1. **BOARD OF PUBLIC WORKS**  
*Wetland Licenses*

**Recommendation:** The Board of Public Works Wetlands Administrator recommends that the Board grant the licenses for projects involving dredging and filling in the navigable waters of Maryland.

**MDE:** The Maryland Department of the Environment concurs with this recommendation.

**Authority:** Section 16-202, Environment Article, Annotated Code of Maryland: “The Board shall decide if issuance of the [tidal wetlands] license is in the best interest of the State, taking into account the varying ecological, economic, developmental, recreational, and aesthetic values [the] application presents.” See also COMAR 23.02.04.

### BALTIMORE CITY

14-0371(R4) **MARYLAND PORT ADMINISTRATION** – Revising an existing wetlands license to allow for safe vessel access by performing up to 50 additional soil borings, hydraulically/mechanically maintenance dredging an additional 1.5 acres area to a 52-foot depth, and transporting 3,628,000 cubic yards of dredged material to Masonville or Cox Creek dredged material containment facilities.  
*Special conditions: Time-of-year restriction. Requirements for maintenance dredging and notification of Miss Utility prior to dredging.*

### CALVERT COUNTY

19-1189 **ALICE DORSHAW** – To protect a shoreline by filling with sand, grading, planting marsh vegetation, and constructing a containment sill.  
*St. Leonard, Island Creek*  
*Special conditions: Requirements for marsh establishment and Marsh Maintenance Plan, and photographic documentation.*  
*Mwetlands created: 15,555 sf*
1. BOARD OF PUBLIC WORKS (cont’d)
   Wetland Licenses

   ST. MARY’S COUNTY

   20-0142  HENRY A. MEINHARDT III – To improve navigable access by removing mooring piles and a pier, and by constructing a boat ramp, “L” platform, pier, wingwalls, and boat lifts. To control shore erosion by constructing a sill, filling with sand, and planting with marsh vegetation.
   Mechanicsville, Washington Creek
   Special conditions: Requirements for marsh establishment, Marsh Maintenance Plan, photographic documentation, and living shoreline installation.
   Wetlands Created: 2,970 sf

   BOARD OF PUBLIC WORKS    THIS ITEM WAS:
   APPROVED  DISAPPROVED  DEFERRED  WITHDRAWN
   WITHOUT DISCUSSION
2. DEPARTMENT OF BUDGET AND MANAGEMENT

Budget Amendment [...] 20R-044

Description: Approve June FY 2020 reimbursable fund budget amendment[...].

Authority: § 7-209 (e), State Finance & Procurement Article, Annotated Code of MD, requires Board of Public Works approval of this reimbursable fund budget amendment.

Amount: $40,256 FY2020

DBM Remarks: The contributing (funding) agency has appropriated funds to pay for services provided by the receiving agency for June FY 2020 as follows:

3. DEPARTMENT OF BUDGET AND MANAGEMENT  
Division of Procurement Policy & Administration (DPPA)  
Fleet Administration Unit (FAU)

Request Amount:  N/A

Description:  Motor Vehicle Purchase Standards for FY2021.

Requesting Agency Remarks:  In accordance with Section 3-502 State Finance and Procurement Article, DBM is responsible for approving and submitting to the BPW for approval, the Purchase Standards for motor vehicles for use by the Executive Branch of State Government during FY2021. Vehicle types included are similar to those approved for FY2020 with no additional vehicle types added.
4. **DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT**

**Down Payment Settlement Expense Loan Program**

**Recommendation:** That the Board of Public Works approve release of the second lien deeds of trust to facilitate short sales on the properties and allow the Maryland Department of Housing and Community Development to take unsecured promissory notes for the Down Payment Settlement Expense Loan Program. The promissory notes will be for the amounts shown below.

**Loan Authority:** Down Payment and Settlement Expense Loan Program

Housing and Community Development, Article §§ 4-301-4-309,
Announced Code of Maryland

**Authority to Release**

State Finance and Procurement Article, § 10-305,
Announced Code of Maryland

5. DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT

Rental Housing Works

Recommendation: That the Board of Public Works approves lending general obligation bond proceeds as described.

Borrower: Knowles Manor Senior Housing, LLC

Project: Knowles Manor Senior Housing
3906 Knowles Avenue, Kensington 20895
Montgomery County

Authority: §§ 4-101 of the Housing and Community Development Article of the Annotated Code of Maryland, as amended.

Rental Housing Works (RHW) shall provide financing for rental housing that will be occupied by individuals with incomes of 60% and below of the Area Median Income (AMI). The loan will be issued from CDA to the Borrower in the approximate amount of $800,000 for a term of 40 years and secured with a Deed of Trust. A loan in the amount of $1,700,000 for this project was approved the Board of Public Works on April 22, 2020. At that meeting, the Board was advised that the project was underwritten to receive a total RHW loan of $2,500,000 but that $800,000 of those funds were not then available, and approval for this balance would be sought when they were. This project is being presented for approval of the remaining $800,000 in RHW financing which has now become available to meet a June 2020 closing.

Loan Amount: $800,000

Fund Source: MCCBL 2020- Rental Housing Works Program

Collateral: Deed of Trust

Description: The Project consists of the new construction of a ninety-four (94) unit housing development that will offer units for seniors. The Project is sponsored by Knowles Manor Senior Housing, LLC. The apartment units are a mix of one- and two-bedroom units and are restricted to households earning 30%, 60%, and 80% or less of the AMI.

The Maryland Department of Planning reviewed and approved the project for consistency with the Economic Growth, Resource Protection, and Planning on May 2nd, 2018.

Pursuant to Maryland’s commitment to reducing Greenhouse Gas Emissions, conserving water resources, and enhancing Maryland’s environment, the Project includes the following:

1. Mechanical systems will be high efficiency units with programmable thermostats.
2. All appliances will be Energy Star qualified.
3. All windows will be Energy Star qualified
4. All faucets and bath fixtures will use water sense labeled products.

There are no Recognized Environmental Concerns requiring remediation on this project.
6. DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT
   The Rental Housing Works and Partnership Rental Housing Programs

**Recommendation:** That the Board of Public Works approve lending general obligation bond proceeds for this project.

**Borrower:** Mission First Housing Development Corporation

**Project:** Suitland Senior Apartments
   2901 Toles Road Drive, Suitland 20746
   Prince George’s County

**Authority:** Sections 4-401 et seq. of the Housing and Community Development Article of the Annotated Code of Maryland, as amended, and the regulations promulgated for the Multifamily Bond Program at COMAR Chapter 05.05.02

The Rental Housing Works Program and Partnership Rental Housing Program finance rental housing that will be occupied by individuals with incomes at or below 60% of area median income.

**Loan Amounts:** $2,500,000 and $555,000, respectively

**Fund Sources:** MCCBL 2019 - Rental Housing Works Program and Partnership Rental Housing Program

**Collateral:** Deed of Trust

**Description:** The Project consists of the new construction of 137 unit elderly-housing development. The Project will be a six-story, elevator-serviced mid-rise structure. There will be 120 one-bedroom units and 17 two-bedroom units. The units will range in size from 646 square feet to 857 square feet. The Project site is currently undeveloped vacant land located northwest of the intersection of Suitland Road and Silver Hill Road. Suitland Senior Apartments is part of the master plan called Suitland Town Center. Seven of the total units will be designated for individuals with disabilities. All of the units will serve households with income at or below 60% of the Area Median Income (AMI). The Project sponsor is Mission First Housing Development Corporation.

Suitland Senior Apartments Energy and Conservation Measures

Pursuant to Maryland’s commitment to reducing Greenhouse Gas Emissions, conserving water resources, and enhancing Maryland’s environment, the Project includes the following:

- Installation of Water Sense labelled fixtures in all units and common spaces. Fixtures specified will include toilets that use 1.28 gallons or less per flush, bathroom sink faucets with a maximum flow of 1.5 gallons per minute and shower heads that use no more than 2.0 gallons per minute.
- Air sealing and insulation is to be tested and approved by a qualified HERS Energy Rating using a RESNET-approved testing protocol.
- Installation of Energy Star rated appliances.
- Installation of Energy Star mechanical systems.
- Installation of Energy Star qualified windows.
- Install Energy Star rated lighting fixtures in all units and common areas.

There are no Recognized Environmental Concerns on this project.
7. **DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT**  

**Shelter and Transitional Housing Facilities Grant Program**

**Recommendation:** That the Board of Public Works approve lending general obligation bond proceeds as described.

**Borrower:** FRP-Sage Center II

**Project:** Sage Center II at Monarch View  
1201 to 1215 N. Milton Avenue, Baltimore City 21213

**Authority:** Housing and Community Development Article, §2-102(a)(7), Annotated Code of Maryland; Ch. 396, Acts of 2011; Ch. 444, Acts of 2012; Ch. 424, Acts of 2013; and Ch. 463, Acts of 2014, as amended.

The *Shelter and Transitional Housing Facilities Grant Program* provides capital financing for local governments and nonprofit organizations to develop shelter, transitional, other housing facilities for homeless individuals and families. Repayment of the capital assistance is not required and is forgiven as long as the project is used as a shelter, transitional housing, or other housing serving homeless households for a term of 15 years.

**Grant Amount:** $595,459

**Fund Source:** MCCBL 2019- Shelter and Transitional Facilities Grant Program

**Collateral:** Deed of Trust

**Description:** The Project consists of the major renovation of five abandoned row houses. The rehabilitation will create eleven beds for families in recovery. The Project is sponsored by the Family Recovery Program. The row houses are a mix of two and three-bedroom units and are restricted to households earning 60% or less of the Area Median Income.

7. **DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT (cont’d)**

*Shelter and Transitional Housing Facilities Grant Program*

The Maryland Department of Planning reviewed and approved the project for consistency with the Economic Growth, Resource Protection, and Planning on June 22, 2019.

Pursuant to Maryland’s commitment to reducing Greenhouse Gas Emissions, conserving water resources, and enhancing Maryland’s environment, the Project includes the following:

1. Mechanical systems will be high efficiency units with programmable thermostats.
2. All appliances will be Energy Star qualified.
3. All windows will be Energy Star qualified.
4. All faucets and bath fixtures will use water sense labeled products.

There are no Recognized Environmental Concerns on this project.
8. **MARYLAND STATE LIBRARY AGENCY**

**Recommendation:** That the Board of Public Works approve the Maryland State Library Agency making four grants to county public library systems totaling $7,300,000.

**Fund Source:** Maryland Consolidated Capital Bond Loan of 2020 - $7,300,000

**Authority:**
- Maryland Consolidated Capital Bond Loan 2020 - $7,300,000
- County Library Capital Project Grant Program
- Education Article, Section 23-510, Annotated Code of Maryland

**Background:** On July 1, 2017, the Division of Library Development and Services at the Maryland State Department of Education became the Maryland State Library Agency under the direction of the Maryland State Library Board as a result of changes to the Maryland Code made during the 2017 General Assembly session (Senate Bill 587/House Bill 1094).

MSLA’s County Library Capital Project Grant Program makes capital grants to county public library systems to support projects that address the State’s library needs. The grants must be matched according to a wealth-based cost sharing formula (implemented June 1, 2013) and must be at least $20,000.

9. **MARYLAND ENVIRONMENTAL SERVICE**  
*Maryland Correctional Institution – Hagerstown*

**Equipment Contract:** Automatic Transfer Switch Replacement  
MES Project #1-20-2-32-4

**Description:** Procure and install a new Automatic Transfer Switch in the boiler plant

**Procurement:** Small Purchases

**Quotes Received:**
- Ellsworth Electric, Inc., *Hagerstown, MD* $15,982.00
- MEC Electrical Service Inc., *Hagerstown, MD* $26,310.00
- Bopat Electric Company, Inc., *Frederick, MD* $69,450.00

**Award:** Ellsworth Electric, Inc.

**Amount:** $15,982

**Term of Contract:** 120 calendar days

**MBE Participation:** 0%

**Remarks:** The Automatic Transfer Switch (ATS) is a critical component of the plant’s electrical system. The ATS automatically switches power supply from the main electrical service to the emergency generator during a power outage. The plant has gone through several power failures since 2017 due to thunderstorms in the area. In 2019 the ATS failed to operate automatically again and staff had to adjust settings on the ATS. The ATS is now monitored and tested routinely on a monthly basis to check operation. The ATS is over 40 years old and unreliable. Failure to perform as intended can result in a shutdown, which would jeopardize the plant’s ability to provide steam for heating, cooking, and laundry services. The new ATS is the original equipment manufacturer’s recommended replacement for the existing ATS.

**Fund Source:** Item 336, MCCBL of 2019 (MES PCA 12077)

**Resident Business:** Yes

10. **MARYLAND ENVIRONMENTAL SERVICE**  
Maryland Correctional Institution-Hagerstown

**Construction Contract:** Boiler Controls Improvement  
MES Project # 1-20-4-26-5

**Description:** New controls for Boilers #1 and #3.

**Procurement:** Competitive Sealed Bid

**Bids:**  
- Limbach Co. LLC, *Laurel, MD*  
  $299,880.00
- McClure Company, *Westminster, MD*  
  $345,605.00

**Award:** Limbach Co. LLC

**Amount:** $299,880

**Term:** 160 calendar days

**MBE Participation:** 0%

**Remarks:** The boiler plant was built in 1963. In the 1990’s all three boilers were converted from coal fired units to #2 fuel oil boilers. In 2017, new controls were installed on Boiler #2, which optimized the efficiency and burning management for the boiler. For this bid, the contractor will furnish and install new controls for Boilers #1 and #3.

The Boiler Controls Improvement project had a 5% MBE goal with no sub goal. The bidder, Limbach Co. requested a full waiver of 5% of the MBE goal. Limbach Co. indicated that due to the nature and complexity of the project it is difficult to involve the services of a MBE contractor because it involves specialty engineering and a complete installation to ensure a safe and reliable operating system. The work must meet the standards and requirements of strict governing and licensing boards that bear a certain liability.

This information signified to our MBE office Limbach Co. did show a reasonable demonstration certified MBE subcontract participation was unable to be obtained, and/or obtained at a reasonable price, and/or in the appropriate MBE classifications outlined and described in COMAR 21.11.03.11. The public interest will be served by this waiver approval.

11. **MORGAN STATE UNIVERSITY**  
*Student Services Building*  
*Capital Equipment*

**Contract ID:** U.S. Communities Government Purchasing Alliance, Fairfax County Contract #44000006277

**Recommendation:** Approve the expenditure of general obligation bond proceeds of $143,280 to purchase capital equipment for the new Student Services Building from Aurora Storage Products care of StorageLogic.

**Project:** Morgan State University’s Student Services Building is located at the center of Hillen Road and Cold Spring Lane. The building will support the University’s programs, services, and activities related to student services such as enrollment management, financial aid, bursar, registrar, recruitment, career development, to name a few. The project is striving to exceed the minimum LEED Silver certification.

**Amount:** $143,280

**Award:** Aurora Storage Products care of StorageLogic

**Fund Source:** MCCBL 2018 Item #276: Provide funds to continue design and begin construction of a new Student Services Building to house student service functions, provided that notwithstanding Section 6 of this Act, work may remain on this project before the appropriation of all funds necessary to complete the project. $143,280

**Background:** This furniture purchase will be procured through the Cooperative Purchasing Contract made available through the U.S. Communities Government Purchasing Alliance, Fairfax County Contract #44000006277 with Aurora Storage Products. This price includes furniture approved by the Department of Budget and Management for capital purchase listed on the Form G Approval, dated August 17, 2018. This amount is within our funding limitations for the total projected capital budget. The items listed above have been approved to be waived by Maryland Correctional Enterprises.

**MBE Goal:** No MBE goal was established for this work since it is a single-use system.

**Resident Business:** No

**Tax Clearance:** 20-1581-1110

<th>B&amp;O WB Tower</th>
<th>$15,000</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>S. Maple Lane and E. Potomac Street, Brunswick, Frederick County</td>
<td></td>
</tr>
</tbody>
</table>

**Grantee:** Mayor and Council of Brunswick

**Description:** Interior and exterior rehabilitation including stabilization and relocation of tower to nearby site; site work; selective demolition; and associated architectural, engineering, and consulting services. [Total project costs $30,000 estimated.]

**Remarks:** Constructed ca. 1910, the B&O WB Tower is the westbound railroad tower for the Brunswick stop. This vernacular structure was a typical building type for the B&O Railroad at that time. The tower is another link to Brunswick's strong association with the railroad. This project will save the tower from demolition by moving it to a nearby parcel next to the railroad tracks. The grantee is a local jurisdiction and is required to provide 100% match for this project.

<th>$76,000</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>3901 48th St., Bladensburg, Prince George’s County</td>
<td></td>
</tr>
</tbody>
</table>

**Grantee:** George A. and Carmel D. Aman Memorial Trust

**Description:** Exterior rehabilitation including masonry repairs and associated architectural, engineering, and consulting services. [Total project costs $76,000 estimated.]

**Remarks:** Bostwick House is one of four pre-Revolutionary structures in Bladensburg. Built in 1746 for prominent merchant Christopher Lowndes, the two-and-a-half-story brick house dominates the property that overlooks the Anacostia River at the former Port of Bladensburg. The project is to repair the buttress at the south elevation, which includes a structural analysis. The buttress was damaged by a microburst weather event in 2012 and then partially deconstructed and studied to understand its purpose as a structural element.

<td>208 N. Main St., Berlin, Worcester County</td>
<td></td>
</tr>
</tbody>
</table>

**Grantee:** Berlin Heritage Foundation, Inc.

**Description:** Exterior rehabilitation including roof repair/replacement; and associated architectural, engineering, and consulting services. [Total project costs $45,000 estimated.]

**Remarks:** The Calvin B. Taylor House is an 1832 front-gable dwelling with Federal and Greek revival architectural features. The house type and style is distinct to Berlin and Worcester County. One of the most well-known occupants of the house was Calvin B. Taylor, a teacher, lawyer and founder of the Calvin B. Taylor Banking Company. Today the property houses a museum and has been meticulously restored and furnished to reflect domestic life in the 1830s.

**D.** Christ Rock Church  

<table>

</tr>
<tr>
<td></td>
</tr>
</tbody>
</table>

**Grantee:** The Friends of Stanley Institute, Inc.

**Description:** Exterior rehabilitation including carpentry and window repair; painting; and associated architectural, engineering, and consulting services. [Total project costs $13,000 estimated.]

**Remarks:** Christ Rock Church, along with the Stanley Institute School, is the focus of the African-American settlement that arose at Christ Rock, outside of Cambridge, just after the Civil War. The church was constructed in 1875 and altered in 1889 and 1911; the present structure is gable-ended with a square entrance tower. The church is now a cultural center focusing on the African-American experience in Dorchester County.

</tr>
<tr>
<td></td>
</tr>
</tbody>
</table>

**Grantee:** Ebenezer Kingdom Builders Inc.

**Description:** Exterior rehabilitation including masonry repairs and associated architectural, engineering, and consulting services. [Total project costs $100,000 estimated.]

**Remarks:** Built in 1865 for a congregation organized in 1836, Ebenezer A.M.E. Church is thought to be the oldest standing church in Baltimore that was erected by African-Americans and continuously occupied by the descendants of the same congregation. This brick Gothic Revival church has a prominent bell tower and the parish house is located in an adjoining rowhouse.
12. DEPARTMENT OF PLANNING (cont’d)

Maryland Historical Trust, Historic Preservation Capital Grant Program

F. His Lordship’s Kindness
7606 Woodyard Rd., Clifton, Prince George’s County
Grantee: John M. and Sara R. Walton Foundation, Inc.

Description: Interior and exterior rehabilitation including window, door, and carpentry repair/replacement/installation; painting; electrical repairs/upgrades; and associated architectural, engineering, and consulting services. [Total project costs $100,000 estimated.]

Remarks: His Lordship's Kindness, a National Historic Landmark, is known for its landscape, variety of original outbuildings, and the main house, Poplar Hill. The two-story brick, five-part house is an exemplary specimen of Georgian architecture.

G. Lovely Lane United Methodist Church
2200 St Paul Street, Baltimore City
Grantee: The Trustees of the Methodist Episcopal Church in the City and Precincts of Baltimore

Description: Interior and exterior rehabilitation including window, carpentry, wall, and plaster repair/replacement; painting; associated architectural, engineering, and consulting services. [Total project costs $100,000 estimated.]

Remarks: Lovely Lane Methodist Church was designed by noted architect Stanford White, of McKim, Meade and White, and was built in the Romanesque Revival style, 1882-1887. The entire exterior is constructed of gray ashlar rock-face Port Deposit granite. The chapel has 27 original stained glass windows made by Louis C. Tiffany & Company.

H. Mount Clare Museum
1500 Washington Blvd., Baltimore City
Grantee: The National Society of the Colonial Dames of America in the State of Maryland, Inc.

Description: Interior and exterior rehabilitation including door repair/replacement/installation; painting; and associated architectural, engineering, and consulting services. [Total project costs $11,000 estimated.]

Remarks: Mount Clare Mansion is a 1763-1767 five-part Georgian house with reconstructed wings and hyphens. This National Historic Landmark was a home for members of the Carroll Family and is now a house museum, with public meeting space, while the grounds are part of Carroll Park.
12. DEPARTMENT OF PLANNING (cont’d)
   Maryland Historical Trust, Historic Preservation Capital Grant Program

   I. National Park Seminary
      9615 Dewitt Dr., Silver Spring, Montgomery County
      
      Grantee:  Save Our Seminary at Forest Glen

      Description:  Interior and exterior rehabilitation including window repair/replacement; painting, carpentry repairs; and associated architectural, engineering, and consulting services. [Total project costs $100,000 estimated.]

      Remarks:  The National Park Seminary was built to be a finishing school for girls, the property being purchased for this reason in 1894. Buildings continued to be added to the complex, creating a mix of architectural styles as examples for the students. During WWII the buildings housed wounded soldiers. The Grand Ballroom in Ament Hall was completed in 1927.

   J. J. Schifferstadt Architectural Museum
      1110 Rosemont Ave, Frederick, Frederick County
      
      Grantee:  Frederick County Landmarks Foundation, Inc.

      Description:  Interior and exterior rehabilitation including masonry, carpentry, roof, and window and door repair/replacement; installation of gutters; painting; and associated architectural, engineering, and consulting services. [Total project costs $40,000 estimated.]

      Remarks:  The Schifferstadt Architectural Museum is one of America's finest examples of German colonial architecture. A National Historic Landmark, it is one of the earliest known homes in Frederick, and is an outstanding example of a Georgian-period house, influenced by German-American culture and building traditions. The highly intact interior retains numerous ethnically German features that speak to the heritage of immigrant Josef Brunner, who was responsible for the house’s construction.
13. MARYLAND STATE RETIREMENT AGENCY

**Recommendation:** That the Board of Public Works appoint Anne L. Shelton as a public member of the Investment Committee of the Board of Trustees of the Maryland State Retirement and Pension System for a three-year term beginning July 1, 2020.

Ms. Shelton meets all requirements to serve as a public member.

**Authority:** § 21-115 (b)(2), State Personnel and Pensions Article, Annotated Code of Maryland, provides that this appointment will be by the Board of Public Works for a term of three years.
14. **ST. MARY’S COLLEGE OF MARYLAND**  
Service Contract

**Contract ID:** Food Services Management Services  
RFP No. 21-1

**Recommendation:** Approval for the contract award to Bon Appetit Management Co.

**Contract Description:** Cost plus fixed-fee type contract for the management of the food service operations on the campus of St. Mary’s College of Maryland.

**Award:** Bon Appetit Management Co.

**Est. Amount:**

<table>

<td>$176,095.</td>
</tr>
</tbody>
</table>

Aladdin Food Management Services will not charge for the cost associated with opening outside of the unit at the corporate level for year 1 of the base period.
14. **ST. MARY’S COLLEGE OF MARYLAND (cont’d)**
   Service Contract

Management fees will increase in each of the option period by the following rate:

Bon Appetit Management Co.: Increased by the CPI Index for Food Away from Home, provided that such increase is 2.5% or less. If the increase is more than 2.5% the parties will mutually agree on the increase to the Management Fee.

Aladdin Food Management Services: Increase by the CPI Index for Food Away from Home or 3% whichever is higher.

**Renewal Options:** Five 1-year renewal options will be separately awarded.

**Remarks:**

Each of the proposals included a capital component ($300,000) aimed at addressing specific food service upgrade priorities to enhance the overall food service access and delivery system. A portion of the amortization of the capital element is included in the base contract term of two-years. Aladdin Food Management Services offered this capital component at no cost to the College if the college fulfills the seven-year term of the contract. In as much as we cannot guarantee that the contract will be in place for the entire seven years, the Attorney General’s Office directed that we must include the cost in our evaluation. In addition to the capital component offered by both firms, Bon Appetit Management Co. offered an additional investment of $150,000 for renovations for a proposed “Cook your Own” station with no pay back required by the College.

This project was advertised on eMaryland Marketplace Advantage. Two proposals were received, and both moved forward in the evaluation process. The evaluation consisted of two separate evaluation panels (Technical and Financial).

The St. Mary’s College of Maryland Director of Auxiliary Operations will manage this contract with support of the Vice President for Business and Finance.

15. BOARD OF PUBLIC WORKS
Compensation to Erroneously Confined Individual
Eric Simmons.

Recommendation: That the Board of Public Works grant Mr. Eric Simmons – an individual erroneously convicted, sentenced, and confined under State Law – compensation that includes an amount for financial and other appropriate counseling.

Authority: § 10-501, State Finance & Procurement Article, Annotated Code of MD.

The Board of Public Works may grant compensation to an individual who:
- Was “erroneously convicted, sentenced, and confined under State law for a crime the individual did not commit”; and
- Who has either a:
  - Full pardon from the Governor; or
  - Certification from the State’s Attorney “that the individual’s conviction was in error under § 8-301 of the Criminal Procedure Article.”

Amount: $1,973,465 Total to be paid over 7 fiscal years (ending July 31, 2025)
- $32,618 to be paid within 30 days of Board approval.
- Second payment of $49,250 to be made in FY21.
- Subsequent annual installments to be paid no later than July 31 of each year in equal amounts.

15. **BOARD OF PUBLIC WORKS (cont’d)**
   
**Compensation to Erroneously Confined Individual Eric Simmons.**

*Description:*

*Conviction.* On May 18, 1995, the Baltimore City Circuit Court convicted Mr. Eric Simmons and a co-defendant of first-degree murder. He was later sentenced to life in prison.

*Confinement.* Mr. Eric Simmons was confined in Maryland correctional facilities through May 3, 2019, a period of 8,751 days.

*Exoneration.* After reinvestigating the matter, the Conviction Integrity Unit of the Baltimore City State’s Attorney determined there was enough evidence of actual innocence to jointly file with Mr. Simmons a petition for a Writ of Actual Innocence.

*Certification That Conviction in Error.* Baltimore City State’s Attorney correspondence documents that, in 2019, the Circuit Court, in setting aside the verdict, granted Mr. Simmons a Writ of Actual Innocence pursuant to § 8-301(h) of the Criminal Procedure Article. The State’s Attorney then entered a *nolle prosequi* having determined Mr. Simmons is factually innocent of the charges.

*Compensation.* In compensating an individual under § 10-501, the Board may grant “an amount commensurate with the actual damages sustained [and] a reasonable amount for any financial or other appropriate counseling.”

- *Actual Damages.* It is recommended that the State compensate Mr. Simmons $1,962,849 as an amount commensurate with his actual damages. This amount was derived applying US Census Bureau, American Community Survey, 5-year estimate of the Maryland Median Household Income (in 2018 dollars), 2014-2018 of $81,868 per year of Mr. Simmons’s confinement.

- *Counseling.* It is recommended additionally that the State provide Mr. Simmons $10,616, for mental health and financial counseling.

*Release.* Mr. Simmons shall sign a release form prior to payment.
16. BOARD OF PUBLIC WORKS

Compensation to Erroneously Confined Individual
Kenneth McPherson.

**Recommendation:** That the Board of Public Works grant Mr. Kenneth McPherson – an individual erroneously convicted, sentenced, and confined under State Law – compensation that includes an amount for financial and other appropriate counseling.

**Authority:** § 10-501, State Finance & Procurement Article, Annotated Code of MD.

The Board of Public Works may grant compensation to an individual who:
- Was “erroneously convicted, sentenced, and confined under State law for a crime the individual did not commit”; and
- Who has either a:

Authority: State Government Article §§ 12-404 and 12-501

Request Amount: $450,000
($350,000 from Department of Health)
($100,000 from Office of the Attorney General)

Fund Source: Maryland Department of Health;
Office of the Attorney General

Appropriation Codes: Department of Health – M00Q01.04
Office of the Attorney General - C81C0005

Requesting Agency Remarks: Secretary of Health Robert R. Neall, Attorney General Brian E. Frosh, and the Office of the Attorney General recommend approval of the proposed settlement in full and final satisfaction of the plaintiff’s claims for attorneys’ fees and litigation costs as in the best interest of the State. If this proposed settlement is approved, a check in the amount of $450,000 should be made payable to Association for Accessible Medicines. The check should be mailed to Robert A. Scott, Assistant Attorney General, 200 Saint Paul Place, 20th Floor, Baltimore, Maryland, 21202, who will deliver the check and ensure all the necessary documentation and releases are complete.

Item 110/MCCBL 2019 - $879,573.71 (state)
25-GM. DEPARTMENT OF BUDGET AND MANAGEMENT
Office of Budget Analysis (OBA)

Request Amount: $500,000 (General Funds)

Description: Additional funding is needed to cover operating deficiencies in three State agencies in FY 2020.

Fund Sources: FY 2020 Contingent Fund (General Funds)

Appropriation Code: D05E0102

Requesting Agency Remarks: The funding for this FY 2020 deficiency amount is being requested from the FY 2020 Contingent Fund. If approved, funds will be transferred from the Contingent Fund to Historic St. Mary’s City Commission, Canal Place Preservation and Development Authority, and Maryland Public Broadcasting Commission to address the revenue shortfalls as a result of the impacts of the COVID-19 pandemic.

- Historic St. Mary’s City Commission (D17B01.51) - $150,000 is needed to offset earned revenue from tours and visitors that support the interpretive and archaeological contractual staff.
- Canal Place Preservation and Development Authority (D90U00.01) - $40,000 is needed to offset rent forbearance for tenants.
- Maryland Public Broadcasting Commission (R15P00.02) - $310,000 is needed to offset fundraising shortfall to prevent layoffs.

DBM REMARKS: The Secretary of Budget and Management has certified that funds are available from the FY 2020 Contingent Fund. After accounting for these contingent fund requests, the remaining balance in the Contingent Fund is $0.
A1.  MARYLAND DEPARTMENT OF AGING

**Contract Title:** Caregiver Relief Coordination Services  
ADPICS NO.  D26B0600042

**Contract Type:** Services

**Description:** Coordinate emergency needs for in-home caregiving services during the COVID-19 emergency with the available resources of the Maryland Medical Reserve Corps.

**Procurement Method:** Emergency (Sole Source)

**Date Emergency Declared:** April 6, 2020

**Award:** Maintaining Active Citizens, Inc., aka MAC, Inc.  
Salisbury, MD

**Amount:** $95,000

**Contract Award Date:** April 17, 2020

**Term:** 4/17/2020 – 8/31/2020

**MBE Participation:** 0%

**Fund Source:** Reimbursable Fund  
Appropriation Code: D26A07.03

**Remarks:**

Nature of Emergency – COVID-19: Many homebound citizens depend on caregivers to remain safely at home. If a caregiver is prevented from providing care due to the COVID-19 pandemic, the care recipient may need to call 911 or be transferred to a nursing home or assisted living facility.

The Department of Aging realized that the Maryland Medical Reserve Corps could provide assistance, but the Corps did not have the capacity to match individual citizen needs with individual volunteers. A vendor was needed as soon as possible to provide that coordination in order to meet the basic needs of a care recipient when a pre-existing caregiver is unavailable or incapacitated.
A1. **MARYLAND DEPARTMENT OF AGING** (cont’d)

Remarks (cont’d):
*Basis for Selection:* MDoA was under severe time constraints to find a vendor that could meet the service requirements with the available resources of the Maryland Medical Reserve Corps. The non-profit Maintaining Active Citizens, Inc. (MAC, Inc.) Living Well Center of Excellence (LWCE) division was uniquely qualified and positioned to provide these coordination services in a timely fashion. LWCE has extensive experience throughout Maryland providing care resources to vulnerable populations. LWCE alone had the capability and experience to immediately stand up a service to coordinate volunteers with individual citizen needs throughout the State.

A2. **DEPARTMENT OF HUMAN SERVICES**  
*Office of Technology for Human Services*

**Contract Title:** Fujitsu Laptops for the COVID-19 Pandemic  
(OTH/OTH-20-037-H); ADPICS NO. N00P0603335

**Contract Type:** Information Technology

**Description:** Emergency purchase of 1500 Fujitsu Laptops for various DHS Department of Social Services (DSS) Offices in response to the COVID-19 Pandemic.

**Procurement Method:** Emergency

**Date Emergency Declared:** March 16, 2020

**Bids:**
- DSR, Inc., *Hanover, MD* — $3,076,500
- Daly Computers, *Clarksburg, MD* — $3,346,680
- En-Net, *Frederick, MD* — $3,380,010
- ATS, *Baltimore, MD* — $3,406,125
- Victory Global Solutions, *Columbia, MD* — $3,483,270
- HCGI, *Columbia, MD* — $3,527,430

**Award:** DSR, Inc.  
*Hanover, MD*

**Amount:** $3,076,500 (Not to Exceed)

**Contract Award Date:** March 20, 2020

**MBE Participation:** None

**Term:** 4/1/2020 – 3/31/2025

**Fund Source:** 100% General Funds  
Appropriation Code: N00F0004
A2.  DEPARTMENT OF HUMAN SERVICES (cont’d)
Office of Technology for Human Services

Remarks:  Nature of Emergency – COVID-19:  In response to the COVID-19 pandemic, the State of Maryland, including the Department of Human Services (DHS), shifted to telework. The emergency purchase of computer equipment was necessary to allow DHS essential and mission critical workers to telework and continue to provide assistance and essential services to Maryland’s most vulnerable populations during the pandemic crisis, including SNAP and other forms of public assistance. Prior to the COVID-19 pandemic, the majority of these workers were in-office and therefore only had desktop machines.

Basis for Selection:  The Office of Technology Services (OTHS) selected DSR, Inc. to supply the 1500 Fujitsu Laptops on the basis of having the lowest bid price and the ability to meet the expedited delivery deadline. This purchase includes a five-year warranty on the laptops.

Reason for Late Report:  This emergency procurement award is being reported late due to the declared state of emergency in response to the COVID-19 pandemic crisis. Due to the pandemic response, staff were directly occupied in provisioning and deploying laptops and other equipment and ensuring that staff were able to telework effectively, and were therefore unable to attend to the preparation of this report in a more timely fashion.

A3. **MARYLAND INSTITUTE FOR EMERGENCY MEDICAL SERVICES (MIEMSS)**

*Contract Title:* Mental Health Care Support  
PO # 001B0600003

*Contract Type:* Service

*Description:* Emergency contract to provide mental health care support for health care providers working in skilled nursing and other long-term facilities throughout the state during the COVID-19 outbreak.

*Procurement Method:* Emergency (Sole Source)

*Date Emergency Declared:* April 2, 2020

*Bids:* Counseling Centers of MD, P.C. d/b/a Workplace Trauma Center  
Sykesville, MD

*Award:* Counseling Centers of MD, P.C. d/b/a Workplace Trauma Center  
Sykesville, MD

*Amount:* $400,000

*Award Date:* May 27, 2020

*Term:* 05/27/2020 – 12/31/2020

*MBE Participation:* 0%

*Fund Source:* 100% Federal (CARES ACT)  
Appropriation Code: D53.T0001.- 08

*Remarks: Nature of Emergency – COVID-19:* On April 2, 2020 a request was made to MIEMSS to coordinate medical health task forces to assist facilities with the clinical care of their patients and personal protective equipment practices. During these visits the difficult conditions under which staff are working has been very apparent. These difficult and highly stressful conditions include factors such as:

- Working with confirmed COVID-19 residents, often large numbers;
- Working very long hours with no or limited days off due to absenteeism;
- Deaths of residents who are often like family members;
MARYLAND INSTITUTE FOR EMERGENCY MEDICAL SERVICES SYSTEMS (cont’d)

MIEMSS

Remarks (cont’d):
- Confirmed COVID-19 illness among co-workers (and in some cases death); and
- Dealing with family members of residents who are at times irate and blame the facility and staff for COVID-19 outbreaks.

The critical need to support front line health care workers left MIEMSS no choice than to declare an emergency procurement for mental health care support.

The Maryland Institute for Emergency Medical Services Systems (MIEMSS) established a contract with Counseling Centers of MD. PC d/b/a Workplace Trauma Center, to provide mental health care support to health care workers in skilled nursing and other long term care facilities during the COVID-19 outbreak. These services are available to health care workers 24/7 in 270+ facilities statewide staffed by Critical Incident Stress Management (CISM)-trained licensed psychologists, licensed clinical social workers, licensed professional counselors and a certified grief coach.

Provided services include but are not limited to:

1. Consultation with facility management on providing support to personnel, provided through video or telephonic conferencing.

2. Education provided via webinars on topics including, but not limited to, grief/loss support, stress management, self-care, peer support and resiliency.

3. Individual Telephonic/telehealth support.
   - Employee will call in or complete online form to request support.
   - Employee will be notified the name of the counselor via phone.
   - Counselor will call the employee to schedule appointment.
   - After hours and weekend support provided.

4. Open group support video conference/audio call-in.
   - Provider will staff an open videoconference/audio for employees of all facilities.
   - Open specific hours every week; variable days/shifts, evenings included.
   - Employees can join at any time during the meeting.
   - Group support and education provided is based on the needs of the participants.
A3. **MARYLAND INSTITUTE FOR EMERGENCY MEDICAL SERVICES SYSTEMS** *(cont’d)*

*MIEEMSS*

**Remarks (cont’d):**

5. Grief and loss group support video conference/audio call-in.
   - Provider will staff an open videoconference for employees of all facilities.
   - Open specific hours every week; variable days/shifts, evenings included.
   - Employees can join at any time during the meeting.
   - Grief/loss support and education provided is based on the needs of the participants.

6. Grief Coaching/Counseling for individual employees.
   - Employee will call in or complete online form to request support.
   - Employee will be notified the name of the coach/counselor via phone.
   - Coach/Counselor will call the employee to schedule appointment.
   - After hours and weekend support provided.

7. Staff/Team support via video conferencing/audio call-in
   - Provider will facilitate support with staff from individual facilities
   - Team support will be scheduled according to needs of the work group attending

8. Virtual debriefings with work groups who have experienced a traumatic event

*Basis for Selection: Sole Source* - There are no other companies in Maryland who employ the volume of Critical Incident Stress Management (CISM) trained clinicians to include Licensed Psychologists, Licensed Clinical Social Workers, Licensed Professional Counselors and a certified grief coach, able to provide the mental health support needed at 270+ skilled nursing and other long term care facilities 24/7 during the COVID-19 health care emergency.

Contract # ID: Exploratory Excavation to Repair Condensate Leak at the MCTC, Hagerstown, MD
Contract No. KA-001-200-C04, ADPICS No. Q00P0606565

Contract Type: Maintenance

Description: Provide all supervision, labor, equipment, and materials necessary to excavate, uncover, and repair a major condensate steam leak adjacent to the boiler plant in Hagerstown, Maryland.

Procurement Method: Emergency

Bidders: Callas Contractors, Hagerstown MD
D.L. George & Sons, Waynesboro, PA

Time & Materials Rates Sheet

Emergency Declared: March 24, 2020

Award: Callas Contractors
Hagerstown, MD

Award Date: March 26, 2020

Amount: $49,160.00 (original scope of work)
$105,216.44 (change order for additional repairs)
$154,376.44

Fund Source: FY20, PCA R2420 AOBJ 8125

Term: 30 Calendar Days

MBE Participation: None

Remarks:
Nature of Emergency: There was a major condensate/steam leak adjacent to the boiler plant at the MCTC in Hagerstown Maryland that required immediate repair. This project is vital to the operation of the Boiler Plant which supplies heat and hot water to the Hagerstown Correctional Complex including the Central Kitchen and the MCE Laundry facility.
A4. DEPARTMENT OF PUBLIC SAFETY AND CORRECTIONAL SERVICES
(cont’d)
Division of Corrections

Remarks (cont’d):
Basis for Selection: Callas Contractors had lower time and material rates and was able to meet the timeframe required of the emergency.

Reason for late report: As the condensate line was further excavated additional leaks were discovered and a change order was issued for additional repairs for the value listed above. The repairs are now complete.

**Remarks:**

*Nature of Emergency – COVID-19:* A State of Emergency was declared by Governor Lawrence Hogan on March 5, 2020 in response to the COVID-19 pandemic. This required immediate action to protect the citizens, law enforcement and public safety staff, medical staff, and inmates within the correctional institutions as the COVID-19 pandemic began spreading across Maryland. A comprehensive effort made by the Department of General Services (DGS), the Emergency Management Agency (MEMA), the Department of Health (MDH), and the
A5. DEPARTMENT OF PUBLIC SAFETY AND CORRECTIONAL SERVICES
(cont’d)
Division of Corrections

Remarks (cont’d):
Department of Public Safety and Correctional Services (DPSCS), and other State agencies has resulted in numerous emergency procurements. At the beginning of April, the state hospital surge task force reviewed projected bed space models and as a result determined it was in the best interest for the state’s health, safety and welfare to designate tent sites for the DPSCS to care for patients under the Department’s supervision in order to avoid placing unnecessary burden on local hospitals and to provide the best care for the population without additional possible exposures in a hospital setting. Tent sites were planned at Jessup Correctional Institution and Maryland Correctional Institution – Hagerstown in conjunction with healthcare planners in contract with the MDH and a 40-bed tent site was planned at Eastern Correctional Institution. Installation of power was initiated immediately due to not having available power on this site at the Eastern Correctional Institution. This contract included providing installation of electrical power, three-months’ rental of a 1000 kVA transformer and three-months’ rental of a 1000 kVA generator to support the planned ECI tents. The original award included a three-month’s rental of the equipment. Subsequent to the award of this contract, the work was completed, and then due to changes in the healthcare model with less COVID-19 cases on the Eastern Shore, the tent site was cancelled. The contractor was instructed to remove the conduit and rental equipment and the purchase orders were closed out for the expended amount listed above.

Additionally, the Department will be seeking federal reimbursement under the Coronavirus Emergency Supplemental Funding program. This program provides reimbursement for addressing inmate medical needs in state and local prisons, jails, and detention centers.

Basis for Selection: Due to the COVID-19 pandemic and subsequent State of Emergency declared by Governor Larry Hogan, the immediate need for utilities to the tent sites did not allow for sufficient time to competitively procure necessary services. DPSCS compared availability of contractors, ability to respond in a timely fashion, terms, and pricing to market conditions and made procurement decisions to meet the overwhelming demand for the sites to be operational as soon as possible to alleviate the demand load on the local hospitals and to care for those under DPSCS supervision within the facilities. John W. Tieder, Inc. is a local company in Cambridge and was able to respond immediately to the emergency.

Remarks (cont’d):  
At the beginning of April, the state hospital surge task force reviewed projected bed space  
models and as a result determined it was in the best interest for the state’s health, safety and  
welfare to designate tent sites for the DPSCS to care for patients under the Department’s  
supervision in order to avoid placing unnecessary burden on local hospitals and provide the best  
care for the population without additional possible exposures in a hospital setting. The  
Department of General Services procured the tents and additional utility installations were  
required at the sites in order for the tent sites to function properly.

The Department has determined that there is an urgent need to provide utility services to the sites  
where DGS was installing the tents. As the construction on the site progressed, additional  
requirements became known. The first purchase order was for regular power to be brought to the  
site for the five 10-bed tents. The second purchase order was for data line conduit to be installed  
connecting the tents for data service and for power installation for the staff mobile restrooms.  
The third purchase order was for a three-month rental of two generators for emergency back-up  
power in the event the regular power was to fail.

Additionally, the Department will be seeking federal reimbursement under the Coronavirus  
Emergency Supplemental Funding program. This program provides reimbursement for  
addressing inmate medical needs in state and local prisons, jails, and detention centers.

Basis for Selection: Due to the COVID-19 pandemic and subsequent State of Emergency declared  
by Governor Larry Hogan, the immediate need for utilities to the tent sites did not allow for  
sufficient time to competitively procure necessary services. DPSCS compared availability of  
contractors, ability to respond in a timely fashion, terms, and pricing to market conditions and  
made procurement decisions to meet the overwhelming demand for the sites to be operational as  
soon as possible to alleviate the demand load on the local hospitals and to care for those under  
DPSCS supervision within the facilities. GSS was the only contractor available who had access to  
the correctly sized transformer required for this site. GSS was able to provide a quote the same  
day and mobilize immediately upon award.

Remarks:

Nature of Emergency – COVID-19: A State of Emergency was declared by Governor Lawrence Hogan on March 5, 2020, in response to the COVID-19 pandemic. This required immediate action to protect the citizens, law enforcement and public safety staff, medical staff, and inmates within the correctional institutions as the COVID-19 pandemic began spreading across Maryland. A comprehensive effort made by the Department of General Services (DGS), the Emergency Management Agency (MEMA), the Department of Health (MDH), and the Department of Public Safety and Correctional Services (DPSCS), and other State agencies has resulted in numerous emergency procurements.

At the beginning of April, the state hospital surge task force reviewed projected bed space models and as a result determined it was in the best interest for the state’s health, safety and welfare to designate hospital tent sites for the Department to care for patients under the Department’s supervision in order to avoid placing unnecessary burden on local hospitals and provide the best care for the population without the possibility of additional exposure in a hospital setting. The Department of General Services procured the tents, however additional amenities, such as staff restrooms, were required at the tent sites in order to function properly. The Department has determined that there is an urgent need to provide a mobile restroom rental unit for medical and correctional staff on the Jessup Regional Infirmary Annex site, which was not provided for inside the tents, and which required site preparation prior to the delivery of the mobile restroom on May 4, 2020 and following the delivery for final plumbing connections, which occurred on May 8, 2020.

Additionally, the Department will be seeking federal reimbursement under the Coronavirus Emergency Supplemental Funding program. This program provides reimbursement for addressing inmate medical needs in state and local prisons, jails, and detention centers.

Basis for Selection: Due to the COVID-19 pandemic and subsequent State of Emergency declared by Governor Larry Hogan, the immediate need for site preparation for staff restrooms at the tent sites did not allow for sufficient time to competitively procure necessary services. Brawner Builders Inc. contractors were already on site, installing asphalt paths, potable water, and sewer lines for the 10-bed tents under the DGS contract, and therefore were able to meet the needs of the emergency connections for the mobile restrooms immediately.

The Department of General Services procured the tents and additional utility installations were required at the sites in order for the tent sites to function properly.

The Department has determined that there is an urgent need to provide utility services to the sites where DGS was installing the tents. No power existed on this site at the Maryland Correctional Institution – Hagerstown. This contract included providing switchgear, low voltage electrical power, and a rental generator including one month’s rent to support the MCI-H five 10-bed tents.

Additionally, the Department will be seeking federal reimbursement under the Coronavirus Emergency Supplemental Funding program. This program provides reimbursement for addressing inmate medical needs in state and local prisons, jails, and detention centers.

Basis for Selection: Due to the COVID-19 pandemic and subsequent State of Emergency declared by Governor Larry Hogan, the immediate need for utilities to the tent sites did not allow for sufficient time to competitively procure necessary services. DPSCS compared availability of contractors, ability to respond in a timely fashion, terms, and pricing to market conditions and made procurement decisions to meet the overwhelming demand for the sites to be operational as soon as possible to alleviate the demand load on the local hospitals and to care for those under DPSCS supervision within the facilities. Ellsworth Electric is a local company in Hagerstown who was already working on site for the Department of General Services and was able to respond immediately to the emergency.

*Division of Corrections*

**Contract # ID:** Underground Steam Line Repairs at the Jessup Correctional Institution (JCI), Jessup, Maryland  
Contract No. KJ-001-200-C07; ADPICS No. Q00P0607593

**Contract Type:** Construction

**Description:** Provide all supervision, labor, equipment, and materials necessary to repair six (6) underground expansion joints and steam traps that are leaking.

**Procurement Method:** Emergency

**Bidders:**
- Mitchell Plumbing and Heating, *Baltimore, MD*  
  $599,900
- M&M Welding & Fabrication, *Mt. Airy, MD*  
  $689,000

**Emergency Declared:** March 24, 2020

**Award:** Mitchell Plumbing and Heating, Inc.  
*Baltimore, MD*

**Award Date:** May 26, 2020

**Amount:** $599,900

**Fund Source:** FY20 General Funds, PCA S1410 AOBJ 1416

**Term:** 120 Calendar Days

**MBE Participation:** 20% MBE Goal

**Remarks:**

*Nature of Emergency:* Steam leaks are causing the JCI boiler plant to run an excessive amount of water to produce steam, hot water and heat to JCI and MCI-J. This project is vital to the safety and operation of JCI and MCI-J and it requires repair in order to cut back on the local utility water use and provide productive and efficient energy savings for JCI Boiler Plant.

*Maryland Transit Administration*

**Contract ID:** Surgical Masks  
ADPICS No. P5013619

**Contract Type:** Equipment

**Description:** Provide the Maryland Department of Transportation Maryland Transit Administration (MDOT MTA) with surgical masks to protect MDOT MTA employees from the COVID-19 virus.

**Procurement Method:** Emergency

**Emergency Declared:** March 17, 2020

**Award:** Neopart Transit LLC, Reading, PA

**Award Date:** April 14, 2020

**Amount:** $90,210

**Term:** One-time purchase, Delivery Date of 04/15/2020

**MBE Participation:** 0%

**Fund Source:** 100% Special (Transportation Trust Fund)

**Remarks:**  
*Nature of Emergency – COVID-19:* On March 5, 2020 Governor Hogan declared a state of emergency to respond to the outbreak of the COVID-19 virus. MDOT MTA quickly identified that the agency needed Personal Protective Equipment (PPE) to protect its employees from the virus.

*Basis for Selection:* MDOT MTA’s Office of Procurement communicated with dozens of vendors, both local and non-local. Many vendors requested payment in advance, were unable to guarantee a delivery schedule, or no longer had the desired product available.

MDOT MTA requested Neopart Transit LLC to submit a bid for 93,000 surgical masks. Neopart Transit LLC was directly solicited due to having available stock in the United States and the firm’s previous experience with providing equipment to MDOT MTA in a timely matter and at an affordable price.

A11. **DEPARTMENT OF TRANSPORTATION** *(cont’d)*  
*Maryland Transit Administration*

**Remarks:**  
*Nature of Emergency – COVID-19:* On March 5, 2020 Governor Hogan declared a state of emergency to respond to the outbreak of the COVID-19 virus. In anticipation of a directive from the Governor that non-essential State employees would soon begin working remotely, MDOT MTA started to put contingency plans in place.

MDOT MTA immediately identified that additional Nutanix servers would be needed due to the majority of MDOT MTA’s staff working remotely.

*Basis for Selection:* MDOT MTA developed a Purchase Order Request for Proposals (PORFP) and six contractors were directly solicited on April 3, 2020. Four proposals were received on April 7, 2020 and evaluated. A contract was awarded to CAS Severn, Inc. as having the more advantageous offer for the State.

The contractor will provide Nutanix VDI equipment to support MDOT MTA’s infrastructure, along with the installation of the hardware and software. The contract also includes five years of 24/7 technical support.

**MBE Participation:**  0%

**Fund Source:**  100% Special (Transportation Trust Fund)
Remarks:
Nature of Emergency – COVID-19: On March 5, 2020 Governor Hogan declared a state of emergency to respond to the outbreak of the COVID-19 virus. On March 25, 2020, Maryland’s Department of Budget & Management (DBM) released its “Access Protocols for All State Operated Facilities and Buildings” that stated that building entry protocol must be put into place in every State agency to protect employees, visitors, and those in the care and custody of the State. All individuals entering all State-operated facilities must be asked initial screening questions.

As a result of DBM’s protocols, MDOT MTA developed a scope and an Invitation for Bids (IFB). The contractor would provide staff to be stationed at MDOT MTA facilities and buildings to protect employees from individuals with COVID-19 or COVID-19 related symptoms by completing the following tasks:

- screen entrants;
- ask the initial screening questions;
- complete the brief questionnaire for every person entering the facility; and
- record & save the answers from the questionnaire.

Two contractors were directly solicited and the IFB was released on March 31, 2020. The bid opening was conducted on April 1, 2020 and Contract No. AGY-20-008-ER was awarded on April 2, 2020 (Reported as Emergency Procurement Report A12 on the June 3, 2020 BPW Agenda).

Shortly after the service began, MDOT MTA required a change to the scope of work. The revised scope of work requires the contractor to schedule, monitor, and supervise the personnel screening individuals entering MDOT MTA facilities and buildings.

Contract No. AGY-20-008-ER’s awardee notified MDOT MTA that the firm could not meet the needs of the contract per the revised scope. On April 28, 2020, MDOT MTA terminated Contract No. AGY-20-008-ER.

Basis for Selection: MDOT MTA developed an IFB with the revised scope of work and directly solicited contractors. The IFB was released on April 8, 2020 at 11:35 a.m. and the bid opening was conducted on April 8, 2020 at 4:00 p.m. Three bids were opened with Trust Consulting Service, Inc. submitting the apparent lowest bid.
A12.  **DEPARTMENT OF TRANSPORTATION** *(cont’d)*  
*Maryland Transit Administration*

*Remarks (cont’d):*
A vendor filed a protest asserting that the firm did not have adequate notice of the IFB, nor time to submit a bid. MDOT MTA found this assertion to be erroneous because emergency procurements do not need to satisfy all regulatory requirements for a formal IFB, including the bidding time minimum. MDOT MTA denied the protest and an appeal was not filed.

Trust Consulting Service, Inc. is a State-certified Veteran-Owned Small Business Enterprise.

| Contract ID: | Light Rail Culvert Replacement - 204S  
ADPICS No. T08562740R |
| Contract Type: | Construction |
| Description: | Replacement of a culvert pipe at chain marker 204S along the Light RailLink line. |
| Procurement Method: | Emergency |
| Emergency Declared: | February 27, 2020 |
| Award: | Rhinehart Railroad Construction, Inc., *Fallston, MD* |
| Award Date: | April 17, 2020 |
| Amount: | $1,122,742 |
| Term: | 04/17/2020 – 10/14/2020 |
| Bids: | Rhinehart Railroad Construction, Inc.  
*Fallston, MD*  
$1,122,742  
Brawner Builders, Inc.  
*Hunt Valley, MD*  
$1,346,650 |
| MBE Participation: | 0% |
| Fund Source: | 100% Special (Transportation Trust Fund) |

**Remarks:**  
*Nature of Emergency:* After inspecting and monitoring a culvert under the Light RailLink line near the Baltimore Highlands station at chain marker 204S, MDOT MTA confirmed that the culvert pipe was deteriorating. MDOT MTA determined that an emergency procurement was necessary because there was the possibility of a collapse at any point in time due to the condition of the pipe, threatening the stability of the Light Rail tracks in this location.

A14. DEPARTMENT OF PUBLIC SAFETY AND CORRECTIONAL SERVICES  
Office of Inmate Health Services (cont’d)

Remarks:

Nature of Emergency – COVID-19: As a result of the COVID-19 pandemic, additional medical services and safety measures must be taken for all inmates’ medical needs. In response to the COVID-19 emergency, the Department has determined additional medical services and comprehensive measures are required to ensure the safety and wellbeing of the inmates, medical staff of DPSCS and the Contractor, and all directly impacted DPSCS employees. These additional services will incur costs of $3,224,497.80 per month – a 30% increase to the current monthly fee – for a 6-month period (March 16 – September 15, 2020), and optionally for an additional period from September 16, 2020 through December 15, 2020, should Maryland’s declaration of emergency still exist beyond the initial six-month period.

In accordance with the terms of the contract, the contractor is responsible for providing all emergency medical care services to the inmate population. However, the contractor could not anticipate nor foresee the operational and financial impact the COVID-19 pandemic would have on providing comprehensive medical care services to the inmate population. Based on the COVID-19 emergency, the Department has determined that additional safety measures and medical services are required in order to ensure the safety and wellbeing of the Department’s inmate population.

The additional safety measures and medical services include, but are not limited to, additional staffing, overtime, personal protective equipment, and other medical supplies such as testing kits, masks, no-touch thermometers, etc. Although normal medical operations continue, the burn rates are higher than anticipated. This is due to enhanced services necessary to combat COVID and suspected COVID-19 inmates, as well as, increased costs associated with the current marketplace. The Department was fortunate to lock in this rate early.

Additionally, the Department will be seeking federal reimbursement under the Coronavirus Emergency Supplemental Funding program. This program provides reimbursement for protective medical equipment and addressing the inmate medical needs in state and local prisons, jails and detention centers.

**BOARD OF PUBLIC WORKS**

THIS ITEM WAS: **APPROVED**

**WITH DISCUSSION**
9A. DEPARTMENT OF NATURAL RESOURCES
Maryland Environmental Trust

Recommendation: That the Board of Public Works approve the following Amendment to Deed of Conservation Easement.

Property: 174.62 acres, Caroline County, 3186 Choptank Road, Preston
Caroline County Tax Map 0058, Parcel 0009, Legislative District 37B

Grantors: Stuart R. Coulbourne and Walter T. Coulbourne

Grantees: Maryland Environmental Trust and the Eastern Shore Land Conservancy, Inc.

Easement Record: Deed of Conservation Easement dated October 23, 2003 and recorded in the Land Records of Caroline County in Liber 515, Folio 680.

Background: Reference is made to Item 7 on the Secretary’s Agenda of November 12, 2003 in which the Board of Public Works approved the donation of a conservation easement to Maryland Environmental Trust by Rudolph Coulbourne and Mildred Coulbourne.

Project Description: The purpose of the Amendment to Deed of Conservation Easement is to:
1) extinguish one residential right; 2) change the allowed division from minimum-sized lot with a residence to a 76+/- acre agricultural lot without a residence; and 3) include certain standard provisions now contained in new conservation easements accepted by the Grantees.

Proposed Action: The proposed amendment strengthens conservation of the property by extinguishing one of the two residential rights allowed by the original conservation easement.

3-C-BP. UNIVERSITY OF MARYLAND, BALTIMORE for TOWSON UNIVERSITY
University Union Expansion and Renovation-Bid Package 6 of 6

Contract ID: Construction Management at Risk Services for University Union Expansion and Renovation University; Contract #C-00813

Contractor: The Barton Malow Company, Baltimore, MD

Prior Approval:
- USM Item 2-C 12/21/2016 (pre-construction services)
- USM Item 2-C-BP 10/3/2018 (Bid Package 1)
- USM Item 5-C-BP 11/14/2018 (Bid Package 2)
- USM Item 1-C-BP 12/19/2018 (Bid Package 3)
- USM Item 6-C-BP 1/23/2019 (Bid Package 4)
- USM Item 2-C-BP 6/5/2019 (Bid Package 5)

Project: The comprehensive renovation and expansion of the Union Building to achieve the University’s vision for developing a more engaging, student-focused facility that supports the campus community. The secondary objective is to address the substantial deferred maintenance backlog in the existing building.

The University anticipated awarding six Bid Packages to the contractor for the construction phase. Estimated construction cost is $91.2 million.

The overall project estimate is $108.77 million which includes design, construction and equipment.

This Bid Package Amount: $2,198,228

Amount Pre-Construction; Bid Package 1-5; USM Authorized Changes: $92,766,876

Revised Amount: $94,965,104

Original Contract Term: 23 months from pre-construction notice-to-proceed; 36 months from construction notice-to-proceed
3-C-BP. UNIVERSITY OF MARYLAND, BALTIMORE for TOWSON UNIVERSITY (cont’d)
University Union Expansion and Renovation-Bid Package 6 of 6

**MBE Participation:** 30%
Subgoals: 7% African-American Owned
4% Asian-American Owned

**MBE Compliance:** 35.9%
Subgoals: 7% African-American Owned
11% Asian-American Owned

**Performance Security:** 100% performance bond is required

**Requesting Institution Remarks:** The Construction Management at Risk contract was initially awarded for pre-construction. As design progresses and design information becomes available, the contractor sequentially and competitively bids construction packages. This is the sixth and final bid package. This Bid Package MBE participation is 98.38%.

**Sustainability:** In accordance with the Maryland High Performance Building standard, The Towson University Union Renovation and Expansion is targeting LEED Gold Certification. The project will achieve this through an integrated, holistic building design.

- The campus infrastructure, location, policies, and amenities discourage single-occupant vehicle use and promote alternative transportation such as bicycling, walking, and the use of public transit and the University shuttle.
- 54% of the project site is preserved as usable open space to ensure the function of integral ecosystem services, including the moderation of local temperature to reduce the heat island effect while providing occupants with meaningful connections to nature.
- The project has reduced indoor water use by 41% through thoughtful fixture selection. The selection of native and adaptive plant species eliminates the need for permanent irrigation of any outdoor spaces.
- The University Union has reached a modeled energy cost savings of 23%. This level of efficiency is attributed to the HVAC system selection, envelope design and insulation, choice of glazing, thoughtful lighting selection, and the building automation system’s ability to coordinate equipment use with occupancy patterns.
- Product sourcing will achieve an aggregate recycled content and regional content each comprised of at least 20% of the materials cost of the project. Low-VOC building materials have been selected.
- Demolition and construction waste diverts a target rate of 75% by recycling waste materials from the landfill.

1-GM. MARYLAND AVIATION ADMINISTRATION

General/Miscellaneous: Commercial Flight Operations Contract

**Contract Description:** The CFO Contract is the primary contractual agreement offered to air carriers at BWI Thurgood Marshall which are not signatory to the approved Use and Lease Agreement (ULA).

**Contractor:** All Airlines authorized by Maryland Department of Transportation Maryland Aviation Administration (MDOT MAA) to conduct commercial flight operations at BWI Thurgood Marshall. (*List of current Contractors is provided on the Attachment*).

**Contract Term:** The term of the CFO contract shall terminate 06/30/2027.

**Amount:** The ULA establishes the methodology for calculating airport standard rates and charges. The Use and Lease Agreement identifies the non-signatory airline rate of 125% of the signatory rate for landing fees, and BWI Marshall Airport’s Tenant Directive 401.1 establishes the non-signatory fees and charges pursuant to the 125% rate. This conforms with industry practice.

MDOT MAA projected fiscal year (FY) 2021 rates and charges for signatory and non-signatory airlines include:

<table>
<thead>
<tr>
<th></th>
<th>Signatory Airline</th>
<th>Non-Signatory Airline</th>
</tr>
</thead>
<tbody>
<tr>
<td>Landing rates</td>
<td>$4.23 per 1,000 pounds of landed weight</td>
<td>$5.29 per 1,000 pounds of landed weight</td>
</tr>
</tbody>
</table>

MDOT MAA will adjust rates and charges annually during the term of the contract based on airport operating and maintenance costs (O&M) and capital expenses (and may adjust more often based on 5% or greater variance from the projections used to set the rates and charges for FY2021) using the methodology established in the ULA.

**Requesting Agency Remarks:** The new Standard CFO Contract replaces the Standard CFO Contract that was approved by the Board of Public Works as DOT/MAA Item 19-GM on May 21, 2003.
1-GM. MARYLAND AVIATION ADMINISTRATION (cont’d)

Agency Remarks (cont’d):

In the event MDOT MAA changes any provision in the Standard CFO, MDOT MAA will present the resulting contract to the Board of Public Works for its approval. If the Standard CFO is used, the MDOT MAA is delegated the authority to enter into new CFO Contracts, under the same terms and conditions noted above, without Board approval.

This type of revenue-producing contract at a transportation facility is outside the scope of the State Procurement Law (State Finance and Procurement Article §11-202(3); COMAR 21.01.03.03.B(1)(d). However, the contract and any modifications must be approved by the Board of Public Works because the contract constitutes a lease and use of State Property under State Finance and Procurement Article, §10-305.

General/Miscellaneous: Conduct of Ground Handling Service Contract

**Contract Description:** Standard Contract grants the Contractor the non-exclusive right to provide ground handling services to air carriers at BWI Thurgood Marshall.

**Contractor:** All Contractors authorized by Maryland Department of Transportation Maryland Aviation Administration (MDOT MAA) to conduct ground handling services at BWI Thurgood Marshall. *(List of current Contractors is provided on the Attachment)*.

**Contract Term:** Maximum three-year term

**Amount:** Contractor pays 5% of gross revenues from the sale of Ground Handling Services at BWI Thurgood Marshall and 95% of all collected Aircraft Landing and Parking fees. The average estimated annual revenue from ground handling contracts is $3,000,000.00.

**Requesting Agency Remarks:** The new Standard Ground Handling Contract replaces the Air Freight Ground Handling Contract that was approved by the Board of Public Works as DOT/MAA Item 6-GM on November 24, 1993.

Ground handling services include but are not necessarily limited to, fueling services; loading and unloading of passengers, baggage and freight into aircraft; providing passenger service agents; assisting in processing of passengers and crews; furnishing and operating power units, air start units, generators, baggage carts, tugs, forklifts, service trucks, passenger vehicles and other equipment in support of aircraft operations; aircraft cleaning and lavatory service activities; deicing; and aircraft maintenance activities.

In the event MDOT MAA changes any provision in the Standard Ground Handling Contract, MDOT MAA will present the resulting contract to the Board of Public Works for its approval. If the Standard Ground Handling Contract is used, MDOT MAA is delegated the authority to enter into new Ground Handling Contracts, under the same terms and conditions noted above, without Board approval.

This type of revenue-producing contract at a transportation facility is outside the scope of the State Procurement Law (State Finance and Procurement Article §11-202(3); COMAR

General/Miscellaneous: Lease of Space and Facilities Contract

**Contract Description:** Standard Lease for Space and Facilities in the Terminal Building is the primary contractual agreement offered to airlines who are not signatory to the Use and Lease Agreement (ULA) and non-airline tenants desiring to lease terminal building space. The Standard Lease for Space and Facilities in the Terminal Building is also offered to signatory airlines desiring to lease terminal building space at BWI Thurgood Marshall for a term expiring prior to the expiration date of the ULA.

**Contractor:** All Airline and non-airline tenants at BWI Thurgood Marshall.  
*List of current Contractors is provided on the Attachment.)*

**Contract Term:** Maximum five-year term

**Amount:** Contractor pays a per square foot per annum rate for Terminal Space in accordance with the BWI Thurgood Marshall Tenant Directive 401.1 rates and charges.

The ULA establishes the methodology for calculating airport standard rates and charges. The Use and Lease Agreement identifies the non-signatory airline rate of 125% of the signatory rate for terminal space rental, and BWI Thurgood Marshall’s Tenant Directive 401.1 establishes the non-signatory fees and charges pursuant to the 125% rate. This conforms with industry practice.

The Maryland Department of Transportation Maryland Aviation Administration (MDOT MAA) will adjust rates and charges annually during the term of the contract based on airport operating and maintenance costs (O&M) and capital expenses (and may adjust more often based on 5% or greater variance from the projections used to set the rates and charges for FY2021) using the methodology established in the ULA.

**Requesting Agency Remarks:** The new Standard Lease Contract for Space and Facilities in the Terminal Building replaces the Standard Lease Contract for Space and Facilities in the Terminal Building that was approved by the Board of Public Works as DOT/MAA Item 18-GM on May 21, 2003.

In the event MDOT MAA changes any provision in the Standard Lease Contract for Space and Facilities in the Terminal Building, MDOT MAA will present the resulting contract to the Board of Public Works for its approval. If the Standard Lease Contract for Space and Facilities in the Terminal Building is used, the MDOT MAA is delegated the authority to enter into the contract, under the same terms and conditions noted above, without Board approval.

Living Wage Eligible: Yes

MBE Participation: 0%

Performance Security: None

Incumbent: Environmental Quality Resources, LLC

Requesting Agency Remarks: This solicitation was advertised on eMaryland Marketplace Advantage and on the Maryland Department of Transportation Maryland Aviation Administration’s (MDOT MAA) Website. A total of eight bids were received of which four are certified small businesses.

This contract will allow MDOT MAA to meet the US Army Corps of Engineers and the Maryland Department of Environment permit requirements for maintaining the Stream and Wetland Mitigation Restoration project that was part of the Runway Safety Area Improvements Program at BWI Thurgood Marshall Airport. MDOT MAA is required to monitor the mitigation site and demonstrate that MDOT MAA has the capability to provide maintenance and repairs to the stream restoration mitigation site.

The contract award amount is based on the final budget amount. The Contractor does not have a guaranteed minimum or maximum amount, except for the overall budget limitation. The total award issued under this contract will not exceed $350,000. The representative bid pricing is based on fixed unit pricing for all equipment, material and labor rates that may be needed throughout the duration of the contract. The contractor is bound by his unit pricing.

6-M. MARYLAND AVIATION ADMINISTRATION

Maintenance Contract

ADPICS NO.: MAAMC21015

Contract Description: This contract provides for all necessary supervision, labor, test equipment, materials, tools, insurance, and experience to ensure the proper operation of the automated parking guidance system for approximately 12,005 parking spaces between the hourly and daily parking garages at BWI Thurgood Marshall Airport.

Award: ITnova, LLC

Glen Burnie, MD

Contract Term: 07/02/2020* - 07/01/2025 (*or earlier upon BPW Approval)

Amount: $6,699,574 NTE

Procurement Method: Competitive Sealed Multi-Step Bid (Single Bid Received)

Bids: ITnova, LLC

Glen Burnie, MD

Living Wage Eligible: Yes

MBE Participation: 0% (Single Element of Work)

Performance Security: 50% Performance Bond (Annualized)

Incumbent: Skyline Technology Solutions, LLC

Requesting Agency Remarks: As the Airport evolves to meet the challenges of increasing security checks, decreasing parking revenue and maintaining BWI Thurgood Marshall “Easy Come Easy Go”, brand the APGS plays a critical role in allowing the travelling public to easily locate open parking spaces and move in and out of the terminal quickly. The benefits of the APGS includes reducing public stress, increasing boarding efficiency and reducing missed flights. The APGS system differentiates the Airport parking garages with other available parking options by providing increased time savings for BWI Thurgood Marshall and customers alike.
Agency Remarks (cont’d):

The maintenance and repair services for APGS was originally procured under the Consultant and Technical Services (CATS) contract. However, since the CATS contract only had one vendor capable of performing the services, DoIT advised the Maryland Department of Transportation Maryland Aviation Administration (MDOT MAA) to procure the services as a standalone procurement.

MDOT MAA advertised a procurement for the Automated Parking Guidance System Maintenance and Repair at BWI Thurgood Marshall in September 2019. MDOT MAA received three bids. Two of the bidders did not meet the technical requirements, therefore the bids were rejected leaving one responsive bid. MDOT MAA cancelled the procurement and amended the technical requirements in an attempt to foster more competition. The solicitation was re-advertised on eMaryland Marketplace Advantage March 2020. MDOT MAA sent four direct solicitations to known authorized companies.

A single bid was received by the due date and time. MDOT MAA reached out to potential bidders to inquire why no bid was submitted. One bidder bid as a sub to ITnova. The incumbent contractor decided not to bid due to the dire economic outlook of the State and they did not want to tie up valuable resources on a time and material contract with no guarantee of money.

MDOT MAA compared the labor rates from ITnova’s bid to the labor rates in the cancelled procurement as well as the labor rates in the existing contract and found ITnova pricing to be lower than both previously bid procurements. MDOT MAA also compared the pricing to a 2018 NW Arkansas Regional Airport (XNA) for Schick APGS maintenance services and determined ITnova labor pricing is less. ITnova has confirmed their bid pricing. For the reasons stated above, MDOT MAA has determined ITnova’s price to be fair and reasonable.

The contract amount is based on the final budget amount. The Contractor does not have a guaranteed minimum or maximum amount, except for the overall budget limitation.

MBE Participation: 26%

VSBE Participation: 2%

Performance Security: 100% Performance Bond

Requesting Agency Remarks: This solicitation was published by the Maryland Department of Transportation Maryland Port Administration (MDOT MPA) on October 31, 2019, on
Agency Remarks (cont'd):

eMaryland Marketplace Advantage, which notified 280 firms, and MDOT MPA directly solicited 15 firms. A copy of the solicitation was also provided to the Governor’s Office of Small, Minority and Women Business Affairs and shared with the Maryland Minority Contractors Association and the Md. Washington Minority Companies Association. Five firms submitted proposals.

The scope of this contract includes all work associated with the reconstruction of Berth 3, including the demolition and removal of approximately 24,890 square feet of pile-supported wharf and the construction of approximately 47,815 square feet of new marginal wharf at Berth 3 and part of Berth 2. This award was approved by the Maryland Port Commission on June 2, 2020.

Cianbro Corporation’s technical proposal demonstrated a comprehensive understanding of contract requirements and offered a superior project team with extensive experience in heavy marine and waterside construction. The lowest-price offer was not considered most advantageous because of its lower technical ranking (3d) and because a number of the item prices proposed were unusually high or low raising the possibility of post-award claims. The offeror that submitted the lowest-price offer performed the MDOT MPA’s last berth reconstruction project and submitted claims based on construction conditions and volumes of material and work that it alleged were different from those assumed at the time the offer was prepared. Anticipating and seeking to reduce the possibility of similar claims on this project, the MDOT MPA asked all offerors to explain the pricing of certain line items, including all assumptions made in the pricing. The offeror who made the lowest-priced offer stated that it made no assumptions as to some important line items, leading MDOT MPA to conclude that the offeror may have underpriced certain line items which could result in claims for additional compensation, as occurred on the prior project.

MDOT MPA’s Resiliency Program for Dundalk Marine Terminal includes the construction of an integral, concrete sea curb around the entire terminal. This sea curb will be constructed at the outer face of the wharf structure to protect against future storm surge and sea level rise. The top of the sea curb will be at elevation 10.83 feet above Mean Lower-Low Water, approximately 2.5 feet higher than the existing deck elevation. Construction of the sea curb around Berth 3, the first phase of the sea curb construction, is included in the scope of this contract. The sea curb will be included in future contracts for reconstruction of the other berths at the terminal. In the case of recently reconstructed berths, such as Berths 4 through 6, the wharf structures will be retrofitted in the future to add the sea curb, until the entire terminal is protected.

Additional elements of MDOT MPA’s Resiliency Program include: future construction of storm drain pumping stations with backflow preventers, to pump storm water from the terminal while preventing backflow into the terminal; and a new storm drain box culvert to convey storm water from the terminal in lieu of the current, inadequately-sized, Baltimore City culvert.

Performance Security: 100% Performance Bond

Requesting Agency Remarks: This solicitation was published by the Maryland Department of Transportation Maryland Port Administration (MDOT MPA) on November 22, 2019, on eMaryland Marketplace Advantage, which notified 211 firms. A copy of the solicitation was also provided to the Governor’s Office of Small, Minority and Women Business Affairs and shared with the Maryland Minority Contractors Association and the Md. Washington Minority Companies Association. Three firms submitted proposals.

The scope of this contract is to restore the shoreline at Pier 10 at North Locust Point Marine Terminal. The work consists of the bulkhead construction needed to stabilize the existing
8-C. MARYLAND PORT ADMINISTRATION: (cont’d)

Agency Remarks (cont'd):

shoreline at Pier 10, which includes steel h-piles, precast concrete panels, cast-in-place concrete, excavation, fill, and other associated site work. The area near Pier 10 is leased to MDOT MPA tenants. Failure to complete the work promptly will allow further deterioration of the bulkhead and the formation of new sinkholes, creating a risk to life safety and property of tenants and MDOT MPA. The contract will also prevent further sloughing of sediment into Baltimore Harbor.

Marine Technologies, Inc., with the second highest-ranked technical and price proposals, presented the offer most advantageous to the State. Marine Technologies, Inc. provided a comprehensive understanding of the scope of work, a qualified project team with extensive experience in marine and structural work and bulkhead construction, a succinct but comprehensive plan for the completion of the bulkhead reinforcement, and a reasonable price. The technical proposal of the lowest-priced offer demonstrated little or no experience performing waterside work and provided no plan for completion as required.

This award was approved by the Maryland Port Commission on June 2, 2020.

9-S-OPT. **MARYLAND PORT ADMINISTRATION**

**Renewal Option: Services Contract**

**Contract ID:** Security Guard Services; 218001-S  ADPICS No.: CO377455

**Contract Approved:** Item 5-S; 05/16/2018

**Contractor:** Universal Protection Service LLC
dba Allied Universal Security Services
Conshohocken, PA

**Contract Description:** This contract provides the Maryland Department of Transportation Maryland Port Administration (MDOT MPA) with Security Guards at MDOT MPA facilities.

**Option Description:** Exercise the single three-year renewal option and add $1,276,078 to the not to exceed value during the renewal term

**Original Contract Term:** 08/04/2018 – 08/03/2021

**Option Term:** 08/04/2021 – 08/03/2024

**Original Contract Amount:** $ 9,417,036

**Option Amount:** $11,267,781

**Prior Mods/Options:** $ 691,489

**Revised Total Contract Amount:** $21,376,306

**Percent +/- Change:** 120%
**Overall Percent +/-:** 127%

**Original Procurement Method:** Competitive Sealed Proposals

**MBE Participation:** 0% (Single Element of Work)

**Requesting Agency Remarks:** The contract provides that MDOT MPA has one option to renew the contract for three years. The MDOT MPA Security Division has requested that the option be exercised. The contractor has performed the contract well, providing guard staff who are trained beyond the minimum required by the contract and who consistently perform MDOT MPA Security’s Post Orders as required. The contractor has provided professional on-site managers whose communication with MDOT MPA Security is excellent. The contractor’s personnel have
9-S-OPT.  MARYLAND PORT ADMINISTRATION (cont’d)

Agency Remarks (cont’d):

significantly contributed to MDOT MPA maintaining its Excellent security rating by the U.S. Coast Guard. (MDOT MPA has received 11 consecutive annual Excellent security ratings.) Complaints about the contractor’s guard staff have averaged less than one per year.

Due to increased security needs and to meet a mandate of the U.S. Coast Guard to provide seafarer transportation as of June 1, 2020, by Modification No. 1, approved by the Board on April 22, 2020 (Item 3-S-MOD), the not-to-exceed value of the contract was increased by $691,589 ($355,000 to meet increased security demands and $336,489 for seafarer transportation) and seafarer transportation was added to the scope of the contract.

Due to the increased security needs necessitating an increase in the not-to-exceed value during the original term of the contract as provided in Modification No. 1, the not-to-exceed value for the renewal term should be increased in the same proportion (3.77%) as the increase for the initial term, which corresponds to an increase of $376,390 for the renewal term. The contract value during the renewal term should also be increased to cover the cost of providing seafarer transportation during the renewal term. The contractor’s price for supplying an additional guard, payable at the contract rate for a supervisor, and a vehicle, i.e., providing seafarer transportation, for the renewal term, August 4, 2021 through August 3, 2024, is $899,688.

The Maryland Port Commission approved the exercise of this option and the increase in contract value on April 7, 2020.

Requesting Agency Remarks: This solicitation was published on eMaryland Marketplace and in the Daily Record on January 10, 2019. A total of 260 firms were notified via eMaryland Marketplace of which 65 were certified DBEs. A total of 11 engineering consultant firms submitted technical proposals in response to the solicitation.

The contractor will perform architecture and engineering services for MDOT MTA’s Facilities Engineering, ADA and Sustainability Division, on an as-needed task order basis. This will include services related to design and construction for MARC Train, Light RailLink, Metro SubwayLink, CityLink (Bus), LocalLink (Bus), Bicycle, MobilityLink, local transit systems, and other transit related facilities.

These services may include the following types of tasks:

- civil engineering including utilities;
- architecture including interior design and historic preservation;
- structural, mechanical, plumbing, electrical, fire protection landscape and traffic engineering;
- mechanical and plumbing engineering;
- storm water management and erosion & sediment control;
- right-of-way plats and acquisition support;
10-AE.  MARYLAND TRANSIT ADMINISTRATION (cont’d)

Agency Remarks (cont'd):
- trackwork and railway engineering;
- Leadership in Energy and Environmental Design (LEED) analysis, sustainable strategies/energy saving technology reviews;
- traffic studies;
- architecture, landscape architecture, and urban design;
- regional planning assistance;
- mapping and GIS technical support.
- accessibility and ADA;
- provide and implement Quality Control/Quality Assurance, Quality Management plan;
- asset management; and
- construction related services.

The DBE goal established for this contract is 25% and Gannett Fleming, Inc. has committed to the goal.

This contract includes a provision authorizing an extension for a total period no longer than one-third of the base term to spend funds remaining on the contract as provided in Board Advisory 1995-1.

Requesting Agency Remarks: On September 19, 2018, the solicitation was advertised in The Daily Record, on the MDOT SHA web page, and eMaryland Marketplace. A total of 936 firms were notified via eMaryland Marketplace. A total of 633 firms were directly solicited and all were Minority Business Enterprises (MBE’s).

The consultant shall perform traffic engineering studies and corridor analysis, prepare minor functional geometric design, review identified high crash intersections and sections for improvement, and review specific traffic problems to support the Architectural and Engineering needs of SHA District 3. Services to be provided may include traffic engineering studies and analysis to include any necessary field investigations, engineering report preparation, and possibly presentation of results to the public in response to public traffic and safety concerns in support of SHA’s Candidate Safety Improvement, Congested Intersection Improvement, or Crash Prevention Programs. Additional services include geometric survey and design to include drafting and preliminary cost estimating necessary to advance concepts into the design phase and drafting services to provide maps, diagrams, charts and other presentation material as needed to further public outreach efforts. Consultants may be required to provide engineering services on-site at SHA facilities.

16-M–MOD.  **STATE HIGHWAY ADMINISTRATION** (cont’d)

**Agency Remarks:**

On May 23, 2017 the MDOT SHA advertised Contract No. 4280251420 on eMaryland Marketplace (eMM) for Hand Mowing, Trimming and Litter Pick-Up at Various Locations in Anne Arundel County. On June 22, 2017, the MDOT SHA received four (4) competitive sealed bids in response to the solicitation.

The lowest bid, being from P2 Cleaning Services, LLC, in the amount of $216,400.00 for the three (3) year term, was determined by the Procurement Officer to be a responsive and responsible bid. The contract resulting from the solicitation would be for a three (3) year term. The contract was awarded November 1, 2017. It is noteworthy to state that the bid was 24.6% lower than the engineers estimate. The bid analysis determined the major difference was in the provision of a protection vehicle for the various mowing cycles.

During the 2019 mowing season, the MDOT SHA realized that the Annapolis Shop in District 5 had only this contract available against three contracts generally available to them. The Annapolis Shop overspent the Contract Authority by $67,195.00 during the 2019 mowing season, and the amount requested, $28,200.00, will pay for the anticipated services until a new contract is procured. The new contract is anticipated to be available in mid-June 2020. The Annapolis Shop RME has been disciplined and additional measures have been taken to avoid overspending in the future.

RETROACTIVE Modification: Lease and Concession Contract

**Contract Approved:** DOT Agenda 12/03/2014 Item 14 – GM
Supplement No. 1 – Clarified Contract language
DOT Agenda 10/04/2017 Item 19 – GM (Supplement No. 2)
DOT Agenda 09/04/2019 Item 02 – GM (Supplement No. 3)

**Contractor:** SP Plus Corporation
Cleveland, OH

**Contract Description:** Lease and Concession Contract to operate and manage the BWI Marshall Rail Station Parking Garage and Public Automobile Parking Facilities at BWI Marshall Airport.

**Reason For Request:** RETROACTIVE. The Maryland Department of Transportation Maryland Aviation Administration (MDOT MAA) is requesting approval for a modification (Supplement No. 4) to Contract No. MAA-LC-15-022. Due to the COVID-19 pandemic and the detrimental revenue impact to the parking operation, this modification provides retroactive rent relief, extends the Contract Term for one year and alters the financial conditions of the Contract and the conditions for the public parking services. In addition, MDOT MAA is requesting retroactive approval for the ratification to a previously approved Supplement No. 2 in which the fiscal impact in performing the activities within Supplement No. 2 was not disclosed and to comply with the recommendations from an audit performed on this Contract by the Office of Legislative Audits regarding such fiscal impact and activities. Details are noted in this action agenda.

**Original Contract Term:** 01/01/2015 – 12/31/2019

**Modification Term(s):** 01/01/2020 – 06/30/2020 (Supplement No. 3)
07/01/2020 – 06/30/2021 (This modification)

**Original Contract Amount:** Contractor collected on behalf of MDOT MAA, all revenues and monies due and payable for the operation and management of the entire public automobile parking facilities, except for the BWI Marshall Rail Station Parking Garage, which is owned by Maryland Transit Administration (MDOT MTA). The Contractor was required to pay the greater of a Minimum Monthly Guarantee (MMG) of $4,000,000.00 or 87.17% of gross revenues generated from all public automobile parking facilities (except BWI Marshall Rail Station parking facility) at BWI Marshall. The MMG adjusted annually to either 85% of the prior contract year’s concession fees, or $4,000,000.00 MMG, whichever amount is greater.
17-MOD. MARYLAND AVIATION ADMINISTRATION (cont’d)

Original Contract Amount (cont’d):
From revenues, the Contractor retained 12.83% as Contractor’s Operating Fee. For the BWI Marshall Rail Station, MDOT MTA received a separate payment from Contractor based on the same percentage of gross revenues (87.17%) to operate the BWI Marshall Rail Station facilities. There was no MMG established for the MDOT MTA’s BWI Rail Station Facility.

Prior Mods/Options: Supplement No. 1 clarified system requirements for Contractor’s rapid approval credit card system and provided for Contractor’s access to MDOT MAA’s road salt deicing agent inventory. A Supplement No. 2 amended the Contract to implement (1) an Airport Valet Parking Service, and (2) a Frequent Parker Program/Customer Loyalty Program as additional services. A Supplement No. 3 extended the contract term for a period of six (6) months. Revenue for modified term under the Supplemental Contract No. 3 was calculated as the greater of $26,058,000.00 in MMG payments for six months or 87.17% of gross revenues generated from public automobile parking facilities at BWI Marshall Airport.

Revised Total Contract Amount: Due to the COVID-19 impact on the parking operation and revenue, MDOT MAA agreed to suspend Contractor’s required Minimum Monthly Guarantee for the months of March, April, May and June 2020. During this requested term extension under this Contract, neither the Administration nor the Contractor will have a financial obligation to the other. MDOT MAA is seeking approval of a separate contract under an expedited procurement in accordance with COMAR 21.05.06.03B(2) for the management and operation of the BWI Marshall Rail Station parking facility and the public automobile parking facilities at the Airport.

Requesting Agency Remarks: MDOT MAA and SP Plus entered into a revenue producing contract, MAA-LC-15-022, as permitted by COMAR 21.01.03.03B(1)(d)(i), on December 8, 2014, which expires on June 30, 2020.

MDOT MAA was in the process of soliciting a new revenue-producing contract for the parking operation at BWI Marshall, but because of the COVID-19 pandemic and the detrimental revenue impact to the parking operation at BWI Marshall, MDOT MAA desires to enter into a separate expenditure contract for one year with SP Plus to continue to manage the parking operation at BWI Marshall for MDOT MAA. Parking revenue levels post-COVID-19 are insufficient to support the management cost of SP Plus.

During this proposed extension, MDOT MAA will continue its solicitation process for a new revenue-generating parking concession management services contract, anticipating a new Contract in place and effective July 1, 2021.

This extension will also allow MDOT MAA’s request to the Board to retroactively approve the ratification of Supplement No. 2, which will comply with recommendations resulting from an audit that was performed by the Office of Legislative Audits.
17-MOD. **MARYLAND AVIATION ADMINISTRATION (cont’d)**

*Agency Remarks (cont’d):*

According to the audit finding, MDOT MAA authorized reimbursements (deductions from revenues) to the Contractor totaling $1.1 million for construction and related operating expenses under the Concession Contract to develop valet parking facilities. This investment would be reimbursed from revenues resulting from valet parking operations during the contract.

In addition, the MDOT MAA determined that incorporating new digital, mobile technologies and artificial intelligence to support customer loyalty programs (i.e., frequent parking program, FastTrakAVI, reserved parking, and online booking systems) will expedite and enhance the public parking experience and is in the best interest of the traveling public’s airport experience and safety. In accordance with provisions of the original Contract and further addressed in the Supplement No. 2 to the Contract, the MDOT MAA desired to implement the customer loyalty programs and authorized reimbursements (deductions from revenues) to the Contractor totaling $588,000 for six interactive robots and initial software, with ongoing yearly maintenance fees of $141,120, for which the robots will provide guidance, expedited electronic payment method and customer service for patrons utilizing the Airport’s public parking services, facilities, and other amenities of the Airport Terminal Building without the need for direct human-to-human contact.

This Contract modification provides that all improvements, equipment, fixtures and furniture purchased to construct, equip and furnish the valet parking facilities and all physical assets of the six interactive robots purchased by the Contractor and reimbursed by the MDOT MAA for the implementation of the customer loyalty programs, shall become the property of the MDOT MAA under the applicable procurement process and through the appropriate State agency.

MDOT MAA will seek the review and assistance of the Maryland Department of Information Technology (DoIT) to ensure that the six customer service robots are consistent with the Statewide information technology plan established by DoIT. Also, MDOT MAA will seek the review and assistance of the Office of State Procurement (OSP) to ensure that MDOT MAA’s purchase of the equipment and furniture related to the valet services under this Contract comply with State law and DGS policy. Therefore, this Supplement No. 4 will provide MDOT MAA additional time needed to make sure that the reimbursements and purchases identified in the Audit comply with State Procurement Law. Both items will be presented to the BPW for approval with a future request.
17-MOD. **MARYLAND AVIATION ADMINISTRATION** (cont’d)

**Agency Remarks (cont’d):**

In summary, MDOT MAA is requesting:

1) Retroactive approval to suspend Contractor’s minimum monthly guarantee rent from March to June 2020, due to the negative impact of COVID-19 on parking revenues.
2) Retroactive approval of the reimbursements for the construction of the valet parking operation and ratification of Supplement #2 regarding the fiscal impact of the valet parking construction.
3) Retroactive approval of the reimbursements for the purchase of six customer service robots and initial software and the ongoing maintenance.
4) Approval of a contract extension to resolve the OLA audit issues and comply with the OLA recommendations regarding the valet parking construction and purchase of the customer service robots.
5) Approval of a revenue neutral contract during the contract extension and approval of a converting the Contract from a revenue-producing concession to an expenditure contract that is being separately procured.

MDOT MAA apologizes for the oversight of the retroactive items. Measures are being implemented to avoid this in the future.

This type of revenue-producing contract at a transportation facility is outside the scope of the State Procurement Law (State Finance and Procurement Article §11-202(3); COMAR 21.01.03.03.B(1)(d). However, the Contract and any modifications must be approved by the Board of Public Works because the Contract constitutes a lease and use of State property under State Finance and Procurement Article, Section 10-305.

**Resident Business:** Yes

**MD Tax Clearance:** 20-1347-1111
18-EX. MARYLAND AVIATION ADMINISTRATION
Expedited Procurement

EXPEDITED PROCUREMENT REQUEST - (COMAR 21.02.01.05A(3)(b))

Contract Description: The Maryland Department of Transportation Maryland Aviation Administration (MDOT MAA), in accordance with COMAR 21.05.06.03, is requesting approval to proceed with an expedited procurement for the operation and management of the public automobile parking facilities at BWI Thurgood Marshall Airport and BWI Thurgood Marshall Rail Station Parking Garage.

REASON FOR REQUEST:

MDOT MAA is requesting in accordance with COMAR 21.05.06.03B(2) to make a non-competitive source selection and award a contract to SP Plus Corporation for the operation and management of the Public Automobile Parking Facilities at the Airport and BWI Thurgood Marshall Rail Station Parking Garage.

MDOT MAA and SP Plus entered into a revenue producing contract, MAA-LC-15-022, as permitted by COMAR 21.01.03.03(B)(1)(d)(i), on December 8, 2014. This contract expires on June 30, 2020. MDOT MAA was in the process of soliciting a new revenue producing contract for the parking operation at BWI Thurgood Marshall but due to the COVID-19 pandemic and its detrimental impact to parking operations, the revenue that was expected to be earned from the revenue producing contract is no longer available to properly operate and manage the parking facilities and rail garage.

Therefore, MDOT MAA must revise the finance model of the outstanding solicitation in order to reflect current market conditions and to try and get the most advantageous financial arrangement for the State. MDOT MAA has extended the current solicitation process and will not have a new contract in place before June 30, 2020.

To maintain the parking services, MDOT MAA desires to enter into an expenditure contract with SP Plus to continue the management of the parking operation at BWI Thurgood Marshall and the BWI Rail Garage for MDOT MAA. The expenditure contract will be for a term not to exceed one year, commencing July 1, 2020 and ending June 30, 2021 with a thirty-day termination clause. MDOT MAA has the right to terminate this Contract, with no further obligation by the MDOT MAA, in the event the MDOT MAA completes its solicitation process for the parking concession service and makes award of a contract prior to the end of the one-year term of this Contract.
18-EX. MARYLAND AVIATION ADMINISTRATION (cont’d)

Amount: Not to exceed $8,400,000

Procurement Method: Expedited Procurement (Non-Competitive Selection)

Requesting Agency Remarks: Proceeding with this contract as a non-competitive expedited procurement best serves the public interest as it will allow MDOT MAA to assure continuity of public automobile parking concession services for the BWI Thurgood Marshall Airport’s public parking facilities and BWI Thurgood Marshall Rail Station Parking Garage. SP Plus currently holds the revenue producing contract for these services. Due to the COVID-19 pandemic and its detrimental impact to parking operations, the revenue that was expected to be earned from the revenue producing contract is no longer available to properly operate and manage the parking facilities. Awarding this 1-year expenditure contract to SP Plus will allow it to continue providing services to BWI Thurgood Marshall Patrons without any necessary training or gap in services. For these reasons, MDOT MAA recommends approval to proceed with an Expedited Procurement in accordance with COMAR 21.05.06.03.

During the one-year term of this contract, MDOT MAA will continue its solicitation process for a new parking concession services contract. MDOT MAA anticipates having a new concession contract in place and effective July 1, 2021.

SP Plus shall prepare and submit to the MDOT MAA for its review and approval a proposal to operate and manage the parking operation at BWI Thurgood Marshall and BWI Thurgood Marshall Rail Station Parking Garage from July 1, 2020 through June 30, 2021.

MDOT MAA has pledged all present and future public parking revenues, excluding those derived from the operation of the BWI Thurgood Marshall Rail Station Parking Garage, to pay the debt service due on Series 2002 A& B Airport Parking Revenue Bonds and subsequent 2012 A&B Airport Parking Revenue Refunding Bonds (“Bonds”) that were sold by Maryland Department of Transportation Maryland Transportation Authority on behalf of MDOT MAA. The proceeds from the Bond sale were used to finance a number of capital projects that were part of the on-going expansion effort at the Airport, including the construction of the Daily Garage on Terminal Road.

Accordingly, all public automobile parking operating revenues due to the MDOT MAA under this expenditure contract will be paid by SP Plus to MDOT MAA’s Trustee for the bonds unless otherwise directed by MDOT MAA. The Contractor acknowledges that all Concession Fees (revenues) due to MDOT MAA are held in a fiduciary capacity on behalf of and in trust for MDOT MAA and are the property of MDOT MAA regardless of when paid to MDOT MAA or the Trustee or how the Contractor holds such funds. The Contractor will hold all revenues due to MDOT MAA in a custodial capacity and shall not hold or have either an ownership or equitable interest in them. Contractor shall continue to report to the Trustee in accordance with the terms of the expenditure contract.

Contract Description: Master Contract to provide general construction and related services for the Department of General Services in four regions (Central, Eastern, Southern and Western) throughout the State. Individual task orders under this master contract will be competitively bid or awarded by next-firm rotation.

Modification Description: Increase the ceiling of this Master Contract to allow for various task orders executed per Governor Hogan’s Executive Order 01.01.2019.08 – Energy Savings Goals for State Government.
2-C-MOD. **CONSTRUCTION MODIFICATION (cont’d)**

*Original Contract Term:* 03/26/2018 - 03/26/2021 (w/two 1-year renewal options)

*Modification Term:* 07/02/2020* - 03/26/2021 (*or earlier upon BPW approval)

*Original Contract Amount:* $25,000,000

*Modification Amount:* $25,000,000

*Total Contract Amount:* $50,000,000

*Percent +/- (This Item):* 100%

*Total Percent Change:* 100%

*Prior Modifications:* N/A

*Original Procurement Method:* Competitive Sealed Proposals

*MBE/VSBE Participation:* Determined by Task Order

*Requesting Agency Remarks:* A notice of availability of the Request for Proposal was posted on the DGS website and eMaryland Marketplace, electronically notifying 1,889 contractors on July 7, 2017. All 14 firms’ technical and price proposals were found responsible and their bids responsive.

The Department of General Services has begun annual energy audits on two million square feet of State-owned buildings which will identify many cost-effective projects. The firms will employ lighting, HVAC and insulation subcontractors as part of the scope identified through the audits. The additional scope will require a higher ceiling for each firm.

*Fund Source:* Determined by Task Order

*Resident Business:* Yes

3-S. SERVICES CONTRACT
Department of Commerce

**Contract ID:** Not-For-Profit Development Center Program (MNFPDC); T00B0600017
ADPICS No.: T00B0600017

**Contract Description:** Provide a Not-For-Profit Development Center Program (MNFPDC) to foster, support, and assist the economic growth and revitalization of non-profit entities in the State.

**Award:** Maryland Association of Non-Profit Organizations
*Baltimore, MD*

**Contract Term:** 07/02/2020 - 06/30/2021 (w/two 1-year renewal options)

**Amount:**
- $150,000 (Base, 1-year)
- $150,000 (Renewal Option No. 1, 1-year)
- $150,000 (Renewal Option No. 2, 1-year)
- **$450,000 Total**

**Procurement Method:** Competitive Sealed Proposals *(Single Proposal Received)*

**MBE/VOSBE Participation:** 15% / N/A

**Performance Security:** N/A

**Incumbents:** Same

**Requesting Agency Remarks:** The Invitation for Bid was advertised on eMaryland Marketplace Advantage on February 19, 2020. A single bid was received from the incumbent on March 20, 2020. Eight vendors submitted Feedback Response Forms with various reasons for not submitting proposals.

Solicitations for these services have historically at most two proposals. Additionally, the incumbent not only holds an established infrastructure to provide the required services, having done so for years, but also proposed staffing with 5+ years of demonstrated experience and a program component to specifically address the impact of COVID-19 on nonprofits.

Based on the lack of competition in the past and the satisfactory performance of the incumbent, as well as the advanced proposal factors supplied, the Department feels it is in the best interest of the State to award this contract to Maryland Association of Non-Profit Organizations, in lieu of re- advertising this RFP.
3-S. **SERVICES CONTRACT** (cont’d)

*Agency Remarks (cont’d):*

This is value-added assistance that will be provided to the non-profit entities. The Maryland Association of Non-Profit Organizations, prior contract’s pricing and their current financial proposal remains unchanged.

*Fund Source:* 100% Special (SDAT Business Registration Fees)

*Approp. Code:* T00F0011

*Resident Business:* Yes

*MD Tax Clearance:* 20-1039-1100

4-S. **SERVICES CONTRACT**  
*Department of Juvenile Services*

**Contract ID:** Residential Treatment Services and Non-Residential Treatment Services; *See Attachment 1*  
ADPICS No.: *See Attachment 1*

**Contract Description:** Sixteen contracts for licensed contractors to provide residential treatment services and/or non-residential treatment services for youth referred by the Department of Juvenile Services (DJS), who are before the Juvenile Courts. Residential treatment contracts service an average daily population (ADP) of 100 youth. The non-residential treatment contracts provide for an ADP of 90 youth. Committed youth require various levels of supervision and treatment needs. These contracts provide a continuum of care necessary to meet treatment needs of youth and the supervision levels mandated by the juvenile courts.

**Award:** *See Attachment 1*

**Contract Term:** 07/01/2020 - 06/30/2025

**Amount:** $82,635,611

**Procurement Method:** Non-Competitive Negotiated Procurement of Human, Social or Educational Services (*See Attachment 1*)

**MBE/VBSE Participation:** N/A / N/A

**Performance Security:** N/A

**Incumbents:** *See Attachment 1*

**Requesting Agency Remarks:** DJS is required to provide both residential and non-residential services and programming for youth who are ordered by the Juvenile court to be placed in specific types of programs. Since DJS does not have a sufficient number of State operated programs, private providers are relied upon to provide the majority of these services. The residential programs include treatment foster care, group homes, therapeutic group homes, shelter homes, residential treatment centers, residential educational programs or schools and independent living programs. Home based supervision treatment and therapy are also provided. There are approximately 801 youth served by the programs.
4-S. SERVICES CONTRACT (cont’d)

Agency Remarks (cont’d):

For in-State providers, the State’s Office of Children, through the Interagency Rates Committee (IRC), sets standardized rates for these services. Similarly, for out-of-State providers, a government organization in the provider’s state establishes or approves standardized rates (the rate setting authority). For both in-State and out-of-State providers, DJS determines the “not to exceed” amounts of each contract based upon an estimated number of youth that may require these services annually. Contractors are paid only for the youth placed in the program for the actual number of days they receive services. Daily or per diem rates are paid in accordance with the IRC (or the rate setting authority for out-of-State providers).

These services were procured through Non-Competitive Negotiated Procurement of Human, Social or Educational Services. (See State Finance and Procurement Article 13-106 and COMAR 21.14.01.03 G). The reasons for employing this method of procurement are:

- DJS’s Secretary and the Procurement Officer have determined that two or more sources for the service are available but that because of the absence of effective competition, it is unreasonable to expect those sources to respond to an Invitation for Bids under COMAR 21.05.02 or Request for Proposals under COMAR 21.05.03;
- For these services, the recommended contractors have submitted an acceptable response to a Request for a General Expression of Interest (RGEI) that was advertised through public notification on eMaryland Marketplace Advantage;
- Under this procurement method, contractors that respond to the RGEI may be awarded contracts as the need arises, as determined by the Agency head. As stated above, the DJS Secretary has now made this determination; and,
- The Maryland Office of Children is the single point of entry for these services under approved negotiated rates for youth of the various State Agencies.

Out-of-State contractors are used only when in-State contractors are not available. Youth with special physical, mental or emotional needs or who do not meet the admission criteria of in-State contractors, are placed with out-of-State contractors.

5-S. SERVICES CONTRACT
Department of Public Safety & Correctional Services

Contract ID: Substance Abuse Treatment Services; BPM016538
ADPICS No.: QOOB1600004

Contract Description: Provide substance abuse treatments services to include pre/post assessment, therapeutic counseling, and alternative therapeutic treatment services to the inmate population.

Award: GEO Reentry Services, LLC; Boca Raton, FL

Contract Term: 07/01/2020* - 06/30/2025 (w/one 2-year renewal option)
(* or earlier upon BPW approval)

Amount: $48,099,609 (Base, 5-years)
$21,292,115 (Renewal option 1, 2-year)
$69,391,724 Total

Procurement Method: Competitive Sealed Proposal (Single Proposal Received)

Living Wage Eligible: Yes

MBE/VSBE Participation: 10% / 0.5%

Performance Security: Yes

Incumbent: Phoenix House Mid-Atlantic; Arlington, VA

Requesting Agency Remarks: DPSCS issued a Request for Proposals (RFP) for substance abuse treatment and assessment services on eMaryland Marketplace Advantage (eMMA) on October 16, 2019; electronically notifying 100 potential vendors. DPSCS also directly solicited 26 vendors identified through the American Correctional Association. The RFP requested a contractor to provide a comprehensive program incorporating both assessment of the inmate population for substance abuse and an overall treatment program, including therapeutic communities and alternative medicine (acupuncture) for treating substance abuse. These programs will be implemented in six direct intake centers and five correctional facilities throughout the State. DPSCS learned 16 of the firms no longer provide this type of service and two firms do not serve in the Maryland area. The remaining eight firms did not respond to the Department’s inquiries.
5-S. **SERVICES CONTRACT (cont’d)**

*Agency Remarks (cont’d):*

GEO is a national industry leader for providing these requested services and it has multiple contracts throughout the country with various federal, state, and local governmental agencies. The company’s references were adequate to support its ability to provide the required services and the company is also deemed financially stable.

A price analysis was conducted based on historical data and market analysis utilizing the United States Bureau of Labor Statistics and recruitment websites. The analysis found the pricing to be fair and reasonable.

Additionally, the proposed new contract reflects additional staff (i.e., personnel), services and locations when compared to a prior contract awarded in 2015 that ended in 2016. The prior contract provided service at five correctional facilities. The proposed new contract expands the provision of services to include “front-end” and “back-end” assessments at six direct intake centers, as well as acupuncture as a part of treatment services. The number of required staff also increases from 55 to 76 due to the additional services and added locations. The General Assembly has expressed interest in substance-abuse treatment and ensuring the Department awards a new contract to provide these critical services. From the Joint Chairman’s report for Fiscal 2021, $7,157,230 of the Department’s appropriation for the purpose of providing substance-abuse treatment services is restricted and may only be expended for that purpose. Funds unexpended at the end of the fiscal year shall revert to the General Fund or be canceled.

*Fund Source:* 100% General

6-S. SERVICES CONTRACT

Department of Health, Office of the Secretary, Maryland Primary Care Program

Contract ID: Maryland Primary Care Program Screening, Brief Intervention, Referral to Treatment (SBIRT) Practice Transformation; OPASS 20-18707
ADPICS No.: M00B1600021

Contract Description: Provide Screening, Brief Intervention, Referral to Treatment (SBIRT) training and implementation support for Primary Care Providers participating in the Maryland Primary Program. Includes technical support, training, and workflow redesign assistance to ensure a practices’ ability to integrate SBIRT into its operations including for substance use disorder. All practices and Care Transformation Organizations (CTO) in the program are expected to integrate behavioral health techniques into their operations including SBIRT.

Award: The Mosaic Group; Baltimore, MD

Term: 07/02/2020* - 06/31/2021 (*or earlier upon BPW approval)

Amount: $200,000

Procurement Method: Sole Source (Proprietary)

Proposals: N/A

MBE/VSBE Participation: N/A / N/A

Performance Security: N/A

Incumbent: Same

Requesting Agency Remarks: Mosaic Group utilizes a unique proprietary technical assistance implementation model customized to each agency’s specific challenges. The implementation model comprises a year-long process beginning with assessment of each agency’s workflow. Development of protocols specific to each agency, training of all staff on all shifts, integrating and embedding SBIRT interventions into workflows, electronic health records, and data collection to measure success. It also includes nine months of technical assistance and support to troubleshoot and solve implementation issues after launch. This proprietary technical assistance model has a proven success rate of over 100 primary care practices, 33 hospitals, 17 school-based health centers, 3 college health centers and five health department clinics implemented and now fully sustained SBIRT in Maryland, South Carolina and the District of Columbia.
6-S. SERVICES CONTRACT (cont’d)

Agency Remarks (cont’d):

The Mosaic Group’s years of experience implementing and refining this unique model in a variety of settings gives them unparalleled expertise, and they are relied upon nationally as consultants. They have also developed the proprietary model of SBIRT utilizing peer recovery coaches that is now being taken to scale in Maryland and nationally. Mosaic Group’s intellectual capital is invested in this model that is now highly sought after by other states, including the District of Columbia, South Carolina and new contracts through the CDC and state governments to bring the work to Virginia, Michigan, Kentucky and West Virginia. There is no other organization in the country other than the Mosaic Group that has implemented the hospital based SBIRT model combined with the Overdose Survivor Outreach Program and the Hospital Based Buprenorphine Initiative described in Maryland’s SOR’s contract.

While there are other vendors who teach/train agencies in the use of SBIRT, no other vendor providing SBIRT implementation has a model customized to the unique challenges each agency presents, and designed to insure sustainability of the practice by building the tools and documentation into EMRs and workflows once the implementation process is complete. No other vendor can match the proven success rate of the Mosaic Group.

7-S. SERVICES CONTRACT
Public Service Commission

Contract ID: Staff Support Clean Energy Job Act 2019; PSC 08.01.19
ADPICS No.: C90B0600007

Contract Description: The Commission is seeking one expert consultant in the category of Regulations Development to assist the Public Service Commission in preparing drafted regulations to align COMAR with recent requirements per the Clean Energy Job Act of 2019.

Awards: Hodgson Russ LLP; Buffalo, New York

Contract Term: 07/01/2020* - 07/31/2022 (*or earlier upon BPW approval)

Amount: $355,000 (Single Proposal Rec’d)

Procurement Method: Competitive Sealed Proposals

MBE/VSBE Participation: 15% / N/A

MBE Waiver: Full waiver requested and approved. (See Agency Remarks)

Performance Security: N/A

Incumbents: N/A

Requesting Agency Remarks: A notice of availability of a Request for Proposals was posted on the Public Service Commission (PSC) website and eMaryland Marketplace Advantage (eMMA) on January 9, 2020; electronically notifying 246 prospective vendors. Of the vendors in eMMA, 42 were Minority Business Enterprises and 58 were Veteran-Owned Small Business Enterprises. PSC is aware these services are unique, specifically regarding Offshore Wind, which significantly narrows the firms who are expertly qualified to provide the required services. PSC contacted non-competing vendors who had been directly solicited and were informed the procurement was not within the scope of services provided or a lack of interest at the time of solicitation.

A single proposal was received and evaluated for the firm’s ability to provide research, regulation writing, and application criteria support to the Commission Staff in complying with the Clean Energy Job Act of 2019, Senate Bill 516. Hodgson Russ LLP has proposed to draft regulatory language to amend COMAR to effectuate the Clean Energy Job Act 2019. The firm has proposed recommending such amendments to COMAR that will maximize the value of the Offshore Wind program to the State, as well as find innovative ways to make other positive changes, by utilizing their experience, and consulting with industry stakeholders.
7-S. SERVICES CONTRACT (cont’d)

Agency Remarks (cont’d):

Such changes could include updates to the mechanism of payments that fund the escrow account, as well as payments out of that account. Hodgson Russ LLP recognized fundamental changes in Pennsylvania, New Jersey, Maryland (PJM’s) markets, and addressed possible issues connected with the Minimum Offer Price Rule-ex, and Federal Energy Regulatory Commission’s December 2019 Order. The firm also proposed to deal with these realities in a way to protect Maryland and ratepayers’ interest and is focused on unanticipated delays in Offshore Wind project commencement. Lastly, examining how to best implement the Community Benefits Agreement requirement was also included in the proposal.

PSC’s Commission is required to review and approve award of the RFP prior to BPW presentation. The Commission approved award to Hodgson Russ LLP, which was determined to be responsive and responsible for providing the requested consulting services and comply with the Clean Energy Job Act of 2019. The last contract for such services was awarded seven years ago and in a comparison of the contracts, the State will gain a savings of $283,895. Because of these factors, PSC has determined awarding this contract to Hodgson Russ LLP to be in the State’s best interest.

A 15% MBE Participation goal was established for this contract based upon the required expertise in updating regulations, specifically related to offshore wind power/energy matters. The recommended awardee proposed an MDOT-Certified MBE prior to the RFP closing/due date, however, the proposed MDOT-Certified MBE submitted a withdrawal of MBE participation notice to PSC and the recommended awardee upon request from the recommended awardee to execute the MBE Attachment 3-A1. On May 19, 2020, PSC approved the full waiver request. No VSBE Participation goal was established for this contract based upon the same reason.

Although receiving a single proposal often warrants a re-solicitation, PSC is a self-funded agency. If not expended prior to the Fiscal Year 2020 closing, the funds are returned to the Public Utility Regulation Fund. Sufficient funds for this procurement are not allocated in Fiscal Year 2021; therefore, to comply with the Clean Energy job Act of 2019, PSC seeks to award this contract to Hodgson Russ LLP.

8-S. SERVICES CONTRACT
Department of Assessments and Taxation

Contract ID: Commercial Square Foot Software; SDAT-20
ADPICS No.: E50B0600013

Contract Description: RETROACTIVE approval is requested to continue the use of Marshall Swift’s Commercial Square Foot Software Data in connection with SDAT’s customized Computer Assisted Mass Appraisal System AAVS to produce building cost estimates for assessment purposes.

Award(s): Marshall & Swift / Boeckh, LLC; Milwaukee, WI

Contract Term: 04/01/2020 - 06/17/2020 (Part A: Retroactive)
06/17/2020 - 03/31/2023 (Part B: Proactive)

Amount: $ 19,907 (Part A: Retroactive)
$233,588 (Part B: Proactive)
$253,495 Total

Procurement Method: Sole Source (Proprietary)

MBE/VSBE Participation: N/A / N/A

Performance Security: N/A

Incumbents: Same

Requesting Agency Remarks: The Maryland State Department of Assessments and Taxation (SDAT) has fully integrated the building cost estimate data provided by the Marshall & Swift/E.H. Boeckh Co. into the Department’s current Computer Assisted Mass Appraisal (CAMA) System now known as AAVS. In 2002, when SDAT fully automated the appraisal process the Marshall cost data was identified as a system requirement by the Real Property Commercial Property Assessors due to its cost estimating system becoming the industry standard for the insurance industry, professional appraisers and assessment cost estimators. There are no alternative sources for this type of specialized data.
8-S. SERVICES CONTRACT (cont’d)

Agency Remarks (cont’d):

As a result of this system requirement Marshall & Swift’s source rates are the foundation for the Maryland commercial cost valuation process. The building cost rates provided through Marshall & Swift data is entered directly into SDAT cost tables. This costing process recognizes the appropriate adjustments for heat type, floor area multipliers, height adjustments as well as other local and current multipliers. SDAT in the assessment appeal process must rely on methods that challenge the past historical cost results. Multipliers must be developed, tested, and applied annually to bring historic cost estimates into line with current building cost levels. SDAT has more than 100 different commercial building types identified in the current Computer Assisted Mass Appraisal (CAMA) system; the integration of the Marshall Swift software allows this data to be easily accessible. The Marshall Cost rates are extremely reliable and authoritative on a national level, providing a high degree of validity and confidence in support of the commercial valuation process. For SDAT this is a very important consideration in producing building cost estimates for assessment purposes.

PART A: RETROACTIVE

The contract was not renewed in a timely manner due to the historic COVID-19 pandemic and the State of Emergency Proclamation set forth on March 5, 2020. SDAT’s procurement priorities shifted to the well-being of our employees and providing the resources to continue serving Marylanders with excellent service from remote locations. We regret that we are required to submit a retroactive contract, and sincerely apologize to the Board. At this time, SDAT is requesting retroactive approval for this contract as of April 1, 2020.

Retroactive approval is requested for the execution of this contract to support and maintain the implemented Commercial Square Foot Software data. If another source for building cost data was procured, it would require a significant amount of programming changes to the current CAMA system, as well as extensive training of staff. Both of these factors would cause major delay in the annual assessment schedules conducted by the agency.

DGS OSP Remarks: RETROACTIVE approval requested pursuant to §11-204(c) State Finance & Procurement Article. DGS OSP has determined that this contract should be treated as voidable rather than void because: (1) all parties have acted in good faith; (2) ratification for the procurement contract would not undermine the purposes of the Procurement Law; and (3) the violation, or series of violations, was insignificant or otherwise did not prevent substantial compliance with the Procurement Law.

Part B: PROACTIVE

If another source for building cost data was procured, it would require a significant amount of programming changes to the current CAMA system, as well as extensive training of staff. Both of these factors would cause major delay in the annual assessment schedules conducted by the agency.

9-S. **SERVICES CONTRACT**

*Maryland Public Television*

**Contract ID:** Audience Measurement Services; R15R0600004
ADPICS No.: R15R0600004

**Contract Description:** Provide audience measurement of Maryland Public Television (MPT) channels, as well as stations within MPT’s footprint. This includes confidential reports containing estimates of television and media viewing in the Maryland, Washington, D.C. markets. Nielsen’s integrated measurement system and analysis of media viewing gives MPT a picture of our audience.

**Award:** The Nielsen Company, LLC; *New York, NY*

**Contract Term:** 07/01/2020 - 06/30/2025

**Amount:** $1,028,460

**Procurement Method:** Sole Source

**MBE/VSBE Participation:** N/A / N/A

**Performance Security:** N/A

**Incumbents:** Same

**Requesting Agency Remarks:** Nielsen Media is the only company that can provide a complete understanding of MPT’s viewership. It is the only provider of in-depth analysis and insights across all major advertising platforms television, radio, mobile devices, magazines, newspapers. As consumers demand more content or more channels across more devices, only Nielsen provides a complete understanding of viewership for the broadcast industry.

MPT utilizes the information provided by Nielsen to determine how television shows are performing. Nielsen’s analytical data as well as detailed information on program performance, helps MPT make decisions on programing and broadcast schedules.

Additionally, MPT uses the data received to analyze new program performance and helps with future fundraising ideas. In evaluating this new contract cost, MPT found that the rate for services provided by Nielsen are discounted from the prior contracted rate. Nielsen provides discounts for long-term agreements to PBS stations versus the fees and rates charged to commercial television and radio stations.
9-S. SERVICES CONTRACT (cont’d)

Agency Remarks (cont’d):

The new contract total cost can be attributed for the cost of “People Meter” research and data collection. People Meter research and data collection is a relatively new service provided by Nielsen. People Meter research is an in-depth research tool that monitors and reports the use of television on the internet and on all types of mobile devices.

10-S-OPT. SERVICES OPTION
Department of Health, Clinical Quality Improvement Program, Office of Provider Services

Contract ID: Medicaid Health Records Audits; MDH/OPASS-15-14356
ADPICS No.: M00B1600004

Contract Approved: DBM 3-S, 09/16/2015

Contractor: Myers and Stauffer LLC; Owings Mills, MD

Contract Description: Conduct post-payment audits of providers participating in the Medicaid Electronic Health (EHR) Incentive Program through desk reviews or on-site examinations.

Option Description: Exercise the third and final renewal option.

Original Contract Term: 10/01/2015 – 09/30/2018 (w/three 1-year renewal options)

Option Term: 10/01/2020 – 09/30/2021

Original Contract Amount: $2,130,000 (1-year)

Option Amount: $ 800,000 (1-year)

Prior Mods./Options: $ 750,000 (Renewal Option No. 1, 10/01/2018 – 09/30/2019, DBM 5-S-OPT, 09/05/2018)
$ 775,000 (Renewal Option No. 2, 10/01/2019 – 09/30/2020, DBM 7-S-OPT, 09/05/2018)

Revised Contract Amount: $4,455,000

Percent +/- (This Item): 37.5%

Total Percent Change: 109%

Original Procurement Method: Competitive Sealed Proposals

MBE/VSBE Participation: 10% / 0.5%

MBE/VSBE Compliance: 10% / 0.5%
10-S-OPT. SERVICES OPTION (cont’d)

Requesting Agency Remarks: Request for approval to continue with existing contract by exercising the third of three one-year renewal options as contained in the original contract.

Myers and Stauffer, LC (MSLC) will continue to act on the State’s behalf to perform post-payment audits and update Medicaid’s post-payment audit strategy under the Medicaid EHR Incentive Program. The EHR Incentive Program provides financial incentives to certain Medicaid providers for adopting and then “meaningfully using” certified EHR systems. To be a “meaningful user”, providers must report data elements on services provided through their EHR and report electronic Clinical Quality Measures.

Based upon the limited subcontracting opportunities for these services, a 10% MBE participation goal was established for this contract. In addition, a 0.5% VSBE participation goal was established for this contract.

The services provided by Myers and Stauffer during the past three years of the base contract and two option years have met and exceeded expectations. Myers and Stauffer is fully trained and experienced in providing auditing services under the EHR Incentive Program. Myers and Stauffer have completed over 1,135 audits and have updated Maryland’s audit strategy annually over the past five years.

The Contractor has provided the services under this Contract. The Department values and appreciates its collaborative and cooperative relationship with the Firm. Additionally, it’s Managers and staff have consistently demonstrated and provided the highest level of accuracy, efficiency, effectiveness, customer service and professionalism, Therefore, it is in the best interest of the State to exercise the available renewal option at this time.

Because this is the last renewal option for this contract, the Department will re-solicit for these services during the renewal period beginning approximately September 2020. A new contract is expected to be recommended for award prior to the expiration of this contract.

Department of Health, Office of Enterprise Technology, Medicaid

Contract ID: Data Entry and Office Service Clerks; OPASS 19-18457
ADPICS No.: M00B0600002

Contract Approved: DBM 5-S, 06/05/2019

Contractor: Goodwill Works of the Chesapeake, Inc.; Baltimore, MD

Contract Description: Provide data entry and clerical staff to enter Medicaid claims information necessary to process and release payment to providers and perform office support duties.

Option Description: Exercise the sole renewal option for a 1-year period.

Original Contract Term: 07/01/2019 – 06/30/2020 (w/one 1-year renewal option)

Option term: 07/02/2020* - 06/30/2021 (*or earlier upon BPW approval)

Original Contract Amount: $ 741,060

Option Contract Amount: $ 755,100

Prior Mods/Options: N/A

Total Contract Amount: $1,496,160

Percent +/- (This Item): 101%

Total Percent Change: 101%

Original Procurement Method: Preferred Provider

MBE/VSBE Participation: N/A / N/A

MBE/VSBE Compliance: N/A / N/A
11-S-OPT. SERVICES OPTION (cont’d)

Requesting Agency Remarks: Currently the Department has a backlog of claims and cannot hire additional permanent staff to bring this project up to date. All claims must be keyed into the system before a provider can be paid for services rendered. It is imperative that the claims are entered as quickly as possible.

Goodwill Works of the Chesapeake, Inc. will continue to provide 18 personnel to input data from claim forms into the mainframe system.

In accordance with COMAR 21.11.05.04, on March 21, 2019, the Pricing and Selection Committee for Rehabilitation and Employment Programs certified the prices for this contract as fair market at a not-to-exceed value of $755,100 for providing temporary staffing services for the Maryland Department of Health.

Employees working under this contract must be screened, assessed and tested to ensure the Department will receive the highest standards in productivity and employee excellence. Goodwill Works guarantees all staff members presented to work at MDH headquarters will be able to perform the data entry keypunch functions and clerical office support as requested.

Contract ID: Financial Institution Data Matching (FIDM) Services; CSEA/FIDM-16-001-A1
ADPICS No.: N00B0600353

Contract Approved: DBM 6-S, 08/26/2015

Contractor: Informatix, Inc; Sacramento, CA

Contract Description: Develop, implement, and operate the federally required Financial Institution Data Matching and Administrative Garnishment Programs, which provide for matching delinquent obligors against files of financial institutions. Information obtained through the matching process is used to garnish funds from obligor’s financial accounts.

Option Description: Exercise both renewal options for a total of 2-years. After receiving a request from the State of Michigan, the lead procuring state for this Intergovernmental Cooperative Purchasing Agreement, to execute both renewal options simultaneously; the Department agreed to do so, [...] thereby providing uninterrupted service.

Original Contract Term: 10/01/2015 – 06/30/2020 (w/two 1-year renewal options)

Option Terms:
07/01/2020 - 06/30/2021 (Renewal Option No. 1)
07/01/2021 - 06/30/2022 (Renewal Option No. 2)

Original Contract Amount: $1,032,604 (4 years, 9 months)

Option Amount: $ 223,887 (Renewal Option No. 1, 1-year, this agenda item)
$ 223,888 (Renewal Option No. 2, 1-year, this agenda item)
$ 447,775 Total

Total Contract Amount: $1,480,379

Original Procurement Method: Intergovernmental Cooperative Purchasing Agreement (CSEA/FIDM 11-001)
12-S-OPT. SERVICES OPTION (cont’d)

**MBE/VSBE Participation:** N/A / N/A

**MBE/VSBE Compliance:** N/A / N/A

**Requesting Agency Remarks:** DHS/CSA requests approval to exercise the first and second one-year Renewal Options through this single request. The State of Michigan, serving as the lead procuring state, requested that all Alliance members renew both one-year renewal option terms in an endeavor to save time and effort by not having to repeat this process next year.

Federal law requires DHS/CSA to match financial institution records with the Child Support database to determine if the delinquent obligor has assets that can be attached to pay overdue child support. The financial institutions subject to FIDM are required to freeze and forward the assets held by the delinquent obligor in response to a notice of attachment/lien and levy from DHS/CSA.

In August 2015, DBM granted DHS/CSA approval to continue its participation in the FIDM Alliance, which includes 20 states. All FIDM Alliance participants pay the same rate thereby allowing each state to benefit from the volume of all states. This agreement permits DHS/CSA to maintain its FIDM Program, which provides for matching of delinquent obligors against files of financial institutions. Information obtained through the matching process is used to garnish funds from obligor’s financial accounts. Over the course of this Contract, the past five Federal Fiscal Years (FFY), MD FIDM collections were as follows:

- FFY2016: $ 1,671,649;
- FFY2017: $ 2,146,437;
- FFY2018: $ 2,112,182;
- FFY2019: $ 1,574,086; and

Maryland has collected over $ 8.2M in child support arrears as a result of participation with the FIDM Alliance. Additional advantages of participating in the FIDM Alliance include reduced administrative costs, as the contractor for the Alliance performs many administrative functions; increased data sharing and matching services; and a streamlined review and procurement process.

No MBE or VSBE participation goals were established for this contract because DHS/CSA is part of the multistate FIDM Alliance Consortium and there are no participation goals in the State of Michigan contract.
12-S-OPT. SERVICES OPTION (cont’d)

Agency Remarks (cont’d):

It is in the best interest of the State to execute both renewal options for these services, at this time.

14-S-OPT. SERVICES OPTION (cont’d)

Original Procurement Method: Competitive Sealed Proposals

MBE/VSBE Participation: 25% / N/A
MBE/VSBE Compliance: 25.1% / N/A

Requesting Agency Remarks: Request for approval to exercise the third and final 1-year renewal option as contained in the original contract to provide for continuing auditing, accounting, and management services.

The contract contains fixed monthly fee components and a fixed hourly rate component that were established over five years ago by a competitive procurement to provide the required services in support of traditional Lottery games and VLT program operations. Stout, Causey & Horning, P.A. (SCH) was ranked first financially in the competitive procurement for these services and continues to provide the best value to the State. The MLGCA has CPAs on staff that oversee this contract and is aware of current similar pricing and market conditions through its participation in various trade and lottery organizations.

The MLGCA has been very satisfied with SCH’s performance. Audited financial statements are an important part of the lottery and gaming business and compliance with strict deadlines is necessary. SCH has always gone above and beyond to assist the MLGCA to ensure that all required State deadlines are met with correct and accurate reports and has proactively provided the MLGCA with updated information concerning new GASB's, FASB's, and GAAP to help facilitate the generation of the special purpose and GAAP financial statements. Working with the financial data audited by SCH, the MLGCA has for thirteen continuous years, all during SCH’s tenure, received the Certificate of Achievement for Excellence in Financial Reporting presented by the Government Finance Officers Association of the US/Canada for Comprehensive Annual Financial Reports achieving the highest standards.

Since this is the last available renewal option on the contract and the MLGCA will have a continuing need for these services, it is anticipated that an RFP for a replacement contract will be issued by the end of calendar year 2020.

15-S-OPT. SERVICES OPTION (cont’d.)

Requesting Agency Remarks: The Maryland Department of Transportation State Highway Administration is exercising the sole one-year renewal option for this contract. The services provided through this contact include planning, technical, fiscal and policy analysis to assist MDOT SHA planning staff with peak load assignments and to support MDOT SHA strategic plans and planning processes. The services are broken down into the following seven categories: (1) Trends and Issues Analysis for Consolidated Transportation Plan; (2) Alternative Capital Funding Analysis; (3) Strategic Planning; (4) Asset Management; (5) Climate Change; (6) Public Involvement, and (7) Regional and Intermodal Planning.

The joint venture partnership of RK&K and High Street Consulting Group consistently and satisfactorily provides innovative and specialized support that allows MDOT SHA to fulfill federal performance planning requirements and further agency planning priorities. The MBE firms included in the consultant team have been utilized throughout the contract initial term to access crucial planning expertise and over thirty four percent of billed authority has been assigned to MBE firms.

16-S-MOD. SERVICES MODIFICATION

Department of Environment, Water Quality Financing Administration

Contract ID: Bay Restoration Fund; Septic IFB 2017
ADPICS No.: COI57707

Contract Approved: DBM 3-S, 06/21/2017

Contractor: Various (See Attachment I)

Contract Description: Provide services for the installation and two-year maintenance of nitrogen-reducing Best Available Technology (BAT) septic systems.

Modification Description: Due to uncertain market conditions caused by the COVID-19 pandemic, the contract is being extended. It will also allow an additional annual allocation of $15,000,000 to be distributed to local governments for septic system upgrades. All vendors have agreed to maintain FY 2020 pricing. MDE intends to conduct an IFB to establish prices for FY22.

Original Contract Term: 07/01/2017 - 06/30/2020

Modification Term: 07/01/2020 - 06/30/2021

Original Contract Amount: $45,000,000 Est. NTE

Modification Amount: $15,000,000

Total Contract Amount: $60,000,000

Percent +/- (This Item): 25%

Total Percent Change: 25%

Prior Mods/Options: N/A

Original Procurement Method: Competitive Sealed Bidding

MBE/VSBE Participation: N/A / N/A

MBE/VSBE Compliance: N/A / N/A
16-S-MOD. SERVICES MODIFICATION (cont’d):

Requesting Agency Remarks: The BRF Septic System Upgrade Program (SSUP) provides grants to local governments for homeowners and businesses to upgrade their conventional septic systems with nitrogen-reducing BAT systems as part of the Chesapeake Bay cleanup. MDE has field-verified and approved eleven nitrogen-reducing septic system technologies with at least 50% nitrogen reduction capability. Administration of the BRF SSUP is delegated by MDE to each of the 23 counties.

The revenue source for this grant program is a $60 per year fee charged to most households/businesses on septic systems for wastewater treatment. MDE conducts one statewide BAT services IFB instead of 23 individual county procurements and approved bid prices are used to administer the grant program.

When a failing septic system is identified, the counties engage contractors to provide installation and undertake a final inspection. After acceptance of the BAT installation by the counties, the contractor will invoice the county for the price approved by the State under the contract for that technology. Counties will then seek reimbursement from MDE.

In December 2010, the Environmental Protection Agency established a “pollution diet” known as the Chesapeake Bay Total Maximum Daily Load. This “diet” sets limits on the amount of nitrogen, phosphorus, and sediment that will be allowed to flow into the Chesapeake Bay each year. The use of BAT technology septic systems is State-mandated for residents within the Chesapeake Bay Critical Areas in order to protect our waterways and reduce the amount of nitrogen run-off into the Chesapeake Bay. The advanced technology used in these systems results in greater costs to homeowners and businesses. This grant helps to minimize these costs and restore the Chesapeake.

No MBE or VSBE participation goals were established for this contract based on limited subcontracting opportunities available.

17-S-MOD. SERVICES MODIFICATION
Department of Housing and Community Development, Division of Development Finance Housing and Building Energy Programs

**Contract ID:** Evaluation, Measurement, and Verification of EmPOWER Maryland Low Income Energy Efficiency Program Contractor Services; *S00B7400011*
ADPICS No.: *COI60914*

**Contract Approved:** DBM 4-S, 11/2/2016

**Contractor:** The Cadmus Group; *Lutherville, MD*

**Contract Description:** Provide evaluation, measurement, and verification (EM&V) services under the EmPOWER Maryland Program and other energy efficiency programs as determined appropriate by DHCD.

**Modification Description:** Additional funding was granted to DHCD for additional projects within the scope of the contract. The funding for this contract comes from (a) funds allocated by the Public Service Commission for the Department’s administration of the Customer Investment Fund; and (b) funding from Washington Gas & Light as a component of the EmPOWER program.

**Original Contract Term:** 11/09/2016 – 09/30/2021

**Modification Term:** 07/02/2020 – 09/30/2021

**Original Contract Amount:** $2,956,140

**Modification Amount:** $ 235,638

**Prior Mods/Options:** N/A

**Revised Contract Amount:** $3,191,778

**MBE/VSBE Participation:** 20% / 1.8%

**MBE/VSBE Compliance:** 8% / 1%
17-S-MOD. SERVICES MODIFICATION (cont’d)

Requesting Agency Remarks: Cadmus is presently conducting evaluations of homes with electric heating systems. The new funds will permit the evaluation of gas heating systems in homes. Cadmus is familiar with the programs and increasing their contract to perform the same services is more efficient and effective than initiating a new RFP for the same services.

State Retirement Agency

**Contract ID:** Audits of Local Government Employers; G20B9400001
ADPICS No.: COI59776

**Contract Approved:** DBM 1-S, 02/26/2015

**Contractor:** Clifton Larson Allen, LLP; Timonium, MD

**Contract Description:** Audits of specified employers with members in the Maryland State Retirement and Pension System. The audits seek to ensure the employer’s compliance with State laws and regulations, as well as the Agency’s administrative policies and procedures in the areas of member enrollment and reporting.

**Modification Description:** Approval for additional resources to perform additional audit procedures relating to the Earnings Limitation Law.

**Original Contract Term:** 09/01/2015 – 08/31/2018 (w/one 3-year renewal option)

**Modification Term:** 07/02/2020* - 08/31/2021

**Original Contract Amount:** $ 650,295 (Base, 3-years)

**Modification Amount:** $ 65,475

**Prior Mods/Options:**
- $ 50,000 (Mod. 1, additional funding to perform audits, 05/23/2017-08/31/2018, Approved by DBM)
- $ 650,295 (Renewal Option No. 1, 09/01/2018 – 08/31/2021, DBM 8-S-OPT, 08/01/2018)
- $ 2,430 (Mod. 2, additional audit, 04/25/2019, Delegated Authority)

**Total Contract Amount:** $1,418,495

**Percent +/- (This Item):** 4.8%  
**Total Percent Change:** 8.9%

**Original Procurement Method:** Competitive Sealed Proposals
MBE/VSBE Participation: 24% / 1%

MBE/VSBE Compliance: 24.38% / 0%

Requesting Agency Remarks: These additional audit procedures are designed to compare the annual wage file sent to the Agency to payroll reports and identify any discrepancies, as it relates to reported wages or reported employees (some locations are not reporting all employees). The Special Projects Division of the Agency suspects that Participating Governmental Units (PGU) are not reporting all employees that work at the PGU and are thereby misreporting the annual earnings of the employees. This will enhance the Special Projects Division’s ability to administer the Earnings Limitation law, which limits the amount a retiree can earn if they are rehired by the PGU. Any identified discrepancies will be reported as an audit finding, and the employer will subsequently receive an education on proper reporting procedures. There will also be monetary recoveries in the reduction of benefit payments to identified retirees that earn more than the limit.

19-IT. INFORMATION TECHNOLOGY  
Department of Juvenile Services

Contract ID: SafeMeasures Software Subscription; 21-IT-001  
ADPICS No.: V00B1600002

Contract Description: Case management software to provide real-time automated reporting for communication, information collection, and analytics for the Department of Juvenile Services (DJS).

Award: National Council on Crime and Delinquency Corporation
Oakland, CA

Contract Term: 07/01/2020 - 06/30/2023
Amount: $665,400 (Base, 3-years)

Procurement Method: Sole Source (Continuity of Service)

MBE/VSBE Participation: N/A / N/A
Performance Security: N/A
Incumbents: Same

Requesting Agency Remarks: SafeMeasures software has been used by DJS since 2011. SafeMeasures is a real-time automated reporting system used by DJS case managers and executive level administrators for communication, information collection, and analytics. The Procurement Officer has determined a Sole Source award is appropriate to maintain continuity of service, per COMAR 21.05.05.01.

DJS’ research has found no other software providing programs, technical assistance, and research for social services that combines knowledge of juvenile justice, data analysis and Internet technology. The purchase of other software would require extensive retraining of staff and additional funding to integrate the new software into the Informational Technology infrastructure.

Based on historical reference and market research, DJS has determined the price of these services to be fair and reasonable. It is in the best interest of the State to award this contract for continued use and support of the SafeMeasures software.

20-IT. INFORMATION TECHNOLOGY
Department of Juvenile Services

Contract ID: Juvenile Case Management and Electronic Health Records System; 20-IT-004
ADPICS No.: V00B1600001

Contract Description: A case management solution used by DJS to track substance-abuse and mental health services, allowing secure administration and sharing of client treatment information.

Award: FEI COM, Inc. dba FEI Systems; Columbia, MD

Contract Term: 07/02/2020* - 06/30/2021 (*or earlier upon BPW approval)

Amount: $675,000 (Base, 3-years)

Procurement Method: Sole Source (Continuity of Service)

Living Wage Eligible: Yes

MBE/VSBE Participation: N/A / N/A

Performance Security: N/A

Incumbents: Same

Requesting Agency Remarks: Since 2004, the contractor has provided a customized Web Infrastructure of Treatment Services (WITS) to DJS through an Intergovernmental Cooperative Purchasing Agreement with the University of Maryland. The University has requested the Department of Juvenile Services (DJS) to procure these services on its own upon expiration of the Intergovernmental Cooperative Purchasing Agreement.

In order to ensure that DJS maintains compliance with its legally mandated requirements, DJS staff and partners depend on the two integrated case management systems, the Automated Statewide System of Information Support Tools (ASSIST), which is managed in-house and WITS which has been customized to DJS and is known as Maryland Evaluations & Treatment Services (METS), provided by FEI. These systems work in tandem to provide tools necessary for DJS staff and partners to effectively perform their jobs. Customized applications, such as Treatment Service Plans, Education Services tracking, Sanctions/Incentives modules, and document management integration, have taken years to develop and fine tune are an essential part of DJS’ success in treating its youth.
20-IT. INFORMATION TECHNOLOGY (cont’d)

Agency Remarks (cont’d):

The current system WITS aka METS (WITS/METS) contains three parts:
1) hosting, production and training, and quality assurance databases and servers;
2) support and maintenance of DJS’ WITS/METS; and
3) enhances and new programming.

DJS is also looking to automate its manual process of sharing records between facilities to prevent the delay of information sharing as youth are moved between facilities. FEI has included in their current suite an Electronic Health Records module that is available to DJS at no additional charge. This feature alone offers a cost savings to the State of $3,000,000. The customized applications already integrated provide an annual cost savings between $50,000 and $80,000 annually. Further, in comparison to overall labor rates for CATS+ Contracts, FEI’s labor rates indicate a 16% savings. Therefore, the price is considered to be fair and reasonable.

There is no other provider that can deliver the comprehensive suite of services specifically tailored to a juvenile setting while providing significant cost savings to the State. These services have been integrated into DJS’ current environment and are a fundamental part of the way DJS shares information and conducts business.

23-IT. INFORMATION TECHNOLOGY
Department of Transportation

Contract ID: IBM Software; J01B1600001       ADPICS No.: MDOTOTTS2008

Contract Description: Annual maintenance, support, and license renewal for IBM mainframe operating system software.

Award: IBM Corporation; Baltimore, MD
Contract Term: 07/01/2020 - 06/30/2021
Amount: $1,798,355

Procurement Method: Sole Source

MBE/VSBE Participation: N/A / N/A

Performance Security: N/A

Incumbents: Same

Requesting Agency Remarks: This contract provides for the continuation of maintenance and renewal of licenses for the essential IBM mainframe operating system and related software products currently installed on the IBM mainframe processor located at the Glen Burnie Data Center. The software license agreement is critical to the ability to fulfill MDOT’s responsibility as the central data processing center for all of MDOT, including the Maryland Transportation Authority.

IBM is the sole owner of the proprietary operating system and the sub-systems installed on the existing IBM mainframe processor, therefore, there is no other available source for the maintenance software. Due to the proprietary nature of the services being provided, there are no subcontracting opportunities and therefore no MBE participation goal has been established for this contract. Pricing was deemed fair and reasonable with a minimal increase of 3.19% over the 2019-2020 contract price.

MBE/VSBE Compliance: 18% / N/A
24-IT-MOD. INFORMATION TECHNOLOGY MODIFICATION (cont’d)

Requesting Agency Remarks:
The CATS+ master contract is now open and continuous for adding new master contractors. Of the four recommended offerors two are small businesses and three are MBE.

This Master Contract comprises the following functional areas:

(1) Enterprise Service Provider
(2) Web and Internet Services
(3) Electronic Document Management
(4) Geographical Information Systems
(5) Software Engineering
(6) Systems/Facilities Management and Maintenance
(7) Information System Security
(8) Application Service Provider
(9) IT and Telecommunications Financial and Auditing Consulting Services
(10) IT Management Consulting Services
(11) Business Process Consulting Services
(12) Tower Site Preparation
(13) Tower Installation
(14) Tower Equipment Installation and Services
(15) Electronic Benefits Transfer
(16) Media and Training Center Support
(17) Documentation/Technical Writing

DGS OSP will return to the Board of Public Works for approval of adding additional master contractors once they are vetted.

Department of Information Technology

Contact ID:  Local Telecommunications; 060B3490013
ADPICS No.: COI58998

Contract Approved:  DoIT 4-IT, 07/02/2014

Contractor:  Verizon Maryland LLC; Silver Spring, MD

Contract Description:  Provides local access telephone services for the State's pre-defined local access and transport areas (LATA). The State has These LATAs are: 236 (Washington, DC), 238 (Baltimore), 240 (Hagerstown) and 242 (Salisbury). Local access services encompass all local services for new State facilities, new business lines, new PBX trunks, new Integrated Services Digital Network (ISDN) lines, and Intra - LATA toll. Local telecommunications services for State offices that are available for use by all executive branch State agencies and includes all local network lines and local calls.

Option Description:  Exercise the second and final renewal option.

Original Contract Term:  07/02/2014 – 06/30/2019 (w/two 1-year Renewal Options)

Option Term:  07/01/2020 – 06/30/2021

Original Contract Amount:  $25,000,000

Option Amount:  $0

Prior Mods/Options:  $ 5,000,000 (Renewal Option 1, 6-IT-OPT, 05/08/2019)

Total Contract Amount:  $30,000,000

Percent +/- (This Item):  0%

Total Percent Change:  20%

Original Procurement Method:  Competitive Sealed Proposals

MBE/VSBE Participation:  N/A / N/A

MBE/VSBE Compliance:  N/A / N/A
25-IT-OPT. **INFORMATION TECHNOLOGY OPTION (cont’d)**

**Requesting Agency Remarks:** Local telecommunications services comprise the local network lines and local phone service call usage from the telephone company to the State offices within local territories called LATAs (Local Access and Transport Area). When AT&T was divested in 1984, LATAs were established for the states to geographically delineate telecommunications traffic that could be handled by local telephone companies (in Maryland: originally C&P Telephone, now Verizon) versus traffic that had to be handled as long-distance calls by a non-local telephone company (originally the reduced AT&T.) Maryland was separated into four LATAs (Baltimore, Washington, Hagerstown, and Salisbury) to roughly coincide with the geographic areas. These four LATAs exist today exactly as created in 1984.

DoIT wishes to exercise Contract Section 3, Time for Performance, to extend the time for performance through June 30, 2021, unless terminated earlier as provided in the Contract. This extension will allow sufficient time for DoIT to issue the Request for Proposals (RFP).

DoIT advises that Verizon Maryland LLC continues to provide satisfactory services and competitive pricing in support of the State’s Local Telecommunications Services and advises that there is a continuing need for the support of these services. Since awarded in Calendar Year 2014, the current awarded vendor has not requested the State to lower the rate. The price is fair and reasonable and is consistent with the pricing throughout the original term of the contract. Therefore, it is in the State’s best interest to execute the second renewal option.

- CA - Endeavor Software Change Manager Supports Processing and Traceability of Changes, Streamlines the Change process.
- CA - Endeavor Software Manager Automated Configuration works with CA Endeavor Change Manager to enable us to manage through advanced automated technologies and interrelationships between software components.
- CA - Auditor is a Comprehensive software package that can perform an automated technical review of the system, hardware and software environment and identify exposures.

Award: SHI; Somerset, NJ

Number of Qualified Master Contractors: 6 (Functional Area 3)

Number of Bids: 2

Amount: $557,585

Term: 07/01/2020 - 06/30/2021

MBE/VSBE Participation: N/A / N/A

Resident Business: No

Funding Source: 100% Special (Transportation Trust)
3.0 Master Contract: PBX III – Telecommunications Equipment and Services

Contract No.: 060B1400048
Approved: DoIT 3-IT, 03/23/2011
Term: 03/23/2011 - 06/30/2020

**As of publication, the remaining balance of this master contract is $29,220,006.

3.1 Using Agency: Department of Labor
Description: Telecommunications Interactive Voice
Mod. Description: This will align with the extension of the PBX III Master Contract to 12/31/20, which will allow time for the PBX IV Master Contract to be awarded.

Award: NEC Corporation; Fulton, MD
Original Amount: $1,839,409
Mod. Amount: $869,060
Prior Mods/Options: N/A
Total Contract Amount: $2,070,147
Original Term: 04/01/2019 - 06/30/2020
Mod. Term: 07/02/2020* - 12/31/2020 (*or earlier upon BPW approval)

MBE/VSBE Participation: 30% / N/A
MBE/VSBE Compliance: 30% / N/A
Resident Business: Yes
Funding Source: 100% Federal

3.2 Using Agency: Department of Labor
Description: Telecommunications Interactive Voice Response (IVR) Licenses
Mod. Description: Extend current contract term by six months to support the IVR Modernization Project. Also, increase the number of licenses in response of COVID-19. The expansion will increase the number of concurrent call licenses from 280 (140 per production machine) to 560 (280 per production machine). Additionally, this will align with the extension of the PBX III Master Contract to 12/31/2020, which will allow time for the PBX IV Master Contract to be awarded.

The change modification shall provide corresponding support services for the increased system size and will provide time and material services to implement two new “programs: called PUA and PEUC. Deliver a small call flow to handle calls rejected by the Claims agent ACD when (not if) it reaches capacity. Provide the capability to send calls to claims agents to one of three possible contact centers.

Award: Alliance Technology Group; Hanover, MD
Original Amount: $1,319,983
Modification Amount: $522,663
Prior Mods/Options: N/A
Total Contract Amount: $1,842,646

31-M-MOD. MAINTENANCE MODIFICATION
Department of General Services

Contract ID: Janitorial Service at the Tawes Office Building; 001IT820683
   ADPICS No.: COI60572

Contract Approved: DGS 5-M, 04/04/2018

Contractor: Diversified Services Group, Inc.; Silver Spring, MD

Contract Description: Janitorial service at the Tawes Office Building in Annapolis.

Modification Description: Extend contract 11 months and 16 days, to allow the Sweeney District Court and the Court of Appeals term to end simultaneously with the Tawes Office Building in order for continuity of services and to combine the three locations on a future solicitation.

Original Contract Term: 06/01/2018 - 05/31/2021

Modification Term: 07/15/2020 - 05/31/2021

Original Contract Amount: $587,500

Modification Amount: $193,195

Total Contract Amount: $981,445

Percent +/- (This Item): 32.88%

Total Percent Change: 67.05%

Prior Mods/Options: $ 200,750 (Mod. 1; Add Sweeney District Court and the Courts of Appeal buildings: DGS, A1, 10/02/2019

Original Procurement Method: Competitive Sealed Bidding

MBE/VSBE Participation: 5% / N/A

MBE/VSBE Compliance: 2% / N/A
31-M-MOD. MAINTENANCE MODIFICATION (cont’d)

Requesting Agency Remarks: In January of 2019, the FOM Annapolis office transferred DGS building services workers from the James and Miller Senate Office Buildings to the Lowe and Taylor House Office Buildings. Due to a lack of state employees available to perform housekeeping and janitorial work in those buildings. As a stopgap measure, FOM obtained a private cleaning contractor for six months to serve the James and Miller Buildings.

Senate leadership and staff expressed concerns that the Senate buildings were no longer being serviced by state employees. On July 15, 2019, FOM reassigned state employees from the Sweeney District Court and Court of Appeals Buildings to other Senate buildings. Building services workers from other Annapolis buildings were not able to be reassigned to the Sweeney, and Courts of Appeal buildings.

Diversified Service Group, Inc. is the existing janitorial contractor for the Tawes Office Building, which is adjacent to the Sweeney, and Courts of Appeal Buildings. Due to the proximity to the buildings and to ensure continuity of services, the contractor was selected to provide housekeeping services to the both buildings.

The emergency modification expires on July 14, 2020 and will need to be resolicited. To ensure continuity of services, the agency requested an extension or modification term to coincide with the Tawes Office Building janitorial services contract expiration. Creating a solicitation for all three locations on a new long-term contract is preferred and will result in assuring administrative and service efficiencies. Conversely, soliciting a short-term procurement (one year) is not favorable and may discourage competition.

Resident Business: Yes
Recommendation: Board of Public Works approval is requested for contracts to all offerors passing both Technical and Price requirements to perform acquisitions and additional related activities as required for residential, commercial, agricultural and unimproved properties in the following jurisdictions: Dorchester, Somerset, Wicomico and Worcester Counties representing the Lower Eastern Shore Region.

The Comprehensive Settlement Fee represents the offeror’s fee for title and settlement services for a single transaction. This covers all services normally associated with property transactions, such as settlement charges, document preparation, travel expenses, notary fees, return of deeds, reports after recording and photocopies. The cost of title insurance is by fixed rates approved by The Maryland State Insurance Administration.

Procurement Method: Competitive Sealed Proposals

Contract Term: 07/01/2020 - 06/30/2023

MBE Participants: American Land Title Corporation  MBE/DBE #11-320
33-RP.  REAL PROPERTY (cont’d)

Remarks: A notice of the Request for Proposal (RFP) was posted on eMaryland Marketplace Advantage and the DGS Web Site. The RFP was advertised in the following newspapers: The Daily Record, the Maryland Independent, The Calvert Recorder and The Enterprise. A notice of the RFP was mailed to 90 companies and individuals certified to provide the required services. Thirteen of those were direct solicitations to MDOT certified MBE’s.

Each offeror was evaluated on a pass/fail basis as to whether the proposal met with mandatory requirements of the RFP for all aspects of titling including the offeror’s dept of experience in transactional history, the range of knowledge and experience within the offeror’s team, plus abstractors’ experience and insurance information. Fees were evaluated as pass/fail based on prevailing market rates.

Task orders for title services will be awarded on a rotating basis and the contract contains strict time limits and per diem penalties for delay. The State reserves the right to terminate any contract in whole or part for convenience or default. Each of the six contracts awarded will be for a value Not To Exceed $20,000 during the 3-year term. The aggregate value of the overall contract award will not exceed $120,000. The actual contract cost will depend on the number and agreed price of the properties acquired during the term of the contract.

Department of Agriculture, Maryland Agricultural Land Preservation Foundation (MALPF) and Agricultural Land Preservation Easements

Recommendation:  Approve Agricultural Land Preservation Easements (Various Properties)

Reference:  Approval is requested for the Maryland Agricultural Land Preservation Foundation, Department of Agriculture, to accept option contracts for the purchase of agricultural preservation easements on the following properties:

Special Conditions:  Grantor relinquishes all rights to develop or subdivide the land for industrial, commercial, or residential use. Land shall be preserved solely for agricultural use in accordance with provisions of the Agricultural Article. No commercial signs or billboards are permitted, and there shall be no dumping on land except as is necessary to normal farming operations. Grantor shall manage the property in accordance with sound agricultural practices. Grantee shall have the right to enter land for inspection. No public rights are granted. The term of these easements shall be in perpetuity pursuant to Agriculture Article Section 2-514.1.

A)  As to items 1 through 6, pursuant and subject to the provisions of Agriculture Article Section 2-513, Grantor has elected to reserve the right to apply for release of a lot to convey to himself or his children for the purpose of constructing a dwelling for personal use as follows: one lot of one acre or less if the subject property is at least 20 acres, but less than 70 acres, two lots of one acre or less if the subject property is at least 70 acres, but less than 120 acres, or three lots of one acre or less if the subject property is 120 acres or more.

B)  As to items 7 through 13, pursuant and subject to the provisions of Agriculture Article Section 2-513, Grantor has elected to reserve to himself, and his assigns, the right to apply for release of one unrestricted lot, that may be conveyed to himself or others. Note that as to Item 11, the unrestricted lot will be a building envelope that will not be subdivided from the farm.

C)  As to items 14 through 22, the Grantor is waiving the right to request any additional lots.

Total: $12,860,777.28

**Total Acres (TA):**

$2,510.0653

**TA Less Unpaid Acres and Dwellings:**

$2,465.4053

**Average Price per Paid Acre:**

$5,216.50

**Requesting Agency Remarks:**

1. The Department of Agriculture recommends acceptance of these contracts.
2. The Department of General Services has reviewed the appraisals and has recommended that each appraisal “a.” listed above be the fair market value of the land on which the easement is to be acquired.
3. Pursuant to Agriculture Article 2-511(e), the purchase price of each easement may not exceed 75% of the fair market value, or the owner’s asking price, whichever is less.
4. Items 16 and 20, marked with a “^” are “insufficient funds offers”. The Option Contracts for the insufficient offers specify that if additional funds become available during the due diligence period, the offer will increase to 75% of the fair market value, or the asking price, whichever is less. Any increase in purchase price will be subject to Board of Public Works approval.

35-LL. **LANDLORD LEASE**  
*Department of General Services*

**Recommendation:** Approve a new 5-year lease agreement

**Landlord:** Historic Annapolis, Inc.; 42 East Street  
Annapolis, MD 21401

**Sub-Tenant:** Watermark

**Prior Board Actions:** DGS 15-LL-MOD, 12/16/2015

**Property Location:** 18 Pinkney Street, Annapolis, MD

**Space Type:** Office  
**Lease Type:** New Sub-Lease

**Term:** 12/01/2020-11/30/2025

**Annual Rent:** $30,548 with annual 2.5% increase during the term

**Utilities/Custodial Responsibility:** Tenant

**Termination for Convenience Clause:** No

**Procurement Method:** N/A

**Background:** Reference is made to item 15-LL-MOD approved on 12/16/2015, wherein the Board of Public Works approved a 5-year sublease for the period 12/01/2015 through 11/30/2020.

**Remarks:** Reference is made to the Board of Public Works Action Agenda of March 7, 2001, Item 8-L, wherein the Board approved a master lease agreement from the Department of General Services to Historic Annapolis, Inc. for 11 properties.

The master lease agreement is for a 30-year term, which commenced March 7, 2001 at $1.00 per year. It provides that the 11 properties will be used for general public use and historical preservation purposes. The Lease was modified and approved by the Board of Public Works on October 29, 2014, Item 11-LL-MOD.

The master lease further provides that subject to Board of Public Works approval, the Lessee may sub-lease the properties to generate income. Therefore, pursuant to said provisions, Board of Public Works approval is requested for the renewal of following sublease.
35-LL. **LANDLORD LEASE** *(cont’d)*

**Special Conditions:**

1. The Sub-Tenant shall occupy and use the Demised Premises for and only for **general office use**, **including meeting clients**.
2. The Sub-Tenant is responsible for all maintenance of the property.
3. The Sub-Tenant shall be responsible for obtaining all permits, licenses, inspections and approvals required for its and occupancy of the premises.
4. The Sub-Tenant shall maintain at its expense, throughout the term, insurance against loss or liability in connection with bodily injury, death, property damage or destruction, occurring within the Demised Premises. General Comprehensive Liability insurance will have a minimum coverage of $1,000,000 combined single limit per occurrence and shall contain broad form GCL Endorsement or its equivalent.
5. The Sub-Tenant shall indemnify and hold harmless the State of Maryland and Maryland Department of General Services against any and all liability or claim of liability (including reasonable attorney’s fees), arising out of licensee’s use and occupancy, conduct operation or management of the premises during the Term.

41-S-MOD. SERVICES MODIFICATION
Department of Health

Contract ID: Maryland Youth Risk Behavior and Youth Tobacco Survey; OPASS 17-15925
ADPICS No.: COI63305

Contract Approved: DBM 6-S, 09/07/2016
Contractor: ICF Macro, Inc., Fairfax, VA (Local Office in Rockville, MD)

Contract Description: Administer, analyze, and report on the findings of the combined Maryland Youth Risk Behavior Survey (YRBS) and Maryland Youth Tobacco Survey (YTS).

Modification Description: Extend the contract in order to conduct a new procurement for services due to a failed procurement. Contractor shall administer an additional cycle (two years) of the combined Maryland Youth Risk Behavior Survey and Youth Tobacco Survey in select Maryland public middle and high schools. Survey administration is anticipated to begin in FY 21. Additional dollars have been added to administer the survey and conduct training meetings for coordinators at the local level.

Original Contract Term: 09/22/2016 - 06/30/2020
Modification Term: 07/01/2020 - 06/30/2022
Original Contract Amount: $1,179,859
Modification Amount: $639,676
Total Contract Amount: $1,819,535
Percent +/- (This Item): 54.2%
Total Percent Change: 54.2%
Prior Mods/Options: N/A
Original Procurement Method: Competitive Sealed Proposals
MBE/VSBE Participation: 25% / 1%
MBE/VSBE Compliance: 65% / 15%

Requesting Agency Remarks: Each survey cycle lasts approximately two years including tasks such as planning and training local coordinators and survey collectors prior to survey administration, survey administration to approximately 70,000 students statewide, data transfer to the Center for Disease Control and Prevention (CDC) for processing; and receipt of final data from CDC.

The YRBS/YTS is a CDC-sponsored anonymous survey that collects data on youth health risk behaviors that contribute to the leading causes of mortality and morbidity and tracks those behaviors over time. It uses school enrollment numbers from the previous school year to select a sample of schools to take the survey. Maryland collects data on state- and jurisdiction-levels – in smaller counties all schools are selected and in larger counties a sample of schools are selected. This ensures the data collected from these schools are representative of all the public-school students in each jurisdiction. Enrollment numbers are forwarded to the Center for Disease Control and Prevention's (CDC) Data Agency, Westat. Westat statisticians select schools based on a two-stage probability sampling design in which each student has an equal chance of selection. The school selection process is confidential and anonymous – no individual student names are used during this process.

During the Fall 2018 administration of the Maryland YRBS/YTS, 365 public middle and high schools were selected to be surveyed, which amounts to over 68,000 students who participated in the survey. This survey is conducted to maintain surveillance of youth tobacco use behaviors as mandated by Health-General Code Ann. §13–1003 and §13–1004 and other youth risk behaviors as mandated by Education Article §7–420. The survey produces data for each of the State’s 23 counties and Baltimore City, as well as overall statewide data.

The resulting data from the survey allows MDH, local health departments, the Maryland State Department of Education (MSDE), school systems, and stakeholders to effectively plan and evaluate programs, interventions, and policies that address negative behaviors and promote positive behaviors. The data from this survey is also used to determine funding for local health department tobacco control programs.
