Maryland youths for over 36 years; and

3. Alternatives to granting a conditional waiver are costly and not in the public interest.

   a. Pursuing a claim against CCYD for default, and locating a buyer willing to offer an amount for the real property in its current condition sufficient to pay the existing loan obligations with PSB Credit Services, Inc. would result in high costs to the State;
10-CGL.  CAPITAL GRANTS AND LOANS (cont’d)

**Background: (cont’d)**

b. Allowing the property to proceed to foreclosure will likely not yield a buyer capable of carrying out the renovations necessary to repurpose the building, the loss of tax revenue, and would potentially deprive the BCBSC of the use of the building to serve the community.

Grantee now seeks Board of Public Works approval of its transfer of grant-funded property to BCBSC. Grantee also seeks Board approval to retain the sale proceeds and use the proceeds to pay PSB Credit Services, Inc. for existing debt, at a significantly reduced amount, on the grant-funded property, including all closing costs associated with the sale. Grantee acknowledges that the Board’s granting of a waiver of the State’s interest is conditioned on the letter of intent dated March 30, 2017, between CCYD and BCBSC proceeding to contract and settlement and being finalized.

Department of Health

Recommendation: That the Board of Public Works (BPW) approve a Waiver of Priority of Declaration and Subordination Agreement on behalf of Comprehensive Housing Assistance, Inc. (CHAI, “Grantee”) (Baltimore City).

Past Bpw Actions:
DGS Item 31-CGL, May 11, 2016 Agenda $ 60,523.00
DGS Item 16-CGL, April 5, 2017 Agenda $155,373.00

Background: The project consisted of the acquisition and renovation of a four-bedroom, two-bathroom house located at 3914 Pinkney Road, Baltimore City, MD 21215. As required under Subtitle 6 of Title 24 of the Health-General Article of the Annotated Code of Maryland, a State's ROR dated:

1. June 9, 2016 was recorded on June 16, 2016 in the Land Records of Baltimore City in Liber 18227, Page 383 (the "First Declaration). Said First Declaration is to expire on August 8, 2046.

2. June 6, 2017 was recorded on June 30, 2017 in the Land Records of Baltimore City in Liber 18227, Page 383 (the "Second Declaration). Said Second Declaration is to expire on June 6, 2047.

Subtitle 6 of Title 24 of the Health-General Article of the Annotated Code of Maryland provides that a lien based on the State’s ROR is superior to a lien or other interest of a mortgagee “except as the State may otherwise provide by written subordination agreement”.

Grantee has entered into a Gap Loan Agreement with the Community Development Administration (CDA) to fund additional renovations. The loan is contingent upon the State agreeing to subordinate its rights under the ROR to CDA’s Deed of Trust.

The new Waiver of Priority of Declaration and Subordination Agreement recommended for approval reflects this financial arrangement between the State, Grantee, and CDA.

16-RP. REAL PROPERTY
Maryland Environmental Trust
File # 00-8486, Charles County

Recommendation: Approval for Agreement of Sale to sell in fee simple +/-16.706 acres unimproved

Property: 16.706 +/- acres unimproved

Grantor: State of Maryland, to the use of the Maryland Environmental Trust

Grantee: Isagani C. Pascual

Consideration: $80,000.00

Remarks: Approval is requested for an Agreement of Sale to sell 16.706 acres located southeast of Marshall Hall Road and Bryan’s Road in Charles County. The subject property was donated to the Maryland Environmental Trust (MET) in December 2004 for the purpose of re-sale, and is not included on the Department of Natural Resources (DNR) and MET owned State property listing. Transfer documents are subject to legal review.

Background: The sale of property was approved by the MET Board of Trustees on June 5, 2017 with the consideration of $80,000.00. The property has been listed through a broker contract with Coldwell Banker Jay Lilly Real Estate in Charles County for nearly 1 year, and this is the only offer that has been received. The property was previously listed for 2 years with another broker, and two sales have previously fallen through on the property. A commission is due at time of settlement of 8% of the sales price or $6,400.00, which will be paid from the sales proceeds.

Although the sales price is lower than the appraised value, DGS recommends approval of the transaction for several reasons. The current raw land market in Charles County is saturated which is driving down the costs of vacant land; a portion of this property contains wetlands and is not buildable; two previous contracts have fallen through for this property; and there have been no State funds expended on this property.
16-RP. REAL PROPERTY (cont’d)

The Department of Planning Attorney General’s office was contacted regarding a Clearinghouse review for this type of project, and advised an inter-governmental review is not required.

Additionally, the Department of Legislative Services was contacted, and legislative notification is not required for this property.

Reference: Reference is made to Item 12-RP approved by the Board of Public Works on September 3, 2014, approving the property as surplus.
