3. BALTIMORE CITY COMMUNITY COLLEGE
Facilities Department – Construction

Recommendation: Approve use of additional general obligation bond proceed funding in the total amount of \$84,115.68 on two previously approved contracts.

1. *Contract ID:* BCCC-FY23-MC-0001
ADPICS No: COK38973

Contract Approved: Secretary's Agenda, Item 4 (4/05/2023)

Contractor: Bob Andrews Construction Inc.

Contract Description: Repair and replace deteriorated doors and frames in College's various buildings.

Modification Description: Requesting approval to modify the existing contract with Bob Andrews Construction Inc. for exterior door improvements. This modification broadens the Scope of Work to include items that were overlooked in the original bid package. These additions include auto-operators for three doors at the Nursing Building, to include extending the rails; hardware only for the Shipping/Receiving doors and the addition of PEC doors (Storefront not included).

Original Contract Term: 120 Calendar Days from Notice to Proceed (NTP)

Modification Term: 180 Calendar Days from Notice to Proceed (NTP)

Original Contract Amount: \$353,288.00

Modification Amount (This Item): \$68,143.68

Total Contract Amount: \$421,431.68

Percent +/- (This Item): 19.2%

Total Percent +/- change: 19.2%

Original Procurement Method: Competitive Sealed Bids

MBE Participation: 10%

MBE Compliance: 0%

Requesting Agency Remarks: The College is requesting to modify this contract to add additional doors and parts necessary to comply with ADA requirements. These additions include auto-operators for three doors at the Nursing Building, to include extending the rails; hardware only for the Shipping/Receiving doors and the addition of PEC doors (Storefront not included). The contractor has yet to be given a formal notice to proceed due to supply chain issues on the deliverance of materials. The College is requesting an additional 60 days be added to the contract term.

3. **BALTIMORE CITY COMMUNITY COLLEGE** (cont'd)

1. **Contract ID:** BCCC-FY23-MC-0001 (cont'd)

Fund Source: MCCBL 2022, Item #156 (BCCC PCA: E9627)

Resident Business: Yes **MD Tax Clearance:** 24-0584-0110

2. **Contract ID:** BCCC-FY23-CY-22

ADPICS No: COK38945

Contract Approved: Secretary's Agenda Item 4, 09/20/2023

Contractor: Dade Star Group, LLC

Contract Description: Remove and replace the guard booth located at the entrance of the main campus located at 2901 Liberty Heights Avenue.

Modification Description: This modification broadens the Scope of Work to include the erection of a temporary guard kiosk for a four-month period. This will include the security booth, windows & trim, monthly rate, delivery, pick-up, as well as the electrical service hookup for the temporary guard booth. The electrical service hookup shall be inclusive of materials (conduit & wiring) as well as the labor in installing and dismantling the electrical service.

Original Contract Term: 180 Calendar Days from Notice to Proceed (NTP)

Modification Term: 240 Calendar Days from Notice to Proceed (NTP)

Original Contract Amount: \$237,000.00

Modification Amount (This Item): \$15,972.00

Total Contract Amount: \$252,972.00

Percent +/- (This Item) 6.7%

Total Percent Change: 6.7%

Original Procurement Method: Competitive Sealed Bids

MBE Participation: 29.3%

MBE Compliance: 15.75%

Requesting Agency Remarks: Requesting approval to modify the existing contract with Dade Star Group, LLC for the construction of a new security kiosk. The contract is being modified to include the rental of temporary shelter for the security guard at the entrance of the campus. This will include the security booth, windows & trim, monthly rate, delivery, pick-up, as well as the electrical service hookup for the temporary guard booth. The electrical service hookup shall be inclusive of materials (conduit & wiring) as well as the labor in installing and dismantling the electrical service. The College is also modifying the contract term by adding additional 30 calendar days.

4. **BOARD OF PUBLIC WORKS**
Wetlands License

Recommendation: The Board of Public Works Wetlands Administrator recommends that the Board grant a license for a project involving dredging in the navigable waters of Maryland.

MDE: The Maryland Department of the Environment concurs with this recommendation.

Authority: Section 16-202, Environment Article, Annotated Code of Maryland: "*The Board shall decide if issuance of the [tidal wetlands] license is in the best interest of the State, taking into account the varying ecological, economic, developmental, recreational, and aesthetic values [the] application presents.*" See also COMAR 23.02.04.

ANNE ARUNDEL COUNTY

23-0700 *ULMSTEAD CLUB INC* – To improve navigable access by mechanically dredging a creek, transporting dredge material to a disposal site, and providing for periodic maintenance dredging for six years.

Arnold, Forked Creek

Special conditions: Requirements for dredge material transport and disposal, maintenance dredging, post dredge bathymetric survey. Restrictions on constructing vessels, barges, or other construction equipment.

5. **BOARD OF PUBLIC WORKS**

***Wetlands License -- #22-1164 – Lucy F. Richards
Mitigation***

Recommendation: The Board of Public Works Wetlands Administrator recommends that the Board:

1. Grant a tidal wetlands license to dredge an area, and
2. Require mitigation in the form of *Phragmites* removal for impacts to shallow water habitat resulting from the dredging.

MDE: The Maryland Department of the Environment concurs with the recommendations.

- Application received November 2, 2022
- Public comment period ended August 1, 2023
- MDE Report and Recommendation February 8, 2024

Authority: Section 16-202, Environment Article, Annotated Code of Maryland: “*The Board shall decide if issuance of the [tidal wetlands] license is in the best interest of the State, taking into account the varying ecological, economic, developmental, recreational, and aesthetic values [the] application presents.*” See also COMAR 23.02.04.

Mitigation: Dredging an area will result in permanent impacts to 395 square feet of shallow water habitat. MDE recommends that the licensee mitigate for the 395 square feet of impact to shallow water habitat at a 2:1 ratio (COMAR 23.02.04.11.B) by removing 1,359 square feet of *Phragmites*. The 1,359 square feet of *Phragmites* removal exceeds the required mitigation amount of 790 square feet.

395 square feet of impact x 2 (2:1 ratio) = 790 square feet of required mitigation

TALBOT COUNTY

22-1164 **LUCY F. RICHARDS** – To improve navigable access by dredging an area, transporting dredge material to a disposal site, providing for periodic maintenance dredging for six years, installing jetties, authorizing an after-the-fact fixed platform and finger pier, and providing mitigation.

Oxford, Island Creek

Special conditions: Time of year restriction. Requirements for dredge material transport and disposal, staking dredged area, post dredge bathymetric survey, maintenance dredging, and monitoring the mitigation site. Restrictions on number of slips, lifts, hoist, and mooring piles, total platform area, and assurance for future dredging licenses.

Wetland Enhanced: 1,359 square feet

6. DEPARTMENT OF NATURAL RESOURCES
Resiliency through Restoration Initiative

Recommendation: That the Board of Public Works approve the Department of Natural Resources granting \$433,363 in general obligation bond proceeds to construct one restoration project.

Project ID: Tilghman on the Chesapeake / CRP 03-21

Authority: Section 8-301, State Finance and Procurement Article,
Annotated Code of Maryland

Grantee: Talbot County

Location: Tilghman Island

Amount: \$433,363

Fund Source: MCCBL of 2020 (Chapter 537, Acts of 2020): *Coastal Resiliency Program*
\$433,363.00
Source Code: 20315

Remarks: This project will construct a permitted 665 linear foot living shoreline with vented marsh sill, concrete oyster breaks, marsh migration corridor, and sand dune features alongside a 0.16-acre non-tidal wetland and a 2.4-acre meadow at the Tilghman on the Chesapeake community on Tilghman Island. This project will serve as a demonstration site for the Talbot County Green Infrastructure Plan and help protect existing residential infrastructure from high tide flooding, storm, and stormwater impacts. DNR is seeking approval to award construction funds for this green infrastructure project. After construction, DNR may return to the Board for approval to award adaptive management funds depending on local fund requests.

The Resiliency through Restoration Initiative was developed to address escalating risks to Maryland's coastal and inland communities and public resources from extreme weather and climate-related events. This Program implements on-the-ground natural and nature-based projects in priority areas where nature can help communities become more resilient to impacts from water. Targeting models, such as the Coastal Resiliency Assessment, identify areas where restoration can provide the greatest protection benefits for infrastructure, communities, businesses, and habitats. Datasets, such as impervious cover, highlight urban and inland areas where green infrastructure is needed to address more intense rain events. Projects will protect both public and private investments, while demonstrating a suite of nature-based projects that will enhance the ability of communities to respond to or recover from extreme hazards like storms and more frequent and intense rain events, or chronic hazards like nuisance flooding and sea level rise.

BOARD OF PUBLIC WORKS
SECRETARY'S
ACTION AGENDA
February 28, 2024

6. **DEPARTMENT OF NATURAL RESOURCES** *(cont'd)*

Remarks (cont'd):

DNR will provide technical assistance and grant funds to entities to design and construct living shoreline, marsh enhancement, green infrastructure, and nature-based projects. These projects will reduce the impacts of flooding on vulnerable communities across the state.

7. **MORGAN STATE UNIVERSITY**
***Health and Human Services Center Phase II –
Capital Furniture and Equipment***

Contract ID: Mid-Atlantic Purchasing Team Contract #2015-42

Recommendation: That the Board of Public Works approve the award of a contract to Douron, Inc in the amount of \$1,174,647.28 to purchase capital equipment for the new Health and Human Services Center.

Project: Morgan State University's Health and Human Services Building is located at Hillen Road and Argonne Drive. The building will support the University's programs, services, and activities related to the School of Community Health and Policy, School of Social Work, Family and Consumer Sciences Department, Medical Technology Program, Prevention Sciences Research, and Counseling Services. This project is projected to meet LEED Silver.

Amount: \$1,174,647.28

Award: Douron Inc., Owings Mills, MD 21117

Fund Source: General Funds 2022 Item #081 Provide funds to continue construction and begin equipping the new Health and Human Services Building, provided that notwithstanding Section 6 of this Act, work may continue on this project prior to the appropriation of all funds necessary to complete this project.

Background: This furniture will be purchased through the Mid-Atlantic Purchasing Team Contract #2015-42 with Douron. This price includes furniture approved by the Department of Budget and Management for capital purchase listed on the Form G Approval, dated September 22, 2022. This amount is within the University's funding limitations for the total projected capital budget. The items listed in the price are included in a second waiver received by Maryland Correctional Enterprises.

**8. MORGAN STATE UNIVERSITY
*Parking Management Services***

Contract ID: Parking Management Services
23/PRO-0034-S

Recommendation: The Board of Public Works approve the expenditure of \$2,274,816 for parking management services at Morgan State University, including garage and lot management, event parking, and enforcement.

Procurement Method: Competitive Sealed Proposals

Award: LAZ Parking Mid Atlantic, LLC

Award Amount: \$2,274,816

Contract Term: 2/29/2024 - 2/28/2027

MBE Goal: 0%

<i>Offerors:</i>	<i>*Technical Ranking</i>	<i>Financial Offer</i>	<i>Overall Ranking</i>
Laz Parking Mid-Atlantic LLC Washington, D.C.	1	\$2,274,816.00 (3)	1
Imperial Parking (U.S), LLC Silver Spring, MD	2	\$1,915,852.80 (2)	2
Federal Parking, Inc. Baltimore, MD (Incumbent)	3	\$1,556,643.00 (1)	3

**Technical Rankings carried more weight than financial rankings.*

Remarks: The project was open for solicitation to five vendors, but only three contractors participated in the competitive process. All the participants were deemed capable of winning the award and were moved forward through all the phases of the selection process.

LAZ Parking Mid-Atlantic, LLC submitted a Technical Proposal demonstrating a comprehensive understanding of the challenges faced by the University. Their License Plate Reader systems knowledge was recognized as critical to the University's future operational success. The solutions presented for Parking Garage Management, Parking Enforcement, and Event Parking, such as e-commerce functionality and systems integration, allow for a more automated approach to parking management, reducing the strain on internal campus departments. These programs, combined with the references provided by LAZ Parking, conveyed a comprehensive solution to Morgan State University's parking management needs.

BOARD OF PUBLIC WORKS
SECRETARY'S
ACTION AGENDA
February 28, 2024

8. **MORGAN STATE UNIVERSITY** (cont'd)

Remarks (cont'd):

The award was based on the source selection process, which identified LAZ Parking as the highly acceptable vendor based on a license plate recognition system for parking enforcement and management that will provide an innovative approach to elevate many of the stresses on our existing parking system.

Although the Financial Proposal submitted by LAZ Parking demonstrated a 17.13% increase over the nearest competitor's pricing, the increased costs are justified, as the innovations and automation will reduce the need to hire additional personnel within the University. LAZ Parking's solution will provide long-term cost savings and improve the efficiency of our parking management system.

9. **ST. MARY'S COLLEGE OF MARYLAND**
Encumbrance of State Capital Funds

Recommendation: That the Board of Public Works approve St. Mary's College of Maryland awarding a construction contract for the Maryland Heritage Interpretive Center (MHIC) Farthings Parking Lot Project.

Authority: Sections 8-301 and 11-203, State Finance and Procurement Article, Annotated Code of Maryland

Award: S E Davis Construction LLC (MBE)

Amount: \$1,371,257

Term: 3/01/2024 – 8/31/2024

Procurement Method: Request for Proposals

Proposals:

<i>Firm</i>	<i>Technical Evaluation</i>	<i>Financial Proposal</i>	<i>Overall Ranking</i>
S E Davis Construction LLC La Plata, MD	Outstanding	\$1,371,257 (1)	1
W M Davis Inc. Leonardtown, MD	Excellent	\$1,511,053 (2)	2
Stratified, Inc. Washington, D.C.	Acceptable	\$1,956,000 (3)	3

*Technical proposals were evaluated using adjectival ratings: Outstanding, Excellent, Acceptable, Marginal and Unacceptable (did not meet the standards set forth by the College).

MBE Goal: 13.83%

Fund Source: MCCBL 2021 (559) - \$1,371,257.00

Appropriation Code: 622

Remarks: HSMC was granted additional capital funding in FY 2022 for improvements to its grounds. A portion of this funding was transferred to the MHIC project to cover renovations and improvements to the Farthings parking lot, which will serve as the primary parking for visitors to the MHIC. Additional funding was transferred for this project to complete the construction phase at the December 13, 2023 Board of Public Works meeting.

9. **ST. MARY'S COLLEGE OF MARYLAND** (cont'd)

Remarks (cont'd):

In response to advertisement on eMaryland Marketplace, four technical proposals were received. After evaluation of these proposals, one firm was rated outstanding, one firm was rated excellent, one firm was rated acceptable, and one firm was rated unacceptable. The financial proposals were opened for the three technical proposals with a rating of acceptable or higher. S E Davis LLC (La Plata, MD), the firm with the lowest cost and outstanding rating was selected for the project.

S E Davis is a current certified Women-Owned MBE firm that has proposed self-participation of 6.5%, 50% of the procurement's MBE goal.

7A. RURAL LEGACY PROGRAM FUNDS
St. Mary's County

Recommendation: Approval to grant \$150,350.75 to **Southern Maryland Resource Conservation and Development Board** from Rural Legacy Funds to acquire a 74.68-acre conservation easement.

Mattapany Rural Legacy Area – Stanley John Boothe

Prior Approval: Mattapany Rural Legacy Area approved grant for easement acquisitions: DNR-RP Item 12A (10/21/2020) \$1,453,247 FY2021

Project Description: Acquisition of this easement will protect valuable agricultural and forest lands. The property includes approximately 1,600 linear feet of riparian buffers along Carthagena Creek, a tributary to St. Mary's River. The easement, RL No. 34923, will be held by the United States of America and the Southern Maryland Resource Conservation and Development Board. St. Mary's County and the U.S. Department of the Navy, through the REPI program, are contributing funding toward the purchase price of the easement.

Easement Value: \$415,594.20 (\$5,565 per acre)

Purchase Price: \$415,594.20 (\$5,565 per acre)

Funding Sources: \$103,898.55 DNR

Architectural/Engineering Services On-Call Master Contract

Fund Source: Fund sources will be included with each task order. Individual task orders are not expected to exceed \$200,000.

MBE Participation: MBE goals will be established for Task Orders that exceed \$50,000.00

Performance Security: N/A

Requesting Institution Remarks: The solicitation was advertised in eMaryland Marketplace Advantage. The University received ten proposals. The qualification committee recommended the four highest ranked firms based on the potential workload. Task orders will be placed with the firms on a rotating basis. In the event that fee negotiations are not successfully concluded with a firm, the University will proceed with negotiations with the next firm in order of rotation. Typical task orders for individual projects will be between \$50,000 and \$100,000. Hourly rates for each discipline have been established in the master contract. The recommended firms bring strong, experienced and integrated design teams. Each recommend team demonstrated a strong understanding of the requirements for this contract.

4-S. FROSTBURG STATE UNIVERSITY
Dining Services Contract

Contract ID: Dining Services, FSU-P24-01

Contract Description: Comprehensive campus dining services contract, including student board meals, retail sales, internal and external catering, concessions, and facilities renovations/upgrades.

Contractor: Compass Group USA, Inc./Chartwells Division, Charlotte, NC

Term: 5/23/2024 – 5/22/2029 (with one 5-year renewal option)

Contract Amount: \$34,000,000 Base Five-Year Term
\$36,000,000 Five-Year Renewal Option
\$70,000,000 Total if Renewal Option is Exercised

Procurement Method: Competitive Sealed Proposal

Proposals:

<u>Firm</u>	<u>Technical</u>	<u>Financial</u>	<u>Overall Ranking</u>
Chartwells, Charlotte, NC	2	1	1
Aladdin, Canonsburg, PA	1	2	2

MBE Participation: 3.5%

Performance Security: \$1 million performance bond

Incumbent: Same

Requesting Institution Remarks: The University issued an RFP in October of 2023, and received two responses that met the mandatory requirements. The award is recommended to the firm that has the highest overall ranking. Compass Group/Chartwells Division committed to approximately \$487,500 more in the first five years of the contract in investments, reimbursements, and commissions to the University. Additionally, FSU will be paying approximately \$1,315,000 less in board plans to Chartwells in the base five-year contract.

Board of Public Works
University System of Maryland
Supplement
February 28, 2024

4-S. **FROSTBURG STATE UNIVERSITY** (cont'd)
Dining Services Contract

Requesting Institution Remarks (cont'd): Chartwells provided FSU with the most advantageous proposal overall considering both the technical and financial. The recommended firm, Compass Group USA, by and through its Chartwells Division, is the incumbent contractor and has performed well during the previous contract period.

The proposed contract will have a five-year term with one five-year renewal option that will require the approval of the Board of Public Works if FSU requests to exercise that option. The contract provides for a minimum Minority Business Enterprise goal of 3.5% that was established in consultation with the Governor's Office of Small, Minority & Women Business Affairs.

This dining services management/revenue generating contract is estimated to cost \$34 million over the five-year base term. The total estimated value of the contract if the one five-year option is exercised would be estimated at \$70 million. The actual costs will be a function of the volume of meal plans purchased by students. The source of funding for the contract will be dining program revenues paid by student, catering and retail sales. The vendor will provide \$5,896,035 for capital investments in dining area renovations and food service equipment upgrades throughout the term of the contract. This capital investment is amortized over the potential ten-year term if the renewal option is exercised.

Fund Source: This is a revenue-generating contract from which approximately \$34 million will be paid to the vendor over the initial five-year term of the contract from the student board fees. The University will receive an 18% commission on retail, franchise, catering, and concession gross sales. Increases in board fees and cash-sale prices will be indexed to the food and beverage CPI-U category (food away from home).

5-S-MOD. UNIVERSITY SYSTEM OF MARYLAND (cont'd)

<i>Procurement Method:</i>	Competitive Sealed Proposals
<i>Original Contract Term:</i>	7/1/2016 - 6/30/2025
<i>Retroactive Modification Contract Term:</i>	12/5/2023 - 2/28/2024
<i>Prospective Modification Contract Term:</i>	2/29/2024 - 6/30/2025
<i>Original Contract Amount:</i>	\$90,000,000 (not-to-exceed)
<i>Retroactive Modification Amount:</i>	\$5,400,000
<i>Prospective Modification Amount:</i>	<u>\$44,600,000</u>
<i>Total Modification Amount:</i>	\$50,000,000
<i>Revised Contract Amount:</i>	\$140,000,000
<i>Fund Source:</i>	Current Unrestricted Funds
<i>MBE Goal:</i>	0% (may be established at the task order level)
<i>MBE Participation:</i>	2.34% (USM Institutions) (See Requesting Institution Remarks)

Requesting Institution Remarks: On June 22, 2016, the IT Professional Consulting Services master contract was approved by the Board of Public Works with a not to exceed amount of \$90 million (USM Item 1-S). The USM and MEEC requests the approval to increase the not-to-exceed amount from \$90 million to \$140 million. Of this amount, \$5.4 million is considered retroactive as the not to exceed amount was breached at the end of year seven of the contract in December of 2023.

On December 5, 2023 USM learned that the not-to-exceed amount of this master contract had been breached. A moratorium was issued on any new task orders off of this master contract until a contract modification to increase this amount could be considered by the Board of Regents and the Board of Public Works. The Board of Regents approved this increase on February 16, 2024.

Usage of the contracts varies by institution and the increase in spend was due in part to several USM institutions replacing their ERP systems. The requested increase in the not-to-exceed amount is critical to USM institutions to continue existing projects. It is anticipated that for the remainder of the term of the contract an additional \$44.6 million is necessary. Although the original contract approved by the Board of Public Works did not establish an overall MBE goal, three of the twenty-six firms are certified minority business enterprises. The overall MBE participation inclusive of MEEC members, is 3.5%

1-M-MOD. MARYLAND AVIATION ADMINISTRATION
Modification - Maintenance Contract

Contract ID: Noise and Operations Monitoring System at Baltimore/Washington International Thurgood Marshall (BWI Thurgood Marshall) Airport; *MAA-MC-19-001*
EPICS No.: CO414004

Contract Approved: DOT Agenda 3-C, 08/16/2017

Contract Description: Maintenance of the Noise and Operations Monitoring System (NOMS) at BWI Thurgood Marshall Airport. The NOMS system is a comprehensive monitoring and reporting program for aircraft flight track data and aircraft noise event measurements at BWI Thurgood Marshall and surrounding communities. The system also generates GIS views, display noise metric measurements in chart and graphical format, display aircraft flight tracks, create graphics to support noise impact analysis (complaints), and produce a wide variety of useful reports. The system supports the MAA Noise Abatement Program and the mandated responsibilities under the Maryland Environmental Noise Act of 1974.

Modification Description: Modification No. 3 provides for an extension of 365 days and additional funding in the amount of \$163,352.00 to allow for contract continuity while the new procurement is being completed.

Award: Bruel and Kjaer EMS; Folsom, CA

Contract Term: 11/28/18 - 11/27/23 (5 years)

Modification Term: 04/01/24 - 03/31/25 (1 year)

Original Amount: \$816,710.00

Modification Amount: \$163,352.00

Prior Mods: \$18,800.00 (Mod No.1: Funding for maintenance of 5 additional NOMS; Delegated Authority – MAA, 05/01/2020.)
\$21,757.84 (Mod No.2: additional funding for contract continuity; Delegated Authority – MAA, 11/28/23.)

Total Contract Amount: \$1,020,619.84

Percent +/- Change (this Item): 20%

Overall Percent +/- Change: 25%

Procurement Method: Competitive Sealed Proposals

Living Wage Eligible: No

MBE/VSBE Participation: 0% / 0%

MBE/VSBE Compliance: N/A

Performance Security: 100% Annualized Performance Bond

Hiring Agreement Eligible: No

Requesting Agency Remarks: MAA is requesting additional time and funding for continuity of services while MAA procures a new contract. MAA is in the process of revising the specifications to include Martin State Airport. The solicitation is anticipated to be advertised in the next few months.

Per BPW Advisory 2001-1, the MAA Procurement Review Group reviewed the contract scope of work to determine the potential for establishing MBE and VSBE participation goals, Small Business Preference, as well as a Small Business Reserve designation. No MBE nor VSBE participation goals were established for this contract due to the limited number of firms that can perform the specialized nature of the work.

2-C. MARYLAND TRANSIT ADMINISTRATION (cont'd)

Requesting Agency Remarks: The solicitation was advertised on e-Maryland Market Advantage (eMMA) on May 9th, 2023, electronically notifying 108 potential bidders. No vendors were directly solicited. Seven bids were received and opened on July 6th, 2023. Detwiler Roofing, LLC (Detwiler) provided the lowest bid.

The Metro Wabash Maintenance Facility main building roof replacement project consists of removing the existing roofing system (foam and built-up roof) over the electric sub-station Sections A-C, installing a replacement single-ply membrane roofing system, and replacement of the lightning protection and other roof accessories (drains, scuppers, metal coping, roof hatches, expansion joints).

The contract includes one Add Alternate for the roof and accessories removal and replacement of Section D.

The MTA Procurement Review Group (PRG) reviewed the contract scope of work to determine the potential for establishing a DBE participation goal. The DBE goal established for this contract is 18.74% and Detwiler has committed to 18.856 % which exceeds the goal by 0.116 %.

3-AE. STATE HIGHWAY ADMINISTRATION (cont'd)

Requesting Agency Remarks (cont'd):

analysis, and design services, statewide for State Highway Administration (SHA). A total of 776 firms were notified via eMMA and an additional 770 were directly solicited. SHA received 11 expressions of interest and invited 11 firms to submit technical proposals. SHA used qualifications-based selection and found 5 consultants eligible for contract award. No protests were filed.

Services to be provided include: developing geometric design concepts for improvements to intersections and highway corridors; developing signal system timing and providing support for the Office of Transportation Mobility and Operations (OTMO) to optimize signal timing on the state roadway network; developing/reviewing/updating traffic engineering (TE) and temporary traffic control (TTC) related policies, regulations, standards, guidelines, and specifications; performing TE and operational review and analysis; managing TTC and automated speed enforcement (ASE) programs; managing and coordinating various multi-modal transportation initiatives; performing systemic safety analysis on all state-owned roads; managing statewide Highway Safety Improvement Program (HSIP), including developing HSIP implementation plans, coordinating review of HSIP projects with various Offices, Districts, and local jurisdictions, and providing support for transportation engineering design services for local HSIP projects as required; managing various statewide TE and safety functional programs, for example 2016 Manual for Assessing Safety Hardware (MASH), the guardrail In-Service Performance Evaluation (ISPE) program, specific service signing (Logo) program, railroad safety program, etc.; supporting various TE and ITS related programs, including Transportation Systems Management and Operations (TSMO), and Connected and Automated Vehicles (CAV); providing crash analysis and TE expertise for statewide safety initiatives such as the Speed Management Action Plan and the Pedestrian Safety Action Plan; supporting new traffic management initiatives, such as Ramp Metering; developing and implementing innovative best practices; and providing on-site engineering support.

The SHA Procurement Review Group reviewed the contract scope of work to determine the potential for establishing a DBE participation goal, as well as a Small Business Enterprise designation. A 25% DBE participation goal was established for each contract within this award series.

<i>Offerors</i>	<i>Technical Proposal Rating (Max 100)</i>	<i>Award</i>
ECS Mid-Atlantic, LLC Hanover, MD	51.26 (7)	
Hills-Carnes Engineering Associates, Inc. Annapolis Junction, MD	38.12 (8)	

DBE / VSBE: 27% / 0%

Incumbents: Wallace Montgomery & Associates, LLP; Applied Research Associates, Inc.; Schnabel Engineering Consultants, Inc.

Requesting Agency Remarks: On April 18, 2023, the solicitation was advertised in The Daily Record, SHA's web page, and eMaryland Marketplace Advantage (eMMA). The advertisement was for three contracts for \$4 million each not to exceed \$12 million for pavement & geotechnical engineering design services for State Highway Administration (SHA). A total of 833 firms were notified via eMMA and an additional 1,543 were directly solicited. SHA advertised and received a total of 8 Technical Proposals. SHA used qualifications-based selection and found 3 consultants eligible for contract award. There were no protests filed.

This comprehensive pavement and geotechnical engineering design services contract may include but not necessarily limit to the following: design, enhance and implement strategies to better manage Maryland's pavement network. Services include pavement data management, including pavement data collection, processing, modeling, analysis, and reporting; supporting SHA planning and design functions; supporting pavement system preservation through appropriate project and treatment selection; pavement engineering for the structural and functional needs of the pavement system; and Mechanistic-Empirical Design Guide implementation. In addition, specialized engineering services may be required to satisfy unique Administration needs related to asset management.

The SHA Procurement Review Group reviewed the contract scope of work to determine the potential for establishing a DBE participation goal, as well as a Small Business Enterprise designation. A 27% DBE participation goal was established for each contract within this award series.

6-C. STATE HIGHWAY ADMINISTRATION
Construction Contract

Contract ID: District 6 Facility Paving in Washington County; XX6665629
EPICS No.: XX6665629

Contract Description: District 6 facility paving in Washington County

Award(s): C. William Hetzer, Inc.; Hagerstown, MD

Contract Term: 1,204 Calendar Days

Amount: \$380,398.50

Procurement Method: Competitive Sealed Bidding
(Single Responsive Bid Received)

Bids:

<i>Bidders</i>	<i>Amounts</i>
C. William Hetzer, Inc.; Hagerstown, MD	\$380,398.50

Living Wage Eligible: Yes

MBE/VSBE Participation: 8% (60% Rule) / 0%

Performance Security: Performance & Payment Bonds for 100% of the award amount exists for this contract

Incumbent(s): None

Requesting Agency Remarks: This solicitation was advertised on eMaryland Marketplace Advantage (eMMA) on October 24, 2023, notifying 377 potential contractors, 80 of which were MDOT-certified Minority Business Enterprises (MBEs). One bid was received and opened on November 30, 2023. There were no protests filed for this contract.

The single bid received is one of two prime contractors in Washington County (District 6) to bid paving projects for State Highway Administration (SHA). SHA reached out to the second contractor that does paving for District 6, to see if they would be interested in bidding on this project, but they declined.

DEPARTMENT OF TRANSPORTATION
ACTION AGENDA
February 28, 2024

MDOT 15

6-C. STATE HIGHWAY ADMINISTRATION (cont'd)

Requesting Agency Remarks (cont'd):

District 6 compared the single bid received from C.W. Hetzer, Inc (CWH) to similar paving projects in Allegany and Garrett County and has found the submitted bid price to be fair and reasonable. SHA has confirmed C. William Hetzer, Inc.'s bid price.

SHA and their contractors work together to choose a material from our Qualified Products List (QPL) that is green so as not to pollute or make harmful environmental impacts. Paving around our facilities also controls our storm water runoff to sediment holding areas that lessen the runoff and sediment impacts on our surrounding environment.

Per BPW Advisory 2001-1, the SHA Procurement Review Group reviewed the contract scope of work to determine the potential for establishing MBE and VSBE participation goal as well as a Small Business Reserve designation. This project was not advertised as SBR-designated because the search for SBR vendors during the pre-solicitation stage revealed no available firms. An 8% MBE participation goal has been established for this project, to which the recommended awardee has committed. No VSBE participation goal was set due to no certified firms available to perform the work.

DEPARTMENT OF TRANSPORTATION
ACTION AGENDA
February 28, 2024

MDOT 17

7-M. STATE HIGHWAY ADMINISTRATION (cont'd)

Requesting Agency Remarks: This solicitation was advertised on eMaryland Marketplace Advantage (eMMA) on June 27, 2023, notifying 170 potential contractors, 40 of which were MDOT-certified Minority Business Enterprises (MBEs). Maryland Works granted a one-year Waiver for these services on March 22, 2023. Five bids were received and opened on July 27, 2023. There were no protests filed for this contract.

The original apparent low bidder was rejected due to non-compliance for failure to sign and return the contract documents for processing after several attempts were made by State Highway Administration (SHA) to contact them. SHA moved forward with award and execution for the contract to the next apparent and compliant low bidder.

There was no incumbent this is a new contract for the District 4 Golden Ring Shop. This work was previously performed by the SHA District 4, Golden Ring Shop using its own workforce. This contract was necessary to provide supplemental contractual support to assist the shop in meeting the Administration's goals regarding roadside mowing.

State Highway Administration has confirmed Just Work Landscaping's bid price.

This project supports SHA's mowing program to promote safety for the travelling public by controlling undesirable brush and noxious weeds; and maintaining adequate sight distances and the free flow of water.

Per BPW Advisory 2001-1, the SHA Procurement Review Group reviewed the contract scope of work to determine the potential for establishing MBE and VSBE participation goal as well as a Small Business Reserve designation. No VSBE participation goal was set due to a lack of certified firms to perform these services.

11-C. CONSTRUCTION CONTRACT (cont'd)

Incumbent: N/A

Requesting Agency Remarks: A notice of availability of an Invitation for Bids (IFB) was posted on eMaryland Marketplace Advantage.com on August 10, 2023. Seven bids were received and opened on October 20, 2023. Coakley & Williams Construction, LLC has been found responsible and its bid responsive. The bid pricing has been confirmed.

The systems to be installed will be sized correctly and designed to exceed the International Energy Conservation Code (IECC) 2018 guidelines by a minimum of 15%. The systems will be balanced meeting all American Society of Heating, Refrigerating and Air-Conditioning Engineers (ASHRAE) requirements to provide optimum air quality and flow throughout the coverage area. The project will follow the current ASHRAE compliance guidelines for HVAC performance and refrigerants and utilize products that meet low global warming potential. The systems are designed to meet or exceed the performance and safety guidelines in ASHRAE 15, ASHRAE 90.1 Energy Standards of buildings. The contractor will supply technicians who are qualified and capable of following the manufacturer's instructions and industry-wide standards such as Air Conditioning Contractors of America (ACCA) guidelines. The increased efficiency of the new systems are designed to reduce carbon emissions and energy consumption.

15-C. CONSTRUCTION CONTRACT (cont'd)

Requesting Agency Remarks: The new system will be sized correctly and designed to exceed the International Energy Conservation Code (IECC) 2018 guidelines by a minimum of 15%. The project will follow the current energy conservation guidelines for state buildings and utilize products that meet low global warming potential. The contractor will supply technicians who are qualified, trained, and capable of following the manufacturer's instructions and industry-wide standards such as Air Conditioning Contractors of America (ACCA). The increased efficiency of the new equipment is designed to reduce carbon emissions and energy consumption.

16-S. SERVICES CONTRACT (cont'd)

Agency Remarks (cont'd):

The recommended offeror Freedman HealthCare, LLC was determined to be most advantageous to the State. They have in-depth experience consulting with other states on their All Payer Claims Database (APCD) initiatives. Their proposal also excelled in illustrating a comprehensive understanding of the work requirements and mastery of the subject matter, along with their past relevant experience with similar projects and services required to assist in accomplishing each goal established under this contract. The price was determined to be fair and reasonable. The average inflation rate between 2020 and 2024 is 3.24% per year, with a cumulative increase of approximately 10%, which is consistent with the previous contract labor rates.

MDH granted a waiver to the 10% MBE participation and .5% VSBE participation on November 20, 2023

MHCC is required by law to analyze and report on health care utilization and spending in Maryland to the State legislature. To meet this statutory requirement, MHCC developed a database, the Maryland Medical Care Database (MCDB), Maryland's All Payer Claims Database (APCD). The MCDB contains information on privately insured health care services provided to Maryland residents and to non-Maryland residents insured under a Maryland contract. Under COMAR 10.25.06, MHCC collects these privately insured claims and membership data quarterly from life and health insurance carriers, health maintenance organizations (HMOs), third party administrators (TPAs), and pharmacy benefit managers (PBMs) who are licensed to do business in Maryland.

18-S. SERVICES CONTRACT (cont'd)

Requesting Agency Remarks: A notice of the availability of the Request for Proposals (RFP) was advertised on eMaryland Marketplace Advantage (eMMA) on July 7, 2023 and 15 were directly solicited. Two vendors were MBEs, and one vendor was an SBE. Six offers were received on September 6, 2023 and five were determined reasonably susceptible of being selected for award. One proposal was determined to be not reasonably susceptible of being selected for award because they did not meet the minimum qualifications of possessing valid Maryland Professional Engineer license at the time of submission. KCI Technologies, Inc.'s proposal was detailed and contained demonstrated strong experience. They also had experience with prior state and local governments providing similar services and they were the lowest-priced offeror. The recommended offeror KCI Technologies, Inc. was determined to be most advantageous to the State as its proposal was both ranked highest technically and was lowest in price.

The award amount is higher than the proposal amount because of the uncertainty in clean-up costs and level of effort required. The Oil Control Program does not know in advance the amount of work that will be required or the cost of environmental incidents. The Land Restoration Program's work is assessment and remediation of complex contaminated sites that have varied costs for cleanup depending on the assessment.

19-S. SERVICES CONTRACT (cont'd)

MBE/VSBE Participation: 0% / 0%

Hiring Agreement Eligible: Yes

Incumbent: N/A

Requesting Agency Remarks: A notice of the availability of the Request for Proposals (RFP) was advertised on *eMaryland* Marketplace Advantage (eMMA) on June 21, 2023. Thirteen proposals were received on September 9, 2023, and eleven were determined to be reasonably susceptible of being selected for award. Two were determined to be not reasonably susceptible of being selected for award because the two offerors failed to agree to the State's terms and conditions. The recommended offerors Global Engineering Solution dba Salas O'Brien, Baumann Consulting, Inc., and NORESCO LLC were determined to be most advantageous to the State as they were the top three ranked proposals technically and overall.

This RFP was issued to prequalify three consultants to draft decarbonization plans for Maryland State-owned buildings in response to the State's climate goals of net-zero greenhouse gas (GHG) emissions by 2045 and for facilities that are subject to building energy performance standards (BEPS) regulations as expected to be issued by the Maryland Department of the Environment per Md. Code Ann. Env Article 2-1602. Decarbonization identifies existing fossil-fuel equipment and recommends electric equipment to replace it.

The NTE award amount differs from the financial proposals because the evaluated pricing is based on a calculated hourly rate to evaluate the financial proposal of each offeror.

The consultants will be available to all state agencies and the University System of Maryland to plan for compliance with Building Energy Performance Standards (BEPS) and to meet the state's greenhouse gas emissions goals. BEPS covers all state-owned buildings greater than 35,000 square feet, which totals approximately 60-70 million sq. ft. of state-owned facilities. Work orders could specify high-level plans to help develop budgets, or could be facility/building specific engineering designs. There is a great deal of interest from USM and MDOT to use the services that will be available through these consultants.

**DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
February 28, 2024**

19-S. SERVICES CONTRACT (cont'd)

Agency Remarks (cont'd):

DGS estimates the first work order to draft a broad overview and budget estimate for 28 million sq. ft. of facilities that DGS is responsible for will cost between \$500,000 and \$800,000. These facilities are in ten separate State agencies located in all regions of the State and include approximately 38 campuses of 834 buildings and 44 individually metered stand-alone buildings. The timeline for BEPS compliance is zero onsite fossil fuel emissions by 2040. The decarbonization plans will guide the State for budgeting and scheduling to achieve compliance with the regulation. The prequalified contractors will be issued a work order on a rotational basis starting with the highest overall ranked contractor.

MBE and VSBE participation was not established for this contract due to a single element of work.

February 28, 2024

REVISED

20-S-MOD. SERVICES MODIFICATION (cont'd)

MBE/VSBE Participation: 0% / 0%

MBE/VSBE Compliance: 0% / 0%

Performance Security: No

Requesting Agency Remarks: There are five (5) youth currently with this Provider as follows:

- Two (2) youth placed via the Base Sole Source Contract;
- A Third youth placed November 20, 2023, and
- Fourth and fifth youths placed January 12, 2024 and February 9, 2024. totaling three (3) additional youth

Due to the unique needs, it was determined by the Local Department of Social Services that SP Behavioral, LLC (Sandy Pines Treatment Center) continues to be the most appropriate placement as they are a Residential Treatment Center that provides services to males and females aged 5 - 17 with behavioral, mental health, and/or emotional issues.

All youth are currently stable and continue to require this level of care. This out-of-state provider can clinically address the specialized needs of the youth and when clinically appropriate the youth will be stepped down to a less restrictive placement. The provider's performance and compliance is reviewed by the State of Florida Agency for Healthcare Administration, Division of Health Quality Assurance and SSA Contract and Placement Units.

No MBE or VSBE participation was established for this contract since the specialized core services, psychiatric services/evaluations, case management, therapy, recreational therapeutic programs, educational services etc. are available within the facility and require specialized training, certification, and clearances.

21-IT. INFORMATION TECHNOLOGY
Comptroller of Maryland

Contract ID: Mainframe Software Support for DB2 for zOS; *E00B4600018*
ADPICS No.: E00B4600018

Contract Description: Licensing, software maintenance, and support for DB2 for z/OS v11.1.0 on Z/OS software. The Annapolis Data Center staff utilize the support services to keep the mainframe in, or restore it to, conformance with official published specifications.

Award: IBM Corporation; Baltimore, MD

Contract Term: 04/01/2024 - 03/31/2025

Amount: \$155,040

Procurement Method: Sole Source (*Proprietary*)

MBE/VSBE Participation: 0% / 0%

Performance Security: No

Incumbent: Same

Requesting Agency Remarks: IBM Corporation is the software developer and retains proprietary and copyright privileges associated with the software. They are the only vendor that can provide the requested software maintenance and support services.

The Support Extension provides fixes for new problems discovered after a product goes out of currency. Fixes are provided at the "then current" corrective service level. Without this contract, Comptroller will be without critical support from IBM to resolve code/defect issues for the mainframe operating system. Potentially this could cause unplanned and/or extended outages of the mainframe systems such as SMART. This solution is necessary until the Comptroller can upgrade to a more current version of DB2 for z/OS.

**DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
February 28, 2024**

21-IT. INFORMATION TECHNOLOGY (cont'd)

Agency Remarks (cont'd):

The existing four-month contract for this service is \$51,660, or \$12,915 per month. For this 12-month contract, the cost is \$155,040, or \$12,920 per month. This is an increase of only \$5 per month or less than .10%. The price has been determined to be fair and reasonable.

Due to the proprietary nature of this contract, no MBE or VSBE subcontracting opportunities are available.

Fund Source: 100% Reimbursable (ADC Agencies)

 *Comptroller of Maryland***

Contract ID: Software Maintenance and Support for SecureZIP for zOS v15 Partnerlink;
E00B4600020

ADPICS No.: E00B4600020

Contract Description: Licensing and software maintenance support for SecureZIP for zOS v15 Partnerlink. The Annapolis Data Center utilizes this software to securely exchange data files with customer's business partners and other governmental agencies on various operating system platforms.

Award: PKWARE, Inc.; Milwaukee, WI

Contract Term: 03/01/2024 - 02/28/2027

Amount: \$170,937.10

Procurement Method: Sole Source (*Proprietary*)

MBE/VSBE Participation: 0% / 0%

Performance Security: No

Incumbent: Same

Requesting Agency Remarks: PKWARE, Inc. is the only provider of SecureZIP licensing and software maintenance and support for the mainframe, as they own the proprietary and copyright privileges associated with the software.

A fundamental requirement of the State agencies that utilize the Annapolis Data Center (ADC) is the ability to securely exchange data files with their business partners and other governmental agencies on various operating system platforms. Many of these data files are large, contain sensitive data, and require a great deal of time and bandwidth to transmit. The SecureZIP Partnerlink product allows the ADC to significantly reduce file size and enables the secure electronic distribution of data files using strong encryption that meets the regulatory and best-practices standards. This specific product is mandatory because it uses an industry standard that is compatible with the other ZIP software running on Windows, UNIX, Linux, iSeries, zSeries, and other computing platforms.

22-IT. INFORMATION TECHNOLOGY (cont'd)

Agency Remarks (cont'd):

The existing contract for this service is \$55,319.45 annually. For this contract, the annual cost is \$56,979.03, a 3% increase. The current Consumer Price Index (CPI) for information technology, hardware and services for November 2023 is 6.981%. The cost has been determined to be fair and reasonable.

Due to the proprietary nature of this contract, no MBE or VSBE subcontracting opportunities are available.

23-IT. INFORMATION TECHNOLOGY
Department of General Services

Contract ID: Voice-Over-Internet-Protocol Services; 001B4600119
ADPICS No.: 001B4600119

Contract Description: Voice-over-internet protocol services for multiple State agencies.

Award: CenturyLink Communications, LLC d/b/a Lumen Technologies Group; Denver, CO

Contract Term: 03/14/2024 - 08/18/2027 (*Or earlier upon BPW approval)

Amount: \$8,000,000

Procurement Method: Intergovernmental Cooperative Purchasing Agreement (ICPA)
(MiCTA Master Service Agreement Contract No. 195AN-MT-TISA
FBOS 2022-0827)

MBE/VSBE Participation: 0% / 0%

Performance Security: No

Incumbent: Same

Requesting Agency Remarks: Requesting approval for the State's participation in the Michigan Collegiate Telecommunications Association (MiCTA) Master Service Agreement 195AN-MT-TISA FBOS 2022-0827 to obtain Voice-Over-Internet-Protocol (VoIP) services through a Participating Addendum (PA) with CenturyLink Communications, LLC d/b/a Lumen Technologies Group. The purpose of this agreement will be to provide ongoing maintenance and support for these VoIP services to the State of Maryland.

DGS intends to take advantage of the economies of scale established by the MiCTA Agreement. By joining MiCTA, the State will be allowed to take advantage of a pricing scale that would not be available through other forms of competitive bidding. The lack of competition in the telecommunications market has led the State to search for all possible resources, and MiCTA is currently the best solution available on the market. The State will also benefit from joining MiCTA by establishing a transparent pricing structure instead of facing unforeseeable pricing fluctuations in the future.

**DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
February 28, 2024**

23-IT. INFORMATION TECHNOLOGY (cont'd)

Agency Remarks (cont'd):

In accordance with COMAR 21.05.09.04, it is in the State's best interest to participate in the MiCTA contract. The MiCTA Master Service Agreement 195AN-MT-TISA FBOS 2022-0827 provides the State with a favorable pre-determined pricing structure to procure the requested services in a timely manner that will promote administrative efficiencies to meet the above-mentioned mission-critical initiatives of State agencies.

This purchase will promote administrative efficiencies and is not sought as a means to evade the purposes set forth under COMAR 21.01.01.03.

MBE and VSBE participation was not established for this contract because there were no subcontracting opportunities.

Contract ID: Ticket Vending Machine Operating System Upgrade - Win 10; AGY-23-056-IT
ADPICS No.: J05B4600005

Contract Description: Software updates for 66 Ticket Vending Machines (TVMs) from Windows 7 to Windows 10.

Award: Cubic Transportation Systems, Inc.; San Diego, CA

Contract Term: 02/29/2024 - 02/27/2025

Amount: \$1,598,702

Procurement Method: Sole Source (*Proprietary*)

Living Wage Eligible: Yes

MBE/VSBE Participation: 0% / 0%

Performance Security: No

Incumbent: Same

Requesting Agency Remarks: The Ticket Vending Machines serve Metro and Light Rail customers and were installed approximately 15 years ago. They require an upgrade from Windows 7 to Windows 10 to remain compliant for credit card use. Cubic Transportation Systems, Inc. is the original developer of the proprietary interfaces. The proprietary nature of the interface prevents other vendors from being able to maintain the equipment. MTA has determined the price to be fair and reasonable based on historical pricing for similar projects.

MBE and VSBE participation was not established for this contract because there are no subcontracting opportunities.

26-IT. **INFORMATION TECHNOLOGY** (cont'd)

1.0 **Master Contract:** *Consulting and Technical Services Plus (CATS+) (cont'd)*

Upon technical evaluation, Serigor Inc.'s proposal was found to lack sufficient detail of key components of the technical requirements raising concerns around their ability to successfully support the mainframe and was therefore scored lower technically. Although ICF Incorporated, LLC's pricing was higher the labor rates were found to be within the acceptable range considering wage rates comparisons with Bureau of Labor and Statistics Labor Categories.

This contract includes a provision authorizing an extension for a total period no longer than one-third of the base term to spend funds remaining on the contract as provided in the Board of Public Works (BPW) Advisory 1995-1 found on the BPW website.

1.3 **Using Agency:** Department of Health

Description: Host, support, maintain and enhance the management information system (MIS), Women, Infants and Children (WIC) on the web (WOW), for the Maryland, US Virgin Islands, and Delaware WIC Programs. The WIC WOW system has both hardware and software components that must be maintained in order to implement the WIC Program throughout the state of Maryland in accordance with federal regulations.

Mod Description: Extend the contract to allow time to complete the new procurement; MDH/OPASS19-18016

1.0 Master Contract: Consulting and Technical Services Plus (CATS+) (cont'd)

Resident Business: Yes

Fund Source: 100% Federal Funds

Agency Remarks: The contractor submitted a corrective action plan to achieve their MBE participation for the last modification. They stated that a Junior Support Technician position supporting the WIC Help Desk, staffed by an MBE company, was added and will continue to work for the remainder of the contract. This includes an increase in total hours from 16 to 32 hours per week. In July 2022, an additional full-time resource from one of the MBE companies was added to the project team to assist with the WOW system. After adding these resources, the MBE participation percentage has gone from 17.683% to 22.858 %.

2.0 Master Contract: Commercial Off-the-Shelf Software (COTS) 2012

Contract No. 060B2490021

27-M. MAINTENANCE CONTRACT (cont'd)

Requesting Agency Remarks: A notice of availability of an Invitation for Bids (IFB) was posted on eMaryland Marketplace Advantage on November 22, 2023 with a Small Business Reserve (SBR) designation notifying 55 potential vendors and 45 potential vendors were directly notified. The incumbent was included in the automated solicitations but did not submit a bid because they missed the public posting and email notifications for this opportunity. Four bids were received and opened on December 12, 2023. One bidder was rejected for not meeting minimum qualifications of three years of verified experience on a comparable grounds maintenance contract. Lorenz Lawn & Landscape Inc. has been found responsible and its bid responsive. The bid pricing has been confirmed.

Maryland Works provided a waiver for this procurement on August 14, 2023.

No Minority Business Enterprise (MBE) goal was set because this contract is for a single element of work.

OFFICE OF STATE PROCUREMENT
ACTION AGENDA
February 28, 2024

28-M. MAINTENANCE CONTRACT (cont'd)

Agency Remarks (cont'd):

It was determined that it is in the best interests of the State to award this single-bid contract because ample opportunities were provided to obtain competition, and the bidder is uniquely qualified to provide the required services. The deadline was extended ten separate times for a total of 70 days on eMMA, and the vendors who were directly solicited originally were notified of the various extensions and encouraged to bid. After the final extension, the Procurement Officer requested feedback from vendors who decided not to bid on the No-Bid Form in the IFB, but none responded. Due to the unique challenges of providing skilled maintenance in multiple trades at correctional facilities, this contract requires a vendor who has demonstrated that it can successfully perform those tasks in a prison environment. CGL is not the only company that qualifies, but they are a leader in that sector, having provided services in over 900 municipalities in all 50 states.

The billing rates for the new contract were compared to what DPSCS is currently paying for those services at BCCC and Jessup. For eight positions, which are provided on the current contract, prices ranged from a 2.75% to 23.75% increase, with a median increase of 11.28%, and a decrease of 18.13% for HVAC technicians. Per the terms of the IFB, those prices must remain fixed for the three-year base term of the contract, considering projected inflation as well as increased labor costs, with the \$15.00 per hour minimum wage law that went into effect on January 1, 2024. The price has been determined to be fair and reasonable.

29-M. MAINTENANCE CONTRACT (cont'd)

Requesting Agency Remarks: A notice of availability of an Invitation for Bids (IFB) was posted on eMaryland Marketplace Advantage on February 27, 2023 with a Small Business Reserve (SBR) designation notifying 100 potential vendors. Two bids were received and opened on August 8, 2023. BARCO Enterprises, Inc. has been found responsible and its bid responsive. The bid pricing has been confirmed.

A protest was received during the solicitation period. The protest was received on April 26, 2023 requesting an extension of the bid deadline until the questions they submitted could be posted on eMMA. The protest was sustained, the Procurement Officer acknowledged that there were pending scope of work questions that had not been answered by MSP and granted the requested relief by issuing an amendment on April 26, 2023 to extend the deadline until May 17, 2023. Subsequent extensions of the bid deadline were issued until all pending questions were answered in another amendment on July 25, 2023.

MSP concluded the low bid was reasonable because the vendor had the required experience with similar projects and DGS determined that they were qualified based on reference checks.

Maryland Works provided a waiver for this procurement on February 08, 2023

31-RP. REAL PROPERTY
Department of Health

Recommendation: Approve a transfer of property from the Maryland Department of Health to St. Thomas' Episcopal Church

Prior BPW Action: DGS 52-RP, 12/07/2022

Property: +/- 2.115 acres on the Rosewood Center campus.

Grantor: The State of Maryland to the use of the Maryland Department of Health

Grantee: St. Thomas' Episcopal Church

Background: Approval is requested to transfer +/- 2.115 acres of the former Rosewood Hospital property to St. Thomas Church for incorporation into the Church's cemetery. From 1923 until 1999, as residents died, an option was offered to the families of these residents to be buried in this cemetery. Access to the graves by deceased family members as well as maintenance of the Rosewood Cemetery has been provided by St. Thomas' Church for over 100 years. There are 228 grave sites that contain the remains of Rosewood Residents. This area is still visited by family members. A portion of this property was transferred to St. Thomas about 50 years ago. The transfer of the additional land will assure that all of the Rosewood Cemetery will be a part of the St. Thomas' campus.

Consideration: \$1.00, transfer subject to a restrictive covenant that the property continues to be used as a cemetery and that St. Thomas will continue to provide perpetual care.

Appraised Values: \$33,529 – Steven H. Muller, SRA, fee appraiser – 4-14-2023

31-RP. REAL PROPERTY (cont'd)

State Clearinghouse: The Clearinghouse conducted an intergovernmental review of the project under **MD20220222-0124**. It is recommended to declare the +/- 52.6016-acre portion of the Rosewood Hospital Center property excess to the needs of the Maryland Department of Health for transfer to the Department of Veterans Affairs for the existing Garrison Forest Veterans Cemetery, and to declare the +/- 2-acre portion of the property surplus to the needs of the State for transfer to St. Thomas' Episcopal Church with a restricted use covenant, upon consideration of the Maryland Department of the Environment's qualifying comments. None of the local or state agencies that provided review comments expressed an interest in acquiring the properties.

Legislative

Notification: Legislative notification was not required, since this property is valued below \$100,000.

 Letter dated
 2/13/2025

Grantor: The State of Maryland to the use of the Maryland Department of Health

Grantee: The State of Maryland to the use of the Maryland Department of Veterans Affairs

+/- 52.7116 acres

Background: Approval is requested to transfer +/- ~~52.4866~~ acres of the former Rosewood Hospital property to the Maryland Department of Veterans Affairs (MD-VA) for expansion of the Garrison Forest Veterans Cemetery, which is in close proximity. This acreage has been verified by a survey. This property was acquired by MDH from the Associated Jewish Charities of Baltimore, Inc. as part of a land exchange, with the intent to transfer this parcel to the MD-VA.

State Clearinghouse: The Clearinghouse conducted an intergovernmental review of the project under MD20220222-0124. It is recommended to declare the +/- 52.6016-acre portion of the Rosewood Hospital Center property excess to the needs of the Maryland Department of Health for transfer to the Department of Veterans Affairs for the existing Garrison Forest Veterans Cemetery, and to declare the +/- 2-acre portion of the property surplus to the needs of the State for transfer to St. Thomas' Episcopal Church with a restricted use covenant, upon consideration of the Maryland Department of the Environment's qualifying comments. None of the local or state agencies that provided review comments expressed an interest in acquiring the properties.

**33-RP. REAL PROPERTY
 *Department of Health***

Recommendation: Grant a permanent sewer easement

Prior BPW Actions: DGS 52-RP, 12/07/2022

Property: +/- 1.17 acres on the Rosewood Center campus.

Grantor: The State of Maryland, to the use of the Maryland Department of Health

Grantee: St. Thomas' Episcopal Church

Background: Approval is requested to grant a sewer easement on a portion of the former Rosewood Hospital property to St. Thomas Church. The Church depends on an aging septic system which is failing, requiring the Church to have it pumped several times each year. Baltimore County has approved the Church connecting to the County Sewer system using some existing infrastructure on the former Rosewood Hospital property, and some additional infrastructure will need to be installed in the proposed sewer easement area.

Consideration: No consideration. This easement is being provided in consideration of the service the Church has rendered to the State in maintaining the existing Rosewood Cemetery and providing burial and funeral services for over 100 years.

Appraised Values: \$29,462 – Steven H. Muller, SRA, fee appraiser – 4-14-2023

State Clearinghouse: The Clearinghouse conducted an intergovernmental review of the project under MD20220920-0758. It is recommended to approve the granting of utility easements to St. Thomas Church, Owings Mills, Maryland, across the Rosewood Hospital property for the purpose of allowing the church to connect to the Baltimore County Sewer System.

**36-S-MOD SERVICES MODIFICATION
*RETROACTIVE – Department of Transportation, Transit Administration***

Contract ID: MTA Call-A-Ride Services; *MOL-16-024-SR; J05B8400009*
ADPICS No.: COK32430

Contract Approved: DGS-OSP 1-S, 02/21/2018

Contractor: MJ Management Services, LLC; Baltimore, MD

Contract Description: Provide management services to promote, manage and monitor services provided under the MTA Call-A-Ride program. The Call-A-Ride program provides same-day premium transportation services to eligible MTA Mobility customers, by using local taxi and sedan companies within the designated service area.

Modification Description:

Part A: *RETROACTIVE* MTA is requesting that the BPW ratify payment of compensation to the contractor, MJ Management Services, LLC., who provided services after contract authority to the MTA was exhausted.

Part B: MTA is also requesting to extend the current contract term by 22 months and increase in contract authority to allow for the completion of the procurement currently underway.

Original Contract Term: 03/01/2018 – 02/28/2021 (with two 1-year renewal options)

Modification Terms: **Part A:** 07/01/2023 – 02/28/2024 (**Retroactive; 6 months, 28 days**)
Part B: 02/29/2024 – 12/31/2025 (Proactive: 22 months, 1 day)

Original Contract Amount: \$ 48,658,200.00 (Base Contract, 3 years)

Modification Amounts: **Part A:** \$10,389,688.26 (**Retroactive**)
Part B: \$27,079,474.45 (Proactive)
\$37,469,162.71 Total

Prior Options/Mods: \$ 19,431,660.00 (Mod. #1/Renewal Option #1: 03/01/2021 – 02/28/2022; DGS 16-S-OPT, 01/27/2021)
\$ 49,690.00 (Mod. #2: Additional customer cards and software development; Delegated Authority - MTA, 01/12/2021)
\$ 0.00 (Mod. #3/Renewal Option #2: 03/01/2022 – 02/28/2023; Delegated Authority – MTA, 01/21/2022)

36-S-MOD. SERVICES MODIFICATION (cont'd)

\$ 0.00 (Mod. #4; No cost extension; 03/01/2023 – 12/31/2023; Delegated Authority – MTA, 02/27/2023)

\$ 0.00 (Mod. #5; No cost extension; 01/01/2024 – 02/29/2024; Delegated Authority – MTA, 12/11/2023)

Total Contract Amount: \$105,608,712.71

Percent +/- Change: +77%

Total Percent Change: +117%

Original Procurement Method: Competitive Sealed Proposals

MBE/VSBE Participation: 4.00% / 0.5% of the contract fees

MBE/VSBE Compliance: 4.15% / 0.46% of the contract fees

Requesting Agency Remarks: MTA seeks approval of a retroactive modification to pay the contractor as MTA exhausted their contract authority on June 30, 2023, and a proactive modification to increase MTA's contract authority and contract term by 22 months and 1 day, as outlined below.

Part A (Retroactive): Retroactive approval is requested to ratify this modification increasing to increase contract authority by \$10,389,688.26 for payment. This agenda reflects that the modification exceeded MTA's delegated authority without BPW approval, and that MTA, and DGS seek ratification of this retroactive modification on the agenda item.

DGS OSP Remarks: RETROACTIVE approval requested pursuant to §11-204(c) State Finance & Procurement Article. DGS OSP has determined that this contract should be treated as voidable rather than void because: (1) all parties have acted in good faith; (2) ratification for the procurement contract would not undermine the purposes of the Procurement Law; and (3) the violation, or series of violations, was insignificant or otherwise did not prevent substantial compliance with the Procurement Law.

Part B (Proactive): MTA requests approval for a time extension of 22-months and 1 day, as well as an increase in contract authority, to allow MTA to complete the procurement currently underway for a successor contract.

This contract provides for management and technological services to support the Call-A-Ride same-day premium supplemental services. Additionally, the vendor is responsible for contracting with taxi and sedan companies operating non-dedicated vehicles and monitoring their performance.

DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
February 28, 2024

SUPPLEMENTAL

36-S-MOD. SERVICES MODIFICATION (cont'd)

Agency Remarks: (cont'd)

The Call-A-Ride program is operated by MTA's Office of Mobility. The provision of these services to disabled and elderly persons is federally mandated and operates within MTA's core service area which includes Baltimore City, Baltimore County, and Anne Arundel County. Currently, this service is provided to more than 14,000 customers who are certified under the American with Disabilities Act (ADA-certified) as not possessing the functional ability to use local fixed-route services and who live within a certain distance from a fixed transit route. The Call-A-Ride program offers flexibility to users.

Due to the pandemic, there was low ridership resulting in excess funding which is why MTA exercised renewal option two without additional funding (Mod.3 MTA Delegated Authority; 1/21/2022).

In August 2022, the MTA advertised an RFP for Contract No. MOL-22-038-SR with the expectation of making an award in Spring 2023. However, two protests were received in February 2023, one protest was denied and the other has been sustained in part by MTA, resulting in a second round of evaluations.

When invoicing was processed in August 2023, it was noted that the contract authority was exhausted starting in July 2023. The contractor continued to provide these essential services as it impacts the health and welfare of these riders.

To ensure continuity of these essential mobility services, the MTA is seeking a time extension and increase in contract authority to allow MTA to complete the procurement currently underway and resolve the protest.

A 4% MBE and 0.5% VSBE participation goal on the contract fees was established for this contract based upon the limited subcontracting opportunities and elements of work. The pass-through payments to the local taxi and sedan companies for transporting participants cannot be included in the MBE and VSBE participation goals. Currently, the vendor is exceeding the MBE goal with a participation rate of 4.15% and just below the VSBE goal with a participation rate of 0.46%.
