9. **DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT**

Recommendation: That the Board of Public Works approve the establishment of a driveway easement by Perkins Homes Phase IIB in favor of Perkins Homes Phase III, a neighboring property, on a parcel of land subject to a deed of trust lien in favor of the State in order to benefit the development of Perkins Homes Phase III.

Disposition Authority: Section 10-305, State Finance and Procurement Article, Annotated Code of Maryland

Grantor Project Address: 1500 Claremont Street, Baltimore City, Maryland

Grantee: Perkins Homes Phase III, LLC (as ground lessee) and Baltimore Affordable Housing Development, Inc. (as ground lessor)

Consideration: \$0

Remarks: The Community Development Administration, a unit of the Division of Development Finance of the Department of Housing and Community Development, a principal department of the State of Maryland, intends to provide financing to Perkins Homes Phase III, LLC, to assist in the acquisition and new construction of Perkins Homes Phase III, a 152-unit affordable housing project in Baltimore City.

The owner of Perkins Homes Phase IIB will grant an easement that will serve as a driveway providing the sole point of access from the public street to the surface parking lot of Perkins Homes Phase III. Perkins Homes Phase IIB, on which the easement will be located, is subject to a deed of trust lien in favor of the Community Development Administration.

The easement will be a 4,885 square foot portion of land, more or less, that traverses in a north/south direction between the 1500 block of Pratt Street to the north and the 1500 block of Claremont Street to the south between Perkins Homes Phase IIB to the west and Perkins Homes Phase III to the east to provide vehicular and pedestrian access via a paved driveway. The easement will be 24 feet in width and 197 feet in length, more or less.

10. DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT (cont'd)

Description (cont'd):

Pursuant to Maryland’s commitment to reducing Greenhouse Gas Emissions, conserving water resources, and enhancing Maryland’s environment, the Project includes the following:

1. Project will use green building criteria from NGBS (National Green Building Standard) and obtain Bronze certification.
2. All windows will be Energy Star rated.
3. All faucets and bath fixtures will use water sense labeled products.
4. All appliances will be Energy Star Rated including refrigerators, ranges, range hoods, and bath exhaust fans.
5. Energy Star rated light fixtures will be installed in all units and common areas.
6. Mechanical systems will be high efficiency 15 Seasonal Energy Efficient Rating (SEER) units, with programmable thermostats, and insulated plumbing pipes.

Recognized Environmental Concerns were discovered at the site regarding soils. The Maryland Department of the Environment Land Restoration Program (LRP) completed its review of the Environmental Management Plan (EMP). The submitted plan was deemed acceptable for implementation and LRP has authorized the owner to proceed with executing the tasks outlined in the EMP.

11. DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT

Description (cont'd):

Pursuant to Maryland’s commitment to reducing Greenhouse Gas Emissions, conserving water resources, and enhancing Maryland’s environment, the project scope of work includes the following:

1. The project follows Green Building standards criteria from Enterprise Green Communities.
2. Energy Star-rated light fixtures will be installed throughout.
3. New low / no VOC paint throughout the building units and common areas.
4. All floorings will be quality and durable floor coverings.
5. Kitchen appliances will be Energy Star rated including refrigerators, range/ovens, microwaves, and dishwashers.
6. Solar panels to be installed at the Community Center.
7. Windows will be Energy Star rated.
8. Water-conserving toilets, sink faucets, and shower heads will be installed.
9. The building’s exterior siding and roofing will be R-19 & R-38 insulation respectively.
10. Air sealing and weatherization will be provided in accordance with the Department of Energy Air Leakage Guide and the 2018 IECC for typical areas.
11. The mechanical systems are designed to be highly rated efficiency greater than 15 Seasonal Energy Efficient Rating (SEER) with programmable thermostats, as well as insulated plumbing pipes.

The Overlook East environmental assessment revealed no evidence of recognized environmental conditions, controlled recognized environmental conditions, or historically recognized environmental conditions in connection with the properties.

12. **DEPARTMENT OF INFORMATION TECHNOLOGY**
Resource Sharing Agreement, RSA Program

Recommendation: The Board of Public Works approve the State entering into a resource sharing agreement.

Authority: Section 3A-307, State Finance & Procurement Article,
Annotated Code of Maryland

Property location: Patapsco Valley State Park, Anne Arundel and Baltimore Counties

Award: Baltimore Gas and Electric Company

Term: 10/26/2023 – 10/25/2053 (30-years)

Amount: Projected Value of Agreement over thirty years = \$126,440

Compensation to State Projected Value of Agreement over thirty years
\$126,440 (30-years)
\$126,440 (Total)

Requesting Agency Remarks: This revenue-generating transaction results from a resource sharing agreement between Maryland Department of Natural Resources and Baltimore Gas and Electric Company. For this proposal, the benefit to the State is the monetary compensation in exchange for access to State lands for the installation, use and operations of fiber optics cables located within Patapsco Valley State Park, Anne Arundel and Baltimore Counties, Maryland. Since the monetary value of the lease over the 30-year term is more than \$100,000, this item was submitted to the Legislative Policy Committee for review and comment and was posted on *eMarylandMarketplace*.

13. **DEPARTMENT OF NATURAL RESOURCES**
Rocky Gap Casino/Resort

Recommendation: That the Board of Public Works approve Evitts Resort, LLC granting a leasehold deed of trust to Goldman Sachs Bank USA on the Department of Natural Resources property at Rocky Gap State Park.

Prior Approval: Secretary's Agenda, Item 7 (7/19/2023)

Background: Reference is made to Secretary's Agenda, Item 7 (July 19, 2023) in which the Board of Public Works approved, among other things: (1) The First Amendment to Amended and Restated Ground Lease by and between the State of Maryland, to the use of the Department of Natural Resources, and Rocky Gap Propco, LLC (a subsidiary of VICI Properties, Inc.); and (2) the Assignment and Assumption of Ground Lease from Evitts Resort, LLC to Rocky Gap Propco, LLC; and 3) the Sublease of the Amended and Restated Ground Lease from Rocky Gap Propco, LLC to Evitts Resort, LLC, as amended.

Century Maryland Acquisition, Inc., a direct and wholly owned subsidiary of Century Casinos, Inc., has acquired Evitts. Evitts will continue to be the operator of the resort and casino as a subsidiary of Century pursuant to the Sublease from VICI to Evitts.

The Maryland State Lottery and Gaming Control Commission has provided approval for Evitts Resort, LLC and Century Maryland Acquisition, Inc. to join Century's credit facility with Goldman Sachs Bank USA as guarantors.

Subject to Board of Public Works approval, the lease permits Evitts to grant a security interest to its financing provider in Evitts' leasehold interest as set forth in the recently approved amended ground lease with the State. A leasehold deed of trust is a customary requirement in commercial lending that allows the lender to step into the tenant's role if the tenant defaults (this includes the obligation to continue to make lease payments to the landlord).

14. **MARYLAND DEPARTMENT OF HEALTH**

Recommendation: That the Board of Public Works create 144 positions.

Authority: Section 7-236, State Finance and Procurement Article, Annotated Code Maryland; Section 34 of Chapter 101 of 2023 (Budget Bill for FY 2024).

Amount: \$0

Appropriation Codes: M00A01.01, M00A01.02, M00A01.07, M00B01.03, M00F01.01, M00F02.01, M00F03.01, M00F03.04, M00F06.01, M00J02.01, M00L01.01, M00L01.02, M00M01.01, M00M01.02, M00Q01.01, M00Q01.02, M00Q01.04, M00Q01.05, M00Q01.08, M00Q01.09

Requesting Agency Remarks: Section 34 of Chapter 101 of 2023 (Budget Bill for FY 2024) authorizes the Board of Public Works to create additional positions beyond the Rule of 100 established in provided that 1.25 full-time equivalent (FTE) contractual positions are abolished for each regular position added and if there is no increase in agency funding in the current budget or the next two budgets.

The Maryland Department of Health requests 144 contractual conversions to support critical programming that impacts all Marylanders. Following the COVID-19 pandemic response, it became apparent that an experienced, knowledgeable, stable public health workforce is essential to perform many critical state-level functions that support the health and safety of Marylanders. Converting current contractual employees to permanent state merit positions will provide stability not offered by contractual employment and ultimately strengthen the state public health workforce that we are rebuilding. In addition, many of these conversions will help ensure that Marylander's eligible for Medicaid remain enrolled in the program. Specifically, positions support eligibility determinations and enrollment for Medicaid's various programs due to the increase in Medicaid Provider participation and expansion of programs including a January 1, 2023 adult dental expansion.

Finally, this conversion request supports MDH Operations employees including a position supporting our Office of Human Resources which are critical to make sure we meet the Moore-Miller objective of filling State Government vacancies.

The Department identified 180 contractual FTE positions to be abolished to create the 144 regular positions listed above. This is a ratio of 1.25 contractual FTE positions abolished to 1 regular position created.

15. DEPARTMENT OF NATURAL RESOURCES
Resiliency through Restoration Initiative

Recommendation: That the Board of Public Works approve the Department of Natural Resources granting \$634,805 in general obligation bond proceeds to design one restoration project and construct one restoration project.

Authority: Section 8-301, State Finance and Procurement Article, Annotated Code of Maryland

Project ID: Empowering Believers / CRP 03-24
Grantee: Empowering Believers Church of the Apostolic Faith
Location: Glen Burnie, Anne Arundel County
Amount: \$99,415
Fund Source: MCCBL of 2022 (Acts of 2022): *Resiliency through Restoration Initiative*
\$99,415.00
Source Code: 22119

Remarks: This project will design stormwater green infrastructure practices and removal of impervious surfaces to reduce flood impacts on Church property in Glen Burnie, Anne Arundel County. Natural features may include a rain garden, submerged gravel wetland, bioswale, cistern, native trees, and removal of impervious surfaces. DNR is seeking approval to award design funds for this green infrastructure project. After design, DNR may return to the Board for approval to award construction funds depending on local fund requests.

Project ID: Stoney Beach / CRP 04-24
Grantee: GreenTrust Alliance
Location: Stoney Creek, Patapsco River, Riviera Beach, Anne Arundel County
Amount: \$535,390
Fund Source: MCCBL of 2021 (Acts of 2021): *Resiliency through Restoration Initiative*
\$535,390.00
Source Code: 21524

Remarks: This project will construct an 850 linear foot living shoreline with breakwater and marsh features along Stoney Creek near the Patapsco River in northern Anne Arundel County to address erosion and sea level rise.

SUPPLEMENTAL

15. **DEPARTMENT OF NATURAL RESOURCES** (*cont'd*)

Background: The Resiliency through Restoration Initiative was developed to address escalating risks to Maryland's coastal and inland communities and public resources from extreme weather and climate-related events. This Program implements on-the-ground natural and nature-based projects in priority areas where nature can help communities become more resilient to impacts from water. Targeting models, such as the Coastal Resiliency Assessment, identify areas where restoration can provide the greatest protection benefits for infrastructure, communities, businesses, and habitats. Datasets, such as impervious cover, highlight urban and inland areas where green infrastructure is needed to address more intense rain events. Projects will protect both public and private investments, while demonstrating a suite of nature-based projects that will enhance the ability of communities to respond to or recover from extreme hazards like storms and more frequent and intense rain events, or chronic hazards like nuisance flooding and sea level rise.

DNR will provide technical assistance and grant funds to entities to design and construct living shoreline, marsh enhancement, green infrastructure, and nature-based projects. These projects will reduce the impacts of flooding on vulnerable communities across the state.

A1. DEPARTMENT OF HUMAN SERVICES
Social Services Administration (SSA)
Foster Care Maintenance Payments Program

Contract Title: Out-of-State Residential Child Care Services
SSA/OOS-24-008, ADPICS # N00B4600115

Contract Type: Services

Contract Description: Emergency placement of one youth.

Procurement Method: Emergency

Award: Lakeland Hospital Acquisition, LLC dba
Lakeland Behavioral Health System Residential Treatment Center
Springfield, MO

Amount: \$103,680 (not to exceed)

Term: 9/22/2023 – 3/31/2024

Date Emergency Declared: 9/22/2023

Contract Award Date: 9/22/2023

Date Emergency Reported: 10/05/2023

MBE / VSBE Participation: 0% / 0%

Fund Source: 100% General

Appropriation Code: N00G0001

Remarks: *Nature of Emergency:* Emergency placement of one youth, age 16, diagnosed with F20.1 disorganized schizophrenia.

Basis for Selection: Due to the unique and emergent needs of the youth, it was determined by the Baltimore County Department of Social Services that Lakeland Hospital Acquisition, LLC Lakeland Behavioral Health System Residential Treatment Center is the most appropriate placement as they specialize in providing complex behavioral health services to children and young adults.

A1. DEPARTMENT OF HUMAN SERVICES (cont'd)

Remarks (cont'd):

The youth is currently stable. This out-of-state provider can clinically address the specialized needs of the youth, and when clinically appropriate, the youth will be stepped down to a less restrictive placement. The provider's performance and compliance is reviewed by the State of Missouri and SSA Contract and Placement Units.

As of September 22, 2023, 21 youth were placed with out-of-state providers. The average number of weekly out-of-state placements for calendar year 2023 has remained consistent at this number. There are a total of 3,880 youth in out-of-home care in Maryland. While one youth in an out-of-state placement is one too many, youth in out-of-state placements represent less than 1% of the total youth in out-of-home care.

No MBE or VSBE participation goals were established for this contract since the specialized core services (psychiatric services/evaluations, case management, therapy, recreational therapeutic programs, educational services etc.) are available within the facility and require specialized training, certification, and clearances.

The proposed price for this contract is fair and reasonable because the price is set by Maryland State Department of Health, Developmental Disabilities Administration, using the same established methodology in price setting for all In-State providers.

A3. MARYLAND DEPARTMENT OF LABOR (cont'd)

Remarks: *Nature of Emergency:* Around the middle of August, the Department of Labor (MDOL) recognized that the likelihood of a federal government shutting down was imminent. At this juncture, MDOL began meeting internally to assess what resources were available, what exactly would be needed, and what the ultimate software solution would look like. Labor also started researching vendors who may be able to stand up an individual management software solution in a very short time, given the window available.

In most cases, the ideal situations surrounding an emergency procurement are those where the agency knows exactly what is needed, is aware of vendors who can meet the agencies needs within a given time and allows the agency to have all the necessary information available. In this regard, MDOL needed to engage the Treasurer and Comptroller's Office to gain insight and additional information on the best way to move forward. This period of planning and information gathering took several days. Upon recognizing that this project would entail a vendor that specializes in this level of work, MDOL reached out to the Department of General Services Office of State Procurement (DGS-OSP) to obtain approval, after receiving internal approval to use the Emergency Procurement method.

MDOL added a 19.3% MBE goal to the procurement for the customer support piece of the Scope of Work. The contactor requested and received a full waiver of the MBE goal as the contractor is based in Montana, is not a Minority Business Enterprise, and because of the timeline, did not believe it had adequate time to seek a partner in this space to meet the MBE goal. Due to the early October anticipated shutdown date, the vendor was limited to using native platform solutions that were used before, had existing contractual agreements in place, and could deliver the solution required within the timeline provided by MDOL to administer the program.

While the federal government shutdown has been delayed, MDOL intends to proceed with this contract as there is still a risk of a shutdown occurring in mid-November. On September 30, 2023, the U.S. Congress passed a 45-day continuing resolution to fund the federal government through November 17, 2023, averting an October 1 shutdown. If Congress fails to pass appropriations within that 45-day period or does not pass another continuing resolution, a full or partial federal government shutdown will begin on Saturday, November 18, 2023.

Basis for Selection: MDOL selected Submittable Holdings, Inc., a vendor based in Missoula, Montana, because of its experience standing up individual management software solution of this nature and their ability to provide the service MDOL sought. Three vendors were contacted and all three submitted their costs to MDOL. Submittable Holdings provided the lowest price proposal. Submittable Holdings is a technology firm that has been in business for the last 13 years, with niche expertise in emergency relief payment programs. Since inception, Submittable Holdings has served over 11 thousand clients; has created over 134 thousand programs on its platform; has had over 21.8 million submissions and applications collected; has been on the Inc. 5000 fastest growing private companies list and has also received a few prestigious technology and SaaS awards over the years.

A3. MARYLAND DEPARTMENT OF LABOR (cont'd)

Remarks (cont'd):

The firm is a funds distribution software company that has provided a reasonable quote and is accustomed to working with tight timelines to create application and eligibility verification processes like those needed for this project. They have the existing capacity to provide end-to-end services, from application portal to repayment. The Maryland State Department of Education, which currently uses the firm for the BOOST scholarship program, recommended them for their high-quality work and responsiveness, as did the Minnesota Department of Labor and Industry, which used the firm to quickly stand up a front-line worker bonus pay program for 1 million employees in 2022. Submittable Holdings was prompt and thorough in their responses to MDOL's inquiries, in contrast to other firms considered. The firm appeared to present relatively low risk for issues related to procurement, schedule, technology, performance, cost, fraud, or user experience. All three vendors sought start-up costs as part of their proposal: Submittable's proposed price was \$219,500, Sagitec proposed \$304,531.92, and Accenture proposed \$576,000.

2-S. FROSTBURG STATE UNIVERSITY
Service Contract

Contract ID: Enrollment Management Recruitment and Marketing Services

Contract Description: This contract is to provide marketing and recruitment services to support the enrollment growth at Frostburg State University for graduate and undergraduate programs.

Contractor: EAB Global, Inc, Washington, DC

Term: 10/26/2023 – 6/30/2026

Contract Amount: \$3,592,516

Procurement Method: Sole Source

MBE Participation: 6%

Performance Security: N/A

Requesting Institution Remarks: This contract will help Frostburg State University grow enrollment and revenue in its online programs by developing and implementing an innovative blueprint for adult enrollment growth through best practice research and EAB expertise to include the following:

- Building a prospect pool with advantaged audience generation, direct access to a proprietary consumer database, and channels that deliver high-intent, best fit students to Frostburg State University.
- Driving enrollment results with choreographed, responsive marketing to keep pace with shifting student behavior and trends in the graduate and adult learner market.
- Developing a nimble, forward-thinking growth strategy based on custom and best practice research guided by a team of EAB experts.
- Illuminating the student journey and fueling each decision with micro and macro insights derived from digital body language, proprietary data sets, and predictive analytics.

As a comprehensive approach to smart enrollment growth, EAB’s Adult Learner Recruitment Services (ALR) are completely unique in the market. There are no known providers of any similar offering that integrates full-service execution and strategy services as part of a holistic approach to enrollment. A competitive bidding process would yield no additional vendors capable of providing the complete scope of services supplied by ALR and required by **Frostburg State University**. It is due to the uniqueness of ALR that this sole source procurement is justified. Frostburg State University retains the ability to opt-out after year two of the contract.

MBE Participation: MBE Participation shall be determined for task orders over \$50,000

Performance Security: None

Requesting Institution Remarks: The solicitation was advertised in eMarylandMarketplaceAdvantage and the University’s eBid Board. Ten proposals were received. The proposals were evaluated by an Evaluation Committee which included representatives from UMB’s Design and Construction group. After review by the Evaluation Committee, six firms were shortlisted. These shortlisted firms provided price proposals consisting of hourly rates for a variety of design staff positions. For analysis and evaluation purposes, the hourly rates were applied to five sample projects using hours for various staff positions based on prior A/E Design projects done for UMB. Award is recommended to the six technically qualified firms which provide the best overall value to UMB based on the results of the technical and financial evaluation.

As projects arise, the University will rotate among the six awarded firms beginning with the firm that achieved the highest total score. These firms will be required to use the fixed hourly rates for any task orders done under the master contracts for the initial term of the contract. Hourly rates may increase in the renewal option term based on increases in the Consumer Price Index.

Requesting Agency Remarks: The Request for Proposals (RFP) was advertised on eMaryland Marketplace Advantage (eMMA) on December 5, 2022 with an initial due date of February 7, 2023, which was extended until March 1, 2023 due to amendments to the RFP. Three timely proposals were received on March 1, 2023. The Procurement Officer conducted an initial review for responsiveness and identified minor irregularities with two of the three submissions, and both offerors were granted an opportunity to cure the deficiencies.

DEPARTMENT OF TRANSPORTATION
ACTION AGENDA
October 25, 2023

1-CMR. MARYLAND TRANSIT ADMINISTRATION (cont'd)

Agency Remarks (cont'd):

Once the technical proposals were deemed responsive, they were sent to the Evaluation Committee for a formal review based on the criteria set forth in the RFP. Clark's proposal package demonstrated the best value for the MTA and the State of Maryland.

The contractor will provide preconstruction services for the design of MTA's EBDRP that will mitigate risks, improve the construction schedule, streamline the design process, improve the decision-making process, and develop a project that adheres to MTA's budget.

The proposed EBDRP includes clearing the entire current Eastern Bus Division site, demolishing existing buildings, and expanding the site to approximately 8.5 acres by closing and relocating Ponca Street. The new facility will be designed to initially accommodate a combined fleet of diesel and Battery Electric Buses (BEB), then transition into a 100% BEB fleet of approximately 200 electric buses.

Lastly, this contract will later be amended to include the construction and construction management portion of the project once a GMP is determined and agreed upon.

Per BPW Advisory 2001-1, the MTA Procurement Review Group reviewed the contract scope of work to determine the potential for establishing MBE and VSBE participation goals, as well as a Small Business Reserve designation. It was determined that no subcontracting opportunities existed for the preconstruction phase of the project. Therefore, no MBE nor VSBE goals were established. However, the MTA Procurement Division does anticipate that subcontracting opportunities will be available during the construction phase of the project.

MBE/VSBE Participation: 10.00% / 0%

MBE/VSBE Compliance: 13.38% / 0%

Requesting Agency Remarks: Approval of this modification to increase contract funding, increase the per square foot payment rate and extend the term of the agreement is necessary to ensure the continuation of these graphics services while a new solicitation can be completed. Staffing shortages within the MTA Procurement Unit have delayed the completion of a new solicitation for these services.

Per BPW Advisory 2001-1, the MTA Procurement Review Group reviewed the contract scope of work to determine the potential for establishing MBE and VSBE participation goals, as well as a Small Business Reserve designation. A 10% MBE goal was established for this contract and the vendor is currently exceeding the goal to achieve participation compliance of 13.38%. No VSBE goal was established for this contract due to the limited number of certified firms available to perform the services outlined in the statement of work.

3-M-MOD. MARYLAND TRANSIT ADMINISTRATION (cont'd)

Hiring Agreement Eligible: Yes

Requesting Agency Remarks: While no additional contract authority is being sought under this modification, approval of the requested labor rate increases will enable the contractor to offer wages that more closely align with the current market value of these services. Offering a more competitive wage will bolster employee retention and recruitment for the duration of the contract.

Specifically, the following labor rate increases are being requested:

<i>Labor Description</i>	<i>Current Hourly Rate</i>	<i>Requested Hourly Rate Adjustment</i>
Loader 3-4 Yards Operator	\$175.00	\$210.00
Loader 1.5 Yards Operator	\$100.00	\$120.00
Bobcat Operator	\$100.00	\$185.00
Dump Truck w/Plow Spreader Operator	\$140.00	\$168.00
4x4 Pickup Truck w/Plow Operator	\$110.00	\$136.00
Supervisor/Foreman w/Truck	\$70.00	\$84.00
Laborer	\$42.00	\$50.40
Single Axle Dump Truck w/Plow Spreader Operator	\$140.00	\$185.00

Per BPW Advisory 2001-1, the MTA Procurement Review Group reviewed the contract scope of work to determine the potential for establishing MBE and VSBE participation goals, as well as a Small Business Reserve designation. No MBE nor VSBE participation goals were established; however, the contract was designated for certified Small Business firms.

The awardee has performed to a satisfactory degree, so MTA is confident in their abilities. Therefore, approving this modification will allow the continuation of these essential services, which is in the best interest of the State.

PURPOSE

The purpose of this memo is to advise the BPW Staff of the following clerical error correction to the Department of Transportation’s agenda item previously approved by the Board of Public Works.

MDOT AGENDA 10/25/2023, ITEM 5-GM

Approved Awardee: Kelly Transportation; Waldorf, MD Contract E (Route 650)

Approved Contract Term: 10/26/2023 – 10/31/2023 (Mobilization Period: 6 days)
11/01/2023 – 09/20/2028 (5 years w/one 2-year renewal option)

Correct Awardee: **Keller Transportation, Inc.**; Waldorf, MD Contract E (Route 650)

Correct Base Contract Term: 11/01/2023 – **10/31/2028** (5 years w/one 2-year renewal option)

In summary, Keller’s business name as well as the contract expiration date were both noted incorrectly and must be corrected for the record.

If additional information is required, please do not hesitate to contact me at 410-767-8374 or mhewlett@mdot.maryland.gov.

Requesting Agency Remarks: This solicitation was advertised via eMaryland Marketplace Advantage on July 24, 2023, notifying six potential vendors. These vendors were also notified of the solicitation by email. On August 15, 2023, bids were opened for each contract - three bids received for Contract A; three bids received for Contract B; two bids received for Contract C; two bids received for Contract D; and three bids received for Contract E. A single 'no bid form' was received and noted the given firm failed to provide a bid due to other commitments.

5-GM. MARYLAND TRANSIT ADMINISTRATION (cont'd)

Agency Remarks: (cont'd):

The routes are as follows:

Route 610 Provides weekday service stops between Waldorf and Washington D.C. and consists of 11 morning trips and 11 afternoon/evening trips.

Route 620 Provides weekday service stops between Waldorf and Washington D.C. and consists of 11 morning trips and 12 afternoon/evening trips.

Route 630 Provides weekday service stops between La Plata and Washington D.C. and consists of eight morning trips and six afternoon/evening trips.

Route 640 Provides weekday service stops between Waldorf and Washington D.C. and consists of seven morning trips and seven afternoon/evening trips.

Route 650 Provides weekday service stops between La Plata and Washington D.C. and consists of eight morning trips and ten afternoon/evening trips.

The contract amounts include the prospective awardees' bid value, plus built-in reimbursement costs. The built-in reimbursements include an annual performance bond reimbursement, which the MTA designed to attract small businesses to bid who generally are put at a disadvantage because of the cost associated with obtaining these bonds.

Per BPW Advisory 2001-1, the MTA Procurement Review Group reviewed the contract scope of work to determine the potential for establishing MBE and VSBE participation goals, as well as a Small Business Reserve designation. While no VSBE participation goals were established for these contracts due to the limited number of available certified firms, MBE participation goals were assigned to each contract in the series. Contracts A and B have 6% MBE goals, and Contracts C, D, and E have 5% goals. All the MBE subcontractors will provide fuel.

This contract includes a provision authorizing an extension for a total period no longer than one-third of the base term to spend funds remaining on the contract as provided in the Board of Public Works (BPW) Advisory 1995-1 found on the BPW website.

Requesting Agency Remarks: On March 11, 2022, the solicitation was advertised in The Daily Record, SHA’s web page, and eMaryland Marketplace Advantage (eMMA). The advertisement was for five contracts for \$3 million each not to exceed \$15 million for Survey & Engineering Services, District 7 for SHA. A total of 762 firms were notified via eMMA and an additional 620 DBE were directly solicited. SHA received 22 expressions of interest developed a Reduced Candidate List per COMAR 21.12.02.04. From the Reduced Candidate List, SHA invited 13 firms to submit technical proposals. SHA used qualifications-based selection and five found consultants eligible for contract award.

On April 6, 2023, SHA received a protest disputing the following:

- weaknesses and omissions of the vendor’s proposal presented to them during the SHA debriefing that were addressed in their submission.
- the debriefing scoring sheet presented to the vendor had an error that could have altered the outcome of the procurement.

Agency Remarks (cont'd):

SHA reviewed each of the issues presented in the vendor's protest at length, with extensive counsel from the Office of the Attorney General and issued a Procurement Officer's Final Decision to Vendor (POFD), on June 9, 2023. SHA's POFD stated that the vendor's disagreement with the evaluation is not a basis for reevaluation or overturning the reasonable scoring of the evaluation committee. In addition, SHA acknowledged a typographical error in the manually created scoring sheet presented during the debriefing. The debriefing sheet was completely separate from the equations used by SHA during the rating and ranking process and the error did not alter the selection of contract awardees. SHA provided the vendor with a corrected sheet as an attachment to the POFD response. The vendor was notified of their ability to file an appeal with the Maryland State Board of Contract Appeals (MSBCA) within 10 days from the date of receipt. SHA contacted the MSBCA and confirmed that the vendor did not file an appeal.

This comprehensive survey and engineering services contract series to provide survey and engineering services in support of highway design projects that improve safety, operations, and maintain the integrity of highway infrastructure. Designs may include concept studies, construction plans, IFB's and estimates. Detailed design services required include highway geometrics, drainage, stormwater management utility coordination and/or designation, topographic surveys, right of way plats, landscape, environmental, traffic control devices, construction phasing, maintenance of traffic, sidewalks/shared used paths, structures, erosion/sediment control, and geotechnical analysis/design. Tasks will primarily be within SHA District 7, but tasks may be assigned in other areas of the State in support of other SHA offices. Specific project assignments will depend upon the district's needs during the life of the contract and may include on-site staffing.

Per BPW Advisory 2001-1, the SHA Procurement Review Group reviewed the contract scope of work to determine the potential for establishing a DBE participation goal, as well as a Small Business Reserve designation. A 27% DBE participation goal was established for each contract within this award series.

incumbent, was deemed non-responsive and their bid was rejected, due to the bid price for the markup percentage item being higher than the maximum allowed. This resulted in a single responsive bid. There were no protests filed for this contract.

Although there were many vendors notified via eMMA, historically SHA has only received three bids for this type of contract due to the specialized work required for this project such as carpentry and structural components. SHA has found only a limited number of contractors that can perform this work.

The State Highway Administration has confirmed St. Mary's Roofing and Home Improvement, LLC's bid price and the work conducted on this contract is performed 100% by a State-certified Small Business.

The single bid received from St. Mary's Roofing Home Improvement, LLC was compared to bids for similar projects within District 2. The bids were found to be comparable to the work being performed on this contract. After such review, as well as reviewing previous work performed by St. Mary's Roofing Home Improvement, LLC, within District 2, the single bid was found to be fair and reasonable.

Per BPW Advisory 2001-1, the SHA Procurement Review Group reviewed the contract scope of work to determine the potential for establishing MBE and VSBE participation goals, as well as a Small Business Reserve designation. Due to the limited number of certified enterprises identified as capable of providing these services, it was determined that no sub-contracting opportunities are available for this contract. Three sub-contractable categories resulted only one available firm for each area, for each category. The fourth sub-contractable category only resulted in 2 available firms. As such, no MBE or VSBE participation goals were established for this contract.

Agency Remarks (cont'd):

Historically, the SHA District 7 Shop has performed this work with its own workforce. This contract will supplement the SHA workforce with the increase in litter pick-up cycles being conducted and to assist with customer concerns regarding litter.

The SHA has confirmed P2 Cleaning Services, LLC's bid price.

Per BPW Advisory 2001-1, the SHA Procurement Review Group reviewed the contract scope of work to determine the potential for establishing MBE and VSBE participation goal, as well as a Small Business Reserve designation. Although no MBE participation goal was established for this contract due to the limited available certified firms, the work conducted on this contract is performed 100% by a Certified Minority Business and State-Certified Small Business; therefore, the MBE participation is reported as 100%. No VSBE participation goal was set due to there being no firms available to perform the work. There were only two sub-contractable categories of work for this project. Protection vehicle had only 2 firms available, and the full-width litter pickup (5-man crew) only had 1 available firm and would be the main element of work to be performed by the prime.

19-M. STATE HIGHWAY ADMINISTRATION (cont'd)

Agency Remarks (cont'd):

The State Highway Administration has confirmed Desper & Son's Ground FX Lawns & Landscapes, LLC's bid price.

Per BPW Advisory 2001-1, the SHA Procurement Review Group reviewed the contract scope of work to determine the potential for establishing MBE and VSBE participation goal, as well as a Small Business Reserve designation. Due to the limited number of certified enterprises identified as capable of providing these services, it was determined that no sub-contracting opportunities area available for this contract. There were two sub-contractable categories of work considered. Protection vehicle only had two available firms, and herbicide supplier, which was the main element of work, and only had one available firm. As such, no MBE or VSBE participation goals were established for this contract.

Recommendation: The Board of Public Works authorize that funds be encumbered for the following grant:

Anne Arundel Community College
Florestano Building Renovation – Design

The project is to renovate the first three floors of the Florestano Building to repurpose the facility into a "one-stop" student services center at the Anne Arundel Community College Arnold campus. The building was constructed in 1993 and housed the School of Health Sciences until 2021. The renovated facility will house the Departments of Enrollment Services, Student Success, and Student Development, as well as conference and lounge space.

Fund Sources: MCCBL 2023 Provide funds to assist the subdivisions in the acquisition of property and in the design, construction, renovation, and equipping of local and regional community college buildings, site improvements, and facilities... Anne Arundel Community College –Florestano Building Renovation; Item 181. (CC-11-MC23-480) **\$720,000**
Total Encumbrance: \$720,000

Background:	Total State Share
Total Project	\$720,000
This Action	\$720,000

Remarks:

1. This action is in accordance with MHEC Construction and Space Allocation regulations, COMAR 13B.07.
2. The Maryland Higher Education Commission, the Department of Budget and Management and the Department of General Services recommend approval. All contracts will be awarded by Anne Arundel Community College and signed by local authorities.
3. The Office of the Comptroller may not disburse State funds until after the Department of General Services verifies that the grant recipient has expended the matching fund and the required amount for reimbursement. Funding is based on a total project cost of \$1,440,000, and the local share of this cost is 50.0% or \$720,000 and is in accordance with Section 11-105(j) of the Education Article.

Requesting Agency Remarks: A notice of the availability of the Request for Proposals (RFP) was advertised on eMaryland Marketplace Advantage (eMMA) on December 22, 2022. Twenty-one proposals were received on January 27, 2023, and sixteen were deemed reasonably susceptible of being selected for award. DGS commenced fee negotiations with the eight highest ranked firms and five SBEs. The price proposal submitted by each firm reflected billing rates for each discipline required. The hours for each project/work order awarded under the agreement will be negotiated and the individual work orders will be executed.

DGS will rotate work assignments among the awarded contractors using work orders in accordance with COMAR 21.12.02.06. No work is guaranteed to any awarded contractor as the contracts are Indefinite Quantity Contracts (IQC).

Several firms have committed to exceed the 30% MBE participation goal. Grimm and Parker Architecture, Inc. have agreed to a 32% goal. Prime AE Group, Inc. has agreed to a 33% goal. Marshall Craft Associates, Inc. has agreed to a 40% goal. WBCM, LLC has agreed to exceed a 45% goal. Wheeler Goodman Masek & Associates, Inc. has agreed to a 36% goal.

Requesting Agency Remarks: Springfield Hospital Center has been employing a Proprietary Supervising Station Service for onsite monitoring of their fire alarm system. The original contract provided for replacement of their existing Central Supervising Station equipment in the hospital's Administration building. This Proprietary Supervising Station requires twenty-four hour station operators. When testing was done, Springfield Hospital Center made the decision to terminate their Proprietary Supervising Station Service onsite and outsource fire alarm monitoring to a third-party monitoring service provider reducing their liability.

Agency Remarks: Two bids were received but one was rejected because the bidder did not submit the required MBE forms.

The bid is approximately twelve thousand dollars higher than the engineer's estimate. The State's estimate did not factor in the additional cost for drilling the concrete walls of a correctional facility which are three times thicker than ordinary concrete walls and the process has to be performed in a crawl space behind the detention cells on an unstable iron metal grid inside the detention cells in close proximity to the inmate population that causes tool and equipment logistics due to the close proximity of inmates. The price has been determined to be fair and reasonable.

Three proposals were received in response to the RFP, and all were deemed reasonably susceptible of being selected for award.

Per the RFP an offeror could submit a proposal for one or more Functional Areas. The RFP was split into two Functional Areas: Functional Area I for cost allocation services, which is a system that allocates all the Department costs incurred to fund sources in accordance with DHS' approved Public Assistance Cost Allocation Plan (PACAP); and Functional Area II for the random moment time study (RMTS), which is a cost allocation method that is a federally approved statistical tool that on a quarterly basis, tracks the time a sample group of employees spends working on various federal programs.

Agency Remarks (cont'd):

Public Consulting Group LLC was ranked first technically in both Functional Areas and is recommended for award because of their knowledge in being able to provide a cost allocation system and experience with the random moment time study cost allocation method. Their proposed solutions best meet the needs of the State when considering both technical and financial factors.

There were no MBE or VSBE subcontracting opportunities identified. DHS is aggressively reviewing its contracts and solicitation for MBE and VSBE participation. The next RFP will be reviewed for other subcontracting opportunities.

Requesting Agency Remarks: A notice of the availability of the invitation for bids was published on eMaryland Marketplace Advantage (eMMA) on May 8, 2023 notifying 90 vendors and 19 vendors were directly notified of the solicitation. Bids were received and opened on June 30, 2023. One bid was received for Region 1 and two bids were received for Regions 2 and 3.

The Maryland Department of Juvenile Services (DJS) provides individualized care and treatment to youth who are alleged or adjudicated offenders and are supervised in the community. DJS utilizes a continuum of services and treatment for juveniles with an expanded community-based focus. The treatment and programs include probation, home detention and monitoring, community service, victim restitution, and counseling. Some youth who may pose a risk to themselves or public safety are placed in residential programs or detained pending appropriate placements. The optometry services are required at seven DJS locations throughout Maryland.

Many youths entering the Department's residential facilities have a common background of family dysfunction and a lack of adequate health care. They often enter DJS facilities with poor health and neglected medical, dental, and mental health problems. The focus of the scope of work shall be on the provision of high-quality, comprehensive optometry services. The mission of the DJS Somatic Health Division is to protect, promote, and advance the health of all youth in the care of the Department.

DJS has difficulty accessing optometrists in the community who agree to service our population who are required to enter their businesses with restraints and uniformed escorts. Region 1 was not included in the previous contract and is 2/3 of the current bid price due to the large population. The total cost for the previous contract is \$149,122.31 and only included Regions 2 and 4 and the current bid is \$325,500 which is a difference of \$176,377.69. The price has been determined to be fair and reasonable considering the addition of Region 1.

**29-S. SERVICES CONTRACT
*Department of Health, Behavioral Health Administration***

Contract ID: Screening, Brief Intervention and Referral to Treatment; MDH/OMCP# 24-22069
ADPICS No.: M00B4600219

Contract Description: Screening, Brief Intervention and Referral to Treatment (SBIRT) includes a group of services that are often implemented simultaneously and include the opioid outreach program, and hospital-based buprenorphine induction.

Award: Mosaic Group, Inc., Towson, MD

Contract Term: 11/01/2023 - 09/29/2025

Amount: \$2,754,900

Procurement Method: Sole Source

MBE/VSBE Participation: 0% / 0%

Performance Security: No

Incumbent: Same

Requesting Agency Remarks: Screening, Brief Intervention and Referral to Treatment (SBIRT) services are a part of a federal Substance Abuse and Mental Health Services Administration (SAMHSA) SOR III grant. No other vendor exists with the requisite experience needed to implement these programs as these services did not exist in Maryland prior to 2013 when Behavioral Health Administration (BHA) received similar federal funding for Screening, Brief Intervention and Referral to Treatment (SBIRT) services. The Mosaic Group, Inc. has developed their expertise in this niche area of work with their prior contracts with BHA over the last eight years. Because no other funding source exists for these types of services in the general market, no other vendors exist.

Since 2013, The Mosaic Group, Inc. has been the only Screening Brief Intervention and Referral to Treatment implementation vendor in Maryland. Other jurisdictions including District of Columbia and West Virginia, that were awarded similar federal grant funding have also used them as their SBIRT vendor.

29-S. SERVICES CONTRACT (cont'd)

Agency Remarks (cont'd):

BHA approached the Substance Abuse and Mental Health Administration (SAMHSA) about other potential vendors and they were unable to provide any other vendors. The contract builds on prior work completed by BHA and The Mosaic Group, Inc. and requires a vendor who not only has the technical expertise, but also the one who has relationships with the organizations where work is being performed, such as Maryland Hospitals, Maryland Primary Care Program Participants, etc. The federal funding that supports this contract is time sensitive and of significant importance due to the ongoing opioid crisis.

The historical hourly price per hour for SBIRT implementation ranges from a low of \$154 per hour to a high of \$191 per hour. The proposal price for the other (non-training only related) SBIRT implementation services (MOUD Prescribing, Fidelity & Quality Assurance, and Reverse the Cycle) all come in equal to or under \$193 per hour. This is two dollars higher than the highest hourly price paid in the past for these types of services. Given the inflation rate over the last two years this is very comparable. The price of the proposal based on this method is fair and reasonable.

No MBE or VSBE participation was included because no other vendor exists in the marketplace for these types of services and services did not exist in Maryland before 2013

31-S-OPT SERVICES OPTION (cont'd)

MBE/VSBE Compliance: 0% / 0%

Performance Security: No

Requesting Agency Remarks: This **option** is necessary to ensure that Maryland voters have the ability to vote by mail. The contractor has the dedicated logistics to transport ballot packets to both the Capitol and Baltimore Regions. They also exceeded National Institute of Standards and Technology (NIST) security standards and have a tracking solution that allows voters to track ballots from the mail house to the voter and the voter to the local boards.

The cost of postage utilizing the contractor’s postage permit is no additional cost to the mail-in voting process. The expense is a pass-through and SBE will pay documented actual costs. The modification amount is based on postage expenses from the 2022 Election Cycle adjusted for a 25% increase in quantity and increased postage in 2024.

The amount of the option period is significantly higher than that of the base period because SBE added postage as a pass-through via this action item (modification portion) instead of using SBEs permit due to increased efficiency of using the Contractor’s permit as they do the mailings. Also, the amount of the previously approved modification #1 (DGS 41-S-MOD, 12/02/2022). The postage expenses alone are approximately 50% of the contract value.

There are several reasons why no MBE or VSBE participation was included. There must be a uniform system of accounting and security for all ballots during each phase of the project. Each ballot is very specific to the voters’ information and there are barcodes that tie the ballot with a tracking number. Sending some of the work to a subcontractor could affect the security of the automated system and cause confusion or numbering challenges. Price is another consideration- the higher the volume, the lower the per unit cost. If the Prime Contractor sent some of the printing work to a subcontractor, that subcontractor would have to do a new print batch set up with their equipment, eliminating the economy of scale benefit that comes from as few print set ups as possible.

This contract is being replaced with three smaller contracts to increase MBE participation. The three RFPs are being drafted and the new agreements will be in place prior to the contract's end date.

The contractor will continue to promote Maryland's attractions, accommodations, and services to increase visitor spending in the State by providing residents and out-of-state visitors with information and services to ensure a positive trip experience and positioning Maryland as a competitive destination.

The Department's goal is to maximize the State's investment in Maryland as a desirable place to visit and to expand businesses. During the term of this modification, the Department will conduct a competitive procurement to obtain a new multiyear contract for the publication and content provider for multi-media services.

Performance Security: No

Hiring Agreement Eligible: Yes

Requesting Agency Remarks: The first youth placed on June 12, 2023, and a second youth was placed June 16, 2023. An emergency contract was not initiated since there was enough funding on the current contract for the cost at the time of placement.

Due to the unique needs of the youth, it was determined by the Prince George's and Baltimore City LDSS' that Amiable Access Healthcare, Inc., was the most appropriate placement for these two youth as they provide 24-hour community residential living in the local and surrounding areas of Maryland.

The proposed price for this modification is fair and reasonable because the price is set by Maryland State Department of Health, Developmental Disabilities Administration, using the same established methodology in price setting for all In-State providers.

No MBE or VSBE participation goals were established for this contract since the specialized core services (psychiatric services/evaluations, case management, therapy, recreational therapeutic programs, educational services etc.) are available within the facility and require specialized training, certification, and clearances.

MBE/VSBE Compliance: 0% / 0%

Performance Security: No

Hiring Agreement Eligible: Yes

Requesting Agency Remarks: This modification will allow the Department the necessary time needed to complete the competitive solicitation process without service disruption to children, youth, and families. The solicitation has been delayed due to changes in key staff used to draft the scope of work and staff shortages within the procurement office. The new solicitation is anticipated to be released later this year. The contractor has agreed to maintain the same price as initially agreed upon despite inflation and increased business costs. This decision demonstrates a commitment to fair and reasonable pricing.

The Department requires services targeted at strengthening adoptive families who are in crisis and in need of additional support. The current contract provides therapeutic case management and groups to support children and families including specialized groups that support transracial adoptions, as well as individual and family therapy. Transracial families and children face another layer of challenge as they navigate daily life within their family culture while also living in a broader society with racial bias which increases the need for the specialized areas of service provided by the vendor.

MBE and VSBE participation was not established for this contract because there were no subcontracting opportunities.

MBE/VSBE Participation: 0% / 0%

MBE/VSBE Compliance: 0% / 0%

Requesting Agency Remarks: DHS is currently in the final stages of developing the new Request for Proposal. The solicitation was not done in time in 2022. DHS initially requested and received approval for a five month extension, but the RFP has needed more work to be able to send to the Office of State Procurement for its review and advertisement.

In 15 years, none of the 350 families who received services experienced an adoption dissolution during their time in treatment. Prior to the Center for Adoption Support and Education (C.A.S.E.) contract, the Department was struggling with high rates of dissolution and children re-entering the system.

MBE and VSBE participation were not established for this contract because there were no subcontracting opportunities. DHS will work with current contractors to promote certification of MBE and VSBE opportunities and look at improving participation in all procurements.

Performance Security: No

Requesting Agency Remarks: Five youth are currently placed with the provider and the remaining four beds are pending youth placements slated to occur within the next 60 days per the Baltimore County LDSS. These additional beds are being requested to meet the current placement needs of Baltimore Co. LDSS, placements are available Statewide with this provider as vacancies occur.

Due to the unique needs of the youths and a review of the Provider's current License level of care per COMAR 10.07.14.05 (G) (4), Community Caregivers, LLC., can clinically address the specialized needs of the youths. The youths are currently stable, and when clinically appropriate, each youth will be stepped down to a less restrictive placement.

The proposed price for this contract is fair and reasonable because the price is set by the Maryland State Department of Health, Developmental Disabilities Administration, using the same established methodology in price setting for all In-State providers.

No MBE or VSBE participation was established for this contract since the specialized core services (psychiatric services/evaluations, case management, therapy, recreational therapeutic programs, educational services, etc.) are available within the facility and require specialized training, certification, and clearances.

40-S-MOD. SERVICES MODIFICATION (cont'd)

Requesting Agency Remarks: This extension will provide time for award and implementation of a replacement contract advertised on September 6, 2022. Due to the complexity in scope, the contract evaluation period was prolonged, however the extension will allow for the award and implementation of the new contract.

The Department of Health originally completed a draft of the new Request for Proposal (RFP) in 2019. Due to the vast IT component, the Administration requested the RFP be pulled and edited to be processed within the Medicaid Enterprise Systems Modular Transformation (MMT) system requirements. The first process was to get approval from Centers for Medicare and Medicaid (CMS). This process required additional time and once approved the RFP was edited to incorporate the MMT template requirements. Currently, the proposals received are in review and a vendor is expected to be chosen before the end of 2023. The DDI component of the MMT contract includes a Design Development and Implementation (DDI) period that will commence once a vendor is selected. DDI is estimated to last between one-year to one-year and six-months. This timeline is based on prior State contracts that have been implemented in the last five years with a similar scope. It is critical to ensure that the proposed system meets all MDH and Centers for Medicare and Medicaid Services (CMS) level requirements. If the procurement period is completed sooner, the contract will be terminated with a 60 day notice for convenience.

Contract ID: Quick Modules Software and Hardware Maintenance;E00B4600001
ADPICS No.: E00B4600001

Contract Description: Quick Modules software maintenance and IBML hardware and software maintenance. Quick Modules software allows data capture of documents such as tax returns without presorting on a high speed IBML document scanner.

Award: Fairfax Imaging, Inc.; Tampa, FL

Contract Term: 11/04/2023 - 11/03/2024

Amount: \$201,253.80

Procurement Method: Sole Source (*Proprietary*)

Living Wage Eligible: No

MBE/VSBE Participation: 0% / 0%

Performance Security: No

Incumbent: Same

Requesting Agency Remarks: Fairfax Imaging is the only authorized IBML contractor. They are indispensable in maintaining IBML scanner operations to comply with warranty standards. IBML hardware are the industrial, high-capacity scanners used to process many different types of tax forms.

The Comptroller has used this integrated set of tools to process paper tax returns for many years to include this current year tax processing and all back year tax processing. Maintaining these tools is critical to ensure tax form processing continues in a secure and efficient manner. Most paper tax forms are scanned using the legacy system. Without this contract the Comptroller runs the risk of not being able to process millions of tax returns.

Agency Remarks (cont'd):

The 11.5% price increase from the \$180,414.00 cost for the current year is due to the end of life on the IBML IT5 scanners. IBML agrees to provide service through Fairfax for another year but only at a higher cost. The price has been determined to be fair and reasonable.

42-IT. INFORMATION TECHNOLOGY (cont'd)

Agency Remarks (cont'd):

Datamaxx is the sole owner, licensor and provider of maintenance and technical support for the Omnixx Force suite of software, which has been customized for the Department's requirements. Replacing this proprietary system would require a total redesign and rebuilding of Maryland's law enforcement telecommunications system, and would require a minimum of four to five years to procure a new vendor and build the system to become fully operational. Datamaxx is the only provider capable of providing maintenance support, technical support, and upgrades to Omnixx/Meters.

The price was compared to similar Datamaxx Omnixx Force contracts held by two other public safety agencies Nebraska State Patrol and the Montana Department of Justice and determined to be fair and reasonable. Nebraska State Patrol's contract is \$4,893,010.64 and the Montana Department of Justice's is \$4,250,000. Their contracts are for ten year terms. The price of each contract was divided by its total contract term to generate an average annual cost for comparison. This analysis showed that the average annual cost of the Department's contract falls between the average price of the other two contracts. The contract will have an annual fixed cost increase of 3% per year for the five-year term of the contract which is below current inflationary trends in the industry.

MBE and VSBE participation was not established for this contract because there are no subcontracting opportunities.

Requesting Agency Remarks: The item was submitted for the July 19, 2023 BPW agenda, however, clarification of BPW questions resulted in a retroactive submittal. DoIT regrets having to submit retroactive agenda items. Please be assured that DoIT recognizes that retroactive contracts are not desirable. The Department is working diligently to avoid retroactive activities by developing a contract database that notifies DoIT of upcoming contract due dates. The Department will continue to be proactive in its procurement practices moving forward.

This contract provides access to a cloud-based platform that lowers the cost of government services through collective investment in an enterprise-wide GIS SaaS platform. This enterprise platform is utilized by 2,200+ state employees and hosts hundreds of public-facing applications in support of legislative mandates, and other essential services. Examples include transparency of COVID-19 health and safety information that has been visited by millions of Marylanders and access to 1,200+ data layers that are viewed by users all over the world, making Maryland an international leader in the GIS data industry.

Requesting Agency Remarks: DoIT and OSP have been working together since August to modify this contract and work on the new contract simultaneously. DoIT operated under the assumption that MiCTA had extended the current ICPA. However, when OSP contacted MiCTA, it was determined that a new award was required. This change required additional steps and processes to obtain approval to use the new MiCTA agreement, and it was decided to extend this contract as long as possible to allow time for the new agreement to be finalized, which is currently in preparation to be submitted for a future BPW agenda.

This agreement is for VoIP services for continuing the network modernization and legacy PBX replacement (MITDP Project), as well as applications provided by CenturyLink that are utilized by several agencies in their daily operations. Additional contract authority is needed to accommodate additional users (Comptroller's Office and the Maryland Cannabis Administration) until a replacement agreement is procured.

MBE or VSBE Participation was not established for this contract as no subcontracting opportunities are available.

DGS OSP Remarks: RETROACTIVE approval requested pursuant to § 11-204(c) State Finance & Procurement Article. DGS OSP has determined that this contract should be treated as voidable rather than void because: (1) all parties have acted in good faith; (2) ratification for the procurement contract would not undermine the purposes of the Procurement Law; and (3) the violation, or series of violations, was insignificant or otherwise did not prevent substantial compliance with the Procurement Law.

Recommendation: That the Board of Public Works approve the following Task Orders/Purchase Orders under a previously-approved Master Contract.

Authority: State Finance and Procurement Article
Annotated Code of Maryland, § 13-113; COMAR 21.05.13.06

Procurement Method: Task Order/Purchase Order under Master Contract

1.0 Master Contract: **Consulting and Technical Services Plus (CATS+)**
Contract No.: 060B2490023
Approved: DoIT 3-IT, 04/03/2013
Term: 04/22/2013 - 04/21/2028
***As of publication, the remaining balance of this master contract is \$280,200,417.*

1.1 Using Agency: Motor Vehicle Administration
Description: MVA Web Focus Support -The resources provided through this contract are critical to developing and maintaining MDOT MVA's business intelligence products, tools, and operating environment. These products and tools provide critical, real-time analysis of MDOT MVA operations, and allow MDOT MVA's executive leadership to make fact-based decisions that directly affect customer service. Without the resources provided by this contract, MDOT MVA would be limited in its ability to understand operational outcomes and identify areas for improvement. The MVA collects a large amount of data during customer transactions, including the capability to access additional data fields from external agencies to include state and federal. MVA Management uses this mass amount of rich data to make strategic decisions for the MVA in real-time and in future planning efforts and recognizes that in order for the agency to access the trends and support strategic visions, business intelligence (BI) software will be needed to extract and analyze data which support decision making and process modifications; *J00B6400012*.

Modification Description: Extend the term to allow time to complete the new procurement.

Agency Remarks: MVA began transitioning their existing performance measurement dashboard from (TIBCO WebFocus) to a new business intelligence application, to support a request received by DoIT in February 2022. This critical project began in March 2023 and will take a minimum of 14 months to complete. The added additional complexity to the support required for this contract and required a scope change to the recomplete as it was not identified as a required component until after the transition project commenced. The replacement procurement was advertised on eMMA in July 2023 with a bid submission due date of September 7, 2023.

No MBE or VSBE participation goals were assigned to this contract when advertised because this procurement was to hire personnel resources and did not lend itself to subcontracting opportunities.

**51-RP. REAL PROPERTY
*State of Maryland***

Recommendation: Transfer Greenbelt Readiness Center property

Property: 69 Greenbelt Road, Greenbelt, MD, consisting of 8.03 acres with a
16,814 sq. ft. armory building

Grantor: The State of Maryland

Grantee: The United States Government acting by and through the
Department of Housing.

Background: Approval is requested to transfer the Greenbelt Readiness Center to the United States Government. The State of Maryland acquired the Greenbelt Armory property in 1949 from the federal government for use as a National Guard Armory, for training and other military purposes. The deed contained a reverter clause stating that if the property ceased to be used for military purposes, it would be conveyed back to the federal government. Military vacated the property effective March 1, 2016. Although the property has been used by the Maryland Military Department, it is titled to the State of Maryland.

Consideration: No consideration

Appraised Value: Appraisals were not conducted since this is a reversion of title.

State Clearinghouse: No Clearinghouse review was required due to the reversion of title.

Statutory Authority: State Finance & Procurement 10-305

**52-RP. REAL PROPERTY
*Judiciary, Maryland District Court***

Recommendation: Approve amendment to contract of sale to revise the Grantee to be the State of Maryland, to the use of the Department of General Services and approve an additional payment to the Grantor of \$20,892.95 for property maintenance expenses during the extended negotiation period for the remaining District Court parcels.

Prior Board Action: DGS Item 63-RP, 06/07/2023

Property: 541 Market Place Drive,
Bel Air, Maryland 21014

Grantor: KC GG Bel Air, LLC,
541 Market Place Drive, Bel Air, Maryland 21014

Grantee: State of Maryland, to the use of the Department of General Services

Reference: The acquisition of this property was previously approved on June 7, 2023, as item 63-RP for the construction of a new Harford County District Courthouse. The item mistakenly listed the Judiciary as the Grantee and should have listed the Department of General Services. In addition to this change, the Grantor has requested compensation in the amount of \$20,892.95 for the property maintenance expenses incurred during the extended negotiation period for the remaining District Court parcels. Approval is now requested for an Amendment to the Agreement of Sale to correct the Grantee name and approve the additional consideration.

**53-RP. REAL PROPERTY
 *General Services***

Recommendation: Approve an agreement of sale for the acquisition of a commercial property and relocation costs associated with the seller acquiring a replacement site

Prior Board Action: DGS 64-RP, 06/07/2023

Property: 543 Marketplace Drive, Bel Air, Harford County, 3.97 acres improved with 12,494 square foot building

Grantor: ELOS LLC, 543 Marketplace Drive, Bel Air, Maryland 21014

Grantee: State of Maryland, to the use of the Department of General Services

Reference: Approval is requested for an agreement of sale to purchase a commercial property from ELOS LLC, for the construction of a new District Court in Harford County. The purchase price includes the fee simple appraised value of \$2,715,000 and relocation costs of \$2,185,000 for total consideration of \$4,900,000. The final settlement for this property is contingent upon approved contracts of sale for the adjacent Harford Bank property and former La-Z-Boy site. DGS completed an analysis comparing the cost to construct a building on a new site versus renovating the existing building and determined that it is more cost effective to construct a new, modern and efficient facility.

Appraised Value: Terry R. Dunkin, fee appraiser – August 17, 2022 - \$2,715,000.00
Melody C. Campbell, fee appraiser – August 10, 2022 - \$2,950,000.00

Relocation Costs: \$2,185,000.00 (supported by a relocation cost estimated prepared by Johnson, Mirmiran & Thompson, Inc., dated September 12, 2023)

Consideration: \$4,900,000 (Includes appraised value and relocation costs)

**55-LT. TENANT LEASE MODIFICATION
*Department of Assessments and Taxations***

Recommendation: Approve a second Supplemental Lease Agreement for
(1) change orders for low voltage work and bullet resistant glass installation;
(2) additional concessions provided by the landlord including waiving overhead, profit, and architect fees for the change orders and payment of a Maryland Correctional Enterprise (MCE) overtime fee of \$12,000 for furniture manufacturing and installation; and
(3) an agreement by the agency to begin rent upon substantial completion of the new lease space regardless of the agency's occupancy date.

Prior Board Actions: DGS 40-LT-MOD, 09/06/2023;
DGS 54-LT, 08/31/2022

Landlord: AREP Candler LLC,

55-LT. TENANT LEASE MODIFICATION (cont'd)

Original Procurement Method: Competitive Sealed Proposals

See COMAR 21.05.03; DGS Space Mgmt. Manual ¶ 6-605

Remarks: The landlord has obtained cost estimates from low voltage firms and suppliers for the bullet resistant glass, and SDAT and DGS have selected the lowest bids to perform the work. The change order amount for the low voltage work is \$302,130.00 and the amount for the bullet resistant glass is \$94,171.55. The landlord has provided further concessions to the State in the amount of \$67,047.75, which includes waiving the overhead and profit fees, waiving additional architect fees, and providing a \$12,000 payment to MCE for overtime fees to ensure that the furniture is delivered and installed during the month of January 2023. The total landlord concessions to the agency exceed the monthly rental rate for years 1 and 2 of this lease. In exchange for these concessions, the landlord has requested that the agency begin paying rent upon mutual agreement of substantial completion of the new lease space subject to a punch list, regardless of the date the agency fully occupies the space. The punch list will not include items that prevent the agency from occupying the space. If the punch list is not completed within 60 days, the agency will have the ability to abate the rent.
