**1. DEPARTMENT OF AGRICULTURE
*Maryland Agricultural Cost-Share Program - Grants***

Recommendation: That the Board of Public Works approve funding for 27 individual grants under the Maryland Agricultural Cost-Share Program.

Authority: "Cost-Sharing-Water Pollution Control," §§ 8-701 to 8-705, Agriculture Article, Annotated Code of Maryland; COMAR 15.01.05

Amount: \$777,400

Fund Source: MCCBL of 2019: *Provide funds for assistance for the implementation of best management practices that reduce soil and nutrient runoff from Maryland farms.* Item 19344

County	Grantee	Agreement #	Amount
Baltimore	C.N. Flower & Grain Farm LLC	LS-2024-2644-P	\$13,200
	Dr. Michael J. Harrison	RS-2024-2090	\$18,100
		RS-2024-2091	\$15,200
Caroline	Glen E. Plutschak	CR-2024-2640	\$51,200
Carroll	Blaine A. Harman	MP-2024-2651	\$23,300
		MP-2024-2652	\$90,500
		MP-2024-2653	\$26,000
		MP-2024-2677	\$58,800
	Keymar Farms LLC	MP-2024-2678	\$19,300
		MP-2024-2679	\$56,300
		MP-2024-2680	\$51,700
	Lee & Leonard Bowers Farm	MP-2024-2650-R	\$17,000
	Peace & Plenty Farms LLC	MP-2024-2671	\$21,800
		MP-2024-2672	\$55,200
		MP-2024-2673	\$13,400
	Ralph E. Bassler	MP-2024-2647	\$27,800
		MP-2024-2648	\$19,600
MP-2024-2675		\$37,600	

**BOARD OF PUBLIC WORKS
SECRETARY'S

1. DEPARTMENT OF AGRICULTURE (cont'd)

County	Grantee	Agreement #	Amount
Cecil	Albeck Farms, Inc.	AT-2024-2602	\$15,800
Harford	My Lady's Manor Farm, Inc.	AT-2024-2537-R	\$31,000
		AT-2024-2538-R	\$29,800
Kent	Foxhole Farms LLC	SA-2024-2608	\$18,900
Queen Anne's	Johnson's Flyway LLC	CH-2024-2645	\$6,500
	Luke Sultenfuss	CH-2024-2646	\$29,400
Talbot	Lewis H. Smith, Jr.	CR-2024-2654	\$7,400
		CR-2024-2656	\$4,900
Wicomico	Darren Ferrell	AT-2024-2131	\$17,700

Remarks: The Maryland Department of Agriculture has determined that each of these projects is eligible for cost-share funds. Each project has received technical certification from the appropriate Soil Conservation District Office. The farmer has signed the cost-share agreement and accepts the grant conditions.

**2. DEPARTMENT OF AGRICULTURE
*Maryland Agricultural Cost-Share Program - Additional Funding***

Recommendation: That the Board of Public Works approve granting additional general obligation bond proceeds to three individual grants under the Maryland Agricultural Cost-Share Program.

Authority: "Cost-Sharing-Water Pollution Control," §§ 8-701 to 8-705, Agriculture Article, Annotated Code of Maryland; COMAR 15.01.05

Amount: \$7,693.40

Fund Source: MCCBL of 2018: *Provide funds for assistance for the implementation of best management practices that reduce soil and nutrient runoff from Maryland farms.* Item 18274

County	Recipient	Agreement #	Amount
Kent	Milton R. Myers, Jr.	AT-2023-2357	\$1,593.00
		AT-2023-2358	\$4,835.40
Queen Anne's	Mark A. Eck	CR-2023-2718	\$1,265.00

Remarks: The Maryland Department of Agriculture has determined that each of these projects is eligible for cost-share funds. The project has received technical certification from the appropriate Soil Conservation District Office. The farmer has signed the cost-share agreement and accepts the grant conditions.

Additional funds are requested for these projects to offset additional costs realized at the completion of each project. These additional costs are a result of design changes required based on site conditions encountered during construction.

4. **BOARD OF PUBLIC WORKS**
Wetlands Licenses

Recommendation: The Board of Public Works Wetlands Administrator recommends that the Board grant licenses for projects involving filling and dredging in the navigable waters of Maryland.

MDE: The Maryland Department of the Environment concurs with this recommendation.

Authority: Section 16-202, Environment Article, Annotated Code of Maryland: “*The Board shall decide if issuance of the [tidal wetlands] license is in the best interest of the State, taking into account the varying ecological, economic, developmental, recreational, and aesthetic values [the] application presents.*” See also COMAR 23.02.04.

ANNE ARUNDEL COUNTY

23-0283 *GRACHUR CLUB INC* – To provide beach nourishment to historical beach area, reduce shoreline erosion, and enhance aquatic habitats by constructing low profile stone containment sill, planting marsh vegetation, filling and grading with sand, installing a stone groin, reconstructing a stone groin, maintaining a revetment, and constructing a stone revetment.

Pasadena, Magothy River

Special conditions: Time of year restriction. Requirements for marsh establishment area, signing and acceptance of marsh maintenance plan, vent constructions, design and construction of revetment, beach nourishment area, and downloading the USACE Maryland State Programmatic General Permit (MDSPPG) Category A permit.

Wetlands Created: 1,400 sf of marsh

23-0746 *PORT ANNAPOLIS ASSOCIATES LP* – To improve navigable access and reduce shoreline erosion by replacing a bulkhead, expanding an existing marina including removing finger piers, constructing a pier extension with a “T” head platform and finger piers, placing mooring piles and replacing mooring piles, constructing finger piers and boat lifts with associated pilings, mechanically dredging an area, transporting dredge material to a disposal site, and providing for periodic maintenance dredging for six years.

Annapolis, Back Creek

Special conditions: Requirements for dredge material transport and disposal, maintenance dredging, staking dredged area, post dredge bathymetric survey, and construction of the bulkhead prior to filling.

4. **BOARD OF PUBLIC WORKS** (cont'd)

ANNE ARUNDEL COUNTY (cont'd)

23-1015 CHARLES MORAN (10 Cedar Point Road) – To provide beach nourishment to historical beach area and reduce shoreline erosion by replenishing a beach with sand and installing a groin.

Severna Park, Severn River

Special conditions: Requirements for beach nourishment area and for downloading the USACE Maryland State Programmatic General Permit (MDSPGP) Category A permit.

23-1016 CHARLES MORAN (12 Cedar Point Road) – To provide beach nourishment to historical beach area and reduce shoreline erosion by replenishing a beach with sand and installing a groin.

Severna Park, Severn River

Special conditions: Requirements for beach nourishment area and for downloading the USACE Maryland State Programmatic General Permit (MDSPGP) Category A permit.

23-1018 BRIAN BURNS (14 Cedar Point Road) – To provide beach nourishment to historical beach area and reduce shoreline erosion by replenishing a beach with sand and installing a groin.

Severna Park, Severn River

Special conditions: Requirements for beach nourishment area and for downloading the USACE Maryland State Programmatic General Permit (MDSPGP) Category A permit.

BALTIMORE CITY

24-0332 MARYLAND PORT ADMINISTRATION – To provide additional clearance and navigational safety for ships by mechanically removing portions of the Locust Point Marine Terminal Pier 3.

Baltimore, Patapsco River

Special Conditions: Time of year restriction. Requirements for sediment and erosion control or best management practices, depth for removing piling structures, and downloading the USACE Maryland State Programmatic General Permit (MDSPGP) Category A permit. Restrictions on explosive or electronic charge activities.

CALVERT COUNTY

23-0504 MARK P. EHRET – To reduce shoreline erosion and improve navigable access by placing stone sill and sand material and replacing in-kind a timber pier with a “L” platform and boatlifts.

Lusby, Patuxent River

Special Conditions: Requirements for beach nourishment area construction. Restrictions on attaching accessory platforms to existing or proposed boat lifts.

4. **BOARD OF PUBLIC WORKS** (cont'd)

TALBOT COUNTY

23-0585 *ORT FARMS LLP* – To reduce shoreline erosion by constructing low profile stone containment sills, low profile stone edging, a riprap revetment, filling and grading with sand, planting marsh vegetation, and filling and grading with marsh vegetation.

Oxford, Tred Avon River

Special conditions: Time of year restrictions. Requirements for marsh establishment area, signing and acceptance of marsh maintenance plan, vent constructions, design and construction of revetment, wetland enhancement of the Phragmites area, General Permit for Discharges, eradicating Phragmites, and beach nourishment area. Restriction on use of asphalt rubble.

Wetlands Created: 32,286 sf

Wetlands Enhanced: 29,936 sf

23-0980 *LONDONBERRY ON THE TRED AVON* – To reduce shoreline erosion by constructing a low profile stone containment sill, filling and grading with sand, planting marsh vegetation, and constructing a cobble stone swale.

Easton, Tred Avon River

Special conditions: Time of year restriction. Requirements for signing and acceptance of marsh maintenance plan, vent constructions, and marsh establishment area.

Wetlands Created: 13,153 sf

QUEEN ANNE'S COUNTY

23-1085 *STERLING PROPERTY ASSOCIATES III INC* – To provide greater access to the marina by mechanically maintenance dredging, transporting dredge material to a disposal site, and providing for periodic maintenance dredging for six years.

Chester, Chester River

Special conditions: Requirements for maintenance dredging, dredge material transport and disposal, staking dredged area, and post dredge bathymetric survey.

5. **BOARD OF PUBLIC WORKS**

***Wetlands License - #23-0584 – Baltimore Gas and Electric Company (BGE)
Compensation***

Recommendation: The Board of Public Works’ Wetlands Administrator recommends the Board:

- (1) Grant a wetlands license for a project involving a horizontal directional drill of a bore and installing conduits under 1,710 linear feet of State Tidal Wetlands; and
- (2) Assess annual compensation of \$42,750 to be deposited into the MDE’s Wetlands and Waterways Program Fund.

MDE: The Department of the Environment concurs with this recommendation.

- Application received June 29, 2023
- Comment period closed April 4, 2024
- MDE Report and Recommendation received April 25, 2024

Authority: Section 16-202, Environment Article, Annotated Code of Maryland. “*The Board shall decide if issuance of the [tidal wetlands] license is in the best interest of the State, taking into account the varying ecological, economic, developmental, recreational, and aesthetic values [the] application presents.*” See also COMAR 23.02.04.01.C. and COMAR 23.02.04.12.E.

Compensation: This license contains a recommendation that the Board assess compensation. The licensee seeks to drill a bore and install 10 conduits crossing 1,710 feet of State Tidal Wetlands and compensation is due for the 10 conduits. The Wetlands Administrator recommends annual compensation of \$42,750 calculated as follows:

1,710 linear feet x 10 conduits x \$2.50 per linear foot* of tidal wetland impact = \$42,750.00

*COMAR 23.02.04.15.D(3)(a)

ANNE ARUNDEL AND BALTIMORE COUNTIES

23-0584 **BALTIMORE GAS AND ELECTRIC COMPANY** – To improve communication between substations by drilling a bore and installing conduits.

Linthicum Heights, Patapsco River

Special conditions: Time of year restriction. Requirements for an annual fee for conduits crossing State tidal wetlands, for following HDD Good Practice Guidelines 4th Edition, United States Coast Guard coordination, geotechnical data, Frac-out Contingency Plan, retaining an Independent Environmental Monitor (IMC), IMC monitoring of drilling contractor, IMC responsibilities, bottom elevations prior to construction, preconstruction meeting and required attendees, protocol in event of a frac-out, drill hole abandonment, drilling fluid makeup,

**6. DEPARTMENT OF EMERGENCY MANAGEMENT
*VCAF Loans***

Recommendation: The Board of Public Works authorize the following loans up to the total amount of \$1,955,749 from the Volunteer Company Assistance Fund.

Authority: Sections 8-203 – 8-204, Public Safety Article, Annotated Code of Maryland.

Background: The Maryland State Firemen’s Association has approved the requests of the following volunteer fire companies and certifies that its recommendations comply with the requirements of the Volunteer Company Assistance Fund as set forth in the Public Safety Article. The Association and the volunteer companies have entered into agreements that the loans will be used as represented and that give the State appropriate and adequate security in the equipment purchased. The Department of Emergency Management verifies that the funds are available in the Volunteer Company Assistance Fund.

Fund Type: Special Funds

7. **MARYLAND DEPARTMENT OF THE ENVIRONMENT**
Maryland Water Quality State Revolving Loan Fund

Recommendation: That the Board of Public Works approve new funding as described.

Authority: Maryland Water Infrastructure Financing Administration Act
§§ 9-1601--9-1622, Environment Article, Annotated Code of Maryland.

Project: Extended North Tunnel GMP 1

Recipient: Howard County

Amount: Up to \$23,500,000

Location: Howard County/Legislative District 9B

Project Description: The Extended North Tunnel project is one of the key components of Howard County's overall Safe and Sound Flood Mitigation Plan to protect Historic Ellicott City from intense and frequent storm events as the result of climate change. The project entails the construction of an approximately 18 feet diameter 5,300 feet long rock tunnel with three drop shaft locations to convey large storm flows, like the flooding events that occurred in July 2016 and May 2018. The tunnel starts from Papillon Road, runs under the Historic Ellicott City and CSX Railroad to Patapsco River. The project will result in additional stormwater conveyance, reduce the risk of building and roadway flooding and damage, minimize threat to public safety, and provide resiliency from the impacts of climate change. This project is consistent with Maryland's climate change adaptation and resiliency objectives through the reduction of runoff that is exacerbated by increased precipitation or flooding events.

Financing Description:

- A. New Loan (up to) \$21,000,000 – Water Quality State Revolving Loan Fund**
Term. Period not to exceed 30 years following project completion
Rate. The standard interest rate of 50% of the average of the Bond Buyer 11- Bond Index for the month preceding loan closing. (Based on this formula, in fiscal year 2023, loan recipients received interest rates ranging from 1.70% to 1.90%)
Security. Borrower will deliver its bond, along with its full faith credit endorsement, to the Maryland Water Infrastructure Financing Administration.
- B. New Loan Forgiveness (up to) \$2,500,000 – Water Quality State Revolving Loan Fund** This funding is provided under the Water Quality State Revolving Loan Fund Program. The principal forgiveness loan terms/grant conditions are enforceable should grantee default.

BOARD OF PUBLIC WORKS
SECRETARY'S
ACTION AGENDA
May 15, 2024

7. **MARYLAND DEPARTMENT OF THE ENVIRONMENT** *(cont'd)*

Project Funding Sources:

Water Quality State Revolving Loan Fund <i>(this Item)</i>	\$ 21,000,000
Water Quality State Revolving Loan Fund Forgiveness <i>(this Item)</i>	\$ 2,500,000
Local Share	\$ 118,024,100
Total Estimated Project Cost	\$ 141,524,100

Funding may involve multiple sources which may include general obligation bond proceeds as the required 20% match to federal funds and other funds.

State Clearinghouse: MDE has determined that its recommendation is consistent with Maryland's State Clearinghouse comments and recommendations.

Remarks: The existing Wastewater Treatment Plant (WWTP) has been in operation since 1990 and is based on obsolete technology. The facility will be upgraded to meet Enhanced Nutrient Removal limits. The proposed upgrades include the construction of a new Membrane Bio-Reactor (MBR) treatment plant and controls, new office building and miscellaneous improvements.

This project was approved by the MES Board of Directors at the April 25, 2024 meeting.

9. **DEPARTMENT OF PLANNING**
Maryland Historical Trust
African American Heritage Preservation Program

Recommendation: That the Board of Public Works approve the following grant of general obligation bond proceeds.

Fund Source: MCCBL of 2023: *Maryland Historical Trust Appropriation – African American Heritage Preservation Grant Program Appropriation # 23154*

A. Osceola Smith Life-Size Bronze Statue \$14,545.17
304-306 Sollers Point Road, Dundalk, MD 21222, Baltimore County

Grantee: Turner Station History Center, Inc.

Description: Construction of monument base and site work, including masonry and foundation; paving; pathways; and associated architectural, engineering, and consulting services. [Total project costs \$14,545.17 estimated.]

Remarks: The Turner Station History Center aims to install a sculpture of Coach Osceola Smith on an empty lot located within the historic Turner's Station African American Survey District (BA-3056). Osceola Smith was NFL legend Calvin Hill's first coach from age six to 14 in baseball and basketball. Hill grew up in the neighborhood of Turner Station and graduated from Sollers Point High School. This project has visual and interactive informational components to include a QR Code which will access an audio to share a narrative about the memorial and invite people into the History Center for more information. If approved, funds would support site work that includes: foundation, paving, a granite base, and a wayside exhibit. If awarded, MHT would not require an easement.

**10. ST. MARY’S COLLEGE OF MARYLAND
*Encumbrance of State Capital Funds***

Recommendation: That the Board of Public Works approve St. Mary’s College of Maryland awarding a construction contract for the Maryland Heritage Interpretive Center (MHIC) Exhibit Fabrication Project.

Authority: Sections 8-301 and 11-203, State Finance and Procurement Article, Annotated Code of Maryland

Award: Explus, Inc.

Amount: \$3,806,135

Term: 5/20/2024 – 5/31/2025

Procurement Method: Request for Proposals

Proposals:

<i>Firm</i>	<i>Technical Evaluation</i>	<i>Financial Proposal</i>	<i>Overall Ranking</i>
Explus, Inc., Sterling VA	Excellent	\$3,806,135.00 (1)	1
Electrosonic Hadley Exhibits, Buffalo NY	Acceptable	\$4,222,915.00 (2)	2
1200 Exhibits, Inc., Nashville, TN	Acceptable	\$4,980,869.00 (3)	3

Technical proposals were evaluated using adjectival ratings: Outstanding, Excellent, Acceptable, Marginal and Unacceptable (did not meet the standards set forth by the College).

MBE Goal: 0%

Fund Source: MCCBL 2021 (558) - \$ 545,694.00
PAYGO 2023 (002) - \$3,260,441.00

Appropriation Code: 622

Remarks: In response to advertisement on eMaryland Marketplace, three technical proposals were received. After evaluation of these proposals, one firm was rated excellent, and two firms were rated acceptable. The financial proposals were opened for all three technical proposals as they all received a rating of acceptable or higher. Explus, Inc., the firm with the lowest cost and excellent rating, was selected for the project.

There is no MBE goal established for this project due to the highly specialized expertise and close project control nature of the fabrication work involved.

**11. OFFICE OF THE ATTORNEY GENERAL
*Legal Representation with Contingent Fee***

Recommendation: That the Board of Public Works approve the Attorney General’s proposal to include a contingent fee provision in a contract for Assistant Counsel. This contract would compensate an external law firm with a portion of the monetary recovery, if any, that the State receives in litigation for damages resulting from the Francis Scott Key Bridge disaster.

Authority: Section 10-305, State Finance and Procurement Article, Annotated Code of Maryland

Contractors: Kelley Drye & Warren LLP, Houston TX
Liskow & Lewis APLC, Houston TX
Downs Ward Bender Herzog & Kintigh PA, Hunt Valley MD
The Lanier Law Firm, New York NY
Partridge LLC, New Orleans LA

Contract Description: Assistant Counsel – Francis Scott Key Bridge Litigation. The contract is for Assistant Counsel to the Attorney General, pursuant to Section 6-105(b), State Government Article, Annotated Code of Maryland, with approval from Governor Moore, by letter dated 3/28/2024.

Attorney Fees: The Contractor will be paid for services rendered under this Contract on a contingent fee basis. The amount of fees to be paid will be based on the stage of the matter at which any recovery is obtained. The Contractor will receive attorney’s fees for the sums recovered, not including the \$350 million insurance recovery, based on the percentages in the following fee matrix.

Cumulative Net Recovery	Stage of Litigation at which Recovery is Obtained from any Defendants		
	<u>Stage A</u> Vessel owner successfully limits liability	<u>Stage B</u> No Limitation and all other parties; from commencement through close of discovery	<u>Stage C</u> After Discovery closes, through trial
1. Up to \$150,000,000	10%	16%	18%
2. \$150,000,001 to \$500,000,000	8%	14%	16%
3. \$500,000,001 to \$1,000,000,000	6%	10%	12%
4. \$1,000,000,001 and Above	2%	2%	2%

Stage A: Applies to the vessel owner, Grace Ocean and purported owner Synergy, only if each is successful in the limitation of liability action. Otherwise, the columns headed Stage B or Stage C apply, as they do for all other tortfeasors.

SUPPLEMENTAL

REVISED

11. **OFFICE OF THE ATTORNEY GENERAL** *(cont'd)*
Legal Representation with Contingent Fee

Remarks:

Background about the Francis Scott Key Bridge Litigation

On March 26, 2024, a container ship, M/V DALI allided with the Francis Scott Key Bridge (Key Bridge), resulting in its collapse. Eight construction workers were on the Key Bridge at the time, two of whom were injured and six of whom died. The shipping channel was blocked, and all ship traffic was halted to/from that portion of the Port of Baltimore, located northwest of the former Key Bridge and encompassing the majority of marine terminals. The collapse of the bridge, which carried I-695, and the close of the shipping channel caused immediate and ongoing harm to the State of Maryland, county and local jurisdictions, and individuals and businesses in Maryland and nationwide.

The Key Bridge collapse has necessitated a massive response by more than 15 State agencies, all of which are represented by the OAG, including but not limited to:

- Maryland Department of Transportation (MDOT)
- Maryland Transportation Authority (MDTA) – owns/operates the bridge
- Maryland Port Administration (MPA) – owns/operates public marine terminals in the Port
- State Highway Administration (SHA)
- Maryland Department of Labor (MDOL)
- State Treasurer’s Office (STO)
- Board of Public Works (BPW)
- Maryland Department of Emergency Management (MDEM)
- Maryland Insurance Administration (MIA)
- Department of Commerce (COMM)
- Department of Natural Resources (DNR)
- Department of the Environment (MDE)
- Maryland Environmental Service
- Department of Budget and Management
- Maryland State Police (MSP)
- Maryland Lottery and Gaming (MLGCA)
- Department of Human Services (DHS)

Numerous Federal agencies, such as the National Transportation Safety Board (NTSB), the US Army Corps of Engineers (USACE), the US Navy (USN), and the US Coast Guard (USCG), as well as county governments have also been mobilized.

SUPPLEMENTAL

REVISED

BOARD OF PUBLIC WORKS
SECRETARY'S
ACTION AGENDA
May 15, 2024

11. **OFFICE OF THE ATTORNEY GENERAL** (*cont'd*)
Legal Representation with Contingent Fee

Remarks (cont'd):

The Attorney General intends to identify and hold accountable the parties responsible for the Key Bridge collapse and to recover compensation for the damages and other harm suffered by the State. The Assistant Counsel will support the OAG's representation of the State of Maryland, its agencies, and instrumentalities in evaluating and pursuing potential litigation. This will include advice and representation in connection with the pending maritime limitation of liability action filed by the ship owner, *In the Matter of the Petition of Grace Ocean Private Limited et al for Exoneration from or Limitation of Liability*, case no. 1:24-cv-00941, United States District Court for the District of Maryland.

Assistant Counsel Contract

The law firms listed above as contractors were selected to serve as Assistant Counsel to the Attorney General pursuant to State Government Code, §6-105(b), for purposes of the Francis Scott Key Bridge Litigation. As required by the statute, the Attorney General sought prior approval from Governor Moore to procure the services of an Assistant Counsel. Governor Moore approved the Attorney General's request by letter dated 3/28/24. Compensation under the contract is by contingent fee.

The Attorney General has long interpreted that a contingent fee contract for legal services requires additional approval from the Board of Public Works under State Finance & Procurement Code, §10-305(a), which governs the disposition of state property. *74 Opinions of the Attorney General* 136, 140-42 (1989). The BPW has approved contingent fee contract provisions requested by the Attorney General in tobacco, environmental and antitrust cases over the years. That approval is being sought again now, this time for litigation relating to the bridge disaster.

Counsel Selection. After receiving the Governor's approval to retain Assistant Counsel on 3/28/24, the Office of the Attorney General (OAG) issued a Request for Proposals (RFP) on 4/5/24, with a deadline of 4/17/24. The RFP was widely distributed by posting on the RFP page of the OAG website, and by email to 23,660 people subscribed to the RFP email list, 27 attorneys/firms that requested to receive notice of bridge-related RFPs, 24 attorneys/firms identified from the MDOT Directory of Certified Firms, and 10 minority bar/legal associations and organizations.

The OAG received 34 proposals, 14 of which proposed joint ventures of multiple firms, involving a total of 63 firms. After narrowing the field, the OAG conducted interviews of six firms/joint ventures on 4/22/24, and now recommends a joint venture composed of the five firms, listed above as contractors, to serve as Assistant Counsel for purposes of this litigation.

BOARD OF PUBLIC WORKS
SECRETARY'S
ACTION AGENDA
May 15, 2024

SUPPLEMENTAL

REVISED

11. **OFFICE OF THE ATTORNEY GENERAL** (cont'd)
Legal Representation with Contingent Fee

Remarks (cont'd):

Fee Arrangement. The Attorney General seeks to compensate Assistant Counsel on a contingent fee basis, with a percentage of recovery as described above in the 'Amount' field. This is a unique legal matter and it is difficult to compare the fee schedule to that used in other litigation. The fee schedule is favorable compared to the arrangements offered by other firms considered for this engagement. It is also similar to the fee schedules in other Assistant Counsel contingent fee contracts that have been approved by the Board. If the State recovers less than \$350 million, the law firm will not be entitled to any compensation from the State.

12. **MARYLAND THOROUGHBRED RACETRACK OPERATING AUTHORITY**
Approval of Master Agreement.

Recommendation: That the Board of Public Works approve the Master Agreement between the Maryland Thoroughbred Racetrack Operating Authority (“MTROA”) and 1/ST Holdings, the Maryland Jockey Club of Baltimore City, Inc. (“MJC”), the Laurel Racing Association, Inc., Laurel Racing Association Limited Partnership, 1/ST Maryland LLC, and 1/ST Laurel LLC inclusive of the following transaction agreements:

1. The sale and transfer of ownership of the Pimlico Race Course (“Pimlico”) from 1/ST Racing to MTROA;
2. A lease agreement between 1/ST Racing and MTROA for the use of Laurel Park as a transition facility while redevelopment and construction activities take place at Pimlico;
3. A license agreement between 1/ST Racing and MTROA for intellectual property related to the Preakness Stakes and the Black-Eyed Susan Stakes;
4. A loan agreement between 1/ST Racing and MTROA to display the Woodlawn Vase; and
5. An operating agreement transferring the right to conduct all thoroughbred horseracing in the State of Maryland from 1/ST Racing to MTROA.

Authority: Sections 10–1005 and 10-1006, Economic Development Article, Annotated Code of Maryland.

Remarks: The Maryland Thoroughbred Racetrack Operating Authority (“MTROA”) was established by Chapter 111 of the 2023 Session. To maintain and grow the thoroughbred horseracing industry in the State of Maryland, the MTROA requests approval of the proposed Master Agreement containing the five transaction agreements summarized below.

Pimlico Transfer Agreement

MJC, the 1/ST Racing affiliate that owns the Pimlico, will transfer ownership of Pimlico to MTROA as of July 1, 2024 pursuant to a Pimlico Transfer Agreement, for a purchase price of \$1.00. The transfer will include the Pimlico real estate, and all trademarks associated with Pimlico and Maryland Jockey Club.

This purchase and transfer of property is part of a comprehensive negotiation between 1/ST Racing and MTROA, memorialized in the Master Agreement, regarding the future of thoroughbred racing in Maryland. Therefore, MTROA requests a waiver of the appraisal requirements contained in Board of Public Works Advisory 2005-3.

BOARD OF PUBLIC WORKS
SECRETARY'S
ACTION AGENDA
May 15, 2024

SUPPLEMENTAL

12. **MARYLAND THOROUGHBRED RACETRACK OPERATING AUTHORITY**
(cont'd)

Remarks (cont'd):

Laurel Park Agreement

Laurel Racing Association Limited Partnership (“LRALP”), the 1/ST Racing affiliate that owns the Laurel Park Race Course (“Laurel Park”) in Laurel, Maryland, will make Laurel Park available to MTROA as of January 1, 2025 pursuant to a Lease Agreement, which will enable MTROA to use Laurel Park as a transition facility while new racing facilities are constructed at Pimlico and new training facilities are constructed elsewhere, after which all racing at Laurel Park will cease and the property will be sold or redeveloped by LRALP. The lease term is three years, with one option to renew for an additional one-year period. The rent is \$1.00 per year for the initial term, and \$3,500,000 for the optional renewal period. MTROA will be responsible for maintaining and operating Laurel Park during the term of the lease. Should the MTROA exercise the sole renewal option of this Lease Agreement, it will not be subject to Board of Public Works review in accordance with §10-1005, Economic Development Article.

Exclusive License Agreement

1/ST Racing will exclusively license intellectual property related to the Preakness Stakes and the Black-Eyed Susan Stakes to MTROA as of July 1, 2026 pursuant to a long-term exclusive license agreement (the “License Agreement”). The initial term of the License Agreement is 10 years. The initial term will automatically extend for successive 5-year periods unless and until MTROA provides 1/ST Racing with a notice of non-renewal at least 18 months prior to the expiration of the then-current term. In consideration of the rights licensed to MTROA, commencing in 2027, MTROA will be obligated on an annual basis to pay 1/ST Racing a \$3 million base fee which will be subject to an annual escalator of 2.5% plus 2% of the handle from the Races.

Woodlawn Vase Loan Agreement

1/ST Racing will lend the Woodlawn Vase to MTROA commencing on January 1, 2027. The license will be co-terminus with the License Agreement. During the term, MTROA has the right to (i) display the Woodlawn Vase at Pimlico or at any other venue as determined by MTROA; (ii) present the Woodlawn Vase to the connections of the winners of the Preakness Stakes during the trophy presentation ceremony immediately following the running of the Preakness Race in each year included within the term, consistent with past practice and custom; (iii) make or commission reproductions and/or copies of the Woodlawn Vase which may be transferred to the connections of the winners of the Preakness Stakes and major sponsors of the Preakness Stakes; and (iv) take photographs or make other visual reproductions of the Woodlawn Vase solely (A) to promote the Preakness Stakes and/or Pimlico, including any exhibitions or venues within Pimlico in which the Woodlawn Vase may be displayed; (B) for educational purposes; and/or (C) for archival purposes.

BOARD OF PUBLIC WORKS
SECRETARY'S
ACTION AGENDA
May 15, 2024

SUPPLEMENTAL

12. **MARYLAND THOROUGHBRED RACETRACK OPERATING AUTHORITY**
(cont'd)

Remarks (cont'd):

Woodlawn Vase Loan Agreement (cont'd)

1/ST Racing retains the right to sell, transfer or otherwise assign any or all of its right, title and interest in and to the Woodlawn Vase at any time during the term, subject to MTROA's rights under the Woodlawn Vase Loan Agreement.

Thoroughbred Horseracing Rights Transfer

1/ST Racing will transfer the right to conduct all thoroughbred horseracing activities in Maryland to MTROA as of January 1, 2025, except that 1/ST Racing will agree to conduct the Preakness Stakes, Black-Eyed Susan Stakes, and related undercard races (collectively, the "Races") in the years 2025 and 2026.

An associated entity of MTROA qualified under Section 501(c)(4) of the Internal Revenue Code (the "501(c)(4) Entity") will as a general matter offer continued employment to any person employed by 1/ST Racing providing services at Pimlico or Laurel Park. The 501(c)(4) Entity will also assume 1/ST Racing's obligations under the Maryland Race Track Employees Pension Plan and existing collective bargaining agreements.

The Master Agreement further provides for MTROA's assumption of certain 1/ST Racing operational agreements designated by MTROA following its completion of a due diligence review of such agreements.

BOARD OF PUBLIC WORKS
SECRETARY'S ACTION AGENDA
APPENDIX
May 15, 2024

APP 2

A1. DEPARTMENT OF PUBLIC SAFETY AND CORRECTIONAL SERVICES
(cont'd)

Remarks: Nature of Emergency: On March 21, 2024, an inspection performed by Travelers Insurance revealed that a combination of damaged steam coils within the steam driven HVAC system in the mechanical room degraded HVAC condensate lines that run under the mechanical and electrical rooms, and heavy rain, had flooded the mechanical room and water had made its way across the hallway into the main electrical room of the DD Building within PATX. The leaks from the steam driven HVAC system were a result of the steam coils cooling and converting steam back into water. Unfortunately, the Department could not turn off the heaters by law until April 15, 2024, when the cooling season began. As a result, the DD building remained heated, while at the same time the leaks from the HVAC system continued to flood the mechanical and main electrical rooms until the heaters could be turned off on April 15, 2024.

Emergency services to make repairs to the HVAC system in the mechanical room are necessary to maintain the health and safety of staff and incarcerated individuals at the facility. The main electrical room in the DD Building houses the electrical components for multiple systems essential to the safe and efficient operation of the facility, such as jail cell doors, refrigeration for food, and CCTV security cameras. The presence of water in the electrical room poses a security and life safety concern in the event an electrical short occurs – an electrical short could result in a power failure to the building which could create a cascade effect of problems that could potentially place the employees and occupants of the immediate area at high risk of harm.

Basis for Selection: Quotes from two vendors were obtained. Of the two quotes submitted, Maryland Mechanical Systems, Inc. offered a more permanent solution at a lower price.

7A. RURAL LEGACY PROGRAM FUNDS
Cecil County

Recommendation: Approval to grant \$338,141.86 to **The Cecil Land Trust, Inc.**, from Rural Legacy Funds to acquire an 86.82-acre conservation easement.

Fair Hill Rural Legacy Area – Papagno Property

Prior Approval: Piney Run Rural Legacy Area Grant for easement acquisitions:
 DNR-RP Item 14A (12/1/2021) \$1,296,850 for FY 2022

Project Description: Acquisition of this conservation easement will protect productive agricultural and forest lands, as well as protect approximately 3,450 linear feet of forested stream buffers along Little Elk Creek and tributaries, which flow downstream to Elk River and ultimately the Chesapeake Bay. This Rural Legacy easement, RL No. 35002, will be held by the Department of Natural Resources and The Cecil Land Trust, Inc.

Easement Value: \$549,924.57 (\$6,334.07 per acre)

Purchase Price: \$307,597.50 (\$3,542.93 per acre)

Total Other DNR Costs:	Administrative:	\$ 9,227.92
	Incidental:	\$16,702.48
	Compliance:	<u>\$ 4,613.96</u>
		\$30,544.36

Amount Requested: \$338,141.86

8A. RURAL LEGACY PROGRAM FUNDS
Carroll County

Recommendation: Approval to grant \$297,737.25 to **Carroll County** from Rural Legacy Funds to acquire a 61.79-acre conservation easement.

Upper Patapsco Rural Legacy Area – Gerry & Brenda Day

Prior Approval: Rural Legacy Area Grant for easement acquisitions:
 DNR-RP Item 14A (12/1/2021) \$872,754 for FY 2022
 DNR-RP Item 15A (10/12/2022) \$320,720 for FY 2023

Project Description: Acquisition of this conservation easement will protect productive agricultural and forested lands, as well as protect approximately 2,238 linear feet of forested stream buffer along Georges Run, which flows to the Prettyboy Reservoir watershed. The reservoir is a source of drinking water for the Baltimore Metropolitan Area. This Rural Legacy easement, RL No. 35013, will be held by Carroll County. Carroll County is not requesting reimbursement for administrative and program compliance costs.

Easement Value: \$294,383.30 (\$4,764.25 per acre)

Purchase Price: \$294,383.30 (\$4,764.25 per acre)

9A. **TIMBER SALE**
Garrett County

Recommendation: That the Board of Public Works approve this timber sale of 146,575 board feet of sawtimber and 187 cords of pulpwood, which will be conducted in Compartment 43 in Savage River State Forest.

Savage River State Forest
32 acres/Compartment 43 (SR-03-24)

Description: This harvest will be a commercial thinning to create canopy gaps that will provide more light to the forest floor and aid in the establishment of desirable regeneration. The remaining trees will benefit from improved spacing, increased vigor and growth rates, and overall improved stand health. After harvest completion, the stands will be monitored for acceptable levels of desirable seedling establishment.

No bond money was used in the purchase of this land.

Authority: Natural Resources Article § 5-102 and § 5-214, Annotated Code of Maryland.

Sales Method: Competitive Sealed Bid (One-step method). See BPW Advisory 2005-2.

Bids:

Glotfelty Lumber Co. Inc.	MD	\$68,102.00
Speyside Bourbon Stave Mill	VA	\$50,161.64
Western Maryland Lumber, Inc.	MD	\$48,211.00

2-C-BP. UNIVERSITY OF MARYLAND, COLLEGE PARK
On-Call Design-Build Services-Task Order,
Baseball Player Development Facility-
Bid Package 1 of 2

Contract ID: Design-Build Contract Services for the Baseball Player Development Facility-University of Maryland College Park: RFP No. 136859

Recommendation: Award of Bid Package 1

Contractor: J. Vinton Schafer Construction, LLC, Abingdon, MD

Prior Approval: USM Item 2-C (8/2/2023) Preconstruction and design services

Project Description: The proposed project is for the design and construction of an approximately 7,900 GSF player development facility for the baseball team. The structure (adjacent to the Varsity Sports Team House and Bob “Turtle” Smith Stadium at Shipley Field) will include practice facilities for both pitchers and hitters with state-of-the-art technology for performance analytics.

The University anticipates the final value of this contract, after award of all bid packages, will be approximately \$8.5 million.

Bid Package Description: Bid Package 1 includes sitework, utilities, and electrical work for Lot R3 and Stadium Drive Pedestrian Improvements.

Contract Term: Forty-One (41) months from Notice to Proceed (includes warranty period)

This Bid Package Amount: \$1,838,494

Current Contract Amount: \$714,138

Revised Contract Amount: \$2,552,632

Fund Source: Institutional Funds \$1,799,827; Academic Revenue Bonds \$38,667

MBE Participation: 29%; Subgoals: 8% African American-Owned, 11% Women-Owned

MBE Compliance: 0% (See Requesting Institution Remarks)

Performance Security: Equal to contract amount

**2-C-BP. UNIVERSITY OF MARYLAND, COLLEGE PARK (cont'd)
*On-Call Design-Build Services-Task Order, Baseball Player Development
Facility-Bid Package 1 of 2***

Requesting Institution Remarks: This contract was initially awarded for preconstruction and design services (USM Item 2-C approved on 8/2/23). As design has progressed and design information and construction funding became available, the contractor sequentially and competitively bid construction packages. This is the first of two (2) Bid Packages anticipated on this project. Upon completion of the bidding process for the second package, the University will return to the BPW to request approval.

There is no MBE compliance at this stage of the project. Payments to date represent approximately 3.6% of the projected contract value. The University will meet the MBE goals that were established for the project: 29% Overall; Subgoals: 8% African American-Owned; 11% Women-Owned.

Sustainability: This project will comply with the Maryland State High Performance Green Building Program through adherence with the International Green Construction Code (IgCC). The IgCC compliance checklist will be followed and provided with respect to sustainability and energy efficiency. This project will follow the performance path under ASHRAE (American Society of Heating, Refrigeration and Air Conditioning Engineers) 90.1-2019 to meet the energy code and the energy code report will include lighting power density calculations; all required mechanical calculations confirming equipment does not exceed load requirements; and architectural calculations confirming building envelope insulation values are met. Building envelope air-tightness testing and commissioning requirements will also be confirmed.

UNIVERSITY OF MARYLAND CENTER FOR ENVIRONMENTAL
SCIENCE
*Construction Contract***

Contract ID: University of Maryland Center for Environmental Science (UMCES)- Chesapeake Analytics Collaborative Building, RFP No. 128600-C

Recommendation: Award construction contract.

Contractor: Costello Construction- Columbia, MD

Project: The scope of work includes the construction of an approximately 13,750 GSF/8,720 NASF 2-story structure that is intended to provide UMCES with a collaborative building to meet demands for large meeting spaces and a facility that allows for cross disciplinary collaboration and presentation of research. The building will include offices, meeting rooms, and collaboration spaces.

Contract Term: Forty-two (42) months from issuance of notice to proceed (including warranty period)

Amount: \$13,538,477

Procurement Method: Competitive Sealed Proposals

Proposals:

Offeror	Technical	Price	Overall
Costello Construction, Columbia, MD	2	\$13,538,477	1
Scheibel Construction, Huntingtown, MD	1	\$14,994,000	2

Fund Source: General Funds (FY 2023 PayGo Funding) \$8,000,000, MCCBL 2023: *Provide funds to complete construction and equipping of a new Chesapeake Analytics Collaborative Building in Solomons Island to house the library collection and research space; Item 120 \$5,538,477*

MBE Participation: 32.9%; Subgoals: 8% African American Owned; 11% Women-Owned

Performance Security: Equal to contract amount

**3-C. UNIVERSITY OF MARYLAND, COLLEGE PARK for
UNIVERSITY OF MARYLAND CENTER FOR ENVIRONMENTAL
SCIENCE (cont'd)
*Construction Contract***

Requesting Institution Remarks: This solicitation was advertised on eMaryland Marketplace Advantage. Seven (7) firms responded to the solicitation. Upon completion of the review of technical proposals by the University evaluation committee, three (3) of the firms were deemed susceptible for award. One (1) firm withdrew from consideration. Award is recommended to Costello Construction as the lowest price, technically-acceptable offer.

A bid package in the amount of \$8,442,460 under USM Item 4-C-BP (3/15/2023) to Barton Malow Builders was previously approved by the Board for this project, but never awarded to the contractor. Following the approval of Bid Package 1, pricing for the subsequent bid package did not meet project budget expectations. After rounds of back and forth with the contractor in an effort to resolve the budget issue without success, the University terminated the contract for convenience. This action item is the result of a new procurement to complete this project.

Sustainability: The Chesapeake Analytics Collaborative Building was designed following the Maryland Green Building Council's High-Performance Green Building Program and will achieve a LEED Silver rating, with the potential to earn LEED Gold. The design features contributing to this rating include reduction of outdoor and indoor water use by having plant materials that do not require irrigation and low water using plumbing fixtures, reduction in overall energy use with energy efficient mechanical equipment and installation of a photovoltaic array on the roof and selection of low environmental building materials with low initial odor emissions. The General Contractor will perform the work utilizing sustainable design and construction principles as specified and the major exterior envelope and building systems will be commissioned by an independent agent to ensure proper installation and use of the systems.

**4-C-BP. UNIVERSITY OF MARYLAND, COLLEGE PARK for
SALISBURY UNIVERSITY
*Blackwell Hall Renovation-Bid Package 1 of 3***

Contract ID: Design-Build Construction Contract, Blackwell Hall Renovation
Salisbury University: RFP No. 12537-MG

Recommendation: Award of 1st Bid Package

Contractor: Whiting Turner Contracting Co., Baltimore, MD

Prior Approval: USM Item 2-C (2/15/2023)

Project Description: The proposed project is for the design and renovation of the 67,300 GSF/ 42,000 NASF Blackwell Hall for student services functions. The program also includes an approximately 6,000 GSF entrance addition. The former library, Blackwell Hall, will be renovated to become a Student Services Center. Student service departments, including the Registrar, Financial Aid, Academic Advising, Career Services, Bursar, Admissions, Counseling Center, Health Center, and Disabilities Resource Center units, will be combined into one building to create a one-stop shop for student services.

The University anticipates the final value of this contract, after award of all Bid Packages, will be approximately \$55 million.

Bid Package Description: This bid package includes initial site mobilization, hazardous materials abatement & removal, and preliminary demolition.

Contract Term: Sixty-Eight (68) months from design notice to proceed (includes warranty period)

This Bid Package Amount: \$978,708

Current Contract Amount: \$3,482,605 (design and pre-construction services)

Revised Contract Amount: \$4,461,313

Fund Source: MCCBL 2023 Provide funds to continue design of the renovation of Blackwell Hall to create a Student Services Center. Item 117: \$500,000;

MCCBL 2024 Provide funds to continue design and renovation of Blackwell Hall to create a Student Services Center: \$478,708

Board of Public Works
 University System of Maryland
 Supplement
 May 15, 2024

**4-C-BP. UNIVERSITY OF MARYLAND, COLLEGE PARK for
SALISBURY UNIVERSITY (cont'd)
 Blackwell Hall Renovation-Bid Package 1 of 3**

MBE Participation Goal: Overall: 20%; Subgoals: African American-8%; Women-11%
MBE Compliance: 4.99% (See “Requesting Institution Remarks”)

Performance Security: Equal to contract amount

Requesting Institution Remarks: This Design Build contract was initially approved for pre-construction phase services by the BPW on 2/15/2023 (Item 2-C). This is the first of the three bid packages anticipated for this project. The University will return to the Board with subsequent Bid Packages for the balance of construction activity.

The University initially estimated the contract value of this renovation to be \$43 million. That anticipated cost has increased after a survey of the building identified significant deficiencies requiring a modification to the proposed renovation. These additional modifications will ensure the building is in compliance with all current Codes and Sustainability guidelines, particularly in light of the program’s intent to make this building Net Zero Ready.

The MBE compliance to date is calculated based on a spend to date of approximately 3% of an anticipated \$55 million contract. The University is currently on track to meet the goals that have been established for the contract.

Notice to proceed will occur after June 1, 2024, and no general obligation bond proceeds from the 2024 MCCBL will be expended prior to that date.

Sustainability: Project design complies with the Maryland State and Green Building Council’s High-Performance Green Building Program and is currently targeting a LEED Gold rating, and it is being designed to be Net-Zero Ready. The project includes the following sustainable features: A Geothermal well field & ground source heat pump for heating and cooling of the facility. Building envelope upgrades including building skin/vapor barrier enhancements and substantial R-Value improvements. Primary mechanical systems include Energy Recovery Ventilators (ERVs) to significantly improve building operational efficiency and indoor air quality. Demand control ventilation to minimize the conditioning of outside air, and airside economizer to utilize “free cooling” when outside conditions are favorable. A design guided by the Life Cycle Cost Analysis process, ensuring reasonable payback on first costs. Reductions in lighting power below required baseline energy use. Use of building materials having a low environmental impact.

Resident Business: Yes **MD Tax Clearance:** 24-1708-1111

**5-C. UNIVERSITY OF MARYLAND BALTIMORE for
UNIVERSITY OF MARYLAND BALTIMORE COUNTY
 Colwell Center Roof Replacement and Improvements**

Contract ID: Construction Management at Risk Services for the Colwell Center Roof Replacement and Improvements, RFP #24-321 ML, University Contract #C-00971

Recommendation: Award construction management contract for the Colwell Center roof replacement and improvements to the Colwell Center in Baltimore City that is managed by UMBC to J. Vinton Schafer Construction, LLC.

Project Description: This project includes maintenance improvements at the Colwell Center in Baltimore, including replacement of the aging tensile roof (white tent) and HVAC system upgrades. This work will be completed in two separate and overlapping phases. Phase I will replace the distinctive tension roof and includes replacing the main membrane, liner, awning canopy and associated work such as repainting the structural steel components that support the roof. Phase II will refurbish the central plant and include replacement of obsolete chillers, air handlers, exhaust fans, controls, motors, pumps, and demolition of ice storage units.

The overall project estimate is \$21,667,000 which includes design and construction.

Contract Description: This Item recommends award for pre-construction services only; the University anticipates that it will present to the Board four bid packages to be awarded to the contractor during the construction phase.

Procurement Method: Competitive Sealed Proposals

Proposals:

Firm	Technical	Price	Overall
J. Vinton Schafer Construction, LLC <i>Abingdon, MD</i>	2 (Tied)	\$2,819,246	1
Consigli Construction Company <i>Washington, DC</i>	2 (Tied)	\$3,127,845	2
Wohlsen Construction Company <i>Baltimore, MD</i>	1	\$3,505,668	3
Plano-Coudon, LLC <i>Baltimore, MD</i>	4	\$3,219,913	4

Award: J. Vinton Schafer Construction, LLC, Abingdon, MD

**5-C. UNIVERSITY OF MARYLAND BALTIMORE for
UNIVERSITY OF MARYLAND BALTIMORE COUNTY (cont'd)
*Colwell Center Roof Replacement and Improvements***

Amount: \$400,000

Contract Term: Twenty-seven (27) months from Notice to Proceed

Fund Source: FY 2023 General Funds (PayGo Funding): \$4,934,000
Note: Chapter 102, Acts of 2023 preauthorized \$13,988,000 in FY 2025 and \$2,551,000 in FY 2026 for this project.

MBE Participation: 0% Pre-Construction Services (See Requesting Institution Remarks)

Performance Security: 100% performance bond is required.

Requesting Institution Remarks: The solicitation was advertised in *eMaryland Marketplace Advantage*, the University's eBid Board, and distributed to the Governor's Office of Small, Minority and Women Business Affairs and MBE Trade Associations. Six firms attended the pre-proposal meeting with four firms submitting technical proposals. The four proposals were evaluated by the University Evaluation Committee with all four firms shortlisted to advance to the second phase technical evaluations. Following second phase evaluations all four firms were shortlisted and their pricing opened. Wohlsen Construction Company was ranked first in technical scoring and J. Vinton Schafer Construction first in pricing. J. Vinton Schafer Construction demonstrated a strong construction management team that has successfully completed prior projects at the University, a solid approach to managing the project schedule, and an excellent understanding of how to mitigate the project risk and tackle the project challenges. Award is recommended to J. Vinton Schafer Construction based on best value to the University.

This Item recommends award for pre-construction services only. If the University and the Contractor agree to a cost for construction, the University will return to the Board with a recommendation to modify the contract to include the actual construction costs, which includes the CM's construction services fee. While there is no MBE participation in the pre-construction phase of this project, the overall MBE goal is 8%. Once trade packages are solicited for the construction phases of the project, the University will return to the Board requesting approval of the bid packages along with the MBE participation commitment.

Sustainability: Opportunities for environmentally sustainable materials and systems will be identified and explored throughout the design into construction by the University, AE, and the firm. The new HVAC system that is installed will be a high efficiency system designed to assist in achieving the energy goals for the University.

6-RP. SALISBURY UNIVERSITY
Real Property Acquisition of 1121 South Division Street

Recommendation: That the Board of Public Works approve the following acquisition of real properties to provide replacement student housing.

Authority: §12-104 (h), Education Article, Annotated Code of Maryland

Property: 1121 South Division Street, Salisbury, MD 21804

Grantor: Salisbury University Foundation, Inc.

Grantee: State of Maryland for the use of the University System of Maryland on behalf of its constituent institution Salisbury University

Price: \$300,000

Appraised Value: W. R. McCain & Associates \$290,000
Opteon Appraisal \$325,000

Fund Source: Unrestricted University Funds

Board of Regents Approval: April 3, 2024

Requesting Institution Remarks: Salisbury University (the “University”) requests approval from the Board of Public Works to acquire the commercial property at 1121 South Division Street, Salisbury, Maryland (the “Property”) from the Salisbury University Foundation. The Property contains an office building of 2,091 SF and 1.41 acres of land. The Property is directly adjacent to the University’s Maintenance Building at 1123 South Division Street. The purchase price is \$300,000.

The University is currently using the Property for additional office space, storage, and parking for the Physical Plant. The Property is located immediately north of the Maintenance Building. Connection of the facility to the University’s utility infrastructure and services is easy and cost effective.

**7-RP. UNIVERSITY OF MARYLAND, COLLEGE PARK
*Ground Lease for New Graduate Student Housing***

Recommendation: That the Board of Public Works approve the University of Maryland, College Park (UMCP) ground leasing property to Maryland Economic Development Corporation (MEDCO) to provide new graduate student housing on the UMCP campus (the “Project”).

Description: The proposed Project includes the development of approximately 741 beds of new graduate student housing on campus. The Project will be financed through a privatized financing structure where the State for the use of the University System of Maryland on behalf of its constituent institution, UMCP, will enter into a ground lease for approximately 1.9 acres with MEDCO (the “Ground Lease”), which terminates upon the final payoff of the bond debt, which will be the earlier of forty (40) years, i.e., the terms of the bonds, or 45 years (a “tail” period of 5 years beyond the term of the financing).

MEDCO will issue tax-exempt bonds to fund the Project costs, plus the cost to construct off-site improvements on contiguous University land, which off-site improvements include roads, sidewalks, surface parking and (in a shared location) a green open space situated on top of underground stormwater management infrastructure. MEDCO will own the graduate student housing for the term of the financing. The University will maintain the off-site improvements for the benefit of the Project pursuant to a related easement agreement.

At UMCP’s direction, MEDCO will enter into a development agreement with a selected developer, engaged to enter into contracts for the project design, development and construction, and into a property management agreement with a to-be-named property manager. At the end of the term of the Ground Lease, ownership of the graduate student housing will transfer to UMCP.

Ground Landlord: State of Maryland for the use of the University System of Maryland on behalf of its constituent institution, the University of Maryland College Park.

Ground Tenant: MEDCO

Ground Lease Term: The final payoff of the bond debt, which will be the earlier of forty (40) years, i.e., the terms of the bonds, or 45 years (a “tail” period of 5 years beyond the term of the financing).

7-RP. UNIVERSITY OF MARYLAND, COLLEGE PARK (cont'd)
Ground Lease for New Graduate Student Housing

Ground Rent: MEDCO will pay ground rent to UMCP in an amount equal to the net annual surplus generated from operations after paying debt service and operating expenses, and funding reserves.

Requesting Institution Remarks: UMCP seeks to enter into a ground lease with MEDCO. MEDCO will contract with underwriter RBC Capital Markets, LLC for the negotiated sale of the bonds, the proceeds of which will be used to fund the design and construction of the Project and the related infrastructure improvements. The Project is to be located in UMCP’s Discovery District (east of Baltimore Avenue and just south of Campus Drive) and is consistent with UMCP’s master plan. The projected rents per bed to students initially will range from \$975 to \$1,425 per month depending on room configuration.

Developer: In November 2021, UMCP and Terrapin Development Company (TDC) issued a joint Request for Expression of Interest seeking to identify qualified developers to create a master plan and redevelop the “Leonardtwn Area,” a 10.75-acre site in UMCP’s Discovery District. Phase 1 of this redevelopment—the graduate student housing project for which approval is now sought—will be built entirely upon UMCP property.

Ten development teams submitted proposals to develop the Leonardtown Area. In April 2022, UMCP selected a joint venture team led by Mosaic Development Partners JV LLC and Campus Development Partners, LLC as the most qualified development team. The development costs are not expected to exceed \$176 million (including construction costs, development costs, soft costs, and financing costs). Developer will provide 100% performance and payment bonds for the construction of the facility, consistent with the terms of the ground lease.

Financing: The project will be 100% funded through tax-exempt bonds issued by MEDCO. The bonds will not constitute a debt, liability or a pledge of the full faith and credit of the State, the University System of Maryland, UMCP or any governmental unit. The term of the bond financing is 40 years; however, the ground lease term may be for 45 years. This represents a “tail” period to make the financing possible because it provides bondholders additional assurance of continued collateral to secure repayment.

Board of Regents Approval: The University System of Maryland Board of Regents approved this Ground Lease on June 16, 2023.

Contract ID: UMGC RFP # 91976

Recommendation: That the Board of Public works approve a modification to an existing contract with BVK, Inc. for branding and marketing services to include the addition of paid advertising, additional creative services and web hosting services.

Contract Description: Marketing, advertising, digital design/development and creative services to develop the USM brand and create a plan to enhance the System’s profile and reputation through owned, earned, and paid media.

Award: Birdsall, Voss & Associates, Inc, (dba BVK), Milwaukee, WI

Contract Term: 9/30/2022 - 10/1/2026

Original Contract Amount: \$325,000 (Awarded by UMGC on 9/30/2022 within Authority)

Modification Amount: \$870,000 (\$500,000: Media Purchases; \$370,000 for media management, creative development, brand health study and web hosting services).

Revised Contract Amount: \$1,195,000

Procurement Method: Competitive Sealed Proposals

Funding: Current, Unrestricted Funds

MBE Participation Goal: None (See Requesting Institution Remarks)

Performance Security: Not applicable

**8-S-MOD. UNIVERSITY OF MARYLAND GLOBAL CAMPUS for
UNIVERSITY SYSTEM OF MARYLAND (cont'd)
*Service Contract***

Requesting Institution Remarks: The University of Maryland Global Campus (UMGC) conducted a procurement on behalf of the University System of Maryland (USM) for marketing and branding services in the summer of 2022. The solicitation was advertised on eMaryland Marketplace Advantage, and on the University’s Procurement website. As a result, 12 proposals were solicited. Of the 12 proposals, 4 firms were shortlisted and invited to submit pricing. The award was made to BVK as it was determined to be the best value for the USM considering technical qualifications and pricing. BVK was awarded the contract due to their extensive experience with higher education institutions as well as their strong demonstration of creative abilities. The award was made within the University’s delegated authority; however, the University is now seeking the approval of the Board of Public Works to modify this contract to include media purchases along with additional creative services, media management a brand health study and web hosting services. BVK will complete all of the media purchases on behalf of the USM. Through their rebranding efforts for the USM, BVK, Inc. has developed a media plan within the USM’s current budget that will reach the target audiences. There were no subcontracting opportunities identified and therefore there is no MBE goal on this contract.

**9-GM. UNIVERSITY OF MARYLAND, COLLEGE PARK
*NextGen Energy Public-Private Partnership Program***

Contract ID: NextGen Energy Program, RFP No. 98166-K

Procurement Method: Public-Private Partnership/Competitive Sealed Proposals

Previous Approval: 4/22/2020 (USM Item 3-GM)

Recommendation: That the Board of Public Works:

- (1) Approve the proposed Energy Services Concession Agreement (Concession Agreement) between the University of Maryland, College Park (UMD) and Maryland Energy Impact Partners LLC; and,
- (2) Approve the Ground Lease and Equipment Lease by which the State will lease certain campus energy facilities and the campus energy generation and distribution systems to Maryland Energy Impact Partners LLC for a term of up to 33 years.

Award: Maryland Energy Impact Partners LLC (MEIP), Columbia, Maryland
(Single Proposal Received – See *Requesting Institution Remarks*)

Funding: UMD Operating Budget - Unrestricted Operating Fund Balance (Fuels and Utilities Appropriation and Auxiliary and Building Association Revenue). See *UMD Budgetary Impact* discussion below

MBE Participation:

- (a) 15% of initial capital program (\$37 million)
- (b) 30% of annual fixed Operations and Maintenance fee over 33-year term (\$183 million)
- (c) 30% of future capital improvements (50% of any future Thermal Distribution System capital improvements)

Sustainability Summary:

- (a) Central Energy Plant (CEP) improvements for reduction of 23% in annual carbon emissions (29,508 metric tons); installation of new renewable fuel-capable equipment to realize future additional reductions when commercially available
- (b) Condensate Return System repairs to cut CEP annual water usage by 50% (38 million gallons)
- (c) Full electrification of District Thermal Plant serving research-intensive portion of campus; installation of high-efficiency electric chillers

9-GM. **UNIVERSITY OF MARYLAND, COLLEGE PARK** *(cont'd)*
NextGen Energy Public-Private Partnership Program

- (d) Operation and maintenance standards backed by liquidated damages for non-attainment to ensure long-term efficiency
- (e) Completion of building-by-building survey to identify projects that realize the greatest carbon reductions, including development of hot water districts and innovative technologies
- (f) Initiation of renewable natural gas pilot purchasing program
- (g) Dynamic structure that permits University to adapt to new technologies and approaches to generating and delivering energy

Authority: State Finance and Procurement Article, §10A-203(c), Annotated Code of Maryland (P3 Statute).

Requesting Institution Remarks: On April 22, 2020, the Board designated the NextGen Energy Public-Private Partnership Program (NextGen Program or NextGen) as suitable for a public private partnership (P3) procurement and approved UMD's proposed procurement process (USM Item-3-GM). UMD released a Request for Qualifications on April 27, 2020. Thirteen teams responded. UMD shortlisted five teams to which it sent the Request for Proposals (RFP) in November 2021.

Two teams submitted initial proposals in May 2022. While MEIP's proposal was stronger technically and financially and creatively advanced UMD's sustainability initiatives, UMD determined that its interests were best served by maintaining competitive tension while negotiating with the finalists to develop a single, detailed capital program along with a fully-articulated standard form contract to define with precision the NextGen's allocation of risk, compensation structure, project schedule, Key Performance Indicators (KPIs), liquidated damages if those KPIs are not achieved, and all other provisions that impact pricing and the provision of highly reliable energy services.

Upon completion of these negotiations, in December 2022, UMD called for each of the finalists to submit a Best and Final Offer (BAFO) based upon the standard scope and contract terms. Once again, MEIP submitted a strong, well-developed proposal. Two weeks before the BAFO deadline, the other finalist notified UMD that it would not be submitting a BAFO.

As required by the RFP, UMD performed an enhanced and detailed open book analysis (including cost estimates from two independent design/build firms with substantial experience in estimating energy project costs), to test the reasonableness of MEIP's pricing compared to the cost of similar higher education/energy infrastructure renewal projects and the prevailing market conditions. UMD concluded that MEIP's BAFO responded to the RFP's requirements and its pricing was fair and reasonable. UMD's evaluation of MEIP's BAFO determined that each member of its consortium has the financial capacity to perform in accordance with negotiated contract terms.

9-GM. **UNIVERSITY OF MARYLAND, COLLEGE PARK** *(cont'd)*
NextGen Energy Public-Private Partnership Program

Board of Regents Approval: On February 16, 2024, the University System of Maryland's Board of Regents authorized the implementation of the NextGen Program by (1) entering into the Ground Lease; and (2) authorizing UMD to enter into the Concession Agreement and associated agreements.

Legislative Notice: UMD submitted the Concession Agreement to the General Assembly's budget committees on April 12, 2024, for review in accordance with the P3 Statute's Section 10A-203(a)(1).

Other Notices and Reviews: On April 12, 2024, UMD submitted the Concession Agreement to the Comptroller, the State Treasurer, and the Department of Legislative Services and posted the Concession Agreement online.

MEIP's Project Team. MEIP's team is comprised of:

- Plenary Americas US Holdings Inc. - Lead Member and Co-Equity Partner;
- Kiewit Development Company/Kiewit Power Constructors Co. - Co-Equity Partner and Lead Design-Builder;
- Honeywell International, Inc. - Lead Operator; and,
- Ramboll Americas - Engineering Solutions, Inc. Specialized Design Services.

NextGen Program Description. The NextGen Program continues UMD's reliance on the P3 business model for central energy services that began with its Energy and Utility Infrastructure Program in 1999 (1999 Program). NextGen ensures that UMD receives reliable, efficient, affordable, and sustainable energy services over the Concession Agreement's 33-year term through (1) capital improvements to address immediate energy facility reliability needs; (2) comprehensive strategy development for achieving carbon-free energy systems in 2035; (3) verifiable and enforceable performance metrics backed by liquidated damages to require high quality, efficient, and sustainable system operations; and (4) academic collaboration initiatives that utilize scholarships, internships, research support, and education events to advance UMD's work of attracting talent to campus, addressing global energy issues, and producing leaders of tomorrow with an entrepreneur's practical sensitivity to issues of energy production, consumption, and sustainability in the 21st Century.

Capital Improvements. Campus heating and cooling production equipment and the associated distribution systems are inefficient and well past their useful lives, threatening major energy service outages that could significantly disrupt campus operations. The NextGen Program's capital improvements ensure the reliability of these critical facilities and increase their efficiency and sustainability (23% reduction in annual carbon emissions (29,508 metric tons); 38 million gallons of annual water savings (50% of total plant requirements), while preserving UMD's flexibility to realize greater decreases in carbon emissions and deploy innovative energy technologies.

9-GM. **UNIVERSITY OF MARYLAND, COLLEGE PARK** *(cont'd)*
NextGen Energy Public-Private Partnership Program

- *CEP Renewal* will reduce cogeneration capacity by 40% and install high-efficiency electric generation and steam production units that are capable of co-firing hydrogen (when commercially available) with natural gas or RNG to reduce carbon emissions. UMD qualifies for a direct payment from the federal government of \$69 million to \$79 million under the Inflation Reduction Act of 2022's reimbursement of construction costs for new, high efficiency cogeneration facilities (see *Program Financing* section below for additional details).
- *North Campus Cooling Service Electrification* will install new high-efficiency electric chillers, increase chilled water system capacity, and retire inefficient steam-driven chillers.
- *Steam Distribution System/Condensate Return Repair* will replace the main steam line under Baltimore Avenue that supplies North Campus and install new equipment to collect and return condensate to the CEP.

Decarbonization Strategy. During the NextGen Program's first 18 months, MEIP will assess campus energy use on a building-by-building basis and identify specific projects and funding sources that will inform UMD's decisions for further carbon reductions. The strategy will evaluate low-temperature hot water districts, geothermal or air source heat pumps or electric boilers for hot water production, building and facility renovations to increase energy efficiency, and other sustainable generating and micro-carbon sequestration technologies to accelerate energy system decarbonization.

In addition, in FY 2025, UMD will implement an RNG pilot program for purchasing approximately 5% of the CEP's annual fuel requirements. UMD anticipates that market experience gained through this program will lead to procuring greater volumes.

Energy Systems Operation and Maintenance. MEIP will (a) manage, operate, and maintain the campus energy systems in accordance with high availability, efficiency, and sustainability KPIs over the full term and will pay UMD liquidated damages for compliance failures; and (b) prepare rolling five-year performance improvement plans to provide UMD budget predictability for equipment replacements and repairs of portions of the energy systems that are not replaced during the initial capital improvement program.

9-GM. **UNIVERSITY OF MARYLAND, COLLEGE PARK** *(cont'd)*
NextGen Energy Public-Private Partnership Program

Academic Collaboration. The NextGen Program includes comprehensive academic collaboration and experiential learning initiatives to support instruction and research, train future energy and environmental professionals, and educate all students on how to incorporate sustainability into their life and work. MEIP will fund \$50,000 biennial faculty sustainability-focused research grants and will make real-world Energy System data available to students and faculty for modeling prospective sustainability projects. It will also sponsor ten \$5,000 annual scholarships during NextGen's first contract years and five scholarships for the subsequent thirty contract years equal to 50% of in-state tuition. MEIP will support ten paid internships annually with MEIP-affiliated companies during the first two contract years and five paid internships annually for the remainder of the program's term, will provide industry-leading training programs to prepare students for their careers, and will recruit students for positions in engineering, human resources, safety, quality, and business management. Academic collaboration could extend to local public schools through extra-curricular enrichment programs.

Legal Structure. The NextGen Program utilizes the Design, Build, Finance, Operate and Maintain project delivery model. Implementing this structure will be the 33-year, performance-based Concession Agreement, the Ground and Equipment Lease (Ground Lease), the Easement Agreement, and other typical project financing agreements and certificates. All of the documents to which the University System or UMD are parties have been reviewed by the Office of the Attorney General for form and legal sufficiency.

MBE Participation: MEIP has committed to the following:

- 15% (approximately \$37 million) of the total cost of the initial capital program (excluding financing, insurance, and major energy equipment costs) and subgoals of 8% for MBEs classified as African American-Owned Businesses and 11% to those classified as Women-Owned Businesses.
- 30% (approximately \$183 million) of Concessionaire's annual fixed operations and management fee throughout the NextGen Program's term (excluding insurance, equipment, supplies, or fees and services unavailable for purchase from an MBE) and subgoals of 8% to MBEs classified as African American Owned-Businesses and 11% to those classified as Women-Owned Businesses.
- 50% of the total cost of any future design and construction work required for Thermal Distribution System capital improvements.
- 30% of the total cost of any future additional capital improvements (other than Thermal Distribution System capital improvements).

9-GM. **UNIVERSITY OF MARYLAND, COLLEGE PARK** *(cont'd)*
NextGen Energy Public-Private Partnership Program

State Economic Benefits. NextGen will generate a significant revenue stream for the State and Prince George's County. Construction of the initial capital improvements is estimated to create 120 annual full-time trade employment opportunities at prevailing wages that will generate up to \$10 million in tax revenue and recycle over \$70 million through in-State businesses (over half of which will flow to Prince George's County businesses).

Program Financing. MEIP will finance approximately 85% of all costs associated with the above-noted capital improvements and decarbonization strategy development using *taxable municipal bonds* issued by the Maryland Economic Development Corporation (MEDCO) (non-recourse to UMD and the University System) in an aggregate principal amount sufficient to generate proceeds of approximately \$345.7 million. MEIP will finance the remaining 15% of such costs with equity contribution by its equity partners of approximately \$59 million that will remain at risk throughout the Concession Agreement's term. MEIP's weighted cost of capital for this financing structure will be approximately 6.81%, which will be set at financial closing and can be reduced through defeasement of the Program Debt as noted below.

UMD will pay MEIP a monthly Availability Payment beginning at the actual substantial completion date for the capital improvements described above (approximately 3 years after construction commences).

The Concession Agreement grants UMD and the University System two options for reducing the Availability Payment:

- ***Defeasement.*** The University System could defease a portion of the MEDCO-issued bonds during the NextGen Program's first 10 years by utilizing some or all of the proceeds from the federal government's reimbursement of construction costs. Under the Inflation Reduction Act of 2022, tax-exempt higher education institutions, for the first time, can qualify for direct payments (tax credit for private sector entities) that will reimburse up to 50% of the eligible costs of a highly energy-efficient cogeneration facility, such as that proposed by MEIP. UMD's tax advisors have estimated that this payment's proceeds could reimburse from \$69 million to \$79 million of the CEP's capital improvements eligible for the credit. The Concession Agreement requires the establishment of specific ongoing recordkeeping, reporting, and monitoring requirements with which MEIP must comply so that UMD is able to maximize the amount of the payment.
- ***10-Year Par Call.*** UMD has the option at the end of the first 10 years of the NextGen Program's term to require MEIP to refinance the Program Debt if the interest rate environment is attractive.

Board of Public Works
University System of Maryland
Supplement
May 15, 2024

9-GM. **UNIVERSITY OF MARYLAND, COLLEGE PARK** *(cont'd)*
NextGen Energy Public-Private Partnership Program

UMD Budgetary Impact. The current level of UMD’s annual utilities budget (as increased over time for projected long-term inflation of 2.5% per annum) will fund the NextGen Program’s Availability Payments (the cost of the proposed capital improvements) and Energy Services Charge (the cost of managing, operating, and maintaining the energy systems).

1-GM-MOD. MARYLAND AVIATION ADMINISTRATION (cont'd)

Requesting Agency Remarks: MAA leases space facilities to the GSA for the use by the DEA. This is a federal government contract. The original contract was approved by the BPW as Item 26-GM on April 16, 2014. Any changes to this Federal government contract, including those at the option of GSA, are documented within a Supplement. Lease Amendment No. 1 reflected a change in space due to a forced relocation for the Airport's substation replacement project.

Lease Amendment No. 2 approved by the Board of Public Works (BPW) as Item 4-GM-MOD on October 31, 2018, incorporated a five-year extension through July 31, 2024. Lease Amendment No. 3 exercised the BPW approved additional five-year extension.

As mutually agreed, this Modification will include required Federal Acquisition Regulation contract clauses and incorporate an additional five years to extend the term through July 31, 2029. The contract may terminate in whole or in part with or without cause upon thirty days prior written notice to the other party. The rental rate for the additional five-year term is based on the published standard rates and fees at BWI Thurgood Marshall for the initial year, increased by three percent for each subsequent year of the lease term.

This type of revenue-producing contract at a transportation facility is outside the scope of the State Procurement Law (State Finance and Procurement Article §11-202(3); COMAR 21.01.03.03.B(1)(d). However, the contract and any modifications must be approved by the BPW because the contract constitutes a lease and use of State Property under State Finance and Procurement Article, §10-305.

3-IT-MOD. MARYLAND PORT ADMINISTRATION (cont'd)

Original Procurement Method: Competitive Sealed Proposals

MBE/VSBE Participation: 0% / 0%

MBE/VSBE Compliance: 0% / 0%

Requesting Agency Remarks: In May 2023, MPA's Office of Information Security and Technology (OIT) planned to advertise an IT Staff Augmentation contract for 15 resources which would have included the two resources under Contract No. 218035-IT. However, in late June 2023, OIT decided that MPA should not add the two resources to the IT Staff Augmentation contract but instead should move forward with the advertisement of a new procurement to secure the resources then provided under 218035-IT. PRG approval was received in June 2023, and fund certification was received in July 2023. RFP No. 224010-IT for IT Database Management Support Services was advertised on August 23, 2023, with proposals due on September 22, 2023.

After an offeror protested the rejection of its proposal on November 13, 2023, the procurement of 224010-IT was delayed necessitating an extension of Contract 218035-IT. On December 5, 2023, the Maryland Port Commission approved a six-month extension of Contract 218035-IT, and on December 23, 2023, the Board of Public Works approved the six-month extension, to allow time for the replacement contract (224010-IT) to be awarded. Contract 218035-IT now expires June 30, 2024.

The issues raised in the protest of 224010-IT and elsewhere by the protestor affected multiple contracts supporting OIT and OIT's internal operations and planning, necessitating a lengthy review involving Procurement and OIT staff and the Office of the Attorney General. On February 13, 2024, the Procurement Officer denied the protest under RFP No. 224010-IT. While the protest was pending, the procurement of 224010-IT could not be completed and further progress on the procurement was delayed.

The protestor did not appeal the February 13, 2024, Procurement Officer decision to the Maryland State Board of Contract Appeals, removing the impediment to moving forward with the procurement of 224010-IT. However, insufficient time remains to complete the evaluation of other proposals, selection of a contractor, and approval by the Maryland Port Commission and the Board of Public Works before the current contract, 218035-IT, expires on June 30. Therefore, MPA is seeking an additional six-month extension to allow time to complete the evaluation process and make an award under 224010-IT.

DEPARTMENT OF TRANSPORTATION
ACTION AGENDA
May 15, 2024

MDOT 7

3-IT-MOD. MARYLAND PORT ADMINISTRATION (cont'd)

Requesting Agency Remarks (cont'd):

MPA OIT requires the services of at least two qualified database management resources to support essential business functions under normal operating conditions. Contract No. 224010-IT, currently in the procurement process, was initiated to satisfy this need in the long-term, but the procurement will not be completed in time to hire the necessary resources before the current contracts expire on June 30, 2024. Losing experienced personnel with deep institutional knowledge, without having an opportunity for knowledge transfer, poses a very high risk of potential impacts to the essential business functions they support, including MPA Terminal Security Operations and MPA Financial Support systems. MPA OIT considers it imperative to extend contract 218035-IT to ensure the uninterrupted engagement of these resources pending completion of procurement 224010-IT. Therefore, this six-month extension is necessary to protect MPA and the State of Maryland until the new contract can take effect.

Meanwhile, MPA was informed that Client Network Services, LLC changed its name to Acentra Health, LLC, a limited liability corporation of the State of Delaware. In accordance with Board of Public Works Advisory No. 2002-2, the name change was documented with a contract modification, Modification No. 4.

The Maryland Port Commission approval of this modification is anticipated on May 7, 2024.

ACTION AGENDA
May 15, 2024

MDOT 9

4-S. MARYLAND PORT ADMINISTRATION (cont'd)

Living Wage Eligible: Yes

MBE/VSBE Participation: 0% / 0% (Single element of work)

MBE Waiver: N/A

Performance Security: \$11 million Performance Bond

Hiring Agreement Eligible: No

Incumbent: Same

Requesting Agency Remarks: This solicitation was published on eMaryland Marketplace Advantage, which notified 34 firms. MPA also directly solicited the Maryland Minority Contractors Association and the Md. Washington Minority Companies Association. Eight vendors attended the preproposal meeting. Maryland Works provided a waiver of its procurement preference on March 14, 2023. The Maryland Port Commission approved this award on May 7, 2024.

MPA received seven proposals. Two proposals were rejected as not reasonably susceptible of being selected for award, one for failure to submit a technical proposal containing the essential information required by the solicitation and the other for failure to submit a technical proposal at all. The remaining five proposals were evaluated. The recommended contractor submitted the offer most advantageous to MPA considering technical merit and price, based on superior experience and qualifications at providing guard services at facilities similar to those of MPA and based on the contractor's good record of providing these services to MPA since 2014. MPA has received a security rating of Excellent from the U.S. Coast Guard for 15 consecutive years, thanks in large part to the quality of services provided by the selected contractor.

The contractor will be reimbursed at two hourly rates, one for guards and one for supervisors. MPA evaluated prices using an average of 2,664 guard hours and 757 supervisor hours per week. Actual hours and guard posts will vary from week to week as security needs on the marine terminals change. The contractor will be compensated only for the actual number of guard and supervisor hours provided.

Per BPW Advisory 2001-1, the MPA Office of Fair Practices and Procurement Review Group approved of no MBE goal because the scope of work consists of a single element, the provision of people, and the contract prohibits the subcontracting of security guards to enhance terminal security by avoiding a command structure divided among two or more separate employers. The procurement was not designated a Small Business Reserve because a Small Business Reserve designation would have excluded from competition the companies most capable of maintaining the high level of security required of a major world port.

Living Wage Eligible: Yes

MBE/VSBE Participation: 0% / 0%

Performance Security: None

Hiring Agreement Eligible: No

Incumbent: Acclaim USA, Inc.; Clinton, MD

Requesting Agency Remarks: This solicitation was advertised on eMaryland Marketplace Advantage, which notified 1406 vendors including 226 Maryland certified Small Businesses. Six Maryland certified Small Businesses were also directly solicited. Maryland Works provided a waiver of its procurement preference on December 18, 2023.

MPA received 18 bids. One bid was withdrawn in accordance with COMAR 21.05.02.12C(2)(b) on the grounds that the bidder made a mistake in the bid which could not be corrected but which entitled the bidder to withdraw the bid. Two bids were rejected in accordance with COMAR 21.06.01.01B(2) on the grounds the bidders did not meet minimum responsibility requirements. No protests were received.

This contract provides janitorial services at the Cruise Terminal, including two accessory trailers and the passenger boarding bridge. In addition to cleaning on cruise days, the scope of work requires certain cleaning in between cruise days, quarterly wet mopping, stripping, and waxing of the floor, and more extensive semiannual cleaning.

DEPARTMENT OF TRANSPORTATION
ACTION AGENDA
May 15, 2024

MDOT 13

5-S. MARYLAND PORT ADMINISTRATION (cont'd)

Requesting Agency Remarks (cont'd):

The bid form required bidders to submit a fully-loaded, hourly rate for a porter for each year of the three-year term. The evaluated price equals the hourly rate for each porter times four porters per day, times 8 hours per day for each year of the three-year term. The contract's not-to-exceed value of \$325,000 for the initial three-year term is based on the available budget.

Per BPW Advisory 2001-1, the MPA Office of Fair Practices and Procurement Review Group approved of no MBE or VSBE goals because the scope of work consists of a single element of work with no significant subcontracting opportunities. The contractor is a Maryland certified Veteran Owned and Small Business.

The Maryland Port Commission approval of this contract is anticipated on May 7, 2024.

6-AE. MARYLAND TRANSIT ADMINISTRATION (cont'd)

Requesting Agency Remarks (cont'd):

Existing and anticipated projects requiring Structural Engineering Services include:

METRO

- Station Rehabilitation
- Station Stairs Repairs / Rehabilitation
- Structures Rehabilitation
- Aerial Structures
- Culvert Rehabilitation
- Tunnel Rehabilitation / Grouting
- Sound Barrier Systems
- Platform Rehabilitation
- Snow Melt System Projects

LIGHT RAIL

- Rehabilitation of Grade Crossings
- Rehabilitation of Bridges and Warning Signs Structures
- Replaced Bridge Structural Ties
- Intertrack Fence Installation Projects

FREIGHT RAIL

- Small Structures Inspection & Miscellaneous Projects

MARC

- Small Structures Inspection Projects

The MTA Procurement Review Group reviewed the contract scope of work to determine the potential for establishing a DBE participation goal, as well as a Small Business Enterprise designation. A 20% DBE participation goal has been established for these contracts; however, no VSBE goal has been established for these contracts due to the limited subcontracting opportunities.

These contracts include a provision authorizing an extension for a total period no longer than one-third of the base term to spend funds remaining on the contracts as provided in BPW Advisory 1995-1.

Requesting Agency Remarks: This solicitation was advertised on eMaryland Marketplace Advantage (eMMA) on January 9, 2024, notifying 304 potential contractors, 52 of which were MDOT-certified Minority Business Enterprises (MBEs). Three bids were received and opened on February 15, 2024. There were no protests filed for this contract.

DEPARTMENT OF TRANSPORTATION
ACTION AGENDA
May 15, 2024

MDOT 19

7-C. MARYLAND TRANSIT ADMINISTRATION (cont'd)

Requesting Agency Remarks (cont'd):

This contract is for repairs to Freight Rail Line culverts on the Eastern Shore that have misaligned. The work involves constructing concrete headwalls, grading, and installing gabion baskets and ballast. The work also includes the removal of a scale pit located in Massey, Maryland.

The Maryland Transit Administration has confirmed Eastern Highway Specialist, Inc.'s bid price. Considering the means and methods, and specialty requirements necessary to complete the work, the bid price is acceptable.

The MBE goal established for this contract is 24.4% and EHS has committed to exceeding that goal by one-tenth of a percent to achieve 24.41% participation.

8-E. MARYLAND TRANSIT ADMINISTRATION
Metro Equipment Contract

Contract ID: Secondary Warning System Equipment and Wayside Intrusion Detection Equipment; P5408176
EPICS No.: P5408176

Contract Description: Replace and upgrade Maryland Transit Administration (MTA) Metro Rail Secondary Warning System equipment and provide new Wayside Intrusion Detection equipment. This purchase order is for equipment only and does not include installation.

Award: Protran Technology / Harsco Rail, LLC.; Baltimore, MD

Contract Term: One-time purchase of equipment; with one-year warranty.
Anticipated delivery date: 4-6 weeks after NTP.

Amount: \$1,064,500.00

Procurement Method: Sole Source

MBE/VSBE Participation: 0% / 0%

Incumbent: N/A

Requesting Agency Remarks: This is a sole source procurement for replacement and upgrade of MTA Metro's existing Secondary Warning System equipment and for new Wayside Intrusion Detection equipment.

The existing Secondary Warning System equipment is no longer supported or manufactured and requires upgrade. The upgraded equipment will work in conjunction with new Wayside Intrusion Detection Equipment to protect both MTA personnel and MTA customers from death and injury by notifying operators when an object, animal, or person enters the track environment.

MTA has determined that the price offered is fair and reasonable based on the internal cost estimate for the equipment to be provided, and the additional use of replaced equipment that will be used for the MTA Light Rail system at no additional cost. This technology meets MTA and Federal Transit Administration requirements, and MTA has done market research and determined that no other vendors are developing solutions that meet FTA requirements. Upgrading the existing warning system will lessen the cost, time, and resources versus completely replacing the infrastructure.

DBE / VSBE Participation: 100% / 0%

Incumbents: AECOM Technical Services, Inc.; STV, Inc.; McCormick Taylor, Inc.; Johnson, Mirmiran, & Thompson, Inc.; Century Engineering, Inc./Greenman-Pedersen, Inc. (JV); Wallace, Montgomery, & Associates, LLP, Brudis & Associates, Inc.

Requesting Agency Remarks: On December 06, 2022, the solicitation was advertised in The Daily Record, SHA's web page, and eMaryland Marketplace Advantage (eMMA). The advertisement was for one contract not to exceed \$3 million for survey and engineering services for SHA. A total of 798 firms were notified via eMMA and an additional 582 DBE firms were directly solicited. SHA received ten expressions of interest and invited seven firms to submit technical proposals. SHA used qualifications-based selection and found one consultant eligible for contract award. No protests were filed.

The purpose of this contract is to perform survey and engineering services in support of highway design projects that improve safety, operations, and maintain the integrity of highway infrastructure. Design work may include concept studies, construction plans, IFBs, and estimates. Detailed design services required include highway geometrics, drainage, stormwater management, utility coordination and/or designations, topographic surveys, right-of-way plats, landscape, environmental, traffic control devices, construction phasing, maintenance of traffic, sidewalks/shared use paths, structures, erosion/sediment control, traffic barrier, geotechnical analysis/design, and access management project reviews.

Although a 20% DBE participation goal was established for this contract, the DBE has committed to 100% participation.

DBE / VSBE Participation: 19% / 0%

Incumbents: AB Consultants, Inc./CST Engineering, Inc.(JV); Brudis & Associates, Inc.; SuYash Consulting, LLC / iDesign Engineering, Inc. (JV)

Requesting Agency Remarks: On December 06, 2022, the solicitation was advertised in The Daily Record, SHA’s web page, and eMaryland Marketplace Advantage (eMMA). The advertisement was for three contracts for \$4 million each not to exceed \$12 million for survey and engineering services for SHA. A total of 799 firms were notified via eMMA and an additional 468 DBE firms were directly solicited. SHA received 21 expressions of interest and developed a Reduced Candidate List per COMAR 21.12.02.04. From the Reduced Candidate List, SHA invited eight firms to submit technical proposals. SHA used qualifications-based selection and found three consultants eligible for contract award. No protests were filed.

The purpose of this contract is to provide surveying and engineering services in support of highway design projects that improve safety, operations, and maintain the integrity of highway infrastructure. Design activities may include development of concept studies, construction plans, IFBs, and estimates. Detailed design services required include: performing topographical survey, preliminary and final design engineering and reviews, hydraulic reviews and environmental permitting requirements, stormwater management designs, utility coordination/utility designation ,designations, reviews, and site inspections, preparing construction cost estimates, metes and bounds and right-of-way plats, and providing on-site supplemental engineering staff in support of District 6 System Preservation Program development, utility coordination, permitting and inspection, and Access Management engineering reviews, , and construction inspections.

A 19% DBE participation goal was established for each contract within this award series.

11-M. STATE HIGHWAY ADMINISTRATION (cont'd)

Requesting Agency Remarks (cont'd):

The apparent low bidder was deemed non-responsive at the time of bid for failure to provide any certified MBE subcontractors to fulfill the 3% MBE goal established for this contract.

This project supports State Highway Administration's brush and tree program to promote safety for the traveling public by controlling undesirable brush and noxious weeds; and maintaining adequate sight distances and the free flow of water.

The incumbent did not bid because they are no longer interested in bidding brush and tree cutting contracts in Carroll County.

The State Highway Administration has confirmed PLWMS DBA Patriot Natural Resources bid price and the work conducted on this contract will be performed 100% by a State-Certified Small Business.

Per BPW Advisory 2001-1, the SHA Procurement Review Group reviewed the contract scope of work to determine the potential for establishing MBE and VSBE participation goal, Small Business Preference, as well as a Small Business Reserve designation. A 3% MBE goal was set for this project based on the availability of firms certified with the NAICS codes to perform the work. No VSBE participation goal was set due to a lack of certified firms to perform these services.

Requesting Agency Remarks: This solicitation was advertised on eMaryland Marketplace Advantage (eMMA) on October 10, 2023, notifying 1,381 potential contractors, 275 of which were MDOT-certified Minority Business Enterprises (MBEs). Maryland works granted a waiver for these services on August 14, 2023. Two bids were received and opened on November 9, 2023. There were no protests filed for this contract.

Six contractors were directly solicited, however only two contractors submitted bids. The State Highway Administration contacted two of the potential vendors via phone and email to find out why they did not place a bid. Responses received include: the vendor felt that they would not place a competitive bid and another vendor forgot to submit a bid.

15-S. SERVICES CONTRACT (cont'd)

Requesting Agency Remarks: A notice of availability of an Invitation for Bids (IFB) was posted on eMaryland Marketplace Advantage on August 2, 2023 and 84 potential vendors were notified of the solicitation. Two bids were received and opened on September 20, 2023. One bid was rejected because the financial bid forms were incomplete. CRC Salomon, Inc. has been found responsible and its bid responsive. The bid pricing has been confirmed.

The price was determined to be fair and reasonable compared to the project estimate. The bid was approximately 21% lower than the cost estimate.

This contract includes a provision authorizing an extension for a total period no longer than one third of the base term to spend funds remaining on the contracts as provided in Board Advisory 1995-1.

MBE and VSBE participation was not established for this contract because there are no subcontracting opportunities available.

**16-S. SERVICES CONTRACT
*Office of the Secretary of State, Maryland Charity Campaign***

Contract ID: Maryland Charity Campaign ; 24-013
ADPICS No.: DEXR3600001

Contract Description: Technical assistance for the Maryland Charity Campaign (MCC) for State employees and retirees. The MCC is an annual workplace giving campaign that allows State employees and retirees the opportunity to easily support 900 participating charitable organizations through payroll deduction and online mechanisms.

Award: America's Charities; Chantilly, VA

Contract Term: 05/16/2024 - 04/01/2029

Amount: \$1,870,000

Procurement Method: Competitive Sealed Proposals (*Single Proposal Received*)

Proposals:

<i>Offerors</i>	<i>Technical Rankings</i>	<i>Financial Offers (Rankings)</i>	<i>Overall Rankings</i>
America's Charities; Chantilly, VA	1	\$1,870,000 (1)	1

**Technical and financial proposals were weighted equally.*

MBE/VSBE Participation: 0% / 0%

Performance Security: No

Incumbent: Same

Requesting Agency Remarks: A notice of the availability of the Request for Proposals (RFP) was advertised on the eMaryland Marketplace on December 26, 2023. One proposal was received and opened on January 16, 2024 in response to the Request for Proposals, and it was determined to be reasonably susceptible of being selected for award. America's Charities was determined to be most advantageous to the State.

**DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
May 15, 2024**

16-S. SERVICES CONTRACT (cont'd)

Agency Remarks (cont'd):

The Secretary of State is authorized to conduct the Maryland Charity Campaign (MCC) and select an operating agency pursuant to Executive Order 01.01.1996.07. Employees eligible to participate include Regular, Contractual, and University employees. New retirees and retirees who participated in the previous campaigns also receive campaign marketing materials and are eligible to participate. There are approximately 87,000 employees and approximately 700 retirees who are eligible.

The recommended awardee will serve as the operating agency to provide technical and operational management in the administration of the MCC; promote the MCC among the State's active and retired workforce and execute MCC events; train Loaned Executives and Coordinators throughout the state and provide tools needed for a successful campaign; and ensure the proper distribution of charitable contributions to participating charities in accordance with the provisions set forth in the contract.

The price is considered to be fair and reasonable when comparing it to the prior contract. The total estimated proposal price is 11.5% less in comparison to the prior contract. No State funds are used in the entirety of the execution of the contract. The vendor is compensated by a percentage from donor contributions less expenses. These are estimates only and are based on the amount of donor contributions that vary every year.

The MCC previously had 8% MBE participation, which was met utilizing an MBE subcontractor for in-person events, such as in-person trainings, MCC kickoff sessions in Baltimore and Annapolis, and in-person awards ceremonies. Since the pandemic, the campaign has moved virtual and is strictly online with no in person functions for which an MBE could be utilized.

**17-S. SERVICES CONTRACT
*Maryland State Lottery & Gaming Control Agency,
Creative Product Services Division***

Contract ID: Baltimore Ravens Licensing Contract; #2024-04
ADPICS No.: E75B4600008

Contract Description: License to use Baltimore Ravens NFL football team marks and logos and purchase exclusive prizes. These marks and logos will be used for instant lottery games. The contract also includes the purchase of Ravens ticket packages and experiential prizes to be utilized as part of the instant ticket promotion.

Award: Baltimore Ravens Limited Partnership, Owings Mills, MD

Contract Term: 06/01/2024 - 12/31/2026

Amount: \$358,250

Procurement Method: Sole Source

Living Wage Eligible: Yes

MBE/VSBE Participation: 0% / 0%

Performance Security: No

Incumbent: Same

Requesting Agency Remarks: The recommended contractor is the owner and exclusive licensor of the marks and logos of the Baltimore Ravens NFL football team and may only be used with permission and in accordance with all applicable NFL rules.

The contract includes the cost of the prizes to be awarded to winners of approximately six different second chance drawings associated with these instant ticket games. These prizes include Ravens season tickets for 21 years, Ravens 2024 and 2025 season tickets, pre-game access to the sidelines, opportunities to participate in an on-field activity during 2024 home games and a trip with the team to attend a 2024 Baltimore Ravens regular season NFL away game.

**DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
May 15, 2024**

17-S. SERVICES CONTRACT (cont'd)

Agency Remarks (cont'd):

The MLGCA anticipates producing one scratch-off ticket game using the Ravens' NFL marks and logos that will have a quantity of 3,120,000 tickets, a \$2.00 price point and a total retail face value of \$6,240,000 and a second game that will have a quantity of 3,120,000, a \$10.00 price point and a total retail face value of \$31,200,000. These games need to be submitted for production by early-June 2024 in order to have the tickets produced and available for distribution mid-summer 2024. This contract also allows the MLGCA to produce a terminal based instant ticket game known as Fast Play with the Raven's marks and logos.

The 2024 NFL season will be the fifteenth consecutive year that the MLGCA has produced instant ticket games using the Ravens' logos and marks. In many of these previous years, the Ravens instant ticket games have been among the more popular and highest performing at their price point category. The second chance prizes are also quite popular, as unique player entries into these contests are some of the highest seen. Although last year was somewhat of an anomaly because of the pandemic, the Ravens instant ticket games still performed very well.

By law instant game players have 182 days to claim winning tickets after a game is closed-out and the MLGCA has to allow for that period to elapse before the contract expires.

MLGCA reviewed the overall prices and terms of other similar promotions that it has done which involved the licensing of proprietary properties and tickets or other exclusive prizes (e.g., Ravens, Powerball Power Cruise, Willie Wonka, Monopoly, Price is Right, MGM, Royal Caribbean). The amount of this license contract compares favorably with those similar projects and was determined to be fair and reasonable.

No MBE or VSBE participation goal was established for this sole source contract because it is a license agreement with no available subcontracting opportunities.

Incumbent: Comprehensive Developmental Services LLC; Towson, MD

Requesting Agency Remarks: A notice of the availability of the Request for Proposals (RFP) was advertised on eMaryland Marketplace Advantage (eMMA) on August 15, 2023. A total of 28 potential contractors were solicited and four were directly solicited. One proposal was received, and it was determined to be reasonably susceptible of being selected for award. The recommended offeror Forensic Assessment Services LLC was determined to be most advantageous to the State.

**DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
May 15, 2024**

18-S. SERVICES CONTRACT (cont'd)

Agency Remarks (cont'd):

Forensic Assessment Services LLC went above and beyond in detailing the methodology and techniques that will be utilized for conducting the forensic evaluations. Such as providing testimony, completing peer review, providing consultations for eligibility reviews, providing cross training, and the administrative management. The Work Plan also included an internal quality component for the forensic evaluations and consultations.

The prior contractor declined to pursue the new contract. Forensic Assessment Services LLC is prepared to continue an uninterrupted flow of services. They secured letters of intent from each of the five current psychology subcontractors and each intends to continue providing forensic evaluations and related services under the new contract.

The pricing was determined to be fair and reasonable based on pricing history for these services. The prior contractor proposed \$5,476,903 for a five-year contract in 2018. The current pricing offered represents \$174,887 in cost savings for the state.

MBE and VSBE participation was not included due to the lack of certified subcontractors in this category of work.

Original Procurement Method: Competitive Sealed Proposals

Living Wage Eligible: Yes

MBE/VSBE Participation: 0% / 0%

MBE/VSBE Compliance: 0% / 0%

Performance Security: No

Hiring Agreement Eligible: Yes

Requesting Agency Remarks: DHS and MDH administer on-going Medicaid eligibility determinations for approximately 65,000 recipients of Medicaid benefits and make eligibility determinations for approximately 34,000 new applicants for those services each year. DHS and MDH estimate that they will request approximately one-third of the total case volume in asset verification reports each year in each Functional Area. Including spouses and other responsible parties, a total of approximately 55,000 requests will be made each year in each Functional Area.

To ensure that medical assistance programs serve the designated populations, DHS determines the eligibility of applicants and recipients based, in part, on the total assets available to the applicants and recipients for purposes of paying their medical expenses. Those assets include financial assets such as checking, savings, money market, retirement, and annuity accounts; as well as real property owned by the applicant, recipient, or any responsible party.

MBE and VSBE participation was not established for this contract because there are no subcontracting opportunities.

21-S-MOD. SERVICES MODIFICATION (cont'd)

Hiring Agreement Eligible: Yes

Requesting Agency Remarks: Dorchester County LDSS determined there were enough funds available through June 27, 2024 for the cost of the second youth, who was placed by Washington County.

Both youths continue to require developmental disability services from this provider. This provider can clinically address the specialized needs of the youth. The youth are currently stable and when clinically appropriate the youth will be stepped down to a less restrictive placement.

If the youth is discharged prior to the end of the contract term, there is no additional cost to the State as these are reimbursement contracts and providers are paid solely for the actual number of youths placed with them during each year, and then only for the actual number of days each child is actually placed with the provider.

Youth are monitored via monthly caseworker visits and case reviews to assess progress, readiness for discharge, and permanency goals. The provider's performance and compliance is also reviewed at the monthly Children's Check-In call, facilitated by the Department of Health's Office of Health Care Quality, which includes representatives from other state agencies. The youth's plan is reassessed by the LDSS monthly for placement into stepped down care.

No MBE or VSBE participation goals were established for this contract since the specialized core services (psychiatric services/evaluations, case management, therapy, recreational therapeutic programs, educational services etc.) are available within the facility and require specialized training, certification, and clearances.

Contract ID: IPLA Subscription and zSeries Software Support; *E00B4600031*
ADPICS No.: E00B4600031

Contract Description: IPLA subscription and zSeries licensing and software support. The Annapolis Data Center and its customer agencies utilize the software and support services to maintain critical applications, systems, and operational functions of the data center.

Award: IBM Corporation; Baltimore, MD

Contract Term: 07/01/2024 - 6/30/2026

Amount: \$6,283,738.19

Procurement Method: Sole Source (*Proprietary*)

MBE/VSBE Participation: 0% / 0%

Performance Security: No

Incumbent: Same

Requesting Agency Remarks: IBM Corporation is the developer of the software and retains the proprietary and copyright privileges. IBM Corporation is the only vendor that can provide the requested software maintenance and support services. This software is for maintenance and support services for IBM's mainframe products that run the Annapolis Data Center.

Pricing for this IBM IPLA Subscription and zSeries Software Support is not available on a GSA schedule for a meaningful comparison of prices to be made. The existing contract for this service is \$6,123,380.68 and the new contract cost is \$6,283,738.19. This is an increase of only \$160,357.51 or approximately 2.75%. The price has been determined to be fair and reasonable.

MBE and VSBE participation was not established for this contract because there are no subcontracting opportunities.

Requesting Agency Remarks: A notice of the availability of the Request for Proposals (RFP) was advertised on eMaryland Marketplace Advantage (eMMA) on July 25, 2023 with two awards per region in six regions. Approximately 358 potential contractors were solicited and 491 were directly solicited. Eight proposals were received on October 10, 2023, and seven were determined to be reasonably susceptible of being selected for award. One proposal was deemed not reasonably susceptible of being selected for award because the vendor did not submit the required MBE forms. The recommended offerors Bluestar Technologies, Inc., Skyline Technology Solutions LLC, and Layer One Technology Solution Corp. were determined to be most advantageous to the State. One letter of intent to award was rescinded due to failure to submit the required award documents. The contractor with the highest overall ranking in the region will be given the right of first refusal to provide the requested services. If they are unable to perform the requested services, the second highest ranked contractor will be asked to provide the requested service.

This procurement was designed to provide State agencies with contractors who offer an extensive variety of cable and wiring materials and services. Agencies will be able to obtain materials, equipment, maintenance, and installation services quickly and efficiently, and specific to their needs. This contract is also available to Maryland local, and county government jurisdictions and not-for-profit entities within the State of Maryland, as defined in the State Finance and Procurement 13-110(a)(5) - (7).

No VSBE participation was established due to a lack of certified subcontractors.

*Department of Transportation***

Contract ID: IBM Mainframe Software; *MDOTTS2409*
ADPICS No.: J01B4600023

Contract Description: Annual maintenance, support and license renewal for IBM mainframe operating system software currently installed on the IBM mainframe processor located at the Glen Burnie Data Center.

Award: IBM Corporation; Baltimore, MD

Contract Term: 07/01/2024 - 06/30/2025

Amount: \$2,239,993

Procurement Method: Sole Source (*Proprietary*)

MBE/VSBE Participation: 0% / 0%

Performance Security: No

Incumbent: Same

Requesting Agency Remarks: The software license agreement is critical to the ability to fulfill MDOT's responsibility as the central data processing center for all of MDOT, including the Maryland Transportation Authority.

IBM is the sole owner of the proprietary operating system and the sub-systems installed on the existing IBM mainframe processor. There is no other available source for the maintenance software.

The price is deemed to be fair and reasonable as the Software XCEL Enterprise Edition for zSystem cost did not change from the previous contract year. Additionally, the overall contract price only increased 6% over the FY24 contract price which is consistent with previous annual contracts.

MBE and VSBE participation was not established for this contract because there were no subcontracting opportunities.

26-IT-OPT. INFORMATION TECHNOLOGY OPTION (cont'd)

Performance Security: No

Requesting Agency Remarks: This renewal option will ensure that agencies across the state are able to continue using a time clock management system that provides hardware and services that integrate with the existing Statewide Personnel System (SPS) Workday timekeeping system. Not renewing this contract will cause some employee categories to revert to collecting time manually and requiring time to be entered into the SPS Workday by timekeepers. This results in delays processing payroll and increases the potential for errors.

MBE and VSBE participation was not established for this contract because there were no subcontracting opportunities.

Original Procurement Method: Competitive Sealed Proposals

MBE/VSBE Participation: 10% / 0%

MBE/VSBE Compliance: 18.283% / 0%

Performance Security: No

Requesting Agency Remarks: Call center services are established based on the individual needs of each agency. The contractor provides general program support and fulfillment services as they are related to the Call/Contact Center in various agencies. Election years present a high call volume to the State Board of Elections, and these services enhance customer service to citizens through a toll-free number and, in some cases, sending emails to a general email account. Services include distributing information packets to individuals who have contacted the Call Center. Citizens reach an answering point located in Maryland that is staffed between 8:00 AM and 8:00 PM Monday through Friday, except for the State holidays. In addition, citizens are provided some information 24 hours per day, seven days per week.

DGS is presently engaged in the new Request for Proposals (RFP) for Call/Contact Center Services. The extension will allow sufficient time for the completion of the new procurement, as proposal evaluations, clarifications, and comparison of vendor proposals have taken longer than anticipated. OSP plans to present a new award to BPW by the end of 2024.

29-IT-MOD. INFORMATION TECHNOLOGY MODIFICATION (cont'd)

MBE/VSBE Participation: 0% / 0%

MBE/VSBE Compliance: 0% / 0%

Requesting Agency Remarks: Last year, the Maryland Unemployment Insurance Division (UI) noticed a significant increase in the number of people registering fictitious employers. These identity verification services are still necessary to reduce the threat of fraudulent claims. Fictitious employers attempt to report wages on their accounts and then file claims against these wages for benefits payments. LexisNexis has a system that analyzes the data provided during the registration and identifies which of these accounts are at high risk of being a fictitious employer. They use this data to determine if the account should be reviewed further or canceled to prevent fraud from occurring.

It is imperative that the Maryland Department of Labor continues to protect against fraudulent claims. Additionally, all security features must be tested during the implementation phases, which cannot be completed until LOCCS has been implemented.

Delays have occurred in the solicitation and transition from the current phone system to the new system. The next vendor has agreed to meet the terms, and the new contract award is being finalized so it can be presented to the BPW for approval later this summer. The estimated timeframe for the new phone system to be fully implemented by mid-November 2024. Labor is planning to issue a new RFP for Identity Verification Services by December 2024.

MBE and VSBE participation was not established for this contract because there are no subcontracting opportunities.

MBE/VSBE Participation: 0% / 0%

MBE/VSBE Compliance: 0% / 0%

Requesting Agency Remarks: The project is in the final phase of completion and is expected to end in late November of 2025. There is a steep learning curve for the project, and introducing a new Radio System Contract Manager at this stage of the project would be extremely detrimental to the timely completion of the project.

The Radio System Contract Manager is necessary to continue with the Statewide Public Safety Wireless Communications System (SPSCS) Project, Coverage Improvement Program and the Ethernet Conversion projects. The resource brings a high level of SPSCS expertise to the projects. They have been involved in the SPSCS project since its inception and have developed an effective approach to managing, scheduling, and reporting the projects on the State's behalf.

MBE and VSBE participation was not established for this contract because there are no subcontracting opportunities available.

John Gontrum, Esq.
Secretary to the Board of Public Works
Louis L. Goldstein Treasury Building
Annapolis, MD 21404

SUBJECT: NOTICE OF CORRECTION - 05/15/2024 BOARD OF PUBLIC WORKS ACTION AGENDA

Dear Mr. Gontrum:

This is to advise you of the following ADPICS change to the Maryland Department of Public Safety and Correctional Services (DPSCS) action agenda item previously approved by the Board of Public Works on May 15, 2024.

BPW – May 15, 2024, DPSCS – Department of Public Safety and Correctional Services, 31-IT, 4.1(Q00B4600025)

Item 31-IT, 4.1 submitted and approved by the Board of Public Works on May 15, 2024, is an information technology hardware contract to purchase additional data storage for the Department's Pikesville location.

This was incorrectly submitted with the Blanket Purchase order identified above, instead of the correct Purchase order number Q00P4604137. The newly created Purchase Order will replace Blanket Purchase Order Q00B4600025 (which was approved on the BPW agenda noted above). DPSCS apologies for this clerical error.

Sincerely,

Amanda Hendrix

36-LT. TENANT LEASE (cont'd)

Proposals:

<i>Offerors</i>	<i>Technical Points/ Rankings</i>	<i>Net Effective Average Annual Rent</i>	<i>Total Financial Points/ Rankings</i>	<i>Overall Points/ Rankings</i>
1840 York Rd*	106.40 (1)	\$206,674.00	99.4 (2)	205.8 (2)
40 W Chesapeake Ave	67.80 (2)	\$133,055.00	145.0 (1)	212.8 (1)
810 Gleneagles Ct	66.80 (3)	\$203,074.00	95.5 (3)	162.3 (3)

*1840 York Rd was ultimately selected for the award based on the analysis provided within the Procurement Officers Determination.

**Technical factors were weighted greater than financial factors.*

Remarks: The Maryland State Department of Education Office of Child Care is relocating from 409 Washington Avenue to a larger leased location to accommodate agency growth. This new location provides an efficient, safe workplace for staff to operate and closer proximity to the agency's clients. There are no janitorial operating expense pass throughs. The construction of the space will be delivered turnkey. The lease will escalate 3% annually. Notification was made on February 13, 2024 to Baltimore County and the General Assembly regarding this new lease location in accordance with State Finance & Procurement Section 4-319 (2) (c). The Secretary of the Department of General Services recommends approval of a modified termination for convenience provision, with termination not permitted until the end of the year 5 of the lease term. This request was made by the landlord in light of their negotiations with their lender.

See COMAR 21.05.05.02A(1); DGS Space Mgmt Manual 6-605 E

Remarks: The Maryland State Department of Education, Division of Rehabilitation Services is relocating to 119 W. Naylor Mill Road to provide access to mobility impaired clientele and employees. This new location provides first floor access for both clientele and employees. There is a janitorial operating expense pass through over a base year. The construction of the space will be delivered turnkey. The rental rate will not increase throughout the term of the lease. Notification was made on April 9, 2024 to Wicomico County and the General Assembly regarding this new lease location in accordance with the State Finance & Procurement Section 4-319 (2) (c).

39-LT. TENANT LEASE (cont'd)

Remarks: The Maryland State Department of Human Services has occupied this space since 1987 as a Social Services Office. The space provides child support enforcement, social and adult care services. As part of this lease, the landlord will replace all heating and cooling units that are older than 15 years in compliance with the State’s requirements for energy efficient systems. The square foot rate negotiated will remain flat for the ten-year term. The Secretary of the Department of General Services recommends approval of a modified termination for convenience provision, with termination not permitted until the end of the year 5 of the lease term. This request was made by the landlord in light of their negotiations with their lender.

REVISED

44-LT-MOD. TENANT LEASE MODIFICATION (cont'd)

Remarks: The lease to relocate the Comptroller's administrative headquarters was approved by the Board of Public Works at the October 26, 2022 agenda meeting as Item #53-LT. The Comptroller's Taxpayer Services Division commenced partial occupancy of 6,872 square feet of space on January 1, 2024 with the rent abated per the original lease approval. The remaining portion of the leased space is scheduled for occupancy June 1, 2024 following inspection and approval by the Department of General Services (DGS). The Supplemental Lease Agreement will commence the original 10-year term for the entire demised premises on June 1, 2024 subject to DGS inspection and approval and restructure the base rent so that the remaining portion of the 6-month abatement is spread across the first year of the lease term, with the partial occupancy abatement accounted for. The first-year rental rate will be \$12.75 per square foot. It should be noted that the building was sold in December 2023 and the new owner is Baltimore Tower Properties, LLC.

Add: ADPICS No.: Q00B4600151

FMIS BPOs have a maximum value of \$999,999,999.99. Since the contract
award was for \$1,161,736,382, the first BPO in the agenda only holds
\$990,000,000 of the funds. This second BPO for \$171,736,382 is created to
accommodate the remaining funds.

Regards,

Amanda Hendrix
Executive Director of Procurement
Department of Public Safety and Correctional Services

DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
May 15, 2024

SUPPLEMENTAL

45-S. SERVICES CONTRACT (cont'd)

Requesting Agency Remarks: A notice of the availability of the Request for Proposals (RFP) was advertised on eMaryland Marketplace Advantage (eMMA) on November 14, 2023 notifying 1,212 vendors of the solicitation. The solicitation was also sent directly to 11 prospective vendors. Three proposals were received on January 19, 2024 and two were determined to be reasonably susceptible of being selected for award. Centurion of Maryland, LLC was determined to be most advantageous to the State as its proposal was both ranked highest technically and was lowest in price.

A protest was filed on April 23, 2024 alleging that the Department improperly determined the offeror to be not responsibly susceptible of being selected for award and should not have disqualified them from further evaluation. The protest was denied on May 3, 2024, based on the Procurement Officer properly determining they were not a responsible Offeror in accordance with COMAR 21.06.01.01.B.(2)(a). The vendor's financials indicate a company in distress and the Department is not confident they are capable of performing adequately on a contract of this scope and magnitude. The Department anticipates that this protest decision will be appealed to the Maryland State Board of Contract Appeals (MSBCA). In spite of this, the Department wishes to award this contract to Centurion of Maryland, LLC in the face of protest.

The recommended awardee, Centurion of Maryland, LLC (Centurion), provided the proposal with the superior technical ranking and best financial value to the State. With Centurion's corporate headquarters located in Northern Virginia, local office located in Lutherville and approximately 22% of its corporate staff residing in Maryland, the proposal forecasts that \$1,490,772,762 of the contract's value will be reinvested back into the Maryland economy. Additionally, Centurion's proposal indicates efforts to form recruitment partnerships within Maryland focusing on relationships with local universities to draw new talent into correctional healthcare.

The Department is requesting that the BPW approve the contract award notwithstanding the protest in order to protect substantial State interests. The substantial state interests include:

- The Department currently provides medical and mental health services through separate contracts, but there have been challenges with coordinating continuity of care for incarcerated individuals between two separate vendors. The Department intends to award new contracts based on the population served, pre-trial and sentenced, rather than the type of medical care provided, medical and mental health, for the entire population. This will allow for a cohesive system that ensures that the quality of care remains consistent and uninterrupted for the Incarcerated Individuals across all of the Department's facilities.
- A timely and orderly transition to the new contractor is essential to meet the contract start date and ensure uninterrupted mental and medical healthcare services for incarcerated individuals and the Maryland communities.

DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
May 15, 2024

SUPPLEMENTAL

45-S. SERVICES CONTRACT (cont'd)

Agency Remarks (cont'd):

- The Department has already modified the existing medical healthcare contract to extend its term, which has increased the monthly costs without improving the quality of service. Under the proposed new contract, the Department anticipates an increased level of performance and quality of service to the State. The Department cannot afford to delay the implementation of a medical and mental health care contract that will so significantly improve the lives of the incarcerated individuals under its charge.
- Several key economic benefits in the new contract include:
 - The MBE goal (31%) is 181.82% higher than the established contract goal on the current medical healthcare contract (11%) and 121.43% higher than the established contract goal on the current mental healthcare contract (14%). This equates to approximately \$531,194,892.10 that will go to certified MBE vendors.
 - The VSBE goal (2.193%) is 100% higher than both currently established medical healthcare and mental healthcare contract goals (1% on both contracts). This equates to approximately \$34,270,638.20 that will go to certified VSBE vendors.
- Centurion will make substantial enhancements to the Department's current healthcare infrastructure that will improve the Department's quality of care, service range and efficiency for our Incarcerated Individuals.
- Providing staffing with higher hourly rates will attract more qualified professionals, solve ongoing vacancies issues, and provide a better quality of care to Incarcerated Individuals. While also ensuring that the Department is able to hold the vendor accountable for its performance of the contract.

The Department is seeking approval of this contract award, notwithstanding the protest, based on the substantial State interests to obtain a more comprehensive and robust contract in order to provide the incarcerated individuals under the Department's care with better overall medical and mental healthcare services. The Department is confident that the protest will not be successful and will only result in the unnecessary delay of the much needed contract for medical and mental health care and utilization services.

Per COMAR 21.10.02.11.A(1), the BPW should find that execution of the contract without delay is necessary to protect substantial State interests, and authorize the recommended contract notwithstanding the protest.

REVISED

46-S. SERVICES CONTRACT (cont'd)

Requesting Agency Remarks: A notice of the availability of the Request for Proposals (RFP) was advertised on eMaryland Marketplace Advantage (eMMA) on October 23, 2023 notifying 1,212 vendors of the solicitation. The solicitation was also sent directly to seven prospective vendors. Three proposals were received on December 18, 2023 and two were determined to be reasonably susceptible of being selected for award. Centurion of Maryland, LLC was determined to be most advantageous to the State as its proposal was both ranked highest technically and highest overall.

A protest was received on April 16, 2024 and DPSCS denied it on May 3, 2024. The protest asserted that their proposal showed a superior technical proposal and a lower overall price and, therefore, should have been the recommended offeror. However, they did not provide substantiating evidence to demonstrate that an incorrect determination was made. They submitted a Supplemental Protest on May 7, 2024 alleging the Department's evaluation was flawed based on information they received in their debriefing on April 30, 2024. The Department denied this supplemental protest on May 9, 2024 as the supplemental protest was not timely and even if it had been, it was based on conjecture, not fact. The Department anticipates that this protest decision will be appealed to the Maryland State Board of Contract Appeals (MSBCA). In spite of this, the Department wishes to award this contract to Centurion of Maryland, LLC in the face of protest.

The recommended awardee, Centurion of Maryland, LLC (Centurion), provided the proposal with the superior technical ranking and best value to the State, despite being the more costly proposal. With Centurion's corporate headquarters located in Northern Virginia, their local office located in Lutherville, Maryland, and approximately 22% of its corporate staff residing in Maryland, the proposal forecasts that \$615,209,229 of the contract's value will be reinvested back into the Maryland economy. Additionally, Centurion's proposal indicates efforts to form recruitment partnerships within Maryland focusing on relationships with local universities to draw new talent into correctional healthcare.

The Department is requesting that the BPW approve the contract award notwithstanding the protest in order to protect substantial State interests. The substantial state interests include:

- The Department currently provides medical and mental health services through separate contracts, but there have been challenges with coordinating continuity of care for pre-trial detainees and incarcerated individuals between two separate vendors. The Department intends to award new contracts based on the population served, pre-trial and sentenced, rather than the type of medical care provided, medical and mental health, for the entire population. This will allow for a cohesive system that ensures that the quality of care remains consistent and uninterrupted for the pre-trial detainees and the Incarcerated Individuals across all of the Department's facilities.

DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
May 15, 2024

SUPPLEMENTAL

REVISED

46-S. SERVICES CONTRACT (cont'd)

Agency Remarks (cont'd):

- The current medical and mental healthcare vendors provide services for the entire Department, but the Pre-Trial facilities have different operational and clinical needs from the Division of Correction (DOC) facilities. Separating the contracts by Pre-Trial and DOC allows the Department to provide an additional emphasis on the needs of the pre-trial detainees, providing the additional monitoring and administration that a standalone contract allows for.
- A timely and orderly transition to the new contractor is essential to meet the contract start date and ensure uninterrupted mental and medical healthcare services for the pre-trial detainees and the Maryland communities.
- The Department has already modified the existing medical healthcare contract to extend its term, which has increased the monthly costs without improving the quality of service.
- Under the proposed new contract, the Department anticipates an increased level of performance and quality of service. The Department cannot afford to delay the implementation of a medical and mental health care contract that will so significantly improve the lives of the pre-trial detainees under its charge.
- Several key economic benefits in the new contract include:
 - The MBE goal (30%) is 172.72% higher than the established contract goal on the current medical healthcare contract (11%) and 114.27% higher than the established contract goal on the current mental healthcare contract (14%). This equates to approximately \$217,132,668.60 that will go to certified MBE vendors.
 - The VSBE goal (1.5%) is 50% higher than both currently established medical healthcare and mental healthcare contract goals (1% on both contracts). This equates to approximately \$10,856,633.43 that will go to certified VSBE vendors.
- Centurion will make substantial enhancements to the Department's current healthcare infrastructure that will improve the Department's quality of care, service range and efficiency for our pre-trial detainees.
- By providing staffing with higher hourly rates, Centurion will attract more qualified professionals, solve ongoing vacancies issues, and provide a better quality of care to pre-trial detainees, while also ensuring that the Department is able to hold the vendor accountable for its performance of the contract.

SUPPLEMENTAL

REVISED

46-S. SERVICES CONTRACT (cont'd)

Agency Remarks (cont'd):

The Department is seeking approval of this contract award, notwithstanding the protest and supplemental protest, based on the substantial State interests to obtain a more comprehensive and robust contract in order to provide the pre-trial detainees under the Department’s care with better overall medical and mental healthcare services. The Department is confident that the protest will not be successful and will only result in the unnecessary delay of the much needed contract for medical and mental health care and utilization services.

Per COMAR 21.10.02.11.A(1), the BPW should find that execution of the contract without delay is necessary to protect substantial State interests, and authorize the recommended contract notwithstanding the protest.

Centurion commits to achieving 29.992% of the 30% MBE goal and exceeding the 1.5% VSBE goal with a commitment of 1.86% VSBE participation. DPSCS determined it was in the State's best interest to grant the MBE waiver request of .008% due to the amount of effort provided by the vendor to achieve the MBE goal and the lack of availability of any additional MBE firms.

OFFICE OF STATE PROCUREMENT
ACTION AGENDA
SUPPLEMENTAL May 15, 2024

47-S-MOD. SERVICES MODIFICATION (cont'd)

Percent +/- (This Item): 43.85%

Total Percent Change: 162.01%

Original Procurement Method: Competitive Sealed Bidding

MBE/VSBE Participation: 0% / 0%

MBE/VSBE Compliance: 0% / 0%

Requesting Agency Remarks: Due to staff shortages, MDH was not able to complete the new solicitation prior to the expiration of the current contract. Additionally, the revised draft has undergone several enhancements aimed at fostering increased vendor participation in the upcoming contract which has delayed the solicitation. The IFB draft is currently under review by the Department of General Services and is anticipated to be advertised in summer 2024.

Extending the contract will continue to provide services that will supplement existing MDH resources in support of Medicaid Eligibility Determination services for Modified Adjusted Gross Income (MAGI) applicants and recipients of Medicaid. These functions include:

- Providing Medicaid eligibility determination services for the MAGI population under the direction of MDH, Healthcare Financing Administration, Office of Eligibility Services, Eligibility Determination Division, and
- Receiving and processing documents from MAGI applicants and recipients of Medicaid. Information received from the MAGI population will also be scanned or data-entered, as appropriate.

It is in the State's best interest to extend the above-referenced contract because it will secure the placement of supplemental Medicaid Eligibility Staff in support of Medicaid Eligibility Determination services for MAGI applicants and recipients of Medicaid during the contract re-solicitation process. Failure to maintain the critical supplemental staff will put providing timely access to required health benefits for eligible participants at risk.

MBE and VSBE participation were not established for this contract because there were no subcontracting opportunities available.
