BOARD OF PUBLIC WORKS
SECRETARY'S
ACTION AGENDA
November 18, 2020

1. **DEPARTMENT OF AGRICULTURE** (cont'd)
Maryland Agricultural Cost-Share Program
Grants

Authority: "Cost-Sharing-Water Pollution Control," §§ 8-701 to 8-705, Agriculture Article, Annotated Code of Maryland; COMAR 15.01.05

Remarks: The Maryland Department of Agriculture has determined that each of these projects is eligible for cost-share funds. Each project has received technical certification from the appropriate Soil Conservation District Office. The farmer has signed the cost-share agreement and accepts the grant conditions.

2. DEPARTMENT OF AGRICULTURE

Maryland Agricultural Cost-Share Program- Additional Funding

Recommendation: That the Board of Public Works approve granting additional general obligation bond proceeds to one grantee under the Maryland Agricultural Cost-Share Program.

Amount: \$ 3,044.26

Fund Source: MCCBL of 2017: *Provide funds for assistance for the implementation of best management practices that reduce soil and nutrient runoff from Maryland farms.* Item 17206

County	Recipient	Agreement #	\$ Amount
Kent	Diane Hague	CH-2018-2623	\$3,044.26

Authority: "Cost-Sharing-Water Pollution Control," §§ 8-701 to 8-705, Agriculture Article, Annotated Code of Maryland; COMAR 15.01.05

Remarks: The Maryland Department of Agriculture has determined that each of these projects is eligible for cost-share funds. Each project has received technical certification from the appropriate Soil Conservation District Office. The farmer has signed the cost-share agreement and accepts the grant conditions.

Additional funds are requested for these projects to offset additional costs realized at the completion of the project. These additional costs are a result of design changes required based on site conditions encountered during construction, design changes to improve project effectiveness, or because the level of co-cost share funding originally anticipated was not available when the project was completed.

3. **BOARD OF PUBLIC WORKS**
COMAR: State Procurement Regulations

Recommendation: That the Board of Public Works propose new regulations to COMAR Title 21, State Procurement Regulations.

Proposal: Propose regulations in COMAR Title 21 to implement recently enacted legislation regarding the payment of employee health care expenses for State-funded construction projects.

Implement new procurement laws from 2019 (CH687) and 2020 (CH264)

Add: 21.07.02.12 – Mandatory Construction Contract Clauses - Payment of
Employee Health Care Expenses
21.11.15.01 – Definitions
21.11.15.02 – Payment of Employee Health Care Expenses
21.11.15.03 – Certification of Payment

Action: Approval of this Item authorizes submission of the regulatory proposal to the AELR Committee and subsequent publication for public comment in the *Maryland Register*.

**6. DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT
*Shelter and Transitional Housing Facilities Grant Program***

Recommendation: That the Board of Public Works approve lending general obligation bond proceeds as described.

Borrower: Family and Children's Services of Central Maryland

Project: Family Support Center at Westend
Domestic Violence Center located in Carroll County

Disclosure:

The Family Support Center is a grant recipient of a Violence Against Women Act grant from the U.S. Department of Justice. Violence Against Women Act and Family Violence Prevention and Services Act grants assist to support the establishment, maintenance, and expansion of programs and projects to, among other things, provide immediate shelter for family, domestic or dating violence victims and their dependents. Both acts prohibit grant recipients from disclosing the address or location of any shelter that maintains a confidential location unless the person responsible for operating the shelter gives written authorization. Failure to follow the acts' universal grant conditions regarding victim confidentiality and privacy could result in a loss of funding (42 USCA §§ 10401, 10406). Accordingly, the Department is not disclosing the location of this project.

Authority: Housing and Community Development Article, §2-102(a)(7), Annotated Code of Maryland; Ch. 396, Acts of 2011; Ch. 444, Acts of 2012; Ch. 424, Acts of 2013; and Ch. 463, Acts of 2014, as amended.

Shelter and Transitional Housing Facilities Grant Program shall provide capital financing, in the amount of \$2,450,000, for local governments and nonprofit organizations to develop shelter, transitional, and other housing facilities for homeless individuals and families.

Repayment of the capital assistance is not required and is forgiven as long as the project is used as a shelter, transitional housing, or other housing facility for homeless households for 15 years.

Grant Amount: \$2,450,000

Fund Source: MCCBL 2018- Shelter and Transitional Facilities Grant Program

Collateral: Deed of Trust

**BOARD OF PUBLIC WORKS
SECRETARY'S
ACTION AGENDA

6. DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT (cont'd)
Shelter and Transitional Housing Facilities Grant Program

Description: The Family Support Center is the sole provider for victims of violence in Carroll County that provides behavioral health, case management, medical adult daycare, domestic violence hotlines, victim shelter and permanent supportive housing for seniors. The newly constructed Domestic Violence Center will create new housing by increasing the number of available beds from 12 to 20. The new beds will also be accessible to Persons with Disabilities, enabling the Family Support Center to expand services to serve victims of elder abuse.

Project Funding Sources:

<i>Type of Funds</i>	<i>Source of Funds</i>	<i>Grant Amount</i>
Shelter and Transitional	Maryland DHCD	\$2,450,000
Grant	Weinberg Foundation	\$1,000,000
Grant	Kalhert Foundation	\$ 500,000
CDBG	Carroll County	\$ 800,000
Strategic Demo Fund	Maryland DHCD	\$ 100,000
Private Donations	FSC	\$ 450,000
Total Sources		\$5,300,000

The Maryland Department of Planning reviewed and approved the project for consistency with the Economic Growth, Resource Protection, and Planning on August 28th, 2018.

The scope of work with respect to energy saving, water conservation, and environmental review are described below.

Pursuant to Maryland's commitment to reducing Greenhouse Gas Emissions, conserving water resources, and enhancing Maryland's environment, the Project includes the following:

1. Mechanical systems will be high efficiency units with programmable thermostats.
2. All appliances will be Energy Star qualified.
3. All windows will be Energy Star qualified
4. All faucets and bath fixtures will use water sense labeled products.

There are no Recognized Environmental Concerns requiring remediation on this project.

Bay Restoration Fund

Recommendation: That the Board of Public Works approve further funding as described.

Authority: Maryland Water Quality Financing Administration Act
§§ 9-1601--9-1622, Environment Article, Annotated Code of Maryland.

Project: Chesapeake City Wastewater Treatment Plant Enhanced Nutrient
Removal Upgrade

Recipient: Town of Chesapeake City

Amount: Up to \$6,467,519

Location: Cecil County/Legislative District 36

Description: This project entails the planning, design, and construction of an Enhanced Nutrient Removal upgrade for the existing North and South Wastewater Treatment Plants sized at 75,000 gallons per day (gpd) and 88,000 gpd, respectively, in Chesapeake City. Work includes demolition and abandonment of these existing plants, construction of an influent pump station in place of the South Plant, and construction of a new wastewater plant at the north site for enhanced nutrient removal treatment at an expanded total flow of 200,000 gpd. These installations will result in an effluent concentration goal of 3.0 mg/L for Total Nitrogen and 0.3 mg/L for Total Phosphorus on an annual average basis. This will result in 79% reduction in nitrogen and 90% reduction in phosphorus to the Chesapeake & Delaware Canal, and ultimately the Chesapeake Bay. This project will be constructed in accordance with coastal and non-coastal resiliency guidelines developed as part of the Coast Smart Program to reduce climate change risks to such projects.

Project Funding Sources:

Bay Restoration Fund Grant BR-NR 06.08 (this Item)	\$ 6,467,519
Bay Restoration Fund Grant BR-NR 06.08 (prior approval Sec 14 [9/4/19])	\$ 401,381

§§ 9-1601--9-1622, Environment Article, Annotated Code of Maryland.

Project: Rock Hall Wastewater Treatment Plant Enhanced Nutrient Removal Upgrade

Recipient: Town of Rock Hall

Amount: Up to \$82,971

Location: Kent County/Legislative District 36

Project Description: The proposed project entails the planning, design and construction of an Enhanced Nutrient Removal upgrade of the existing Rock Hall Wastewater Treatment Plant at an existing capacity of 480,000 gallons per day. Upon completion of the upgrade, the plant will be capable of achieving an effluent concentration goal of 3.0 mg/L for Total Nitrogen and 0.3 mg/L for Total Phosphorus. This will allow 83% reduction in nitrogen and 70% reduction in phosphorus, reducing nutrients to the Gray's Inn Creek and ultimately to the Chesapeake Bay. This project will be constructed in accordance with coastal and non-coastal resiliency guidelines developed as part of the Coast Smart Program to reduce climate change risks to such projects. This board action is for Phase 1- Return Activated Sludge Pumps Improvements, which is a critical component of the upgrade.

Project Funding Sources:

Bay Restoration Fund Grant BR-NR 05.15 (this Item)	\$ 82,971
Bay Restoration Fund Grant BR-NR 05.15 (prior approval Sec 12 [3/4/20])	\$ 25,600
Future Funding (Grant/Loan)	<u>\$11,987,429</u>
Total Estimated Project Cost:	\$12,096,000

A1. DEPARTMENT OF GENERAL SERVICES

Contract Title: Install Electrical Feeders for Temporary Hospital Tents at Jessup Correctional Facility, on behalf of the Maryland Department of Health
ADPICS No.: 001B0600384

Contract Type: Construction

Description: This contract provides all labor and materials to install low voltage electrical feeders for temporary hospital tents at the Jessup Correctional Institute.

Procurement Method: Emergency

Date Emergency Declared: April 24, 2020

Award: Global Substation Services; White Marsh, MD
(*Certified Small Business, Certified Minority Business Enterprise*)

Contract Award Date: May 29, 2020

Contract Term: 05/30/2020 – 06/29/2020 (30 calendar days)

Amount: \$249,927

Requesting Agency Remarks: *Nature of Emergency – COVID-19:* On March 5, 2020, Governor Larry Hogan issued a Declaration of State of Emergency and Existence of Catastrophic Health Emergency due to the outbreak of a severe respiratory disease, resulting in illness or death that is caused by the person-to-person spread of the novel coronavirus. The Department of General Services' Office of State Procurement (DGS OSP) has served as the primary procurement agency securing construction services required to mitigate the COVID-19 emergency. The Department has identified an urgent need to install low voltage electrical feeders for temporary hospital tents at the Jessup Correctional Institute.

Basis for Selection: Global Substation Services was directly solicited. Global Substation Services has frequently been awarded contracts with the Department of Public Safety and Correction Services. The firm has previously worked at Jessup Correctional Institute and is not only familiar with the requirements of working in the facility, but was also able to provide rates determined to be fair and reasonable to complete this project which is urgent in nature.

A2. DEPARTMENT OF HEALTH (cont'd)
Office of Procurement and Support Services

Fund Source: 100% Federal

Remarks: *Nature of Emergency – COVID-19:* On March 5, 2020, Governor Larry Hogan issued a Declaration of State of Emergency and Existence of Catastrophic Health Emergency due to the outbreak of a severe respiratory disease, resulting in illness or death that is caused by the person-to-person spread of the novel coronavirus.

The Maryland Department of Health issued a request for proposals to engage a communications firm to develop and execute a statewide, multi-platform communications campaign to inform and educate the public about critical topics related to the ongoing novel coronavirus pandemic. The public must be informed about developments on multiple issues related to the pandemic, including the availability of testing, need to wear face coverings in public places, continued social distancing, isolating when sick, and cooperating with contact tracers. Future topics will include efforts to prevent a “second wave” of infections and repercussions should there be a second wave and urging the public to get vaccinated when a vaccine becomes available. These topics align directly with the Governor’s “building blocks” for Maryland’s continued recovery and reopening.

As this pandemic is an unprecedented global health crisis, Marylanders will need regular, accurate and reliable information and guidance about symptoms, exposure, testing, self-isolation, quarantine and other topics. The campaign will need to address potential cultural differences across urban, suburban and rural settings and among residents of different racial and ethnic backgrounds. Significant and sustained outreach is needed to achieve these goals. The expected duration of this campaign is 6 months and messaging across multiple platforms will begin in late July.

Basis for Selection: The evaluation team determined the awarded vendor’s proposal to be the most advantageous to the State based on the merits of its technical proposal.

Reason for Late Reporting: Administrative delays resulted in this report being submitted after the 45-day required reporting period.

A3. DEPARTMENT OF HEALTH
Office of Procurement and Support Services

Contract Title: Contact Tracing Media Campaign for COVID-19 Communications and Outreach Program
ADPICS NO.: M00B0600474 / COI82345

Contract Type: Services

Contract Description: For the provision of engaging a communications firm to develop and execute a statewide, multi-platform communications campaign to inform and educate the public about the state's contact tracing program related to COVID-19.

Modification Description: This contract modification is to develop and execute a statewide, multi-platform communications campaign to inform and educate the public about critical topics related to the 2020 influenza season and flu vaccine.

Procurement Method (this Item): Emergency Modification
Original Procurement Method: Emergency (BPW Secretary's Appendix A6, 07/22/2020)

Emergency Declared: March 7, 2020

Award: Impact Marketing & Public Relations
Columbia, MD

Original Contract Amount: \$1,750,000

Modification Amount: \$400,000

Revised Contract Amount: \$2,150,000

Modification Award Date: September 1, 2020

Original Contract Term: 05/19/2020 – 02/19/2021

Remarks: Nature of Emergency – COVID-19: On March 5, 2020, Governor Larry Hogan issued a Declaration of State of Emergency and Existence of Catastrophic Health Emergency due to the outbreak of a severe respiratory disease, resulting in illness or death that is caused by the person-to-person spread of the novel coronavirus.

It is anticipated that influenza and COVID-19 will circulate simultaneously during the Fall and Winter of 2020-2021. In order to reduce the number of respiratory cases due to influenza and COVID-19 presenting to the healthcare system, this influenza vaccine promotional campaign is essential. The public will be informed about developments on multiple issues related to the 2020 influenza season and flu vaccination, as well as preventing the flu to help minimize the stress on the healthcare system related to the COVID-19 pandemic.

A4. DEPARTMENT OF HEALTH
Office of Procurement and Support Services

MBE Participation: N/A

Fund Source: 100% Federal

Remarks: *Nature of Emergency – COVID-19:* Required modifications to continue to provide adequate funding for all Maryland community site testing, including drive through ("VEIP Sites"), and local health department testing locations supported using CIAN testing services. The price per test will be reduced by \$5 from \$98 dollars per test to \$93 per test for all tests performed on or after August 2020.

The second modification provides funding for testing costs incurred during the State-sponsored nursing home testing program (June 19 to August 15) not originally anticipated when the first modification was executed. Additionally, the modification provides funding for diagnostic testing services at community testing sites, including VEIP (drive-through) and local health department testing sites through the remainder of the calendar year. Approximately \$4.8 million was spent on the afore-mentioned nursing home testing costs. The remaining approximate \$22.7 million will be used to pay for community site testing. The community site figure is based on MDH's estimate that approximately 244,457 tests will be performed at community sites during the remainder of the calendar year.

A5. DEPARTMENT OF HEALTH
Office of Procurement and Support Services

Remarks: *Nature of Emergency – COVID-19:* By executive order issued March 5, 2020, the Governor determined and announced the "Existence of a Catastrophic Health Emergency" due to the ongoing coronavirus epidemic, an unforeseen sudden and unexpected occurrence requiring immediate procurement intervention on a broad range of public health needs. This procurement was initially conducted to address staffing challenges at Maryland nursing homes with high levels of staff and patient COVID positive individuals. The contract provided short-term nursing staff for those facilities through a list of prospective staff maintained by the Maryland Hospital Association (MHA) known as the Chesapeake Registry Program. Subsequently, hospital tents were erected at Maryland prisons, each having a need for staff, and expanded testing sponsored by the State in multiple locations also required additional short-term nursing staff. MDH entered into an amendment to the original contract to procure the additional staff needed for the prisons and testing.

8A. PROGRAM OPEN SPACE STATE SHARE

Frederick County (F.A. and T.D. Baker Family Limited Partnership)

Recommendation: That the Board of Public Works approve the acquisition of a conservation easement.

Description: This entirely forested property is located along the northern stretch of the Catoctin Greenway, an important route for migratory birds. In addition to Forest Interior Dwelling Species habitat, the property, which is located in the Catoctin Macrosite Ecologically Significant Area, also includes rock escarpments that provide important wildlife habitat. A conservation easement on this property will protect tributaries to Owens Creek, an important trout fishery, provide water quality protection to the Upper Monocacy River Watershed, and protect the viewshed from Catoctin Mountain Park and Cunningham Falls State Park.

POS Scoring System: 75 out of 100 **Targeted Ecological Area:** Yes

Grantor: F.A. and T.D. Baker Family Limited Partnership

Grantee: The State of Maryland to the use of the Department of Natural Resources and Frederick County, Maryland

Property: 123.74+/- acres, improved, POS No. 5271

Price: \$83,000

Appraisals: \$87,000 (9/29/19) – Georgia Nichols
\$62,000 (9/25/19) – Terence W. McPherson
All appraisals reviewed by Dave Wallenberg, Chief Review Appraiser

Remarks: Appraisals are older than a year due to title issue which has been resolved.

9A. PROGRAM OPEN SPACE STATE SHARE

Worcester County (Bay Club, LLC and CMF Development, LLC)

Recommendation: That the Board of Public Works approve the Department of Natural Resources accepting assignment from the Lower Shore Land Trust of its right to purchase two adjacent parcels totaling 672.92 +/- acres.

Description: The property contains a mix of forests and fields that will be managed by the Maryland Forest Service as an addition to Chesapeake Forest Lands for public hunting and trail-based activities such as walking and wildlife observation. The potential for equestrian trails will be explored. One parcel is a former golf course; fairways and fields will be reforested with a diverse mix of tree species to maximize hunting and other recreational opportunities while protecting water quality. Acquisition presents a rare opportunity to preserve a large tract of land in an area of Worcester County that is experiencing rapid growth. Acquisition is consistent with goals identified in the 2017 Land Preservation, Parks and Recreation Plan (LPPRP) to increase trail recreational opportunities in the central and northern regions of Worcester County.

POS Scoring System: 68 out of 100

Targeted Ecological Area: No

10A. PROGRAM OPEN SPACE STATE SHARE
Notice of Environmental Covenant

Recommendation: That the Board of Public Works approve the Department of Natural Resources accepting the imposition of an Environmental Covenant with the Maryland Department of the Environment upon real property being purchased by the Department.

Authority: Natural Resources Article, §5-904(e), Annotated Code of Maryland.

Prior Approval: The Board of Public Works approved the Department of Natural Resources acquiring 212 +/- acres on the Pocomoke River from Naslanco, LLC and Brian J. Kane as DNR-RP, Item 10-A (September 5, 2018).

Description: The proposed acquisition consists of two parcels located on the Pocomoke River adjacent to Pocomoke River State Park, providing an additional access point for the Pocomoke River Water Trail. The Kane parcel is improved with a residence that will be used by the Maryland Park Service as operational housing. The Naslanco, LLC parcel, consisting of 211.02 +/- acres, was formerly operated as a golf course. Environmental testing, soil sampling, and remediation was undertaken so that a No Further Action letter, or its equivalent, could be obtained. All work was done in coordination with the Maryland Department of the Environment (MDE), which has issued a Preliminary No Further Action letter indicating that no further investigation or remediation of controlled hazardous substances or petroleum is required, provided the future use of the property is restricted to Medium Frequency – Public Recreational Use. The MDE use limitation category is consistent with the Department of Natural Resources' intended use and management of the property as part of Pocomoke River State Park. MDE requires that the activity and use limitation be documented in the form of an Environmental Covenant that is recorded among the Land Records, and will run with the land and be binding on any successive owners.

Environmental Covenant: Below is a summary of the use restriction that will be included in the Environmental Covenant and referenced in the deed conveying the property to the Department of Natural Resources as a deed restriction:

Public Recreational Areas: Medium Frequency Use – Any area that is available for recreational use by all populations where access is restricted through the use of fencing, permitting requirements, or other similar restrictions that prevent or hinder unimpeded access. Examples include, but are not limited to, outdoor aquatic facilities, athletic facilities, dog parks, and limited access parks.

	\$1,900,000 NTE - Aggregate Total	
Prior Mods/Options:	10/08/2020–12/16/2020	
	(Time Only - Contracts AE-3011-0000 and AE-3012-0000)	
Revised Total Contract Amount:	\$13,900,000	
Percent +/- Changes:	17% (AE-3011-0000)	
	20% (AE-3012-0000)	
	17% (AE-3013-0000)	
	10% (AE-3014-0000)	
Original Procurement Method:	Competitive Sealed Proposal (Maryland Architectural and Engineering Services Act)	
MBE/VSBE Participation:	35%, with no Sub-goals / 1% VSBE	
MBE/VSBE Compliance:	29.50% / 1.31%	(AE-3011-0000)
	34.28% / 1.03%	(AE-3012-0000)
	34.36% / 1.07%	(AE-3013-0000)
	24.92% / 0.00%	(AE-3014-0000)

Requesting Agency Remarks: The four (4) consulting contracts provide resources and expertise needed to perform architectural and engineering design and analysis for buildings and facilities, development of complete contract bid documents, facility condition inspections, asset management, and miscellaneous consulting services. The current contracts will expire on December 16, 2020. The procurement process for the new services has been started, however, due to restrictions imposed by Covid-19, the procurement process has been delayed and is not expected to be completed until Fall 2021.

To ensure continuity of services to existing assigned work orders and services with current consultant resources and to continue funding for other critical existing on-going work orders, this modification is deemed essential. The planned project delivery schedules for design completion, advertisement support, and construction phase administration services for current projects would be disrupted and cause delays in fiscal year CTP committed spending as well as potential risk for failure of critical infrastructure equipment.

DEPARTMENT OF TRANSPORTATION
ACTION AGENDA
November 18, 2020

1-AE-MOD. MARYLAND TRANSPORTATION AUTHORITY (cont'd)

Requesting Agency Remarks (cont'd):

Through delegated authority, the MDOT MDTA issued Modification #1 to contracts AE-3011-0000 and AE-3012-0000 for a 70-day extension to align all four (4) contracts for the same expiration date.

The MBE compliance reflects the percentage of MBE subconsultants that were paid to date. It does not reflect MBE funds that were allocated for work orders with the work and subsequent invoicing pending. Contract AE-3014-0000 has the majority of the MBE funds allocated, however since the contract was awarded in 2015 a major MBE subconsultant is no longer an MDOT certified MBE firm and the remaining funds are in the process of being transferred to another MBE firm within the contract.

2-S. **MARYLAND PORT ADMINISTRATION**
Service Contract

Contract ID: Innovative Reuse of Dredged Material; 220005D-S
ADPICS No: P220005D

Contract Description: This contract provides for a study and demonstration of the feasibility of using dredged material from the Cox Creek Dredged Material Containment Facility (DMCF) in the development of concrete traffic barriers and shoreline protection structures.

Award: Northgate Environmental Management, Inc.
Frederick, MD (Certified MBE and Small Business)

Contract Term: 12/03/2020* – 12/03/2021
(*or earlier upon BPW approval)

Amount: \$299,305

Procurement Method: Competitive Sealed Proposals

Proposals:

<i>Offerors</i>	<i>Technical Rank</i>	<i>Financial Rank</i>	<i>Overall Rank</i>
Northgate Environmental Management, Inc. Frederick, MD	1	\$299,305 (1)	1**
Five other proposals are under consideration, but details are confidential under COMAR 21.05.03.03G (see Remarks)	Not applicable (see Remarks)	Not applicable (see Remarks)	Not applicable (see Remarks)

****Technical factors and price have equal weight in the evaluation of each proposal.**

MBE Participation: 100%

Requesting Agency Remarks: This Request for Proposals (RFP) was advertised by the Maryland Department of Transportation Maryland Port Administration (MDOT MPA) on eMaryland Marketplace Advantage, which notified approximately 2,367 vendors. MDOT MPA also shared the solicitation with the Maryland Minority Contractors Association and the Md. Washington Minority Companies Association and directly solicited 240 companies.

In an effort to significantly expand the State of Maryland's dredged material reuse efforts and

2-S. MARYLAND PORT ADMINISTRATION (cont'd)

Requesting Agency Remarks (cont'd):

long-term containment facility capacity, MDOT MPA solicited sealed proposals for applied research and development projects to explore feasible means for reuse of material dredged from Baltimore Harbor channels and placed in the Cox Creek DMCF. The RFP defines “reuse” as the recycling of dredged material for use in another product or application, including residential, recreational, commercial, and industrial uses. Contracts issued under this procurement will support MDOT MPA’s research and development of dredged material applications to further the State’s efforts to recover capacity and/or extend the lifespan of the Cox Creek DMCF. Successful results of this research and development effort could lead to MPA developing a separate, longer-term contract (or contracts) for the reuse of significant volumes of dredged material. These efforts will give MDOT MPA an opportunity to understand better the potential for large-scale, long-term cost-effective capacity recovery in the DMCF. As a result of contracts resulting from this RFP, MDOT MPA will be evaluating lessons learned, adaptive management approaches, and scalability with an eye on future opportunities to recover capacity in DMCFs.

The RFP provides that there is no fixed deadline for submission of proposals until MDOT MPA establishes a deadline by published amendment to the solicitation. Instead, proposals may be submitted at any time and may be considered for award at any time, even while other proposals may be under consideration. Proposals are not in direct competition with each other. No award may exceed \$300,000 in price. MDOT MPA currently has a budget of \$2 million for all contracts awarded under the RFP, which will allow for a minimum of six contracts to be awarded under this solicitation.

Northgate Environmental Management, Inc. submitted a proposal to demonstrate the feasibility of using dredged material from Cox Creek DMCF in concrete traffic barriers manufactured by LafargeHolcim, a major materials manufacturer, and modular shoreline protection structures manufactured using 3D printing technology of Natrx, Inc. The contractor will procure a small quantity of dewatered dredged material generated from Cox Creek DMCF, combine it with other materials into various mixtures to develop conventional and 3D-printed concrete structures, under controlled and documented circumstances to demonstrate engineering and environmental suitability, and will provide the results to MDOT MPA. If the project is successful, the result could be a separate, long-term contract with MPA under which dewatered dredged material from Cox Creek DMCF could be used in the development of upland and in-water concrete products to provide coastal stabilization and support for local transportation projects, thereby expanding the commercial viability of dredged sediments and cost-effectively recovering valuable capacity in the DMCF.

MDOT MPA has received nine proposals to date. On September 23, 2020 (Item 11-S) the Board approved an award to Belden-Eco Products, Inc., in the amount of \$298,061 to test the use of dredged material in the production of ceramic bricks and permeable pavers. Five other proposals are still being considered and additional proposals may be received before MDOT MPA closes the

3-S. **MARYLAND TRANSIT ADMINISTRATION**
Services Contract

Contract ID: Light Rail Dake Wheel Press Retrofit & Upgrade; LR-21-1002
ADPICS No.: P5107598

Contract Description: This contract provides for the repair of the Maryland Department of Transportation Maryland Transit Administration's (MDOT MTA) Light RailLink wheel press.

Award: Bohn's Sales & Service, Inc.
Grand Haven, MI

Contract Term: 12/03/2020 – 12/02/2021

Amount: \$264,975

Procurement Method: Sole Source

MBE Participation: 0% (Proprietary)

Incumbent: None

Requesting Agency Remarks: MDOT MTA's Light RailLink division requires a contractor to retrofit and upgrade its wheel press. This equipment is used by MDOT MTA to install wheel and disc brake hubs while also using pressure sensors to measure and record output pressure. The pressing measurements are documented and maintained as records of compliance and are critical if any accidents were to occur. The equipment is currently in need of repairs and an upgrade.

The contractor will provide the following services:

- replace all obsolete components;
- calibrate and re-program the sensing instrumentations;
- replace the main hydraulic cylinder and necessary components;
- re-program the on-board computer to control pressure output at various levels; and
- train MDOT MTA Light RailLink staff to properly use the upgraded equipment.

Bohn's Sales & Service, Inc. is the only contractor authorized to repair, service, or provide parts for wheel presses manufactured by the Dake Corporation. No other vendor is allowed to perform repairs, calibrate, or re-program this equipment.

MDOT MTA has determined that the price offered is fair and reasonable for the services to be provided, based on market price.

Churchville, MD

Contract Term: 12/03/2020 – 06/30/2023 (939 Calendar Days)

Amount: \$596,192 NTE

Procurement Method: Competitive Sealed Bidding

Bids: H. D. Myles, Inc. \$596,192
Church Hill, MD

Chesapeake Pilot Training, Inc. \$640,400
Chestertown, MD

Living Wage Eligible: Yes

MBE Participation: 0% (Limited Subcontracting Opportunities)

Performance Security: Annual Renewable Payment and Performance Bonds for 100% of the award amount exists for this contract.

Incumbent: H.D. Myles, Inc.
Church Hill, MD

Requesting Agency Remarks: This contract was advertised on eMaryland Marketplace Advantage on February 4, 2020 notifying 15 potential contractors, six (6) of which were MDOT-certified Minority Business Enterprises (MBE's). Bids were opened on March 5, 2020.

DEPARTMENT OF TRANSPORTATION
ACTION AGENDA
November 18, 2020

5-M. STATE HIGHWAY ADMINISTRATION (cont'd)

Requesting Agency Remarks (cont'd):

A protest was filed by H. D. Myles, Inc. on March 12, 2020. H.D Myles, Inc. stated the apparent low bidder and second low bidder are not responsible, as they lack experience, capability and or integrity to perform the work. This contract requires two (2) personnel male and female to be on site at the same time and would require twice the cost.

Upon evaluation of the apparent low bidders Equipment and Experience Statement (EES), the Maryland Department of Transportation State Highway Administration (MDOT SHA) discovered that the total experience did not amount to the five (5) years in comprehensive building services and management that was a minimum requirement to bid on this solicitation. As a result, the bid was rejected on June 10, 2020.

On July 1, 2020, the apparent low bidder protested the rejection of its bid and alleged discriminatory behavior. In the protest, the low bidder requested an immediate reconsideration of their bid after having a representative of an essential office review their experience and equipment documentation. In response to this protest, MDOT SHA completed an independent review of their equipment and experience documentation. Subsequently, a Procurement Officer Final Decision (POFD) was issued by MDOT SHA with the following details:

The bid protest was denied for both procedural and substantive reasons. First, the protest was not filed in a timely manner as required by COMAR 21.10.02.03B. Second, the protest was only provided to MDOT SHA through electronic mail (email), which is prohibited as part of a procurement by COMAR 21.03.05.02. The Procurement Officer also concluded that the low bidder did not meet the experience required for the contract.

No appeal to the POFD was filed or received from the apparent low bidder. The second bidders bid was also rejected.

The Maryland Department of Transportation State Highway Administration has confirmed H.D. Myles, Inc.'s bid price and work conducted on this contract is performed 100% by a State-certified Small Business. Maryland Works, Inc. granted a waiver to MDOT SHA for this contract.

9-GM. THE SECRETARY'S OFFICE
General/Miscellaneous: Special Transportation Project Revenue Refunding Bonds

Recommendation: That the Board of Public Works approve a request by the Maryland Department of Transportation (MDOT), made by the Secretary of Transportation, for the adoption of a resolution authorizing the issuance and sale by MDOT of Special Transportation Project Revenue Refunding Bonds, Series 2021 Issue through a private negotiated basis to occur on or before March 1, 2021, as determined by the Secretary, taking into account then current market conditions.

Amount: Refunding Bonds in an amount not to exceed \$275,000,000

Anticipated Sale Date: February 3, 2021

Maturities: Not to exceed 15 years

Method of Sale: Private Negotiated Sale

Use of Proceeds: To defease via an advance refunding the outstanding maturities of the Maryland Transportation Authority Airport Parking Revenue Refunding Bonds, Series 2012A Baltimore/Washington International Thurgood Marshall Airport Projects (General Governmental Purpose Bonds), Maryland Transportation Authority Airport Parking Revenue Bonds, Series 2012B Baltimore/Washington International Thurgood Marshall Airport Projects (Qualified Airport Bonds – AMT) and Maryland Economic Development Corporation Lease Revenue Refunding Bonds (Maryland Aviation Administration Facilities), Series 2012 (Taxable) (collectively, the “Refunded Bonds”). The proceeds of the Refunded Bonds were used for the financing and refinancing of transportations facilities related to BWI Marshall Airport.

Requesting Agency Remarks: In 2002, the Maryland Transportation Authority issued \$264.1 million of revenue bonds on behalf of the Maryland Department of Transportation Maryland Aviation Administration (MDOT MAA) to construct certain parking facilities, roadway improvements, enhanced pedestrian access, and utility plant upgrades at Baltimore/Washington International Thurgood Marshall Airport (BWI Marshall Airport). The bonds are backed by parking fees and were refunded in 2012. In 2003, the Maryland Economic Development Corporation issued \$223.7 million of revenue bonds on behalf of MDOT MAA to construct a new 11-gate Concourse A and reconstruction of a portion of Concourse B at BWI Marshall Airport. The bonds are backed by certain operating revenues at the airport and were refunded in 2012.

In 2014, the General Assembly authorized MDOT to issue its own project revenue bonds under Subtitle 6 of Title 3 of the Transportation Article of the Annotated Code of Maryland.

DEPARTMENT OF TRANSPORTATION
ACTION AGENDA
November 18, 2020

9-GM. THE SECRETARY'S OFFICE (cont'd.)

Requesting Agency Remarks (cont'd):

The Series 2021 Issue will refund the previously issued bonds described above under a new credit structure. The bonds will be backed by all operating revenues of MDOT MAA, excluding revenues from certain fees for the consolidated rental car facility and passenger facility charges. The refunding will result in positive net present value savings and reduced debt service payments in the near term, the amount of which will be determined as of the date of the sale of the Refunding Bonds.

1. The grant agreement has been revised to include Carroll Hospital Center, Inc. as a “beneficiary” throughout the document.
2. This action is in accordance with the enabling legislation and complies with the tax- exempt bond provisions of the Internal Revenue Code.
3. The grant recipient shall consult with the Maryland Historical Trust pursuant to Sections 5A-325 to 328, State Finance and Procurement Article, Annotated Code of Maryland, and convey a perpetual preservation easement pursuant to the terms of the enabling legislation.
4. Procurement/Contracts should be submitted to Department of General Services for eligibility determination.
5. Invoices should be submitted to the Department of General Services for the disbursement of funds.

7-CGL. CAPITAL GRANTS AND LOANS

Recommendation: That the Board of Public Works certify matching funds and enter into a grant agreement for the following grant:

Board of Directors of Carroll Hospital Center, Inc.

Carroll Hospital Center (Carroll County)

“To assist in the design, construction, and equipping of a new critical care unit on the Carroll Hospital campus.”

*Maryland Consolidated Capital Bond Loan of 2019 (MHA– Chapter 14, Acts of 2019)
DGS Item G007, (SL-058-170-038) \$ 800,000*

Matching Fund: The MCCBL requires the grant recipient to provide a matching fund no later than June 1, 2021 and the Board of Public Works to certify a matching fund. The Board of Directors of Carroll Hospital Center, Inc. has submitted evidence that it has over \$800,000 in a financial institution to meet the matching fund requirement for this project.

Background:	Total Project	\$ 7,920,000
	19-G007 (This Action)	\$ 800,000 (match)
	17-G026 (Prior Action)	\$ 524,000 (match)
	Local Cost	\$ 6,596,000

(Prior Action: 13-CGL; agenda 03/06/19)

Remarks:

1. This action is in accordance with the enabling legislation and complies with the tax- exempt bond provisions of the Internal Revenue Code.
2. The grant recipient shall consult with the Maryland Historical Trust pursuant to Sections 5A-325 to 328, State Finance and Procurement Article, Annotated Code of Maryland, and convey a perpetual preservation easement pursuant to the terms of the enabling legislation.
3. Procurement/Contracts should be submitted to the Department of General Services for eligibility determination.
4. The Office of Comptroller may not disburse State funds until after it verifies that the grant recipient has expended the matching fund and the required amount for reimbursement.

12-AE-MOD. ARCHITECTURAL AND ENGINEERING SERVICES MODIFICATION
Department of Public Safety and Correctional Services

Contract ID: Heating System and Windows Replacement in Housing Units 3 & 4;
KA-000-180-D01
ADPICS No.: 001B8400494

Contract Approved: DGS 8-AE, 06/20/2018

Contractor: Kibart Engineers; Towson, MD (*Certified Small Business*)

Contract Description: Contract to design the window and heating system replacement at housing units three and four at Maryland Correctional Training Center in Hagerstown.

Modification Description: This project was originally designed to be completed in two phases; however, because the entire space is now vacant, the design can be revised to a single phase reducing the construction time and costs. To do so, changes to the design of the construction fences to separate the inmate population of the remainder of the facility from the construction are necessary.

Original Contract Term: 12 Months

Modification Term: 11/19/2020* - 11/18/2024 (**or earlier upon BPW approval*)

Original Contract Amount: \$ 653,990

Modification Amount: \$ 60,844

Total Contract Amount: \$ 714,743

Prior Mods/Options: N/A

Percent +/- (This Item): 0.9%

Total Percent Change: 0.9%

Requesting Agency Remarks: The Maryland Department of Commerce, Office of Military and Federal Affairs issued a Request for Proposals on eMaryland Marketplace Advantage for Maryland Compatible Energy Placement Project on July 16, 2020. Five proposals were received, and technical proposals were opened on August 18, 2020.

**DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
November 18, 2020**

14-S. SERVICES CONTRACT (cont'd)

Agency Remarks (cont'd):

One vendor did not qualify, and the company's financial proposal was not opened or shared with the Evaluation Committee. Four proposals were determined to be reasonably susceptible of being selected for award. Matrix Design Group, Inc. demonstrated an excellent understanding of the work requirements and proposed a well-defined process to develop a unified approach to carry out the Maryland Compatible Energy Siting Project.

This will develop a plan for future development to avoid incompatibility with military operations. This project will consider potential factors such as impact on visual or navigation flight path hazards (e.g. solar glare), military testing and evaluation area impacts, electromagnetic/frequency spectrum interference. Also, wind energy impacts on aviation operations and radar and satellite communications systems.

This project is funded by a federal grant awarded by the Department of Defense's Office of Economic Adjustment to support smart placement of renewable emergency projects that do not encroach on military operations. The grant totals \$500,000, a firm fixed not-to-exceed price outlined in the RFP.

Matrix Design Group, Inc. has provided the most advantageous proposal to the State and is recommended for award of this contract.

15-S. SERVICES CONTRACT
Department of Health, Developmental Disabilities Administration

Contract ID: Behavioral Respite and Mobile Crisis Intervention Services (BRMCIS);
 OPASS# 21-18904
 ADPICS No. M00B1600159

Contract Description: Comprehensive Behavioral Respite (BR) and Mobile Crisis Intervention (MCI) Services for the Eastern Region. These services are for people identified by the Developmental Disabilities Administration (DDA) as eligible for DDA services and to prevent the need for hospitalization.

Award: Somerset Community Service, Inc.; Marion Station, MD

Contract Term: 12/01/2020* - 11/30/2023 (w/two 1-year renewal options)
 (*or earlier upon BPW approval)

Amount: \$1,506,815 (Base, 3-years)
 \$ 695,185 (Renewal Option 1, 1-year)
 \$ 788,179 (Renewal Option 2, 1-year)
\$2,990,179 Total

Procurement Method: Sole Source

Living Wage Eligible: Yes

MBE/VSBE Participation: N/A / N/A

Performance Security: N/A

Hiring Agreement Eligible: Yes

Incumbents: Same

Requesting Agency Remarks: These providers are currently providing these services as subcontractors to the initial contract. They have the experience and expertise to provide these services. DDA finds that issuing a sole source contract in accordance with COMAR 21.05.05 is the most advantageous decision.

**DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
November 18, 2020**

REVISED

15-S. SERVICES CONTRACT (cont'd)

Agency Remarks (cont'd):

The Developmental Disabilities Administration (DDA) previously released two Requests For Proposals (RFP) for Behavioral Respite/Mobile Crisis Services. There were few providers that submitted the needed documentation within the time frame requested and the providers that did submit proposals are the current providers that are providing these services under the current contract as subcontractors to the provider that was awarded this contract many years ago.

Upon beginning the re-submission of the RFP for the third time, the Department of General Services suggested that DDA look into using a sole source for these services. DDA finds that issuing a sole source contract in accordance with COMAR 21.05.05 is the most advantageous decision.

November 18, 2020

REVISED

17-S-MOD. SERVICES MODIFICATION (cont'd)

Original Procurement Method: Competitive Sealed Proposals

MBE/VSBE Participation: 10% / N/A

MBE/VSBE Compliance: 14.8% / N/A

Requesting Agency Remarks: The Drug Utilization Review Board provides drug use review analyses, evaluations and interventions for Maryland Medicaid Participants. In addition, the vendor maintains Maryland's Preferred Drug List (PDL) and Managed Care Organizations' Formularies and PDLs on Formulary Navigator™ Formulary Listing Service tool as well. These services provide prescribers with a comprehensive and accurate resource of all covered medications under the Maryland Managed Care (MCO) and Fee for Service (FFS) Programs and reduce unnecessary denials and delays for participants in obtaining medications. The continued services will enable the Department to perform Retrospective Drug Utilization Analyses (R-DUR) and be compliant with Federal requirements under OBRA-90 (Omnibus Budget Reconciliation Act of 1990). The services will also enable the Department to provide advice and recommendations to the Maryland Department of Health (MDH) for DUR related educational and administrative interventions after consulting with the DUR Board, which is managed under these services and able to provide safest cost-effective therapies to the Medicaid participants in a timely manner.

To maintain compliance with federal requirements, the contract provided additional necessary services to MDH since August 1, 2020.

DGS OSP Remarks: RETROACTIVE approval requested pursuant to §11-204(c) State Finance & Procurement Article. DGS OSP has determined that this contract should be treated as voidable rather than void because: (1) all parties have acted in good faith; (2) ratification for the procurement contract would not undermine the purposes of the Procurement Law; and (3) the violation, or series of violations, was insignificant or otherwise did not prevent substantial compliance with the Procurement Law.

**19-S-MOD. SERVICES MODIFICATION
*Maryland State Police - Aviation Command***

Contract ID: Helicopter Maintenance Master Service Contract Modification; W00B8400005
ADPICS No.: COI74907

Contract Approved: DBM 4-S, 01/03/2018

Contractor(s): AgustaWestland Philadelphia Corporation; Philadelphia, PA
Mecaer Aviation Group, Inc.; Philadelphia, PA
Sterling Helicopter; Croydon, PA

Contract Description: Master Contract with three contractors to perform scheduled and unscheduled maintenance and repair services on Maryland State Police's fleet of AW139 helicopters.

Modification Description: Increase in funding for the Helicopter Maintenance Master Service Contract to adequately address the unanticipated maintenance required as the fleet ages. This increase is to meet the helicopter maintenance cost for the fleet of ten AW139 helicopters.

Original Contract Term: 02/01/2018 - 01/31/2023

Modification Term: 01/01/2021 - 01/31/2023

Original Contract Amount: \$ 6,000,000

Modification Amount: \$ 4,500,000

Total Contract Amount: \$10,500,000

ACTION AGENDA
November 18, 2020**

19-S-MOD. SERVICES MODIFICATION (cont'd)

Requesting Agency Remarks: The amount of required maintenance increases as helicopters age. Unforeseen, but necessary repairs during the course of helicopter inspections and additional maintenance requirements from the Original Equipment Manufacturer (OEM), AgustaWestland Philadelphia Corporation, has resulted in the initial amount of the Master Service Contract not being adequate to cover these costs throughout the term of the initial contract. In order to perform continued maintenance on the aircraft through the expiration of the Master Service Contract, additional funds are required.

20-S-MOD. SERVICES MODIFICATION (cont'd)

Requesting Agency Remarks: A change in Maryland law took effect on 06/01/2019 establishing a regulatory framework for the commercial production of hemp in Maryland and defines hemp as Cannabis with less than 0.3% THC (the main psychoactive component of Cannabis) on a dry weight basis. Currently MDSP-FSD can only detect the presence of THC but can't quantify the amount present and the laboratory is not able to differentiate between hemp and marijuana. Outsourcing marijuana cases to a laboratory that can quantify THC is the only option for cases that need to specify the amount for prosecution.

Although MSP and the Office of State Procurement have worked together to write the new solicitation, the COVID-19 pandemic has delayed the efforts to complete and advertise the contract. Currently, the Departments are updating the scope of work and anticipate advertising it mid-November.

OFFICE OF STATE PROCUREMENT
ACTION AGENDA
November 18, 2020

REVISED

21-IT-MOD. INFORMATION TECHNOLOGY MODIFICATION (cont'd)

Requesting Agency Remarks: To increase the base time and material amount for the remainder of year two (2) and three (3), by \$20,000,000 from \$8,922,751.50 to \$28,922,751.50. DoIT furnishes services under this Contract to other Requesting Agencies via Task Orders issued by the State. The Task Orders issued on behalf of the Requesting Agencies are managed as a staffing model on a labor rate basis, either on an hourly or annualized basis.

At the time the Financial Proposals associated with the solicitation were being reviewed, the evaluation was based on the sum total of two components – the MDOT Capacity Management scope of work, which represented the first Task Order against the contract, and a T&M component which applied estimates of hours expected to meet the above staffing model demand multiplied by the proposed labor rates. The estimated hours used during the solicitation were based on hours supported under a similarly scoped contract (F50B5400037 – Network Managed Services). As the Evaluation Panel (“Panel”) evaluated the Financial Proposal submitted by DMI, the Panel noted that the labor rates proposed by DMI were materially less than the other five Offerors. In aggregate, based on the aforementioned T&M component of the solicitation, they were 12.3% less than their Offeror ranked 2nd financially and 32% less than the 6th ranked Offeror. The degree to which these rates were lower was noted by the Panel as a potential concern. Specifically the concern was whether or not labor with the required experience and skills could be provided at the rates proposed. The Panel ultimately decided to move forward with awarding DMI based on 1) the recommendations received from other parties using this vendor, 2) the strength of the technical proposal, and 3) the financial proposal being in the best interest of the State.

As a result of the aforementioned concerns, DoIT did not modify the previous estimates of demand to reflect any demand stimulation from the lower rates. Since inception of the contract, DoIT has issued numerous Task Orders for staff supporting a variety of different IT projects (20 in total) and agencies. Presently, DMI has demonstrated that they are capable of providing the resources requested at the prices proposed and feedback from the agencies has been extremely positive. As a result, DoIT now sees demand far in excess of what was originally projected. Additionally, since the award of the contract, DoIT has decided to:

- 1)) migrate its current Security Operations functions from the previously mentioned Network Managed Services (NMS) provider;
- 2) remove that scope from the re-compete of the NMS contract (currently awaiting issuance), and;
- 3) begin using staff augmentation to bring these critical Security Operations functions in house. DoIT evaluated DMI’s rates for security resources and determined the State would achieve a savings of 37% – 52% compared to two comparably scoped contracts currently in place.

**DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
November 18, 2020**

REVISED

21-IT-MOD. INFORMATION TECHNOLOGY MODIFICATION (cont'd)

DMI's competence as it relates to network security functions has been reinforced by two projects, one for MDOT and one for MDH, which demonstrates their ability to provide resources for critical security projects. In summary, the additional \$20M in funding requested is the result of: our tempering our original demand estimates based on concerns with rates, the decision to migrate critical Security functions in house, and the fact that DMI has demonstrated its ability to provide quality resources and services at prices well below alternatives available.

Overall Percent +/-: 271.99%

Original Procurement Method: Intergovernmental Cooperative Purchasing

MBE/VSBE Participation: N/A / N/A

MBE/VSBE Compliance: N/A / N/A

Requesting Agency Remarks: The Office of State Procurement and Department of Information Technology have determined that continued participation in the NASPO (formerly WSCA) contract will provide greater cost benefits to the State than procuring these products and services independently.

The NASPO ValuePoint alliance aggregates the demand of all 50 states, the District of Columbia, and the organized US territories. There are currently 151 (Participating Addenda) PAs remaining against this Lead State Master Contracts (Nevada) for wireless services and equipment, and six available vendors participating. This cumulative purchasing power, as well as multi-state and locality volume buying, results in more favorable rates than the State would otherwise obtain by contracting directly with these vendors. The current Master Contracts with the Lead State were slated to end on December 31, 2019; however, the contracts for the four providers with whom Maryland holds PAs were extended until 12/31/2020 to allow participating States to transition onto the new NASPO Master Contract for *Wireless Data, Voice and Accessories (2019-2024)*.

DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
November 18, 2020

REVISED

22-IT-MOD. INFORMATION TECHNOLOGY MODIFICATION (cont'd)

Agency Remarks (cont'd):

The current request for \$2,439,299 to support the remaining two months represents a reasonable estimate based on usage of the contract during calendar year 2019 as compared to 2020 year-to-date. POs drawn against the current contract BPO (060B3490004) are diverse in terms of awarded value, as usage varies greatly amongst user Agencies and Departments. The State has an overall spend of approximately \$7.2M from January to June of this year, which represents a 40% increase in spend from 2019.

Based on current spend-to-date, the rising usage **year** over **previous years** of the contract and the increase in usage due to a hybrid in office/remote office work environment, the \$30,200,000 ceiling was exceeded during the requested period. As such, \$2,439,299 represents the minimum amount the Department estimates should be added to the contract to cover potential costs through December 31, 2020.

DGS OSP Remarks: RETROACTIVE approval requested pursuant to §11-204(c) State Finance & Procurement Article. DGS OSP has determined that this contract should be treated as voidable rather than void because: (1) all parties have acted in good faith; (2) ratification for the procurement contract would not undermine the purposes of the Procurement Law; and (3) the violation, or series of violations, was insignificant or otherwise did not prevent substantial compliance with the Procurement Law.

23-IT. INFORMATION TECHNOLOGY

Recommendation: That the Board of Public Works approve the following Task Orders/Purchase Orders under a previously-approved Master Contract.

Authority: State Finance and Procurement Article
Annotated Code of Maryland, § 13-113; COMAR 21.05.13.06.
Procurement Method: Task Order/Purchase Order under Master Contract

1.0	Master Contract:	Consulting and Technical Services Plus (CATS+) Contract No.: 060B2490023 <i>Approved:</i> DoIT 3-IT, 04/03/2013 <i>Term:</i> 04/22/2013 – 04/21/2028 <i>**As of publication, the remaining balance of this master contract is \$479,239,784.</i>
------------	-------------------------	---

1.1 Using Agency: Department of Information Technology (DoIT)
Description: Physical shelter at SHA Statewide Operations Center in Hanover to house communications equipment; F50B0600044. Prefabricated, concrete shelter building to house critical communications equipment for SHA's Statewide Operations Center. The procurement includes an environmentally controlled shelter which houses equipment to support SHA operations statewide. The shelter also has an internal emergency power generator to ensure operations in all conditions. This is a specialized structure specifically designed to house communication equipment. DoIT has used the CATS+ contract for many years to procure these shelters for various State agencies through MOUs to support emergency communications. Only bid was received in response to this solicitation. Only two vendors are known to respond to solicitations in this functional area. One vendor stressed other commitments. DoIT is looking at other avenues to possibly expand the functional area.

Award:	JG Contracting Company Inc.; Carnegie, PA
Number of Qualified Master Contractors:	17 (Functional Area 14)
Number of Bids:	1 (Single Bid Received)
Amount:	\$420,320
Term:	120 Days from NTP
MBE/VSBE Participation:	3% / N/A
Resident Business:	No

1.0 Master Contract: Consulting and Technical Services Plus (CATS+)

- 1.2 Using Agency:** Department of Education
- Description:** Credentialing Program Help Desk, Imaging and Data Entry Processing; R00B5400059. The Office of Child Care Credentialing Branch receives applications for credentialing programs via mail from child care providers and trainers. The applications are manually date stamped and entered into a tracking log that is part of CCATS. CCATS is used by the Division of Early Childhood Development (DECD) Office of Child Care to track childcare provider and customer information, as well as process applications for the Licensing Branch, the Child Care Subsidy Branch, and the Credentialing Branch.
- Modification Description:** Extend task order by 12 months with additional funding to provide the continuity of support with resources and avoid lapse of service. The contract administrator is currently finalizing the new solicitation with the technical writer. The extension was requested prior to the end of the contract year but due to varying factors the Branch Chief has to rewrite the RFP due to staff vacancies and there was insufficient time for the approval process.
- Award:** Conduent State & Local Solutions, Inc.; Hunt Valley, MD

24-M. MAINTENANCE CONTRACT (cont'd)

Hiring Agreement Eligible: Yes

Incumbent: CSI Corporation of DC; Silver Spring, MD

Requesting Agency Remarks: A notice of availability of an Invitation for Bids (IFB) was posted on eMaryland Marketplace Advantage.com on August 14, 2020. Approximately 68 vendors were notified of this solicitation electronically and 15 vendors were directly solicited. Nine bids were received and opened September 4, 2020.

Two bids were rejected. The first bid was deemed not responsible because the company did not meet the minimum requirement of being in business for three years. The second bid was deemed not responsive because the bid did not include complete and accurate MBE forms.

Two protests were received. The first protest received on September 28, 2020 contested the rejection based on the requirement of being in business for three years. The second protest received on October 6, 2020 contested the Department's rejection of its bid on the basis that it failed to provide the entire MBE Utilization and Fair Solicitation Affidavit (Attachment D-1A).

The Procurement Officer's Final Decision (POFD) was issued on October 15, 2020, denying both protests. One contractor informed the Procurement Officer of its intent to appeal the Department's denial. The Procurement Officer has not received any notification from the Maryland Board of Contract Appeals (MSBCA) and the ten day window to file an appeal has expired.

Trust Consulting Services, Inc. is a certified small business enterprise, as well as, veteran-owned. The firm has been found responsible and its bid responsive. The pricing has been confirmed.

25-M. MAINTENANCE CONTRACT (cont'd)

Performance Security: N/A

Hiring Agreement Eligible: Yes

Incumbent: Acclaim USA, Inc.; Upper Marlboro, MD

Requesting Agency Remarks: A notice of availability of an Invitation for Bids (IFB) was posted on eMaryland Marketplace Advantage on August 20, 2020 as a Small Business Reserve Procurement. Approximately 471 vendors were electronically notified of this solicitation. Twelve bids were received and opened on September 10, 2020. Two bids were rejected. The first was determined to be not responsive because the company failed to bid any line items. The second bid was determined to be not responsive because the company did not provide a subcontractor on their submitted MBE Participation Schedule form, nor a waiver with its bid.

Acclaim USA, Inc. is a certified small business enterprise and a certified minority business enterprise. The firm has been found responsible and its bid responsive. The pricing has been confirmed.

**27-LT-OPT. TENANT LEASE OPTION
*Office of the Attorney General***

Recommendation: Approve exercising the 5-year renewal option on this lease.

Prior Board Action: DGS 18-LT, 08/26/2015

Landlord: Potomac Plaza LLC; Frederick , MD

Property Location: 44 N. Potomac Street, Hagerstown, MD 21740

Space Type: Office Space (900 sq. ft.)

Lease Type: Renewal Option

Term: 12/01/2020 - 11/30/2025 (w/standard 6-month holdover)

Future Option Term: 12/01/2025 - 11/30/2030

Annual Rent:	\$15,300	Rate/Month:	\$1,275
Fund Source:	100% General	Approp. Code:	PCA 1301

Utilities/Custodial Responsibility: Landlord

Termination for Convenience Clause: Yes

Procurement Method: Sole Source
See COMAR 21.05.05.02D; DGS Space Mgmt. Manual ¶ 6-605 E

Remarks: The space has been used since 2005 as a client contact office for the Office of the Attorney General (OAG), Consumer Protection Division (CPD). The lease incorporates two use-in common parking spaces. The prior lease expired on 08/31/2020 and is in the holdover period from 09/01/2020 - 02/28/2021. The prior lease contained one 5-year renewal option; however, it was mistakenly not disclosed when the lease was presented to BPW in 2015.

28-S-MOD. SERVICES MODIFICATION

***Department of Budget and Management, Office of Personnel Services and
Benefits, Employee Benefits Division***

Contract ID: Pharmacy Benefits Plan Management Services and Purchasing Pool Management
ADPICS No.: COJ02587 and COJ02588

Contract Approved: DBM 2-S, 04/26/2017

Contractor: Caremark PCS Health, LLC; Northbrook, IL

Contract Description: Provide pharmacy benefits management and prescription drug coverage for State of Maryland employees, retirees, satellite organization employees, direct pay enrollees, and their respective eligible dependents. The plan is self-funded by the State and is a group health plan administered as part of the State Employee and Retiree Health and Benefits Program. The Contract includes management of the Maryland Rx Program, a purchasing pool for pharmacy benefits for State Employee and Retiree Health and Welfare Benefits Program, eligible local government entities, and qualifying not-for-profit organizations in Maryland.

Modification Description: Add additional funds to Functional Area 1, Commercial and State of Maryland Rx Purchasing Pool and add one year to Functional Area 2, the Employer Group Waiver Plan.

Original Contract Term: 01/01/2018 - 12/31/2020 (w/2 two-year renewal options)

Modification Term: 01/01/2021 - 12/31/2021

Original Contract Amount: \$ 1,102,686,976

Modification Amount: \$ 314,385,812

Total Contract Amount: \$ 2,131,612,552

Percent +/- (This Item): 28.51%

- \$506,705,991 (Renewal #1: Exercise first 2-year renewal option: BPW approval 06/03/2020 Item 13-S-OPT)
- \$ 0 (Mod #6: Added the Vaccine Program: DBM approval (9/28/2020)

Original Procurement Method: Competitive Sealed Proposals

MBE/VSBE Participation: 5% / 1%

MBE/VSBE Compliance: 4% / .1%

Requesting Agency Remarks: Employer Group Waiver Plan (EGWP) for State retirees who would otherwise need to enroll in Medicare Part D. EGWP portion, or Functional Area 2, of the Pharmacy Benefits Plan Management Services and Purchasing Pool Management Contract was scheduled to end on December 31, 2020, after three contract years. This modification will add a fourth contract year to EGWP extending the plan through December 31, 2021, as required by recent legislative changes.

This modification is consistent with changes to State Personnel and Pensions Article Section 2- 508 and 2-509 enacted by the Legislature through Senate Bill 946 enacted on May 25, 2019. Because of the Legislature's direction provided through this statutory change, the modification is considered to be in the best interest of the State.

This modification will also continue the current EGWP program with no additional changes for one additional year at the pricing established for EGWP at the prices quoted for Contract Year 2 in the Functional Area 2, Financial Proposal dated February 3, 2017.

The Contractor is performing both Functional Area 1 and Functional Area 2 services to the Department's satisfaction.

Original Procurement Method: Competitive Sealed Proposals

MBE/VSBE Participation: 10% / N/A

MBE/VSBE Compliance: 21.87% / N/A

Requesting Agency Remarks: Call-center services are established by formal task order based on the individual needs of each agency, the Contractor provides general program support and fulfillment services as they are related to the Call/Contact Center in various agencies. Services include distributing information packets to individuals who have contacted the Call Center (the Call Center Customer). These call-center services allow agencies to enhance customer service to citizens through a toll-free number, and in some cases sending emails to a general email account. Under the call-center arrangement, citizens reach an answering point located in Maryland that is staffed between 8:00 AM and 8:00 PM Monday through Friday, except for State holidays. In addition, citizens are provided some information 24 hours per day, 7 days per week. Services provided under this contract vary by Task Order and are used by several agencies including DBM, DHCD, MDH, MDOT, SBE, SRA, and the Governor's Office, etc. and each agency maintains their toll free call center number independently based on the scope of the task order.

This modification increases the NTE by \$909,948 (including \$110,000 - proactive and \$799,948-retroactive) amounts. The retroactive funding cover expenditures under the current contract placed during the time period of July through November. The contract ceiling through renewal option no. 1 is also being increased to support the anticipated expenditures.

The State's financial system contained a routing error which sent some purchase orders that would claim expenditures against the master contract were mistakenly posted without review and authority. The system issue has been noted and is being addressed to avoid such instances in the future.

**DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
November 18, 2020**

29-IT-OPT/MOD. INFORMATION TECHNOLOGY OPTION/MODIFICATION
(cont'd)

DGS OSP Remarks: **RETROACTIVE** approval requested pursuant to §11-204(c) State Finance & Procurement Article. DGS OSP has determined that this contract should be treated as voidable rather than void because: (1) all parties have acted in good faith; (2) ratification for the procurement contract would not undermine the purposes of the Procurement Law; and (3) the violation, or series of violations, was insignificant or otherwise did not prevent substantial compliance with the Procurement Law.

30-RP. REAL PROPERTY
Department of General Services
File # 00-8595

Recommendation: Declare surplus 8.157 +/- acres for an Easement Agreement.

Property: 8.157 acres located on the Springfield Hospital Campus

Prior Approval: DGS 41-RP, August 5, 1998

Grantor: The State of Maryland, to the use of the Department of Public Safety and Correctional Services and the Department of Health

Grantee: Carroll County

Background: The BPW approved item 41-RP on August 5, 1998, which authorized the grant of a Right of Entry; Water, Utility and Supply Agreement; and an Easement Agreement for Carroll County to obtain water production sources at Springfield Hospital Center. The Right of Entry was executed in October, 1998, and the County designed and constructed a well system which includes ten well sites. Five of the sites are observation wells, and five are potential production wells. Approximately \$400,000 was spent by the County for the engineering, design, and construction of the wells on the Springfield campus from 1998 - 2004.

In July 2005, Carroll County submitted a request to DGS for approval of permanent easements for access to the wells at Springfield Hospital Center, and permanent easements to construct the necessary infrastructure to draw water from the wells. For reasons unclear to DGS (due to the passage of time and the retirement of key personnel) no action was taken regarding the easement request. In 2015, Carroll County approached DGS to renew their request for the previously approved well easements. DGS advised the County that the 1998 BPW approval would need to be renewed, due to the length of time since the approval was granted. Since 2015, DGS and the County have worked through the necessary requirements for the well easements including the County obtaining surveys and appraisals and DGS coordinating the Clearinghouse review.

The County now desires to put the wells into production in order to add redundancy to the public water system, provide water security, to create cost stabilization, and to minimize its future dependence on the Baltimore City water supply. An estimated 8.157 +/- acres have been requested for easements to provide access to the well sites, construction, maintenance, repair, and utilization of the necessary infrastructure to draw water from the wells.

While the underlying fee simple ownership of the property will remain with the State, surplus approval for the easement area is being requested to facilitate the County's use of the site for the wells constructed on the Springfield campus

31-S-MOD. SERVICES MODIFICATION

Department of General Services, Office of State Procurement

Contract ID: Supply Chain Management, Sourcing, and Support Services for
Pandemic Response Care Sites
ADPICS No.: COJ03854

Contract Approved: Appendix Item A3, 11/4/2020 BPW Agenda

Contractor(s): Vizient, Inc. Irving, TX

Contract Description: Provide medical supply chain and materials handling services at the State supported field hospital locations. The Maryland Department of Health is currently supporting the Baltimore Convention Center Field Hospital, Takoma Park Adventist Hospital, Prince George's County Hospital, Laurel Regional Hospital, Hagerstown Correctional Facility, and Jessup Correctional Facility.

Modification Description: Add additional funds to permit the Maryland Department of Health and Department of General Services to complete a successor contract to continue these services.

Original Contract Term: 4/10/2020 – 4/9/2021

Modification Term: 4/10/2020 – 4/9/2021

Original Contract Amount: \$ 30,000,000 (1 year)

Modification Amount: \$ 10,000,000

Original Procurement Method: Emergency

MBE/VSBE Participation: 0%/0%

DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
November 18, 2020

SUPPLEMENTAL

31-S-MOD. SERVICES MODIFICATION (cont'd)

Requesting Agency Remarks: Request for approval to modify the contract to add additional funding to the existing contract term.

This modification is required to prevent an interruption of services due to lack of funding. This fund increase will permit services to continue into January 2021, at which time it is anticipated that a new sole source contract with this contractor will be entered into to provide continuity of operations. The supply chain management and logistical support provided by this contract have become an integral part of the State's COVID-19 pandemic response. All field hospital operations would be severely disrupted if this contractor were to cease services. In addition to sourcing consumable medical supplies, including Personal Protective Equipment (PPE), durable medical equipment, and providing supply chain management, this contract also includes materials management and logistical support, laundry and bed linen services, oxygen services, and environmental services. This contract covers seven sites; three field hospitals that were created to expand available bed capacity to the general public, two 16 bed modular intensive care units, and field hospital operations at the Jessup and Hagerstown correctional sites.

The continued success of Maryland's pandemic response depends on the effective management of the field hospitals that increase the number of both critical care and subacute beds, which helps ensure that Maryland will never exceed available hospital bed capacity. Maintaining these field hospitals requires outside expertise that is in extremely high demand due to the ongoing pandemic. The spend rate of this emergency contract has exceeded initial projections due to higher than anticipated usage. A new contract with this same contractor to continue field hospital support operations for the duration of the pandemic will be presented to the Board of Public Works in early 2021.

32-LT. TENANT LEASE
Department of Human Services

Recommendation: Approve a new ten year lease.

Landlord: Dorchester Marketplace, LLC;
 8808-C Pear Tree Village Ct., Alexandria, VA 22309

Property Location: 2737 Dorchester Sq., Cambridge, MD 21613

Space Type: Office w/ client contact (21,319 sq. ft.)

Lease Type: New Lease

This Term: 02/01/2021 - 1/31/2031 (w/standard 6-month holdover)

Future Option Term: N/A

Annual Rent: \$516,985.75

Square Foot Rate: \$24.25

Fund Source: N00G0002 – N00G006

Appropriation Code: G0010, G3010,
 G4100, G5000, G6010

Utilities/Custodial Responsibility: Tenant/Tenant

Termination for Convenience Clause: Yes

Procurement Method: Sole Source

See COMAR 21.05.05.02.D; DGS Space Mgmt Manual ¶ 6-605 E

Remarks: The Department of Human Services is both relocating and downsizing the Cambridge office currently located at 607-627 Race Street in Dorchester, as the parties have been unable to agree upon terms to continue the lease and due to ongoing landlord performance and maintenance deficiencies required under the lease agreement. The agency is able to reduce their footprint due to telework and more efficient space planning.

The first-year rental rate for this new location is \$24.25 per sf with a reduced footprint of 21,319 sf. The existing location at 607-627 Race Street contains 36,015 sf with landlord demanding that the State acquire an additional 935 NUSF which was not requested, and requiring a minimum of \$22 per sf.

**DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
November 18, 2020**

32-LT. TENANT LEASE (cont'd)

By relocating DHS is reducing its leased footprint by approximately 40% and achieving first year rental savings alone of \$275,344. The rent structure for the new lease includes 2% annual increases beginning at the start of the 2nd lease year.
