**BOARD OF PUBLIC WORKS ACTION**

- **THIS ITEM WAS:**
  - APPROVED
  - DISAPPROVED
  - DEFERRED
  - WITHDRAWN
  - WITH DISCUSSION
  - WITHOUT DISCUSSION
2. **BOARD OF PUBLIC WORKS**

**COMAR: State Procurement Regulations**

**Recommendation:** That the Board of Public Works propose new regulations and amendments to COMAR Title 21, State Procurement Regulations

**Proposal:** Revise regulations in COMAR Title 21 to implement recently-enacted legislation and update procurement requirements in accordance with prior legislative changes.

(1) Implement new procurement laws from 2021 legislative special session

**Amend:**
- 21.01.02.01 – Terminology – Definitions - Emergency
- 21.02.01.05 – Board of Public Works – Review and Approval of the Award of Procurement Contracts
- 21.05.06.02 – Emergency and Expedited Procurements – Emergency Procurements
- 21.05.06.03 – Emergency and Expedited Procurements – Expedited Procurements
- 21.13.01.01 – Reporting Requirements – Sole Source, Emergency, and Expedited Procurement Reports
- 21.13.01.02 – Reporting Requirements – Annual Report of Service Contracts Exceeding $100,000 in Value

(2) Revise regulations in accordance with prior legislative changes

**Amend:**
- 21.11.01.06 – Small Business Procurements – Small Business Reserve Program
- 21.11.03.12-1 – Minority Business Enterprise Policies – Counting Minority Business Enterprise Participation
- 21.13.01.03 – Reporting Requirements – Reports of the Small Business Reserve Program

**Action:** Approval of this Item authorizes submission of the regulatory proposal to the AELR Committee of the General Assembly and subsequent publication for public comment in the *Maryland Register*.
3. BOARD OF PUBLIC WORKS

Wetlands Licenses

**Recommendation:** The Board of Public Works Wetlands Administrator recommends that the Board grant licenses for projects involving filling and dredging in the navigable waters of Maryland.

**MDE:** The Maryland Department of the Environment concurs with this recommendation.

**Authority:** Section 16-202, Environment Article, Annotated Code of Maryland: “The Board shall decide if issuance of the [tidal wetlands] license is in the best interest of the State, taking into account the varying ecological, economic, developmental, recreational, and aesthetic values [the] application presents.” See also COMAR 23.02.04.

### ANNE ARUNDEL COUNTY

20-1408  
**CATHERINE AND GREGG KAPIKIAN** – To reduce shoreline erosion and reestablish a beach by authorizing and replenishing stone for an existing revetment and constructing a timber groin.  
*Annapolis, Magothy River*

Special conditions: Requirements for design and construction of stone revetment. Restrictions on use of asphalt rubble in the revetment.

21-0296  
**KATHRYN YOUNG** – To improve navigation by mechanically dredging a new area and allowing for six years of periodic maintenance dredging.  
*Severna Park, Severn River*

Special conditions: Time of year restriction. Requirements for transport of dredge material, staking of dredged area, post dredge bathymetric survey, disposal of dredge material, and maintenance dredging.

21-0492  
**CHARLES H. THOMPSON** – To improve navigation by authorizing an existing boat lift, mechanically dredging a new area, and allowing for six years of periodic maintenance dredging.  
*Arnold, Asquith Creek*

Special conditions: Time of year restriction. Requirements for transport of dredge material, maintenance dredging, staking of dredged area, post dredge bathymetric survey, and disposal of dredge material. Restrictions on maximum number of pier slips, lifts, hoist, mooring piles, boat slips, attachment of accessory platforms to proposed or existing boatlifts.

4. **COMMISSION ON STATE DEBT**  
**State Property Tax Rate**

**Recommendation:** The Commission on State Debt recommends that the Board of Public Works levy the State property tax required for Fiscal Year 2023 to provide funds for State debt requirements as follows:

(a) 11.2 cents ($0.112) per $100 of the full assessed value of real property other than that of public utilities; and

(b) 28.0 cents ($0.280) per $100 of the full assessed value of real property of public utilities.

**Authority:** Section 8-134, State Finance and Procurement Article, Annotated Code of Maryland; Executive Order 01.01.1980.06.

---

This item was revised following the Commission on State Debt meeting on April 19, 2022
5. DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT

Neighborhood BusinessWorks Program

Recommendation: That the Board of Public Works approve the Department of Housing and Community Development’s request to provide a loan for the project described below.

Loan Authority: Neighborhood Business Development Program

§§ 6-301 through 6-311, Housing and Community Development Article
Annotated Code of Maryland; COMAR 05.13.01

Established in 1995, the Neighborhood Business Development Program, now operating as Neighborhood BusinessWorks (NBW), is a Smart Growth tool for revitalization through business creation or expansion in designated revitalization areas.

Borrower: Alpha Itha Properties LLC

Project Property: 1014-1018 N. Charles Street, Baltimore 21202
Baltimore City

Loan Amount: $1,431,000

Fund Source: MCCBL of 2021: Provide funds for grants and loans to fund community-based economic development activities in revitalization areas designed by local governments. Item SA24(B).

Collateral: First lien position Deed of Trust on project property

Project Description: Alpha Itha Properties LLC is a single purpose real estate entity established for the purchase of MV Fitness and related commercial real estate condominium units known as 1014, 1016 and 1018a, and 1018b N. Charles Street, Baltimore City. The acquisition will also include assigned parking spaces. MV Fitness is a gym and wellness center located in the community of Mount Vernon that opened in 2007. The total purchase price is $1,590,000. The principal of Alpha Itha Properties has been an employee of the MV Fitness for eighteen years. Recently, he was offered the opportunity to purchase MV Fitness, LLC. Alpha Itha Properties LLC as the new owner, will assume the existing lease agreement with Skin Asthetica LLC, DBA Honey and Company Spa (tenant) that operates from unit 1014 N. Charles Street.
5. **DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT** *(cont’d)*

*Project Description (cont’d):*

Since this is a business and property acquisition of an existing stabilized property, there is no construction or buildout required. Several years ago the existing business owner installed digital thermostats for minimizing energy use during non-peak or closed hours. Ceiling fans were installed and all lighting was replaced with LED lights.

The proposed project will have significant impact in the Mt. Vernon neighborhood of Baltimore City. As the State emerges from the devastating blow of the pandemic, businesses, residents and local universities have begun actively seeking a sense of health and wellbeing. Membership to MV Fitness is continuing to increase. Recently, the University of Baltimore Law School entered into an agreement that will provide membership opportunities to their students. As surrounding office spaces are reopening and re-occupying, MV Fitness is actively offering membership benefits to the employees and tenants of commercial spaces.

The transfer of property ownership to an existing employee will further strengthen the community by ensuring that the spaces remain occupied with businesses that are relevant to the residents. Meanwhile, MV Fitness will retain 15 employees and potentially hire more staff as membership increases. The seamless transition of a well-recognized fitness center and spa service to the community will allow existing members to continue to benefit from much needed health and wellness programs. Synergies will continue to be created with new and expanding businesses. Over time, it will serve to create jobs, provide additional health and fitness programs and ignite further revitalization to the community. The acquisition of MV Fitness and related commercial real estate could not be completed without the support of Neighborhood BusinessWorks.

6. DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT

**Neighborhood BusinessWorks Program**

**Recommendation:**
That the Board of Public Works approve the Department of Housing and Community Development’s request to provide a loan for the project described below.

**Loan Authority:**
Neighborhood Business Development Program

§§ 6-301 through 6-311, Housing and Community Development Article Annotated Code of Maryland; COMAR 05.13.01

Established in 1995, the *Neighborhood Business Development Program*, now operating as *Neighborhood BusinessWorks (NBW)*, is a Smart Growth tool for revitalization through business creation or expansion in designated revitalization areas.

**Borrower:**
B&B Baltimore LLC

**Project Property:**
301-305 N. Howard Street, Baltimore 21201
Baltimore City

**Loan Amount:**
$894,265

**Fund Source:**
MCCBL of 2021: *Provide funds for grants and loans to fund community-based economic development activities in revitalization areas designed by local governments*. Item SA24(B).

**Collateral:**
Second lien position Deed of Trust on project property

**Project Description:**
B&B Baltimore LLC is the real estate holding company for Crook Horner Lofts. B&B Urban LLC is the developer for the Crook Horner Lofts project. Upon completion, the redevelopment project will contain fifteen loft style apartments and two ground floor commercial retail spaces. The loan request of $894,265 is to assist with the construction costs associated with the opening of Crook Horner Lofts at 301-305 North Howard Street in Baltimore, MD. The existing vacant mixed-use property consists of an approximately 41,306 sq. ft. six-story commercial building and an adjacent vacant three-story commercial building.

The subject property is in the Bromo Tower Arts and Entertainment District and the Market Center Historic District in Baltimore City. The neighborhood is primarily influenced by the University of Maryland Medical Center and Baltimore’s professional sports stadiums, as well as its proximity to the Maryland Institute College of Art (MICA), the University of Baltimore and Baltimore’s central business district.
6. DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT (cont’d)

Project Description (cont’d):

In addition to the Neighborhood BusinessWorks - Classic funds of $894,265, the project is also receiving funding from People’s Bank in the amount of $4,897,000. People’s Bank will hold a first lien position loan on the project property. With total project costs exceeding $15.7 million, the project represents a strong example of the public–private financial partnership needed to complete the project. The building will be state of the art and will feature energy efficient components that include installation of high efficiency Variable Refrigerant Flow (VRF) mechanical systems (large-scale ductless HVAC systems), installation of high efficiency electric heat pump units for both heating and cooling in each unit, installation of dual pane aluminum clad wood windows that limit thermal transmission which will allow the GC to seal the previous window box spaces, installation of thermoplastic polyolefin (TPO) reflective roofing materials, installation of flow reducers in showerheads in all lofts, and the installation of high efficacy LED lighting in the building’s lobby, hallways and utility spaces. The energy efficient modifications will ensure a 5% boost above International Energy Conservation Codes (IECC) insulation requirements. The work will be completed by J Cole Builders of Odenton, MD.

The Crook Horner Loft project will contribute to the revitalization of Baltimore City by completing the renovation of two vacant commercial properties into a modern mixed-use commercial property. The project will also allow Neighborhood BusinessWorks to continue to increase its footprint into Baltimore City, and eliminate a set of vacant and deteriorating commercial buildings in the heart of downtown Baltimore. The renovation project will be a dramatic step in the rejuvenation of Baltimore’s historic center as a highly visible project that will invite new or existing residents to the Howard Street corridor.

7. **DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT**

**Rental Housing Works Program**

**Recommendation:** That the Board of Public Works approve the Department of Housing and Community Development’s request to provide a loan for the project described below.

**Borrower:** South Street Senior, LLC

**Project:** South Street Senior
120 and 122 West South Street, Frederick, 21701
Frederick County

**Rental Housing Works Authority:** Sections 4-101 through 4-255 of the Housing and Community Development Article of the Annotated Code of Maryland, as amended, and the regulations promulgated for the Multifamily Bond Program at COMAR Chapter 05.05.02

*The Rental Housing Works Program* finances rental housing that will be occupied by households with incomes at 60% of area median income.

**Loan Amount:** $2,229,000

**Fund Source:** MCCBL 2021 - *Rental Housing Works Program*

**Collateral:** Deed of Trust

**Description:** The Project consists of the new construction of a 96 unit age-restricted mid-rise apartment community in Frederick. The Project will offer one and two bedroom units and will serve households with incomes between 30% and 60% of the Area Median Income (AMI). The Project is sponsored by SCG Development Partners, LLC, New Harbor Development, LLC, and the Housing Authority of the City of Frederick.

Pursuant to Maryland’s commitment to reducing Greenhouse Gas Emissions, conserving water resources, and enhancing Maryland’s environment, the Project includes the following:

1. Project is in compliance with Green Building standards from Enterprise Green Communities, in an attempt to obtain a ‘Bronze’ certification.
2. Kitchen appliances will be Energy Star rated including refrigerators, range/ovens, microwaves and dishwashers.
3. Energy Star rated light fixtures will be installed throughout.
4. New low / no VOC paint throughout the building units and common areas.
7. **DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT (cont’d)**

*Description (cont’d):*

The Project includes the following (cont’d):

5. Building mechanical systems are designed to be highly rated efficiency 15 SEER with programmable thermostats and insulated plumbing pipes.
6. All floorings will be quality and durable floor coverings.
7. Windows will be Energy Star rated.
8. Water conserving toilets, sink faucets, and shower heads will be installed.
9. Solar panels will be installed on the roof to provide supplemental power to the building.
10. Building’s exterior siding will be R-19 insulated, and the roofing will be R-38 insulated.
11. Air sealing and weatherization will be provided in accordance with the Department of Energy Air Leakage Guide and the 2018 IECC for typical areas.

There are no Recognized Environmental Conditions requiring remediation on this Project.

8. DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT

Rental Housing Works

Recommendation: That the Board of Public Works approve the Department of Housing and Community Development’s request to provide a loan for the project described below.

Borrower: Greenside Acquisition, LLC

Project: Greenside Apartments
14036 Village Mill Drive, Maugansville, 21767
Washington County

Rental Housing Works Authority: Sections 4-401 et seq. of the Housing and Community Development Article of the Annotated Code of Maryland, as amended, and the regulations promulgated for the Multifamily Bond Program at COMAR Chapter 05.05.02

The Rental Housing Works Program finance rental housing that will be occupied by individuals with incomes at 60% of area median income.

Loan Amount: $2,500,000

Fund Source: MCCBL 2021

Collateral: Deed of Trust

Description: The Project consists of the rehabilitation of 72 family units in Maugansville, Washington County. The Project targets family households at 60% Area Median Income (AMI) and offers a mix of one, two, and three-bedroom units. There will be 31 units with rental assistance from the United States Department of Agriculture. The Project is sponsored by Pax-Edwards, LLC. The Project will consist of substantial renovation including unit interiors, common spaces, and upgrades to the exterior and project site.

Pursuant to Maryland’s commitment to reducing greenhouse gas emissions, conserving water resources, and enhancing Maryland’s environment, the project scope of work includes the following:

1. Project will use green building criteria from National Green Building Standards and obtain a bronze certification.
2. All windows will be Energy Star rated.
3. All faucets and bath fixtures will use Water Sense labeled products.
8. DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT (cont’d)

Description (cont’d):

The Project includes the following (cont’d):

4. All appliances will be Energy Star rated including refrigerators, ranges, range hoods, and bath exhaust fans.
5. All new or exposed work areas shall receive air sealing and weatherization scope of work testing per Department of Energy Air Leakage 2018 IECC.
6. All new or infill exterior walls will have new insulation.
7. All floorings will be quality and durable floor coverings.
8. Energy Star rated lighting fixtures will be installed in all units and common areas.
9. Mechanical systems will be high efficiency 15 SEER units, with programmable thermostats, and insulated plumbing pipes.

There are no Recognized Environmental Conditions requiring immediate remediation on the Project; however, radon presence testing and the implementation of an operations and maintenance manual for asbestos containing material mitigation following construction are recommended.

9. DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT
Rental Housing Works

Recommendation: That the Board of Public Works approve the Department of Housing and Community Development’s request to provide a loan for the project described below.

Prior Approval: Secretary’s Agenda, Item 9 (10/20/2021)

Borrower: Roslyn Rise Four, LLC

Project: Roslyn Rise 4%
10339 Twin Rivers Road, Columbia 21044

Authority: Sections 4-401 et seq. of the Housing and Community Development Article of the Annotated Code of Maryland, as amended, and the regulations promulgated for the Multifamily Bond Program at COMAR Chapter 05.05.02

The Rental Housing Works Program finances rental housing that will be occupied by households with incomes up to 80% of area median income.

Loan Amount: $2,500,000

Fund Source: MCCBL 2021 - Rental Housing Works Program

Description: On October 20, 2021, the Board of Public Works approved the Department of Housing and Community Development lending Roslyn Rise Four, LLC $1,400,000 for the Roslyn Rise 4% Project. Following the Board’s approval, the first mortgage loan interest rate increased which requires a higher Rental Housing Works loan amount to support the Project ($2.5 million total).

The Project consists of the new construction of a 94-unit family rental community in Columbia, Howard County. The Project offers a mix of one-and two-bedroom units. The Project is not located in an Opportunity Zone. The Project will offer units to households with incomes at or below 30%, 40%, 50%, and 80% of the Area Median Income (AMI) and unrestricted units. The Project is sponsored by Enterprise Community Development, Inc.
10. **MARYLAND ENVIRONMENTAL SERVICE**  
    *Maryland Correctional Institution - Hagerstown*

**A/E Contract Amendment:** Electrical Distribution System Upgrade  
MES Project #1-21-4-48-3

**Original Approval:**  
Secretary’s Agenda, Item 9 (3/24/2021)

**Award:**  
Shah & Associates, Inc., Gaithersburg, MD

**Contract Description:** Design and specify new electrical system components.

**Modification Description:** Additional services for consolidating design phases 1 & 2 into a single bid package.

**Original Contract Term:**  
9 Months from Notice to Proceed

**Modified Contract Term:**  
18 additional months

**Original Contract Amount:** $170,261.00

**Prior Modifications:** $ 22,147.30

**Modification Amount (this Item):** $ 56,916.00

**Total Amount:** $249,324.30

**Amount Percentage Increase:** 33%

**MBE Goal:** 10%

**MBE Compliance:** 6.69%

Remarks: The original contract directed the A/E to deliver the design documents in two separate bid packages for a construction delivery in two phases (Phases 1 & 2). Due to extensive equipment lead times of up to a year, it was determined a single bid package would allow a single awarded contractor to plan the construction schedule. The A/E has been tasked with additional services to investigate reusing space heaters at the electrical substation and revise the layout of the enclosure that controls motors throughout the boiler plant based on space requirements of future energy efficient equipment installation. MES anticipates MBE compliance will increase before the conclusion of the contract.

Currently, approximately 60% of the project has been completed, which consisted of engineering design work performed by the A/E. Only geotechnical investigation and structural design services for the Generator and Transformer Pads were performed by Findling, Inc. (MBE) during this phase, which resulted in approximately 6.69% MBE participation to date. The balance of work remaining for the MBE sub-consultant is allocated towards the construction phases services of the contract including review of submittals and responses to requests for information related to new equipment pads. This remaining scope of work by Findling, Inc. (MBE) will increase the MBE compliance before the conclusion of the contract.
10. MARYLAND ENVIRONMENTAL SERVICE (cont’d)

Fund Source: MCCBL of 2019 - MES Infrastructure Improvement Fund (UB00)

11. **MARYLAND ENVIRONMENTAL SERVICE**  
*New Germany State Park, Garrett County*

*A/E Contract Mod:* New Germany State Park – Water and Sewer System Improvements  
MES Project # 1-22-2-07-3

*Original Approval:* Secretary’s Agenda, Item 9 (9/1/2021)

*Award:* WATEK Engineering Corporation  
Gaithersburg, MD

*Description:* Engineering services, including design and construction-related services, for improvements to the water and wastewater systems at New Germany State Park.

*Modification Description:* Perform hydraulic modeling to optimize distribution system routing and size/locate a new storage tank, and a hydrogeological investigation to site/design two new wells for the Park.

*Original Contract Term:* 26 months  
*Modified Contract Term:* 29 months

*Original Contract Amount:* $407,845.00  
*Modification Amount (this Item):* $91,759.89  
*Total Amount:* $499,604.89

*Amount Percentage Increase:* 22.49%

*MBE Goal:* 29%  
*MBE Compliance:* 2.04%

**Remarks:** The existing water and wastewater systems at New Germany State Park have major deficiencies and require upgrades for redundancy and reliability. The Department of Natural Resources (DNR) has requested additional work to expand the system’s functionality. DNR requested the changes and selected the option to have a new, larger above ground storage tank that can serve the entire Park by gravity, without the need of booster pump stations. To meet fire flow requirement for the new Rec Hall building and additional fire flows at the cabins with this option, additional hydraulic modeling will be required for new water pipelines to tie into existing main branches.
11. **MARYLAND ENVIRONMENTAL SERVICE (cont’d)**

Remarks (cont’d):

In addition, the Park neighbors are very concerned with a new well in the vicinity of cabins as originally proposed in the conceptual design and strongly opposed making the proposed well the primary well. DNR also has preferences for maintaining and preserving the historical aesthetics of the Park. Therefore, DNR proposed new locations for two new wells that would be installed adjacent to the new water treatment building for a reliable long-term operation. Hydrogeological investigations will be required to verify the exact location of the new wells and water treatment plant for the final selections. New well and new water treatment plant designs will be required. The additions to the original scope include hydraulic modeling, hydrogeological investigations, well design, change in water mains and distribution routing, sewer line adjustments, a new access road, water treatment building and tank design.

Currently, approximately 20% of the project has been completed, which consisted of preliminary engineering work performed primarily by the A/E. Only hydraulic modeling of the system was performed by Narasimban Consulting Services, Inc. (MBE) during this phase, which resulted in just over 2% MBE participation. However, the MBE subconsultants’ work will become more extensive as the project proceeds. This increased level of effort by the MBEs in the later design and construction phases will bring that participation to the goal of 29%.

14. **ST. MARY'S COLLEGE OF MARYLAND**

*Professional Services for ERP Implementation*

**Contract ID:** Enterprise Resource Planning (ERP) System Implementation Services, SMC-20-22270

**Contract Description:** Provide professional services to St. Mary’s College of Maryland for the ERP system implementation.

**Modification Description:** This modification extends the contract by fourteen months.

**Procurement Method:** Competitive Sealed Proposals

**Award:** AccelerEd LLC, Bethesda, MD

**Current Contract Term:** 2/26/2020 – 4/30/2022

**Modified Contract Term:** 5/01/2022 – 6/30/2023

**Original Contract Amount:** $ 348,000 Base Term 02/26/2020 – 12/02/2020

**Prior Modifications:**
- $ 150,000 Modification 1 12/03/2020 – 12/02/2021
- $ 475,998 Modification 2 12/03/2021 – 04/30/2022

**Modification Amount (this Item):** $ 500,990 Modification 3

**Total Amount:** $ 1,474,988

**MBE Participation:** 0%

**MBE Compliance:** 0%

**Agency Remarks:** AccelerEd is a portfolio company of UMUC Ventures, a subsidiary of University of Maryland Global Campus. After a competitive bid, AccelerEd was awarded the contract to provide professional consulting information technology services to support St. Mary's College of Maryland's implementation of the CampusNexus Student and CampusNexus Finance platforms, part of the ERP system. The support provided by AccelerEd comprises several critical positions, including a Business Analyst, a System Configuration Analyst, and a Project Manager.

The pandemic had a major impact on the anticipated timeline for implementation and deployment of the Anthology Student, Finance, Payroll, and Human Resources modules, which is requiring the extension of the contractual resources dedicated to the project.
14. **ST. MARY'S COLLEGE OF MARYLAND (cont’d)**

*Agency Remarks (cont’d):*

Additionally, another technical resource from AccelerEd (a Jenzabar Data Base Administration expert) is needed to support our legacy Jenzabar system for the Go live utilization. St. Mary’s College of Maryland is seeking this final contract modification to ensure that the College can fully and effectively deploy this new campus-wide ERP software system.

17. BOARD OF PUBLIC WORKS

General Miscellaneous

**Recommendation:** The Maryland Motor Vehicle Administration, Department of Housing and Community Development (DHCD), Department of Labor, and Department of Health, through the Office of the Attorney General, request approval to pay a settlement of claims, including claims for attorneys’ fees, against the State in the matter of *In the Matter of the Wrongful Conviction of Kirk Bloodsworth v. Board of Public Works*, Maryland Office of Administrative Hearings, OAH No. BPW-WLA-03-21-14970.

**Authority:** Sections 12-404 and 12-501, State Government Article, Annotated Code of Maryland; Section 10-501, State Finance & Procurement Article, Annotated Code of Maryland

**Request Amount:** $91,152

**Fund Source:**
- $ 7,632 BPW – Contingent Fund
- $ 83,520 DHCD – General Funds (*Rental Services Division*)

**Appropriation Codes:**
- D05E0102 - BPW - Contingent Fund
- S00A2505 - DHCD – General Funds (*Rental Services Division*)

**Requesting Agency’s Remarks:** The Maryland Motor Vehicle Administration, Department of Housing and Community Development, Department of Labor, Department of Health, and the Office of the Attorney General recommend paying $91,152 to settle claims, including attorneys’ fees, as in the best interest of the State.

If this proposed settlement is approved, the Board of Public Works should make an electronic funds transfer to Brown, Goldstein & Levy LLP in the amount of $7,632.00. Additionally, the Department of Housing and Community Development should make an electronic funds transfer to the Petitioner in the amount of $83,520.00.

18. **DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT**

**Rental Housing Production Program**

**Recommendation:** That the Board of Public Works approve the release of the Department of Housing and Community Development’s deed of trust lien on 1222 Mosher Street, Baltimore City, which is owned by Reservoir Hill Limited Partnership XI. The Property is to be acquired as part of the Project C.O.R.E. initiative to redevelop portions of Baltimore City.

**Borrower:** Reservoir Hill Limited Partnership XI, Baltimore, MD

**Property:** 1222 Mosher Street, Baltimore City

**Loan Authority:** Rental Housing Production Program
Sections 2-501 through 2-510 of Article 83B of the Annotated Code of Maryland as amended, and the regulations promulgated thereunder (the "Act").

**Fund Source:** Rental Housing Production Program ("RHPP")

**Authority To Release Lien:** State Finance and Procurement Article Section 10-305, Maryland Code

**Loan Amount:**
- Original: $950,000
- Current: $1,083,872

**BACKGROUND:** On April 20, 1999, DHCD made the RHPP loan to the Borrower to enable the acquisition and rehab of 29 properties in Baltimore City, one of which was the 1222 Moser Street. On June 8, 2021, the Mayor and City Council of Baltimore filed a Petition for Condemnation of the leasehold interest in 1222 Mosher Street (with DHCD named as a defendant). After the review of two appraisals of 1222 Mosher Street and discussions between DHCD and the City, it was agreed that the current fair market value of the Property is $9,067. DHCD will accept this amount to pay down the principal of the RHPP loan, and will relinquish title and claim to 1222 Mosher Street and assent to the City’s acquisition by Condemnation. The RHPP loan remains secured by the remaining 27 units in the project. The lien on an additional property, 1232 Mosher Street, was previously released (see Secretary’s Agenda Item 8, January 5, 2022 BPW).

This item was deferred as Secretary’s Agenda, Item 8 on the 2/16/2022 BPW Agenda.

19. BOARD OF PUBLIC WORKS

Resolution In Honor of Sheila McDonald, Esquire

WHEREAS, Sheila McDonald began her extraordinary career with the State of Maryland more than 30 years ago as Assistant Attorney General for the Department of Economic and Employment Development;

WHEREAS, Sheila McDonald went on to a nearly 20 year historic tenure with the Board of Public Works, first as General Counsel and later as Executive Secretary until her retirement in December 2019;

WHEREAS, Sheila McDonald exemplified the statutory qualifications for the Board’s Executive Secretary by unerringly demonstrating high character and integrity while performing the position’s duties with a high level of executive skill and ability;

WHEREAS, Sheila McDonald provided instrumental assistance to the Board, helping to ensure that Board actions were efficiently and wisely taken and accessible to the citizens of Maryland;

WHEREAS, Sheila McDonald made tremendous contributions to the modernization of the State’s procurement system through her service as Chair of the Procurement Advisory Council;

WHEREAS, Sheila McDonald’s expertise, insight, good judgment, wise counsel and advice benefited five Governors, four Treasurers, and four Comptrollers;

WHEREAS, the members of the Board of Public Works and all Marylanders feel a deep sense of gratitude for Mrs. McDonald’s contributions to the State;

NOW, THEREFORE, the Board of Public Works resolves that this resolution be placed in the public record as a heartfelt tribute to a person whose magnificent service will long be treasured in the annals of the State.
A1. **DEPARTMENT OF HUMAN SERVICES**  
*Social Services Administration (SSA)*  
*Foster Care Maintenance Payments Program*

**Contract ID:** Emergency Out of State Residential Child Care Services  
SSA/OOS-22-045, ADPICS # N00B2600354

**Contract Type:** Services

**Description:** Emergency placement of one youth.

**Procurement Method:** Emergency

**Award:** 2900 Johnson Street Operating Company, LP  
Aliquippa, PA

**Amount:** $212,000 (not to exceed)

**Contract Term:** 3/03/2022 – 9/03/2022 (6 months, 28 days)

**Date Emergency Declared:** 3/03/2022

**Contract Award Date:** 3/03/2022

**Date Emergency Reported:** 3/28/2022

**MBE/VSBE Participation:** N/A / N/A

**Fund Source:** 100% General

**Appropriation Code:** N00G0001

**Remarks:** *Nature of Emergency:* Emergency placement of one fourteen-year-old youth diagnosed with Mitochondrial Disorder Associated with Epilepsy, Seizure Disorder, Cerebellar Atrophy, Dandy-Walker malformation, Spastic Quadriplegia, Central Apnea with Tracheotomy and Ventilator Dependence, G-tube Dependence, Scoliosis, and Gastroesophageal Reflux Disease (GERD). The youth is also cortically blind.
A1. **DEPARTMENT OF HUMAN SERVICES (cont’d)**

**Remarks (cont’d):**

*Basis for Selection*: Due to the unique and emergent needs, it was determined by the Local Department of Social Services that 2900 Johnson Street Operating Company, LP was the most appropriate placement as it is a long-term care facility specializing in providing comprehensive care for medically complex children and young adults. The Procurement Officer has determined that the use of the Emergency Procurement method was immediately necessary and could not wait the 48 hours to obtain the Chief Procurement Officer's approval because non-placement would have caused imminent harm to the safety and welfare of the youth.

The Maryland State Department of Education (MSDE) is the State Agency responsible for setting rates for facilities that serve Maryland youth which are located outside of the State of Maryland. The Division of Special Education/Early Intervention Services (DSE/EIS), Nonpublic Special Education Section provides oversight for this work.

Maryland rates are set to ensure equal rates are paid for equal services regardless of the placing agency, placing State, or location of the facility. All rates issued by Maryland must comply with all cost approval guidelines and instructions.

*Reason for Late Report*: This emergency procurement award is being reported late due to the time needed for finalizing proper documentation and obtaining internal approvals.

*Resident Business*: No

*Tax Clearance*: 22-2214-0000

2. Elktonia/Carr's Beach Park Acquisition - $5,298,250.00
City of Annapolis
POS #7348-2-341   MD20220314-0173

Background: Acquire 5.16 acres for new waterfront park. The unimproved parcel is mostly wooded and contains over 300 feet of sandy beach area with direct waterfront access on the Chesapeake Bay. This addition will provide opportunities for walking paths and public water access where public water access is currently limited. This acquisition will also protect an unimproved parcel from development, as well as preserve a historical site where African Americans gathered in the 1930s through the 1960s for concerts by world-renowned artists, cultural events, and family outings. This acquisition will be a partnership among the State, County, and the City. In exchange for the $3,667,923 in POS State Share funding, POS Stateside will hold a perpetual conservation easement on the property. The remaining $1,200,000 is expected to come through the FY 2023 Local Parks and Playgrounds Infrastructure funding.

9A. PROGRAM OPEN SPACE STATE SHARE

Recommendation: That the Board of Public Works approve the Department of Natural Resources granting to the Trust for Public Land expenses for due diligence incurred in a real property acquisition under negotiation (POS 5565).

Explanation: When DNR purchases real property using a land trust, DNR seeks approval from the Board of Public Works to acquire the property interest and to reimburse the land trust for expenses related to the transaction. In this case, DNR has partnered with the Trust for Public Land to negotiate a real property acquisition. The Trust for Public Land is incurring due diligence expenses necessary to evaluate the transaction. Because of the length of time and complexity of the transaction, DNR seeks to enter into an agreement with the Trust for Public Land to reimburse those expenses.

Board of Public Works: Upon successful negotiations, DNR will present the final agreement to purchase, together with any remaining reimbursable due diligence expenses, to the Board of Public Works for approval.

Reimbursements to Land Trust:

2-C-BP. UNIVERSITY OF MARYLAND, COLLEGE PARK for THE UNIVERSITIES AT SHADY GROVE
On Call Construction Management at Risk Services Task Order
Bid Package 1 of 1

Contract ID: School of Nursing Expansion - Building 1- The Universities at Shady Grove. RFP No. 84966 (Master Order); RFP No. 106214-F (Task Order)

Recommendation: Award of Construction Bid Package

Contractor: J. Vinton Schafer & Sons, Inc., Abingdon, MD

Prior On-Call Contract Approval:
- USM Item 1-C (12/7/2016)
- USM Item 2-C-OPT (12/19/2018)
- USM Item 7-C-OPT (11/20/2019)
- USM Item 2-C-OPT (11/18/2020)
- USM Item 4-C (4/21/2021)

Project Description: The project is to complete design and construction for the space expansion of the University of Maryland at Baltimore’s School of Nursing within Building #1 of The Universities at Shady Grove. The work involves substantial reconfiguration of 11,970 GSF and new finishes in approximately 8,020 GSF. The overall project cost is estimated $9.7 million (including equipment)

Bid Package Description: Sole bid Package includes all work required to start and complete construction.

Contract Term: 44 months from notice to proceed (including warranty period).

Bid Package Amount: $5,526,027

Current Contract Amount: $274,702

Revised Contract Amount: $5,800,729

Fund Source: Institutional Funds

MBE Participation: Overall: 25%; Subgoals: 8% African American Owned; 11% Women Owned

Performance Security: 100% performance bond.
2-C-BP. UNIVERSITY OF MARYLAND, COLLEGE PARK for THE UNIVERSITIES AT SHADY GROVE (cont’d)
On Call Construction Management at Risk Services Task Order Bid Package 1 of 1

Requesting Institution Remarks: This contract was initially awarded for pre-construction services through the design phase. As design progressed and design information became available, the contractor sequentially and competitively bid construction packages. This is the only bid package anticipated for this project.

The overall estimated project cost increased due to the need to replace existing mechanical equipment not included in the original scope of work, and current construction market conditions.

Sustainability: The design of the project will comply with the Maryland State Energy Code and include sustainable features such as the following: HVAC airflow reduction based on occupancy, variable frequency drive motors, energy efficient LED lighting fixtures with occupancy sensor controls and water-saving plumbing fixtures.

Resident Business: Yes

MD Tax Clearance: 22-2420-1000
3-C-OPT. UNIVERSITY OF MARYLAND BALTIMORE
On-Call Architectural/Engineering Design Services- Small Business Reserve-Renewal Option

Contract ID: On-Call Architectural/Engineering Services, Small Business Reserve, RFP #88728 CB

Contract Approved: USM Item 8-AE (6/19/2019) ($3,750,000 million)

Contractors:
- Ammon Heisler Sachs Architects, P.C. Baltimore, MD
- Arium Acorn LLC Columbia, MD
- ATI, Inc. DBA Colimore Architects, Inc. Baltimore, MD
- JRS Architects Baltimore, MD
- Sanders Designs, P.A. Cockeysville, MD

Contract Description: Provide A/E services for small projects for the University System of Maryland institutions, primarily in the Baltimore region, on an as needed basis. Project renovation types include classrooms, laboratories, conference rooms, office spaces, associated administrative areas.

Option Description: Exercise first and sole renewal option.

Original Contract Term: 6/20/2019 – 6/19/2022 (3 years w/ one 2-year renewal option)

Renewal Term: 6/20/2022 – 6/19/2024

Original Contract Amount: $3,750,000 (not to exceed) 3-year base term

Option Amount (this Item): $2,500,000 (not to exceed) 2-year renewal option

Procurement Method: Competitive Sealed Proposals

MBE Participation: MBE goals are established on individual task orders exceeding $50,000.

MBE Compliance: 30%

Performance Security: None
3-C-OPT.  UNIVERSITY OF MARYLAND BALTIMORE (cont’d)

Requesting Institution Remarks: Renewal is recommended for all five firms based on satisfactory performance. Implementation will be on a task order basis with no guarantee of award to any firms. The A/E firms must use the fixed hourly rates of the original procurement for this renewal period.

Fund Source: Fund Sources will be presented on each task order award exceeding $1 million that requires Board of Public Works approval.

Funding: Institutional Funds
4-C. UNIVERSITY OF MARYLAND, COLLEGE PARK (cont’d)

**MBE Participation Goal:** Overall: 30%; Subgoals: 8%, African American; 11%, Women Owned

**Performance Security:** Equal to contract amount

**Requesting Institution Remarks:** This solicitation was advertised on eMaryland Marketplace Advantage. Ten firms responded to the solicitation. After review of technical proposals by the evaluation committee, seven firms were deemed susceptible for award. Award is recommended to the lowest price, technically-acceptable proposer: North Point Builders of Maryland, LLC.

**Sustainability:** This building will comply will meet the requirements of the Maryland High Performance Building Program and the International Green Construction Code. The following is a list of some of the sustainability measures included in the project: high efficiency mechanical systems, occupancy sensors, soil and water quality protection and light pollution control. There will also be a construction material and waste management plan during construction.

1-GM.  MARYLAND AVIATION ADMINISTRATION
General/Miscellaneous: Standard Concession Contract

Contract ID: Concession Contract; MAA-LC-22-025

Contract Description: This is a concession contract to conduct aircraft maintenance services at Baltimore/Washington International Thurgood Marshall (BWI Thurgood Marshall) Airport.

Recommendation:

1) To approve a new standard air freight ground handling contract, which includes aircraft maintenance services, at BWI Thurgood Marshall Airport.

2) To provide delegated authority for the Maryland Department of Transportation Maryland Aviation Administration (MDOT MAA) to enter into such contracts with airline-support tenants providing such services without further Board of Public Works (BPW) approval. MDOT MAA requests that non-material changes to the contract provisions, such as adjustments to insurance coverage requirements and other changes, adjustments and/or modifications made from time to time in the normal course of business that does not materially impact the contract, be made without requesting further BPW approval. In the event material changes are made to the terms and conditions of this contract, MDOT MAA will present the resulting contract to the BPW for its approval.

Contractor: AvDyne Aeroservices, LLC (or any applicable airline-support tenant)
Glen Burnie, MD

Contract Term: 06/01/2022 – 05/31/2027 (maximum term five (5) years)

Contract Amount: Contractor pays 5% of gross revenues from the sale of aircraft maintenance services. The average estimated monthly revenue from aircraft maintenance services is $2,600.00

Requesting Agency Remarks: This is a standard concession contract for aircraft maintenance services under air freight ground handling services at BWI Thurgood Marshall Airport for any airline-support tenant. This contract was approved by the BPW on June 17, 2020, as MDOT Item 2-GM. This standard lease has a maximum term of five years and is revenue-generating through concession fees. It also includes new requirements for performance bonds, wire transfer payment information, and updates to the default and termination language. While this will be the standard for all airline-support tenants, MDOT MAA is bringing forward one of its current tenants under this new format. AvDyne Aeroservices provides aircraft maintenance services as part of the services included in the standard air freight ground handling contract.
1-GM. **MARYLAND AVIATION ADMINISTRATION** (cont’d)

**Requesting Agency Remarks (cont’d):**

This type of revenue-producing contract at a transportation facility is outside the scope of the State Procurement Law (State Finance and Procurement Article §11-202(3); COMAR 21.01.03.03.B(1)(d). However, the contract and any modifications must be approved by the BPW because the contract constitutes the use of State Property under State Finance and Procurement Article, §10-305.

**Resident Business:** Yes

2-GM. MARYLAND AVIATION ADMINISTRATION
General/Miscellaneous: Standard Lease Contract

Contract ID: Lease Contract; MAA-LC-22-040

Recommendation:

1) To approve a new standard lease of space and facilities in the ground equipment service building at BWI Thurgood Marshall Airport.

2) Provide delegated authority for the Maryland Department of Transportation Maryland Aviation Administration (MDOT MAA) to enter into such contracts with airline/airline-support tenants requiring space in the GESB without further Board of Public Works (BPW) approval. MDOT MAA requests that non-material changes to the contract provisions, such as adjustments to insurance coverage requirements and other changes, adjustments and/or modifications made from time to time in the normal course of business that does not materially impact the contract, be made without requesting further BPW approval. In the event material changes are made to the terms and conditions of this contract, MDOT MAA will present the resulting contract to the BPW for its approval.

Contractor: AvDyne Aeroservices, LLC (or any applicable airline/airline-support tenant)
Glen Burnie MD

Contract Term: 06/01/2022 – 05/31/2027 (maximum term five (5) years)

Contract Amount: Contractor pays monthly rent for space in the GESB in the amount of $4,860.62 or $58,327.38 annually (Land rental fee of $2,375.34; Building rental fee of $53,091.60 and proportionate share of utilities of $2,860.44)

Requesting Agency Remarks: This is a standard lease of space and facilities in the ground equipment services building at BWI Thurgood Marshall Airport for any airline/airline-support tenant requiring space, and was approved by the BPW on August 30, 2006, as MDOT Item 15-GM. This standard lease has a maximum term of five years and is revenue-generating through rental fees charged at fair market value for land and building, along with a proportionate share of associated utilities. It also includes new requirements for performance bonds, wire transfer payment information and updates to the default and termination language. While this will be the standard for all airline/airline-support tenants, MDOT MAA is bringing forward one of its current tenants under this new format. AvDyne Aeroservices, LLC leases Bay F in GESB 123.
2-GM. MARYLAND AVIATION ADMINISTRATION (cont’d)

Requesting Agency Remarks (cont’d):

This type of revenue-producing contract at a transportation facility is outside the scope of the State Procurement Law (State Finance and Procurement Article §11-202(3); COMAR 21.01.03.03.B(1)(d). However, the contract and any modifications must be approved by the BPW because the contract constitutes a use of State Property under State Finance and Procurement Article, §10-305.

3-M. MARYLAND AVIATION ADMINISTRATION (cont’d)

Requesting Agency Remarks: This solicitation was advertised on eMaryland Marketplace Advantage (eMMA) and the Maryland Department of Transportation Maryland Aviation Administration’s (MDOT MAA) website on October 20, 2021. The MDOT MAA directly solicited fifteen (15) prospective bidders. Three (3) bids were received.

The MDOT MAA reached out to the prospective bidders to ascertain reasons for not bidding and found:

- Firms did not have the necessary equipment, labor, and capital required to perform; and
- Other commitments preclude participation.

The MBE goal established for this procurement was 12%; however, QSS International, Inc. committed to exceeding the MBE participation goals by 50% (62%).

5-S-MOD.  MARYLAND AVIATION ADMINISTRATION
Modification: Service Contract

**Contract ID:** Comprehensive Airport Acoustical Services at Baltimore/Washington International Thurgood Marshall (BWI Thurgood Marshall) and Martin State (MTN) Airports; *MAA-SV-19-001*

ADPICS No.: CO395804

**Contract Approved:** DOT Agenda 01/23/2019, Item 3-S

**Contractor:** Harris Miller Miller and Hanson, Inc. Burlington, MA

**Contract Description:** This work-order contract provides comprehensive assistance with updating the Airport Noise Zone (ANZ) and Noise Abatement Plan (NAP) at BWI Thurgood Marshall and MTN Airports to prevent further incompatible land development around state-owned airports and to minimize the impact of aircraft noise on people living near them.

**Modification Description:** Modification No. 1 modifies the contract to include cost plus fixed fee as an acceptable basis of compensation for specific task. The original contract was awarded in January 2019 with the basis of compensation being "all-inclusive labor rates" on an hourly basis at a not-to-exceed value of $8,500,000.

Per the Federal Aviation Administration (FAA) guidance, and consistent with FAA Advisory Circular 150/5100-14E Architectural, Engineering, and Planning Consultant Services for Airport Grant Projects, cost plus fixed fee compensation will allow eligible work orders issued under this contract to be eligible for federal Airport Improvement Program (AIP) and Passenger Facility Charge (PFC) funding assistance. Such works include the current BWI Residential Sound Insulation Program and the planned BWI Part 150 Noise Compatibility Program Update. As currently awarded, this contract is not eligible for federal funding. The proposed amendment is for the basis of compensation methods only, which will allow for federal funding. The contract duration and budget remain unchanged.

**Original Contract Term:** 02/18/2019 – 02/17/2024

**Original Contract Amount:** $8,500,000 NTE

**Modification Term:** 05/19/2022* – 02/17/2024 (*or earlier upon BPW approval)

**Modification Amount:** $0

**Prior Mods/Options:** N/A

**Revised Contract Amount:** $8,500,000
5-S-MOD. MARYLAND AVIATION ADMINISTRATION (cont’d)

Modification: Services Contract

Contract ID:  Security Guard Services; 218001-S
ADPICS No.: CO395368

Contract Approved:  DOT Agenda 05/16/2018; Item 5-S

Contractor:  Universal Protection Service LLC
    dba Allied Universal Security Services
    Conshohocken, PA

Contract Description:  This contract provides the Maryland Department of Transportation Maryland Port Administration (MDOT MPA) with unarmed security guards at MDOT MPA facilities.

Modification Description:  Modification No. 4 requires the contractor to pay guards $2 per hour more than the Living Wage and to pay supervisors $3.09 above the rate payable to guards; increases by $1.27 per hour the rates payable by MDOT MPA to the contractor for guards and supervisors; and increases the not-to-exceed (NTE) value of the contract by $600,000 to cover those wage increases and the cost of additional guard and supervisor hours necessitated by increased security demands and business at MDOT MPA terminals.

Original Contract Term:  08/04/2018 – 08/03/2021

Modification Term:  05/19/2022* – 08/03/2024 (*or earlier upon BPW approval)

Overall Percent +/-:  134%

Original Procurement Method:  Competitive Sealed Proposals
6-S-MOD. MARYLAND PORT ADMINISTRATION (cont’d)

MBE/VSBE Participation: 0% / 0% (Single Element of Work)

Requesting Agency Remarks: This contract with Allied Universal Security Services (AUS), provides for unarmed security guards at MDOT MPA facilities. This contract is currently in year four of a six-year term expiring on August 3, 2024. The remaining years of the contract correspond to these dates:

<table>
<thead>
<tr>
<th>Year</th>
<th>Dates</th>
</tr>
</thead>
<tbody>
<tr>
<td>4</td>
<td>August 4, 2021 – August 3, 2022</td>
</tr>

</tr>
<tr>
<td>6</td>
<td>August 4, 2023 – August 3, 2024</td>
</tr>
</tbody>
</table>

This modification, if approved, will add $600,000 to the NTE value of the contract to meet the demand for additional access control services at new posts and to pay security officers (guards and supervisors) $2.00 more per hour to enable AUS to favorably compete as an employer of choice by paying security officers a more competitive hourly wage. The MDOT MPA Office of Security has estimated the additional amount that should be added to the contract at $600,000, as follows:

End of Year 6 Estimate with $1.27 Hourly Wage Increase Effective 1 May 2022:

- Ceiling Remaining (unspent NTE value) $10,796,268
- Estimated needed to end Year 4 $ 1,958,200
- Estimated needed to end Year 5 $ 4,659,000
- Estimated needed to end Year 6 $ 4,748,000
- Ceiling at the end of Year 6 with pay increase ($ 568,932)

Increased business operations and anticipated growth at MDOT MPA marine terminals require additional staffing to meet security mandates established by COMAR 11.05.03 and 11.05.07 and Title 33, Sections 105.200 through 105.295 (Facility Security Requirements) of the Code of Federal Regulations. For example, in April 2021, MDOT MPA opened an additional gate/lane at the Dundalk Marine Terminal Truck Plaza to meet the increased volume of arriving traffic created when a terminal tenant expanded its business operations. In January 2022, MDOT MPA opened an additional gate at the North Locust Point Marine Terminal to facilitate timely access for employees during winter “salt season” operations. Ports America Chesapeake, the public-private partnership lessee of Seagirt Marine Terminal, is nearing completion of its long-term plan to expand business operations at Seagirt. This plan will require MDOT MPA to create three new posts on the terminal to accommodate that business expansion, expected to begin in April 2022.

As MDOT MPA increases the demand for additional security services, AUS is struggling to attract, hire, and retain qualified individuals to meet the current demand. Competition in the contracted security and other service-based industries in the Baltimore area is extremely competitive. AUS has implemented a variety of incentives to attract and retain qualified employees, including the use of sign-on bonuses, additional bonuses for applicants who already have their Federally
6-S-MOD. MARYLAND PORT ADMINISTRATION (cont’d)

Requesting Agency Remarks (cont’d):
mandated Transportation Worker Identification Credential (TWIC), and employee performance recognition rewards. Despite these incentives, AUS is chronically operating at 70% of the workforce needed to fully meet MDOT MPA’s current staffing requirements, requiring available staff to work overtime (paid at AUS’ expense) and with scaled-back staffing at high-volume posts.

The economic recovery from COVID-19 is driving many employers to rapidly ramp up hiring across all sectors, resulting in the raising of base wages to fill open positions. With several nearby distribution centers and other employment opportunities paying significantly more than entry-level security personnel, AUS must offer more competitive wages to attract and retain qualified personnel. AUS’ pricing under the contract was based on paying guards at the Living Wage hourly rate and supervisors at a few dollars more. Those wages are no longer sufficient to meet MDOT MPA’s security needs and to allow AUS to meet contract requirements.

To address this unprecedented situation, MDOT MPA and AUS have agreed, subject to necessary approvals, to a $2.00 an hour pay raise for guards and supervisors, cost-shared between AUS and MDOT MPA at a rate of $1.27 additional per hour billed to MDOT MPA. The additional $.27 (over $1.00) is the cost share for AUS’ payroll taxes and other mandatories. AUS agrees to pay an additional $.27 on the dollar and any additional payroll expenses AUS may incur for the $2.00 per hour pay increase for the guards and supervisors assigned to this contract. In other words, the cost of a $2.00 per hour raise for guards and supervisors is actually $2.54; and under the proposed modification, MDOT MPA will pay $1.27 of that additional cost while the remaining $1.27 will be funded by AUS at no additional cost to the State.

Therefore, to meet existing and anticipated demands for contracted security and to assist AUS in becoming an employer of choice, MDOT MPA and AUS have agreed that:

(1) Minimum rates payable by AUS to guards and supervisors will be the following:

Guards: $2.00 per hour above the Maryland Living Wage rate applicable at any time during the term of the contract, and
Supervisors: $3.09 above the rate payable to guards;

(2) Rates payable by MDOT MPA to AUS will be increased as follows:

<table>

$31.87
$32.48
6-S-MOD. MARYLAND PORT ADMINISTRATION (cont’d)

Requesting Agency Remarks (cont’d):

(3) An additional $600,000 should be added to the contract’s NTE limit to fund the additional access control services at new posts and MDOT MPA’s contribution to the guard and supervisor pay increases. The additional funding needed for MDOT MPA’s contribution for the hourly pay increase is $491,541 which corresponds to 118 weeks (May 4, 2022 to August 3, 2024) multiplied by 3280 guard/hours per week multiplied by $1.27. The remaining $108,460 is the cost to staff new guard posts that MDOT MPA has already opened since the contract’s NTE limit was last adjusted, and posts expected to open in May, 2022 to accommodate increased security demands at Seagirt Marine Terminal. The new NTE limit will also allow room for MDOT MPA to address additional unanticipated security demands as business increases during the remainder of the contract term.

Failure to approve this modification will likely result in it being impossible for AUS to meet contract requirements and MDOT MPA needs for security. That in turn could lead to:

- Delays and backups, as truckers seeking access to the terminals must wait at security checkpoints due to minimally staffed posts, to the disadvantage of tenant business, truckers, and other shipping stakeholders that rely on the Port of Baltimore and its convenient location along the I-95 corridor;

- Compromise of AUS’ ability to attract and retain qualified individuals, as employees are pressured to work overtime as a matter of routine;

- Increase in the likelihood of fatigue-induced injuries and security breaches, as AUS’ limited staff is expected to work longer hours in a harsh working environment;

- Placing AUS in an untenable position where employees leave the company because of burnout, injury, or simply being made a better job offer;

- Increase in the likelihood of a breach of security, as new security officers must work independently and without adequate supervision from more experienced security officers and supervisors;

- Placing MDOT MPA at risk of penalty assessed by the Coast Guard if found not in compliance with its approved Facility Security Plan; and

- Loss of the MDOT MPA’s reputation of being an industry leader in port security and compliance with Federal mandates (MDOT MPA has achieved the Coast Guard’s highest security rating for 13 consecutive years).
6-S-MOD.  MARYLAND PORT ADMINISTRATION (cont’d)

Requesting Agency Remarks (cont’d):

The modification provides that it will take effect on the first day of the month following Board of Public Works approval. This modification was approved by the Maryland Port Commission on April 5, 2022.

    Equipment Contract

   Contract ID:  Bus Engine Fire Suppression System Replacement; P5208858
               ADPICS No.: P5208858

   Contract Description:  This contract provides for the replacement of the Bus Engine Fire
                        Suppression System in 19 transit buses owned and operated by the Maryland Department of
                        Transportation Maryland Transit Administration (MDOT MTA).

       Award:  Fireline Corporation
               Baltimore, MD

       Contract Term:  05/11/2022* – 05/10/2023 (*or earlier upon BPW approval)

       Amount:  $222,300 NTE

       Procurement Method:  Competitive Sealed Bidding (Single Bid received)

       MBE/VSBE Participation:  0% / 0% (Proprietary)

       Incumbent:  None

   Requesting Agency Remarks:  This solicitation was advertised via eMaryland Marketplace Advantage on December 12, 2021, notifying 144 vendors and five (5) vendors were direct solicited. The bid opening was conducted on January 20, 2022, and one (1) bid was received. MDOT MTA contacted several of the non-responsive prospective bidders and learned that Bus Engine Fire Suppression is a specialized sub-category of fire suppression with most vendors not capable of providing this equipment and installation.

   The Bus Engine Fire Suppression System currently in place in 19 of MDOT MTA’s 2017 Series transit buses has failed and requires replacement. In the event of an engine fire, this replacement system will automatically activate a dry chemical fire suppression agent and extinguish the fire before it moves into the passenger area of the bus. Fireline Corporation’s (Fireline) bid met the requirements and specifications of the solicitation providing for both equipment and installation.

   MDOT MTA has determined that the price offered by Fireline is fair and reasonable for the equipment and installation to be provided, based on comparison to the manufacturer’s established price list.

**Requesting Agency Remarks:** This solicitation was advertised via eMaryland Marketplace Advantage on December 22, 2021, notifying 100 potential vendors. Seven (7) vendors were notified of the solicitation by email. On February 3, 2022, three (3) bids were received.
8-GM. MARYLAND TRANSIT ADMINISTRATION (cont’d)

Requesting Agency Remarks (cont’d):

The routes are as follows:

Route 210: Provides weekday service stops between Kent Island, MD, Annapolis, MD and Baltimore, MD and consists of five (5) daily north-bound trips (between 5:30 a.m. and 7:30 a.m.) and five (5) daily south-bound trips (between 3:10 p.m. and 5:10 p.m.).

Route 215: Provides weekday service stops between Baltimore, MD and Annapolis, MD and consists of three (3) daily south-bound trips (between 5:45 a.m. and 7:45 a.m.) and three (3) daily north-bound trips (between 3:17 p.m. and 5:17 p.m.).

The contract amounts include the prospective awardees’ bid value plus built-in reimbursement costs. Although a 6% MBE goal was established for the contract, Academy Express, LLC has committed to exceeding the goal by 1.13% (7.13%).

This contract includes a provision authorizing an extension for a total period no longer than one-third of the base term to spend funds remaining on the contract as provided in the Board of Public Works (BPW) Advisory 1995-1 found on the BPW website.

Requesting Agency Remarks: This agreement between MDOT MTA and The Maryland and Delaware Railroad Company (MDDE) provides for operation of rail freight service on three (3) State-owned rail lines on the Eastern Shore and includes the lease of three (3) State-owned locomotives to MDDE.  

Amendment No. 3 increases the contract authority to provide for the reimbursement of costs incurred by MDDE due to schedule delays in MDOT MTA’s Massey Engine House Replacement Project in 2019. This amendment also changes contract language in the agreement including:  

- Update MDDE’s responsibilities for the Cambridge Secondary Track in Dorchester County to reflect an agreement between MDOT MTA and the City of Cambridge for the development of a park/recreational trail along the right-of-way between Washington and Cedar Streets;  
- clarify language governing control of access to the MDOT MTA property operated by MDDE to account for railroad customers loading and unloading freight cars; and  
- identify the President of MDDE as the recipient for any notices.

*Delegated Contract Action Record (DCAR): Procurement action taken under the MDOT’s delegated authority.*
10-RP. MARYLAND TRANSIT ADMINISTRATION
Real Property – Acquisition

Recommendation: That the Board of Public Works approve the Maryland Department of Transportation Maryland Transit Administration (MDOT MTA) acquiring real property.

Authority: Transportation Article, § 7-204 (d)(1); Annotated Code of Maryland

Property: MTA RE #0936.10
Temporary Construction Easement (± 6,320 square feet), located at 1404 Front Avenue, Lutherville, Maryland 21093 in Baltimore County.

Grantor: 1404 Front, LLC

Grantee: State of Maryland, MDOT MTA

Consideration: $6,500

Appraised Value: $5,350 – Bruce Dumler (Selected)
$4,800 – Melville Peters (Approved)
Casey Fitzpatrick, SHA Review Appraiser

Special Conditions: None

Fund Source: 100% Special Funds (Transportation Trust Fund)

Requesting Agency Remarks: MDOT MTA requires the acquisition of a Temporary Construction Easement (TCE) for access to repair Light Rail Bridge No. 545-N in Baltimore County, Maryland. In December 2022, the property owner was offered and rejected a written offer in the amount of $5,350.00. The appraisal provided a range of $6.25-$7.63 per square foot. The owner requested the higher per square foot range due to the property location and use. After additional negotiations about the possible damage to the asphalt parking lot, an Option Contract was signed on February 10, 2022. MDOT MTA determined that the counteroffer of $6,500 was fair and reasonable. MDOT MTA proposes to acquire the subject property through a negotiated settlement.

BOARD OF PUBLIC WORKS ACTION – THIS ITEM WAS:

APPROVED WITHOUT DISCUSSION
11-RP. MARYLAND TRANSIT ADMINISTRATION
Real Property – Abandon Acquisition

Recommendation: That the Board of Public Works approve the Maryland Department of Transportation Maryland Transit Administration (MDOT MTA) abandonment of real property.

Authority: Constitution of Maryland, Article III, § 40
Real Property Article, § 12-109
Transportation Article, § 7-204(d) (1), § 7-401(a)
Maryland Court Rules, § 12-201, §12-211
Annotated Code of Maryland

Property: MTA #02077
7315 Wisconsin Avenue (±0.20 acres), two perpetual easements located in Bethesda, Maryland 20814 in Montgomery County.

Grantor: Bethesda Crossing EW Acquisition, LLC (“Bethesda Crossing”)

Grantee: State of Maryland, MDOT MTA

Consideration: $1,200,000 (payment in lieu of further litigation)

Appraised Value: $2,200,450 – Gary Anglemyer, (Selected)
$3,935,305 – Karen Belinko, (Approved)
Wesley Barkley, Review Appraiser

Special Conditions: MDOT MTA abandoned its acquisition proceedings under eminent domain and re-designed the project to eliminate the damage exposure and property rights needed to construct, operate and maintain the Purple Line transit service.

Fund Source: 100% State

Requesting Agency Remarks: The subject property was originally required for the Purple Line Project. MDOT MTA no longer needs the subject property due to a project redesign. MDOT MTA proposes paying Bethesda Crossing a settlement amount of $1.2M to satisfy the Abandonment Fee Agreement. The consideration will cover the reasonable legal, appraisal, and engineering fees actually incurred by Bethesda Crossing to defend its property rights.
REQUESTING AGENCY REMARKS (cont’d):

Background & History:
A portion of the subject property was required for the construction of MDOT MTA’s Purple Line Project located in Montgomery County, Maryland. The Site Surface Area of the subject property in the Before Condition, i.e., prior to MDOT MTA’s acquisition, comprised 46,480 square feet or 1.0670 acres of land, more or less, improved with two structural towers: the West Tower, a 13-story, 225,147 square foot Class A office building with ground floor retail, built in 1974 and renovated in 2014, and rated in good quality and condition; and the East Tower, a 10-story, 112,000 square foot Class A office building with ground floor retail, built in 1964 and renovated in 2014, and rated in good quality and condition. The subject property is located above and over the former Georgetown Branch (originally constructed by the Metropolitan Southern Railroad, a predecessor in interest to the Baltimore & Ohio Railroad and CSX Transportation Company) right of way. The railroad right of way was purchased by the prior property owner but the then operating railroad (CSX) reserved to itself a perpetual easement (32-feet wide and 22-feet high tunnel under the existing Bethesda Crossing building) for transportation purposes (hereinafter, the “Transportation Easement”). In 1987, CSXT granted and conveyed the former Georgetown Branch right of way to Montgomery County, including the perpetual easements that had been held by CSXT. MDOT MTA and Montgomery County entered into a Franchise Agreement in 2017 allowing MDOT MTA to use the County’s public rights of way, including the Georgetown Branch right of way and easements.

In its acquisition from Bethesda Crossing, the Purple Line project sought to obtain two parcels in perpetual easement. Parcel A comprised 8,668 square feet of land or 0.199 acres of land, more or less, for a perpetual vertical easement for the construction, access, operation, and maintenance of transit services above and over the Transportation Easement within the existing tunnel for Purple Line infrastructure and equipment (i.e., the overhead catenary system, which was to be attached to the tunnel ceiling). Parcel B comprised 25 square feet of land / 0.001 acres of land, more or less, for a perpetual easement for construction, access, operation and maintenance of the Purple Line.

MDOT MTA’s offer of just compensation in the amount of $2,200,450 for the real property interests was rejected by the Owner. The Owner then obtained its own appraisal that initially valued the subject real property rights at $6,500,000. MDOT MTA, pursuant to the applicable statutes, after following the required Uniform Act processes, filed a Complaint for Condemnation in the Circuit Court on July 12, 2018. Thereafter, in May 2019, Bethesda Crossing produced a report estimating the value of consequential damages to the property as a result of MDOT MTA’s acquisition as comprising $57,500,000 in addition to its appraiser’s updated opinion of value. The Owner’s updated appraisal as of June 2019 valued MDOT MTA’s acquisition of Parcels A and B as ranging between $8,149,688 and $8,801,663 for the perpetual easement property rights MDOT MTA was seeking.
11-RP. MARYAND TRANSIT ADMINISTRATION (cont’d)

Requesting Agency Remarks (cont’d):

In light of these extensive consequential damages estimated by Bethesda Crossing, MDOT MTA agreed to investigate and analyze whether its project design could be modified to avoid the acquisition of Parcels A and B, thus negating the risk of liability for Bethesda Crossing’s $57,500,000 consequential damages claim. Notwithstanding this effort, however, the parties were faced with proceeding as if condemnation litigation were moving forward to trial. As a result, the parties agreed the State should abandon its condemnation action while finalizing the alternative design, and MDOT MTA ultimately abandoned the condemnation action on December 6, 2019.

The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, Subpart B, 49 CFR §24.107, provides that a Federal grant recipient must reimburse the reasonable expenses that a property owner actually incurred if the condemnation proceeding is abandoned. In addition, pursuant to Md. Code Annotated, Real Property Article § 12-109 (e), and Maryland Circuit Court Rule 12-211 (d), a property owner (here, Bethesda Crossing) is entitled to recover its reasonable legal, appraisal, and engineering fees actually incurred because of the condemnation action.

Because of the interplay of the complex property rights and engineering issues associated with the Bethesda Crossing property, the conditions created by virtue of the perpetual easement held by Montgomery County within the tunnel, and the intricacy of the proposed Purple Line design requirements, MDOT MTA resolved to redesign the overhead catenary system to eliminate the Purple Line’s extensive vulnerability to Bethesda Crossing’s $57,500,000 consequential damages claim and to avoid the substantial magnitude of the Project cost risk due to a potential delay in construction.

Bethesda Crossing submitted legal, appraisal, and engineering fees totaling $1,773,100 for its efforts to defend its property rights against the MDOT MTA Complaint for Condemnation. MDOT MTA examined the extent of the professional service fees claimed and confronted Bethesda Crossing for the legitimacy of various incurred costs, challenged the necessity of certain actions, and earned Bethesda Crossing concessions to portions of its incurred costs, resulting in the lowered reimbursement demand of $1,200,000 reflected in the Abandonment Fee Agreement.
11-RP. **MARYAND TRANSIT ADMINISTRATION (cont’d)**

*Requesting Agency Remarks (cont’d):*

MDOT MTA seeks Maryland Board of Public Works approval to satisfy the Abandonment Fee Agreement with Bethesda Crossing and pay the reasonable legal, appraisal, and engineering fees actually incurred by Bethesda Crossing to defend its property rights. The settlement amount is $1,200,000. MDOT MTA, with the agreement of the Office of the Attorney General, contends that the ability to amicably settle with the Owner is fair and equitable, and in the best interest of all parties.

Maintenance Contract

**Contract ID:** Mechanical Cleaning and Sweeping of Paved Surfaces at Various Locations in Allegany County; 4100161424SB
ADPICS No.: 4100161424

**Contract Description:** This contract is for the mechanical cleaning and sweeping of paved surfaces at various locations in Allegany County.

**Awards:** Quarry Ridge Corporation (Certified Small Business) Cumberland, MD

**Contract Term:** 05/12/2022 – 12/31/2024 (964 Calendar Days)

**Amount:** $265,650 NTE

**Procurement Method:** Competitive Sealed Bidding (Small Business Reserve) (Single Bid Received)

**Bids:** Quarry Ridge Corporation Cumberland, MD $265,650

**Living Wage Eligible:** Yes

**MBE/VSBE Participation:** 0% / 0% (Limited Subcontracting Opportunities)

**Performance Security:** None

**Incumbent:** Quarry Ridge Corporation Cumberland, MD

**Requesting Agency Remarks:** This contract was advertised on eMaryland Marketplace Advantage on November 2, 2021, notifying 75 potential contractors, 19 of which were MDOT-certified Minority Business Enterprises (MBEs). Bids were opened on December 2, 2021.

There was only one (1) bid received on this contract. During advertisement, MDOT SHA District 6 District Operations Engineer (DOE) contacted three (3) contractors to solicit participation in the bidding process. These three (3) contractors are the only others that have bid and been awarded the sweeping contracts in the past throughout Western Maryland.
14-M. **STATE HIGHWAY ADMINISTRATION** (cont’d)

*Requesting Agency Remarks (cont’d):*

Although District 6 conducted this additional outreach, these three (3) past awardees still did not bid on the contract. The Engineer conducted post-bid outreach to find out why these contractors did not bid.

The first contractor indicated that Allegany County is two (2) hours away from their yard, so the distance is too far for the uncertain number of sweeping requests. The second contractor noted that they bid and have been awarded sweeping contracts in the past in Western Maryland, but after the Spring sweeping of leftover Winter debris is complete, there is not enough consistent work throughout the entire year to cover their expenses. The third contractor did not respond to requests for feedback. The distance to Allegany County eliminates many contractors from being interested in this sweeping contract, as the travel is cost and time prohibitive.

The awardee, Quarry Ridge Corporation (Quarry Ridge), submitted a bid of $265,650.00 to complete the project. The bid received is fair and reasonable as it is 6.89% lower than the Engineer’s Estimate. This bid was determined to be responsive and MDOT SHA reviewed the bid with Ms. Jane Belt, owner of Quarry Ridge. Quarry Ridge has proven themselves as a capable contractor as the incumbent contractor from the previous contract.

The Maryland Department of Transportation State Highway Administration has confirmed Quarry Ridge Corporation’s bid price and work conducted on this contract is performed 100% by a State-certified Small Business.

Dorothy Viault, (± 100 ft) located east of I-270, north of the I-270/MD-124 (Montgomery Village Ave) interchange, Gaithersburg, Montgomery County.

Grantor: State of Maryland, MDOT SHA

Grantee: MFV 700 NFA, LLC, a Maryland limited liability company, and DNIP4 700 NFA, LLC, a Maryland limited liability company

Consideration: $500

Appraised Value: N/A

Special Conditions: N/A

Legislative Notice: N/A

State Clearinghouse: N/A

Requesting Agency Remarks: In 1955, MDOT SHA acquired the subject property as part of the I-270 construction project. MDOT SHA proposes to release a snow fence easement on the property to the adjoining owner, MFV 700 NFA, LLC and DNIP4 700 NFA, LLC, at an administrative cost of $500.

BOARD OF PUBLIC WORKS ACTION – THIS ITEM WAS: APPROVED WITHOUT DISCUSSION
22-RP.  THE SECRETARY OFFICE
Real Property – Disposition

Recommendation: That the Board of Public Works approve the Maryland Department of Transportation State Highway Administration (MDOT SHA) disposing of real property as it is excess to the agency’s needs.

Authority: Transportation Article, § 8-309 (g)(1)(2)(ii)
Annotated Code of Maryland

Property: MC# 17-1082
Weir/ Woodmark Inc. Parcel 2 (+/- 0.362 acres), located on the Northeast corner of Corridor Road and Junction Drive, Annapolis Junction in Howard County.

Grantor: State of Maryland, MDOT SHA
Grantee: Howard County, Maryland, a body corporate and politic
Consideration: $24,512.85 (acquisition cost plus interest)

Appraised Value: $157,880 – Melville Peters (Approved)
$155,660 – Gregory Jones (Selected)
Wesley Barkley, MDOT SHA Review Appraiser

Special Conditions: None

Legislative Notice: Notice was sent to the Senate Budget and Taxation Committee and the House Appropriations Committee of the General Assembly on July 13, 2021. The 45-day review period expired August 27, 2021.

State Clearinghouse: The Clearinghouse conducted an intergovernmental review of the project under MD20170620-0517. It has been recommended to declare the Former Weir, et al Property containing 4.58 +/- acres located on the Northeast corner of Corridor Road and Junction Drive in Howard County MC#17-1082, surplus to the State. We understand that Howard County expressed an interest in acquiring a portion of the parcel to construct a right turn lane from Dorsey Run Road to Junction Drive. This would be a benefit to the safety and operation of that roadway section.

Requesting Agency Remarks: In 1978, MDOT SHA acquired the property for the MD 32 – From U.S. Route 1 to Anne Arundel County project. The property is no longer needed by MDOT. MDOT SHA proposes to convey this property to Howard County as shown on SHA plat 61526 (Parcel 2) at the calculated acquisition cost plus interest value of $24,512.85. The County intends to use this property for stormwater management.

Department of Health

Recommendation: That the Board of Public Works approve a grant of $135,959 to Community Services for Autistic Adults and Children, Inc. (“CSAAC, Inc.”) (Montgomery County).

Project: The acquisition of a real property located at 20007 Rain garden Alley, Montgomery Village, MD 20886 once the residential build is complete. This project will provide housing for three individuals with developmental disabilities.

Appraisals:
- Contract of Sale $180,478
- Daniel O’Donoghue $180,478
- Sarah J. Walshe $180,478
- DGS accepted appraisal $180,478

Eligible Cost $181,278*
*Includes the lesser of the DGS accepted fair market value or the contract price at $180,478, and the cost of the appraisals at $800

Fund Source: The Maryland Department of Health has determined the grantee is responsible for providing 25% of the eligible project cost.

- Total Project Cost $181,278
- Eligible Project Cost $181,278
- State Share (75%) $135,959 MCCBL 2021 CB-12709-03
- Grantee Share (25%) $ 45,319 Cash Reserves

Remarks:
1. Grantee is a nonprofit organization and provides housing for individuals with developmental disabilities.
2. In accordance with § 24-606(d) of the Health-General Article of the Annotated Code of Maryland, the Board’s approval is further contingent upon the State’s right of recovery being recorded among the Land Records of Montgomery County.
3. No State funds will be disbursed until the grantee has presented suitable evidence to the Office of Facilities Management and Development that it has expended the required matching funds.

21-S. SERVICES CONTRACT (cont’d)

MBE/VSBE Participation: 15% / 0.5%

Performance Security: $300,000 Security Bond

Hiring Agreement Eligible: Yes

Incumbents: Harris & Harris; Chicago, IL

Requesting Agency Remarks: A notice of the availability of a Request for Proposals (RFP) was advertised on eMaryland Marketplace Advantage (eMMA), notifying 240 potential vendors on August 19, 2021. The solicitation was also posted on the Comptroller’s procurement website and listed in the contract brochure which is distributed at various procurement and MBE outreach events throughout the year. The RFP was directly emailed to 45 prospective offerors including 16 Maryland firms and seven MBEs.

Ten proposals were received in response and one proposal was determined not to be reasonably susceptible of being selected for award for failing to provide a complete technical proposal. Penn Credit ranked first overall with the third highest technical proposal and the second lowest commission rate and are recommended for award because the firm provided the most advantageous offer to the State.

The Comptroller of Maryland competitively acquires the services of both a primary and secondary collection service, awarded as separate contracts. The primary collection contractor is given the first opportunity to collect against the delinquent tax accounts and only if they are unsuccessful is the account given to a secondary collection contractor.

The anticipated collection during the contract term is estimated to be $46,000,000. The estimated revenue generated for the State is approximately $38,000,000. Penn Credit will receive 4.74% of each collection as a commission and an incentive award each year if a pre-established collection threshold is met.

BOARD OF PUBLIC WORKS ACTION – THIS ITEM WAS:

APPROVED DISAPPROVED DEFERRED WITHDRAWN WITH DISCUSSION WITHOUT DISCUSSION
22-S. SERVICE CONTRACT
Department of General Services

Contract ID: The Baltimore Sun Statewide Job Recruitment Advertising Services;
001B2600389
ADPICS No.: 001B2600389

Contract Description: Statewide job recruiting and advertising services at a discounted group rate.

Award: The Baltimore Sun Company, LLC; Wilmington, DE
(Local Office in Baltimore, MD)

Contract Term: 05/18/2022 - 05/17/2023

Amount: $400,000 NTE

Procurement Method: Sole Source

MBE/VSBE Participation: N/A / N/A

Performance Security: N/A

Incumbent: Same

Requesting Agency Remarks: This group rate is established under the presumption that all State agencies collectively will place at least $75,000 worth of job recruiting advertising during the contract term. This contract allows the State to obtain the lowest available pricing, a 25% reduction from the open rate, to run advertisements. The open rates for 2022 have remained the same since 2014.

The sole source procurement method was chosen rather than a competitive procurement because The Baltimore Sun is the only general daily newspaper with Sunday and Wednesday advertising that is distributed throughout the Baltimore metropolitan area. As part of the advertising package, if agencies purchase multiple days of advertising, i.e. Sunday and Wednesday, there is an additional discount on each advertisement of 10% for two days, 15% for three days, and 25% for four days.
22-S. **SERVICE CONTRACT (cont’d)**

In addition, this package provides to agencies the option to purchase a 30-day MaxRecruit Platinum online job posting with Social Network Add-On at $474 when bundled with a print advertisement.

Historically, the advertising purchases by individual State agencies varied with some agencies paying much higher rates than other agencies. Some agencies only advertise once a year while other agencies advertise once a month. When combined over a year period, the State agencies’ advertising purchases have well exceeded the $75,000 minimum threshold level per year and this contract is requesting $400,000 in order to meet the needs of all the State agencies combined for the one-year period.

Overall, the State’s usage averaged to approximately $250,000 in ten months in 2019, which has been the trend in previous year’s total contact usage. In 2020 the contract usage declined due to the COVID pandemic. However, in 2021 the State exceeded the contract threshold, spending a total of $125,000 for the contract year. It is expected the 2022 Agency contract usage will exceed the $75,000 minimum annual rate.

All local governments and qualifying not-for-profit organizations in Maryland are permitted to use the contract at the same prices as State agencies.

Usage of these contracts by non-State of Maryland agencies will be tracked and reported by the contractor and the requested contract amount is for State Agency usage only.

23-S. **SERVICES CONTRACT (cont’d)**

A notice of availability of an Invitation for Bids (IFB) was posted on eMaryland Marketplace Advantage on December 10, 2021 with a Small Business Reserve (SBR) designation. Copies of the solicitation were sent to 303 prospective vendors and 15 potential vendors were directly notified. Nine of the vendors that did not bid responded they currently have weatherization contractors and Crisis HVAC contracts with DHCD and are not in the shipping and packing business. Two bids were received and opened on January 21, 2022. Energy Earth, LLC d/b/a EE Incentives has been found responsible and its bid responsive. The bid pricing has been confirmed.

The purpose of this contract is to engage Marylanders in the energy savings process and provide energy savings to every Maryland household. DHCD will send an energy kit containing a small number of direct-install conservation measures such as LED light bulbs, faucet aerators, shower timers, educational materials and resources with energy saving tips to each new applicant.

**Requesting Agency Remarks:** This Solicitation was advertised on February 1, 2021 however, due to an error of not publishing this request for Non-Profit Organization only as stated in COMAR 07.02.18.02. The solicitation was canceled on March 17, 2021, and resolicited.
24-S. SERVICES CONTRACT (cont’d)

Agency Remarks (cont’d):

A notice of the availability of the Request for Proposals (RFP) was advertised on eMaryland Marketplace Advantage (eMMA) on October 28, 2021 and nine potential offerors were directly notified. Two proposals were received in response but only one was determined to be reasonably susceptible of being selected for award because according to COMAR 07.02.18.02 (13) a provider is defined as, “a public or private nonprofit agency or local department, which provides respite care services under a contractual agreement with, or direct grant from, the Administration or a local department” and the offeror is not a public or private non-profit agency. Reasons provided that others were not able to submit a proposal included that they were not non-profits, or the scope was outside of the work they perform.

Respite Care Services are monitored at the State level by the Department’s Social Services Administration (SSA), Office of Adult Services (OAS), under Title 07, Subtitle 02, Chapter 18 of COMAR. Services are at planned intervals, in a time of crisis, or on an as needed basis to eligible individuals who have developmental or functional disabilities.

Delmarva Community Services, Inc. (DCS) has been working in the Mid-Shore area since 1974 to offer persons with developmental disabilities, the elderly and other opportunities to grow through effective care, education, and employment. DCS is a multi-service, non-profit agency dedicated to helping people who wish to maintain dignity and an independent lifestyle within their community on the Delmarva Peninsula. DCS has provided DHS with respite care services for the Mid-Shore area for the past seven years. The price was determined to be fair and reasonable based on the historical price and average cost of home care which varies from $15 to $40 dollars per hour for intermittent help (medical or personal care), and $120 to $200 per day or more for live-in-care.

SERVICE CONTRACT
Department of Human Services, Maryland Legal Services Program

Contract ID: Legal Representation Services for Children Involved in Child In Need of Assistance (CINA), Termination of Parental Rights (TPR) and Related Proceedings and Indigent Adults Involved in Adult Protective Services (APS) Guardianship Hearings and Adult Public Guardianship Review Board (APGRB) Hearings
ADPICS No.: N00B2600352

Contract Description: Multiple contract awards to provide legal services through two Functional Areas (FA): FA I - for children involved in Child in Need of Assistance (CINA) and Termination of Parental Rights (TPR) Proceedings; and FA II - indigent adults involved in Adult Protective Services (APS) and Adult Public Guardianship Review Board (APGRB) hearings throughout the State including all 24 jurisdictions.

Awards: See Attachment II

Contract Term: 06/01/2022 - 05/31/2024 (w/three 1-year renewal options)

Amount:
$24,815,786 (Base, 2-years, FA I and II)
$12,407,893 (Renewal Option #1, 1-year, FA I and II)
$12,407,893 (Renewal Option #2, 1-year, FA I and II)
$12,407,893 (Renewal Option #3, 1-year, FA I and II)
$62,039,465 (Total FA I and II)

Procurement Method: Competitive Sealed Proposals

Proposals: See Attachment I
* Technical rankings were weighted higher than financial rankings.

MBE/VSBE Participation: N/A / N/A

Performance Security: N/A

Hiring Agreement Eligible: Yes

Incumbents: See Attachment I
Requesting Agency Remarks: A notice of availability of the Request for Proposal (RFP) was advertised on eMaryland Marketplace Advantage (eMMA) and the DHS website on October 22, 2020. Copies of the solicitation notice were sent directly to 182 prospective offerors. Offerors were asked to submit one proposal identifying the Functional Area and the jurisdiction they are requesting. For FA I, nine Offerors submitted Proposals, and for the FA II, eight Offerors submit Proposals. In FA I eight Offerors were determined to be reasonably susceptible for award; in FA II all proposals were determined reasonably susceptible for award.

Awards were made by jurisdiction to the offers deemed most advantageous to the State, with technical factors having greater weight than price. For FA I, there were single proposals received in Allegany, Carroll, and Garrett Counties. The pricing for these counties and the pricing was determined to be fair and reasonable as the pricing was either lower or comparable to pricing on the previous contract and within the range of pricing across all jurisdictions. For FA II, there were single proposals received in [redacted], Cecil, Garrett, Kent, St. Mary’s, Somerset, Washington, Wicomico, and Worcester counties. The pricing for these counties were deemed to be fair and reasonable as the pricing was either lower or comparable to pricing on the previous contract, within the range of pricing across all jurisdictions, and the previous contracts awarded were for a five year period. The fully loaded fixed-unit price is reflective of increased costs in business and growth in the total number of cases served over the two year base period. DHS believes it is in the State’s best interest to award these contracts. Without these contracts the costs to the State would significantly increase due to the attorneys’ ability to bill the State a standard hourly rate under the Court Appointed Program for all services associated with each case.

The Department is statutorily mandated to ensure the provision of quality legal representation to children involved in CINA/TPR and indigent adults involved in APS/APGRB proceedings statewide. Compensation must be provided to contractor attorneys for the representation of children who have been victims of abuse and/or neglect and alleged disabled individuals when the services are the responsibility of the Local Department of Social Services or Department of Aging. (See Courts and Judicial Proceedings Article, §3-813 and Family Law Article, §5-323 and Estates and Trusts Article, §13-705 or §13-709 and Family Law Article, §14-404 of the Annotated Code of Maryland).

To ensure quality legal representation to this vulnerable population, the RFP established floor salaries for attorneys to foster better staff retention, and the attorney/client ratio was lowered to eliminate the over assignment of cases, so attorneys can concentrate on and interact with a smaller number of clients.

The small difference in the technical merit of the #1 technically ranked Offeror and the #2 technically ranked Offeror rendered the proposals almost the same, which did not justify the higher price. Therefore, the #2 technically ranked Offeror was ranked #1 overall. The technical differences between the #1 technically ranked Offeror and the #3 and 4 technically ranked Offerors outweighed the difference in price. Therefore, the higher priced Offeror that was ranked #1 technically was ranked #2 overall. The small difference in the technical merit of the #3 technically ranked Offeror and the #4 technically ranked Offeror rendered the proposals almost the same, which did not justify the higher price for the #3 overall ranking. The #4 technically ranked Offeror also received an award as they were deemed more than capable of fulfilling the RFP requirements.

*This second overall ranked vendor rejected the award due to company’s workload at present time. The differences in the technical merit of the #2 technical ranked Offeror and the #3 technical ranked Offeror rendered the proposal significantly different and outweighed the difference in price, which did justify the higher price for award determination. Therefore, award is recommended to the higher priced Offeror that was ranked #1 technically.*

26-S. SERVICES CONTRACT

Maryland State Lottery & Gaming Control Agency, Creative Product Services Division

Contract ID: Baltimore Ravens Licensing; #2022-02
ADPICS No.: E75B2600013

Contract Description: License to use Baltimore Ravens NFL football team marks and logos for two instant ticket lottery games and a Fast Play terminal based instant lottery game including marketing materials at retailers and advertising for the tickets. Also Ravens and NFL football related prizes and second chance promotion.

Award: Baltimore Ravens Limited Partnership; Owings Mills, MD

Contract Term: 06/01/2022* - 12/31/2024 (*Or earlier upon BPW approval)

Amount: $318,970

Procurement Method: Sole Source

Living Wage Eligible: Yes

MBE/VBSE Participation: N/A / N/A

Performance Security: N/A

Incumbent: Same

Requesting Agency Remarks: The recommended contractor is the owner and exclusive licensor of the marks and logos of the Baltimore Ravens NFL football team. The contract includes the cost of the prizes to be awarded to winners of approximately six different second chance drawings. These prizes include Ravens season tickets for 20 years, Ravens 2022 and 2023 season tickets, pre-game access to the sidelines, opportunities to participate in an on-field activity during 2022 home games and a trip with the team to attend a 2022 Baltimore Ravens regular season NFL away game.
MLGCA anticipates producing one scratch-off ticket game using the Ravens’ NFL marks and logos that will have a quantity of 3,120,000 tickets, a $2.00 price point and a total retail face value of $6,240,000 and a second game that will have a quantity of 4,320,000, a $5.00 price point and a total retail face value of $21,600,000.

These games need to be submitted for production by early-June 2022 in order to have the tickets produced and available for distribution mid-summer 2022. Production of the instant scratch-off ticket games, which will be accomplished and paid under the MLGCA’s “Instant Ticket Games and Related Services Contract #2019-05”, is not included in this licensing contract.

The 2022 NFL season will be the fourteenth consecutive year that the MLGCA has produced instant ticket games using the Ravens’ logos and marks. In many of these previous years, the Ravens instant ticket games have been among the more popular and highest performing at their price point category. The second chance prizes are also quite popular, as unique player entries into these contests are some of the highest seen.

By law instant game players have 182 days to claim winning tickets after a game is closed-out and the MLGCA has to allow for that period to elapse before the contract expires.

MLGCA reviewed the overall prices and terms of other similar promotions which involved the licensing of proprietary properties and tickets or other exclusive prizes (e.g., Ravens, Powerball Power Cruise, Willie Wonka, Monopoly, Price is Right, MGM, Royal Caribbean). The amount of this license contract compares favorably with those similar projects and was determined to be fair and reasonable.

27-S. SERVICES CONTRACT
Department of Aging, Veteran Directed Care Program

Contract ID: Fiscal Intermediary Services; BPM025056
ADPICS No.: D26B2600005.

Contract Description: Participants in the Veteran Directed Care Program receive funds from the Veterans Health Administration (VHA) to hire and direct their own health care aides and purchase goods and services to support aging in place. MDoA has an agreement with the VHA to provide the support, planners, and fiscal intermediary services. Fiscal intermediary services (FIS) are necessary because the veterans are employers of their aides, which means making payrolls, withholding taxes, submitting withholdings, unemployment insurance, etc.

Award: Palco Inc.; Little Rock, AR

Term: 04/28/2022 - 04/28/2024 (w/one 1-year renewal option)

Amount: $217,008* NTE (Base: 2-years)
$108,504* NTE (Renewal Option #1: 1-year)
$325,512 Total NTE
*See Agency Remarks for explanation of award amount versus financial offers received.

Procurement Method: Competitive Sealed Proposals

27-S. **SERVICES CONTRACT** *(cont’d)*

**MBE/VSBE Participation:** 1% / N/A

**Performance Security:** N/A

**Incumbents:** Acumen Fiscal Agent, LLC; Mesa, AZ

**Requesting Agency Remarks:** A notice of the availability of the Request for Proposals (RFP) was advertised on *eMaryland Marketplace Advantage* (eMMA) on September 23, 2021. The Department directly solicited fourteen vendors who perform this specialized service. One proposal was received November 23, 2021, and the remaining three proposals were received November 29, 2021. One proposal was deemed not reasonably susceptible of being selected for award because they did not meet the minimum qualifications. The recommended offeror was not the highest ranked technically, but it was the lowest priced offeror and the price difference was determined to outweigh the slight technical differences between it and other offerors.

**Financial Proposal Price Multiplier Information:** The RFP included a formula to calculate the not-to-exceed amounts for the initial term and the option year. The Contract will have a not to exceed amount equal to 1.2 times the Total Proposal Price for the initial two-year term and .6 times the Total Price Proposal Price for the 1-year option or renewal period, should the Department choose to exercise the option. Thus, the Department was required to multiply the vendor Palco’s proposal price by 1.2x and .6x, respectively, in order to arrive at the applicable not-to-exceed amounts:

1. $180,840 [vendor’s proposal price] x 1.2 = $217,008 [NTE amount for the initial two-year term],
2. $180,840 [vendor’s proposal price] x 0.6 = $108,504 [NTE amount for the 1-year option period], and
3. $217,008 + $108,504 = $325,512 [NTE total amount]

The Department used this multiplier information because it could not predict in advance, when issuing the RFP, how many veterans would actually be served in the program.

28-S. SERVICES CONTRACT  
Department of Health, Health Services Cost Review Commission

Contract ID: Commercial Claims Data and Related Analytics; HSCRC-21-0274  
ADPICS No.: M00B2600359

Contract Description: Statistical and methodological expertise related to the Health Services Cost Review Commission (HSCRC)’s commercial benchmarking efforts. Evaluate the cost and quality of care in Maryland. HSCRC wishes to acquire a national commercial claims data set to support its benchmarking efforts and inform other HSCRC methodologies.

Awards: ABT Associates, Inc.; Rockville, MD

Contract Term: 07/01/2022 – 06/30/2027

Amount: $1,576,936

Procurement Method: Competitive Sealed Proposals  
(Single Proposal Received)

MBE/VSBE Participation: 10% / 5%

Performance Security: N/A

Hiring Agreement Eligible: Yes

Incumbents: Same

Requesting Agency Remarks: A notice of the availability of the Request for Proposals (RFP) was advertised on eMaryland Marketplace Advantage (eMMA), notifying approximately 550 potential vendors on November 10, 2021. The Department also directly solicited 24 potential firms. A single proposal was received on December 20, 2021 and determined to be reasonably susceptible of being selected for award.

Although only one offer to this solicitation was received it was not re-solicited as it requires access to national commercial healthcare claims data and subject matter expertise about commercial claims and the insurance market to assist in interpreting that data. The incumbent is a general contractor firm that meets the subject matter expertise required and they have partnered with additional subcontractors with relevant expertise, including access to a national commercial claims dataset, required for other specific aspects of the solicitation.
HSCRC recognized there are a very limited number of firms that have the data required and prior to the solicitation HSCRC made efforts to maximize the pool of bidders when conducting market research in the planning stages. Before the request for proposal was advertised, through outreach to industry contacts, HSCRC identified six potential vendors who have the relevant data needed. One of the six potential vendors is the data subcontractor to the incumbent. In addition to these specialist vendors, HSCRC directly solicited 18 vendors who are pre-qualified on the prior multi-vendor master arrangement, DBM 2-S, 03/28/2018. Directly soliciting the firms on the existing master contract was an effort to increase potential vendors to bid. Despite this significant effort to identify additional potential data vendors, only one response was received from the incumbent. The other 16 other potential offers that did not respond cited other commitments, they would be participating as a subcontractor, and the work is not something they provide.

This project provides aggregated national commercial claims data and related analytics for use by the Staff and Commissioners of the HSCRC in setting hospital rates and in managing Maryland’s performance against targets set by CMS under its unique Total Cost of Care Model. The scope for this project focuses on the acquisition of commercial claims data for the purposes of benchmarking and other, broader HSCRC projects. Not having continuous access to this data will significantly impact the operations of the HSCRC. The data derived from this solicitation is currently incorporated into HSCRC operations in two critical ways. First, it is an integral component of multiple Commission-approved policies. Not having the data, or any significant delay in receiving the data would require the Commission to amend existing policies that were subject to significant stakeholder review and have been formally adopted by the Commission in a public meeting. It would place the HSCRC staff in the position of having to recommend sub-optimal policies for regulating Maryland’s $19 billion hospital industry because of procurement delays.

Second, it underpins Maryland’s position in our negotiations with the Center for Medicare and Medicaid Services (CMS) for the continuance of the Maryland Total Cost of Care Model. Maryland is currently engaged in negotiations concerning the goals and continued existence of the Maryland Total Cost of Care Model. These negotiations impact the $10 billion of Medicare spending in Maryland; inadequate or missing data during these negotiations put Maryland’s negotiating position at risk and could potentially result in the loss of tens or even hundreds of millions of Medicare funding.
28-S. SERVICE CONTRACT (cont’d)

Agency Remarks (cont’d):

Even a 0.01 percent negative impact on HSCRC policy outcomes with regards to hospital rates ($1.9 M in added healthcare cost to Marylanders) or deterioration in the State’s position in negotiations with CMS ($1.0 M in added healthcare cost to Marylanders) would dramatically outweigh the amount of savings achievable by re-bidding the contract.

A price analysis was conducted, and the proposed pricing represents a 5.8% increase. In light of the significant pandemic related market pressures and overall medical sector cost escalation over the last several years, a 5.8% increase over the current contract pricing which was established in 2019 represents a reasonable increase.

**Incumbent:** Same

**Requesting Agency Remarks:** This is the second time this RFP was solicited and the current contract has been extended twice as the Maryland Youth Risk Behavior Survey and Youth Tobacco Survey (YRBS/YTS) survey could be completed without a gap in data collection. The state, stakeholders and community groups rely on this data to improve their current youth programs. The next YRBS/YTS survey is slated to begin in fall 2022. The survey requires many months of prep work to get the survey ready for about 75,000 students in 368 middle schools and high schools. In order for the survey to be administered by web administration, the application to CDC must be submitted at the end of May 2022.
29-S. SERVICES CONTRACT (cont’d)

Agency Remarks (cont’d):
A notice of the availability of the Request for Proposals (RFP) was advertised on *eMaryland Marketplace Advantage* (eMMA) a second time on October 18, 2021. The Department directly solicited 18 prospective vendors including MBE firms. Only one proposal was received on December 13, 2021 from the incumbent.

ICF Macro, Inc. is a large, established company with over three decades of experience conducting large, complex surveys. They had a score of ‘Excellent’ in their technical proposal. The cost of these services were determined to be fair and reasonable and similar to the cost of the survey cycles in previous years. The total cost for the jurisdiction-level trend reports, coding, analysis, quality assurance, formatting the data, creating 24 unique templates, web survey administration, programming, quality assurance, and technical assistance were also determined to be fair and reasonable due to the amount of additional staff time required.

The contractor will administer three cycles of the YRBS/YTS during the fall of every even calendar year in selected public middle and high schools with a minimum of 70% response rate per cycle. Prior to each survey year, a list of eligible public, charter, and vocational schools are sent to the U.S. Centers for Disease Control and Prevention (CDC) with the schools’ enrollment numbers from the previous school year. The CDC uses the Maryland school enrollment list to determine how many schools should be sampled in order for Maryland’s data to be representative of all public school students. The CDC takes a random sample of schools among the five largest counties in Maryland (Baltimore City, Baltimore County, Montgomery, Prince George's and Howard). Also provide comprehensive training and technical assistance to State and local partners. They will transition from a paper and pencil survey to web administration and develop and design a trend report for each county. The YRBS/YTS combines the Youth Risk Behavior Survey (YRBS) and the Youth Tobacco Survey (YTS) both sponsored by the Centers for Disease Control and Prevention (CDC). The core of the combined survey is the YRBS and the data collected provides estimates of youth risk behaviors for each county and Baltimore City and the State as a whole. The survey is statutorily mandated and a necessary component of the statutory formula that allocates funding to counties from appropriations to the Cigarette Restitution Fund Local Public Health Component of the Tobacco Use Prevention and Cessation Program.

- MedSource; Hagerstown, MD

**Requesting Agency Remarks:** A notice of the availability of the Request for Proposals (RFP) was advertised on *eMaryland Marketplace Advantage* (eMMA) on May 28, 2021. Due to numerous vendor questions the proposal due date was extended to September 10, 2021 and five responses were received. Three proposals were determined to be reasonably susceptible of being selected for award. One offeror was deemed not reasonably susceptible of being selected for award because their MBE was not certified at the time of closing. Another offeror was deemed not reasonably susceptible of being selected for award because they did not meet the proposal submission requirements. Another offeror was deemed not reasonably susceptible of being selected for award because they did not meet good faith efforts to secure enough MBE and any VSBE subcontractors to fulfill the goals.

A protest was filed by one offeror previously determined to be not reasonably susceptible of being selected for award for failing to include certified MBE subcontractors with their proposal. The Procurement Officer and Office of State Procurement determined they could not overcome this error. An appeal was filed with the Maryland State Board of Contract Appeals (MSBCA). The decision was upheld on January 24, 2022 and they filed a motion to reconsider and it was denied on February 23, 2022. A Petition for Judicial Review of the MSBCA decision was filed in Circuit Court for Anne Arundel County on March 7, 2022.

32-S-OPT. SERVICES OPTION (cont’d)

**Requesting Agency Remarks:** The Medical Care Programs (MCP) Office of Enterprise Technology/Medicaid (the Department) has the responsibility of entering confidential data from Medical Assistance claim forms into the Maryland Medicaid Information System (MMIS) for processing payments. Staff from this contract supplement the current State staff to prevent a backlog of claims entering. All claims must be entered into the system before a provider can be paid for services rendered. It is imperative that the claims are entered as quickly as possible. Tailored Staffing will continue to provide 18 personnel to input data from claim forms into the mainframe system.

Employees working under this contract must be screened, assessed and tested to ensure the Department will receive the highest standards in productivity and employee excellence. Tailored Staffing guarantees all staff members presented to work at MDH headquarters will be able to perform the data entry keypunch functions and clerical office support as requested.

Currently, the staff from Tailored Staffing is performing data entry on the daily intake of paper claims. The staff has provided satisfactory service. If a staff member is deemed unsatisfactory (in terms of either performance or behavior) the staff member is replaced within 72 hours. The management team at Tailored Staffing keeps close tabs on its employees and addresses any issues with staff immediately. The Department, therefore, recommends approval of this contract because of the satisfactory performance provided by Tailored Staffing on previous contracts and the cost effectiveness to the State.

In accordance with COMAR 21.11.05.04, on January 21, 2021, the Pricing and Selection Committee for Rehabilitation and Employment Programs certified the prices for this contract as fair market at a not-to-exceed value of $822,780.00 for providing temporary staffing services for the Maryland Department of Health for 1 year with a 1-year option renewal at the cost of $838,800.00 totaling $1,661,580.00. This action is to exercise the sole 1-year option.

33-S-MOD. SERVICES MODIFICATION (cont’d)

Performance Security: None

Requesting Agency Remarks: This contract modification to the February 11, 2021 sole source contract maintains a continuity of service for COVID-19 site logistics and engineering. The sole source contract was presented as DGS 13-S at the January 27, 2021 BPW meeting, from February 11, 2021 - January 27, 2022, extended in time only from January 28, 2022 through June 30, 2022) and originally as emergency procurement report A3 on the Secretary's Agenda (November 4, 2020) from April 10, 2020 through April 9, 2021.

The contractor is required to adjust operations in support of additional volume as the need for operations increases and advise on how to return field hospital sites back to their original state to include materials management services such as logistical support and critical services. This extension and additional cost will allow the contractor to support full operational supply chain services and material management for sites in use, demobilization for sites not currently in use, and inventory documentation/consolidation from demobilized sites. Further, the contractor will assist in receiving equipment and supplies from demobilizing sites and documenting any issues.

The continued success of Maryland’s pandemic response depends on the effective management of the Alternative Care Sites (ACS) and Intensive Care Units (ICU) which helps ensure that Maryland will have adequate hospital bed capacity. Maintaining these sites requires outside expertise that is in extremely high demand due to the ongoing pandemic and the contractor has proven to be an essential service provider in supporting the State’s overall response to the pandemic with their global ability to leverage the procurement of high demand items and services with time sensitivity, quantity requirements, and competitive pricing. In support of continued disbursement and cross leveling of State assets as well as all critical or specialty patient care equipment and supplies needed to sustain life regardless of normal operating hours of warehouses, transportation, and other entities.

The current cost is based on a combination of fixed monthly fees for medical supply chain sourcing services and material management services, plus variable purchased services for hospital linen, janitorial/environmental services, and oxygen services. The monthly cost under the current emergency contract is $4.37 million monthly. The proposed monthly fixed fees for this modification are $2.1 million monthly totaling $20,056,650.00.

MBE/VSBE Participation: 25% / N/A

MBE/VSBE Compliance: 22.59% / NA

Requesting Agency Remarks: Systems and Methods, Inc. (SMI) is a single Contractor acquired for the purpose of developing, managing and operating the federally required State Disbursement Unit (SDU), a unit within the Child Support Administration (CSA). The SDU is a centralized child support payment processing unit that allows for same day processing of incoming payments and transmissions of processed payment information to the statewide Child Support Enforcement System (CSES), to be the Child Support Management System (CSMS) later in 2021. The SDU also performs deposit reconciliation, transaction processing, electronic depository application processing, electronic payment marketing, non-sufficient fund check processing, collection of State-owed debt functions, and local office mail (LOM) processing. SMI will continue these services and the quality of deliverables have not changed.

SMI continues to deliver the scope of services as required by the original request for proposals (RFP). With over 20 years of experience operating multiple SDUs, SMI has in-depth knowledge of payment and transaction processing and continues to meet and exceed the technical requirements. SMI’s Automated Reconciliation Technology System (SMART) successfully provides a one stop shop to review all aspects of payment processing for the SDU. This application is used daily by the CSA contract monitors and local child support offices to verify transactions and research payments in order to meet the goals and expectations of CSA, including federal timeframe requirements.

The CSA is currently nearing completion and deployment of a new Child Support Management System (CSMS) as part of the Maryland Total Human-services Integrated network (MD THINK) endeavor. CSMS will replace the badly outdated legacy mainframe child support system and will include a direct interface to the SDU data system. This new CSMS application began pilot deployment in December 2021, with full statewide implementation by mid-year 2022. Transition to a new SDU vendor during this critical period of final development and deployment would create a significant risk for development delays or disruption of service, or both. CSA’s current Vendor SMI, upgraded their system to accommodate the rollout of the CSMS.
Extending the current Contract by one (1) additional year allows CSA additional time ensuring the system transition and new requirements of CSMS are complete and are effectively incorporated into a competitive Request for Proposal for the future provision of these services. Further, with the COVID pandemic approaching the two-year anniversary, Maryland continues to respond to the needs of CSA customers, and extending the SMI contract will provide a continuity of service and minimize disruption risks of the key federally required services.

SMI has successfully processed 100% of all identifiable payments received daily, responded to all customer service inquiries within 24 hours of receipt with excellent feedback, and reimbursed CSA for any misapplied payments daily which occur at a rate of less than 1%. The following chart displays transactions and child support collections for the term of the contract:

</tbody>
</table>

SMI is close to maintaining the 25% MBE goal established for this Contract, continuing all efforts to obtain their goal. Even with adding additional MBE Subcontractors over the course of the contract, and enduring the current pandemic, the current MBE compliance is at 22.59%.

It is in the best interest of the State to approve both the one year term extension. It was noted that SMI’s Financial proposal provided for a low transaction rate which was inclusive of all services provided under one fee rather than charge CSA for each service provided which would have been at least 50% higher than the current transaction fee. To discontinue this Contract would cause an interruption to federal required services for Maryland’s families and children. The request for proposal is currently under the final review. Extension request is warranted to grant all reviewing authorities the opportunity to provide input to the solicitation. The Department anticipates the solicitation release to occur within the Summer of 2022.

Living Wage Eligible: Yes
35-S-MOD. SERVICES MODIFICATION (cont’d)

MBE/VSBE Participation: N/A / N/A

MBE/VSBE Compliance: N/A / N/A

Performance Security: None

Requesting Agency Remarks: The Department of Human Services (DHS) through the Family Investment Administration (FIA) provides services to qualified applicants through the following programs:

- Supplemental Nutrition Assistance Program (SNAP);
- Medical Assistance (MA);
- Temporary Cash Assistance (TCA);
- Temporary Disability Assistance Program (TDAP);
- Emergency Assistance to Families with Children (EAFC);
- Public Assistance for Adults (PAA);
- Burial Assistance; and
- Office of Home Energy Programs (OHEP).

FIA must consider income and employment information to make eligibility determinations on all new applications received and to periodically recertify current customers.

Since the inception of the current contract for employment and income verification services with TALX Corporation in 2020, there has been a significant increase in the number of employment and income verifications. The increase in the number of billable transactions was due to a combination of outliers which include a 40% caseload increase in benefit applications and redeterminations during the COVID pandemic and new marketing strategy implementations and business mergers by Equifax which increased employer growth within the EVS/TALX database, therefore resulting in more employer records for eligibility workers to select and review during the benefit application or redetermination process.

Since the current contract has experienced this increase in caseload and also employer growth within the EVS/TALX database, additional funds are now necessary to fund the Contract with TALX Corporation.

It is in the State's best interest to approve this modification in order that the DHS/FIA can continue to make eligibility determinations for our many Programs and provide services to those in need of the State’s assistance.

**Total Percent +/- Change:** 742.25%

**Original Procurement Method:** Competitive Sealed Proposals

**Living Wage Eligible:** Yes

**MBE/VBSE Participation:** N/A / N/A

**MBE/VBSE Compliance:** N/A / N/A

**Requesting Agency Remarks:** This modification adds money to fund a rollback/rebate analysis; a valuation study; consulting to include interest crediting illustrations, discussion, and cost impact; and to extend option #2 to 12/31/22 allow time to complete the valuation study using the finalized data from fiscal year 2022.

The purpose of the rollback/rebate analysis is to review options related to the actuarial surplus of the Prepaid College Trust, which at the close of Fiscal Year 2021 was 161.4% funded. The 2022 valuation study will provide the fiscal-year end funded status of the Prepaid College Trust. The valuation study is integral to the Maryland 529 Board setting contract pricing for the Prepaid College Trust and will also be used to consider what action, if any, should be taken following the close of the price rollback/rebate analysis. The additional consulting work will provide clarity to current and future liabilities of the Prepaid College Trust.

37-S-MOD. SERVICES MODIFICATION
Department of Health - Office of the Chief Medical Examiner

Contract ID: Infectious/Biological Waste Pickup & Disposal; MDH/OPASS 17-17457
ADPICS #: M00B7400592/COJ50287

Contract Approved: DBM 3-S, 04/26/2017

Contract Description: Provide services to safely pick up and dispose of infectious/biological waste from the Office of the Chief Medical Examiner (OCME). The waste pick up and disposal services will be in full compliance with all Federal, State, and local laws and regulations.

Modification Description: Extend the contract term for 7 months and add funds to allow time to complete a new procurement and award a new contract.

Awards: Biomedical Waste Services, Inc.; Severn, MD

Contract Term: 06/01/2017 - 05/31/2022

Modification Term: 06/01/2022 - 12/31/2022

Original Amount: $201,387.16

Modification Amount: $60,000.00

Prior Modification: $50,000 (Mod. #1: Additional funding for increased caseload; Delegated Authority – MDH, 07/06/2021)

Total Contract Amount: $311,387.16

37-S-MOD. SERVICES MODIFICATION (cont’d)

MBE/VSBE Compliance: N/A / N/A

Performance Security: N/A

Requesting Agency Remarks: This contract provides services to safely pick up and dispose of infectious/biological waste from the Office of the Chief Medical Examiner (OCME). Additional funds are needed for this contract due to increased utilization due to the COVID-19 pandemic. The amount of infectious/biological waste created has increased due to an increased caseload of autopsies being performed by the OCME. The Contract is also extended to allow for continuity of services until a new contract can be awarded. The COVID-19 and the MDH Network Security Incident have delayed the procurement timeline requiring this extension as the new contract will not be completed by the end of the original Contract term. Throughout the existing contract, the contractor has performed at a satisfactory degree and the State is confident in the contractor’s abilities.

Department of Public Safety and Correctional Services, Information Technology and Communications Division

Contract ID: Criminal Justice Information Services and Local Agency Security Officer Training; Q00B2600018
ADPICS No.: Q00B2600018

Contract Description: Provide training for persons who have escorted and unescorted access to areas that contain Criminal Justice Information (CJI). Basic security awareness training is a requirement of compliance with the FBI’s Criminal Justice Information Services (CJIS) Division.

Award: JDI Ventures DBA Peak Performance Solutions; Tallahassee, FL

Contract Term: 06/01/2022 - 05/31/2027

Amount: $108,570

Procurement Method: Sole Source

Living Wage Eligible: Yes

MBE/VBSE Participation: N/A / N/A

Performance Security: N/A

Incumbents: Same

Requesting Agency Remarks: The Department must disseminate this training to DPSCS staff, vendors, maintenance workers, etc., before they can access any area where Criminal Justice Information (CJI) is present. Additionally this training software will also support other county and local police departments and non-criminal agencies such as childcare centers, adult dependent care agencies, attorneys, government licensing agencies, and public housing authority that use the Criminal Justice Information Services (CJIS) services. A price analysis was conducted and the pricing from the vendor is consistent with what the contractor charges similar size states. The Department’s annual increase is 3% instead of the 5% annual increase charged to similar size states. This increase is also significantly less than the 2021 Consumer Price Index (CPI) increase of 7.0%.

39-IT. INFORMATION TECHNOLOGY (cont’d)

Requesting Agency Remarks: A notice of the availability of the Request for Proposals (RFP) was advertised on eMaryland Marketplace on July 7, 2021. Three proposals were received on September 10, 2021. This is a State-of-the-art web-based Software as a Service (SaaS) and cloud-based solution that will provide a modernized system for managing all data related to the State’s WIOA Title II (Adult Education) programming. The system will support Labor in its day-to-day recordkeeping and data analysis for Adult Literacy programming in Maryland, including generating reports for the US Department of Education, Office of Career, Technical and Adult Education (OCTAE). The program will support approximately 25 grantees across the state and accommodate all recordkeeping for 30,000 student enrollments annually.

The proposal from LiteracyPro Systems, Inc. has been determined to be the most advantageous to the State, considering the financial price, and the relative technical evaluation factors. LiteracyPro Systems provided a detailed listing of how its software solution meets the technical requirements of an Adult Education database system. LiteracyPro Systems capabilities exceed those currently required by Labor and the compliance with standards set by the National Reporting System (NRS) has been met for at least 15 years.

The Office of Adult Education and Literacy is an integral part of the Division of Workforce Development and Adult Learning. It provides instructions and services in Basic Academic Skills and Adult Secondary Education, English Language Acquisition/integrated English Literacy and Civics; Workforce Preparation and Career Pathways; Integrated Education and Training; and Family Literacy and High School diploma Options for Adult Residents (18 years of age and older) of Maryland. The Division provides leadership for the establishment of adult education goals, oversight for implementation of the Title II activities for the Maryland Workforce Innovation and Opportunity Act (WIOA) State Plan, and administration of the statewide GED® testing program to ensure that adult learners are part of Maryland's upwardly mobile workforce.

40-IT. **INFORMATION TECHNOLOGY**

*Department of Transportation*

**Contract ID:** Intranet Quorum Software and Workflow System Support; *MDOTTS2214*

**Contract Description:** Software upgrades and system maintenance, license renewal, system enhancement, report development, labor, and support for the Intranet Quorum Software and Workflow System.

**Award:** Leidos Digital Solutions, Inc.; Vienna, VA

**Contract Term:** 05/01/2022* - 04/30/2025 (w/one 2-year renewal option) (*or earlier upon BPW approval)

**Amount:** $516,200.60

**Procurement Method:** Sole Source (Proprietary)

**MBE/VSBE Participation:** N/A / N/A

**Incumbents:** Same

**Requesting Agency Remarks:** Leidos Digital Solutions, Inc. is the sole provider and authority capable of installing, updating, and maintaining its proprietary software system.

The IQ Software and Workflow System handles correspondence from the Governor’s Office that requires responses from the Secretary of Transportation. IQ software is the Governor’s selected software for correspondence and constituent casework. IQ is the tool that enables MDOT to process all correspondence signed by the Secretary efficiently. Correspondence is often a citizen’s only direct connection to the State government.

After successfully implementing the IQ Correspondence Management and Workflow System, MDOT determined that IQ could be used to manage other mission-critical processes. During 2015 and 2016, MDOT allocated resources and collaborated with Leidos to create additional MDOT workflows for Public Information Act requests, mandated reports, and legislative constituent services.
40-IT. INFORMATION TECHNOLOGY (cont’d)

Agency Remarks (cont’d):

While each of these processes could potentially be monitored and tracked with various software options, using the same contacts database and the Correspondence Management and Workflow System allows MDOT to optimize business processes and improve citizen service by connecting cases within different workflows to individuals in a single database.

Reports are critical deliverables from IQ and can be entirely customized as required, pulling information from various fields within a workflow. Reports can be run within and between workflows to track performances, costs, and issues. MDOT has developed a variety of custom reports within each workflow resulting in performance accountability, citizens’ service, and operational improvements.

MDOT developed its highly customized Public Information Act workflow to reflect specific legislative mandates and complicated cost worksheets. IQ also allows entered information to be prepopulated in template letters, allowing standardized responses and information to be entered only once. By enabling employees to move workflows throughout the organization by the click of a button, Enterprise-Wide efficiencies are created, and documents are retained in a single location.

The pricing is determined to be fair and reasonable. Compared with MDE for the same services MDOT’s saving for licensing is 18.6% based on the number of licenses MDOT requires and 20% over the city of Albuquerque. Similar pricing from GSA is 11.5% less than current MDOT pricing. Overall MDOT is offered a reduced rate for the number of licenses MDOT requires. All other rates for professional services are similar to MDOTs rates within 5%.

This contract includes a provision authorizing an extension for a total period no longer than one-third of the base term to spend funds remaining on the contract as provided in the Board of Public Works (BPW) Advisory 1995-1 found on the BPW website.

41-IT. INFORMATION TECHNOLOGY
RETROACTIVE - Maryland State Department of Education

Contract ID: Maryland Direct Certification Systems; R00B2600056
ADPICS No.: R00B2600056

Contract Description: The retroactive sole-source contract is to request contract time to integrate the identification of eligible Medicaid recipients into the MDCS process by July 1, 2022, a continuance of technical support, and to add funds to cover the period of January 1, 2022, through December 31, 2022. The system maintenance efforts will include any transition support needed after the competitive maintenance and support TOFRP is awarded under CATS+.

Awards: Serigor, Inc.; Baltimore, MD

Contract Term: 01/01/2022 – 04/30/2022 (Retroactive: 4-months)
05/01/2022 – 12/30/2022 (Proactive: 8-months)

Amount: $ 63,676.80 (Retroactive)
$1,093,324.00 (Proactive)
$1,157,000.80

Procurement Method: Sole Source

Living Wage Eligible: Yes

MBE/VSBE Participation: N/A / N/A

Performance Security: N/A

Incumbents: Same

Requesting Agency Remarks: A new contract was initiated in January 2022; however, the contractor work began without formal contract execution from procurement. The vendor added additional resources to allow for USDA improved increase of scope to include Medicaid eligible students. The contract will support the “break in continuity” until the award of the new solicitation that combines the MDCS contract with the MARS contract which is expected to be awarded in December 2022. There continues to be a programmatic need for support services under the current contracts to avoid a disruption in the processing. Without approval of the contract, the investment in MDCS is at risk. The integration and the identification of eligible Medicaid recipients into the
41-IT. INFORMATION TECHNOLOGY (cont'd)

Agency Remarks (cont'd):

MDCS process must be completed by July 1, 2022. MDCS without active technical support this mandated resource will have significant delays in applying enhancements, certifying eligible students, conforming to network changes at MSDE, life-cycle updates, and security Patches. MDCS will not have the technical resources to transition to the Long-Term Contract Awardee. MDCS will not be able to implement policy changes and assist with identifying P-EBT eligibility and assist in identifying Medicaid recipients (as required in SB 1030). The websites being maintained are critical for student data, reporting to constituents and the State Board, analyzing data and performance of Maryland students, and publicizing results. It is in the best interest of MSDE and the OSCNP to extend the CATS+ contract for the continuous support of the MDCS critical business processes. Their overall project management approach is excellent as demonstrated during their current performance on this contract. MSDE compared former contracts and other agency contracts for similar services the price was determined to be fair and reasonable. MSDE also determined the price offered is not significantly higher than that of private industry.

DGS OSP Remarks: RETROACTIVE approval requested pursuant to § 11-204(c) State Finance & Procurement Article. DGS OSP has determined that this contract should be treated as voidable rather than void because: (1) all parties have acted in good faith; (2) ratification for the procurement contract would not undermine the purposes of the Procurement Law; and (3) the violation, or series of violations, was insignificant or otherwise did not prevent substantial compliance with the Procurement Law.

42-IT. INFORMATION TECHNOLOGY (cont’d)

Requesting Agency Remarks: A notice of the availability of the Request for Proposals (RFP) was advertised on eMaryland Marketplace Advantage on September 9, 2021 and 22 potential vendors were notified directly of the solicitation.

The evaluation committee agreed that Digital Lantern LLC’s solution would be the most seamless to integrate within existing infrastructure. Another benefit is there is no limit on the volume of logs they can ingest from the current infrastructure. Digital Lantern LLC is a certified small business enterprise and the award confers economic benefit to the State of Maryland which was one of the evaluation criteria. For these reasons, combined with providing the most competitive pricing, Digital Lantern LLC is recommended for award.

44-IT-MOD.  INFORMATION TECHNOLOGY MODIFICATION (cont’d)

MBE/VSBE Compliance: NA / NA

Performance Security: NA

Requesting Agency Remarks: Prior to the merger of T-Mobile and Sprint, MDOT had an agreement with Sprint for the Sprint’s Datalink portal. T-Mobile is discontinuing that portal as of June 30, 2022 and migrating all users to T-Mobile’s Control Center product under this contract.

In its agreement with T-Mobile under the ICPA, the State of Maryland elected to participate in Categories 1 and 2 of the NASPO ICPA. However, providing a Control Center would be under Categories 3A, 3B, and 3C of that agreement. Therefore, the State wishes to modify the agreement with T-Mobile to also elect to participate in Categories 3A, 3B, and 3C.

Department of Transportation Maryland Transit Administration

Contract ID: Bus Unified System Architecture; OPS-15-071-EQ
ADPICS No.: COJ49710

Contract Approved: DoIT 9-IT, 04/26/2017

Contract Description: Create unified on-board Intelligent Transportation System architecture for MDOT MTA’S fleet and upgrade and replace outdated servers, workstations, and printers in the Bus Operations Control Center.

Modification Description: Modify the contract by adding and executing a two-year Maintenance & Warranty Service period as documented in the original contract and reduce the bonds.

Contractor: Trapeze Software Group, Inc.; Cedar Rapids, IA

Original Contract Term: 05/11/2017 – 10/29/2019

Modification Term: 04/28/2022 – 04/27/2024 (w/one 3-year renewal option)
(2-year Maintenance & Warranty Service term)

Original Contract Amount: $27,449,855

Modification Amount: $0 (Maintenance & Warranty Service Base)
$2,434,500 (Maintenance & Warranty Service Renewal Option)

Total Contract Amount: $28,894,947

Original Procurement Method: Competitive Sealed Proposals

Percent +/- Change (this item): 8.87%

Overall Percent +/-: 5.26%

MBE/VSBE Participation: 26.83% / 1%

MBE/VSBE Compliance: 48% / 1%

Requesting Agency Remarks: In 2017, MDOT MTA procured a Bus Unified System Architecture (Bus USA) system for MDOT MTA’s fleet of buses, maintenance vehicles, and supervisor vehicles. The goal of this system is to support the power-up and pull-out of 2,000 vehicles in a one-hour period, each day.

The fully executed contract signed by all parties established a period of performance of “no later than 900 days” to allow for Final System Acceptance to be achieved. The contract also established a two-year Maintenance & Warranty Service term that would begin “on a date set forth in a written Notice to Proceed” only after Final System Acceptance was achieved. Finally, the contract established a one, 3-year renewal option for the Maintenance & Warranty Service period that may be exercised.

The original BPW action agenda item presented on April 26, 2017 failed to reference the Maintenance & Warranty Service two-year base and one, 3-year renewal option. MDOT MTA requests to modify the contract by adding both the Maintenance & Warranty Service base and renewal option, and to execute the base.

The contract’s period of performance was extended on four separate occasions, allowing for the project to be completed on October 24, 2021. On February 8, 2022, MDOT MTA certified that all testing outlined in the contract had been completed and that Final Acceptance had been achieved which allows for MDOT MTA to now start the two-year Maintenance & Warranty Service period. MDOT MTA intends to start the two-year Maintenance & Warranty Service period on April 28, 2022.
48-IT-MOD. INFORMATION TECHNOLOGY MODIFICATION (cont’d)

Agency Remarks (cont’d):

In addition, this change order provides for the reduction of the current payment bond and performance bond. The contractor has completed the project and Final Acceptance has been achieved. As a result, the State is no longer at risk of needing another contractor to complete the project.

<td>Remarks:</td>
<td>Following approval, DoIT has received multiple requests from the Maryland State Department of Assessment and Taxation to modernize the Maryland Business Express System (MBES), the Maryland Department of Health to support the State’s COVID-19 Vaccination Program, the Maryland Transit Administration to enhance the MTA’s Office of Performance Management, the Governor’s Office to execute the State’s inaugural data inventory per Executive Order 01.01.2021.09 and the Department of Budget and Management to administer and modernize the Capital Budget Information System (CBIS). As a result, the requests for support using this contract already total more than $30 million over the term of the contract. Based on these requests, the contract ceiling will be reached in year one. Additionally, DoIT anticipates the demand for the services increase at an accelerated rate. Task orders exercised under this master and exceeding the agency’s delegated authority will return to the Board of Public Works for approval prior to award. No task orders have been awarded yet under this contract.</td>

1.0 Master Contract: Consulting and Technical Services Plus (CATS+) (cont’d)

1.2 Using Agency: Department of Human Services
Description: Contract staff with advanced technical skills in network engineering, design, deployment, and daily operations support.
Mod. Description: Extend the task order, to sustain essential Technical Operational Support Services (TOSS) while the MDTHINK application deployment is still in progress. The TOSS vendor provides staffing which supports the department’s delivery of services, minimizing downtime and ensuring the efficient and reliable operation of computer hardware and software. The staff-augmentation provides daily support for maintenance, operations, and upgrades of the computers, servers, routers, switches, and voice and data for more than 6000 DHS staff in Baltimore City and counties throughout the State. Additionally, the TOSS contract provides Network Administration Services and Desktop Support Service; OTHS/OTHŚ-15-026-A5.
Award: Telecommunications Systems, Inc.; Annapolis, MD

49-IT. INFORMATION TECHNOLOGY (cont’d)

1.0 Master Contract: Consulting and Technical Services Plus (CATS+) (cont’d)

1.3 Using Agency: Maryland State Department of Education, MLDCS
Description: Services of an experienced Senior Database Administrator and Senior Database Analyst who can assist with ongoing obligations and provide guidance on Oracle database management, data analysis, and complex identity resolution procedures.
Award: VedaSoft, Inc.; Severna Park, MD
Number of Qualified Master Contractors: 825
Number of Bids: 15
Amount: $1,540,000
Term: 04/28/2022 – 04/27/2025 (w/two 1-year renewal options).
MBE/VSBE Participation: N/A / N/A
Resident Business: Yes
Fund Source: 100% General

Agency Remarks: During the financial evaluation Tsource LLC and Expert Consultants proposed a higher bid amount. Mindboard, Inc. proposed an amount that was approximately $41,000 less than Vedasoft Inc. This amount spread over the 5-year contract does not justify their selection since their technical resources do not have the necessary abilities to perform all the required tasks fully. MSDE deems it reasonable to select a slightly higher financial vendor to obtain the full set of technical skills and resources needed to support the MLDSC. MLDSC Oracle Database System requires highly skilled personnel to perform the work. Vedasoft, Inc. provided candidates with those skills and will be able to fully address the Center’s Information Technology and database security operations.

50-M. MAINTENANCE CONTRACT (cont’d)

Requesting Agency Remarks: A notice of availability of an Invitation for Bid (IFB) was posted on eMaryland Marketplace Advantage on January 10, 2022, with a Small Business Reserve (SBR) designation. Approximately 239 potential vendors received notification of this solicitation electronically. Six bids were received and opened on February 8, 2022. Defensor Security, LLC has been found responsible and its bid responsive. The bid pricing has been confirmed.

51-M-OPT. **MAINTENANCE OPTION** (cont’d)

**Requesting Agency Remarks:** The Department of General Services (DGS) is satisfied with the performance of the contractor in providing comprehensive building management services at the facility. Procurement IQ market research found that prices for facilities management services have been rising over the past three years during the pandemic, and prices are expected to continue rising over the next three years as the demand for those services rises. DGS has determined that it is in the best interest of the State to exercise the first renewal option.

52-RP. REAL PROPERTY

Department of General Services (File #00-8713)

Recommendation: Approve the granting of perpetual Easements from the Department of Natural Resources to the Maryland Department of Transportation, State Highway Administration

Property: Perpetual Easements totaling 7,158 sq. ft. or 0.165 acre on Maryland Route 224 in Charles County.

Grantor: The State of Maryland, to the use of the Department of Natural Resources

Grantee: The State of Maryland to the use of the Maryland Department of Transportation, State Highway Administration

Consideration: $922

Background: The Maryland Department of Transportation (MDOT) State Highway Administration (SHA) is requesting a perpetual easement (0.165 acre) from the Department of Natural Resources (DNR) to maintain multiple drainage facilities and the collective drainage area that have impacted a part of Smallwood State Park in Charles County. This easement was reviewed by Clearinghouse and recommended for approval in 2021 (MD20210603-0479), but it was never processed by the Maryland Board of Public Works. MDOT SHA has fully completed the drainage improvements. No further construction is needed at this time. MDOT SHA and DNR would like to officially process the requested easements.

Appraised Value: $922 - 01/08/2021 – Dennis R. D’Argenio, SRA, Division Chief, SHA ORE Appraisal Division

Approved Value: $922 - 01/8/2021 – Dennis R. D’Argenio, SRA, Division Chief, SHA ORE Appraisal Division

Clearinghouse: The Clearinghouse conducted an intergovernmental review of the project under MD20210603-0479. It is recommended to approve the requested perpetual easement to maintain the structures and drainage area in perpetuity, contingent upon consideration of the Maryland Department of the Environment’s qualifying comments.

**Recommendation:** Approve the granting of perpetual Easements from the Department of Natural Resources to the Maryland Department of Transportation, State Highway Administration

**Property:** Perpetual Easements totaling 10,125 sq. ft. or 0.232 acre on US Route 40, Pulaski Highway, in Baltimore County

**Grantor:** The State of Maryland, to the use of the Department of Natural Resources

**Grantee:** The State of Maryland to the use of the Maryland Department of Transportation, State Highway Administration

**Consideration:** $900

**Background:** The Maryland Department of Transportation (MDOT) State Highway Administration (SHA) is requesting a perpetual easement (0.232 acre) from the Department of Natural Resources (DNR) to maintain a drainage facility and drainage area that has impacted a part of Gunpowder Falls State Park in Baltimore County. This easement was reviewed by Clearinghouse and recommended for approval in 2021 (MD20210603-0477) but was never processed by the Maryland Board of Public Works. MDOT SHA has fully completed the drainage facility and drainage area. No further construction is needed at this time.

**Appraised Value:** $922 - 01/08/2021 – Dennis R. D’Argenio, SRA, Division Chief, SHA ORE Appraisal Division

**Approved Value:** $922 - 01/08/2021 – Dennis R. D’Argenio, SRA, Division Chief, SHA ORE Appraisal Division

**Clearinghouse:** The Clearinghouse conducted an intergovernmental review of the project under MD20210603-0477. It is recommended that the easement be approved contingent upon consideration of the Maryland Department of the Environment’s qualifying comments.

RETROACTIVE - Department of Human Services, Office of Information for Technology

**Contract ID:** Forescout Platform: OTHS/OTHS-22-035-H
**ADPICS No.:** N00P2600552

**Contract Description:** RETROACTIVE approval for the renewal of Forescout services maintained in good faith following the former contract’s expiration; as well as proactively approve these services until June; at which point a replacement contract will be in place.

**Award:** Blackwood Associates Inc.; Annapolis, MD

**Contract Term:**
- 07/09/2021 – 04/27/2022 (Retroactive: 9-months, 19-days)
- 04/28/2022 – 06/01/2022 (Proactive: 1 month, 4 days)

**Amount:**
- $21,348.12 (Retroactive)
- $2,486.79 (Proactive)
- $23,834.91 Total

**Procurement Method:** Sole Source

**MBE/VSBE Participation:** N/A / N/A

**Performance Security:** N/A

**Incumbents:** Same

**Requesting Agency Remarks:** Retroactive approval is requested for services provided to maintain continuous security monitoring and mitigation required to satisfy security audit. While DHS has worked diligently to award a replacement contract, the former contract expired without an extension being exercised. Additionally, DHS is seeking a short proactive approval to carry the current services through June 1, 2022; at which time a replacement contract will be in place.

The Department acknowledges this retroactive report is significantly overdue. DHS had intended to carry the retroactive and proactive (new) awards simultaneously and only recently realized seeking BPW approval in the immediate was the appropriate action.
61-IT. INFORMATION TECHNOLOGY (cont’d)

Agency Remarks (cont’d):

The future procurement is believed to be valued within the Office of State Procurement’s delegation for approval.

Maintaining these services and recognizing that the vendor acted in good faith; DHS recommends approval of this agenda item as it is in the State’s best interest. This approval will ensure DHS can consistently deliver the vital services needed to comply with industry standards and remain compliant with the State’s Office of Legislative Audits.

DGS OSP Remarks: RETROACTIVE approval requested pursuant to 11-204(c) State Finance & Procurement Article. DGS OSP has determined that this contract should be treated as voidable rather than void because: (1) all parties have acted in good faith; (2) ratification for the procurement contract would not undermine the purposes of the Procurement Law; and (3) the violation, or series of violations, was insignificant or otherwise did not prevent substantial compliance with the Procurement Law.

Living Wage Eligible: Yes

Incumbent: N/A

Requesting Agency Remarks: Lymantria dispar dispar (Ldd), commonly known as ‘gypsy
moth’, is a serious invasive pest of deciduous trees. The larval stage which consumes the leaves
can be controlled with aerial insecticide application.

The Maryland Department of Agriculture has been conducting aerial suppression programs since
1982. The staff of the Forest Pest Management (FPM) sections annually conducts egg mass
surveys statewide to identify populations with the potential to cause defoliation. When populations
reach a minimum threshold of 250 egg masses per acre an area is considered for treatment. FPM
is part of a cooperative suppression program which involves grant funds from the U.S. Forest
Service (50%), the State of Maryland (25%) and cooperating counties (25%).
62-S.  **SERVICES CONTRACT** *(cont'd)*

*Agency Remarks (cont'd):*

To receive the federal grant monies we have the blocks reviewed by MD DNR Heritage Program and the U.S. Fish and Wildlife for threatened and endangered species and habitats, the Maryland Historic Trust and approval for a Pesticide Discharge Permit from MD Dept. of Environment.

Currently, there are qualifying Ldd populations on the Eastern Shore, with some populations exceeding 10,000 egg masses per acre. The agency has proposed to treat 7,411 acres up from 531 acres in 2021. The proposed areas are located in Somerset, Wicomico and Worcester counties. Property owners in and near the proposed treatment blocks were notified by mail and two public meetings were held. Three bids were received; however, one was determined not reasonably susceptible of being chose for award for failing to meet the minimum qualifications outlined in the IFB. The bids were opened on March 22, 2022 and of the remaining bidders, Del Ag Aero LLC met all outlined requirement and provided the lowest bid. The bid price was $31.89 per acre equals a total of $236,815.14. The Forest Pest Management section recommends the bid award to Del Ag Aero LLC.

Since the Forest Pest Management does not own any aircraft an IFB is needed to hire a qualified aerial applicator. On March 2, 2022, the IFB was published on eMMA. The agency also contacted 38 aerial applicators including those that have a MD pesticide license in Category 13 Aerial, plus companies that the State of Maryland or neighboring states have used on previous projects. Of these, four vendors have Maryland addresses. There were no MBEs identified for contact. A copy of the solicitation was not sent to the Governor’s Office of Minority Affairs.

The proposed treatments are on wooded residential and high use recreational lands. In 2021, there were over 30,000 acres defoliated in Somerset, Wicomico and Worcester Counties. Approximately 1,800 property owners were notified directly about the treatments. Some of these proposed treatment areas were defoliated in 2021. If this procurement is not approved these forested areas will certainly have some level of defoliation and if for a second year have tree mortality occurring. The loss of high value trees especially in residential areas can lead to an increased cost to property owners in the form of tree removal. The loss of trees on a property can lower property values and thus, loss of tax revenues. In the forested areas, loss of timber and pulpwood can be significant.

Approval of this contract will provide protection to valuable forest resources to the affected citizens of MD.
