3. **BOARD OF PUBLIC WORKS**
Wetlands Licenses

Recommendation: The Board of Public Works Wetlands Administrator recommends that the Board grant a license for projects involving filling and dredging in the navigable waters of Maryland.

MDE: The Maryland Department of the Environment concurs with this recommendation.

Authority: Section 16-202, Environment Article, Annotated Code of Maryland: “*The Board shall decide if issuance of the [tidal wetlands] license is in the best interest of the State, taking into account the varying ecological, economic, developmental, recreational, and aesthetic values [the] application presents.*” See also COMAR 23.02.04.

ANNE ARUNDEL COUNTY

24-1046 *PATRICIA W. ELBERTI* – To replenish a historic beach by constructing sand containment groins and providing beach nourishment with sand fill.
Edgewater, South River
Special conditions: Requirements for constructing the beach nourishment area.

24-1055 *PAUL E. SEEN SR.* – To reduce shoreline erosion and provide beach nourishment by constructing sand containment groins, filling and grading with sand, replenishing a historic beach, and planting high and low marsh vegetation.
Edgewater, South River
Special conditions: Requirements for marsh establishment area, signing and acceptance of marsh maintenance plan, and constructing the beach nourishment area.
Wetlands Created: 1,810 s.f.

BALTIMORE CITY

25-0044 *BALTIMORE CITY DEPARTMENT OF TRANSPORTATION* – To improve navigable access by mechanically maintenance dredging an area in segments, transporting dredge material to a disposal site, and providing for periodic maintenance dredging for three years.
Baltimore, Patapsco River
Special conditions: Time of year restriction.

BOARD OF PUBLIC WORKS
SECRETARY'S
ACTION AGENDA
April 23, 2025

3. **BOARD OF PUBLIC WORKS** (cont'd)

KENT COUNTY

24-1294 *MARKET 80 LLC* – To remove existing piers and associated structures damaged in a fire and construct floating timber piers with “T” shaped floating platforms, metal gangways, floating finger piers, mooring piles, boathouses, boat lifts with associated piles, slip covers, and bulkhead bumper piles.

Galena, Sassafras River

Special conditions: Requirements for existing pier removal before new pier construction, providing onshore sanitary facilities, installing dockside sewage pump out facilities, handling of petroleum products, design and operation of boat maintenance areas, boat maintenance at individual slips, and trash and garbage containers. Restrictions on discharge of sanitary wastewater and shellfish harvesting or storage.

PRINCE GEORGE’S COUNTY

24-1028 *MARYLAND NATIONAL CAPITAL PARK & PLANNING COMMISSION* – To perform maintenance dredging by hydraulically maintenance dredging an area, transporting dredge material to a disposal site, and providing for periodic maintenance dredging for six years.

Bladensburg, Anacostia River

Special conditions: Time of year restriction. Requirements for maintenance dredging, staking of the dredged area, post dredge bathymetric survey, dredge material transport and disposal, hydraulic dredging, installing, marking, and maintaining dredge material pipelines, Licensee not obtaining a U.S. Coast Guard approval, inadvertent release of dredge material protocol, submitting application and revised plans for a modification, dredge operator, and conducting maintenance dredging.

4. **COMMISSION ON STATE DEBT**
State Property Tax Rate

Recommendation: The Commission on State Debt recommends that the Board of Public Works levy the State property tax required for Fiscal Year 2026 to provide funds for State debt requirements as follows:

- (a) 11.2 cents (\$0.112) per \$100 of the full assessed value of real property other than that of public utilities; and
- (b) 28 cents (\$0.280) per \$100 of the full assessed value of real property of public utilities.

Authority: Section 8-134 of the State Finance and Procurement Article, Annotated Code of Maryland; Executive Order 01.01.1980.06.

5. **BONDS**

Recommendation: The Treasurer recommends that the Board of Public Works (the “Board”) adopt resolutions concerning the sale of State of Maryland General Obligation Bonds in book-entry form for the purpose of funding the State’s capital program; making certain determinations regarding the consolidation of loans, the methods of sale, and the structure of the Bonds; authorizing the publication of the required Summary Notices of Bond Sale; and obligating the State of Maryland to provide continuing disclosure as required under applicable securities regulations and to comply with applicable provisions of the Internal Revenue Code. The total that will be offered for sale is up to \$1,200,000,000* of new money bonds, issued in one or more series, for the capital program, and up to \$900,000,000* of refunding bonds, issued in one or more series.

Denomination: \$5,000 per bond, or integral multiples thereof

Maturities: To be determined by the Treasurer, not to exceed 15 years.

Title: State and Local Facilities Loan of 2025, First Series

Amount and Form: As determined by the Treasurer, to include:

First Series A – up to \$1,200,000,000* Tax-Exempt Bonds to finance the State’s Capital Improvement Program (the “New Money Bonds”).

First Series B – Up to \$900,000,000* Tax-Exempt Refunding Bonds (the “Refunding Bonds”).

**Methods and
Dates of Sale:**

New Money Bonds – Competitive Sale of up to \$1,200,000,000* in maturities and amounts to be determined by the Treasurer, on Wednesday, June 11, 2025, by electronic bid and subject to the approval of the Board. The New Money Bonds will be sold in a number of bidding groups to be determined closer to the sale date due to volatility in the markets. Depending upon market conditions and at the discretion of the Treasurer, the sale of the New Money Bonds may instead be offered for sale at a date and time to be determined by the Treasurer, subject to approval by the Board at that time.

Refunding Bonds – Competitive Sale of up to \$900,000,000*, in maturities and amounts to be determined by the Treasurer, on Wednesday, June 11, 2025, by electronic bid and subject to the approval of the Board. Provided, however, depending upon market conditions and at the discretion of the Treasurer, the sale of the Refunding Bonds may instead be offered for sale at a date and time to be determined by the Treasurer, subject to approval by the Board at that time.

BOARD OF PUBLIC WORKS
SECRETARY'S
ACTION AGENDA
April 23, 2025

5. **BONDS** (cont'd)

Settlement: Anticipated to be on or about June 25, 2025.

Use of Proceeds: With respect to the New Money Bonds, various State loans and installments, combined and consolidated. With respect to the Refunding Bonds, the refunding of outstanding State bonds for the public purpose of realizing for the State a savings in the total cost of debt service and prior to such refundings, if the Treasurer decides it is appropriate, the purchase of securities that will mature on or about the time of the refundings.

Notices of Bond Sale: Summary notices of sale for bonds sold on a competitive basis shall be posted on The Municipal Market Monitor (TM3), or in such other electronic and print media as determined appropriate by the Treasurer, on a date to be determined by the Treasurer not later than that required by Section 8-123 of the State Finance and Procurement Article of the Annotated Code of Maryland.

Remarks: The date of sale of the New Money Bonds and/or the Refunding Bonds may be postponed at the discretion of the Treasurer in response to market conditions and, with respect to the Refunding Bonds, to comply with benchmarks for debt service savings in the State's Debt Policy. The method of sale, the size and maturities of any of the Bonds and the number of bidding groups for any of the Bonds may be adjusted by the Treasurer to respond to prevailing market conditions. Following receipt of bids, the size of the Refunding Bonds may be further adjusted by the Treasurer by up to 15% to account for premium bid, if any, and savings realized, if any, from the purchase of securities that will mature on or about the time of the refundings.

* Preliminary, subject to change. Please note that current expectation is that the par amount of New Money Bonds will be \$900,000,000 but we are authorizing up to \$1,200,000,000 to account for market fluctuations between the time of authorization and the time of sale.

**6. DEPARTMENT OF BUDGET AND MANAGEMENT
*Budget Amendment 25R-034***

Description: Approve April 2025 meeting reimbursable fund budget amendment.

Authority: § 7-209 (e), State Finance & Procurement Article, Annotated Code of MD, requires Board of Public Works approval of the reimbursable fund budget amendment.

Amount: \$ 708,750
Amount: \$ 708,750 TOTAL

The contributing (funding) agency has appropriated funds to pay for FY 2025 services provided by the receiving agency for FY 2025 as follows:

<i>Funding Agency</i>	<i>Agency Providing Services [Receiving Funds]</i>	<i>Services</i>	<i>Amount</i>
Department of Service and Civic Innovation 25R-034 I00	Department of Service and Civic Innovation I00A01	This funding will be used to support the AmeriCorps program. The Volunteer Maryland program is concluding in FY 2025 and this amendment is needed to close out the grant.	\$ 708,750
Total			\$ 708,750

DBM Remarks: This amendment establishes FY 2025 reimbursable fund appropriation for Maryland AmeriCorps Program grant to support Volunteer Maryland (VM) expenditures prior to the program sunsetting in the fiscal year. VM was an AmeriCorps program that received federal AmeriCorps funds through the Governor's Office on Service and Volunteerism (GOSV) that was then matched with state and/or other funds. The purpose of this amendment is to apply the expenses incurred in FY 2025 for VM AmeriCorps members, staff, and other operational costs prior to the last staff person off-boarding in September 2024. These expenses need to be charged to reimbursable funds so that GOSV can include them in its next draw down of AmeriCorps funds for state-based programs. BPW approval is required since there is currently no reimbursable fund appropriation.

**7. DEPARTMENT OF BUDGET AND MANAGEMENT
*Office of Budget Analysis (OBA)***

Recommendation: Board of Public Works approval for the use of the FY 2025 Contingent Fund for the Maryland Department of Agriculture (MDA) to conduct spongy moth suppression work and respond to the outbreak of Highly Pathogenic Avian Influenza (HPAI).

Amount: \$168,000

Fund Source: FY 2025 Contingent Fund (General Funds)

Appropriation Code: D05E0102

Requesting Agency Remarks: MDA requests \$135,000 for spongy moth suppression work. The agency anticipates needing to treat 8,500 acres in May. This work is typically funded via cost share with the State, localities, and federal government. The Forest Service at the United States Department of Agriculture (USDA) has informed MDA that they will not fund spraying this year. This request is to fill that funding gap. Not spraying the infested acres will result in thousands of acres of trees being defoliated and potentially suffering mortality. If approved, funds will be transferred from the Contingent Fund to MDA.

Regarding HPAI, the agency requests \$33,000. As of April 2nd, eight farms/flocks have tested positive in Maryland, impacting 842,893 birds. To limit the spread of HPAI, MDA tests samples, quarantines premises that test positive, and depopulates impacted flocks. MDA has entered into a cooperative agreement with the USDA to cover the cost of the State’s emergency response to the outbreak. This request is to cover those costs that will not be covered by the agreement, including the purchase of specialized personal protective equipment; equipment for the disinfection gate that the MDA owns; headlamps for night work; heated gloves for below-freezing event response that occurred in the winter months; portable scanners for site managers to facilitate submission of mandatory, daily reports; food for employees working the events, as they are not permitted to leave the site in order to maintain biosecurity; and car washers to ensure contaminants were not brought onto or off of affected sites. If approved, funds will be transferred from the Contingent Fund to MDA.

DBM Remarks: The Secretary of Budget and Management has certified that funds are available from the FY 2025 Contingent Fund. After accounting for this request, the remaining balance in the Contingent Fund is \$2,332,000. The Department of Budget and Management anticipates requesting the Board to transfer an additional \$1,300,000 from the Contingent Fund in FY 2025 to the Department of General Services for mold remediation at 100 Community Place in Crownsville. After that transfer, the remaining balance in the Contingent Fund will be \$1,032,000.

8. **DEPARTMENT OF NATURAL RESOURCES**
Resiliency through Restoration Initiative

Recommendation: That the Board of Public Works approve the Department of Natural Resources granting \$104,513 in general obligation bond proceeds to construct one restoration project.

Authority: Section 8-301, State Finance and Procurement Article, Annotated Code of Maryland

Project ID: Church of the Guardian Angel/ CRP 02-23
Prior Approval: \$22,000 October 26, 2022 (Secretary's Agenda, Item 9)
Grantee: Church of the Guardian Angel
Location: Remington Neighborhood, Baltimore City
Amount: \$104,513
Fund Source: MCCBL of 2022 (Acts of 2022): Resiliency through Restoration Initiative \$104,513.00 Source Code: 22119

Remarks: This project will construct green infrastructure practices at the Church of the Guardian Angel to create a green alley and complement Baltimore City stormwater infrastructure improvements. The project will improve water quality and help reduce stormwater flooding in the neighborhood of Remington in Baltimore City. DNR is seeking approval to award construction funds for this green infrastructure project.

Background: The Resiliency through Restoration Initiative was developed to address escalating risks to Maryland's coastal and inland communities and public resources from extreme weather and climate-related events. This Program implements on-the-ground natural and nature-based projects in priority areas where nature can help communities become more resilient to impacts from water. Targeting models, such as the Coastal Resiliency Assessment, identify areas where restoration can provide the greatest protection benefits for infrastructure, communities, businesses, and habitats. Datasets, such as impervious cover, highlight urban and inland areas where green infrastructure is needed to address more intense rain events. Projects will protect both public and private investments, while demonstrating a suite of nature-based projects that will enhance the ability of communities to respond to or recover from extreme hazards like storms and more frequent and intense rain events, or chronic hazards like nuisance flooding and sea level rise. DNR will provide technical assistance and grant funds to entities to design and construct living shoreline, marsh enhancement, green infrastructure, and nature-based projects. These projects will reduce the impacts of flooding on vulnerable communities across the state.

9. **DEPARTMENT OF NATURAL RESOURCES**
Naming Anna's Trail and the Sandtown Trail at Tuckahoe State Park

Recommendation: The Secretary of the Department of Natural Resources recommends that the Board of Public Works approve the naming of two trails at Tuckahoe State Park – Anna's Trail in honor of Anna Murray Douglass, and the Sandtown Trail in honor of the unincorporated Sandtown community that is now part of the Park.

Background: Tuckahoe State Park is an approximately 4,000-acre park that spans both Caroline and Queen Anne's Counties. The park features a stream that runs through the length of the park with a 60-acre lake for fishing and boating. The park has 20 miles of scenic hiking, biking, and equestrian trails; hunting; picnicking; a playground; and numerous other activities.

Anna Murray Douglass (1813 – August 4, 1882) was an American abolitionist, member of the Underground Railroad, and the first wife of American social reformer and statesperson Frederick Douglass, from 1838 until her death. Born in the nearby town of Denton, MD, Anna's life and legacy have deeply connected roots to the local community. An interpretive trail that runs from the railroad trestle in front of the park office is planned in her honor and would be an impactful representation of the diversity and strength in local history.

The Sandtown community appears to have begun as a loose gathering of enslaved people's homes who later, when free, purchased the homes. These landowners collectively referred to this Hillsboro area as "Sandtown." This trail, which runs along the southern portion of Tuckahoe Creek and connects with the railroad trestle bridge, is being built and will replace the old "Little Florida Trail." The southern area of the Park contains multiple homestead foundations and signs of the unincorporated Sandtown community dating back to the 19th century. A trail named in honor of this community would offer insight into the diversity and resiliency in local history.

10. **MARYLAND STADIUM AUTHORITY**
Sports Entertainment Facilities Bonds 2025

Recommendation: That the Board of Public Works approve the Maryland Stadium Authority issuing its second series of bonds in a principal aggregate amount not to exceed \$121,505,000 (the “Series 2025 Bonds”), a Comprehensive Financing Plan for the Series 2025 Bonds, and the Memoranda of Agreement between the Authority and the City of Aberdeen in connection with Leidos Field at Ripken Stadium (“Leidos Field”). The proceeds of the Series 2025 Bonds will partially finance capital projects at certain Maryland minor league baseball stadiums and Leidos Field, capitalized interest, and pay the costs of issuance of the Series 2025 Bonds.

Authority: Section 10-628, Economic Development Article,
Annotated Code of Maryland

Prior Approval: October 4, 2023 (Secretary’s Agenda, Item 13- Memoranda of Agreement)

Background: The Authority expects to issue the Series 2025 Bonds as tax exempt bonds in a principal amount not to exceed \$121,505,000 and designated as the Sports Entertainment Facilities Tax-Exempt Series 2025 (the “Series 2025 Bonds”).

The approval of this Item will authorize the Stadium Authority to issue up to \$121,505,000 of bonds as Series 2025 (or such other designations as approved by the Authority’s Executive Director or Chairman) with the proceeds to be used to:

- Pay costs related to the issuance of the bonds;
- Fund a capitalized interest account;
- Pay for continued design, capital repairs, construction and related costs in connection with five minor league baseball stadiums;
- Fund a debt service fund.

Approval of this Item includes approval of the Comprehensive Plan of Financing, which was approved by the Stadium Authority Board on March 4, 2025 and submitted to the fiscal committees of the General Assembly for review and comment on March 5, 2025, The Memorandum of Agreement, and Resolution of the Board of Public Works approving this bond issuance, financing plan and Memorandum of Agreement.

The Sports Entertainment Facilities and Events, Prince George’s County Blue Line Corridor Facilities, and Racing Facilities Act (the “Sports Facilities Act”) was enacted as Chapter 61 (HB 897) of the Acts of 2022 and amended by Chapter 468 (SB 442) of the Acts of 2023 (the “Amendment” and with the Sports Facilities Act, the “Act”) by the Maryland General Assembly. Subject to the terms and conditions set forth in the Act as amended, the Authority is authorized to issue up to \$220 million in bonds to finance the design, construction, equipping, and furnishing of any segment of a Sports Entertainment Facility (a “Sports Entertainment Facility”) as defined in the Act.

ACTION AGENDA
April 23, 2025**

10. MARYLAND STADIUM AUTHORITY (cont'd)

Background (cont'd):

The Authority issued its first series of Sports Entertainment Facilities bonds (the “Series 2023 Bonds”) pursuant to the Act in October 2023 in the amount of \$98,495,000. The Series 2023 Bonds partially funded facilities assessments, predesign, capital repairs and construction for four minor league baseball stadiums (Arthur Perdue Stadium, Harry Grove Stadium, Prince George’s Stadium, and Regency Furniture Stadium, collectively, the “Project Stadiums”), and a facility assessment for Leidos Field. Each of the Project Stadiums have a Memorandum of Agreement (an “MOA”) required by the Act and approved by the Board at its meeting on October 4, 2023 (Secretary’s Agenda, Item 13). The Leidos Field MOA was limited in scope and provided for a facilities assessment only. The Authority and the City of Aberdeen have entered into an MOA consistent with those executed for the Project Stadiums to cover capital repairs and construction.

In accordance with the Act, the Series 2025 Bonds will be solely secured by, and payable from the Sports Entertainment Facilities Financing Fund.

The details of the proposed bond issuance are set forth in the Comprehensive Financing Plan. Bonds issued under the Act will not constitute a debt, liability, or pledge of the faith and credit or the taxing power of the State, the Authority, or any other governmental unit.

MBE Participation (GMP 1 - 15): 36.67%

MBE Subgoals: African American 8%
Women 11%

MBE Compliance: 20.00%

Remarks: Reference is made to Secretary's Agenda, Item 13 (5/17/2023) in which the Stadium Authority stated that it "[I]ntends to return with a recommendation to award several Guaranteed Maximum Price contracts providing pre-construction performance is satisfactory."

The procurement process for GMP Package #15 proceeded as follows:

Starting on January 17th, 2025, Gilbane advertised the project for trade contractor participation in the following publications/services: eMaryland Marketplace Advantage, Maryland Stadium Authority website, Maryland Washington Minorities Companies Association, and via direct solicitation. An MBE outreach event was previously conducted by Gilbane and a pre-bid site walkthrough was held at M&T Bank Stadium. Attendees were provided with summary project information.

Gilbane advertised for Chiller Plant bids on construction packages for demolition, concrete, screen wall, fire protection, HVAC / plumbing, electrical / fire alarm, and deep foundations. The Chiller Plant serves the Camden Yards Sports Complex and is funded using football and baseball bonds. Competitive bids were received between February 21st and February 26th on various due dates by representatives from Gilbane.

BOARD OF PUBLIC WORKS
SECRETARY'S
ACTION AGENDA
April 23, 2025

11. MARYLAND STADIUM AUTHORITY (cont'd)

Remarks (cont'd):

Post-bid scope review meetings with selected trade contractors began on February 25th, 2025 to ensure that the bids were both responsive and complete. Post bid scope review meetings were conducted virtually, and Gilbane and MSA representatives were in attendance.

Gilbane submitted GMP #15 Package on March 21st, 2025. Future GMP Package(s) will be presented to the Board of Public Works for approval.

The overall MBE participation goal for the construction phase of this project was set at 35% with sub-goals of 8% African American-owned and 11% Women-owned. The MBE goal for this project is a total goal inclusive of all GMPs. There are no GMP specific goals. This is the fifteenth of several anticipated GMPs.

Gilbane has demonstrated the good faith effort required to satisfy the goals of the MBE program and remains committed to meeting the MBE participation goals established for the Project.

REVISED

12. **ST. MARY'S COLLEGE OF MARYLAND** (*cont'd*)

Remarks: A Request for Proposal (RFP) was advertised on eMaryland Marketplace Advantage (eMMA) on January 31, 2025, with the bid due date of March 17, 2025. The RFP was issued to renovate and modernize a residence hall to include both the design and build phases of work. The scope of the proposed renovation will address the interior of the building, including bathrooms, bedrooms, corridors, stairwells and painting throughout the building. Eight bid proposals were received by the proposal due date, and seven firms were deemed susceptible of receiving an award.

Sorenson Gross Company was determined by the evaluation committee to be the most advantageous to the College, as its proposal was ranked among the highest technically combined with lowest price of the highest technically rated group and considered the highest rated overall. They demonstrated the best understanding of the design-build SOW requirements and provided evidence of extensive experience with similar client projects.

The proposal pricing for all susceptible firms includes pricing for base bid plus add/alternate bids. Currently, the College is only seeking Board of Public Works approval for the base bid in the amount of \$3,008,364.

The recommended awardee proposed exceeding the 5% MBE participation goal established for this contract committing to 10% MBE participation.

A1. DEPARTMENT OF PUBLIC SAFETY AND CORRECTIONAL SERVICES

Contract ID: Emergency Service to Repair Heat in Dayrooms and Visitor Room at Patuxent Institution (PATX)
ADPICS No.: Q00P5602252

Contract Type: Maintenance

Contract Description: Emergency services to restore heat to the day rooms and visitor room of the Patuxent Institution.

Procurement Method: Emergency

Bids: Maryland Mechanical Systems, Inc.; Baltimore, MD \$79,1118.00
(Single Bid Received)

Award: Maryland Mechanical Systems, Inc.

Amount: \$79,118

Term: 12/16/2024 – 04/07/2025

Date Emergency Declared: 12/13/2024

Contract Award Date: 12/19/2024

Date Emergency Reported: 03/31/2025

MBE / VSBE Participation: 0% / 0%

Fund Source: 100% General Funds

Appropriation Code: Q00D0001

Remarks: Nature of Emergency: On December 13, 2024, heating failed in several dayrooms and the visitation room at the DD building in the Patuxent Institution. With temperatures near freezing, it was imperative that heat be restored to these areas, including the recreation area. Without heat, the Incarcerated Individuals (II's) would not have been able to have visitors over the holidays, creating a hostile environment for II's and staff. These repairs were crucial and time-sensitive for maintaining a safe and healthy environment for both employees and II's. Furthermore, neglecting this issue could have exposed the Department and State to potential litigation.

BOARD OF PUBLIC WORKS
SECRETARY'S ACTION AGENDA

APP 2

A1. DEPARTMENT OF PUBLIC SAFETY AND CORRECTIONAL SERVICES
(cont'd)

Remarks (cont'd):

Basis for Selection: To remain competitive, emergency calls for quotes were made to three vendors; JPG Plumbing and Mechanical, Inc. (JPG), Maryland Mechanical Systems, Inc. (MMS), and M&M Welding and Fabricators, Inc. (M&M). These vendors are known for responding promptly to facility maintenance requests, are familiar with DPSCS facilities and security protocols, and have successfully completed similar work in the past. MMS was selected due to their immediate availability to respond. JPG and M&M were not available.

Reason for Late Report: DPSCS is late in reporting this emergency contract due to administrative errors that resulted in a delay in completing the contract paperwork and reporting the emergency procurement timely.

10A. RURAL LEGACY PROGRAM FUNDS
Baltimore County

Recommendation: Approval to grant \$85,491 to The **Land Preservation Trust, Inc.**, from Rural Legacy Funds to acquire an 18.45-acre conservation easement.

Piney Run Rural Legacy Area – Brooke Leidner and Luke Mays Property

Prior Approval: Piney Run Rural Legacy Area Grant for easement acquisitions:
 DNR RP Item 15A (8/23/2023) \$2,818,675 for FY 2024

Project Description: Acquisition of this conservation easement will protect productive agricultural land. The property drains into an unnamed tributary to Piney Branch before ultimately draining into Loch Raven Reservoir. Loch Raven Reservoir is a source of drinking water for the Baltimore Metropolitan Area. The property is located in the heart of a permanently preserved easement block of more than 20,000 contiguous acres. This Rural Legacy easement, RL No. 35458, will be held by the Department of Natural Resources and The Land Preservation Trust, Inc.

Easement Value: \$79,013 (\$4,282.55 per acre)

Purchase Price: \$79,013 (\$4,282.55 per acre)

Total Other DNR Costs:

Administrative:	\$ 2,370.00
Incidental:	\$ 2,923.00
Compliance:	<u>\$ 1,185.00</u>
	\$ 6,478.00

Amount Requested: \$85,491

Fund Sources: Outdoor Recreation Land Loan of 2023, Chapter 484, Acts of 2022

11A. RURAL LEGACY PROGRAM FUNDS
St. Mary's County

Recommendation: Approval to grant \$491,873.08 to **The Patuxent Tidewater Land Trust, Inc.**, from Rural Legacy Funds to acquire a 136.44-acre conservation easement.

Huntersville Rural Legacy Area – Bowling Property

Prior Approval: Rural Legacy Area Grant for easement acquisitions:
 DNR-RP Item 14A (12/1/2021) \$2,217,053 for FY 2022

Project Description: Acquisition of this conservation easement will preserve productive forested lands, as well as protect approximately 6,570 linear feet of forested stream buffers along multiple unnamed tributaries before their confluence offsite with the Patuxent River. The U.S. Department of the Navy is contributing \$75,000 towards the cost of the easement. This Rural Legacy easement, RL #35368, will be held by the Department of Natural Resources, the U.S. Navy, and The Patuxent Tidewater Land Trust, Inc.

Easement Value: \$508,863.60 (\$3,729.58 per acre)

Purchase Price: \$508,863.60 (\$3,729.58 per acre)

Funding Sources: \$433,863.60 DNR
 \$ 75,000.00 U.S. Department of the Navy

Total Other DNR Costs: Administrative: \$15,265.91
 Incidental: \$35,110.62
 Compliance: \$ 7,632.95
 \$58,009.48

Amount Requested: \$491,873.08

12A. PROGRAM OPEN SPACE STATE SHARE

Anne Arundel County (Wallace)

Recommendation: That the Board of Public Works approve the acquisition.

Description: This mostly forested property is located along Log Inn Road and will be managed by Maryland Park Service as an addition to Sandy Point State Park. Acquisition presents a unique expansion opportunity, preserves habitat for Forest Interior Dwelling Species, protects water quality in the Severn River watershed, and buffers existing state lands.

POS Scoring System: 44 out of 100

Targeted Ecological Area: No

Grantor: Bernard Wallace, Jr.

Grantee: The State of Maryland to the use of the Department of Natural Resources

Property: 2.68+/- acres, unimproved, POS No. 35268

Price: \$85,000

Appraisals: \$93,000 (10/3/24) – Terry R. Dunkin
\$71,000 (9/13/24) – Beth L. Riedel

All appraisals reviewed by Gary Leak, Review Appraiser

Stabilization Funds: \$8,500

Stabilization funds are authorized to stabilize the structural integrity of improvements existing on land at the time of acquisition, eliminate health and safety hazards, protect water quality, and provide public access. See Natural Resources Article §5-903(f).

emilyh.wilson@maryland.gov

13A. PROGRAM OPEN SPACE STATE SHARE
Charles County (Morgan Parcel 128)

Recommendation: That the Board of Public Works approve the acquisition.

Description: This improved, mostly forested property is located along Nanjemoy Creek and will be managed by Maryland Wildlife and Heritage Service as an addition to Nanjemoy Creek Wildlife Management Area. Located in a National Audubon Society recognized Important Bird Area, acquisition will protect water quality and provide additional lands for public fishing, hiking, birding, and waterfowl hunting, including the potential for accessible hunting opportunities. Areas along the shoreline where natural habitats occur, such as marshes and coastal forests, have the potential to reduce the impact of coastal hazards (flooding and erosion) to adjacent coastal communities by dampening waves, stabilizing sediment, and absorbing water. Natural features can also adapt to changing conditions within dynamic coastal environments, and thus have the ability to provide climate change resiliency benefits over the long term.

POS Scoring System: 100 out of 100

Targeted Ecological Area: Yes

Grantor: Stephen K. Morgan

Grantee: The State of Maryland to the use of the Department of Natural Resources

Property: 55.86+/- acres, improved, POS No. 35215

Price: \$745,000

Appraisals: \$700,000 (9/19/24) – Melody C. Campbell
\$750,000 (9/25/24) – Phillip C. Elliott

All appraisals reviewed by Gary Leak, Review Appraiser

Stabilization funds: \$74,500

Stabilization funds are authorized to stabilize the structural integrity of improvements existing on land at the time of acquisition, eliminate health and safety hazards, protect water quality, and provide public access. DNR intends to use a portion of the funds to dispose, by razing, certain current structures that would not be a part of the management plan for Maryland Wildlife and Heritage Service. See Natural Resources Article §5-903(f) and §5-904(e).

14A. PROGRAM OPEN SPACE STATE SHARE
Worcester County (Hodgens Swank)

Recommendation: That the Board of Public Works approve:

- 1) DNR accepting an assignment of an Agreement of Sale from Lower Shore Land Trust of its right to purchase property totaling 41.20+/- acres;
- 2) DNR acquiring the property in fee simple; and
- 3) The payment of incidental costs expended by Lower Shore Land Trust.

Description: This property is adjacent to Chesapeake Forest Lands and will be managed by the Maryland Forest Service. The Maryland Forest Service manages working forest lands to produce sustainable forest products and provide for outdoor recreational opportunities, helping to maintain the local resource-based economy. Located on the outskirts of the Town of Berlin, the property will provide new, direct access for residents into the existing state lands and its developing trail system. Acquisition will expand public recreational opportunities for hiking and birding, provide opportunities for reforestation, and buffer Forest Interior Dwelling Species habitat recognized by the National Audubon Society as an Important Bird Area.

POS Scoring System: 71 out of 100

Targeted Ecological Area: No

Grantor: Paula J. Swank and Timothy M. Hodgens

Grantee: The State of Maryland to the use of the Department of Natural Resources

Property: 41.20+/- acres, unimproved, POS No. 34828

2-S. FROSTBURG STATE UNIVERSITY (cont'd)

Requesting Institution Remarks: Frostburg State University issued a Request for Proposal (RFP3 FSU-P25-05) in October 2024. The solicitation was advertised on eMaryland Marketplace Advantage (eMMA) and was directly solicited to four (4) vendors. FSU received two (2) proposals. The contract is being awarded to the vendor with the highest combined technical and financial proposal.

This contract will provide FSU with the appropriate level of mental health care for students on a full-time basis, including emergency calls. The services provided under this contract include clinical treatment modalities, psychiatric medication management, and 24-hour crisis management for a population of approximately 4,000 undergraduate and graduate students.

There is no Minority Business Enterprise goal on this contract as there are no subcontracting opportunities.

3-S. FROSTBURG STATE UNIVERSITY (cont'd)

Fund Source: Institutional Funds

MBE Participation: 7.2% (See Requesting Institution Remarks)

Performance Security: \$1 million performance bond

Requesting Institution Remarks: The University issued a Request for Proposal (RFP# FSU-P25-03) in August 2024. The solicitation was advertised on eMaryland Marketplace Advantage. Frostburg State University (FSU) received three (3) proposals. The contract award is recommended to the vendor with the highest combined ranking considering both the technical and financial proposals, Aladdin Food Management Services, LLC.

The Contractor will provide all labor, management, materials, and supplies necessary to perform the required services. In addition to the costs of the contract, FSU will receive commissions of 19% on all non-franchised retail sales, external catering, and concessions; and 5% on franchised retail sales. The contractor has proposed capital investments to upgrade facilities, required franchise refreshes and the implementation of new food service concepts. The capital investments total is \$6.8 million and will be amortized over a 10-year period.

For each year of the contract, the contractor will provide \$150,000 in dining maintenance, recruitment, and pre-semester meals for students along with \$100,000 in FSU scholarships. The actual costs will be a function of the volume of meal plans purchased by students and the volume of catering sales. The source of funding for the contract will be dining program revenues paid by students, catering and retail sales. This contract is expected to generate net revenue for the University in the amount of approximately \$11.6 million in meal plans and approximately \$4.5 million in commissions on concessions, catering, and retail sales over the potential ten-year term of the contract.

The MBE goal established on this procurement, in consultation with the Governor’s Office of Small, Minority & Women Business Affairs, was 2.1%. The contractor has agreed to an MBE participation of 7.2% which exceeds the goal by 5.1%.

USM Board of Regents: The USM Board of Regents approved this contract award on April 11, 2025.

Resident Business: No **MD Tax Clearance:** 25-0290-1111

REVISED

4-S. UNIVERSITY OF MARYLAND, BALTIMORE (cont'd)

MBE Participation: 30% (Net Natives; Vision Point)
(See Requesting Institution Remarks)

MBE Waiver: 100% (Furman Roth) (See Requesting Institution Remarks)

Performance Bond: None

Requesting Institution Remarks: This contract will serve all seven schools at UMB the Office of Communications and Marketing and the Office of Communication and Public Affairs.

As needed, the awarded vendors shall provide advertising and media buying services both in local markets and nationally. The digital advertising media buying services may include, but are not limited to, any of the following:

1) Paid Search: Regular campaign management and optimization via bid management tools; campaign, ad group, and keyword creation; ad copy development; ongoing testing and optimization; set-up and maintenance of audience lists; landing page recommendations and development.

2) Display: (*Prospecting, Retargeting, Native and Online Video/Audio*): Media planning and buying, leveraging appropriate advertising networks and/or sites; ongoing optimization of campaigns, site exclusions, frequency caps, etc.; sequential messaging recommendations and implementation; regular management directly with vendors and/or through a demand side platform (DSP); pixel mapping; ad and landing page development and implementation.

3) Mobile: Identifying standout media opportunities, and maximizing conversations through best practices, identifying trends.

4) Paid Social: Leveraging social media sites for acquisition purposes; actively managing and optimizing campaigns, ongoing testing, creation of messaging and recommended imagery.

The contract includes data collection and analysis of all launched advertising campaigns, access to and creation of digital creative assets, and leveraging of vendor partnerships with industry specific managed platforms and media outlets to assist in meeting each school's unique needs and desired goals. Secondary competition will be sought for each project among awarded vendors via TORP.

REVISED

4-S. UNIVERSITY OF MARYLAND, BALTIMORE (cont'd)

Requesting Institution Remarks (cont'd):

The solicitation was advertised on eMaryland Marketplace Advantage (eMMA) and directly solicited to two vendors. A total of fifteen (15) proposals were received. Of these, one (1) proposal was deemed non-responsive (file was corrupt and could not be downloaded from eMMA), seven (7) offerors did not meet the minimum technical score and were deemed not susceptible for contract award. Of the seven (7) remaining offerors, the four (4) technically highest scoring offerors were short-listed and invited to conduct oral presentations. Finally, one (1) remaining offeror did not adhere to the price sheet or pricing structure and was also deemed non-responsive. A diverse team of evaluation committee members, composed of representatives from UMB's seven schools and HR and Communications offices, evaluated the proposals.

The RFP allowed for one or more awards to be made at UMB's discretion. The evaluation committee unanimously agreed that a multi-award to Net Natives, Furman Roth and Vision Point presented the most diverse and advantageous service options for the University.

Net Natives and Vision Point have agreed to meet the 30% MBE goal. Furman Roth requested a waiver from the MBE goal, and it was granted by the University. It was determined that Furman Roth made good faith effort to partner with an MBE with no success due to logistical and technological capabilities required by the vendor to utilize their service platform.

5-S-MOD. UNIVERSITY OF MARYLAND, COLLEGE PARK
Implementation Services Contract Modification

Contract ID: SaaS Enterprise Resource Planning (ERP) System Implementation

Contract Approval: USM Item 3-S (12/2/2020)

Contractor: Huron Consulting Services, LLC, Chicago, IL

Contract Description: Award two contracts: 1) implement Software as a Service (SaaS) Human Capital Management, Finance, and Student ERP system to replace current legacy ERP systems and 2) award SaaS subscription services.

Modification Description: Request approval to modify the ERP Implementation Partner contract with Huron Consulting, LLC to increase the contract to \$74,442,900 and extend the contract through December 31, 2028.

Original Term: 1/4/2021 – 12/31/2026

Modification Term: 1/1/2027 – 12/31/2028

Original Amount: \$42,678,207

Modification Amount: \$31,764,692

Revised Amount: \$74,442,900

Original Procurement Method: Competitive Sealed Proposals

MBE Participation: 0% (See Requesting Institution Remarks)

Performance Security: N/A

Requesting Institution Remarks: The Board of Public Works previously approved a SaaS Enterprise Resource Planning (ERP) System Implementation contract and a contract with Workday for the Software application (USM Item 3-S, 12/2/2020). The Board of Public Works subsequently approved a modification to the Workday contract extending the base subscription through 2035 with three additional 2-year options to extend (USM Item 3-S-MOD, 1/8/2025).

5-S-MOD. UNIVERSITY OF MARYLAND, COLLEGE PARK (cont'd)

Requesting Institution Remarks (cont'd):

The University initially planned to go-live with Human Capital Management (HCM) and Finance modules on July 1, 2023, and the Student module on August 1, 2026. HCM and Finance modules were delayed for 15 months and went live on November 15, 2024. The 15-month delay was due to difficulty with payroll integrations, complexity to configure Workday for UMCP's personnel types and funding sources, and organizational readiness. The revised planned go-live for the Student module is Fall 2028.

The delay in the launch of HCM and Finance coupled with the complexity of the UMCP academic enterprise has resulted in a delay of implementation of the Student phase of the ERP project to Fall 2028. 54,412 implementation partner hours totaling \$12,119,590, originally intended for the Student implementation, were repurposed to HCM and Finance. Additional support for partner institutions UMCES/UMES during the 15-month HCM and Finance delay was also needed. A portion of hours were used as originally intended for planning of the Student System. The repurposing of consulting hours allowed UMCP to ensure HCM and Finance integrations and configurations were working properly and that the campuses were ready for the transition. The result was a highly successful go-live event for Workday HCM and Finance in November 2024.

The original Huron implementation partner contract did not contemplate the 15-month delay in HCM and Finance systems implementation, resulting in a further delay of the Student System, and the redirection of 54,412 implementation partner hours. HCM and Finance are required for, and tightly integrated with, the Workday Student System.

The Student system will be responsible for registration and billing of over \$900 million in tuition, fees, housing and dining revenue annually. It is the most complex of the three systems to implement and is dependent on and tightly integrated with the HCM and Finance modules. It is replacing 10 interwoven legacy systems that have been highly customized over decades and will have a number of integrations with related cloud-based solutions. The Student Implementation represented 48% of the originally anticipated implementation costs.

The University is requesting approval to increase implementation partner hours by an additional 190,356 at a cost of \$29,264,693 and a contingency of \$2,500,000 to complete the deployment of the Student module in Fall 2028. The additional hours are required for Workday Student architecture, design, and deployment activities. There was no MBE goal established on the contract as there are no subcontracting opportunities.

This contract modification was approved by the Board of Regents on April 11, 2024.

8-AE. UNIVERSITY OF MARYLAND, BALTIMORE (cont'd)

Fund Source: Fund Sources will be presented on each task order award exceeding \$1 million.

MBE Participation: MBE Participation shall be determined for task orders over \$50,000.

Performance Security: None

Requesting Institution Remarks: The solicitation was advertised in *eMaryland Marketplace Advantage* (eMMA) and the University’s eBid Board. Nineteen (19) proposals were received. The proposals were evaluated by an Evaluation Committee which included representatives from UMB’s Design and Construction group, UMBC’s Department of Facilities Management and TU’s Department of Facilities Management. After review by the Evaluation Committee, ten (10) firms were shortlisted and eight (8) firms submitted price proposals consisting of hourly rates for a variety of design staff positions. For analysis and evaluation purposes, the hourly rates were applied to five sample projects using hours for various staff positions based on prior M/E Academic design projects done for UMB. Upon notice of intent to award, James Posey Associates declined to sign the agreement specified in the solicitation. Award is recommended to the five (5) technically qualified firms which provide the best overall value to UMB based on the results of the technical and financial evaluation.

As projects arise, the University will rotate among the five awarded firms beginning with the firm that achieved the highest overall ranking. These firms will be required to use the fixed hourly rates for any task orders done under the master contracts for the initial term of the contract. Hourly rates may increase in the renewal option term based on increases in the Consumer Price Index.

ACTION AGENDA
April 23, 2025

1-S. **MARYLAND AVIATION ADMINISTRATION** *(cont'd)*

Requesting Agency Remarks: The solicitation was advertised on November 18, 2024, via eMaryland Marketplace Advantage (eMMA) notifying 856 potential offerors, the Maryland Aviation Administration’s (MAA’s) website, and by way of direct solicitation to four prospective bidders. Three bids were received on January 8, 2025. The three offerors met all qualifications, and their references were verified. The bids were publicly opened on January 15, 2025. Samuel Woo, M.D.’s bid was the lowest.

Pursuant to the Code of Maryland Regulations (COMAR) Title 30.03.03.03A, an Emergency Medical Service (EMS) operational program shall have an EMS operational program Medical Director appointed by the EMS operational program. The Medical Director must be licensed in the State of Maryland and be responsible for providing medical oversight of patient care, including emergency medical dispatch, and provide all labor, insurance, and expertise for the FRD at BWI Thurgood Marshall and MTN Airports.

The MAA Procurement Review Group reviewed the contract scope of work to determine the potential for establishing a Minority Business Enterprise (MBE), Veteran-Owned Small Business Enterprise (VSBE) participation goals, and Small Business Reserve (SBR) designation. No VSBE participation goal was established as there were zero VSBE firms registered in eMMA. The zero goal determination was made. This is a single element of work therefore no sub-contractable items are required.

This contract includes a provision authorizing an extension for a total period of no longer than one-third of the base term on the original contract to spend funds remaining on the contract as provided in Board Advisory 1995-1.

Modification: Lease and Concession Contract

Contract ID: Lease and Concession Contract to Establish, Operate and Maintain a Next Generation Distributed Antenna System (DAS), Airport-Wide Wi-Fi System & Other Wireless Technology Concession Services at Baltimore/Washington International Thurgood Marshall (BWI Thurgood Marshall) Airport; *MAA-LC-20-019*

Contract Approved: MDOT 2-GM, 01/29/2020

Contract Description: Lease and Concession Contract granting the exclusive right to establish, operate and maintain a next generation DAS, Airport-wide Wi-Fi system and other wireless technology concession services at BWI Thurgood Marshall and its surrounding campus.

Modification Description: To allow for the contractor to enter into a subcontract agreement with SmartPoint to install and operate 36 interactive wayfinding kiosks and provide notification to the Board of Public Works (BPW) of this new inclusion.

Contractor: Slice Wireless Solutions d/b/a Smart City Wireless Solutions of BWI, LLC.; Annapolis, MD

Original Contract Term: The Pre-Installation Period began as of the effective date of the Contract (February 3, 2020) during which time Contractor obtained all necessary approvals and permits from appropriate federal, State and local government agencies to commence installation of DAS, Wi-Fi and other wireless technology concession services. The Pre-Installation Period was to end with Contractor obtaining all necessary approvals and permits or upon 60 days following the effective date of the contract, whichever date is earlier; and

The Installation Period commenced 10/03/2020 and ended 10/31/2021; and

The Operational Period commenced 11/01/2021 and shall continue through 10/31/2036, that is, for a period of 15 years.

Modification Term: No change to the contract term.

2-GM-MOD. MARYLAND AVIATION ADMINISTRATION (cont'd)

Original Contract Amount: For contract year one through contract year five of the Operational Period the Contract shall remain revenue neutral.

Beginning with the sixth year of the Operational Period of the Contract Term, Contractor shall pay a Minimum Monthly Guarantee of \$10,000 OR 30% of gross revenues, whichever is greater.

For each succeeding year following the sixth year of the Operational Period of the Contract Term, Contractor shall pay the greater of the percentage of operating concession fee or a MMG equal to 85% of the previous contract year.

Current Contract Amount: No change to the current financial conditions of the contract.

Prior Mods/Options: \$0.00 (Mod. #1: Confirmed that MAA was satisfied that Contractor had obtained all necessary approvals and permits; and, further, established the commencement dates for the Installation Period and the Operational Period, MAA Delegated Authority; 07/20/2020).

Requesting Agency Remarks: The Lease and Concession Contract was approved on January 29, 2020, as MDOT 2-GM. As part of Contractor's proposal which was submitted as the result of MAA's issuance of a Request for Proposals for a contractor to establish, operate and maintain a distributed antenna system, airport-wide Wi-Fi system and other wireless technology concession services at BWI Thurgood Marshall. The Contractor had agreed to integrate an interactive passenger wayfinding directory network at the Airport. Contractor has subsequently negotiated terms and conditions with a suitable manufacturer and supplier of the necessary equipment, and Contractor is ready to move forward with this element of their contract proposal. Once the modification has been approved by the Board of Public Works (BPW), Contractor shall move forward with the delivery and installation of a minimum of 36 interactive wayfinding kiosks at no cost to MAA or the State.

This type of revenue-producing contract at a transportation facility is outside the scope of the State Procurement Law (State Finance and Procurement Article §11-202(3); COMAR 21.01.03.03.B(1)(d). However, the contract and any modifications must be approved by the BPW because the contract constitutes a use of State Property under State Finance and Procurement Article, §10-305.

3-AE-MOD. MARYLAND TRANSIT ADMINISTRATION
Modification: Architectural/Engineering Contract

Contract ID: On-Call Construction Management & Inspection Services for Statewide
Construction Projects; *AE-20-001-B*
EPICS No: CO424923

Contract Approved: MDOT 7-AE, 06/08/2022

Contract Description: Provide construction management & inspection services for
statewide construction projects for the Maryland Transit Administration's (MTA) multiple modes.

Modification Description: Increase contract authority to fund on-going projects currently
assigned to the contract where the consultant provides inspection personnel, project management,
schedule reviews, close-out procedures and claim analysis.

Award: Wallace, Montgomery & Associates, LLP /
Rummel, Klepper & Kahl, LLP (JV); Owings Mills, MD

Original Contract Term: 06/09/2022 – 06/08/2027 (five years)

Modification Term: 05/08/2025 – 06/08/2027

Original Contract Amount: \$10,000,000.00 NTE

Modification Amount: \$ 5,500,000.00 NTE

Total Contract Amount: \$15,500,000.00 NTE

Prior Mods/Options: \$ 0.00 (Mod. #1: To revise the language in the
Contract Agreement to remove Article VI – Consultant
Reporting Requirements, Policies and Procedures, Section
6.1, Contract Work Order and Reporting Requirements, Item
2 – Narrative Activities Report; Delegated Authority – MTA,
09/26/2022)

\$ 0.00 (Mod. #2: To revise certain language in the
Contract related to MTA's work orders, approval of payroll
rosters and wages, and implementation of overhead rates
following required audits; Delegated Authority – MTA,

3-AE-MOD. MARYLAND TRANSIT ADMINISTRATION (cont'd)

Procurement Method: Qualification Based Selection

DBE/VSBE Participation: 25% / 0%

DBE/VSBE Compliance: 30.97% / 0%

Requesting Agency Remarks: The Consultant shall provide project On-Call Construction Management Inspection Services for Statewide Construction Projects for MTA's Office of Construction Management Division, on an "as-needed" work order basis. These services will provide construction inspection, survey, and design support personnel for a variety of projects related to MTA Transit Facilities (Bus, Metro Heavy Rail, MARC, Commuter, Freight Rail and Light Rail Capital Improvements). This increase is required in order to fund on-going and upcoming projects assigned to the contract where the consultant provides inspection personnel, project management, schedule reviews, close-out procedures and claim analysis. It is imperative to have continuity to complete the projects because of the consultant team's familiarity and acquired knowledge. A lack of authority would negatively affect the MTA's schedule for the completion of these tasks. Approximately 93% of contract authority has been committed to date.

A 25% DBE goal was established for the contract. Wallace, Montgomery & Associates, LLP/Rummel, Klepper & Kahl, LLP (JV), is exceeding the DBE Goal, with a compliance of 30.97%.

14.37% / 0.03% (Contract C)

Living Wage Eligible: Yes

Performance Security: Performance & Payment Bonds at 10% of the Contract Amount

Hiring Agreement Eligible: No

Requesting Agency Remarks: MTA's paratransit service operates seven days per week, 24 hours per day, and generally serves the same geographic area served by MTA's fixed-route system as required by the ADA. The service includes all areas of Baltimore City, parts of Baltimore and Anne Arundel Counties located inside the Baltimore Beltway (I-695), and all other areas of Baltimore and Anne Arundel Counties located within a three-quarter-mile radius of MTA's fixed-route services. MTA schedules approximately 6,500 trips a day, which is an increase of approximately 1,400 trips since the beginning of this contract, certified paratransit users may request service by 5:00pm the day before. The MTA monitors the on-time performance level of the contractors. This contract secures multiple vendors to operate MTA's ADA paratransit transportation service delivery by providing drivers, management, and fleet maintenance.

Competition from other industries and transit systems have increased wages to attract new employees. Due to this, the vendors have struggled to hire and retain operators. In the fourth quarter of 2023, each vendor reported that operator vacancies were increasing. MTA's mobility passengers depend on MTA's Mobility Link to provide reliable and safe transportation. As a result of these staffing vacancies, passengers are being left to wait for extended periods of time for their rides, some missing critical medical appointments or arriving late to work. Amendment 2 adjusted the operators' starting minimum wage rate and established a minimum wage rate for operators with at least one year of service.

Each contract has an MBE participation goal; however, only First Transit, Inc is meeting its goal. MV Transportation, Inc and Transdev Services, Inc have a compliance rate slightly below the goal. In addition, each contract has a VSBE participation goal, and each vendor is currently not compliant. The MTA is committed to working with each vendor to ensure that the MBE and VSBE goals are met for this contract. Each vendor has provided the MTA with a corrective action plan that explains how the vendor will become compliant with the established MBE and VSBE participation goal before the contract term expires.

5-E-MOD. MOTOR VEHICLE ADMINISTRATION
Modification – Equipment

Contract ID: High Volume Central Issuance Equipment Upgrade; *V-HQ-15029-E*
EPICS No.: CO424525

Contract Approved: DGS 24-E, 05/13/2015

Contract Description: This contract is for the purchase of two high-volume printers, one mailer/inserter, associated software, printer and mailer supplies, training services, emergency backup service, maintenance, and warranty. The equipment and services will support the Motor Vehicle Administration (MVA) Central Issuance Project which enables the MVA to fully produce, design, issue, and mail driver's licenses, identification, and specialized cards to Maryland residents from its headquarters in Glen Burnie.

Modification Description: Modification No. 7 increases contract funding and extends the contract term to allow sufficient time to procure a new contract.

Award: Thales DIS USA, Inc. (formally known as Gemalto, Inc.)
Austin, TX

Original Contract Term: 05/15/2015 – 05/14/2020 (w/one, five-year renewal option)

Modification Term: 05/15/2025 – 05/14/2026

Original Amount: \$3,543,559.86

Modification Amount: \$321,980.00

Prior Options/Mods: \$431,986.00 (Mod. No.: 1 - additional equipment, DGS 4-E-MOD, 03/28/2018)
\$1,655,398.36 (Exercise Renewal Option, DGS 12-E-OPT, 04/22/2020)

\$22,000.00 (Mod.: No.: 6 – Add new equipment to support, Delegated Authority, 11/22/2024)

5-E-MOD. MOTOR VEHICLE ADMINISTRATION (cont'd)

Total Contract Amount:	\$6,370,020.22
Percent +/- Change (this item):	9.09%
Total Percent -/- Change:	70.68%
Procurement Method:	Multi-Step Competitive Sealed Bidding
Living Wage Eligible:	No
MBE/VSBE Participation:	8% / 0%
MBE/VSBE Compliance:	8.10% / 0%
Performance Security:	10% Payment Bond, 2% Performance Bond
Hiring Agreement Eligible:	No

Requesting Agency Remarks: The MVA has successfully implemented a new driver's license system, which replaced the old, decentralized card printing system with a centralized and secured card processing unit. Today, the unit produces and mails: Driver Licenses, Driver Licenses Under 21, Identification Cards, Identification Cards under 21, and specialized cards for the State of Maryland. As part of the contract, Thales DIS USA, Inc., formally known as Gemalto, Inc., supports all the software they developed and the integration between Thales DIS USA, Inc. formally known as Gemalto, Inc. and the MVA systems.

This one-year extension allows for continuity of uninterrupted service and support of the MVA's most critical identification production system. This contract provides annual maintenance and support for the printers and mailer, software maintenance agreements, printing supplies, and emergency backup. Also included are dedicated on-site support staff, five days a week.

The vendor is currently exceeding the 8% MBE participation goal established for this contract, with a compliance rate of 8.10%.

Requesting Agency Remarks: On April 11, 2023, the solicitation was advertised in The Daily Record, SHA web page, and eMaryland Marketplace Advantage (eMMA). The advertisement was for 10 contracts for \$20 million each not to exceed \$200 million for CMI services for SHA. A total of 799 firms were notified via eMMA and an additional 3,010 DBE firms were directly solicited. SHA received 16 expressions of interest. From the reduced candidate list, SHA invited 16 firms to submit technical proposals. SHA used qualifications-based selection and found 10 consultants eligible for contract award. There were no protests filed.

This contract series is to provide construction management and inspection of all phases of construction and system preservation related operations on various projects. Services may be used in all districts statewide.

SHA has confirmed McCormick Taylor, Inc./Pennoni Associates Inc. (JV) and Stantec Consulting Services, Inc./AECOM Technical Services, Inc.'s (JV) bid prices.

The SHA Procurement Review Group reviewed the contract scope of work to determine the potential for establishing DBE and VSBE participation goals, as well as a Small Business Enterprise designation. A 27% DBE participation goal was established for each contract within this award series. No VSBE goal was established for this contract.

Incumbents: Pennoni Associates, Inc. / Volkert, Inc.; Century Engineering, Inc. / Greenman-Pedersen, Inc.; A. Morton Thomas & Associates, Inc./Whitney, Bailey, Cox & Magnani, LLC

Requesting Agency Remarks: On May 2, 2023, the solicitation was advertised in The Daily Record, SHA’s web page, and eMaryland Marketplace Advantage (eMMA). The advertisement was for three contracts for \$7 million each, not to exceed \$21 million, for Construction Management & Inspection (CMI) Services, Statewide SBE for SHA. A total of 853 firms were notified via eMMA and an additional 2,874 DBE firms were directly solicited. SHA received 11 Expressions of Interest and developed a Reduced Candidate List. From the Reduced Candidate List, SHA invited six firms to submit technical proposals. SHA used a qualifications-based selection and found three consultants eligible for the contract award. No protests were filed.

This contract is to provide construction management and inspection of all phases of construction and system preservation related operations on various projects. Services may be used in all districts statewide.

SHA has confirmed Development Facilitators, Inc./CES Consulting, LLC (JV)’s bid prices and the work conducted on this contract is performed by a State-certified Disadvantaged and Small Business Enterprise.

The SHA Procurement Review Group reviewed the contract scope of work to determine the potential for establishing DBE and VSBE participation goals, as well as a Small Business Enterprise designation. A 0% DBE goal was set for this project based on the contract having a single element of work. No VSBE goal was established for this contract.

MDOT 22

8-M. STATE HIGHWAY ADMINISTRATION (cont'd)

Requesting Agency Remarks (cont'd):

This project for litter pick-up supports the SHA's commitment to enhancing and safeguarding the environment by reducing litter strung across the roadsides and polluting our sewers and waterways.

SHA has confirmed New Age Contracting Services, LLC's bid price and the work conducted on this contract is performed 100% by a State-Certified Small Business.

Per BPW Advisory 2001-1, the SHA Procurement Review Group reviewed the contract scope of work to determine the potential for establishing MBE and VSBE participation goal as well as a Small Business Reserve designation. A 0% MBE goal has been set for this project based on the minimal number of MBE firms available within the work area certified with the NAICS code to perform the work. No VSBE participation goal was set due to a lack of certified firms to perform these services.

11-RP. STATE HIGHWAY ADMINISTRATION
Real Property – Easement

Recommendation: That the Board of Public Works approve the State Highway Administration (SHA) releasing a snow fence easement.

Authority: State Finance and Procurement Article, § 10-305
Annotated Code of Maryland

Property: MC# 25-2933
Herbert F. Hintze & Russell F. Hintze, located south of MD Route 5 (Leonardtwn Road), east of Motley Place, and east & west of Patchwork Place in Waldorf, Charles County.

Grantor: State of Maryland, SHA

Grantee: Waldorf Leonardtown Development, LLC, a Maryland limited liability company

Consideration: \$500

Requesting Agency Remarks: In 1962, SHA acquired the subject property in conjunction with improvements to MD Route 5 between Waldorf and MD Route 328. SHA proposes to release the snow fence easement to the adjoining owner (Waldorf Leonardtown Development, LLC) at an administrative cost of \$500.

12-LL. THE SECRETARY'S OFFICE
Lease/Landlord

Recommendation: That the Board of Public Works approve the State Highway Administration (SHA) leasing real property as landlord.

Authority: State Finance and Procurement Article, § 10-305
Annotated Code of Maryland

Property: Item# 39737
Garden Construction Company (± 0.746 acres), located at 1719 Belmont Avenue in Windsor Mill, Baltimore County.

Landlord: State of Maryland, SHA

Tenant: BEC Management, Inc; NEC, LLC

Space Type: Gravel lot for parking cars

Lease Type: Renewal (Continued use)

Lease Term: Three years (05/21/2025-05/21/2028)

Effective Date: May 21, 2025

Annual Rent: \$1,685.25 per month

Requesting Agency Remarks: The subject property has been under an existing lease since 2008. TSO proposes a three-year lease renewal to the above tenant for the purpose of storage of automobiles, trucks, and two removable trailers to be used as a temporary office to accommodate the business.

13-LL. THE SECRETARY'S OFFICE
Lease/Landlord

Recommendation: That the Board of Public Works approve the State Highway Administration (SHA) leasing real property as landlord.

Authority: State Finance and Procurement Article, § 10-305
Annotated Code of Maryland

Property: Item# 66151/66920
Arlene Knock & Charles Quillen (± 8.00 acres), located north of MD Route 90 (Ocean City Expressway) directly adjacent to 9026 Pitts Road in Berlin, Worcester County.

Landlord: State of Maryland, SHA

Tenant: Ronald J. Holland

Space Type: Farmland

Lease Type: Renewal (Continued use)

Lease Term: Three years (01/01/2026-01/01/2029)

Effective Date: January 1, 2026

Annual Rent: \$840 per year

Requesting Agency Remarks: The subject property has been under an existing lease since 2007. TSO proposes a three-year lease renewal at 90% of the appraised economic rent value to the above tenant for agricultural use. The tenant had already paid their annual rent for 2025 prior to renewing this lease, therefore the Office of Real Estate and Economic Development is seeking to make the lease effective as of January 1, 2026.

*Department of General Services***

Contract ID: Exterior Window Replacement at South Pavilion; *CC-624-230-001*
ADPICS No.: 001B3600333, CTR022713

Contract Description: Design to replace building exterior windows, storefront, and top lighting windows at South Pavilion at Baltimore City Community College in Baltimore City. Includes building envelope systems, interior finishes, fixtures, and partitions.

Award: Morris & Ritchie Associates, Inc.; Abingdon, MD

Contract Term: 07/01/2025 - 06/30/2027

Amount: \$14,055

Procurement Method: Sole Source (*Continuity of Service*)

MBE/VSBE Participation: 0% / 0%

Incumbents: Same

Requesting Agency Remarks: This contract was originally assigned through an indefinite-quantity contract, DGS-34-GM-1.3, 04/19/2023, which expires on June 30, 2025, and will not be extended. The window design is almost complete, but the work is delayed because the manufacturer needed to develop engineered drawings of the aluminum framework due to its vast area and taking wind shear into consideration. After the design has been completed, the project will move through the bidding and negotiation, construction, and post-construction phases. It is estimated that the remaining phases can be completed within two years.

It is essential that the current design team continue the work to maintain project continuity and to ensure the remaining design effort and construction administration services can be completed in a timely manner. A new solicitation is not feasible because a new firm will not take liability for previous design work and the project would need to start over and the State would incur additional costs.

MBE and VSBE participation were not assigned because the amount is under \$50,000.

The price has been determined to be fair and reasonable. The price remained the same as in the prior contract.

18-AE. ARCHITECTURE AND ENGINEERING (cont'd)

Requesting Agency Remarks: A notice of the availability of the Request for Proposals (RFP) was advertised on eMaryland Marketplace Advantage (eMMA) on September 30, 2024. Two proposals were received on November 27, 2024, and both were determined to be responsibly susceptible of being selected for award. Once the technical rankings were complete, DGS commenced fee negotiations with the highest-ranked firm, Bushey Feight Morin Architects, Inc.

The Negotiation Committee certified the negotiations were conducted in accordance with the regulations and policy. The price proposal was based on the scope of services outlined in the project program and DGS procedures for providing architectural and engineering services. The negotiated price proposal was fair, competitive, and reasonable based on historical Statewide architectural and engineering rates.

The firm has committed to exceeding the established 5% MBE participation and achieving 6.86% MBE participation.

April 23, 2025

19-S. SERVICES CONTRACT (cont'd)

Requesting Agency Remarks: A notice of the availability of the Request for Proposals (RFP) was advertised on eMaryland Marketplace Advantage (eMMA) on November 6, 2024. A total of 18 potential contractors were solicited. Six proposals were received, and three were determined to be reasonably susceptible of being selected for award. Three were deemed not reasonably susceptible to being selected for the award because they did not have expertise regarding Medicare Fee-for-service, private-payer individual and group insurance structures, pricing, and data, particularly concerning cost sharing and development and structure of hospital outpatient fee schedules. Also, they lacked expertise regarding Medicare and private payer claims analytics, financial modeling derived from those analytics, particularly cost sharing, expertise with the Maryland Total Cost of Care Model (TCOC), and global budget experience in providing formal analytical reports to government agencies. The recommended offeror, Milliman, Inc., was determined to be most advantageous to the State as its proposal was both ranked highest technically and was lowest in price.

MBE or VSBE participation was established for this contract because there are no subcontracting opportunities.

**20-S. SERVICES CONTRACT
*Department of Health, Center for Tobacco and Prevention Control***

Contract ID: Counter Tools Point-of-Sale-Toolkit; *MDH-OPASS #25-24663*
ADPICS No.: M00B5600599

Contract Description: Counter Tools point-of-sale-toolkit (POST) to track and store surveillance data on tobacco retailers. POST is a password-protected software system used to compile all tobacco retail outlet inspection, education and assessment data into a unified database that can be tracked, edited and searched. It also provides tools to investigate, visualize, compare and monitor tobacco retailer compliance with existing state and federal restrictions on the sale of tobacco products to persons under 21 years old.

Award: Counter Tools; Chapel Hill, NC

Contract Term: 05/08/25* - 08/31/28 (*Or earlier upon BPW approval)

Amount: \$453,239

Procurement Method: Sole Source

MBE/VSBE Participation: 0% / 0%

Performance Security: No

Incumbent: Same

Requesting Agency Remarks: The Counter Tools point-of-sale-toolkit (POST) software was developed by the University of North Carolina (UNC), which owns all associated intellectual property rights, copyrights, and trademarks and is not available for transfer or purchase. UNC has retained sole ownership of POST® but launched a distinct 501(c)(3) nonprofit organization which granted it the exclusive license to further develop and disseminate that software and to generate data and support its use by public health organizations wishing to develop and maintain point-of-sale surveillance capacities.

POST®, a web-based software tool that allows users to upload and access a complete list of tobacco retailers within their state, and the ability to store, monitor, and track enforcement and education visits by local jurisdictions, inspection visits, and FDA compliance checks. It also allows users to create and view reports, infographics, and interactive maps. This is the only software product in the nation that allows users to assess this type of point-of-sale surveillance.

DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
April 23, 2025

20-S. SERVICES CONTRACT (cont'd)

Agency Remarks (cont'd):

As of June 1, 2024, 223 registered POST users were across all 24 Maryland jurisdictions, representing staff from LHDs, local enforcement agencies. Additionally, POST houses data for over 57,900 enforcement visits dating back to CY 2012, including more than 27,300 LHD and local enforcement agency visits, 25,700 FDA compliance checks, and 4,800 state Synar inspection visits. Counter Tools has continued to enhance the POST system to meet MDH and LHDs' needs by improving the web-based platform's functionality and adding additional reporting tools. MDH will continue to work with local and state entities to track enforcement of the tobacco sales laws and other policy initiatives, which is especially important as new state and federal laws go into effect and to ensure Maryland is following the requirements of federal funding received.

No other organization, for-profit or nonprofit, offers the same suite of software tools, training, and technical assistance as Counter Tools. Maryland and several other state tobacco control programs and Attorneys General's offices have entered into agreements with Counter Tools® to meet their point-of-sale surveillance needs, such as Indiana, Florida, Massachusetts, South Carolina, and Virginia.

The price is considered fair and reasonable. Building a similar system from scratch would be significantly more expensive for the Department. Research indicates that software development typically costs between \$50,000 and \$250,000 over 6 to 12 months. Additionally, ongoing management expenses could range from \$100,000 to \$300,000 annually, factoring in staffing requirements.

MBE or VSBE participation was established for this contract because there are no subcontracting opportunities.

21-S-OPT. SERVICES OPTION (cont'd)

Performance Security: No

Requesting Agency Remarks: The Senior Prescription Drug Assistance Program (SPDAP) provides financial assistance to approximately 28,000 Maryland residents who are eligible for Medicare Part D and are enrolled in a Medicare Part D prescription drug plan (PDP). The Maryland Health Insurance Plan (MHIP), an independent state agency whose primary mission was to administer the State of Maryland’s High-Risk Insurance Pool.

The contractor acts as a disbursement agent for the State in providing approximately \$10 million per year in premium costs, deductibles and co-insurance costs for eligible program participants from a State-owned bank account directly to participants’ Medicare Part D pharmacy insurance plans. Revenues into and disbursement from this State-owned bank account are reconciled monthly. Replenishment of the funds in this State-owned bank account also occurs monthly.

Per Section 14-106 (d) (1)(iii) of the Insurance Article of the Annotated Code of Maryland, CareFirst is required to pay up to \$14 million per year to subsidize SPDAP in order for CareFirst to qualify as a nonprofit health service plan and receive a premium tax exemption. (Senior Prescription Drug Assistance Program.

Contract ID: Quality Services Reform Initiative Rate Reform Development; SSA/RRRFP-23-001-A1

ADPICS No.: COK83578

Contract Approved: DGS 36-S, 06/08/2022

Contract Description: Develop payment rates for Medicaid clinical services and direct care rates for children receiving services in Maryland Residential Child Care Programs, Child Placement Agencies, and non-residential providers.

Modification Description: Add services to effectuate the completion of rate reform.

Option Description: Exercise the first renewal option.

Award: Public Consulting Group LLC; Boston, MA

Original Contract Term: 07/01/2022 - 06/30/2025 (w/two 1-year renewal options)

Modification Term: 05/08/2025* - 06/30/2026 (*Or earlier upon BPW approval)

23-S-OPT/MOD. SERVICES OPTION/MODIFICATION (cont'd)

Original Procurement Method: Competitive Sealed Proposals

MBE/VSBE Participation: 0% / 0%

MBE/VSBE Compliance: 0% / 0%

Performance Security: No

Requesting Agency Remarks: This modification continues support for the development and execution of the Children’s Quality Services Reform Initiative (CQSRI). A major component of this initiative is developing a revised rate-setting process, which will apply to Maryland Child Placement Agencies (CPA), Residential Child Care (RCC) providers, and selected non-residential service providers.

In collaboration with DHS and consultation with the Interagency Rates Committee, the Contractor continues to provide expertise in developing a standardized rate-setting methodology and class-based rates by provider/service type and provide other support related to the specific task of rate setting.

MBE and VSBE participation was not established for this contract because the contract requires the unique skill set of a provider to provide rate development for residential services. The revised rate setting is currently an initiative called the Children's Quality Services Reform Initiative. A major component of this initiative is developing a revised rate-setting process, which will apply to Maryland child placement agencies, residential childcare providers, and selected non-residential service providers. There are limited resources within the State of Maryland to provide this unique service. Approximately four (4) companies have the skillset specific to children's residential services within a State. As a result, no subcontracting opportunities are available.

24-S-MOD. SERVICES MODIFICATION (cont'd)

MBE/VSBE Participation: 0% / 0%

MBE/VSBE Compliance: 0% / 0%

Performance Security: No

Requesting Agency Remarks: Under the Blueprint for Maryland's Future and Education Code § 7-210, the Maryland State Department of Education is tasked with administering a Kindergarten Readiness Assessment (KRA) to all incoming kindergarten students that are racially and culturally unbiased.

MSDE is choosing to expand the KRA to include both math readiness and behavioral screening (Star Early Literacy, Star Math, and SAEBRS) and to expand the ELA to include a math sub-score and behavioral screening (Star Early Literacy and ProLADR). Additionally, MSDE is choosing to delay the operational rollout until Year 2 and use Year 1 of the Contract to prepare for Year 2.

No MBE/VSBE participation was included due to a lack of certified vendors within the scope of work.

25-IT. INFORMATION TECHNOLOGY
Comptroller of Maryland

Contract ID: Technical Support for Fraud Detection and Business Intelligence Division;
E00B5600031

ADPICS No.: E00B5600031

Contract Description: Fraud Detection and Business Intelligence Division (FDBI) and Information Technology Division (ITD) with continued personnel and subject matter expert knowledge support required to support crucial initiatives. Includes Data Warehouse maintenance and reporting, annual tax year change configuration and reporting, Compass integrated tax system implementation, and Executive Leadership and Organizational Transformation.

Award: Mathtech, Inc.; Hamilton, NJ

Contract Term: 06/06/2025 - 06/05/2028

Amount: \$979,200

Procurement Method: Sole Source

MBE/VSBE Participation: 0% / 0%

Performance Security: No

Incumbent: Same

Requesting Agency Remarks: The growing complexity and importance of the Data Warehouse requires expertise with historical knowledge of the data and technical architecture and Maryland tax systems, both legacy and modern. Mathtech, Inc. possesses deep subject matter expertise of the databases and an understanding of the data elements and relationships of more than 2,000 tables across many systems. It takes many years to become an expert in these existing systems; the current staff has gained this level of expertise and become a vital resource for daily operations. Conducting a competitive procurement at this time would introduce significant risk to our legacy systems and the Data Warehouse program. The time and experience lost would significantly impact the agency’s operational effectiveness because of their tenure and the resulting knowledge of the technology, data, processes, and staff; the agency must retain Mathtech, Inc. to ensure continuity of service.

**DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
April 23, 2025**

25-IT. INFORMATION TECHNOLOGY (cont'd)

Agency Remarks (cont'd):

The price has been determined to be fair and reasonable based on historical pricing. The proposed hourly rate of \$170 reflects only an increase of 6.25% from 2007 to 2025 despite inflation and market changes. This pricing aligns with the most recent NASPO contract, which is \$170/hour, and against the current Program Director rate of \$175 on Mathtech, Inc.'s NASPO contract.

MBE or VSBE participation was established for this contract because there are no subcontracting opportunities.

Contract ID: Call Center, Contact Center Services; 001B3600088
ADPICS No.: 001B3600088

Contract Approved: DGS, 22-IT, 12/18/2024

Contract Description: Call center, contact center services.

Modification Description: Correct erroneous award amount from DGS item 22-IT, 12/18/2024. The original item listed the total award amount as \$211,841.50, which included a \$73,253.50 base term and two one-year renewal options. The corrected amount, based on historical usage, is a \$3,500,000 base term and two \$700,000 renewal options for \$4,900,000.

Award: CMD Investment Group, Inc.; Hunt Valley, MD
(Certified Small Business)

Original Contract Term: 01/01/2025 - 12/31/2030 (w/two 1-year renewal options)

Modification Term: No additional time is required.

Original Contract Amount: \$ 3,500,000 (Base Term)
\$ 700,000 (Renewal Option #1)
\$ 700,000 (Renewal Option #2)
\$ 4,900,000 Total

DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
April 23, 2025

26-IT-MOD. INFORMATION TECHNOLOGY MODIFICATION (cont'd)

MBE/VSBE Participation: 25% / 5%

MBE/VSBE Compliance: 0% / 0%

Performance Security: No

Requesting Agency Remarks: The original agenda item approved on 12/18/2024 inadvertently listed the awardee's one-year price instead of the five-year base price. Additionally, the procurement officer did not take into account historical usage when preparing the item for BPW approval. Therefore, based on historical usage patterns from the 2015 contract and current statewide demand, the corrected five-year base price is \$3.5 million.

The award amount differs from the evaluated price because the evaluated price is based on a model in the RFP solely for evaluation purposes. The call center contract financial page included per-minute and per-unit costs multiplied by an estimated number of calls. The award amount represents an estimate of the amount to be paid to the contractor, which may vary depending on the actual usage of the contract by State agencies. However, the per-minute and per-unit prices remain fixed for the duration of the contract.

Call center services are established by work orders based on the individual needs of each agency. The Contractor provides various agencies with general program support and fulfillment services related to the Call/Contact Center. Services include distributing information packets to individuals who have contacted the Call Center. These call center services allow agencies to enhance customer service to citizens through a toll-free number and, in some cases, by sending emails to a general email account. Under the call center arrangement, citizens reach an answering point located in Maryland that is staffed between 8:00 AM and 8:00 PM Monday through Friday, except for State holidays. In addition, citizens are provided some information 24 hours per day, 7 days per week. This contract is used by several agencies, including DBM, DHCD, MDH, MDOT, SBE, SRA, and the Governor's Office, and each agency maintains its toll-free call center number independently. MBE compliance is not yet available as this contract was approved on 12/18/2024 with the incorrect contract value. Therefore, no work has been approved.

OFFICE OF STATE PROCUREMENT
ACTION AGENDA
April 23, 2025**

27-IT. INFORMATION TECHNOLOGY (cont'd)

1.0 *Consulting and Technical Services Plus (CATS+) (cont'd)*

Agency Remarks: By law, SBE must ensure a functional application is available at all times, and the earlier transition date ensures compliance with the legal requirements. Once the interim application is complete, the contractor will proceed with the implementation of the new system. The adjustment will facilitate a seamless transition, maintain data integrity, and mitigate risks associated with compatibility issues or incomplete migration.

The Task Order needed to commence at an earlier date for a variety of reasons that became apparent during the incumbent's transition activities. Starting the contract earlier than originally anticipated creates an approximately two-month overlap between the current contract and the new contract. The incumbent has faced delays due to the complexity of migrating historical data into the new system. Having the new awardee onboard earlier has allowed for a collaborative transition effort. Additionally, Prince George's County held special elections, and the primary election was held on March 4th during this retroactive term. Candidates who have filed a certificate of candidacy must report their contributions and expenditures. Without an effective system, candidates cannot meet the requirements of Maryland Election Law § 13-304.

It wasn't until after the award announcement was made that it was discovered the transition period would require overlapping services, and SBE underestimated the complexity of the transition process. The contract with the existing vendor, including hosting services, ends on March 31. Without an interim application in place, while the new contractor develops the new system, SBE would be non-compliant with state regulations, which requires an online, searchable application to always be available.

This task order was approved at the January 29, 2025, BPW meeting as DGS 29-IT 1.1 and no payments have been made to the prime contractor yet and no payments have been made to the MBE subcontractor.

\$40,184.24 (Mod #7 Additional RSA tokens Delegated Authority - SBE 03/22/2024)

Total Contract Amount: \$16,258,115.15

MBE/VSBE Participation: 0% / 0%

MBE/VSBE Compliance: 0% / 0%

Resident Business: No

Fund Source: 100% Special Funds (County Funds)

Agency Remarks: The current contract expires on 12/31/2025, just before the 2026 gubernatorial election season. The primary election is scheduled for April 2026. Building and fully testing new primary and COOP data centers, migrating applications and data, and ensuring readiness for the election season is not feasible between 01/01/2026 and the 2026 gubernatorial primary. Migrating SBE's critical data center services involves extensive planning, resource allocation, and time. In the critical periods before, during, and after elections, SBE resources are severely limited due to their focus on election tasks and activities. Extending the contract ensures uninterrupted services and allows this planning to occur during a non-election year when key resources are more available. Replicating existing infrastructure and integrations with a new vendor will require significant effort, increasing the risk of downtime. To mitigate this risk, these tasks must be conducted in an off-election year. Additionally, this extension will align the data center strategy with other long-term agency goals, such as procuring a new Voter Registration and election management system, a public-facing voter Services website, and a new pollbook solution, all of which would have components hosted at the data center and Disaster Recover Data centers. Implementing a new data center solution too early in the overall process could put SBE in a position where a rushed timeline means an award has to be made without the critical information needed to ensure the data center meets all the needs of the new elections systems it would be hosting.

**DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
April 23, 2025**

27-IT. INFORMATION TECHNOLOGY (cont'd)

1.0 Consulting and Technical Services Plus (CATS+) (cont'd)

Regarding modifications to the current option period prior to the requested extension, migrating these servers to the primary data center and Continuity of Operations Center (COOP will create the required geographic redundancy for these services for the remainder of the contract. Remote Desktop Services (RDS) licenses facilitate multi-factor authentication, an industry best practice for security, and is recommended by DoIT and the Federal Election Assistance Commission (EAC).

There are no MBE or VSBE subcontracting opportunities for this task order because SBE determined that very strict controls for this data center contract are required. Segmenting any portion of the contract introduces more potential security risks into a scope of work where security is of utmost importance. This data center will contain voter registration information Statewide for voters, which must be protected. Koniag Services is a federal DBE.

- 1.3 *Using Agency:*** Department of Education

Agency Remarks: The price has been determined to be fair and reasonable. The cost is \$37,816.45 lower than the list price.

MBE and VSBE participation was not established for this contract because there are no subcontracting opportunities available.

- 3.3 *Using Agency:*** Department of Human Services, MD THINK
Description: Includes three Red Hat products/services:
Red Hat JBoss Enterprise Application Platform (JBoss EAP) delivers security, performance, and scalability on the MD THINK platform. This is done by improving the deployment, management, clustering (running on multiple servers at same time), and performance (caching and startup) of the application, improving the customer experience. It greatly simplifies running and managing the Java applications across the MD THINK platform.

27-IT. INFORMATION TECHNOLOGY (cont'd)

3.0 Commercial Off-the-Shelf Software (COTS) 2012 (cont'd)

Red Hat JBoss Fuse is an open-source Enterprise Service Bus (ESB) that connects different applications, data, and systems across the MD THINK platform. It allows data to move from different systems, applications, services, and devices for both internal systems and external services. This provides a cleaner data flow and communication between the various systems on the MD THINK platform and simplifies the integration of existing and new systems.

Red Hat Ansible Tower is a critical tool used in the platform for configuration management, deployments, patch management, and task automations. *MDTHK/MDTHK-25-059-C; N00B5600371*

**31- E. EQUIPMENT CONTRACT
*Department of State Police, Procurement Division***

Contract ID: Robot Upgrades; CTR021952
ADPICS No.: W00R5600013/W00P5601368

Contract Description: Upgrade existing twenty-year-old Peraton/Remotec F6 robot that is currently deployed to the Peraton/Remotec Spartan ground-based explosive mitigation robot. The upgrade to the Spartan model provides the ability to utilize the existing F6 chassis. The robot replaces the need to send in a bomb technician to mitigate a potential explosive incident. Includes a one year warranty.

Award: Remotec, Inc.; Clinton, TN

Contract Term: Anticipated delivery date - 05/30/2025

Amount: \$461,299

Procurement Method: Sole Source

MBE/VSBE Participation: 0% / 0%

Performance Security: No

Incumbent: N/A

Requesting Agency Remarks: This vendor is the only company authorized to upgrade the current robotic systems. The upgrade to this model provides the ability to use the existing F6 chassis and only Remotec, Inc. can provide this type of specification. If this is not purchased there is potential to unnecessarily expose the bomb technicians to hands-on operations, which pose a significant danger.

The Federal Bureau of Investigation (FBI) manages the Public Safety Bomb Technician Program in the United States. The management of the program includes training and certification of the individual bomb technician, as well as certification of each agency's bomb squad. For the Office of the State Fire Marshal (OSFM) to maintain its operational certification, it is essential to keep/maintain the necessary equipment as mandated by the FBI.

**DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
April 23, 2025**

31-E. EQUIPMENT CONTRACT (cont'd)

The price has been determined to be fair and reasonable. The price is within the cost that was expected for this procurement. A new equivalent robotic platform, with a new chassis, would have an approximate cost of \$342,729.00. Utilizing the existing F6 chassis saves approximately \$116,728.00 per unit. There is no comparable robotic platform that offers the features included in the Peraton/Remotec quote which meets the FBI certification criteria.

MBE and VSBE participation were not established for this contract because there are no subcontracting opportunities.

32-EX. EXPEDITED PROCUREMENT
Department of Health, Office of Enterprise Technology

Recommendation: The Maryland Department of Health on behalf of its Office of Enterprise Technology is requesting approval to use the Expedited Procurement method as per the Code of Maryland Regulations (COMAR) 21.05.06.03

Contract Description: Clifton T. Perkins Hospital (Perkins) is operated by the Maryland Department of Health (MDH) as the State's only maximum-security forensic psychiatric hospital. It has a capacity of 289 patients and currently maintains a waitlist of court-ordered patients who can only be placed at the facility. MDH has no additional swing space to accommodate the patient population at the hospital, and patients must be cared for in an inpatient psychiatric hospital facility. An interruption in operations would create a risk of cessation of services.

Perkins currently utilizes an analog public address system to facilitate regular and emergency announcements throughout the campus. Some components of the system can be dated to the original facility construction in 1959, and some were added between 1972 and 1984 with the construction of the Rehabilitation Wing and Medium Security Wing. The system is failing, primarily due to age, causing operational and security disruptions. Attempts to repair the existing system have been unsuccessful and facility staff lack the skills and expertise to replace the system. Failure to replace the aging system could present the following impacts:

Physical Security – The system is utilized to generate security response announcements that broadcast to staff in all areas of the campus. If staff are unable to hear requests for security response due to insufficient or nonfunctioning speakers it could endanger the safety of staff and patients.

Life Safety – The system is utilized to generate announcements for on-call physician response for patients experiencing medical emergencies. If the on-call physician is in their office or sleeping quarters they will not hear the announcement which delays response time, thereby putting patient health and safety at risk.

Operational Response Testing – The system is used to conduct routine staff response testing to ensure staff are following required safety protocols. If staff are unable to hear these announcements due to areas lacking system coverage, it will produce skewed testing results.

**DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
April 23, 2025**

32-EX. EXPEDITED PROCUREMENT (cont'd)

Clifton T. Perkins Hospital is subject to the standards set forth by the Code of Maryland Regulations, Life Safety Codes, The Joint Commission, Office of Health Care Quality, and other laws and standards to ensure patient safety and health. The inability to effectively make critical announcements throughout the campus can negatively impact the continuum of care to the patient population, violate patient care and safety policies, and can place the State at risk for loss of licensure and accreditation. These negative effects can be long-lasting and place patients and staff at risk.

Utilizing competitive sealed bids or competitive sealed proposals will not prioritize the health and safety of the patients, staff, or community. Extending the timeline of the permanent replacement and repairs of failed or critical and fragile infrastructure could further jeopardize the continuity of operations.

Pursuant to Maryland State Finance & Procurement Article (SFP) § 13-108 (d)(1), MDH’s Procurement Officer, with approval of the Agency Head, has determined that this procurement should be expedited because: (1) urgent circumstances require prompt action; (2) an expedited procurement best serves the public interest; and (3) the need for the expedited procurement outweighs the benefits of making the procurement on the basis of competitive sealed bids or competitive sealed proposals. However, the procurement officer shall attempt to obtain as much competition as reasonably possible per SFP § 13-108(d)(2).

34-RP. REAL PROPERTY

Department of Agriculture, Maryland Agricultural Land Preservation Foundation (MALPF) and Agricultural Land Preservation Easements (Various Properties)

Reference: Approval is requested for the Maryland Agricultural Land Preservation Foundation, Department of Agriculture, to accept option contracts for the purchase of agricultural preservation easements on the following properties: All purchases outlined below have been reviewed and approved by the MALPF Board.

Special Conditions: Grantor relinquishes all rights to develop or subdivide the land for industrial, commercial, or residential use. Land shall be preserved solely for agricultural use in accordance with provisions of the Agricultural Article. No commercial signs or bill boards are permitted, and there shall be no dumping on land except as is necessary to normal farming operations. Grantor shall manage the property in accordance with sound agricultural practices. Grantee shall have the right to enter land for inspection. No public rights are granted. The term of these easements shall be in perpetuity pursuant to Agriculture Article Section 2-514.1.

As to item 1, pursuant and subject to the provisions of Agriculture Article Section 2-513, Grantor has elected to reserve to himself, and his assigns, the right to apply for release of one unrestricted lot, that may be conveyed to himself or others. Note that as to Items 9-11, 15, 17, and 26, the unrestricted lot will be a building envelope that will not be subdivided from the farm.

DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
April 23, 2025

43-LT TENANT LEASE (cont'd)

Procurement Method: Exempt – Intergovernmental Lease See Annotated Code of Maryland, State Finance & Procurement Article, §4-318 (1)

Remarks: The Board of Public Works is requested to approve an intergovernmental lease with an initial term of twenty-seven (27) years between the Maryland Department of Health (MDH) as Tenant and Maryland Economic Development Corporation (MEDCO) as Landlord. MEDCO will use MDH's lease to facilitate the sale of MEDCO tax-exempt bonds for the purposes of renovating the office building and constructing a new 1,172-space parking garage. MEDCO will enter into a ground lease and development agreement with the prior landlord and now developer Greene Street Ventures, LLC (GSV).

Background: After BPW's approval of the original operating lease, and as the Department of General Services (DGS) and GSV were in the design phase of the project in 2023, market conditions changed in the commercial real estate market, which impacted this project. These challenges included rising interest rates, changes in lending requirements, and increased project costs due to inflation. As a result, the Landlord requested to modify the terms of the 2022 operating lease given the size and scale of this project, which included an increase in the lease term to 20 years, a full waiver of the termination for convenience provision, and various change orders to account for increased project costs.

After receiving this request, DGS evaluated the available options for the MDH relocation. Of the available options, transitioning to a MEDCO intergovernmental / capital lease proved to be the most cost-effective and time-efficient solution. Since the MEDCO model can only be used for buildings where the state is a single tenant, coupled with the desire to consolidate MDH's various locations into a centralized headquarters location, the Metro West site was the only existing site that met the requirements.

This option will save the State as much as \$80 million compared to the 2022 operating lease, extrapolated over the financing term. This will also permit the project to continue to move forward at this location without any undue delays. An additional benefit to this project includes the construction of a new onsite garage that will provide MDH with 565 additional parking spaces compared to the 2022 lease (1,666 spaces versus 1,101 spaces). At the end of the bond amortization period, the title to the parking garage will be conveyed to the State.

DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
April 23, 2025

43-LT TENANT LEASE (cont'd)

Further benefits include the ability to finance \$44.5 million in furniture, fixtures, equipment, and move costs that are traditionally operating costs and the moving agency's responsibility, which can also be financed as part of the capital lease. This will alleviate a significant impact on the operating budget during this fiscally challenging climate. The state will also have more long-term control over the Metro West grounds and building. Staying in this location also supports community revitalization in this sector of Baltimore City and the surrounding area, which includes the University of Maryland at Baltimore and the Lexington Market.

Under the prior operating lease model, there were numerous costs to be incurred by MDH that were not reflected in the base rental rate, including: utilities, parking, furniture, fixtures, equipment, moving expenses, low voltage, audio-visual equipment, security equipment, and real estate tax escalations over a base amount. However, in the capital lease model, the added benefit is that all applicable costs are included in the bond financing project and capital lease payment structure.

Capital Lease Project: MEDCO shall issue and sell bonds, the proceeds of which will be used to fund the building and garage projects in a total amount not to exceed \$220 million for a 25-year bond amortization period. The furniture, fixtures, and equipment (FFE) costs of \$44.5 million are included in this not to exceed amount. The interest rate will be dependent upon the bond sale to occur in July 2025. MEDCO shall enter into a development agreement with GSV to include (1) the redevelopment of 497,100 square feet of space located within a five (5) story building at 300 N Greene Street and portions of the lower level of the adjacent building at 400 N Greene Street as well as the sky bridge connecting 300 and 400 North Greene Street; and (2) the construction of a new 1,172 space parking garage located at 300 North Greene Street.

Interest / Rent Components / Due Dates: MDH will begin paying operating expenses and off-site parking costs only upon occupancy, which is anticipated to start in December 2026. Full rent payments will begin on July 1, 2027. MEDCO's final bond maturity is expected on or about June 1, 2052.

Total costs for FY 2027 will not exceed \$3.8 million for building rent, operating expenses, and temporary parking costs. See companion item ___ - LT for approval of the Temporary Parking Lease. These costs were approved as a budget amendment to the Dedicated Purpose Account in the 2025 legislative session for FY 2026. It is anticipated these funds will not be needed until FY 2027.

**DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
April 23, 2025**

43-LT TENANT LEASE (cont'd)

Total costs for FY 2028 are estimated at a not-to-exceed cost of \$25 million. This will include the full rent and expenses for the building and garage. Below is a summary of this not-to-exceed cost estimate. These costs will be appropriated in the future FY 2028 budget.

FY 2028:

<i>Annual Building Rent :</i>	\$11,983,178	<i>Square Foot Rate:</i> \$24.11SF
<i>Annual Building Operations:</i>	\$5,336,272	
<i>Annual Parking Rent:</i>	\$2,051,604	
<i>Annual FF&E Repayment:</i>	\$3,927,967	
<i>Financing Contingency**</i>	<u>\$1,700,000</u>	
<i>Total:</i>	\$24,999,021***	

***** The Financing Contingency is available pending the final credit rating outcome and its impact on annual building rent, parking rent, furniture, fixtures, and equipment (FF&E) expenses when the MEDCO bonds are sold in July 2025.***

******This is a not-to-exceed estimate based on forecasted bond payments.***

Renewal Options: After the bonds are paid in full, no further payments will be due to MEDCO. MDH will continue to be responsible for the ground rent, standard operating costs and reserves.

Future Purchase Options: MDH has negotiated an option to purchase the facility that can be exercised at either the end of the 20th year of the lease term or the end of the 27th year of the lease term. The purchase price will be determined by a formula applying a capitalization rate to the applicable ground rent.

Continuing Disclosure Requirement: Additionally, the State will be requested to enter into a Continuing Disclosure Agreement relating to the State's annual financial statements and other information required by Rule 15c2-12 of the Securities Exchange Act of 1934.

**DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
April 23, 2025**

43-LT TENANT LEASE (cont'd)

Climate & Sustainability: This renovation project includes the installation of new high-efficiency and energy-saving HVAC systems. The new all-electric HVAC system will be designed to assist in achieving efficiency above a code-compliant HVAC system. The integration of these advanced technologies ensures the facility will meet or exceed energy performance standards while promoting sustainability and environmental responsibility in compliance with the Maryland High-Performance Green Building Program, the International Energy Conservation Code (IECC), as well as the Greenhouse Gas Reduction Act (GGRA) of 2009 and the Climate Solutions Now Act - SB 528.

Statutory Authority: Pursuant to the provisions of State Finance and Procurement Article, Section 12-204(d)(2)(ii), the General Assembly has approved the capital lease in the budget for the requesting unit, MDH. A budget amendment was approved during the 2025 legislative session. The Intergovernmental Lease with MEDCO is exempt in accordance with the Annotated Code of Maryland, State Finance & Procurement Article, Section 4-318 (1).

SUPPLEMENTAL

45-S. SERVICES CONTRACT (cont'd)

Requesting Agency Remarks: A notice of the availability of the Request for Proposals (RFP) was advertised on eMaryland Marketplace Advantage (eMMA) on October 26, 2024. A total of 1,147 potential contractors were notified of the solicitation. Three proposals were received on November 29, 2024, and all were determined to be reasonably susceptible of being selected for award. The recommended offeror, Empower Retirement, LLC, was determined to be most advantageous to the State as its proposal was both ranked highest overall and was lowest in price.

One contractor filed a protest on February 26, 2025, which was denied on March 3, 2025. The contractor then appealed the protest denial to the Maryland State Board of Contract Appeals (MSBCA) on March 12, 2025. On March 19, 2025, MSRP filed a motion to dismiss the sole ground of the protest appeal for lack of jurisdiction of MSBCA based on untimeliness and a failure to exhaust administrative remedies. The Motion to Dismiss was granted with prejudice by MSBCA on April 10, 2025.

MSRP relies on a third-party plan administrator to provide services to State employee supplemental retirement plan participants. The third-party administrator is responsible for administering approximately 60,000 MSRP participant accounts with total assets under management of approximately \$6 billion. The current contract with the incumbent contractor expires on 8/14/2025. The incumbent contractor is contractually required to cooperate with the apparent awardee to transfer 50 years' worth of plan and participant data before 8/15/2025, the anticipated start of the new contract. The apparent awardee's transition plan anticipated a 6-month transition period. While that period could be moderately compressed, there still needs to be a several-month transition period.

- Fund Source:** 100% Non-Budgeted (Fees collected directly from Member accounts)

- Approp. Code:** G50L00

- Resident Business:** Yes

- MD Tax Clearance:** 25-0518-0011
