1. **DEPARTMENT OF AGING**  
   **Senior Center Capital Improvement Grant**

**Recommendation:** That the Board of Public Works approve the following grant for construction of an Intergenerational Center in Anne Arundel County.

**Recipient:** Anne Arundel County

**Project:** Severn Intergenerational Center

**Amount:** $800,000

**Purpose:** New Construction

**Authority:** Section 8-301, State Finance and Procurement Article, Annotated Code of Maryland

**Funding Sources:**
- Local Government $8,700,000
- Anne Arundel Community Development Block Grant $1,000,000
- State Capital Grant $1,000,000
- Donations/Other grants $2,500,000
- **MCCBL 2021 (this Item)** $800,000

Total Funding: $14,000,000

**Description:** The proposed Severn Intergenerational Center will be a newly constructed 27,006 square foot mixed-use facility at 1160 Reece Road in Severn. The Center will include a 13,463 square foot space dedicated as a Senior Center. The remainder of the building will be utilized by the Boys & Girls Club. The building is being designed with separate plumbing, mechanical, and electrical systems so that each agency will be responsible for costs associated with their respective program operations.

The Severn community demonstrates a significant growth rate of current and projected senior activity center eligible members. West Anne Arundel County, specifically the Severn area, does not have a senior center and the closest center is maxing out capacity even with two buildings.

The Maryland Department of Aging has determined that the cost includes sufficient amounts for the project to conform to building, fire, accessibility for persons with disabilities, and other code requirements, and that the project may be reasonably completed with the funds being requested.

Authority: "Cost-Sharing-Water Pollution Control," §§ 8-701 to 8-705, Agriculture Article, Annotated Code of Maryland; COMAR 15.01.05

Remarks: The Maryland Department of Agriculture has determined that each of these projects is eligible for cost-share funds. Each project has received technical certification from the appropriate Soil Conservation District Office. The farmer has signed the cost-share agreement and accepts the grant conditions.

Additional funds are requested for these projects to offset additional costs realized at the completion of the project. These additional costs are a result of design changes required based on site conditions encountered during construction, design changes to improve project effectiveness, or because the level of co-cost share funding originally anticipated was not available when the project was completed.

4. BOARD OF PUBLIC WORKS
Wetlands Licenses

**Recommendation:** The Board of Public Works Wetlands Administrator recommends that the Board grant licenses for projects involving filling in the navigable waters of Maryland.

**MDE:** The Maryland Department of the Environment concurs with this recommendation.

**Authority:** Section 16-202, Environment Article, Annotated Code of Maryland: “The Board shall decide if issuance of the [tidal wetlands] license is in the best interest of the State, taking into account the varying ecological, economic, developmental, recreational, and aesthetic values [the] application presents.” See also COMAR 23.02.04.

**ANNE ARUNDEL COUNTY**
20-0908  KAREN KURTZ & ERIC VEIEL – To reduce shoreline erosion and nourish a beach by removing existing groins, constructing groins, and nourishing a beach with sand.

Severna Park, Magothy River

Special conditions: Requirements for removing existing groins, design and construction of new groins, and beach nourishment.

**DORCHESTER COUNTY**
20-0981  MDOT MARYLAND STATE HIGHWAY ADMINISTRATION – To perform road work at a creek crossing by replacing a concrete pipe with a corrugated pipe and adding stone stabilization.

Church Creek, Wallace Creek

Special Conditions: Requirements for design and construction of stone stabilization. Restrictions to altering ditch location for corrugated pipe.

6. DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT

Baltimore Regional Neighborhood Initiative

Recommendation: The Department of Housing and Community Development recommends that the Board of Public Works approve the Baltimore Regional Neighborhood Initiative awards for Fiscal Year 2022.

Authority: Section 8-301, State Finance and Procurement Article, Annotated Code of Maryland

Awards: $11,365,000

Fund Source: MCCBL Baltimore Regional Neighborhood Initiative 2021 and General Funds ($6 Million General Obligation Bond Proceeds & $6 Million General Funds)

Background: The Baltimore Regional Neighborhood Initiative demonstrates how strategic investment in local housing and businesses leads to healthy, sustainable communities with a growing tax base and enhanced quality-of-life. The initiative assists non-profit community partners working in communities in the Baltimore region where modest investment and a coordinated strategy have an appreciable neighborhood revitalization impact.

Overall BRNI funds support a wide range of community enhancement projects, including:

- Down payment assistance to attract home buyers to purchase and rehabilitate homes;
- Programs to acquire or rehabilitate vacant or blighted properties;
- Programs to improve existing residential and business properties;
- Programs to achieve energy efficiency through weatherization and energy retrofits;
- Development of mixed-use projects that may combine housing, retail and office space;
- Development or enhancement of community open space or public infrastructure;
- Workforce and employment development programs; and
- Strategic demolition.

Projects supported by BRNI build on the strengths of existing Baltimore City and Inner-Beltway communities and are part of or integrated into a community’s neighborhood strategic plan and local jurisdiction’s Sustainable Communities Action Plan, comprehensive plan, economic development plan or transit-oriented development plan. Funded projects make possible a range of economic development and smart growth outcomes in existing communities, including:

- Stronger local economies in existing communities;
- Increased local jobs and services;
- Compact growth and mixed-use development;
- Expanded housing choices for people of all economic backgrounds.

7. **DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT**

**National Capital Strategic Economic Development Fund**

**Recommendation:** The Department of Housing and Community Development recommends that the Board of Public Works approve the National Capital Strategic Economic Development Fund awards for Fiscal Year 2022.

**Authority:** Section 8-301, State Finance and Procurement Article, Annotated Code of Maryland

**Award:** $7,000,000

**Fund Source:** MCCBL National Capital Strategic Economic Development Fund 2021 ($3 Million General Obligation Bond Proceeds & $4 Million General Funds)

**Background:** The National Capital Strategic Economic Development Fund is a program for the greater National Capital region of Maryland that provides competitive funding for strategic investment in local housing and businesses to encourage healthy, sustainable communities with a growing tax base and enhanced quality of life. The program focuses on targeted areas within Prince George’s and Montgomery counties where modest investment and coordinated strategies will have an appreciable neighborhood revitalization impact.

Funds from the NED program should support the goals and objectives outlined in a targeted area’s Sustainable Communities Action Plan and should support the following activities:

- Down payment assistance for homebuyers to purchase and rehabilitate homes
- Programs to acquire or rehabilitate vacant or blighted properties
- Programs to improve existing residential and business properties
- Programs to achieve energy efficiency through weatherization and energy retrofits
- Development of affordable housing
- Development of mixed-use projects that combine housing, retail, and office space
- Development or enhancement of community open space or public infrastructure

Seed Community Development Anchor Institution Fund

**Recommendation:** The Department of Housing and Community Development recommends that the Board of Public Works approve the Seed Community Anchor Institution Fund grant awards for Fiscal Year 2022.

**Authority:** Section 8-301, State Finance and Procurement Article, Annotated Code of Maryland

**Awards:** $10,000,000

**Fund Source:** MCCBL Seed Community Anchor Institution Fund 2021 ($5 Million General Obligation Bond Proceeds & $5 Million General Funds)

**Background:** The Seed Community Development Anchor Institution Fund is a State of Maryland program to provide matching financial assistance through grants and loans to anchor institutions (e.g.: hospitals and institutions of higher education in the State of Maryland) to support local community development projects with a focus of eliminating blight in targeted areas. The program will generate jobs, strengthen the partnership between anchor institutions and the State of Maryland, and lead to safer, healthier and more attractive communities.

**Background:** The Strategic Demolition and Smart Growth Impact Fund Program is established by the Annotated Code of Maryland Housing and Community Development Article. The purpose of the Program is to provide grants and loans to local government agencies and community development organizations for pre-development activities such as demolition, land assembly, architecture and engineering, stabilization and site development in designated Sustainable Communities.

The Department of Housing and Community Development and The Eastern Shore Land Conservancy executed two Strategic Demolition Smart Growth Impact Fund agreements. Specifically, the Program funds were used to stabilize the smokestack and provide professional architectural and engineering services for the Phillips Packing House Project located at 411 Dorchester Avenue, Cambridge 21613.

The Program provided grants to The Eastern Shore Land Conservancy which in turn provided loans into the Project for the aforementioned predevelopment expenses. In turn, the loans are assigned back to the Department of Housing and Community Development as an asset and positions the Department of Housing and Community Development to be part of the redevelopment project during the predevelopment phase.
9. DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT (cont’d)

Strategic Demolition Smart Growth Impact Fund

Background (cont’d):

The Department recommends forgiveness of the aforementioned loans and associated lien for the following reasons:

- The predevelopment phase has transitioned into the development phase and permanent financing is now needed to be secured and restructured.
- In October 2021, financial closing on the Project with New Market Tax Credits (NMTC) is complete but still complicated due to existing Departmental loans.
- Under the new financial arrangement, these loans are a source of leverage for the NMTC financing allowing The Eastern Shore Land Conservancy to re-loan the proceeds into the NMTC structure.
- With final construction underway, restructuring the Strategic Demolition Smart Growth Impact Fund loans will help ensure that the imminent opening of the Packing House will deliver jobs, create businesses and provide community programming to an area that has seen disinvestment for decades.

10. **MORGAN STATE UNIVERSITY**  
*Health and Human Services Center Phase II – Construction Management Services*  
*Funding – Capital Construction, GMP A (BP - A.1)*

**Contract ID:** Health and Human Services Center Phase II, DCM-HHS-20-1CM

**Recommendation:** Approve a Guaranteed Maximum Price (GMP) contract for Phase II of the Health and Human Services Building project.

**Prior Approvals:** Secretary’s Agenda, Item 8 (2/19/2020)- Pre-construction Services

**Fund Source:** MCCBL 2021, *Provide funds to complete design and begin construction of the new Health and Human Services Building*, Item #555

**Contractor:** Barton Malow Builders  
Baltimore, MD

**Amount:** $6,970,699 *(this Item)*

**Pre-construction Amount:** $475,109

**Revised Amount:** $7,445,808

**Contract Term:** 84 months from issuance of the Notice to Proceed

**Remarks:** This contract is the initial Guaranteed Maximum Price contract for construction mobilization, earthwork and utilities.

Morgan State University’s Health and Human Services Building is located at Hillen Road and Argonne Drive. The building will support the University’s programs, services, and activities related to the School of Community Health and Policy, School of Social Work, Family and Consumer Sciences Department, Medical Technology Program, Prevention Sciences Research, and Counseling Services. This project is projected to meet LEED Silver.

11. MARYLAND DEPARTMENT OF HEALTH
   General Miscellaneous

   **Recommendation:** The Maryland Department of Health requests approval of payment of $64,760 in full settlement of all claims, including attorneys’ fees and costs, arising from Claim No. 2001-0028 filed by Lauren Smith with the Maryland Commission on Civil Rights.

   **Authority:** §§ 12-404 and 12-501, State Government Article, Annotated Code of Maryland

   **Request Amount:** $64,760

   **Fund Source:** 100% General Funds

   **Appropriation Code:** M00F0501

   **Requesting Agency Remarks:** The Maryland Department of Health and the Office of the Attorney General recommend approval of the proposed settlement in full and final satisfaction of the claimant’s claims as in the best interest of the State. If this proposed settlement is approved, a check in the amount of $64,760 should be made payable to Lauren Smith. The check should be mailed to Christopher A. Gozdor, Assistant Attorney General, 300 West Preston Street, Suite 302, Baltimore, Maryland 21201, who will deliver the check and ensure all the necessary documentation and releases are complete.
12. DEPARTMENT OF GENERAL SERVICES

Changing Facilities Standards

Recommendation: The Department of General Services recommends that the Board of Public Works adopt revised standards that require changing facilities in public buildings and public restrooms constructed or substantially renovated October 1, 2022, or later.

Authority: The 2021 General Assembly enacted House Bill 321, 2021 (Chapter 223)

(1) Changing facilities must be installed in public buildings constructed beginning 10/1/2022 and in new and renovated public restrooms in public buildings as of that date.
(2) The Board of Public Works, through the Department of General Services, shall adopt standards that a changing facility must meet.
(3) DGS, the Department of Transportation, and the University System of Maryland must comply with the standards.
(4) Political subdivisions must comply with the standards.

Standards: DGS proposes the following standards for changing facilities:

CHANGING STATIONS:
- Please refer to attached Maryland Department of General Services Procedures Manual and Design Standards - DIAPER CHANGING FACILITIES standard.
- The standard meets the requirements of other State of Maryland applicable building codes and accessibility standards in force.

Remarks: On December 4, 2019 (Secretary’s Agenda, Item 8), the Board adopted Department of General Services proposed standards for required diaper-changing facilities in public buildings and public restrooms constructed or substantially renovated October 1, 2019 or later. The revised standards proposed under this item implement changes made by Ch. 223 broadening the law to include facilities suitable for providing personal care to adults.

Enforcement: As the statute requires, DGS, DOT, or USM, as appropriate shall enforce the standards for public buildings built with State funds or built on State land. Each political subdivision shall enforce the standards for public buildings funded by the subdivision.

Secretary of State: Once the Board approves the standards, DGS shall file the standards with the Secretary of State as State Finance and Procurement § 2-802(d)(2) requires.

Award: Tetra Tech, Inc.
Maitland, FL

Amount: $14,837,797.25 Not To Exceed (NTE)

Term: 10/28/2021 – 10/27/2026 (Five Years)

Contract Award Date: 10/28/2021

Date Emergency Declared: 7/21/21

Date Emergency Reported: 11/15/2021

MBE / VSBE Participation: 0% / 0%

Fund Source: 100% Federal Funds - American Rescue Plan Act of 2021 (ARPA)

Appropriation Code: S00A2503

Remarks: Nature of Emergency – COVID-19: The Department of Housing and Community Development is the “eligible entity” tasked by the US Treasury with administration of the Homeowner Assistance Fund (HAF) which is funded by the American Rescue Plan (ARPA). This program will provide $250 million to assist Marylanders who are delinquent on their mortgages as a result of the COVID-19 pandemic with the goal of avoiding displacement caused by foreclosure action.
A1. DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT (cont’d)

Remarks (cont’d):

To administer the program effectively and efficiently, the Department must procure a vendor who will provide support services to maximize assistance to Maryland borrowers facing foreclosure. The vendor will provide an IT solution which will enable homeowners to apply for assistance through a web-based portal as well as receive additional information required to make decisions on assistance proposals from mortgage services and other partners. A vendor may also provide the capacity needed to process applications. Application packages will be reviewed for compliance by the Department before the Department makes a final determination of eligibility. The vendor will then approve the application and process payments. Lastly, the Department will record loan documents and transfer the files for asset management. The system in place will also need to facilitate the generation of data so the Department can meet the reporting requirements of the US Treasury.

The State of Maryland must be prepared to launch the program as soon as practicable to assist homeowners when they will be in need of assistance. The risk of foreclosure and displacement has been mitigated since March of 2020 through the state and federal actions including the State’s “state of emergency” and regulations promulgated by US Treasury and the Consumer Financial Protection Bureau. Some of these protections have been terminated or will be terminated over the next four months. Forbearance status for most borrowers ends after 18 months, which is now occurring for some borrowers. In addition, the lifting of the state of emergency on July 1, 2021 has reopened the state’s Notice of Intent to foreclose process. Federal regulations are intended to be in place through the end of the calendar year but do not apply to all homeowners who may need assistance. As a result, the Department has determined that the HAF program must be open for applications no later than December 2021. This expedited timeline cannot be met through normal procurement methods.

Basis for Selection: In order to avoid or to mitigate serious damage to public health, safety, and welfare that might otherwise result from the large-scale displacement of individuals and families who have been financially impacted by the ongoing pandemic, the Department has conducted an emergency procurement through a competitive sealed proposal process, under the emergency procurement guidelines, and chose Tetra Tech to be the most advantageous to the State.

MBE/VSBE Participation: N/A / N/A
MBE/VSBE Compliance: N/A / N/A
Fund Source: 100% General
Appropriation Code: N00G0001

Remarks: Nature of Emergency: This emergency modification is to add funds for one additional youth emergently placed with the provider on October 15, 2021. Ourcare, Inc. specializes in the treatment of youth with Intermittent Explosive Disorder, Attention Deficit/Hyperactivity Disorder (ADHD), Disruptive Mood Dysregulation Disorder, Autism Spectrum Disorder, and parent/child conflict. The youth's psychiatric and behavioral issues have resulted in multiple hospitalizations and placement disruptions. According to the Notification of Placement (NOP), the youth will turn 21 in September of 2022. The placement requested is through October 31, 2022.

Basis for Selection: Due to the unique and emergent needs, it was determined by the Local Department of Social Services that Ourcare Inc., a long-term group home located in Lanham, Maryland, is the most appropriate placement. The proposed price for this contract has been determined to be fair and reasonable because the price is set by Maryland State Department of Health, Developmental Disabilities Administration, using the same established methodology in price setting for all In-State providers.

6A. **CONSERVATION RESERVE ENHANCEMENT PROGRAM**

*Zigboon Property, Frederick County*

**Recommendation:** Approval to grant $509,942.40 to Frederick County from Program Open Space Stateside Funds to acquire a 89.52 acre Conservation Reserve Enhancement Program easement.

**Background/Prior Approvals:** Reference is made to Program Open Space Agenda Item 9A (September 16, 2009) in which the Board of Public Works approved the Conservation Reserve Enhancement Program (CREP) easement acquisition program and authorized the use of Program Open Space funds to be used for acquiring permanent conservation easements on stream side forests, natural areas and wetlands.

**Project Description:** Acquisition of this CREP easement permanently protects water quality by requiring approximately 1,500 linear feet of forested and vegetative stream buffers to an unnamed tributary of Friendship Creek. Friendship Creek is designated as a Use 3P – Natural Trout Waters and Public Water Supply stream. As part of the transaction, the landowner will be donating 12.99 acres of the property into the easement for 102.51 acres of total protection. The easement, CREP No. 6409 and POS No. 6410, will be held by Frederick County and the Maryland Department of Natural Resources.

**Easement Value:** $495,409.00 ($5,534 per acre)

**Purchase Price:** $495,409.00 ($5,534 per acre)

**Total Other Costs**
- Administrative: $ 0.00
- Incidental: $ 7,102.40
- Compliance: $ 7,431.00

**Total Amount Requested:** $509,942.40

**CREP Targeting:** The CREP easement program focuses its efforts on “Target Level 1” and “Target Level 2” counties where the easement practices will have the greatest impact on water quality. Targeting for CREP was a multiagency and conservation partnership organization effort that utilized nine high priority, science based, data sets and areas of special consideration developed from the past 10 years of research and study of water quality and natural resource conditions in the State’s 134 watersheds. Frederick County is a Target Level 1 county.
6A. CONSERVATION RESERVE ENHANCEMENT PROGRAM (cont’d)
Zigboon Property, Frederick County

_Easeement Valuation System:_ DNR uses an easement evaluation system based on:

(1) whether the property is located within a “Target Level 1” or “Target Level 2” county;
(2) the width of the buffers; and
(3) the amount of land in the CREP contract that will be covered by the easement.

The program seeks to retain conservation practices beyond the 10- to 15-year contract period available under the federal CREP rental program. The easement acquires development rights and a portion of the agricultural production value beginning at the end of the federal contract term and continuing into perpetuity.

7A. CONSERVATION RESERVE ENHANCEMENT PROGRAM
Valentine Property, Frederick County

Recommendation: Approval to grant $791,698.00 to Frederick County from Program Open Space Stateside Funds to acquire a 139.00 acre Conservation Reserve Enhancement Program easement.

Background/Prior Approvals: Reference is made to Program Open Space Agenda Item 9A (September 16, 2009) in which the Board of Public Works approved the Conservation Reserve Enhancement Program (CREP) easement acquisition program and authorized the use of Program Open Space funds to be used for acquiring permanent conservation easements on stream side forests, natural areas and wetlands.

Project Description: Acquisition of this CREP easement permanently protects water quality by requiring approximately 3,140 linear feet of stream buffers to Stoney Branch and 2,360 linear feet of stream buffers to the Monocacy River. Both are designated as Use 3P – Natural Trout Waters and Public Water Supply streams. As part of the transaction, the landowner will be donating 10.79 acres of the property into the easement for 149.79 acres of total protection. The easement, CREP No. 6412 and POS No. 6413, will be held by Frederick County and the Maryland Department of Natural Resources.

Easement Value: $769,635.00 ($5,536.99 per acre)

Purchase Price: $769,635.00 ($5,536.99 per acre)

8A. PROGRAM OPEN SPACE STATE SHARE

Cecil County (Atlas NC I SPE LLC)

**Recommendation:** That the Board of Public Works approve:

1) The Trust for Public Land, acting on behalf of DNR, acquiring a property from Atlas NC I SPE, LLC;
2) The Trust for Public Land conveying the property to DNR; and
3) The payment of incidental expenses to the Trust for Public Land.

**Description:** This property is strategically located at the corner of the Fair Hill Natural Resources Management Area (NRMA) and intersection of Maryland Route 213 (Singerly Road), and Maryland Route 273 (Telegraph Road). Acquisition will contribute to and build upon the development of the Special Event Zone at the NRMA, as well as eliminate an area of private ownership adjacent to a key entrance to the NRMA Special Event Zone.

**POS Scoring System:** 58 out of 100

**Targeted Ecological Area:** No

**Grantor:** The Trust for Public Land

**Grantee:** The State of Maryland to the use of the Department of Natural Resources

**Property:** 1.46+/- acres, improved, POS No. 5668

**Price:** $945,000

**Appraisals:**
- $940,000 (7/29/21) – Georgia Nichols
- $950,000 (7/29/21) – Stephen H. Muller

All appraisals reviewed by Dave Wallenberg, Chief Review Appraiser

**Incidentals to Land Trust:** $97,687 (total not to exceed)

- Administrative fee: $28,350 (not to exceed)
- Reimbursements:
  - Environmental due diligence: $1,500
  - Title and Closing Costs: $10,000
  - Carrying Costs: $57,837

**Stabilization funds:** $94,500

Stabilization funds are authorized to stabilize the structural integrity of improvements existing on land at the time of acquisition, eliminate health and safety hazards, protect water quality, and provide public access. See Natural Resources Article §5-903(f).

9A. PROGRAM OPEN SPACE STATE SHARE
Anne Arundel County (CLM & Ludlow Properties Partnership)

**Recommendation:** That the Board of Public Works approve the acquisition of 21.31+/- acres in Anne Arundel County.

**Description:** This completely forested property is located along an unnamed tributary of the Severn Run and will be managed by the Maryland Park Service as an addition to the adjacent Severn Run Natural Environment Area. Acquisition will protect the water quality of the Severn River Watershed, provide expanded recreational trail connections, and improve public access.

**POS Scoring System:** 63 out of 100

**Targeted Ecological Area:** No

**Grantor:** CLM & Ludlow Properties Partnership

**Grantee:** The State of Maryland to the use of the Department of Natural Resources

**Property:** 21.31+/- acres, unimproved, POS No. 5737

**Price:** $486,000

**Appraisals:**
- $492,000 (12/18/20) – Jeffrey J. Hulting
- $480,000 (12/22/20) – George L. Peabody
  All appraisals reviewed by Mary Lou Krozack, Review Appraiser

**Stabilization funds:** $5,000
Stabilization funds are authorized to stabilize the structural integrity of improvements existing on land at the time of acquisition, eliminate health and safety hazards, protect water quality, and provide public access. *See Natural Resources Article §5-903(f).*

**Fund Source:** Outdoor Recreation Land Loan of 2020, Chapter 570, Acts of 2019

Source Code: 20010   $491,000
10A. **PROGRAM OPEN SPACE STATE SHARE**  
*Dorchester County (Kozlowski)*

**Recommendation:** That the Board of Public Works approve the acquisition of 11.25+/- acres in Dorchester County.

**Description:** This mostly forested property will be managed by the Wildlife and Heritage Service as an addition to Fishing Bay Wildlife Management Area. The property lies within an area identified by the Audubon Society as an Important Bird Area and within the Savannah Lake Natural Heritage Area Wetland of Special State Concern. The forested wetlands on this property provide important cover for migratory songbirds. Acquisition will provide a buffer for Forest Interior Dwelling Species habitat, improve boundary line management by eliminating an inholding, and expand public recreational opportunities.

**POS Scoring System:** 95 out of 100  
**Targeted Ecological Area:** Yes

**Grantor:** Douglas L. Kozlowski

**Grantee:** The State of Maryland to the use of the Department of Natural Resources

**Property:** 11.25+/- acres, unimproved, POS No. 5765

**Price:** $28,000

**Amount Requested:** $28,000

**Appraisals:** $33,000 (3/21/21) – David E. Cadell  
$23,000 (4/7/21) – William R. McCain  
All appraisals reviewed by Dave Wallenberg, Chief Review Appraiser

**Stabilization funds:** $2,800

Stabilization funds are authorized to stabilize the structural integrity of improvements existing on land at the time of acquisition, eliminate health and safety hazards, protect water quality, and provide public access. DNR plans to use a portion of the funds to dispose of minor improvements. This is DNR’s plan at the time of acquisition to dispose of improvements. See Natural Resources Article §5-903(f) and §5-904(e).

11A. **RURAL LEGACY PROGRAM FUNDS**

*Kent County*

**Recommendation:** Approval to grant $462,168.35 to the *Eastern Shore Land Conservancy, Inc.* from Rural Legacy Funds to acquire an 80.32 acre conservation easement.

*Agricultural Security Corridor – Harvest Crescent Rural Legacy Area – Sperl Property*

**Prior Approval:** Rural Legacy Area Grant for easement acquisitions:
DNR-RP Item 12A (10/21/2020) $620,620 for FY 2021

**Project Description:** Acquisition of this conservation easement will protect 80.32 acres of productive tillable fields, meadows, and forested lands on a parcel adjacent to Turner’s Creek Park. This waterfront property has over 3,500 linear feet of forested buffer on Turner’s Creek in the Sassafras River watershed. Preserving this land from development provides additional resiliency to the effects of climate change. This Rural Legacy easement, RL No. 6419, will be held by the Department of Natural Resources and the Eastern Shore Land Conservancy, Inc.

**Easement Value:** $431,662.23 ($5,374.28 per acre)

**Purchase Price:** $431,662.23 ($5,374.28 per acre)

12A. RURAL LEGACY PROGRAM FUNDS
Queen Anne’s County

Recommendation: Approval to grant $410,001.67 to Queen Anne’s County from Rural Legacy Funds to acquire a 98.57 acre conservation easement.

Foreman Branch Rural Legacy Area – Armiger Property

Prior Approval: Rural Legacy Area Grant for easement acquisitions:
DNR-RP Item 3A (1/8/2020) $1,079,509 for FY 2020
DNR-RP Item 12A (10/21/2020) $774,038 for FY 2021

Project Description: Acquisition of this conservation easement will protect 98.57 acres of productive agricultural and forested lands. This property has over 4,500 linear feet of forested stream buffers on the Chester River and Pearl Creek, a tributary to the Chester River. Preserving this land from development provides additional resiliency to the effects of climate change. This Rural Legacy easement, RL No. 6420, will be held by the Department of Natural Resources and the Board of County Commissioners of Queen Anne’s County. The County is paying administrative and program compliance costs.

Easement Value: $406,082.00 ($4,119.73 per acre)

Purchase Price: $406,082.00 ($4,119.73 per acre)

Total Other DNR Costs: Administrative: $ 0.00
                                Incidental: $3,919.67

1-C. UNIVERSITY OF MARYLAND, COLLEGE PARK
Interdisciplinary Engineering Building

**Contract ID:** Design-Build Construction Contract, Interdisciplinary Engineering Building, University of Maryland College Park: RFP No. 109691

**Recommendation:** Award of Design-Build Contract

**Contractor:** Whiting Turner Contracting Co., Greenbelt, MD

**Project Description:** The proposed project is for the design and construction of an approximately 157,000 GSF/87,000 NASF Interdisciplinary Engineering Building for the A. James Clark School of Engineering. The building will include primarily interdisciplinary research labs, instructional labs, a seminar classroom and office/conference/meeting space. It will be designed and constructed to be adaptable to address changing future needs and will be located in the Northeast District of campus.

The University anticipates the final value of this contract will be approximately $176 million.

**Contract Term:** Seventy-three months from notice to proceed (includes warranty period)

**Amount:** $13,596,100 (Pre-construction and Design)

**Procurement Method:** Competitive Sealed Proposals - Qualification Based Selection

**Proposals:**

1-C. UNIVERSITY OF MARYLAND, COLLEGE PARK (cont’d)

Funding: Donor Funds: $13,596,100

NOTE: Maryland’s FY 2022 – FY 2026 Capital Improvement Program plans for a $200 million total project cost that includes $55,000,000 in donor funds, as well as $145,000,000 in State funding to be provided beginning in FY 2024. The General Assembly accelerated State funds for this project by including $4,000,000 in the MCCBL 2021, making the GO Bonds available before Part I/II Facility Program approval. Because the Facility Program must be approved by the Department of Budget and Management before state funds may be used, the MCCBL 2021 authorization will be used for a later phase, following program approval.

MBE Participation Goal: Overall: 30%;
Subgoals: 8% African American; 11% Woman owned.

Performance Security: Equal to contract amount

Requesting Institution Remarks: This solicitation was advertised on the eMaryland Marketplace Advantage website. Six technical proposals were received and evaluated by a University of Maryland Qualification Committee. Four proposers were deemed technically acceptable and thus susceptible of award and were invited to participate in oral presentations. Following oral presentations, the Qualification Committee selected The Whiting-Turner Contracting Company as the top technically ranked proposer.

This Item is for the award of pre-construction and design services in the amount of $13,596,100. Whiting Turner’s design team is led by the Ballinger Company. The agreement includes professional design and preconstruction services, construction services fees, and general conditions for a total negotiated amount of $34,441,100. The balance of the negotiated amount for construction services fees and general conditions will be included in subsequent bid packages.
1-C. UNIVERSITY OF MARYLAND, COLLEGE PARK (cont’d)

Sustainability: The Design-Build Contractor will perform the work utilizing sustainable design and construction principles. The Interdisciplinary Engineering Building will be designed following the Maryland Green Building Council’s High-Performance Green Building Program. The project will achieve a LEED Silver rating and include features such as energy efficient mechanical equipment chosen based on life cycle cost analysis, water saving plumbing fixtures, and selection of building materials with a low environmental impact. The Design-Build Contractor will perform a feasibility study to assess geothermal potential to meet building heating and cooling loads.

Resident Business: Yes

MD Tax Clearance: 21-3974-1111

1-C-MOD.  MARYLAND AVIATION ADMINISTRATION
Modification: Construction Contract

**Contract ID:** Construction Manager at Risk for A/B Connector and Baggage Handling System Improvements at Baltimore/Washington International Thurgood Marshall (BWI Thurgood Marshall) Airport; *MAA-CO-18-003*  
ADPICS No.: CO394047

**Contract Approved:** DOT Agenda 12/19/2018, Item 3-C

**Contractor:** Clark Construction Group, LLC  
Bethesda, MD

**Contract Description:** The contract provides for a Construction Manager at Risk (CMAR) to manage the pre-construction and construction processes for the A/B Connector and Baggage Handling System (BHS) Improvement program at BWI Thurgood Marshall Airport.

**Modification Description:** Modification No. 3 is a material change to the contract which modifies the contract from one (1) Guaranteed Maximum Price (GMP) Package to two (2) GMP packages. The sum of the two (2) GMPs will be the overall project construction cost and will not exceed the Program Budget of $425 Million.

**Original Contract Term:** 01/03/2019 – 01/02/2023

**Original Contract Amount:** $1,994,227

**Modification Term:** 01/06/2022* – 01/02/2026 (*or earlier upon BPW approval)

**Modification Amount:** $ 0

**Prior Mods/Options:** $ 500,000 (Modification No. 1, 06/16/2021, 3-C-MOD)  
$ 0 (Modification No. 2, 07/07/2021, 4-C-MOD)

**Revised Contract Amount:** $2,494,227

**Percent +/- Change:** 0%

**Overall Percent +/-:** 25%

**Original Procurement Method:** Competitive Sealed Proposals

**DBE Participation:** 18%

**DBE Compliance:** 9.1%
MEMORANDUM

TO: EXECUTIVE SECRETARY JOHN GONTRUM
FROM: MDOT MAA PROCUREMENT DIRECTOR LINDA DANGERFIELD
SUBJECT: NOTICE OF CORRECTION – MDOT 1-C-MOD 12/15/2021 BPW MEETING
DATE: December 29, 2021
RESPONSE REQUIRED BY: December 31, 2021

PURPOSE

This is to advise you of the following clerical error change to the Maryland Department of Transportation’s action agenda item previously approved by the Board of Public Works.

MDOT Agenda 12/15/2021, Item 1-C-MOD

Approved ADPICS NO.: CO
Correct ADPICS NO.: CO394047

Thank you for your attention to this matter. If you require additional information, please contact me at 410-859-7097 or ldangerfield@bwiaiport.com.

Request By:

Linda D. Dangerfield, NIGP-CPP, CPPB
Director, Office of Procurement & Materials Management
MDOT Maryland Aviation Administration
1-C-MOD.   MARYLAND AVIATION ADMINISTRATION (cont’d)

**Performance Security:** Payment and Performance Bond at 100% of the Contract Amount

**Requesting Agency Remarks:** Modification No. 3 allows the contractor to provide two (2) GMP packages instead of one (1) GMP based upon the revised design and associated bidding services due to changes in the program's scope brought on by impacts to the available funding due to the COVID-19 Pandemic. Additionally, Southwest Airlines requires increased in-line BHS capacity at BWI Thurgood Marshall no later than December 2025. This modification will allow MDOT MAA to reduce the overall project schedule by eight (8) months, reduce impacts to Southwest’s operations, reduce overall project schedule risk, avoid additional finance and escalation charges, and meet the substantial construction completion date of December 2025.

The first package is an enabling construction package consisting of mobilization, site & facility preparation, utility surveying and test pitting, selective apron demolition to permit required Southwest fuel hydrant modifications, and other early enabling construction activities anticipated to begin mid-January 2022. The second GMP package will complete the balance of the project and will be presented to the Board of Public Works in September 2022.

Modifying the contract to provide two (2) GMPs will allow for the enabling GMP to leverage design contract documents for early activities already at the “Issue for Construction” status to proceed, while design work continues for the balance of the project to be awarded under a subsequent second (final) GMP package. Additionally, the two separate GMPs will save eight (8) months of schedule, delivering a Date of Beneficial Use no later than December 2025.

The CMAR has achieved 9.1% of its 18% DBE goal to date and is on track to meet the entire DBE goal by the end of the contract duration.

2-GM. MARYLAND TRANSIT ADMINISTRATION
General/Miscellaneous Contract

Contract ID: Light Rail 5kV Utility Replacement - Various Locations; T-1531-0140-D
ADPICS No.: T15310140D

Contract Description: This contract provides the Maryland Department of Transportation Maryland Transit Administration (MDOT MTA) with new low voltage utility service at seven (7) locations along the Light RailLink line.

Award: Baltimore Gas and Electric Company
Baltimore, MD

Contract Term: 01/06/2022* - 12/31/2022 (*or earlier upon BPW approval)

Amount: $198,946

Procurement Method: Sole Source

DBE Participation: 0%

Incumbent: N/A

Requesting Agency Remarks: This contract is for the decommission of the existing specialty 5kV system and to install new low voltage utility service at seven (7) locations currently powered by the 5kV system along the northern end of the Light RailLink line.

The current 5kV system distributes signal power to the Central Instrument Houses, Track Switch Locks, and Wayside Instrument Cabinets from three (3) Light Rail Substations that provide the Light Rail with the ability to safely operate trains and to operate at grade crossings. The current cable is directly buried and at almost 25 years old, it is now failing. The cable is directly buried beneath the tracks making the cost of replacement prohibitive, so a solution was needed to bring in new utility power and install backup power capabilities at each site.

This requires the scope at each site to be broken down into two (2) efforts because the utility work in this region may only be installed by the Baltimore Gas and Electric Company as they own, operate, and maintain everything up to their meter. The utility scope is to install new service with a meter at all seven (7) locations. This includes transformers and other electrical hardware as needed to meet the service requirements. The MDOT MTA contractor's scope is to install new electrical interfaces and backup power options at each site based on its purpose.
2-GM. MARYLAND TRANSIT ADMINISTRATION (cont’d)

Requesting Agency Remarks (cont’d):

Maryland Public Utility Article (PUA) Section 5-303 provides the obligation for BGE to provide electric and gas service for this region. Additionally, BGE is required to provide expansion work pursuant to COMAR Title 20. Therefore, BGE is the only provider able to install this new utility service.

MDOT MTA has determined that the price offered is fair and reasonable for the services to be provided, based on the reasons stated above.

This contract includes a provision authorizing an extension for a total period no longer than one-third of the base term to spend funds remaining on the contract as provided in the Board of Public Works (BPW) Advisory 1995-1 found on the BPW website.

Grantor: State of Maryland, MDOT MTA
Grantee: Spring Bank, LLC
Consideration: $4,850

Appraised Value: $4,850 – HB Value, LLC (Selected)
William Caffrey, Jr., SHA Review Appraiser

Special Conditions: N/A

Legislative Notice: N/A

State Clearinghouse: The Clearinghouse conducted an intergovernmental review of the project under MD20210126-0047. It is recommended to declare the 0.272-acre perpetual drainage and temporary construction easement located at Wormans Mills Road and Spring Bank Avenue in Frederick County surplus to the needs of the State contingent upon consideration of the Maryland Department of Environments qualifying comments. None of the local or state agencies that provided review comments expressed an interest in acquiring the properties.

Requesting Agency Remarks: A Temporary Construction Easement and Perpetual Drainage Easement will be conveyed to Spring Bank, LLC (Developer) to install culvert pipes across the adjacent grade crossing that will allow run-off away from the tracks. This easement will not interrupt or adversely affect the rail operations conducted on the corridor by Walkersville Southern Railroad. MDOT MTA acquired railroad rights-of-way from Penn Central Corporation located within Frederick County, Maryland, by Quitclaim Deed dated January 7, 1982, for the purpose of continuing rail service. The easements will be conveyed for $4,850, which is 100 percent of the appraised value. The property was approved for surplus by BPW on July 7, 2021, under MDOT 12-RP.

MBE Participation: 0% (Limited Subcontracting Opportunities)

Performance Security: Annual-Renewable Performance Bonds for 100% of the award amount exist for this contract.

Incumbent: Chesapeake Pilot Training, Inc.
Chestertown, MD

Requesting Agency Remarks: This contract was advertised on eMaryland Marketplace Advantage on June 15, 2021, notifying 16 potential contractors, two (2) of which were MDOT-certified Minority Business Enterprises (MBE’s). Bids were opened on July 22, 2021.
6-M. STATE HIGHWAY ADMINISTRATION (cont’d)

Requesting Agency Remarks (cont’d):

The difference in price between the contractor’s bid and the Engineer’s Estimate was 23%, which was reflected with several contract items. The major cost difference occurred with three (3) out of the four (4) items on the contract.

The third bidder, K&K Adams, never bid on previous drawbridge contracts. Therefore, the Maryland Department of Transportation State Highway Administration (MDOT SHA) believes they may have underestimated how competitive the pricing would be on this type of contract. With only four (4) line items on the contract, bidding two (2) to three (3) times higher on each item would result in an extremely high bid.

MDOT SHA has confirmed Chesapeake Pilot Training, Inc.’s bid price and work conducted on this contract is performed 100% by a State-certified Small Business.

- [X] WITH DISCUSSION
- [ ] WITHOUT DISCUSSION
Recommendation: That the Board of Public Works approve the Maryland Department of Transportation State Highway Administration (MDOT SHA) disposing of real property as it is excess to the agency’s needs.

Authority: Transportation Article, § 8-309 (c)(9)
Annotated Code of Maryland

Property: MC# 17-1082
Former Albert Weir, et al, (+/- 3.916 acres), located on the Northeast corner of Corridor Road and Junction, Annapolis Junction in Howard County.

Grantor: State of Maryland, MDOT SHA

Grantee: Weir Corridor Kirby LLP

Consideration: $1,684,000

Appraised Value: $1,705,600 – Melville Peters (Approved)
$1,684,000 – Gregory Jones (Selected)
Wesley Barkley, MDOT SHA Review Appraiser

Special Conditions: None

Legislative Notice: Notice was sent to the Senate Budget and Taxation Committee and the House Appropriations Committee of the General Assembly on July 13, 2021. The 45-day review period expired on August 27, 2021.

State Clearinghouse: The Clearinghouse conducted an intergovernmental review of the project under MD20170620-0517. It has been recommended: To declare the Former Weir, et al Property containing 4.58 +/- acres located on the Northeast corner of Corridor Road and Junction Drive in Howard County MC#17-1082, surplus to the State. We understand that Howard County expressed an interest in acquiring a portion of the parcel to construct a right turn land from Dorsey Run Road to Junction Drive. This would be a benefit to the safety and operation of that roadway section.

Requesting Agency Remarks: In 1978, MDOT SHA acquired the property for the MD 32 – From U.S. Route 1 to Anne Arundel County project. After completion of the project, it was determined that this property was in excess. Two (2) public auctions were conducted within six (6) months, and the outcomes were bids inadequate for the land. The Administration determined to negotiate a sale of land by advertising the property for a specified timeframe. A bid was received within the timeframe allowed. MDOT SHA proposes to dispose of the subject property to Weir Corridor
8-RP.  **THE SECRETARY OFFICE** *(cont’d)*

*Requesting Agency Remarks (cont’d):*

Kirby, LLP, through a negotiated sale of $1,684,000, which is 100% of the appraised value.

5-CGL. CAPITAL GRANTS AND LOANS

Recommendation: The Department of General Services’ Office of Capital Grants and Loans recommends that the Board of Public Works approve the following actions:

1. Enter into a grant agreement [...] for the following grant:
   Governing Board of Good Food Markets, Inc.
   Good Food Markets - Addison Plaza (Prince George’s County)
   “For the planning, design, construction, repair, renovation, reconstruction, site improvement, and capital equipping of the Good Food Markets – Addison Plaza facility, located in Seat Pleasant.”
   Maryland Consolidated Capital Bond Loan of 2021 (MISC - Chapter 63, Acts of 2021) DGS Item 272; (SL-070-210-038) $ 250,000

   Matching Fund: No match is required.

2. Grant the waiver to exclude the property owner as a beneficiary to the grant.

   Background: Total Project $ 2,033,124
   21-272 (This Action) $ 250,000 (Non-match)
   Local Cost $ 1,783,124

   Remarks:
   1. The waiver request is based upon the property owner's refusal to sign the agreement as a beneficiary because the funds are not benefiting the property owner in any way although the funds are being used to improve the property. Good Food Markets (GFM Addison Plaza, LLC) is a long-term tenant under the lease with the landlord/property owner. All tenant improvement construction, fixture, furniture and equipment, and any other capital improvements for this project performed by or on behalf of Good Food Markets are solely for the benefit of Good Food Markets and the programming it will offer in the space.
   2. This action is in accordance with the enabling legislation and complies with the tax-exempt bond provisions of the Internal Revenue Code.
   3. The grant recipient shall consult with the Maryland Historical Trust pursuant to § 5A-325 to 328, State Finance and Procurement Article, Annotated Code of Maryland, and convey a perpetual preservation easement pursuant to the terms of the enabling legislation.
   4. Procurement/Contracts should be submitted to Department of General Services for eligibility determination.

(Prior Action: 12/19/2018 Agenda, Item 43-CGL, 7/22/2020 Agenda, Item 4-CGL)

**Remarks:**

1. Helping up Mission seeks to transfer grant-funded real property into a new Qualified Active Low-Income Community Business entity (House of Freedom Support Corporation) in order to raise funds for the project through a New Market Tax Credit transaction.
2. House of Freedom Support Corporation is a tax-exempt nonprofit entity, under the control of the Grantee.
3. As a beneficiary to the grant agreement, House of Freedom Corporation will be obligated to honor grant terms, including restrictions on the use of the grant-funded property and its future transfer.
4. This action is in accordance with the enabling legislation and complies with the tax-exempt bond provisions of the Internal Revenue Code.
5. The grant recipient shall consult with the Maryland Historical Trust pursuant to § 5A-325 to 328, State Finance and Procurement Article, Annotated Code of Maryland, and convey a perpetual preservation easement pursuant to the terms of the enabling legislation.
7-CGL. CAPITAL GRANTS AND LOANS (cont’d)

6. Procurement/Contracts should be submitted to the Department of General Services for eligibility determination.

4. No State funds will be disbursed until the grantee has presented suitable evidence to the Office of Facilities Management and Development that it has expended the required matching funds.

BOARD OF PUBLIC WORKS     THIS ITEM WAS:

APPROVED  DISAPPROVED  DEFERRED  WITHDRAWN
WITH DISCUSSION  WITHOUT DISCUSSION
18-CGL.  CAPITAL GRANTS AND LOANS  
Department of Health

Recommendation: That the Board of Public Works approve the following for:

**Ardmore Enterprises, Inc. (Prince George’s County)**

1. The transfer of the State's Right of Recovery on 3000 Lottsford Vista Road, Mitchellville, MD 20721 (the "First Property") to four properties, 4808 Riverton Lane, Bowie, MD 20715; 13028 Victoria Heights Drive, Bowie, MD 20715; 12020 Twin Cedar Lane, Bowie, MD 20715; and 3111 Tinder Place, Bowie, MD 20715 (the “Subsequent Properties”). All the properties are owned by Ardmore Enterprises, Inc.

2. The waiver and release of the recorded State's Right of Recovery (ROR) on the First Property contingent upon the transfer and recording of a new ROR on the Subsequent Properties.

Background:
On November 18, 2009 (DGS Agenda Item 25-CGL), the Board of Public Works approved a grant of $1,350,000 for Ardmore Enterprise, Inc. to assist the organization in the cost of constructing a single story addition to its existing building located at 3000 Lottsford Vista Road, Mitchellville, MD 20721.

In accordance with Subtitle 6 of Title 24 of the Health-General Article of the Annotated Code of Maryland, Grantee recorded a State's Right of Recovery (ROR) on the First Property among the Land Records of Prince George’s County, in Liber 31382, at Page 491. Said ROR is to expire on January 25, 2042.

Currently Ardmore Enterprise, Inc. is in the process of selling the First Property. In order to complete the sale, the ROR on the First Property must be released. To protect the State’s interest, a new ROR is to be recorded on the Subsequent Properties. The Subsequent Properties have adequate unencumbered equity to cover the $1,350,000 ROR amount. Said ROR are to expire on January 25, 2042.

The State’s total share of $1,350,000 and its right to recover said sum, would be allocated as follows on the Subsequent Properties:

1. 4808 Riverton Lane, Bowie, MD 20715 - $385,000.
2. 13028 Victoria Heights Drive, Bowie, MD 20715 – $380,000.
3. 12020 Twin Cedar Lane, Bowie, MD 20715 - $355,000; and
4. 3111 Tinder Place, Bowie, MD 20715 - $230,000.
18-CGL.  CAPITAL GRANTS AND LOANS (cont’d)

The release of the ROR on the First Property is contingent upon the recordation, in the Land Records of Prince George’s County, of the RORs on the Subsequent Properties by Ardmore Enterprises, Inc. Ardmore Enterprises, Inc. provides vocational, residential and supported employment services to individuals with developmental disabilities who reside in Prince George’s and Montgomery Counties and will continue to provide these services in the Subsequent Properties.

Remarks:
1. Grantee is a nonprofit organization.
2. Grantee provides vocational, residential, and supported employment services to individuals with developmental disabilities who reside in Prince George’s and Montgomery Counties.
3. In accordance with § 24-606(d) of the Health-General Article of the Annotated Code of Maryland, the Board’s approval is further contingent upon the State’s rights of recovery being recorded on the Subsequent Properties among the Land Records of Prince George’s County.

</tr>
<tr>
<td>Grantee Share (25%)</td>
<td>$ 433,333</td>
</tr>
</tbody>
</table>

MCCBL 2020 CB-03203-01

Background:
Chrysalis is a non-profit organization and provides treatment for women with substance use and mental health disorders, as well as a nurturing home for patients’ children during their mothers’ program of recovery.

On August 8, 1990 (DGS Agenda Item 72-CGL), the Board of Public Works approved a grant of $78,750 for Chrysalis House, Inc. (“Grantee”), to assist in the addition and renovation of 1570 Crownsville Road, Crownsville, MD 21093 (the “Property”).

On July 14, 1993 (DGS Agenda Item 26-CGL), the Board of Public Works approved a grant of $895,250 to the Grantee, to assist in the construction and/or renovation of the Property.

In accordance with Subtitle 6 of Title 24 of the Health-General Article of the Annotated Code of Maryland, Grantee recorded a State's Right of Recovery (the “First ROR”) dated January 11, 1994 for the BPW's approval of grants dated August 8, 1990 and July 14, 1993) among the Land Records of Anne Arundel County, in Liber 6429, at Page 734. Said First ROR will expire on November 1, 2025.
19-CGL.  CAPITAL GRANTS AND LOANS (cont’d)

Background (cont’d):

On December 14, 2005 (DGS Agenda Item 31-CGL), the Board of Public Works approved a grant of $231,000 to the Grantee, for aiding in the construction and/or renovation of the Property.

In accordance with Subtitle 6 of Title 24 of the Health-General Article of the Annotated Code of Maryland, Grantee recorded a State's Right of Recovery (the “Second ROR dated August 25, 2006 for the BPW’s approval of grant dated December 14, 2005”) among the Land Records of Anne Arundel County, in Liber 18337, at Page 090. Said Second ROR will expire on January 14, 2038.

On October 20, 2021 (Secretary’s Agenda Item 13), the Board of Public Works approved a $2,600,000 grant from the Maryland Department of Housing and Community Development (DHCD) to the Grantee for the Chrysalis House Campus Expansion project under the Shelter and Transitional Housing Facilities Grant Program. On October 27, 2021 Grantee entered into a Deed of Trust with DHCD for the Shelter and Transitional Housing Facilities grant.

However, DHCD is unable to make those grant funds available to the Grantee unless the Maryland Department of Health agrees to subordinate its legal and equitable rights under both the First and Second RORS and this new grant to DHCD’s lien of the Deed of Trust.

Accordingly, Chrysalis House, Inc., is requesting a Waiver of Priority of Declaration and Subordination Agreement to allow DHCD’s lien of the Deed of Trust to be superior to MDH’s rights for these grants.

Remarks:

1. Grantee is a nonprofit organization.
2. Grantee provides intensive inpatient and outpatient substance use disorder treatment as well as mental health treatment services to women from across the State.
3. In accordance with § 24-606(d) of the Health-General Article of the Annotated Code of Maryland, the Board’s approval is further contingent upon the State’s right of recovery being recorded among the Land Records of Anne Arundel County.
4. No State funds will be disbursed until the grantee has presented suitable evidence to the Office of Facilities Management and Development that it has expended the required matching funds.

22-C. CONSTRUCTION CONTRACT
Maryland Courts

Contract ID: Major Overhaul/Rebuild Chillers Annapolis Court of Appeals; BA-688-211-001
ADPICS No.: 001B2600230

Contract Description: Complete overhaul of three 22-year-old chillers at Annapolis Court of Appeals in Annapolis. Comprehensive examination and restoration of the equipment to repair or replace any worn or damaged parts in order to prevent failure. It brings the equipment back to within the manufacture’s specification and to its original efficiency so that the equipment can function properly as it was designed.

Award: Trane U.S., Inc.; Hunt Valley, MD

Contract Term: 240 Calendar Days

Amount: $396,583

Procurement Method: Intergovernmental Cooperative Purchasing Agreement (Harford County Public Schools/OMNIA Partners 15-JLP-023)

MBE/VSBE Participation: N/A / N/A

Performance Security: Performance and payment bonds for 100% of contract amount.

Incumbents: N/A

Requesting Agency Remarks: Master Purchase Agreement 15-JLP-023 available through OMNIA Partners and was initially sponsored, solicited, and awarded by Harford County Public Schools, Maryland. Trane is the manufacturer of the existing equipment and under this agreement, Trane will provide all materials, labor, equipment, services, supplies, testing instrumentation, and diagnostic tests necessary. The manufacturer recommends that they be overhauled every 10 years so they are 12 years overdue for this maintenance. All chillers are currently functional but have various operational issues.

25-S. SERVICES CONTRACT

Department of General Services

Contract ID: Small Package Delivery Service; BPM023280
ADPICS No.: 001B2600252 001B2600460

Contract Description: Statewide contract to provide non-exclusive small package delivery services at a discounted rate.

Awards: FedEx Corporate Services, Inc.; Memphis, TN

Contract Term: 01/06/2022* - 01/05/2027 (*or earlier upon BPW approval)

Amount: $3,500,000

Procurement Method: Intergovernmental Cooperative Purchasing Agreement (State of Utah NASPO ValuePoint MA454)

MBE/VSBE Participation: N/A / N/A

Incumbents: Same

Requesting Agency Remarks: Approval of the State’s participation in an Intergovernmental Cooperative Purchasing Agreement competitively procured by the State of Utah as part of the National Association of State Procurement Officers (NASPO) ValuePoint program. The NASPO ValuePoint (formerly NASPO-Western States Contracting Alliance) master contract for small package delivery services has three separate awards to three contractors, one of which is FedEx Corporate Services, Inc. (FedEx).

The Office of Statewide Procurement seeks to participate in the master contract with FedEx as a non-exclusive contractor. The contract would afford all State agencies, Maryland local governments, and Maryland non-profit entities access to receive discounted shipping rates on FedEx services. The master contract offers discounted pricing projected to decrease annual Statewide spending on FedEx services by half, according to current usage estimates. This NASPO ValuePoint contract is the result of a formal, competitive solicitation conducted by the State of Utah as the lead state for the NASPO ValuePoint Cooperative Purchasing Organization in accordance with Utah’s procurement statutes, regulations, and policies.

26-S.  SERVICES CONTRACT
Department of General Services

Contract ID:  Consulting Services; DGSR2600009
ADPICS No.: 001B2600257

Contract Description: Petroleum engineering and safety assessment consulting services for the statewide fuel contract.

Award:  VU Strategies LLC; Norfolk, VA  (SBE)

Contract Term:  01/06/2022* - 05/31/2022  (*or earlier upon BPW approved)

Amount:  $240,000

Procurement Method:  Sole Source

Living Wage Eligible:  Yes

MBE/VSBE Participation:  N/A / N/A

Performance Security:  N/A

Hiring Agreement Eligible:  Yes

Incumbent:  N/A

Requesting Agency Remarks: On January 8, 2020, the Board of Public Works awarded a competitively procured contract to VU Strategies LLC (VUS) based on best value to conduct an analysis of the Maryland statewide fuel program and recommend strategies to increase efficiency. VUS worked closely with the DGS fuel program to thoroughly review the current operations and provided a comprehensive summary report with recommendations based on their decades of experience in the petroleum industry.

DGS is now requesting approval for consulting for the new Statewide Fuel Delivery and Maintenance Services contract which was approved by the Board of Public Works on October 6, 2021 to commence deliveries on January 1, 2022. The justification for VUS to provide this service as a sole source is that the contractor is uniquely positioned to provide this service based on its industry experience and familiarity with the DGS statewide fuel program.
26-S. **SERVICES CONTRACT** (cont’d)

*Agency Remarks (cont’d):*

VUS also contributed to the development of the Request for Proposals (RFP) for the new statewide fuel contract. The contract was awarded to Carroll Independent Fuel, LLC, which will be the first new contractor for the program since 2012. VUS expertise and knowledge of the Maryland statewide fuel program is needed to work with DGS personnel, agency stakeholders, and the new contractor to successfully implement the strategies and efficiencies that were outlined in the RFP. VUS’s expertise in engineering and safety assessments will be invaluable to the implementation of the new statewide contract at 122 state-owned fuel dispensing sites across Maryland. The proposed contract price was determined to be fair and reasonable because it is in line with the above-referenced competitively procured fuel program consulting contract that was awarded to VUS in January 2020 for $210,250 for a six-month term.

27-S. SERVICES CONTRACT
Department of Human Services

Contract ID: Out-of-State Residential Child Care Services; SSA/OOS-22-032
ADPICS No: N00B2600183

Contract Description: Continuity of care for one youth currently placed with the provider.

Awards: Keystone Newport News, LLC
dba Newport News Behavioral Health Center
Newport News, VA

Contract Term: 01/01/2022 – 12/31/2023 (w/one 1-year renewal option)

Amount: $383,250 (Base: 2-years)
$192,150 (Renewal Option #1: 1-year)
$575,400 Total

Procurement Method: Sole Source (Continuity of Care)

Living Wage Eligible: No

MBE/VSBE Participation: N/A / N/A

Performance Security: None

Incumbents: Same

Requesting Agency Remarks: This contract was originally initiated as an emergency procurement on 09/01/2021, Secretary’s Agenda, item A4. The youth is diagnosed with Attention-Deficit/Hyperactivity Disorder, combined presentation; Major Depressive Disorder, recurrent episode, severe, and Posttraumatic Stress Disorder.

Newport News Behavioral Health Center provides crisis intervention support to children and adolescents ages 11 to 18, experiencing distress due to a broad range of psychiatric symptoms requiring immediate acute inpatient hospitalization. Treatment includes individual therapy, group therapy, family therapy, medication management, and psychoeducation. Ongoing care coordination assists patient and family in crisis and connects them to appropriate aftercare services.
27-S. SERVICES CONTRACT (cont’d)

Agency Remarks (cont’d):

The Maryland State Department of Education (MSDE) is the State Agency responsible for setting rates for facilities that serve Maryland youth which are located outside of the State of Maryland. The Division of Special Education/Early Intervention Services (DSE/EIS), Nonpublic Special Education Section provides oversight for this work. Maryland rates are set to ensure equal rates are paid for equal services regardless of the placing agency, placing State, or location of the facility. All rates issued by Maryland must comply with all cost approval guidelines and instructions.

It is in the best interest of the State to approve this sole source contract as it will enable DHS to continue delivering the necessary and vital services that this contract provides.

*Department of Human Services, Social Services Administration*

**Contract ID:** Residential Child Care Services; SSA/RCCDD-22-005  
ADPICS No.: N00B2600184

**Contract Description:** Continuity of care for one youth placed with the provider.

**Awards:** Charity Hearts HealthCare Incorporated; Baltimore, MD

**Contract Term:** 01/01/2022 – 12/31/2023

**Amount:** $800,509

**Procurement Method:** Sole Source (Continuity of Care)

**Living Wage Eligible:** Yes

**MBE/VSBE Participation:** N/A / N/A

**Performance Security:** None

**Hiring Agreement Eligible:** Yes

**Incumbents:** Same

**Requesting Agency Remarks:** This contract was originally initiated as an emergency procurement on 09/01/2021, Secretary’s Agenda, item A10. The youth is diagnosed with physical abuse, neglect, poor judgment, frequent temper tantrums, sexually offensive behaviors, and severe impulse control.

Charity Hearts HealthCare Incorporated provides services structure, consistency, and personal attention to transitional age youth with developmental disabilities. This placement provides services that will assist the youth with transitioning out of the child welfare system into the adult DDA system.

The Maryland State Department of Health, Developmental Disabilities Administration (DDA) is the sole agency of the State responsible for setting rates for the DDA program services contracts to ensure that equal rates are paid for equal services regardless of the location of the facility. This
28-S. SERVICES CONTRACT (cont’d)

Requesting Agency Remarks (cont’d):

is a not-to-exceed per diem contract where the provider is paid solely per child, per day. As such, DHS will not be charged for any unused capacity.

No MBE or VSBE participation goals were established for this contract since there are no subcontracting opportunities as all of the specialized core services (psychiatric services/evaluations, case management, therapy, recreational therapeutic programs, educational services etc.) needed for the youth are available within the facility and require specialized training, certification, and clearances.

29-S. SERVICES CONTRACT
Department of the Environment, Air & Radiation Administration/Climate Change Program

Contract ID: Regional Greenhouse Gas Initiative (RGGI); U00B2600004
ADPICS No.: U00B2600004

Contract Description: Provide program implementation and program development services to MDE to support the State of Maryland's participation in the RGGI and the implementation of regulations for the Maryland CO2 Budget Trading Program.

Award: Regional Greenhouse Gas Initiative, Inc.; New York, NY

Term: 01/01/2022 – 12/31/2024

Amount: $1,125,000 NTE

Procurement Method: Sole Source

MBE/VSBE Participation: N/A / N/A

Performance Security: N/A

Incumbent: Same

Requesting Agency Remarks: Maryland joined the RGGI as a member state on April 20, 2007, as required by the Maryland Healthy Air Act of 2006. The RGGI is a market-based carbon dioxide (CO2) cap and trade program designed to reduce CO2 emissions from fossil fuel-fired power plants. The regulatory program was implemented by the participating states in January 2009, using a regional auction of CO2 allowances. The regional auction is supported by an emissions and allowances tracking system and verified through an independent market monitoring system. A multi-state regional auction allows states to use a successful common auction platform and tracking system and allows for the administration of a uniform offsets program. Presently the RGGI consists of eleven Northeast and Mid-Atlantic States: Connecticut, Delaware, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Rhode Island, Vermont, and Virginia.
29-S. SERVICES CONTRACT (cont’d)

Agency Remarks (cont’d):

RGGI, Inc. is a non-profit, non-stock corporation that provides technical, scientific and auction support services to the RGGI states in the development and implementation of the multi-state cap and trade, greenhouse gas control program. RGGI, Inc. subcontracts for several specific services: auction platform design and implementation; emissions and allowance tracking system; auction verification and market monitoring; and offset system development.

Each RGGI state is responsible for its share of RGGI Inc.’s expenses based upon the percentage of that state's annual allocation from the regional CO2 allowance cap. Maryland is responsible for funding approximately 15% of RGGI, Inc.’s annual budget, including operating expenses and support of vendor contracts. Most states, including Maryland, will use auction revenue to pay for its share of RGGI, Inc. expenses.

RGGI, Inc. will provide services to support implementation of the Maryland CO2 Budget Trading Program in the following five areas:

I. Operation of a regional CO2 emissions and allowance tracking system, for use by the Department in administering the Maryland CO2 Budget Trading Program in coordination with the counterpart programs in other participating states;

II. Operation of a regional CO2 allowance auction process and platform, for use by the Department in administering the Maryland CO2 Budget Trading Program in coordination with the counterpart programs in other participating states;

III. Market monitoring services for monitoring of both CO2 allowance auction conduct and outcomes and monitoring of the secondary CO2 allowance market;

IV. Technical assistance, as needed, in the review of offset project consistency applications and offset project monitoring and verification reports; technical assistance, as needed, in the review of applications for accreditation of independent offset project verifiers; and

V. Program development support on an as-requested basis, including but not limited to the evaluation of additional offset categories; the development of technical and administrative recommendations related to regional CO2 Budget Trading Program elements, for evaluation and consideration by the Department; and electricity system modeling and macroeconomic analysis.
29-S. SERVICES CONTRACT (cont’d)

Agency Remarks (cont’d):

There is no MBE participation goal established for this contract because MDE does not have discretion over the subcontractors that RGGI, Inc. utilizes for the nine Northeast and Mid-Atlantic States cooperative.

Copies of the solicitation notice were sent directly to the same 17 prospective vendors. Six bids were received and opened on August 5, 2021.

In accordance with COMAR 21.06.02.03.B(1)., one bid was deemed not responsible and rejected. The vendor requested an MBE waiver and was asked to show that they had made a Good Faith
30-S. SERVICES CONTRACT (cont’d)

Agency Remarks (cont’d):

Effort to secure an MBE subcontractor. MDOT MTA’s Office of Equal Opportunity Compliance Programs determined that the documentation provided was not sufficient. No protests were filed.

As of the end of calendar year 2020, MDOT MTA had 26,000 pieces of inventory totaling over 8 billion dollars. This contract provides MDOT MTA with a contractor to check the inventory records against the items inventoried by MDOT MTA Accountable Officers to assure that:

- records exist for each item;
- records for missing items are investigated; and
- if not found, items are reported and removed after receiving approval from the Contract Monitor.

A complete Comprehensive physical inventory count will be conducted by the contractor at least once every three years and a Sensitive Items only physical inventory count will be conducted once every year.

MDOT MTA’s approximately 28,800 Comprehensive inventory items include any non-sensitive capital equipment item or furnishing, having a probable useful life in excess of one year and an original procurement cost of $500 or more per unit, such as, furniture, machinery, and vehicles.

MDOT MTA’s approximately 12,200 Sensitive inventory items include capital or non-capital equipment items having a probable useful life in excess of one year and an original procurement cost of $250 or more per unit, such as all computer equipment including, but not limited to, laptops, notebook computers, tablets, recording devices, portable tools, hand radios, and cameras.

This contract includes a provision authorizing an extension for a total period no longer than one-third of the base term to spend funds remaining on the contract as provided in the Board of Public Works (BPW) Advisory 1995-1 found on the BPW website.

Maryland Energy Administration

Contract ID: Energy Technical Services Provider for the Maryland Energy Administration;
DEXB1600014
ADPICS No.: DEXB2600015

Contract Approved: DBM 1-S, 12/20/2017

Contractor(s): Newport Partners, LLC; Davidsonville, MD

Contract Description: Providing technical energy program support services in Residential
Energy Programs to support the development and implementation of energy programs within the
State of Maryland, including potentially providing limited energy policy support.

Option Description: Exercise the second and final renewal option

Original Contract Term: 12/21/2017 - 1/18/2021

Option Term: 01/19/2022 - 01/18/2023

Original Contract Amount: $ 820,000

Option Amount: $ 275,000

Prior Mods/Options: $ 275,000 (Renewal Option #1: 01/19/2021 - 01/18/2022; DGS
17-S-OPT, 12/16/2020)

Total Contract Amount: $ 1,370,000

Original Procurement Method: Competitive Sealed Proposals

MBE/VSBE Participation: 29% / N/A

MBE/VSBE Compliance: 28.4% / N/A

Requesting Agency Remarks: This is an indefinite quantity, fixed hourly labor rate contract.
Offerors were asked to provide fully loaded labor rates for five pre-established job categories.
Each labor rate was multiplied by an evaluation factor that represented each category’s expected
share of the contracted work. The resulting rates for each of the job categories were then added
together to create a composite labor rate for each year of the contract.
31-S-OPT. SERVICES OPTION (cont’d)

Agency Remarks (cont’d):

This contract can provide technical and programmatic support in the areas of:
- Energy efficiency, renewable energy, alternative transportation, and grid resiliency best practices and technologies;
- Energy-related grant program organizational and implementation support;
- Program design; and,
- Project, policy, and technology energy analysis, assessment, and evaluation.

The contractor assists the Maryland Energy Administration (MEA) with the design and implementation of residential energy-related programs. Technical assistance is used to assess projects during the application phase, as well as to estimate savings post project implementation. The contractor assists MEA in technical evaluation of the Low-to-Moderate Income Energy Efficiency grant program applications submitted by eligible non-profit organizations and local governments across the State, in order to support MEA in determining which energy efficiency projects will best benefit Maryland low-to-moderate income residents.

- Project, policy, and technology energy analysis, assessment, and evaluation.

The contractor assists the Maryland Energy Administration (MEA) with the design and implementation of energy-related grant and loan programs. Technical assistance is used to assess projects during the application phase, as well as to estimate savings post project implementation. The contractor provides support for MEA’s Maryland Smart Energies Communities Program by assessing the energy efficiency benefits of eligible projects proposed by participating Maryland counties and local governments. Similar reviews of anticipated energy benefits are also requested for energy programs focused on other sectors, including MEA’s Combined Heat and Power Program, Data Center Energy Efficiency Program, and Commercial, Industrial, and Agriculture Program. The contractor is also assisting MEA in updating Maryland’s liquid fuel emergency planning document.

Department of Transportation

Contract ID: State of Maryland Financial Management Information Systems (FMIS) Support Services; J01B64000027
ADPICS No.: COJ39039

Contract Approved: DoIT 4-IT, 02/08/2017

Contractor(s): Deloitte Consulting, LLP; Baltimore, MD

Contract Description: Provide maintenance, technical and business support for the State’s two Financial Management Information Systems, one operated by the Maryland Department of Transportation (MDOT) and one by the Department of Information Technology (DoIT).

Modification Description: Increase contract funding to support use beyond the anticipated capacity.

Option Description: Exercise the sole renewal option.

Original Contract Term: 03/01/2017 – 02/28/2022 (w/one 5-year renewal option)

Option Term: 03/01/2022 – 02/28/2027

Modification Term: 01/06/2022* - 02/28/2027 (*or earlier upon BPW approval)

Original Contract Amount: $44,800,000 NTE (Base: 5-years)

Option Amount: $40,200,000 NTE (5-years)

Modification Amount: $24,500,885 NTE (See Agency Remarks)

Prior Mods/Options: None

Total Contract Amount: $109,500,885 NTE Total

MBE/VSBE Participation: 27% / 2%

MBE/VSBE Compliance: 22.11% / 2%

Requesting Agency Remarks: The State seeks to continue maintenance, technical, and business support for its two Financial Management Information Systems. One operated by MDOT and the other by DoIT. In addition, the State needs to modify the contract to add additional funding to the base contract term, additional funding to the renewal term, and additional funding for refactoring of the MDOT FMIS Relational Standard Accounting and Reporting System (R*STARS) and Advanced Procurement and Inventory Control System (ADPICS) system.

State FMIS: The State FMIS is a comprehensive system of integrated software applications, business procedures and network technology that supports State agency-based accounting, purchasing and asset management. FMIS’s R*STARS and ADPICS applications are the State’s official accounting and procurement systems. These two systems are mission critical and must be available to approximately 65 agencies and 7,000 on-line users.

MDOT FMIS: The MDOT FMIS is a comprehensive system of integrated software applications, business practices and network technology that supports MDOT-specific agency-based accounting, purchasing, billing and asset management functions. FMIS is a hub of MDOT’s financial management infrastructure. MDOT FMIS has approximately 2,400 users who use the system to aid in administering an organization with a $3.7 billion budget, $1 billion in consolidated Transportation Bonds and $18 billion in capital assets. This mission-critical system must continue to remain stable, reliable, and available, run efficiently, and be responsive to the MDOT’s users and management.

Exercising the 5-year renewal option for the FMIS Support Services is necessary to continue critical support functions and maintain continuity related to current projects already underway. It will provide MDOT and DOIT with FMIS on-site project management, R*STARS and ADPICS
33-S-OPT/MOD.  SERVICES OPTION/MODIFICATION (cont’d)

Requesting Agency Remarks (cont’d):

on-site functional and technical expertise to assist State staff with system and programming specification, program development, batch cycle support, interfaces from/to other accounting/asset management applications, program migration, database administration, problem resolution and support other Task Order Agreements (TOA) issued to perform work related to other application systems that interface or integrate with FMIS.

Additional funding is needed for the base contract term to cover costs through the end of the term period that are associated with the project to refactor the Enterprise-Wide ADPICS system through Automated Refactoring, creating a scalable, Web-based application hosted on MDOT servers and the subject matter expert resources needed from the current Deloitte FMIS support staff.

DoIT is requesting an additional functional analyst position for the Deloitte FMIS Support Services team. This resource will assist with the development of system documentation, training material and level two support for the resolution of agency support requests. DoIT has lost two full time PINs in the functional support of FMIS, which jeopardizes the stability and integrity of FMIS.

In addition to the $40,200,000 for the renewal option, an additional $24,500,885 is needed. This additional funding represents $1,800,000 needed to complete the Base Term of the contract support for the project to refactor the Enterprise -Wide ADPICS through Automated Refactoring; $1,368,280 is needed for an additional resource by DoIT for State FMIS; $5,508,280 to cover costs leading up to “go-live” and post “go-live” support for the project to refactor the Enterprise-Wide ADPICS through Automated Refactoring. This includes design, enhancement, requirements, testing & training, project completion and post go live support. An additional $15,824,325 is needed to begin a new project to refactor the R*STARS system through Automated Refactoring, creating a scalable, Web-based application hosted on MDOT servers. The go-live support and Automated Refactoring will allow MDOT to move the FMIS applications off the mainframe.

The two systems access over 400 files and use over 2,500 computer programs, which contain over 3.9 million lines of code. The reliability and stability of these two systems and the accuracy of its data must be maintained 24 hours, 7 days per week to ensure the State leaders are making accurate assessments of the State’s fiscal situation.

Pricing: The base years (years 2-5) and the option years are capped at a not to exceed 2% increase based on the Bureau of Labor Statistics Seasonally Adjusted Cost Index for total compensation, by ownership, occupational group, and industry. These increases will be adjusted based on the
33-S-OPT/MOD.  SERVICES OPTION/MODIFICATION (cont’d)

Requesting Agency Remarks (cont’d):

fourth quarter through the third quarter of the current year to adjust pricing, beginning on the anniversary date of the contract. If there is a decrease, no adjustment will be made, and current pricing will continue.

Work Orders: MDOT and DoIT will specify services to be furnished under the contract by issuing specific work orders as needed throughout the contract. Labor rates will be used for time and material work or fixed price work under work orders to provide maintenance, or support services to either or both MDOT FMIS and DoIT FMIS.

This contract includes a provision authorizing an extension for a total period no longer than one-third of the base term to spend funds remaining on the contract as provided in the Board of Public Works (BPW) Advisory 1995-1 found on the BPW website.

Requesting Agency Remarks: Harris & Harris, LTD has only been able to collect on accounts that were being paid voluntarily during the pandemic. The Governor lifted the State of Emergency effective July 1, 2021; however, the Agency was not able to enforce collection on accounts until mid-August. A procurement was issued on August 16, 2021 with bids due October 6, 2021. The amount requested reflects not only collections on existing accounts, but also the interest that has accrued for any accounts that were placed on hold and not paid during the pandemic. The Agency is asking for an extension to complete the current procurement and to allow for any start up transition once the new contract has been awarded.

35-S-MOD. SERVICES MODIFICATION (cont’d)

MBE/VSBE Participation: 5% / N/A

MBE/VSBE Compliance: 5% / N/A

Performance Security: None

Requesting Agency Remarks: On November 21, 2017, the Maryland Stadium Authority (MSA) and the Maryland Department of Natural Resources (DNR) signed a Memorandum of Agreement for MSA to provide oversight to develop a concept master plan for construction within a Special Event Zone of the Fair Hill Natural Resources Management Area owned by the State and managed, operated, and maintained under the authority of DNR. MSA provides project management services for improvements to the Site including upgrades to the equestrian turf course and turf timber course, installation of new equine arenas, and an irrigation system to support the turf course.

Turf upgrades and continual care are essential to establish the permanency of the unique surface required for thoroughbred racing and equestrian triathlons, known as ‘eventing’. Under the Agreement, the Contractor provides expert, specialized work necessary to achieve this. The urgency for the project has increased as the international governing body – Federation Equestre Internationale (FEI) - approved the Fair Hill Natural Resources Management Area for what is termed a five-star event for the sport of Three-Day Eventing. This five-star event - the highest level of competition in eventing - is anticipated to raise Maryland’s profile in the equestrian world as Maryland is the only state, other than Kentucky, to host both a Triple Crown Race and a five-star event. The inaugural event took place in mid-October 2021. The event featured world-class athletes including top-ranked and Olympic riders representing countries from around the world, as well as hosting more than 19,000 spectators during this inaugural year of the five-star level of competition. FEI continually reviews venues hosting five-star events to ensure compliance with standards for events at this highest level of competition, and proper footing is a primary factor. Future approval is only granted if these standards are met.

The increase in funding is necessary to ensure and maintain proper establishment of newly installed turf surfaces where weather conditions and competition have compromised the integrity and stability of the turf in some areas. Above-average temperatures, followed by above-average rainfall, have caused erosion, instability, and invasive vegetation growth in areas where the turf has been compromised.

The contractor is currently meeting the established 5% MBE goal.

36-S-MOD. SERVICES MODIFICATION (cont’d)

Original Procurement Method: Emergency

MBE/VSBE Participation: N/A / N/A

MBE/VSBE Compliance: N/A / N/A

Requesting Agency Remarks: Modification to allow the contractor to provide continued consulting services for the hospital surge and alternative care site planning and documentation of the hospital surge capacity, including statewide pediatric bed capacity. The contractor will also continue planning for the State’s monoclonal antibodies program, especially in light of the changes in the Federal allocation process, monitoring the new capacity created in two alternative care sites, documenting the State’s efforts surrounding the hospital surge activities since the onset of the COVID-19 pandemic, and engaging in other retrospective pandemic-related analyses and tasks. Contractor will continue to provide support at the existing levels through the foreseeable need for the contractor’s services. It is in the best interest of the State to modify this contract because a competitive solicitation could not be done in time to supply replacement services, and the contractor is in the best position to continue its work for the State for the limited duration the services are needed.

37-§. SERVICE CONTRACT
Department of Public Safety and Correctional Services

Contract ID: DOC Staffing Analysis for DPSCS; BPM026086
ADPICS No.: Q00B2600051

Contract Description: This contract is for a statutorily required staffing analysis of the Division of Correction that will include a review of existing staffing levels at each facility, and recommendations for optimal staffing levels.

Award: The Moss Group, Inc.; Washington, DC

Term: 01/03/2022 – 07/03/2022

Amount: $128,162

Procurement Method: Competitive Sealed Bidding
(Single Responsive Bid Received)

MBE/VSBE Participation: N/A / N/A

Performance Security: None

Requesting Agency Remarks: The Department is requesting the Board of Public Works to approve a single bid award to the Moss Group, Inc. The Department received a total of three bids; however, two bidders were determined not responsible. This is the third time that this contract was solicited which yielded three bids. The first time it was solicited, two out of three bidders were determined not responsible because neither vendor had previously conducted a staffing analysis of a correctional system. The second time it was solicited, it was determined to be in the State’s best interest to reject all bids and cancel the solicitation pursuant to COMAR 21.06.02.02 in order to conduct a competitive sealed bid procurement under COMAR 21.05.02.

The Department conducted a pricing analysis by comparing historical contract prices to The Moss Groups, Inc.’s bid price. The pricing provided by The Moss Group, Inc., reflects an increase for inflation from the previous contracts, and additional costs for PPE needed under the current CDC guidelines to conduct site visits to the various institutions. The Moss Group, Inc., has extensive experience in conducting DOC staffing analyses. The founder previously served as a Deputy Commissioner and has over 20 years of experience with the Georgia Department of Corrections. The company has numerous similar contracts with several states, including North Dakota, Georgia and Kansas, and with the federal government. The pricing is deemed fair and reasonable for an

38-IT. INFORMATION TECHNOLOGY
Department of Public Safety and Correctional Services

Contract ID:  VINE Services and Technical Support; Q00B2600001
ADPICS No.: Q00B2600001

Contract Description: Provide Victim Information Notification Everyday (VINE) services to notify victims of crime of changes in the custody status of offenders.

Award: Appriss Insights, LLC; Louisville, KY

Contract Term: 01/06/2022* - 12/31/2026 (*or earlier upon BPW approval)

Amount: $4,519,355.84

Procurement Method: Sole Source (Proprietary)

Living Wage Eligible: Yes

MBE/VSBE Participation: N/A / N/A

Performance Security: N/A

Incumbents: None.

Requesting Agency Remarks: The Maryland Department of Public Safety and Correctional Services’ (Department) is requesting approval of a new sole source contract to replace an expiring contract to enable the Department to continue receiving access to the Victim Information Notification Everyday (VINE) services of Appriss Insights, LLC., including ongoing maintenance and technical support. The new five-year contract enables the Department to provide VINE services to victims of crime for a longer uninterrupted period of time and to experience a stable contract budget. VINE is a suite of notification services that provides crime victims and citizens with timely and reliable information regarding the custodial status of offenders.

The Department’s first contract for the VINE services was in the year 2000, with Appriss, Inc., the developer of the proprietary services. In September of 2021 Appriss notified the Department that it had sold its Appriss Insights division which includes VINE to TALX, Inc. As a result, Appriss, Inc. no longer provide the VINE services, which are now only available through Appriss Insights, LLC.
38-IT. INFORMATION TECHNOLOGY (cont’d)

Agency Remarks (cont’d):

VINE is free of charge to registrants (Maryland citizens), anonymous, available 24/7/365 and supports multiple languages. VINE serves tens of thousands of crime victims daily and contacts more than 1.5 million crime victims each month providing notifications via e-mail, telephone and voicemail. Appriss is the only provider of these comprehensive services in the United States to 48 of the 50 states.

There are no MBE/SBR/VSBE for this sole source procurement since VINE is a proprietary service of Appriss Insights, LLC that does not work with resellers or subcontractors to provide maintenance and technical assistance.

40-IT-MOD. INFORMATION TECHNOLOGY MODIFICATION (cont’d)

**Requesting Agency Remarks:** Over 14,000 State agency users rely on the 700 MHz Public Safety Communications system to support their day-to-day and emergency operations. Additionally, more than 25,000 local, other state, and federal public safety radios can access the system during times of crisis or disaster to provide unified operations and support to the citizens of Maryland. With the completion of Phase 3 in October 2016, more than 2/3 of the State’s geographical area and over 83% of the State’s citizens will live in areas supported by the system. As the system has grown, the demand by the State agencies to use the system has increased, as it is a proven, cost-effective way to provide wide area communications.

This modification revises the Scope of Work to cancel the remaining State estimated training described in Contractor's Financial Proposal (BAFO) dated February 2, 2010 and move the unspent ceiling to the contingency component from the infrastructure component. The Decision Requests 226, 227, 228, 230, 231 and 232 are within the project’s Scope of Work (SOW).

2.0 Master Contract: Commercial Off-the-Shelf Software (COTS) 2012 (cont’d)

DGS OSP Remarks: RETROACTIVE approval requested pursuant to §11-204(c) State Finance; Procurement Article. DGS OSP has determined that this contract should be treated as voidable rather than void because: (1) all parties have acted in good faith; (2) ratification for the procurement contract would not undermine the purposes of the Procurement Law; and (3) the violation, or series of violations, was insignificant or otherwise did not prevent substantial compliance with the Procurement Law.

2.5 Using Agency: Department of Public Safety and Correctional Services
Description: RETROACTIVE approval for IBM Passport Advantage Software Maintenance. Suite of applications that support many critical systems. Applications range from DB2 databases and database connection tools, IBM Spectrum Protect data protection, WebSphere software for web applications, Websphere connectivity software, MQsoftware, Security Key Lifecycle Management and many others that support mainframe and distributed systems applications and functionality. Without maintenance and support of the IBM Passport Advantage software, the many critical systems that the Department provides for law enforcement, prisons, and the public would not be available. After the contract expired on date September 30, 2021, the vendor continued to supply services to prevent a lapse in coverage. The incumbent won the award for the new software maintenance contract, item 2.6 on this agenda. The Department regrets not managing this contract in an appropriate fashion and is implanting a new tracking system to avoid such circumstances in the future; Q00P1606142.

BOARD OF PUBLIC WORKS    THIS ITEM WAS:

APPROVED               WITHOUT DISCUSSION
43-RP. REAL PROPERTY

Department of Public Safety and Correctional Services

Recommendation: Approve the conveyance of property from the Maryland Department of Public Safety and Correctional Services to Maryland Department of State Police.

Property: Fee Simple 480,711 sq. ft. or 11.036 acres

Grantor: The State of Maryland, to the use of the Department of Public Safety and Correctional Services.

Grantee: The State of Maryland to the use of the Department of State Police.

Background: In 2014, the subject property, the former Brooklandville State Highway District 4 office, was conveyed by MDOT/SHA to the Department of Public Safety and Correctional Services. DPSCS has determined that the intended plans for the property are no longer feasible. MSP has requested that the property be conveyed to them.

Consideration: No consideration

Clearinghouse: The Clearinghouse conducted an intergovernmental review of the project under MD20200813-0707. It is recommended to declare the Brooklandville property—+/-11.036 acres improved with three buildings, a radio tower, and a fuel island and encumbered by a 65-foot utility power line easement—excess to the needs of the Maryland Department of Public Safety and Correctional Services contingent upon consideration of Baltimore County and the Maryland Department of the Environment’s qualifying comments. Baltimore County expressed an interest in acquiring the property. Subsequent to the original Clearinghouse review and recommendation (dated September 24, 2020), the Maryland Department of State Police expressed interest in acquiring the property.

BOARD OF PUBLIC WORKS THIS ITEM WAS:

APPROVED APPROVED
DISAPPROVED WITH DISCUSSION
DEFERRED WITHOUT DISCUSSION
WITHDRAWN
44-RP. REAL PROPERTY
Department of Natural Resources (File #00-8690)

Recommendation: Approve the granting of an Easement from the Department of Natural Resources to Clean Bay Biofuels, Inc.

Property: Permanent Easement 3.029 acres in Somerset County along Benson Road

Grantor: The State of Maryland, to the use of the Department of Natural Resources

Grantee: CleanBay Biofuels, Inc.; Princess Anne, MD

Consideration: $6,815.00

Background: CleanBay Biofuels, Inc. has requested a permanent access and utility easement for an approximately 3,700’ long, 60’ wide corridor for a private road extension of an existing logging road across Chesapeake Forest Lands, specifically, DNR Parcel 1 (ID 2013000867) and Parcel 2 (ID 2013002274). The proposed easement will serve CleanBay’s planned Westover facility, located at 9434 Old Princess Anne Road.

Appraised Value: $10,500.00 – 1/13/21 - R. Braxton Dees, MAI – Fee Appraiser
$ 8,100.00 – 1/22/21 - Joan Derby – Fee Appraiser
$ 6,815.00 – 10/8/21 – William J. LeFort, MAI – DGS Review Appraiser

45-RP. REAL PROPERTY
Department of Agriculture, Maryland Agricultural Land Preservation Foundation (MALPF) and Agricultural Land Preservation Easements
(File # 06-82-27A - Carroll County)

Recommendation: The Maryland State Highway Administration (hereinafter “SHA”) has determined that it needs to acquire certain fee interests and permanent easements for the public purpose of realigning the intersection of Gorsuch Road and MD 482 in Carroll County for public safety purposes. Board of Public Works approval is requested to grant a partial release of 4.373 +/- acres of land from the operation and effect of the existing agricultural preservation easement as permitted by Agriculture Article Section 2-515 of the Annotated Code of Maryland. SHA will reimburse MALPF for the released acreage according to the formula set forth in Agriculture Article Section 2-515 of the Annotated Code of Maryland. The total compensation due to MALPF is $2,645.67, which will be deposited in the MALPF fund. An aerial photo depicting the area to be acquired by SHA and released from the easement is attached.

Releasor: The State of Maryland, to the use of the Maryland Agricultural Land Preservation Foundation of the Department of Agriculture

Releasee: Carl E. Seiler and Maryland Department of Transportation – State Roads Commission of the State Highway Administration

Property: 4.373 +/- acres

Consideration: $2,645.67

Remarks: Reference is made to Item 49-RP of this Department's Agenda of July 25, 1984, for the meeting of the Board of Public Works wherein approval was given to MALPF to acquire an agricultural preservation easement on 89.391 acres of land for $54,081.00. Purchase of the easement was completed on October 1, 1984.

The requested partial release was approved by the MALPF Board of Trustees at their meeting of September 28, 2021.

BOARD OF PUBLIC WORKS THIS ITEM WAS:

APPROVED DISAPPROVED DEFERRED WITHDRAWN
WITH DISCUSSION WITHOUT DISCUSSION
46-RP. REAL PROPERTY

Reference: Approval is requested for the Maryland Agricultural Land Preservation Foundation, Department of Agriculture, to accept option contracts for the purchase of agricultural preservation easements on the following properties. All purchases outlined below have been reviewed and approved by the MALPF Board.

Special Conditions: Grantor relinquishes all rights to develop or subdivide the land for industrial, commercial, or residential use. Land shall be preserved solely for agricultural use in accordance with provisions of the Agricultural Article. No commercial signs or billboards are permitted, and there shall be no dumping on land except as is necessary to normal farming operations. Grantor shall manage the property in accordance with sound agricultural practices. Grantee shall have the right to enter land for inspection. No public rights are granted. The term of these easements shall be in perpetuity pursuant to Agriculture Article Section 2-514.1.

A) As to items 1 through 3, pursuant and subject to the provisions of Agriculture Article Section 2-513, Grantor has elected to reserve the right to apply for release of a lot to convey to himself or his children for the purpose of constructing a dwelling for personal use as follows: one lot of one acre or less if the subject property is at least 20 acres, but less than 70 acres, two lots of one acre or less if the subject property is at least 70 acres, but less than 120 acres, or three lots of one acre or less if the subject property is 120 acres or more.

B) As to items 4 through 9, pursuant and subject to the provisions of Agriculture Article Section 2-513, Grantor has elected to reserve to himself, and his assigns, the right to apply for release of one unrestricted lot, that may be conveyed to himself or others.

**Total Acres (TA):** 1672.24

**TA Less Unpaid Acres and Dwellings:** 1663.24
46-RP. REAL PROPERTY (cont’d)

Average Price Per Paid Acre: $4,027.72

Remarks:
1. The Department of Agriculture recommends acceptance of these contracts.
2. The Department of General Services has reviewed the appraisals and has recommended that each appraisal “a.” listed above be the fair market value of the land on which the easement is to be acquired.
3. Pursuant to Agriculture Article 2-511(e), the purchase price of each easement may not exceed 75% of the fair market value, or the owner’s asking price, whichever is less.
4. Item 3, marked with a “^” is an “insufficient funds offer”. The Option Contract for the insufficient offer specifies that if additional funds become available during the due diligence period, the offer will increase to 75% of the fair market value, or the asking price, whichever is less. Any increase in purchase price will be subject to Board of Public Works approval.

47-L.T. TENANT LEASE
Department of Human Services

Recommendation: Approve a renewal lease

Landlord: MBMS Development, LLC.; P.O. Box 196; Stevenson, MD

Property Location: 1100 Eastern Boulevard, Essex, Maryland 21221

Space Type: Office w/client interaction (30,250 sq. ft.)

Lease Type: Renewal

Term: 01/01/2022 – 12/31/2031 (10-years w/6-month hold-over)

Future Option Term: 01/01/2032 – 12/31/2036 (5-years)

Annual Rent: $620,125.00 (Year 1)

Square Foot Rate: $20.50 SF (Year 1)

Fund Source: 50% General / 50% Federal

Appropriation Code: PCA F-9010

Utilities/Custodial Responsibility: Lessee/Landlord

Termination for Convenience Clause: Yes

Procurement Method: Sole Source

See COMAR 21.05.02.D; DGS Space Mgmt. Manual ¶ 6-605 E

Remarks: DHS has occupied this location since 1999 as the headquarters office for the Department of Human Services (DHS) Computer Information System (CIS). CIS is responsible for the overall planning, development and implementation of the information system for DHS. The rental rate will escalate at 2% annually.

Energy efficiency improvements include: LED lighting, LED exit signs, passive dual technology motion sensors, replacement of HVAC units older than 15 years, and solar roller-screen shades.
48-LT-OPT.  TENANT LEASE OPTION
    Department of Health

Recommendation:  Approve a license agreement option

Prior Board Actions:  DGS 62-LT-OPT, 09/15/2021; and Secretary’s Agenda A-1, 05/19/2021

Landlord:  Jericho Baptist Church Ministries aka Jericho Baptist
            8501 Jericho City Drive; Landover, MD

Property Location:  8501 Jericho City Drive; Landover, MD

Space Type:  Former School Building (30,000 square feet)

Lease Type:  Renewal ( Continued Use of Property )

Term:  12/26/2021 - 03/25/2022 (3 months)

Annual Rent:  $61,110.*  Square foot rate:  $3.00 sq ft.
(*Annual rent includes $7,500 in rent charges and $12,870 security guard services, for a total of $20,370 monthly for 3 months)

Fund Source:  100% Federal

Approp. Code:  PCA W1435

Utilities/Custodial Responsibility:  Landlord

Termination for Convenience Clause:  No

Procurement Method:  Sole Source

Remarks:  This license agreement will permit the Maryland Department of Health (MDH) to continue to use an estimated 30,000 sf comprising the entire 1st floor of the school building and second floor hallway alcove above the gymnasium for COVID-19 activities, including but not limited to testing, infusions, and vaccinations. Jericho Baptist Church has recently requested increased security at the site, which has increased the total monthly rent from $15,000 to $20,370.
48-LT-OPT. TENANT LEASE OPTION (cont'd)

Agency Remarks (cont'd):

A single property was capable of providing the square-footage required, parking accommodations, and was based centrally in Prince George’s County in order to conduct COVID-19 activities, including but not limited to testing, infusions, and vaccinations. It has been determined that this sole source license agreement is in compliance with COMAR 21.05.05.02A(1) as the only existing source which meets the space requirement. The rate of $3.00 per sf with security expenses is considered a below market rent for this space, with most rates in this area at a minimum of $25 per square foot.
49-GM. GENERAL OBLIGATION BOND PROCEEDS

Recommendation: That the Board of Public Works approve use of general obligation bond proceeds for the following contracts.

Authority: §8-301, State Finance & Procurement Article, Annotated Code of Maryland

1.0 Agency: Department of Public Safety and Correctional Services

Award: Myers and Stauffer, LC; Owings Mills, MD 21117

Contract Term: 01/06/2022 – 12/31/2027 (w/one 2-year renewal option)

Amount: $10,173,866 (Base: 5-years)
$ 4,539,214 (Renewal Option #1: 2-years)
$14,713,080 Total

Procurement Method: Competitive Sealed Proposals (Single Proposal Received)

Living Wage Eligible: Yes

MBE/VSBE Participation: 25% / 1%

Performance Security: None

Incumbents: Same

Requesting Agency Remarks: A notice of the availability of the Request for Proposals (RFP) was advertised on eMaryland Marketplace beginning January 15, 2021. The original due date was March 29, 2021, but the deadline was extended to April 13, 2021 to correct an error on the price form and allow additional time to submit proposals. Copies of the solicitation notice were sent directly to twenty prospective vendors, ten of which were Maryland firms, and included seven MBEs, one SBR and VSBE. A copy was also sent to the Governor’s Office of Minority Affairs.
50-S. SERVICES CONTRACT (cont’d)

One proposal was received in response to the RFP, and it was determined to be reasonably susceptible of being selected for award. In response, the “Notice of Vendors” form was sent to ten vendors to ascertain the reasons for their “Non-Submission.” Four of the vendors responded. The responses varied between “inexperience,” “other commitments,” and “conflict of interest.”

The sole offeror was determined to be responsible; the financial offer was considered fair and reasonable, and it was determined that other potential offerors had a reasonable opportunity to respond to the solicitation. Due to the nature of the auditing services being provided to MDH there is an inherent limitation to the amount of comparative market research that can be performed by the Program. The services within this area (Medicaid) require specialized experience that can only be found with vendors capable of doing this kind of service. The Financial Proposal price was compared based on current services being performed and was approximately $796,000 below the budgetary estimation of the RFP.

The Department performed a Price Analysis and determined that due to the nature of the auditing services being provided to MDH, there is an inherent limitation to the amount of comparative market research that can be performed by the Program. The services within this area (Medicaid) require specialized experience that can only be found with vendors capable of doing this kind of service. Therefore, the Financial Proposal price was compared based on current services being performed. The Department believes the contract proposal is fair and reasonable and prices are comparable with our expectations for auditing, accounting, and consulting given that: the number of MCOs increased from eight to nine in this contract; DSH increased from 22 to 25 hospitals; and the scope and complexity of the work in the MCO portion of MCO/DSH has changed significantly over the last seven years. The cost is necessary to reflect the true value of the services provided due to the additional hours needed to perform the audits and, in some cases, repeat data validation due to significant errors reported that are found. Therefore, the award is recommended to Myers and Stauffer, LC, the sole offeror and incumbent.

The Medical Assistance Program has used a contractual auditor to perform the audits of the Cost Reports of health care providers since July 1982. The Department uses desk reviews and audits of the Cost Reports of Providers of health care to Medical Assistance participants to assure compliance with applicable laws and regulations and as the basis for rate setting and making Cost Settlements. The Providers that are audited on this basis include: nursing homes, chronic hospitals, residential treatment centers, psychiatric hospitals, special hospitals, out of State hospitals, State facilities, and mental health Providers.
The MCO-DSH has previously been solicited competitively on three occasions. Twice as a Competitive Sealed Proposal (CSP) and once using a Secondary Competition. In 2017, 292 vendors were solicited, 157 through eMaryland and the rest directly by the Program. Only five (5) potential offerors attended the pre-bid conference. Two proposals were received; one, the incumbent, was rejected due to noncompliance with one of the MBE sub goals; the Evaluation Committee determined that the second did not meet the qualifications of the solicitation. The RFP was cancelled and reposted in April 2017. During the second CSP, 181 vendors were solicited, 157 through eMaryland and the rest directly by the Program. Only three potential offerors attended the pre-bid conference. Two proposals were received: one proposal was received on time, the incumbent; one proposal was rejected because it was received after the deadline. The Evaluation Committee met and awarded the five-year contract to the incumbent; however, the Secretary canceled the contract due to there being only one proposal susceptible to award.

In July 2017, the Department was directed by the Department of Budget Management (DBM) to procure these services through a Task Order Request for Proposals (TORFP) under the State’s Audit Services Master Contract. The incumbent was not eligible to bid. One proposal was received. The TORFP failed in October 2018 because the master contractor lost subcontracted staff and could not fulfill the contract. DBM cancelled the TORFP on October 16, 2018, and directed MDH to pursue a new Sole Source contract to obtain services while a new RFP is developed. The Department did so, then prepared this CSP, extensively rewriting the solicitation over the course of several months.

The contractor acts on the State’s behalf to ensure the accuracy and reasonableness-of-cost reports of selected providers participating in the Maryland Medical Assistance Program in accordance with the reimbursement principles contained in the Code of Maryland Regulations; and provides other financial consulting and audit services to the Department through special projects and assignments activities. This includes assistance in the areas of fraud and abuse detection and the provision of financial consulting. Further the contract complies with federal regulations governing MCO and DHS audits, rate-setting, and report functions. This contract is a critical function for the MA Program to assure MCOs and DHS are in compliance with State and Federal laws and regulations.

A 25% MBE participation goal and a 1% VSBE participation goal were established for this contract based upon the determination that limited subcontracting opportunities were available for these services.

51-S-MOD. SERVICES MODIFICATION (cont’d)

Original Procurement Method: Emergency

MBE/VSBE Participation: N/A / N/A

MBE/VSBE Compliance: N/A / N/A

Requesting Agency Remarks: MDH is requesting additional funds to continue comprehensive, statewide multi-platform communications campaigns to inform and educate the public about critical topics related to the COVID 19 pandemic. The public must be informed about developments on multiple issues, including full FDA approval for various vaccines and for specific age groups, availability of vaccines for children, eligibility, and guidance for boosters/third doses. Future topics may include repercussions from new variants, increases in positivity rates and cases, the closure of businesses/activities and other issues determined critical by MDH. The continued services provided by MDH’s contractor GKV Advertising and Marketing are essential to developing and executing continued statewide informational campaigns. Additionally, based on previous cost to the State for these services the pricing is considered fair and reasonable.

52-IT-MOD. INFORMATION TECHNOLOGY MODIFICATION (cont’d)

Percent +/- Change (this item): +402% (not including additional renewal option for potential future use)

Total Percent +/- Change: +1,220% (not including additional renewal option for potential future use)

Procurement Method: Emergency

Requesting Agency Remarks: Maryland Department of Labor (LABOR) is seeking approval of the amended emergency change modification # 6 (hereby, known as change mod#6). On November 2, 2021, the contractor increased the total number of temporary staff by 100 for a grand total of 1,975 resources available to the State. In addition, change mod#6 extends the current contract period through June 30, 2022, and increases the contract amount by $98,298,750. If exercised, the 6-month option would commence on July 1, 2022, and terminate on December 31, 2022 and would increase the contract by $97,759,100.

In addition, the amendment to the current contract adds the following to the list of the Contractor’s Responsibilities:

- **Outbound messaging services** – Claimants schedule a callback from a UI Contact Center support agent for their preferred date and time. They will receive an appointment reminder 15 minutes before their call to ensure they do not miss it.
- **SWAT Teams** – Specialized teams of agents considered subject matter experts in specific work items to focus on areas of high volume or visibility to proactively resolve backlogs. Once each project is completed, the teams move on to the next highest priority task and work through those items.
- **Web channel enablement** – AWS Video Chat enablement in the MD DOL Division of Unemployment building to serve as another communication channel for claimants and support the reopening of the UI office. Claimants schedule a video chat appointment online for unemployment assistance and take the call at a kiosk in the UI office.
- **Distinct repeat caller support** – Funnel top repeat callers into a separate queue where they reach a group of the most knowledgeable agents to resolve their issues quicker and drive excessive traffic away from regular phone lines.
- **Employer enablement** – Additional capability to support employer interaction with MDDOL via virtual assistant, chat, and phone.

The current contract was awarded to Accenture on April 15, 2020, as an Emergency Sole Source procurement. The Maryland Department of LABOR declared an Emergency Sole Source procurement with Accenture to provide a virtual center to assist with answering calls and responding to claimants inquires for Unemployment Benefits during the COVID 19 crisis.
52-IT-MOD. INFORMATION TECHNOLOGY MODIFICATION (cont’d)

Requesting Agency Remarks (cont’d):
Accenture’s primary role is to provide a virtual call center to support Unemployment Insurance in response to the covid-19 pandemic. The contractor uses a conversational, self-services virtual agent to interface via State’s website (s). Ongoing support is still needed to handle the high volume of calls as well as assisting with new claims that are being processed daily.

LABOR previously reported an emergency modification (Secretary’s Agenda A3, 12/01/21 BPW); however, the report was remanded by the Board of Public Works. As a result, LABOR was asked to amend the modification to include a 6-month renewal option which would also require the Board approval at future BPW meeting. At present, LABOR is seeking to extend the current contract with Accenture starting on 01/01/2022 through 06/30/2022. By approving the contract modification, it will allow the agency to continue to serve citizens in providing Pandemic Unemployment Insurance Benefits.

Accenture will make 1,975 resources available to the State. Training for the staff will commence as per the table below.

53-IT.  INFORMATION TECHNOLOGY (cont’d):

Requesting Agency Remarks: The Governor’s Grant Office (GGO) is one of the few centralized grants offices in the United States. The GGO provides training and technical assistance to State agencies, local governments, nonprofit organizations, and constituents regarding grants management, grant opportunities, training opportunities and other grant-related matters. The GGO has established a grants’ Point of Contact (POC) in each State agency. POCs are the primary conduit for conducting grant research and training within the respective State agency.

POCs participate in regular State grants team meetings, conference calls, work groups, and serve as the informational “grants hub” within the State agency.

Currently, no statewide grants management system exists in Maryland. Some State agencies use a variety of commercial off the shelf software, custom, or manual systems. The GGO’s interactions with State agencies, local governments and the public reveal a need for a single, statewide, centralized grants management system to manage the full lifecycle of all grants within the State. State agencies, local governments, nonprofits, and constituents require a single, streamlined grant management system for identification, application, award management, grant monitoring and reporting. Additionally, a full lifecycle grants management system must include the ability to integrate financial data (e.g., budget, finance, personnel, and cost allocation) with programmatic grants information, automating process and approval workflow to improve efficiency and promote transparency.

The Governor’s Grants Office believes that it is imperative to begin implementation of a statewide grants management system as soon as possible, and that a delay would be costly to the State in terms of agency staff time, as well as potential federal grant revenue reductions due to not meeting federal reporting requirements and obligations. Maryland receives over $14 billion in federal grants annually across dozens of state agencies, however without a uniform statewide system in place, the State regularly sees inefficient business processes and repeat audit findings. Current Federal awards are at risk of being decreased due to this lack of effective monitoring and oversight.

In addition, on November 10, 2021, the Office of Legislative Audits sent a letter and report to the Joint Audit and Evaluation Committee raising concern about state grant management and specifically recommended the implementation of a statewide grants management system. Many issues at the agency level that were outlined in the 78-page report would be remedied by the implementation of a statewide system. The research and planning for this project took approximately 3 years and the procurement process took an additional year. The State would be further burdened having to re-solicit this project. The additional operational costs, contract extensions/modifications, and market price volatility on technology products would place additional fiscal responsibility on the State. We received submissions from all of the anticipated offerors in this field and the Office of State Procurement feels confident that the best selection was made.
53-IT. INFORMATION TECHNOLOGY (cont’d):

Requesting Agency Remarks (cont’d):

Carahsoft Technology Corporation demonstrated a strong understanding of the states' needs and requirements for the system and various integrations across the entire state agency portfolio. They assembled a strong team consisting of internal subject matter experts and subcontractors who are leaders in this field to ensure that the implementation, development and execution is smart and efficient. They are familiar with Maryland’s challenges with regards to grants management. Has a thorough understanding of the impact and importance of grants management.
