**Authority:** "Cost-Sharing-Water Pollution Control," §§ 8-701 to 8-705, Agriculture Article, Annotated Code of Maryland; COMAR 15.01.05

**Remarks:** The Maryland Department of Agriculture has determined that each of these projects is eligible for cost-share funds. Each project has received technical certification from the appropriate Soil Conservation District Office. The farmer has signed the cost-share agreement and accepts the grant conditions.

Additional funds are requested for these projects to offset additional costs realized at the completion of the project. These additional costs are a result of design changes required based on site conditions encountered during construction, design changes to improve project effectiveness, or because the level of co-cost share funding originally anticipated was not available when the project was completed.

3. DEPARTMENT OF AGRICULTURE
COMAR Title 15: Department of Agriculture Regulations

Recommendation: That the Board of Public Works approve regulations proposed by the Maryland Department of Agriculture amending Regulations .02 and .05 under COMAR 15.01.05, Cost-Sharing Program Water Pollution Control Program.

Authority: Section 8-704(c)(2), Agriculture Article, Annotated Code of Maryland (requiring that “all regulations adopted under this section shall be approved by the Board of Public Works prior to the use of the proceeds of State bonds in the cost-sharing program”).

AELR Review: Complete. The AELR Committee not only completed its review of MDA’s proposed amendments to Regulations .02 and .05 under COMAR 15.01.05, but also granted emergency status to these amendments. Emergency status began on December 8, 2020 and expires on May 19, 2021. See 48 Maryland Register, Issue 1, page 9.

Proposal Published: 48 Maryland Register, Issue 1, pages 19-20 (published on 1/4/2021).

Remarks: The proposed action reflects recent changes to State law governing the State’s Cost-Sharing Program. See Ch. 305 (S.B. 597), Acts of 2020. These changes expressly authorize the use of cost-sharing funds not only for “best management practices” but also “fixed natural filter practices.”

Amendments: 15.01.05.02(B)(6) Definitions – Amending the term “Eligible cost” to include the capital expenditure for installing a fixed natural filter practice.

15.01.05.02(B)(7) Definitions – Defining the term “Fixed natural filter practice”.

15.01.05.02(B)(9) Definitions – Defining the term “Improved conservation benefit”.

15.01.05.02(B)(10) Definitions – Defining the term “Natural resource concern”.

15.01.05.05(A)(1) Application Review and Approval – The Department to Approve or Disapprove an Application

5. BOARD OF PUBLIC WORKS

Wetlands Licenses

Recommendation: The Board of Public Works Wetlands Administrator recommends that the Board grant the licenses for projects involving dredging and filling in the navigable waters of Maryland.

MDE: The Maryland Department of the Environment concurs with this recommendation.

Authority: Section 16-202, Environment Article, Annotated Code of Maryland: “The Board shall decide if issuance of the [tidal wetlands] license is in the best interest of the State, taking into account the varying ecological, economic, developmental, recreational, and aesthetic values [the] application presents.” See also COMAR 23.02.04.

ANNE ARUNDEL COUNTY

20-0361 ASTARTE, LLC – To provide shoreline erosion control and improve navigable access by replacing in-kind a pier with mooring piles and installing new mooring piles, constructing and backfilling a replacement bulkhead, mechanically dredging an area, and depositing the dredged material at an approved upland disposal site.

Annapolis, Spa Creek

Special conditions: Restrictions for Time-of-year and slip/lift/hoists maximums. Requirements for local planning and zoning authorization, bulkhead construction, dredge transport, maintenance dredging, staking, and post-dredge bathymetric survey.

20-0690 DARYL WAGNER – To provide shoreline erosion control and comply with the 2009 Settlement Agreement between Licensee and the US Army Corps of Engineers and Maryland Department of Environment by constructing a containment sill, filling and grading with sand, and planting marsh vegetation.

Little Island, Magothy River

Special conditions: Requirements for marsh establishment, marsh maintenance plan, north end of proposed marsh, and Toxic Material Permit.

Wetlands created: 1,600 square feet

BOARD OF PUBLIC WORKS       THIS ITEM WAS:

APPROVED       DISAPPROVED       DEFERRED       WITHDRAWN

WITH DISCUSSION       WITHOUT DISCUSSION
6. BOARD OF PUBLIC WORKS

Wetlands License – #20-0470 – Chesapeake Utilities
Compensation

Recommendation: The Board of Public Works Wetlands Administrator recommends that the Board: (1) grant a wetlands license for a project involving filling under State tidal wetlands; and (2) assess annual compensation of $350 to be deposited into the MDE Wetlands and Waterways Program Fund.

MDE: The Department of the Environment concurs with this recommendation.

- Application received May 7, 2020
- Comment period closed September 15, 2020
- MDE Report and Recommendation received November 12, 2020

Classification: This case is classified as extraordinary because there is a recommendation that the Board assess compensation (COMAR 23.02.04.08B) and a virtual public hearing was held on September 17, 2020 with 83 participants.

Authority: Section 16-202, Environment Article, Annotated Code of Maryland: “The Board shall decide if issuance of the [tidal wetlands] license is in the best interest of the State, taking into account the varying ecological, economic, developmental, recreational, and aesthetic values [the] application presents.” See also COMAR 23.02.04.

Compensation: Chesapeake Utilities seeks to install three 8-inch diameter natural gas pipelines using horizontal directional drilling (HDD) by drilling three 12-inch bores under State tidal wetlands. The Board of Public Works shall assess annual compensation for the placement of pipelines under State tidal wetlands.* The Wetlands Administrator recommends annual compensation of $350 calculated as follows:

\[ 140 \times (69 + 21 + 50) \times 2.50 = 350. \]

*§23.02.04.15.D.(3)(a)
6. **BOARD OF PUBLIC WORKS** (cont’d)
   
   *Wetlands License – #20-0470 – Chesapeake Utilities*
   
   **Compensation**

   **SOMERSET COUNTY**

   20-0470  *CHESAPEAKE UTILITIES* – To extend natural gas service by installing three 8-inch natural gas pipelines under the Manokin River, Taylor Branch and Kings Creek.

   *Somerset County*

   **Special conditions:** Time-of-year restriction. Requirements for horizontal directional drill reference book, Coast Guard coordination, geotechnical data, Frac-out Contingency Plan, Independent Monitoring Contractor and reporting, providing drilling fluid pressure information to agencies, Frac-out protocol, rainfall corroboration, providing bottom elevations of streams, pre-construction meeting, drill hole abandonment, Soil Erosion and Sediment Control Plan, water quality testing to landowners, drilling fluid components, water quality monitoring during a frac-out, protocol for citizen complaints, hydrostatic testing, DNR tree-impact approval, pipeline ownership transfer, and annual compensation.

Program Description: These grantees will implement the Bay Restoration Fund Septic System Upgrade Program (SSUP) locally, consistent with COMAR 26.03.13.04 and MDE program guidance. Applications for funding will be prioritized as follows:
1. Failing OSDS in the Critical Areas
2. Failing OSDS outside the Critical Areas
3. Non-Conforming OSDS in the Critical Areas
4. Non-conforming OSDS outside the Critical Areas
5. Other OSDS in the Critical Areas, including new construction
6. Other OSDS outside the Critical Areas, including new construction

Residential OSDS owners are eligible for a minimum 50% and maximum 100% grant for the Best Available Technology cost, based on household income; business owners are eligible for 50% of the Best Available Technology cost as grant; small business owners are eligible for 75% of the Best Available Technology cost as grant.

The project is consistent with State Clearinghouse comments and recommendations.

9. MARYLAND DEPARTMENT OF THE ENVIRONMENT

Energy-Water Infrastructure Program Grant

Recommendation: That the Board of Public Works approve new funding as described.

Authority: §§ 9-20B-01 through 9-20B-12 of the State Government Article, Annotated Code of Maryland Capital Budget Appropriation - Energy Water Infrastructure Program (U00A01.14)

Project: Fruitland Water Treatment Plant Solar Panel

Recipient: City of Fruitland

Location: Wicomico County/Legislative District 38B

Amount: Up to $522,279

Project Description: The project entails the construction of a solar panel system and associated appurtenances to generate renewable energy at the Fruitland Water Treatment Plant (WTP). The system will be interconnected with the electrical grid and net-metered against the WTP electricity consumption in order to save electrical costs for the facility. This project also includes the necessary site work associated with the installation of the panels. This project is consistent with the Greenhouse Gas Reduction Act’s statewide goal of reducing greenhouse gas emissions 40% by 2030.

Project Funding Sources:

Energy Water Infrastructure Program Grant, EWIP 07.23 (This Action) $522,279
Local Share $12,851
Total Estimated Project Cost $535,130

A written agreement between the Maryland Energy Administration and MDE provides funding from the Strategic Energy Investment Fund for this project.

State Clearinghouse: MDE has determined that its recommendation is consistent with Maryland's State Clearinghouse comments and recommendations.
10. **MARYLAND ENVIRONMENTAL SERVICE**  
*Woodstock Job Corps Center, Baltimore County*

**Construction Contract:** Woodstock Job Corps Center  
Wastewater Treatment Plant Upgrade  
MES Project # 1-21-2-01-5

**Description:** Replacement of the obsolete wastewater treatment plant

**Procurement:** Competitive Sealed Bids

**Bids:**
- M2 Construction LLC, Lancaster, PA     $ 8,184,300.00
- American Contracting & Environmental Services, Columbia, MD $ 8,627,000.00
- Lee Foundation Co. Inc., White Marsh, MD     $10,486,504.20
- Kiewit Infrastructure Co., Hanover, MD     $10,671,900.00
- Bearing Construction, Inc, Sudlersville, MD     $11,127,570.28

**Award:** M2 Construction LLC

**Amount:** $8,184,300

**Term:** 425 days

**MBE Participation:** 14%

**Remarks:** The existing facility was constructed in 1972 and has reached the end of its useful life. Process tanks are heavily rusted and in danger of collapsing. The treatment process technology is outdated and not capable of significant nutrient removal.

11. MARYLAND ENVIRONMENTAL SERVICE
Sandy Point State Park

A/E Contract: WATEK Engineering Corporation
MES Project # 1-21-2-23-3

Description: Develop recommendations and begin preliminary engineering for improvements to the water tower foundation and water treatment facility at the Park.

Procurement: A/E Shortlist

Award: WATEK Engineering Corporation, Gaithersburg, Maryland

Amount: $14,516

Term: 6 Weeks

MBE Participation: 0%

Remarks: The existing water treatment plant and water tower located at Sandy Point State Park provide potable water and fire protection for the Park and the State Highway Facility at the Bay Bridge. The water tower support piers are in very poor condition and in need of extensive repairs; it is possible they are beyond repair. Under this contract, the AE will review existing data on the water plant and water tower foundation, evaluate the hydraulic adequacy of the water tower, compare options for rehabilitating the water tower and evaluate reliability of the water plant, and review water quality data and prepare a life cycle cost analysis. The AE will prepare a preliminary engineering report on their findings.

12. MARYLAND ENVIRONMENTAL SERVICE  
Jessup Correctional Institution, Anne Arundel County

A/E Contract: JCI- Boiler Blowdown Piping Trench Upgrade  
MES Project #1-21-4-32-3

Description: Engineering services including evaluation of the boiler blowdown piping and utility trenches at the Jessup Correctional Institution (JCI) boiler plant and design of improvements.

Procurement: A/E Shortlist

Award: C.C. Johnson & Malhotra, Baltimore, Maryland

Amount: $42,600

Term: 6 months

MBE Participation: 0%

Remarks: The existing blowdown piping system from Boilers #1, 2 and 3 is buried in a trench with a 12” thick poured concrete top. The existing piping from Boiler #4 is in a trench filled with crushed stone. There is limited room to accommodate expansion during blowdown events, which results in the blowdown piping requiring periodic repairs in areas that are often difficult to reach. The existing trenches should be replaced with a more accessible and cost-effective long-term system. Under this contract, the A/E shall evaluate and design a recommended solution to improve the boiler blowdown piping trenches at JCI. The improvement shall encompass a walkable, open trench that allows for visual inspection, thermal expansion, and ease of access to all the blowdown piping.

C.C. Johnson and Malhotra is a MDOT-certified MBE firm.

Fund Source: MCCBL of 2019; MES Infrastructure Improvement Fund (UB00)

Tax Compliance No.: 20-3992-0111
13. MARYLAND ENVIRONMENTAL SERVICE  
Jessup Correctional Institution, Anne Arundel County

A/E Contract: JCI- Boiler Controls Upgrade  
MES Project # 1-21-4-33-3

Description: Engineering services to evaluate the current controls, develop recommendations and design upgrades to the boiler control system at the Jessup Correctional Institution (JCI) Steam Plant.

Procurement: A/E Shortlist

Award: Hartwell Engineering Inc., Annapolis, Maryland

Amount: $25,777.75

Term: 6 months

MBE Participation: 17%

Remarks: In 2016, product notification from the manufacturer indicated that the existing boiler controllers at this facility will be retired due to limited component availability and their expiring electrical accreditations for the model installed at JCI. Spare parts and circuit board kits have not been manufactured for this boiler controller since September 2017, so supply is subject to availability. This poses a potential challenge in the event of an outage where suitable repair parts may not be available. This upgrade will address the retired parts deficiency to minimize service delivery deficiencies, optimize system performance, increase system reliability, and assure compliance with applicable safety and industry standards. The AE will be evaluating all components in the controls system that feed data to the boiler controller to ensure they will be compatible with the upgrade to the new boiler controller when installed.

14. MARYLAND ENVIRONMENTAL SERVICE
   Eastern Correctional Institution

   **Equipment Contract:** New dual fuel boiler burners and economizers
   MES Project #1-21-4-37-2

   **Description:** Furnish new dual fuel boiler burners and flow economizers for each of the existing
   boilers at the ECI Cogeneration plant as part of fuel conversion to natural gas.

   **Procurement:** Sole Source
   **Award:** Delval Equipment Corporation, West Norriton, PA
   **Amount:** $845,731.68
   **Term:** 12 months
   **MBE Participation:** 0%

   **Remarks:** The Eastern Correctional Institution (ECI) cogeneration plant is converting both
   existing high-pressure boilers from firing wood chips and No. 2 fuel oil to fire natural gas and
   No. 2 fuel oil. For the ECI plant to be ready for natural gas consumption by September 2021, the
   plant must complete necessary fuel conversion and interconnection tasks. The equipment
   package purchased under this contract will include the burner, economizer and other plant
   equipment such as fuel meters and dampers that are needed to facilitate the conversion for the
   existing boilers.

   Cleaver Brooks is the original equipment manufacturer (OEM) of the existing boilers at ECI. As
   the OEM, Cleaver Brooks has the technical insight and proprietary knowledge regarding post-
   conversion boiler performance, efficiency and emissions output to ensure successful integration
   with existing controls. The equipment package is based upon the OEM’s recommendation. The
   Delval Equipment Corporation is the only authorized Cleaver-Brooks Service and Sales
   Representative for the states of Delaware, Maryland, New Jersey (South of Trenton),
   Pennsylvania, Washington DC, and West Virginia for all products supplied by Cleaver Brooks.

15. UNIVERSITY OF MARYLAND, COLLEGE PARK
   General Miscellaneous

   Recommendation: The University of Maryland, College Park and the Office of the Attorney General request approval for the payment of $200,000 in full settlement of all claims made by Plaintiff, Hua Zhang, in the lawsuit captioned *Hua Zhang v. University of Maryland, College Park*, United States District Court for the District of Maryland, Case No. 19-3354 PJM.

   Authority: State Government Article §§ 12-404 and 12-501

   Amount: $200,000

   Fund Source: Agency Funds

   Appropriation Code: R30B22.00

   Requesting Agency Remarks: The University of Maryland, College Park and the Office of the Attorney General recommend approval of the proposed settlement in full and final satisfaction of the plaintiff’s claims as in the best interest of the State. If this proposed settlement is approved, one check in the amount of $200,000.00 should be made payable to Hua Zhang and Kalbian Hagerty, LLP. The check should be mailed to Christopher B. Lord, Office of the Attorney General, 200 St. Paul Place, Baltimore, Maryland 21202, who will ensure that all the necessary documentation and releases are complete and that the check is delivered as required by the settlement agreement.
16. UNIVERSITY OF MARYLAND, COLLEGE PARK
General Miscellaneous

Recommendation: The University of Maryland, College Park and the Office of the Attorney General request approval for the payment of $3,500,000 in full settlement of all claims made by Martin McNair, Tonya Wilson, and the Estate of Jordan McNair (“Claimants”).

Authority: State Government Article §§ 12-107, 12-404 and 12-405

Amount: $3,500,000

Fund Source: Agency Funds

Appropriation Code: R30B22.00

Requesting Agency Remarks: The University of Maryland, College Park and the Office of the Attorney General recommend approval of the proposed settlement in full and final satisfaction of Claimants’ claims as in the best interest of the State. If this proposed settlement is approved, one check in the amount of $3,500,000.00 should be made payable to Claimant’s counsel, Murphy, Falcon & Murphy. The check should be mailed to Christopher B. Lord, Assistant Attorney General, Office of the Attorney General, 200 Saint Paul Place, 17th Floor, Baltimore, Maryland 21202, who will ensure that all the necessary documentation and releases are complete and that the check is delivered as required by the settlement agreement.
Maryland Environmental Service
Record Correction

**Recommendation:** That the Board of Public Works accept the corrections to the following records for improvements at the Jessup Correctional Institution boiler plant where the fund source was incorrectly reported.

1. **Original Approval:** Secretary’s Agenda, Item 8, 10/2/2019
   **Contract Description:** Replace header pipe insulation at Jessup Correctional Institution
   **Approved Fund:** MCCBL of 2018, *MES Infrastructure Improvement Fund (UB00)*
   **Corrected Fund:** MCCBL of 2019, *MES Infrastructure Improvement Fund (UB00)*

2. **Original Approval:** Secretary’s Agenda, Item 13, 11/20/2019
   **Contract Description:** Install bollards around exposed gas pipe
   **Approved Fund:** MCCBL of 2018, *MES Infrastructure Improvement Fund (UB00)*
   **Corrected Fund:** MCCBL of 2019, *MES Infrastructure Improvement Fund (UB00)*

3. **Original Approval:** Secretary’s Agenda, Item 7, 3/18/2020
   **Contract Description:** Procure and install a new water softener system for the boiler plant.
   **Approved Fund:** MCCBL of 2018, *MES Infrastructure Improvement Fund (UB00)*
   **Corrected Fund:** MCCBL of 2019, *MES Infrastructure Improvement Fund (UB00)*
A1. **DEPARTMENT OF GENERAL SERVICES**

**Contract Title:** Replacement of Fire Suppression Equipment at the State House Building; 
*BA-491-210-001*

**Contract Type:** Construction

**Description:** Furnish all design, engineering, labor, materials, supervision, equipment, 
insurance, etc., necessary for, but not limited to, the removal and replacement of the existing fire 
pump, fire pump controller, jockey pump, and jockey pump controller that protect and are located in 
the State House located in Annapolis.

**Procurement Method:** Emergency

**Date Emergency Declared:** June 26, 2020

**Bids:**
- BFPE, International; *Hanover, MD*  
  $121,735
- Advanced Fire Protection, LLC; *Baltimore, MD*  
  $132,000

**Award:** BFPE, International; *Hanover, MD*

**Amount:** $121,735

**Contract Award Date:** July 13, 2020

**Term:** 60 calendar days

**MBE/VSBE Participation:** N/A / N/A

**Remarks: Nature of Emergency:** The fire suppression system for the State House Building 
experienced a complete and irreversible failure. This emergency procurement includes, but is not 
limited to, the fire pump, fire pump controller, the jockey pump, and the jockey pump controller 
that serve the State House Building. The existing fire pumps and controllers are not repairable.

BFPE, International is a company that specializes in fire suppression repair, design, engineering, 
and installation and can make the necessary repairs to restore the system to a safe and compliant 
operational status. BFPE, International has performed fire suppression system repair and 
installation work for the Annapolis Public Grounds and Buildings complex.
A1. **DEPARTMENT OF GENERAL SERVICES** *(cont’d)*

**Remarks (cont’d):**

*Basis for Selection:* Lowest responsive bid from a responsible bidder.

*Reason for Lateness:* The emergency report was drafted but mistakenly not filed within the required 45 days.

*Resident Business:* Yes

A2. DEPARTMENT OF THE ENVIRONMENT

Contract Title: Sewer Sentinel: Covid-19 Virus Sampling and Analysis in Wastewater
ADPICS NO. U00B1600005

Contract Type: Services – Contract I: Wastewater Sampling
Contract II: Analysis

Description: Contract 1) Take composite samples of wastewater on a periodic basis as
determined by Maryland Department of the Environment (MDE) from safe access points at up to
50 congregate housing facilities identified by MDE;
Contract 2) Obtain a presence/absence and/or quantitative estimate of the
amount of COVID-19 virus present in wastewater to examine the change in COVID-19 viral
load with time. This method can identify increased concentrations which may indicate an
outbreak of the COVID-19 virus before other benchmarks like clinical testing or hospitalization
rates.

Procurement Method: Emergency

Date Emergency Declared: March 5, 2020

**Award:** Contract I: Inspection Experts, Inc.; *Columbia, MD*  
Contract II: CosmosID; *Rockville, MD*

**Term:** 12/01/2020 – 06/01/2021 w/one six-month renewal option

**Amount:**  
Contract I: $565,500 six months; $487,500 six-month option  
Contract II: $323,700 six months; $323,700 six-month option  
Total Award: $889,200 six months

**Contract Award Date:** December 1, 2020 (Inspection Experts); December 4, 2020 (CosmosID)

**MBE/VSBE Participation:** 0% / 0%

**Fund Source:** 100% Federal Funds, CARES; CFDA 21.019

**Remarks:** *Nature of Emergency -COVID-19:* On March 5, 2020, Governor Larry Hogan issued a Declaration of State of Emergency and Existence of Catastrophic Health Emergency due to the outbreak of a severe respiratory disease resulting in illness or death that is caused by the person-to-person spread of the novel coronavirus. The anticipated surge of patients seeking urgent medical attention, as presented by the Maryland Emergency Management Agency (MEMA) and Maryland Department of Health (MDH), required immediate, innovative solutions to expeditiously detect and identify areas of increased viral activity. The Maryland Department of the Environment will deploy the sewer sentinel project to detect COVID in wastewater. The Department’s goal is to provide health professionals and vulnerable citizens with advance warning of an outbreak. This pooled monitoring approach is a cost-effective tool to detect outbreaks in congregate housing settings. While the tool cannot identify individuals with the disease it will detect the virus in wastewater before the onset of symptoms and from asymptomatic carriers. Testing wastewater can find outbreaks before clinical testing. The approach focuses on vulnerable populations in subsidized housing and correctional facilities and seeks to save lives by coordinating health responses by local and state health departments.

**Basis for Selection:** MDE advertised the emergency solicitation on eMMA on November 6, 2020 with proposals due on November 12, 2020. Eight companies submitted responses. One company was deemed not susceptible of award for submitting company literature in lieu of a proposal. The remaining seven Offerors were evaluated in their respective Category for technical merit. At the conclusion of the technical review, financial proposals were opened and evaluated.
A2. DEPARTMENT OF THE ENVIRONMENT (cont'd)

Contract I: Inspection Experts provided a proposal that met the technical criteria of the RFP, demonstrated capability and provided the most advantageous offer to the State. Technical merit was given greater weight in the selection based on the importance of the contract to the State. A lower priced financial offer included conditions that were not advantageous to the State and ultimately would cost more than the price proposed or would require modification to the contract post-award.

Contract II: CosmosID provided a proposal that met or exceeded the criteria with a depth of knowledge that is very beneficial to the State. In addition, CosmosID provided a very competitive financial proposal that made them the most advantageous to the State.

Tax Compliance No.: Inspection Experts, Inc. 20-3708-0111
CosmosID 20-3707-1111

A3. **DEPARTMENT OF HEALTH**  
**Office of Procurement and Support Services**

**Contract Title:** Director of Clinical Services Potomac Center Secure Evaluation & Therapeutic Treatment Program (SETT)  
ADPICS NO.: M00B1600160/OPASS# 21-18888

**Contract Type:** Services

**Description:** The vendor will fill the open position of Director of Clinical Services responsibilities at the Potomac Center Secure Evaluation & Therapeutic Treatment Center.

**Procurement Method:** Emergency

**Date Emergency Declared:** September 21, 2020

**Bids:** N/A

**Award:** The Columbus Organization; *Wayne, PA*

**Amount:** $247,520

**Contract Award Date:** October 11, 2020

**Term:** 10/11/2020 – 10/10/2021

**MBE Participation:** N/A

**Fund Source:** 100% General

**Remarks: Nature of Emergency:** The Potomac Center began recruiting for the Director of Clinical Services position with the resignation of Dr. Barbara Allgood-Hill in November 2019 who held the Program Manager IV PIN. This position is responsible for direct clinical supervision over the social work and psychology departments.
A3. **DEPARTMENT OF HEALTH** (cont’d)

*Office of Procurement and Support Services*

**Remarks (cont’d):**
Licensing requirements for the facilities by OHCQ dictate the requirements needed for supervision and supervisor-to-staff ratios over these departments.

At the time the Human Resources (HR) department actively began recruiting for this position by having it posted and open through the state job board. Also at that time, at the direction of the regional manager, MDH reached out to other recruiting firms to research the job pool, recruits, and possible candidates to fill this needed position. The HR department continuously kept the position posted and actively recruiting from 11/22/2019 through 4/30/2020 with no qualified candidates applying. The qualifications for the position to handle supervision for social workers and psychology associates for developmentally disabled residents is so specialized that this position was elevated to a MDH Office of Human Resources (OHR) Analyst. Sandi English with OHR was assigned to help recruit for this position as she focuses on hard-to-fill positions. It was posted throughout multiple hiring avenues such as Indeed. It was posted as of 5/6/2020 and is currently still open searching for qualified candidates. However, the search was further impeded by the relocation of the SETT program in January 2020 and then with the changing COVID operations environment. No qualified candidates were located throughout this entire process.

**Basis for Selection:** MDH was contacted by The Columbus Organization who forwarded a possible qualified candidate. After researching and interviewing this candidate, MDH feels this candidate can successfully supervise both departments. This is a one year commitment with The Columbus Organization to assist in establishing protocol and policies for the new SETT location. This position will also provide leadership during changing COVID operations for the psychology and social departments with our developmentally disabled residents. With no other successful recruiting practices, The Columbus Organization has been the only source to propose an individual for these services.

**Tax Compliance No.:** 75-2690132

A4. MARYLAND INSTITUTE FOR EMERGENCY MEDICAL SERVICES

MIEMSS

Contract Title: Emergency Medical Ambulance Contract – Butler Medical Transport, LLC.
PO # D53B1600003

Contract Type: Service

Description: Contract to provide critical care emergency medical transport services to Maryland hospitals as needed and directed by the Critical Care Coordination Center (C4) on an emergency basis.

Procurement Method: Emergency

Date Emergency Declared: November 23, 2020

Bids:

- Vesper Medical Transport; New Carrollton, MD $ 95.72/hour*
  *(not SCT capable)
- Butler Medical Transport, LLC.; Windsor Mill, MD $145.00/hour
- Procare Ambulance of MD; Rosedale, MD $165.00/hour

Award: Butler Medical Transport, LLC.; Windsor Mill, MD

Amount: $2,102,400 Not-to-exceed amount for base term + all options

Award Date: December 8, 2020

Term: 12/08/2020 – 01/07/2021 (30 days) w/ five (5) 30-day options

MBE Participation: 0%

Fund Source: 100% Federal (CARES ACT)
Appropriation Code: D53.T0001.- 08
Remarks: Nature of Emergency – COVID-19: On November 17, 2020, as a result of the current COVID-19 pandemic, the Secretary of Health issued Amended Directive and Order Regarding Various Healthcare Matters MDH 2020-11-17-01 under the Governor’s Declaration of Catastrophic Health Emergency which authorizes MIEMSS in Section 10B to develop an intensive care bed surveillance system that:

- Maintains an ongoing assessment of available intensive care beds in the State;
- Requires hospitals to accurately report availability of intensive care resources;
- Serves as a clearinghouse of resources to facilitate necessary patient transfers;
- Requires hospitals to receive intensive care-level patients identified by MIEMSS
- with appropriate consultations.”

On November 30, 2020, under the authority MDH 2020-11-17-01, MIEMSS operationalized a novel critical care coordination center (C4) to assist physicians in identifying available hospital critical care resources when inter-facility patient transfers are necessary. C4, located within the Emergency Medical Resource Center at MIEMSS, functions 24/7 and is staffed with a critical care coordinator and a virtual central intensivist physician (CIP). Any Maryland hospital seeking to identify critical care resources and arrange a transfer can reach out to C4 at MIEMSS’ communication center (SYSCOM/EMRC). C4 coordinators will have a near real time view of statewide hospital critical care bed capacity, and CIPs will work with referring physicians to identify patients’ anticipated critical care needs. The coordinator and the CIP will then, jointly with the sending facility, work to match the patients with available critical care resources that can manage the patient’s condition. Due to the C4 initiative, MIEMSS found it necessary to provide the specialty care transport services outlined below. The imminent need to address this public safety issue left MIEMSS no choice than to declare an emergency procurement. MIEMSS issued an emergency contract to Butler Medical Transport, LLC, within eight (8) days of operationalizing C4 to provide these services on a 24/7 basis. Butler Medical Transport was transporting patients within 48 hours of the contract being finalized.

This contract provides emergency medical ambulance critical care transport and ambulance strike team services on an emergency basis. These services include but are not limited to:

- Provide up to five staffed ambulances available 24-hours per day as provided below.
  - These ambulances will be directed by MIEMSS and will be utilized primarily to support inter-facility and skilled nursing home patient movement when normal transport resources are not available. The contract will begin with one staffed Specialty Care Transport (SCT) capable Advance Life Support (ALS) ambulance and expand to up to five as conditions warrant.
- Initially provide one staffed SCT capable ALS ambulance 24/7.
- Expand to up to a total of five SCT capable ALS ambulances 24/7 within 48 hours of notification by MIEMSS.
A4. **MARYLAND INSTITUTE FOR EMERGENCY MEDICAL SERVICES (cont’d)**

**MIEMSS**

- Provide staffing for each ambulance [Basic Life Support (BLS) driver/ALS clinician] to support 24-hour operations.
- Provide on-call Maryland licensed Register Nurse (RN) coverage to support SCT transports when necessary, with each RN on-site within one hour of request.
- Pick up patients from facilities located anywhere in Maryland, and transport patients to a facility as directed by MIEMSS.

MIEMSS can direct Butler Medical Transport to deploy ambulances under this Contract in multiple ways, including:

- Moving patients between acute care hospitals, including transports to facilities that have increasingly limited Intensive Care Unit (ICU) beds;
- Transporting patients from skilled nursing and other facilities when spikes in the number of COVID patients occur;
- Moving patients to and from alternate care facilities; and
- Assisting with movement of critical scare resources.

Ambulance crews will be available to augment staffing in alternate care sites and other facilities when not committed to transporting patients as directed by MIEMSS. MIEMSS shall provide all ambulance crews with personal protective equipment to ensure that they are prepared to transport highly infectious patients. Butler Medical Transport shall house staffed ambulances in central Maryland, unless MIEMSS directs that some ambulances be pre-positioned in other areas of the State. MIEMSS shall direct the dispatch individual of ambulances as needed based on the then current need, and MIEMSS shall monitor the status of the EMS system on a 24/7 basis and to ensure that the units are deployed as needed.

*Basis for Selection:* Lowest responsive bid from a responsible bidder. The lowest initial bidder, Vesper Medical Transport, was not SCT capable.

**Description:** This mostly forested property features approximately 700 linear feet of the Youghiogheny River in a section that is managed as a recreational put-and-take trout fishing area. The Maryland Park Service will manage the property as part of the Youghiogheny Wild River Natural Environment Area. The Youghiogheny River supports a diverse population of native fish that thrive in the cooler waters provided by maintaining the surrounding riparian buffers. Acquisition will expand public recreational opportunities, improve public access to the river, and provide long-term water quality and river habitat protection.

**POS Scoring System:** 95 out of 100  
**Targeted Ecological Area:** Yes

Modification: Architecture/Engineering Contract

**Contract ID:** Design and Consultation Services for Electronic Toll Collection Systems; AE-2412-000-002/6/7

**Contract Approval:** DOT Agenda Item 2-AE, 02/24/2010

**Contractor:** Rummel, Klepper & Kahl, LLP/AECOM USA, Inc., A Joint Venture Baltimore, MD

**Contract Description:** This contract provides design and consultant services related to Electronic Toll Collection (ETC) and related systems for the Maryland Department of Transportation Maryland Transportation Authority (MDOT MDTA).

**Modification Description:** The MDOT MDTA is requesting approval of an additional six (6) months and $900,000 in additional funding. This will allow the MDOT MDTA to continue activities on active task orders and ensure continuity of services.

**Original Contract Term:** 03/02/2010 – 03/01/2016

**Modification Term:** 03/02/2021 – 09/01/2021 (Modification #2)

**Original Contract Amount:** $5,000,000

**Modification Amount:** $900,000

**Prior Mods/Options:** $5,000,000 (Modification No. 1; BPW 11/06/2013, Item 1-AE-MOD)

**Revised Total Contract Amount:** $10,900,000

**Percent +/- Changes:** 18%

**Overall Percent +/-:** 118%

**Original Procurement Method:** Competitive Sealed Proposal
(Maryland Architectural and Engineering Services Act)

**MBE Participation:** 28%

**MBE Compliance:** 35.70%
Requesting Agency Remarks: This consulting contract provides services related to managing the ETC3G contracts. The transition date has been delayed and services will need to be continued throughout 2021 until new consulting contracts are procured. The procurement process for the new services has been started but is not expected to be completed until Fall of 2021.

Currently, one of the major tasks under this contract is the management of the transition to the new ETC3G systems. Because of the timing of this task, the MDTA has determined that it is in the State’s best interest and that it would not be feasible to procure new contracts to complete the transition work for the ETC 3G. Due to the complexity of the project, the transition requires staff continuity through the entire testing and implementation process. The project teams are well established with substantial investments in staff relocation, project orientation, training, and document control procedures. The project would incur significant costs, schedule days and additional risk if we were to transition to new teams, therefore, to ensure continuity of services and the critical path for the entire task, this modification is necessary. All other conditions and requirements pertaining to the contract shall remain the same.

Once the transition is complete and the punch list and major system work is complete and in the operations phases, the MDTA will be at a point where transition to new consultant teams from the new procurement can be done without the costs and risks faced during the transition period.

3-GM-MOD.  MARYLAND TRANSPORTATION AUTHORITY
Modification: General Miscellaneous Contract

Contract ID:  Electronic Toll Collection System Replacement and Operation; MA 549-000-006
ADPICS:  N/A

Contract Approved:  DOT Agenda 10/19/05, Item 15-GM

Contractor:  Conduent (Formerly ACS State and Local Solutions, Inc., and Xerox State and Local Solutions, Inc.)
Germantown, MD

Contract Description:  This project shall provide a Replacement Toll Collection, Transaction Processing, Reconciliation, and Reporting system, plus operation of the MdTA Customer Service Center (CSC). The project shall consist of, but is not necessarily limited to, the following work: design, development, testing, installation, maintenance and operation, of a complete and fully functional Toll Collection System that shall include lane-based fare collection equipment that will process cash, ticket, and electronic transactions; design, development, testing, and installation, operation and maintenance of a complete and fully functional violation image capture system; furnishing, installing, staffing, maintaining, and operating a customer service/violation processing center (CSC) with telephone, mail, and internet based customer service; and E-ZPass marketing services.

Modification Description:  Extension of Services for one (1) year.

Modification Term(s):  11/07/2013 – 03/06/2014 (Modification)
03/07/2014 - 03/06/2016 (Renewal Option No. 1)
03/07/2016 - 03/06/2018 (Renewal Option No. 2)
03/07/2018 - 03/06/2020 (Modification Base Term)
03/07/2020 - 09/06/2020 (Renewal Option No. 1)
09/07/2020 - 03/06/2021 (Renewal Option No. 2)
03/07/2021 – 03/06/2022 (This modification)

Original Contract Amount:  $114,361,566

Modification Amount:  $ 38,000,000 NTE
3-GM-MOD. MARYLAND TRANSPORTATION AUTHORITY (cont’d)

Prior Mods/Options: $244,429,965 (See Attachment I)

Revised Total Contract Amount: $396,791,531

Percent +/- Change: +33.23%

Overall Percent +/-: +246.96%

Original Procurement Method: Competitive Sealed Proposals

MBE Participation: 25.61%

MBE Compliance: 22.02%

Requesting Agency Remarks: Contract MA 549-000-006 was competitively solicited and awarded to ACS State and Local Solutions, Inc., October 19, 2005 (BPW Item 15-GM), for the Replacement Toll Collection, Transaction Processing, Reconciliation, and Reporting system, plus operation of the MDTA Customer Service Center, related to the Electronic Toll Collection Systems Replacement and Operation. To date, 30 modifications have been approved on this project totaling $358,791,528. The contract expiration date for this Item is March 6, 2021.

The MDTA wishes to execute Modification #31 for this contract to extend the current contract expiration date by twelve (12) months and to add additional funding to cover costs until Electronic Toll Collection Third Generation transition occurs.

A 25.61% Minority Business Enterprise (MBE) overall goal was established for this contract and the contractor is currently achieving 22.024% in MBE participation based on the expenditures to date.

| Three other proposals are under consideration, but details are confidential under COMAR 21.05.03.03G (see Remarks) | Not applicable (see Remarks) | Not applicable (see Remarks) | Not applicable (see Remarks) |

**Technical factors and price have equal weight in the evaluation of each proposal.

MBE Participation:  0%

Requesting Agency Remarks:  This Request for Proposals (RFP), which is intended to award multiple contracts, was advertised by the Maryland Department of Transportation Maryland Port Administration (MDOT MPA) on eMaryland Marketplace Advantage, which notified approximately 2,367 vendors.  MDOT MPA also shared the solicitation with the Maryland Minority Contractors Association and the Md. Washington Minority Companies Association and directly solicited 240 companies.
4-S. **MARYLAND PORT ADMINISTRATION (cont’d)**

*Requesting Agency Remarks: (cont’d)*

In an effort to significantly expand the State of Maryland’s dredged material reuse efforts and long-term containment facility capacity, MDOT MPA solicited sealed proposals for applied research and development projects to explore feasible means for reuse of material dredged from Baltimore Harbor channels and placed in the Cox Creek DMCF. The RFP defines “reuse” as the recycling of dredged material for use in another product or application, including residential, recreational, commercial and industrial uses. Contracts issued under this procurement will support MDOT MPA’s research and development of dredged material applications to further the State’s efforts to recover capacity and/or extend the lifespan of the Cox Creek DMCF. Successful results of this research and development effort could lead to MPA developing a separate longer-term contract or contracts for reuse of significant volumes of dredged material. These efforts will give MDOT MPA an opportunity to understand better the potential for large-scale, long-term cost-effective capacity recovery in the DMCF. As a result of contracts resulting from this RFP, MDOT MPA will be evaluating lessons learned, adaptive management approaches, and scalability with an eye on future opportunities to recover capacity in DMCFs.

The RFP provides that there is no fixed deadline for submission of proposals until MDOT MPA establishes a deadline by published amendment to the solicitation. Instead, proposals may be submitted at any time and may be considered for award at any time, even while other proposals may be under consideration. Proposals are not in direct competition with each other. No award may exceed $300,000 in price. MDOT MPA currently has a budget of $2 million for all contracts awarded under the RFP, which will allow for a minimum of six contracts to be awarded under this solicitation.

Susquehanna Concrete Products, Inc. doing Business as Suscon Products, submitted a proposal to demonstrate the feasibility of using dredged material from Cox Creek DMCF in various concrete mix designs. The contractor will procure a small quantity of dewatered dredged material generated from Cox Creek DMCF, combine it with other materials into various concrete mix designs, under controlled and documented circumstances to demonstrate engineering and environmental suitability, and will provide the results to MDOT MPA. If the project is successful, the result could be a separate long-term contract with MPA under which dewatered dredged material from Cox Creek DMCF could be used to manufacture general use concrete products such as retainer walls and low compression strength blocks, etc., thereby recovering valuable capacity cost-effectively in the Cox Creek DMCF.

MDOT MPA has received ten proposals to date. The Board previously approved awards to the following awards to other contractors under this RFP:

4-S.  **MARYLAND PORT ADMINISTRATION** *(cont’d)*

*Requesting Agency Remarks: (cont’d)*

Three (3) other proposals are still being considered and additional proposals may be received before MDOT MPA closes the procurement. Two (2) proposals were found to be not reasonably susceptible of being selected for award, one because the proposal offered consulting services in the management of the DMCF rather than a reuse of dredged material and the other due to inability to agree on contract terms.

This award was approved by the Maryland Port Commission on January 5, 2021.

Proposals are not in direct competition with each other. No award may exceed $300,000 in price. MDOT MPA currently has a budget of $2 million for all contracts awarded under the RFP, which will allow for a minimum of six contracts to be awarded under this solicitation.

Harford Industrial Minerals, Inc. submitted a proposal to demonstrate the feasibility of using dredged material from Cox Creek to produce lightweight aggregate (LWA) for uses such as structural concrete and various fill applications. The contractor will procure a small quantity of dewatered dredged material generated from Cox Creek DMCF, combine it with other materials into various concrete mix designs, under controlled and documented circumstances to demonstrate engineering and environmental suitability, and will provide the results to MDOT MPA. The LWA produced using dredged material will be compared to existing commercially available LWA options with the goal of producing a comparable or superior and locally produced LWA product derived from dredged material.

If the project is successful, the result could be a separate long-term contract with MPA under which dewatered dredged material from Cox Creek DMCF could be used to manufacture LWA, thereby providing a locally sourced and produced sustainable alternative to virgin aggregate material generated from quarries and recovering valuable capacity cost-effectively in the Cox Creek DMCF.
5-S.  **MARYLAND PORT ADMINISTRATION** *(cont’d)*

*Requesting Agency Remarks: (cont’d)*

MDOT MPA has received ten proposals to date. The Board previously approved awards to the following awards to other contractors under this RFP:

<table>
<thead>
<tr>
<th>Contractor</th>
<th>Amount</th>
<th>Approval Date</th>
<th>Item Number</th>
</tr>
</thead>
<tbody>
<tr>
<td>Belden-Eco Products, Inc.</td>
<td>$298,061</td>
<td>09/23/2020</td>
<td>11-S</td>
</tr>
<tr>
<td>Northgate Environmental</td>
<td>$299,305</td>
<td>11/18/2020</td>
<td>2-S</td>
</tr>
<tr>
<td>Fastrak Express, Inc.</td>
<td>$203,119</td>
<td>12/16/2020</td>
<td>6-S</td>
</tr>
</tbody>
</table>

Three (3) other proposals are still being considered and additional proposals may be received before MDOT MPA closes the procurement. Two (2) proposals were found to be not reasonably susceptible of being selected for award, one because the proposal offered consulting services in the management of the DMCF rather than a reuse of dredged material and the other due to inability to agree on contract terms.

This award was approved by the Maryland Port Commission on January 5, 2021.

6-M. **MARYLAND PORT ADMINISTRATION**  
*Maintenance Contract*

**Contract ID:** Railroad Maintenance Services; 220021-S  
ADPICS No: P220021

**Contract Description:** This contract provides for inspection, maintenance, and emergency repair of railroad infrastructure at Maryland Department of Transportation Maryland Port Administration (MDOT MPA) marine terminals.

**Award:** Amtrak Railroad Contractors of Maryland, Inc.  
Hagerstown, MD  
*(Certified MBE and Small Business)*

**Contract Term:** 03/01/2021* – 02/28/2026 (*or earlier upon BPW approval)*

**Amount:** $2,291,850

**Procurement Method:** Negotiated Award After Unsatisfactory Competitive Sealed Bidding *(Small Business Reserve)*

**Bids:**
- Amtrak Railroad Contractors of Maryland, Inc  
  Hagerstown, MD  
  $2,291,850  
- Rhinehart Railroad Construction, Inc.  
  Fallston, MD  
  $2,371,200  
- Bullock Construction, Inc.  
  Easton, MD  
  $5,333,875

**Living Wage Eligible:** Yes

**MBE Participation:** 100%

**Requesting Agency Remarks:** This solicitation was advertised on eMaryland Marketplace Advantage, which notified approximately 64 vendors. The solicitation was also shared with the Maryland Minority Contractors Association, the Md. Washington Minority Companies Association.

The contractor will provide three (3) qualified personnel to perform routine inspection, preventive maintenance and emergency railroad repairs at Dundalk, South Locust Point, and Fairfield
6-M. **MARYLAND PORT ADMINISTRATION** (cont’d)

*Requesting Agency Remarks: (cont’d)*

Marine Terminals and Point Breeze. At North Locust Point Marine Terminal and the Intermodal Container Transfer Facility, the contractor will provide inspections only. The contract contains a provision authorizing an extension of the term of the contract, but no increase in the value amount, for a period not exceeding one-third of the original five (5) year term to spend contract funds unspent at the end of the original five (5) year term.

The second-lowest bidder filed three (3) protests, all of which have been resolved in favor of MDOT MPA. All three (3) protests were based on essentially the same grounds, that: (1) the bidder was the lowest bidder (among the same three (3) bidders) before the solicitation was moved from competitive sealed bidding into negotiated award after unsatisfactory competitive sealed bidding (to cure a defect in the original solicitation); and (2) it was improper for MDOT MPA to reject the first bids and move the procurement into negotiated award after unsatisfactory competitive sealed bidding. The first protest was filed on August 7, 2020. The protest was denied by MDOT MPA on August 27, 2020, on the ground that it was filed late and on its merits. The protestor appealed to the Maryland State Board of Contract Appeals, and the Appeals Board dismissed the appeal on October 20, 2020. The second protest was filed on September 4, 2020, it was denied by MDOT MPA on September 28, 2020, and the protestor did not appeal. The third protest was filed on October 1, 2020, it was denied by MDOT MPA on October 22, 2020, and the protestor did not appeal.

This award was approved by the Maryland Port Commission on January 5, 2021.

*Riverside Heavy Maintenance Building Bid Package*

**Contract ID:** Construction Management Consulting Services - Riverside Heavy Maintenance Building  
Contract No. MRC-20-002-CN

**Recommendation:** That the Board of Public Works approve the award of the Bid Package to the construction manager at risk for the Riverside Heavy Maintenance Building (RHMB) project.

**Contractor:** Clark Construction Group, LLC  
Bethesda, MD

**Prior Approval:** DOT Agenda 02/19/2020; Item 4-C

**Project:** This project is for the construction of a maintenance building at MARC’s Riverside railyard/maintenance facility located in Baltimore, MD, for the Maryland Department of Transportation Maryland Transit Administration (MDOT MTA) to perform heavy maintenance on MARC’s locomotives and coaches.

**Bid Package Description:** This construction bid package is comprised of 46 trade packages.

**Bid Package Amount:** $48,275,255

**Pre-Construction Amount:** $446,441

**Revised Amount:** $48,721,696

**Term:** 730 Calendar Days from NTP

**DBE Participation:** 20.2%

**Performance Security:** Performance & Payment Bonds at 100% of the Contract Amount

**Requesting Agency Remarks:** Contract No. MRC-20-002-CN was awarded to Clark Construction Group, LLC, for the amount of $446,441, to perform preconstruction services for the design of the RHMB, with the intention of the later amending the contract to cover the construction and construction management portion of the project once a guaranteed maximum price was determined and agreed upon.
7-C. MARYLAND TRANSIT ADMINISTRATION (cont’d)

Requesting Agency Remarks: (cont’d)

MDOT MTA posted a notice announcement on eMaryland Marketplace Advantage on August 24, 2020, directing potential vendors to visit Clark Construction Group, LLC’s website for instructions on submitting bids for the facility construction portion of the project. On August 26, 2020, Clark advertised all bid/trade packages needed for the project on its BuildingConnected website. The bid opening was conducted on November 17, 2020.

The proposed 30,000 +/- sq ft building will include:

- a 30-ton overhead crane with a 10-ton auxiliary hoist;
- a wheel true machine;
- a drop table system; and
- four new maintenance bays.

8-C. **MARYLAND TRANSIT ADMINISTRATION** (cont’d)

**Requesting Agency Remarks:** This solicitation was published on eMaryland Marketplace Advantage on September 29, 2020, notifying 589 vendors. Copies of the solicitation notice were sent directly to 43 prospective vendors. The bid opening was conducted on November 17, 2020.

The curves on the south end of the Central Light RailLink line between the M&T Bank Stadium/Federal Hill station (formerly the Hamburg Street station) & the Glen Burnie station (formerly the Cromwell station) and at the BWI Airport station, will have the following replaced:

- running rails;
- 33CI restraining rails; and
- restraining rail concrete crossties and fasteners.

This contract will also provide for the replacement of open deck bridge timber ties, running rails, safety walks, & handrails and the addition of guard rails at the Central Light RailLink Patapsco River Bridge.

MDOT MTA has confirmed Railworks Track Services, Inc.’s bid price for the full scope of work required under this contract.

The MBE goal established for this contract is 20% and Railworks Track Services, Inc. has committed to this goal.

**Equipment Contract**

**Contract ID:** MARC Drop Table System; MRC-20-007-EQ

**Contract ID:** MRC20007EQ

**Contract Description:** This contract provides the Maryland Department of Transportation Maryland Transit Administration (MDOT MTA) with a drop table system, manufactured for the new MARC Riverside Heavy Maintenance Building (RHMB).

**Award:**

BBM Railway Equipment, LLC
Youngstown, OH

**Contract Term:** 02/11/2021* – 02/10/2023 (*or earlier upon BPW approval)

**Amount:** $1,143,730

**Procurement Method:** Competitive Sealed Bidding (Single Qualified Bid received)

**MBE Participation:** 0%

**Incumbent:** None

**Requesting Agency Remarks:** This solicitation was published on eMaryland Marketplace Advantage on July 16, 2020, notifying 140 vendors, and was directly solicited to three (3) vendors. Two (2) vendors attended the pre-bid conference and expressed an interest in bidding. The bid opening date was extended to provide vendors with more time to submit bids and ask questions. The bid opening was conducted on August 18, 2020 and two (2) bids were received.

In accordance with COMAR 21.06.02.03.B.(2), one bid was deemed not responsive and rejected due to the bidder not providing the required documentation and taking exceptions to the Invitation for Bids and the contract. No protests were filed.

This contract provides for a contractor to design and manufacture a drop table system per MDOT MTA’s specifications. The drop table system will be used to release, drop, and transfer a truck (or wheelset) from a MARC locomotive and other fleet vehicles to and from the service track to an adjacent set of rails on the release track in the new MARC RHMB. The equipment shall also handle HHP-8 Electric locomotive transformer removals and replacements with the use of a transformer cart, to and from the release track. The system shall also be configured to remove locomotive fuel tanks from below the vehicles, and transfer and raise them for extraction via the release track.
9-E. MARYLAND TRANSIT ADMINISTRATION (cont’d)

Requesting Agency Remarks: (cont’d)

The contractor will also deliver the equipment, test the equipment, and provide training for MDOT MTA’s employees.

MDOT MTA has determined that the price offered is fair and reasonable for the services to be provided, based on the pre-bid estimate.

10-E.  MARYLAND TRANSIT ADMINISTRATION

Equipment Contract

Contract ID:  MARC Heavy Duty Wheel Truing Machine; MRC-20-008-EQ
ADPICS No.: MRC20008EQ

Contract Description:  This contract provides the Maryland Department of Transportation Maryland Transit Administration (MDOT MTA) with an under-floor heavy duty wheel truing machine, manufactured for the new MARC Riverside Heavy Maintenance Building (RHMB).

Award:  Simmons Machine Tool Corporation
Albany, NY

Contract Term:  02/11/2021* – 02/10/2023 (*or earlier upon BPW approval)

Amount:  $2,021,335

Procurement Method:  Competitive Sealed Proposals (Single Qualified Proposal received)

MBE Participation:  0%

Incumbent:  None

Requesting Agency Remarks:  A notice of the availability of the Request for Proposals (RFP) was advertised on eMaryland Marketplace Advantage on June 18, 2020, notifying 130 vendors. Copies of the solicitation notice were sent directly to two (2) prospective vendors. Three (3) vendors attended the pre-proposal conference and expressed an interest in submitting proposals. Two (2) proposals were received in response to the RFP on July 21, 2020.

After a qualitative evaluation of the technical proposals was completed, one (1) proposal was determined to be Not Susceptible for Award. The proposal did not meet MDOT MTA’s requirements established in the RFP’s specifications and the offeror did not demonstrate that it had the experience to manufacture the desired equipment. In accordance with COMAR 21.05.03.03.B.(2), the offeror was notified, and its financial proposal was returned unopened. No protests were filed.

The qualitative evaluation of Simmons Machine Tool Corporation’s (Simmons) technical proposal, based on standard criteria set forth in the RFP, found no substantial weaknesses; therefore, it was deemed acceptable and reasonably susceptible of being selected for award. Simmons’ proposal demonstrated the offeror’s ability to manufacture, deliver, and provide support services per the specifications outlined in the RFP. An award is recommended to Simmons as having the more advantageous offer for the State.
10-E. MARYLAND TRANSIT ADMINISTRATION (cont’d)

Requesting Agency Remarks: (cont’d)

This contract provides for a contractor to design and manufacture an under-floor heavy duty wheel truing machine, per MDOT MTA’s specifications. The equipment will be used at the new MARC RHMB to simultaneously re-profile both wheels of a railway wheelset to equal diameters while under a rolling stock vehicle, while the wheelsets are mounted in truck, or while the wheelset is demounted as a single set.

The contractor will also deliver the equipment, test the equipment, and provide training for MDOT MTA’s employees.

MDOT MTA has determined that the price offered is fair and reasonable for the services to be provided, based on the pre-proposal estimate.

Requesting Agency Remarks: MDOT MTA’s paratransit service operates seven (7) days per week, 24 hours per day, and generally serves the same geographic area served by the MDOT MTA fixed-route system as required by the ADA. The service includes all areas of Baltimore City, parts of Baltimore and Anne Arundel Counties located inside the Baltimore Beltway (I-695), and all other areas of Baltimore and Anne Arundel Counties located within a three-quarter mile radius of the MDOT MTA’s fixed-route services. Certified paratransit users may request service by 5:00 P.M. on the day prior to the need for service and may schedule services up to seven days in advance. On an average weekday, the MDOT MTA schedules approximately 4,200 trips and the on-time performance level of the contractors is monitored by the MDOT MTA. Additional contract authority is required for Contracts A & B, which provide the paratransit service delivery services, in order to cover fuel costs and enhanced cleaning in response to the COVID-19 pandemic.

Hiring Agreement Eligible: Yes

Incumbent: Zerodraft Maryland LLC
Lutherville, MD

Requesting Agency Remarks: This solicitation was published on eMaryland Marketplace Advantage on August 21, 2020, notifying 449 vendors. The bid opening was conducted on September 30, 2020 and eight (8) bids were received.

In accordance with COMAR 21.06.02.03, one (1) bid was deemed not responsible and rejected due to the pricing being deemed unreasonable. A second bid was deemed not responsive and rejected due to the vendor submitting the wrong bid form. No protests were filed.

This contract provides MDOT MTA’s bus fleet with a contractor to schedule and perform a bus eco-friendly treatment preparation and application program. The treatment preparation involves the vendor disinfecting, sanitizing, and deodorizing the interior surfaces of each designated bus in preparation for the application of the treatment. After the bus preparation is complete and approved by MDOT MTA, the vendor shall then apply the eco-friendly treatment to the interior of each designated bus.

Although no MBE goal was established for this contract, the vendor is an MDOT-certified MBE firm.

A.S.B. 2 Enterprises, Inc. is a State-certified Small Business.

Maryland Works, Inc. granted a waiver to MDOT MTA for these services.

MARC Maintenance Facility, Martin State Airport (3,148 sq ft +/-), located at Eastern Ave and White Marsh Blvd in Middle River, Baltimore County.

**Grantor:** National Railroad Passenger Corporation (Amtrak)

**Grantee:** State of Maryland, MDOT MTA

**Consideration:** $11,250

**Appraised Value:**  
$10,250 – Joseph DiPietro (Selected)  
$9,450 – Melville Peters (Approved)  
Ronald A. Hidey, Review Appraiser

**Legislative Notice:** N/A

**State Clearinghouse:** N/A

**Requesting Agency Remarks:** MDOT MTA proposes to acquire the easement to install new rail tracks at the MARC Maintenance Facility located at Martin State Airport in Baltimore County. The location of the track construction is adjacent to Amtrak rail lines and requires an easement containing 2,019 square feet for the overhead catenary system and an easement containing 1,129 square feet for track resurfacing. MDOT MTA and Amtrak have entered into a mutually beneficial Standard Option Contract in consideration of $10,250 and a Partial Assignment, Assumption and Amendment of Easement Agreement and Consent of Grantor Agreement in consideration of $1,000, both subject to BPW approval.

17-RP. MARYLAND TRANSIT ADMINISTRATION
Real Property – Right-of-Way Transaction

**Recommendation:** That the Maryland Board of Public Works approve the Maryland Department of Transportation Maryland Transit Administration (MDOT MTA) right-of-way transaction.

**Authority:** Transportation Article 7-204 (d)(1)
Annotated Code of Maryland

**Property:** Baltimore Subway Metro Section C, sub-surface easements extending between the Charles Center Station and Johns Hopkins Hospital Station located in Baltimore City.

**Grantor:** Mayor and City Council of Baltimore

**Grantee:** State of Maryland, MDOT MTA

**Consideration:** $1.00

**Appraised Value:** N/A

**Special Conditions:** N/A

**Requesting Agency Remarks:** On June 14, 1989, MDOT MTA and the Mayor and City Council of Baltimore entered a General Agreement for the construction of the MDOT MTA Metro Section C of the Baltimore Subway which was approved by BPW on June 28, 1989, under MDOT 37-GM. MDOT MTA discovered that the Deed was never recorded and subsequently the original Deed was lost. The deed terms included the conveyance of sub-surface easements and transferred two parcels in fee simple. MDOT MTA proposes to execute a Quitclaim Deed of Easement and First Amendment to General Agreement which conveys the sub-surface easements and conveys the two parcels as subsurface easements instead of fee simple. The Quitclaim Deed of Easement and First Amendment to General Agreement has been executed by Mayor and City Council of Baltimore in 2018 and will be recorded among the land records of Baltimore City.

**Recommendation:** That the Board of Public Works approve the Maryland Department of Transportation State Highway Administration (MDOT SHA) disposing real property as it is excess to the agency’s needs.

**Authority:** Transportation Article, § 8-309(g)(1)(2)(i)
Annotated Code of Maryland

**Property:**
MC# 18-2597
Former Otis Beall Kent (1.211 acres ±), located on the south side of MD Route 28 (Darnestown Road), west of Dufief Drive, in North Potomac, Montgomery County.

**Grantor:** State of Maryland, MDOT SHA

**Grantee:** Maryland-National Capital Park and Planning Commission

**Consideration:** $14,000

**Appraised Value:** $14,000 – Gregory Jones (Selected)
Wesley A. Barkley, Review Appraiser

**Special Conditions:** N/A

**Legislative Notice:** N/A

**State Clearinghouse:** N/A

**Requesting Agency Remarks:** In 1963, MDOT SHA acquired the subject property as part of a highway improvement project for MD Route 28 in Montgomery County. This disposition was approved by BPW on April 24, 2019, under MDOT 14-RP. Afterwards, MDOT SHA discovered that a storm water management (SWM) pond was mistakenly included in the conveyance. MDOT SHA decided to exclude the SWM pond consisting of 0.2 acres ± and reappraise the subject property for negotiation. MDOT SHA proposes to convey the property to the adjoining owner through a negotiated sale of $14,000 which is 100% of the appraised value.

**MBE/VSBE Participation:** 10% / N/A

**Funding Source:** MCCBL 2019 *Provide funds for the repair and rehabilitation of state owned capital facilities, provided that $165,000 of this $34,399,000 authorization made for the purpose of facilities renewal may be expended only for facility renewal projects at the Anne Arundel County Food and Resource Bank including repairs to the warehouse roof. Item 103*
11-S. SERVICES CONTRACT

Department of Human Services, Family Investment Administration, Baltimore City Department of Social Services

**Contract ID:** Work Participation Placement and Support Services; BCDSS/FIA-21-061

ADPICS No.: N00B1600259

**Contract Description:** RETROACTIVE approval to provide employment and training services designed to enable Temporary Cash Assistance (TCA) customers to achieve the Federal Work Participation requirements. Receive case management, barrier remediation, job readiness services, employment placement into full-time unsubsidized employment, and remain employed for at least 16 consecutive weeks.

**Award:** KRA Corporation; Columbia, MD  (Certified Minority Business)

**Contract Term:** 07/01/2020 - 12/31/2021 (w/one 6-month renewal option)

**Amount:**
- $1,045,882 (Retroactive)
- $1,675,393 (Proactive)
- $2,721,275 Total (Base)
- $1,457,400 (Renewal Option #1, 6-months)
- $4,178,675 Total (Base and Renewal Option)

**Procurement Method:** Sole Source

**Living Wage Eligible:** Yes

**MBE/VSBE Participation:** 29% / N/A  **MBE/VSBE Compliance:** 38% / N/A

**Performance Security:** N/A

**Hiring Agreement Eligible:** Yes

**Incumbent:** Same

**Requesting Agency Remarks:** The primary circumstances that contributed to this Sole Source request being retroactive emanates from two factors:

1. Baltimore City Department of Social Services (BCDSS) leadership change issues that led to an untimely implementation of a new procurement process for FY 2021, and
2. The reduction in work activities caused by the COVID-19 emergency which in turn led to significant delays in processing contracts.
11-S. SERVICES CONTRACT (cont’d)

Agency Remarks (cont’d):

BCDSS ensures that customers have the opportunity to meet the work requirement by providing assistance with child care, mental health supports, remedial education, skilled training, and job placement. The price for this Contract has been determined to be fair and reasonable. The price per customer for this Sole Source Contract is $4,925 per customer, which is comparable to the pricing from the previous competitive solicitation BCDSS/FIA-16-060-S. In the previous resulting Contract with KRA Corporation, the price per customer during the base period was $4,193, and the price per customer during the option period was $4,925.

The Department issued an RFP in 2015 for work participation services and initially awarded several contracts from the solicitation (DBM 11-S, 06/22/2016). The contractor with the highest overall ranking was given the first right of refusal of referrals for the requested services and the maximum number of cases (1,000). Contracts were originally scheduled to end on June 30, 2020. DHS had not completed the new procurement and attempted to amend the contracts prior to that date but submitted the item too late for BPW presentation. DHS is recommending retroactive approval of sole source contracts to the vendors who were currently providing the services (this agenda item and companion item 12-S). The services provided by these vendors are federally mandated services for the Department's Temporary Assistance to Needy Families (TANF) customers. The recommended awards will maintain services being provided by the awarded contractors while DHS conducts and awards a replacement contract.

DGS OSP Remarks: RETROACTIVE approval requested pursuant to §11-204(c) State Finance & Procurement Article. DGS OSP has determined that this contract should be treated as voidable rather than void because: (1) all parties have acted in good faith; (2) ratification for the procurement contract would not undermine the purposes of the Procurement Law; and (3) the violation, or series of violations, was insignificant or otherwise did not prevent substantial compliance with the Procurement Law.

THIS ITEM WAS:

APPROVED DISAPPROVED DEFERRED WITHOUT DISCUSSION
13-S. SERVICES CONTRACT
Department of Health

Contract ID: Supply Chain Management, Sourcing, and Support Services for Pandemic Response Care Sites; M00B1600279
ADPICS No.: M00B1600279

Contract Description: Medical supply chain and materials handling services at the State supported field hospital locations.

Award(s): Vizient, Inc.; Irving, TX

Contract Term: 02/11/2021* - 01/27/2022 (*Or earlier upon BPW approval)

Amount: $48,000,000 NTE*
(*Includes termination for convenience at any time and includes wind down language that would retain this vendor as a consultant as sites close, with the intent of advising MDH how to best return the field hospital sites to their original purpose.)

Procurement Method: Sole Source

Living Wage Eligible: Yes

MBE/VSBE Participation: N/A / N/A

Performance Security: N/A

Incumbent: Same

Requesting Agency Remarks: This sole source contract maintains a continuity of service, formerly approved as an emergency report (A5, 11/24/2020). This sole source replaces the existing emergency contract and provide very similar overall services at more advantageous (24% lower overall) pricing. This sole source will replace the existing emergency contract and provide very similar overall services at more advantageous (24% lower overall) pricing.

The Department of Health is currently supporting the Baltimore Convention Center Field Hospital, Takoma Park Adventist Hospital, Prince George's County Hospital, Laurel Regional Hospital, Hagerstown Correctional Facility, and Jessup Correctional Facility.
13-S. SERVICES CONTRACT (cont’d)

Agency Remarks (cont’d):

In addition to sourcing consumable medical supplies, including Personal Protective Equipment (PPE), durable medical equipment, and providing supply chain management, this contract also includes materials management and logistical support, laundry and bed linen services, oxygen services, and environmental services.

The continued success of Maryland’s pandemic response depends on the effective management of the field hospitals that increase the number of both critical care and subacute beds, which helps ensure that Maryland will never exceed available hospital bed capacity. Maintaining these field hospitals requires outside expertise that is in extremely high demand due to the ongoing pandemic. This Contractor has proven to be an essential service provider that supports the State’s overall response to the COVID-19 pandemic.

The current cost is based on a combination of fixed monthly fees for medical supply chain sourcing services and materials management services, plus variable purchased services for hospital linen, janitorial/environmental services, and oxygen services. The monthly cost under the current emergency contract is $4.37 million monthly. The proposed monthly fixed fees for the new sole source are $3.30 million monthly, plus a variable purchased service amount that is estimated to be $46,870.00 monthly. This cost savings is realized with no reduction in the number of sites serviced or numbers of patients that can be placed in the field hospitals.

Based on the significantly 24% lower overall price for near identical services to the current contract, it is determined that this recommended sole source award is fair and reasonable.

Two bids were rejected for failing to meet the requirements of the solicitation.
14-S. SERVICES CONTRACT (cont’d)

Agency Remarks: (cont’d)

MDOT MTA’s Office of Safety Management and Risk Control requires professional consulting services for environmental compliance support and environmental engineering services. These services are required to ensure that MDOT MTA is compliant with all regulatory bodies including the United States Environmental Protection Agency (EPA) and the Maryland Department of the Environment (MDE).

Services may include:

- regulatory expertise (EPA, MDE, and local environmental regulations);
- on-site staffing including engineers and support staff;
- environmental training;
- administrative support;
- hazardous materials identification surveys, sampling, & reporting; and
- operations and Maintenance Plan development and implementation.

15-S-OPT. SERVICES OPTION

*Department of Health, Medicaid Provider Services Administration (formerly Office of Health Services)*

**Contract ID:** Medicaid Provider Enrollment, Revalidation & Update Services; *OPASS 17-15814-1*

ADPICS No.: M00B1600248

**Contract Approved:** DBM 19-S, 02/08/2017

**Contractor:** Automated Health Systems; Pittsburgh, PA

**Contract Description:** Enrollment, re-validation, re-enrollment and update services for Maryland Medicaid health care providers. These services require that the contractor performs credentialing, call center support, outreach and education, electronic enrollment system development, maintenance, and document management.

**Option Description:** Exercise the first of two renewal options.

**Original Contract Term:** 03/01/2017 - 02/28/2021 (w/two 1-year renewal options)

**Option Term:** 03/01/2021 - 02/28/2022

**Original Contract Amount:** $37,596,680

**Option Amount:** $10,284,244

**Total Contract Amount:** $47,880,924

**Percent +/- (This Item):** 27%

**Total Percent Change:** 27%

**Original Procurement Method:** Competitive Sealed Proposals

**MBE/VSBE Participation:** 15% / 1%

**MBE/VSBE Compliance:** 14.7% / 0.1%
15-S-OPT. SERVICES OPTION (cont’d)

Requesting Agency Remarks: Based upon the limited subcontracting opportunities for these services, a 15% MBE participation goal was established for this contract. In addition, a 1% VSBE participation goal was also established for this contract. The COVID-19 pandemic affected the firm’s ability to utilize its selected VSBE subcontractor.

The services provided by Automated Health Systems during the past four years of the base contract have met expectations. Automated Health Systems (AHS) is fully trained and experienced in providing enrollment/re-validation services. AHS have supported over 75,000 Medicaid Providers and have helped Maryland maintain the compliance with Federal Provider Enrollment Requirements. Its Managers and staff have consistently demonstrated and provided a high level of accuracy, efficiency, effectiveness, customer service and professionalism.

16-S-OPT.  SERVICES OPTION
Department of Transportation, Transit Administration

Contract ID: Call-A-Ride Services; MOL-16-024-SR
ADPICS No.: COJ04003

Contract Approved: DBM 1-S, 02/21/2018

Contractor: MJ Management Services, LLC; Baltimore, MD

Contract Description: Management services to promote, manage, and monitor services provided under the Call-A-Ride program. The program provides same-day premium transportation services to eligible MDOT MTA Mobility customers, using local taxi and sedan companies within the designated service area.

Option Description: Exercise the first of two renewal options.

Original Contract Term: 03/01/2018 - 02/28/2021 (w/two 1-year renewal options)

Option Term: 03/01/2021 - 02/28/2022

Original Contract Amount: $48,658,200

Option Amount: $19,431,660

Prior Options/Mods: N/A

Total Contract Amount: $68,089,860

Original Procurement Method: Competitive Sealed Proposals

Percent +/- Change: 40%

Overall Percent +/-: 40%

MBE/VSBE Participation: 4% / 0.5%

MBE/VSBE Compliance: 4.6% / 0%
16-S-OPT. SERVICES OPTION (cont’d)

Requesting Agency Remarks: The contractor is responsible for contracting with taxi and sedan companies operating on-dedicated vehicles and monitoring their performance.

The provision of these services to disabled and elderly persons is federally mandated and operates within MDOT MTA’s core service area which includes Baltimore City, Baltimore County, and Anne Arundel County. The program provides service to customers who are certified under the Americans with Disabilities Act, do not possess the functional ability to use local fixed-route services, and live within a certain distance from a fixed transit route. The Call-A-Ride program offers flexibility to users by allowing them to utilize participating local taxi and sedan companies to transport them door-to-door within MDOT MTA’s designated core service area.

To date, the VSBE goal has not yet been met; however, MDOT MTA continues to work with the prime contractor. MJ Management Services has confirmed that the remainder of the contract term will allow the VSBE participation goal of 0.5% to be met.

Total Percent Change: 57.52%

Original Procurement Method: Emergency (Competitive Sealed Proposals)
18-S-MOD. SERVICES MODIFICATION (cont’d)

**MBE/VSBE Participation:** N/A / N/A

**MBE/VSBE Compliance:** N/A / N/A

**Requesting Agency Remarks:** Under statute, the Maryland Medical Cannabis Commission (MMCC) may award up to one additional grower license and two additional processor licenses. In order to determine whether the next highest ranked applicants are eligible for award MMCC requires that Verity, LLC review the next five highest-ranking grower and processor applicants— from the rankings that the MMCC voted to adopt in September 2019 to determine whether they meet the requisite criteria to receive a Stage One pre approval.

The MMCC believes it is in the best interest of the State for the Board to approve this modification because:

- Additional growers and processors are needed to meet the growing demand for medical cannabis in the State. Additional 30,000 patients (35% increase) became certified to obtain medical cannabis in the past six months, and this growth is expected to continue into FY 2022 and beyond.
- Verity, LLC has already performed the required services successfully for the MMCC, and has specific expertise based on the previous review that is necessary for review of the next numerically ranked applicants.
- Given the small number of reviews to perform and the limited number of submissions to the RFP posted in November 2019, the MMCC does not anticipate that a competitive procurement would result in additional offers to complete the work.
- The services provided by Verity, LLC are necessary to assist the MMCC in making its decision to award the additional licenses based on the factual findings recommended by the independent contractor.

**Modification Amount:** ($1,198,955)

**Prior Options/Mods:**

- $0 (Mod. #1: Changed the invoice submission schedule; Delegated Authority, SBE, 04/23/2018)
- $3,382,980 (Renewal Option #1: 03/06/2019, DBM 11-S-OPT)
- $43,800 (Mod. #2: Increase of Optional Additional Transportation Expenses line item to cover unanticipated expenses for the 2020 Special Election for the 7th Congressional District due to Representative Elijah Cummings’ passing; Delegated Authority SBE, 12/06/2019)
- $0 (Mod. #3: Formalized the revised transportation requirements including additional project management fees necessary for the Special General and Primary Elections as a result of the COVID-19 pandemic; Delegated Authority SBE, 04/22/2020)

**Total Contract Amount:** $5,489,425
19-S-MOD. SERVICES MODIFICATION (cont’d)

Original Procurement Method: Competitive Sealed Proposals

MBE/VSBE Participation: 30% / 1%

MBE/VSBE Compliance: 37% / 1%

Requesting Agency Remarks: The 2020 Presidential Primary and Special General Elections were significantly less costly than a traditional election because they were conducted primarily by mail, with very limited in person voting centers. This modification adds expenses for the transportation of voting drop boxes, which are a new type of voting equipment added to this contract for the 2020 Election Cycle in response to the pandemic and anticipated high voter turnout. It also increases the project management fee for the 2020 General Election to include additional hours required to adapt to the revised transportation requirements.

DGS OSP Remarks: RETROACTIVE approval requested pursuant to §11-204(c) State Finance & Procurement Article. DGS OSP has determined that this contract should be treated as voidable rather than void because: (1) all parties have acted in good faith; (2) ratification for the procurement contract would not undermine the purposes of the Procurement Law; and (3) the violation, or series of violations, was insignificant or otherwise did not prevent substantial compliance with the Procurement Law.

*Department of General Services*

**Contract ID:** Wireless Voice Data & Accessories Statewide Contract
ADPICS No.: 001B1600087

**Contract Description:** Mobile wireless services and equipment by participating in NASPO Wireless Voice Data & Accessories.

**Award:** Verizon Wireless; Laurel, MD

**Contract Term:** 01/28/2021 - 06/30/2024

**Amount:** $28,800,000

**Procurement Method:** Intergovernmental Cooperative Purchasing (NASPO ValuePoint 2019-2024)

**MBE/VSBE Participation:** N/A / N/A

**Requesting Agency Remarks:** The Department of General Services (DGS) and the Office of State Procurement (OSP) has determined that transition from the NASPO ValuePoint (formerly WSCA) Contract #1907 to the NASPO Master Contract for Wireless Data, Voice and Accessories (NASPO 2019-2024) will continue to provide greater cost benefits to the State than if the State procured these products and services independently. The NASPO ValuePoint alliance aggregates the demand of all 50 states, the District of Columbia, and the organized US territories. There are currently 67 State PAs against this NASPO Master Contract for Wireless Data, Voice and Accessories (NASPO 2019-2024) (Utah) for wireless services and equipment, and six (6) available vendors participating. This cumulative purchasing power, as well as multi-state and locality volume buying, results in more favorable rates than the State would otherwise obtain by contracting directly with these vendors. This Statewide contract will be awarded to three vendors. Verizon will be awarded at this time. A modification to add T-Mobile and AT&T to the Wireless Voice Data & Accessories Statewide Contract will be brought to the BPW for approval in the future.
20-IT. INFORMATION TECHNOLOGY (cont’d)

Agency Remarks (cont’d):

The State had an overall spend of approximately $4.2M during fiscal year 2019, which represented a 20%+ increase in spend from 2018. Based on the year to date fiscal year 2020 spend of $7.2M, the rising usage due to COVID and year over year spend of the contract, DGS anticipates the total estimated dollar value to be approximately $28,800,000 in the requested period. This is the replacement contract for the Wireless Contract that appeared at the 12/16/20 agenda.

Department of Public Safety and Correctional Services  

Contract ID: Maryland Correctional Enterprises ERP System; Q00B1600038  
ADPICS No: Q00B1600038

Contract Description: New Enterprise Resource Planning (ERP) software that includes modules for accounting, procurement, inventory management and supply chain operations to assist MCE on the day-to-day operations.

Award: Global Shop Solutions; The Woodlands, TX

Contract Term: 02/11/2021* - 04/27/2022 (w/four 1-year renewal options)  
(*or earlier upon BPW approval)

Amount: $1,495,980

Procurement Method: Intergovernmental Cooperative Purchasing  
(Michigan State Industries Enterprise Resource Planning Solution; Contract No. 190000000451)

MBE/VSBE Participation: N/A / N/A

Incumbents: Same

Requesting Agency Remarks: Maryland Correctional Enterprises (MCE) mission is to strengthen inmate employees’ work ethics, increase individual responsibility, and improve self-esteem, all to create permanent positive personal change in inmates’ lives, both while incarcerated and after release. Studies across the nation show that correctional industry programs such as MCE’s have a positive effect on recidivism rates, which ultimately contributes to more productively engaged citizens, and safer, happier communities.

MCE must consistently demonstrate and document improvement in performance of and accountability for its financial management, inmate payroll, customer service, inventory, and manufacturing control systems. To meet these goals, MCE seeks to replace its existing antiquated application and network technology with a new, consolidated, and efficient Enterprise Resource Planning (ERP) system. The existing paper-driven processes and the inadequate, twenty-plus year-old information technology infrastructure is not reliable and threatens MCE’s ability to operate efficiently, responsibly, and effectively to maintain continuity of operations and fulfill its mission.
21-IT. INFORMATION TECHNOLOGY (cont’d)

Agency Remarks (cont’d):

DPSCS reviewed various contracts throughout the country and performed cost and functionality comparisons between those contracts and found that the contract established between the Michigan Department of IT, Budget and Management and Global Shop Solutions provides an overall comprehensive solution that meets the requirements. The contractor can develop and implement a solution in significantly less time than the department can engage in the RFP process.

An extended timeframe presents a major risk to the ongoing business activities as the stability of the current system becomes less and less reliable. Additionally, an extended timeline carries the additional cost for consulting services to perform most of these tasks, estimated at $720,000.

22-IT-MOD.  INFORMATION TECHNOLOGY MODIFICATION (cont’d)

Prior Mods/Options (cont’d):  $110,028 (MOD 3 - extension to complete procurement; DGS 21-IT MOD, 09/23/2020)

Original Procurement Method:  Sole Source

MBE/VSBE Participation:  N/A / N/A

MBE/VSBE Compliance:  N/A / N/A

Requesting Agency Remarks:  The SURS (Surveillance and Utilization Review System) reports are a valuable tool for the Department of Health (MDH) to identify potentially fraudulent or abusive practices by Medicaid providers and recipients. A protest for the current replacement contract is underway and once resolved, the new contract will be brought for BPW approval. The OIG's Data Analysis Unit will continue to generate ad hoc reports of Medicaid claims data that reveal outliers and unusual patterns of behavior to ensure compliance with federal requirements. It is imperative that IBM continues services until the new contractor is fully implemented and has completely transitioned after all protest matters have been resolved.

Maryland's Health Choice Federal and State Administrative and management review reporting functions are required to meet due diligence. This contractor consistently provides excellent response time as well as the required training.

23-IT-MOD. INFORMATION TECHNOLOGY MODIFICATION

State Board of Elections

Contract ID: Voting System Solution
ADPICS No.: COJ05404 and COJ05406

Contract Approved: DoIT 7-IT, 12/17/2014

Contractor: Election Systems and Software (ES&S); LLC, Chicago, IL

Contract Description: Statewide voting system hardware, equipment repairs and maintenance. The voting system solution produces a verifiable paper record of each voter’s selections.

Modification Description: Add equipment procured for the 2020 General Election to the extended lease agreement and the cost of an equipment and network upgrade to the current system necessary to maintain the warranty through the 2022 Gubernatorial Election, and necessary trainer hours on to the final option period.

Original Contract Term: 01/01/2015 - 03/31/2017 (w/two 2-year options)

Modification Term: 02/11/2021 - 03/31/2023

Original Contract Amount: $10,371,288

Modification Amount: $51,600 (Renewal Option #2: 02/11/21 - 03/31/21)
$879,345 (2nd Base Period: 04/01/21- 03/31/23)
$930,945

Prior Options/Mods: $40,333,018 (see Attachment I)

Total Contract Amount: $51,635,251 (not including future renewal option period funding)

Original Procurement Method: Competitive Sealed Proposals

MBE/VSBE Participation: N/A / N/A

MBE/VSBE Compliance: N/A / N/A
23-IT-MOD. INFORMATION TECHNOLOGY MODIFICATION (cont’d)

Requesting Agency Remarks: The requested modification is in the best interests of the State because the Agency has determined that the voting system equipment added to the lease for the 2020 General Election is necessary for future elections, including the 2022 Gubernatorial Election. This modification includes funding for the additional cost of this equipment to the lease agreement for the extension period of the contract, approved by BPW on September 23, 2020 (23-IT-MOD), and the equipment will become part of future quarterly lease payments.

Subsequent to BPW’s approval of the extension period, SBE must upgrade all network equipment in 2021. Failing to upgrade the equipment and associated hardware, such as workstations and server hardware used for the creation of voting system media and the central tabulation of results, will no longer be under warranty for the 2022 Gubernatorial Election.

This modification provides two additional months of trainer hours for the Maryland trainer from ES&S. The hours are built into the extension starting on April 1, 2021, but February and March, 2021 must be added via this modification. The additional hours for ES&S’ Maryland trainer are required to ensure SBE and Local Board of Elections personnel can be trained on the new features associated with the software suite prior to the implementation of the upgrade.

Recommendation: That the Board of Public Works approve the following Task Orders/Purchase Orders under a previously-approved Master Contract.

Authority: State Finance and Procurement Article Annotated Code of Maryland, § 13-113; COMAR 21.05.13.06.

Procurement Method: Task Order/Purchase Order under Master Contract

1.0 Master Contract: Consulting and Technical Services Plus (CATS+)

| Contract No.: 060B2490023 |
| Approved: DoIT 3-IT, 04/03/2013 |
| Term: 04/22/2013 – 04/21/2028 |

**As of publication, the remaining balance of this master contract is $455,140,869.**

1.1 Using Agency: MDOT - The Secretary’s Office (MDOT-TSO)

Description: The Department of Transportation (MDOT) issued this CATS+ TORFP on behalf of the Office of Transportation Technology Service (OTTS) in order to obtain resources to support SharePoint, Salesforce, .NET and other existing or emerging software technologies. In addition, all resources will manage and provide daily support of MDOT’s mission critical business applications, provide guidance, and continual supportive information with application security and best practices in planning, designing, operational improvements and implementations of evolving technology solutions; J01B0600007.

Award: Serigor, Inc; Baltimore, MD (Certified Small Business and Minority Business)

Number of Qualified Master Contractors: 656
Number of Bids: 28
Amount: $4,000,000
Term: 03/01/2021 - 02/28/2026 (or earlier upon BPW approval)
MBE/VSBE Participation: 20% / N/A
Resident Business: Yes
Fund Source: 100% Special (Transportation Trust)
24-IT. INFORMATION TECHNOLOGY (cont’d)

1.0 Master Contract: Consulting and Technical Services Plus (CATS+)

1.2 Using Agency: MDOT State Highway Administration (MDOT SHA)

Description: The Department of Transportation (MDOT) issued this CATS+ TORFP on behalf of the SHA Data Governance Division to obtain resources to assist with numerous Enterprise Geographic Information Systems (GIS) projects and initiatives. This support includes services for enterprise GIS program management and application development throughout the State Highway Administration. GIS support will be provided to programs such as, Connected Automated Vehicles (CAV) Program, Mobility Planning, Asset Management, One Maryland One Centerline (OMOC), Total Maximum Daily Load (TMDL), and Transportation Systems Management and Operations (TSMO). The selected contractor will manage the IT infrastructure to support the authoritative GIS datasets that are served out in a variety of business intelligence and mapping applications for both internal and external customers. Provide solutions using the GIS platform to enhance data collection, data management, and data dissemination while simultaneously promoting the governance of all these functions which will increase efficiency and reduce redundancy in the use of GIS technology across the agency; J02B0600002.

Award: WBCM; Baltimore, MD

26-RP. REAL PROPERTY

*Department of Agriculture, Maryland Agricultural Land Preservation Foundation (MALPF) and Agricultural Land Preservation Easements*

File No. 05-20-08  (Caroline County)

**Reference:** Approval is requested for the Maryland Agricultural Land Preservation Foundation, Department of Agriculture, to amend a previously approved option contract for the purchase of an agricultural preservation easement on the property described below, to add acreage that was erroneously withheld from the original easement offer. All purchases outlined below have been reviewed and approved by the MALPF Board.

**Special Conditions:** Grantor relinquishes all rights to develop or subdivide the land for industrial, commercial, or residential use. Land shall be preserved solely for agricultural use in accordance with provisions of the Agricultural Article. No commercial signs or billboards are permitted, and there shall be no dumping on land except as is necessary to normal farming operations. Grantor shall manage the property in accordance with sound agricultural practices. Grantee shall have the right to enter land for inspection. No public rights are granted. The term of this easement shall be in perpetuity pursuant to Agriculture Article Section 2-514.1.

Pursuant and subject to the provisions of Agriculture Article Section 2-513, Grantor has elected to reserve the right to apply for release of a lot to convey to himself or his children for the purpose of constructing a dwelling for personal use as follows: one lot of one acre or less if the subject property is at least 20 acres, but less than 70 acres, two lots of one acre or less if the subject property is at least 70 acres, but less than 120 acres, or three lots of one acre or less if the subject property is 120 acres or more.

26-RP. REAL PROPERTY (cont’d)

**Requesting Agency Remarks:**

1. Reference is made to Item 20-RP#2 of this Department’s Agenda of October 21, 2020 for the meeting of the Board of Public Works, wherein approval was given to the Maryland Agricultural Land Preservation Foundation (MALPF) to acquire an agricultural preservation easement (the “Easement”) on 113.45 acres of land at and for a purchase price of $340,350.00.

   When application for the Easement was made by the landowner, the acreage of the property owned by the landowner was designated as 115.694 acres. In reviewing the Easement application, MALPF Staff, in consultation with the agricultural preservation easement program administrator for Caroline County, reviewed tax maps for the landowner’s property and concluded that, although the bulk of the landowner’s property was located on the north side of MD Route 16, a separate 2.24-acre portion of the landowner’s property appeared to be located on the south side of MD Route 16 i.e. across the road from the remainder of the farm. Based on this conclusion, MALPF Staff determined, in accordance with MALPF regulation and policy, that said 2.24 acres would be withheld and not included within the Easement since it was across the road from the bulk of the farm parcel. Accordingly, MALPF extended an offer to the landowner for an Easement on 113.45 acres (the overall property of 115.694 less the 2.24 acres across the road) at a purchase price equal to $3,000/acre for a total purchase price of $340,350.00. Following acceptance by the landowner, this offer was presented to, and approved by, the Board of Public Works at its meeting of October 21, 2020.

   Following receipt of the Board of Public Works approval, title work for the property was received and reviewed by MALPF’s attorney and staff. Review of the title work revealed that, in fact, all of the property owned by the landowner, consisting of 115.694 acres, is located on the north side of MD Route 16 and the area shown on the south side of MD Route 16 is not owned by the landowner. This determination was also confirmed by the surveyor who performed a 2018 survey of the landowner’s property.

   As a result of the error in locating 2.24 acres of landowner’s 115.694-acre property as being across the road from the remainder of the landowner’s property, the MALPF Board of Trustees has approved an amendment to the original Easement offer to increase the Easement acreage by 2.24 acres to 115.694 acres and, accordingly, to increase the purchase price by $6,720.00 (2.24 acres multiplied by $3,000.00/acre).

2. The Department of Agriculture recommends acceptance of this amended contract.
26-RP. **REAL PROPERTY** (cont’d)

Agency Remarks (cont’d):

3. The Department of General Services has reviewed the appraisals and has recommended that appraisal “a.” listed above be the fair market value of the land on which the easement is to be acquired.

4. Pursuant to Agriculture Article 2-511(e), the purchase price of each easement may not exceed 75% of the fair market value, or the owner’s asking price, whichever is less.
27-RP. REAL PROPERTY

Department of Natural Resources
File #00-8680

Recommendation: Approve the granting of an Easement from the Department of Natural Resources (DNR) to the Maryland Department of Agriculture on behalf of the Maryland Agricultural Land Preservation Foundation

Property: 20.05 acres of land located in Harford County, Hopkins Branch WMA, 1725 Trappe Church Road, Darlington.

Grantor: The State of Maryland, to the use of the Department of Natural Resources

Grantee: The State of Maryland, to the use of the Department of Agriculture, on behalf of the Maryland Agricultural Land Preservation Foundation

Consideration: $0.00

Prior Approval: DNR-RP 10A, 12/17/2014

Background: DNR is granting an overlay conservation easement to Maryland Agricultural Land Preservation Foundation (MALPF) on the property now known as Hopkins Branch WMA. DNR purchased this property (once known as "Greider") in fee in 2015 for specific management of this ecologically unique parcel within the Deer Creek Watershed. At the request of MALPF, DNR seeks approval to convey an overlay conservation easement to MALPF to: (1) ensure that MALPF's pre-existing easement is protected; (2) to confirm that DNR acknowledges the MALPF easement restrictions during DNR's ownership of the property; and (3) to acknowledge that DNR does not consider the MALPF easement to have been extinguished by DNR's fee ownership of the property by the common law doctrine of "merger."

Clearinghouse: The Clearinghouse reviewed the proposed transaction and concluded, after consultation with the Office of the Attorney General, that the transaction does not require Clearinghouse review.

</table>

The Beverly House Residence and Garden 3/1/2011 Month to Month ***$0.00**  
Total: $41,712.29

*In-kind support to JPPM is provided as rent for The Beverly House which includes park security and maintenance for this residence provided by an employee who is occupying the property.*

**Space Type:** Housing and Farmland  
**Utilities/Custodial:** Tenant

**Background:** The Jefferson Patterson Park & Museum (JPPM) was established following a conveyance to the State in 1983 of 512 acres located along the Patuxent River in St. Leonard from Mary Marvin Breckinridge Patterson, subject to a Trust Agreement which provides that the 512-acre property shall “be administered by [MHT] for the benefit of the citizens of the State of Maryland and for the purpose of establishing the Jefferson Patterson Historic Park and Museum”. The Trust Agreement further states that the property shall be used for the purpose of “maintaining, preserving, and promoting interest in historical, archaeological, agricultural, cultural, scenic and environmental significance,” including “recreational use”. Since 1983, JPPM’s acreage has expanded to approximately 560 acres through five separate acquisitions of contiguous properties between 1986 – 2002.
Agency Remarks (cont’d):

The JPPM grounds contain six residential structures and other properties that MHT has been leasing. These include three residential properties, two storage facilities, and (1) agriculture property containing 125 acres of farmland. These leases and the annual rent received have never been approved by the Board of Public Works. Records indicate that prior counsel at MHT advised that these leases fell within MHT’s general statutory powers granted in State Finance & Procurement § 5A-318(b)(10)-(11), and as such the leases were exempt from State Finance & Procurement § 10-305. Recent consultations between MHT counsel and the Department of General Services (DGS) counsel have resulted in consensus legal advice that the JPPM leases are not exempt from § 10-305 and therefore these leases are now being presented for retroactive approval.

All rental income received by MHT through the JPPM leases is dedicated to a special fund, the use of which supports JPPM’s public mission as prescribed in the Trust Agreement. This includes for, among the things, the salaries of contractual employees who perform educational programming at the Park, other costs related to providing educational programming, and facilities maintenance.

| Resident Business: Yes |
| Fund Source: 100% General |
| Remarks: The Department intended to present this contract for continued service at an earlier BPW meeting; however, various process deadlines caused the licenses to be maintained in good faith by the contractor before BPW approval could be obtained. |
33-IT. INFORMATION TECHNOLOGY (cont’d)

1.0 Master Contract: Hardware/Associated Equipment & Services 2012

DGS OSP Remarks: RETROACTIVE approval requested pursuant to §11-204(c) State Finance & Procurement Article. DGS OSP has determined that this contract should be treated as voidable rather than void because: (1) all parties have acted in good faith; (2) ratification for the procurement contract would not undermine the purposes of the Procurement Law; and (3) the violation, or series of violations, was insignificant or otherwise did not prevent substantial compliance with the Procurement Law.
