BOARD OF PUBLIC WORKS
SECRETARY'S
ACTION AGENDA
February 26, 2025

1. **DEPARTMENT OF AGRICULTURE** (cont'd)

Remarks: The Maryland Department of Agriculture has determined that each of these projects is eligible for cost-share funds. Each project has received technical certification from the appropriate Soil Conservation District Office. The farmer has signed the cost-share agreement and accepts the grant conditions.

**2. DEPARTMENT OF AGRICULTURE
*Maryland Agricultural Cost-Share Program- Additional Funding***

Recommendation: That the Board of Public Works approve granting additional general obligation bond proceeds to one individual grant under the Maryland Agricultural Cost-Share Program.

Authority: “Cost-Sharing-Water Pollution Control,” §§ 8-701 to 8-705, Agriculture Article, Annotated Code of Maryland; COMAR 15.01.05

Amount: \$3,553

Fund Source: MCCBL of 2018: *Provide funds for assistance for the implementation of best management practices that reduce soil and nutrient runoff from Maryland farms.* Item 18274

County	Recipient	Agreement #	Amount
Queen Anne’s	John E. Dixon, Sr.	AT-2024-2752	\$3,553

Remarks: The Maryland Department of Agriculture has determined that this project is eligible for cost-share funds. The project has received technical certification from the appropriate Soil Conservation District Office. The farmer has signed the cost-share agreement and accepts the grant conditions.

Additional funds are requested for these projects to offset additional costs realized at the completion of each project. These additional costs are a result of design changes required based on site conditions encountered during construction.

5. **BOARD OF PUBLIC WORKS**
Wetlands Licenses

Recommendation: The Board of Public Works Wetlands Administrator recommends that the Board grant a license for projects involving filling and dredging in the navigable waters of Maryland.

MDE: The Maryland Department of the Environment concurs with this recommendation.

Authority: Section 16-202, Environment Article, Annotated Code of Maryland: “*The Board shall decide if issuance of the [tidal wetlands] license is in the best interest of the State, taking into account the varying ecological, economic, developmental, recreational, and aesthetic values [the] application presents.*” See also COMAR 23.02.04.

ANNE ARUNDEL COUNTY

24-0723 **YOLANDE LYNCH-** To stabilize an eroding shoreline by constructing a living shoreline consisting of marsh edging, a hooked groin, and a stone sill, and enhancing existing marsh by excavating *Phragmites* via mechanical means and planting high and low marsh vegetation over sand fill.
Shady Side, Chesapeake Bay
Special conditions: Requirements for marsh establishment area, signing and acceptance of marsh maintenance plan, constructing vents, excavated material disposal, and planting the excavated Phragmites area with native vegetation.
Wetlands Created: 5,354 square feet

24-0784 **MICHAEL B. DECKER JR.-** To reduce shoreline erosion and provide beach nourishment by removing an unauthorized platform, constructing a finger pier, boat lifts with associated piles, a personal watercraft lift, and a mooring pile, replacing in-kind stone groins, constructing a stone groin, nourishing an existing beach with sand, and constructing a stone revetment.
Pasadena, Chesapeake Bay
Special conditions: Requirements for constructing beach nourishment area, and design and construction of stone revetment. Restrictions on number of pier slips, lifts, or hoists, total platform area, attaching accessory platforms to existing or proposed boat lifts, and use of asphalt rubble in the revetment.

BOARD OF PUBLIC WORKS
SECRETARY'S
ACTION AGENDA
February 26, 2025

5. **BOARD OF PUBLIC WORKS** (cont'd)

KENT COUNTY

- 24-0604 *ALEX RAY*- To reduce shoreline erosion by constructing stone containment structures, filling and grading with sand, planting marsh vegetation, constructing segmented stone containment sills, and constructing a stone revetment.
Chestertown, East Fork Langford Creek
Special conditions: Time of year restriction. Requirements for marsh establishment area, signing and acceptance of marsh maintenance plan, constructing vents, and design and construction of stone revetment. Restrictions on use of asphalt rubble in the revetment.
Wetlands Created: 21,307 square feet

QUEEN ANNE'S COUNTY

- 24-0747 *NARROWS REAL ESTATE, LLC* – To replace an existing pier and improve navigational access by removing a pier and associated structures, and constructing a timber pier with a “T” shaped platform, finger piers, and mooring piles.
Kent Island, Kent Island Narrows
Special conditions: Requirements for removing existing pier and associated structures. Restrictions on attaching accessory platforms to any existing or proposed boat lifts.

6. **BOARD OF PUBLIC WORKS**
Wetlands License -- #24-0635 – Ferry Cove Project, LLC
Mitigation

Recommendation: The Board of Public Works Wetlands Administrator recommends that the Board:

1. Grant a tidal wetlands license to construct a boat ramp, and
2. Require mitigation for impacts to submerged aquatic vegetation (SAV) by expanding an existing oyster reef.

MDE: The Maryland Department of the Environment concurs with the recommendations.

- Application received June 13, 2024
- Public comment period ended December 15, 2024
- MDE Report and Recommendation February 5, 2025

Authority: Section 16-202, Environment Article, Annotated Code of Maryland: “*The Board shall decide if issuance of the [tidal wetlands] license is in the best interest of the State, taking into account the varying ecological, economic, developmental, recreational, and aesthetic values [the] application presents.*” See also COMAR 23.02.04.

Mitigation: Constructing a boat ramp will result in permanent impacts to 272 square feet of SAV. MDE recommends that the licensee mitigate for the 272 square feet of impact to SAV at a 6:1 ratio (COMAR 23.02.04.11.B) by constructing 1,632 square feet of oyster reef that will be planted with oyster spat.

272 square feet of impact x 6 (6:1 ratio) = 1,632 square feet of required mitigation

TALBOT COUNTY

24-0635 *FERRY COVE PROJECT, LLC* – To provide water access for harvesting oysters by constructing a boat ramp.

Sherwood, Ferry Cove

Special conditions: Time of year restriction. Requirements for constructing and maintaining a cofferdam or similar containment structure, maintaining and monitoring the mitigation site, and mitigation project compliance with specific plans.

**7. DEPARTMENT OF NATURAL RESOURCES
*Shoreline Conservation Service***

Recommendation: That the Board of Public Works levy the charge that the property owners, Mr. Jeffrey R. and Ms. Sarah S. Daigle, must repay for a shore erosion control project.

Authority: Section 8-1006, Natural Resources Article, Annotated Code of Maryland
“On receipt of certification from DNR that a shore erosion control project has been satisfactorily completed; the Board of Public Works shall fix and levy a benefit charge on the benefited property.”

Funds: The borrower makes annual installment payments. Funds are deposited into the Shore Erosion Control Revolving Loan Fund.

Remarks: DNR certifies that the appropriate documents have been recorded among county land records and that the construction of this project has been satisfactorily completed.

<u>Project #</u>	<u>Owner</u>	<u>Description</u>	<u>County/ District</u>	<u>Amount</u>	<u>Term</u>

8. **MARYLAND DEPARTMENT OF THE ENVIRONMENT**
Maryland Drinking Water State Revolving Loan Fund

Recommendation: That the Board of Public Works approve new funding as described.

Authority: Maryland Water Infrastructure Financing Administration Act
Sections 9-1601--9-1622, Environment Article,
Annotated Code of Maryland

Project: Karla Lane Water Main Replacement

Recipient: Washington Suburban Sanitary Commission (WSSC)

Amount: Up to \$3,276,849

Location: Prince George's County/Legislative District 26

Project Description: This project is part of WSSC's Water Reconstruction Program which involves the rehabilitation and replacement of water mains, house connections and large water services. The purpose of the program is to renew and extend the useful life of these assets. Portions of the water distribution system are more than 80-years old and are experiencing problems. Selected replacement is necessary to supply water in sufficient quantity, quality and pressure for domestic use and firefighting. The water mains serving Karla Lane area are beyond their useful life and need to be replaced. The Karla Lane Water Main Replacement Project involves the replacement of replacement lines in portions of Murray Hill Drive, Alcoa Drive, Hart Road, Barrett Road East, Karla Lane, and various other adjacent streets in the Fort Washington area in Prince George's County. This project will be constructed in accordance with coastal and non-coastal resiliency guidelines developed as part of the Coast Smart Program to reduce climate change risks to such projects.

Financing Description:

A. New Loan \$1,776,849 (estimated) – Drinking Water State Revolving Fund

Term. Period not to exceed 30 years following project completion

Rate. Disadvantaged community interest rate of 25% of the average of the Bond Buyer 11-Bond Index for the month preceding loan closing. (Based on this formula, in fiscal year 2024, loan recipients received interest rates ranging from 0.80% to 1.00%).

Security. Borrower will deliver its bond, along with its full faith credit endorsement, to the Maryland Water Infrastructure Financing Administration.

B. New Loan Forgiveness (up to) \$1,500,000 – Drinking Water State Revolving Fund

This funding is provided under the Drinking Water State Revolving Loan Fund Program disadvantaged-community criteria. The principal forgiveness loan terms/grant conditions are enforceable should grantee default.

Project: Newburg Drive Water Main Replacement

Recipient: Washington Suburban Sanitary Commission (WSSC)

Amount: Up to \$4,229,457

Location: Prince George's County/Legislative District 22

Project Description: This project is part of WSSC's Water Reconstruction Program, which involves the rehabilitation and replacement of small diameter water mains, house connections and large water services. The purpose of the program is to renew and extend the useful life of these assets. Portions of the water distribution system are more than 80-years old and are experiencing problems. Selected replacement is necessary to supply water in sufficient quantity, quality and pressure for domestic use and firefighting. The water mains serving the Newburg Drive area are beyond their useful life and need to be replaced. The Newburg Drive Water Main Replacement Project involves the replacement of water mains. The replacement lines will be installed in portions of Newburg Drive, Wilhelm Drive, Heidelberg Road, Nashville Road, Kepner Court, and various other adjacent streets in the Lanham area in Prince George's County. This project will be constructed in accordance with coastal and non-coastal resiliency guidelines developed as part of the Coast Smart Program to reduce climate change risks to such projects.

Financing Description:

A. New Loan \$2,729,457 (estimated) – Drinking Water State Revolving Fund

Term. Period not to exceed 30 years following project completion

Rate. Disadvantaged community interest rate of 25% of the average of the Bond Buyer 11-Bond Index for the month preceding loan closing. (Based on this formula, in fiscal year 2024, loan recipients received interest rates ranging from 0.80% to 1.00%).

Project: Parkwood Drive I Water Main Replacement

Recipient: Washington Suburban Sanitary Commission (WSSC)

Amount: Up to \$7,536,323

Location: Montgomery County/Legislative District 18

Project Description: This project is part of WSSC's Water Reconstruction Program, which involves the rehabilitation and replacement of small-diameter water mains, house connections, and large water services. The purpose of the program is to renew and extend the useful life of these assets. Portions of the water distribution system are more than 80-years old and are experiencing problems. Selected replacement is necessary to supply water in sufficient quantity, quality, and pressure for domestic use and firefighting. The water mains serving the Parkwood area are beyond their useful life and need to be replaced. Phase I of the Parkwood Water Main Replacement Project involves the installation of replacement lines in portions of Parkwood Drive, Parkwood Terrace, Saul Road, Roxbury Drive, Wildwood Road, Woodfield Road, Amherst Lane, and various other adjacent streets in the Kensington area of Montgomery County. This project will be constructed in accordance with coastal and non-coastal resiliency guidelines developed as part of the Coast Smart Program to reduce climate change risks to such projects.

Financing Description:

A. New Loan \$6,036,323 (estimated) – Drinking Water State Revolving Fund

Term. Period not to exceed 30 years following project completion

Rate. The standard interest rate of 50% of the average of the Bond Buyer 11-Bond Index for the month preceding loan closing. (Based on this formula, in fiscal year 2024, loan recipients received interest rates ranging from 1.70% to 1.90%).

Security. Borrower will deliver its bond, along with its full faith credit endorsement, to the Maryland Water Infrastructure Financing Administration.

12. **DEPARTMENT OF PLANNING**
Maryland Historical Trust
Maryland Maritime Archaeology Program

Recommendation: The Maryland Historical Trust recommends that the Board of Public Works approve the activities of the Maryland Maritime Archaeology Program as proposed for the 2025 field season. This Item also summarizes the Program's 2024 activities.

Authority: Sections 5A-333–5A-346, State Finance & Procurement Article, Annotated Code of Maryland

Background: The Submerged Archaeological Historic Property Act established the Maryland Maritime Archaeology Program (MMAP) within the Maryland Historical Trust. This Act charges the Trust with identifying and managing the State's submerged archaeological sites. Under the Act, anyone seeking to excavate or disturb submerged archaeological sites on State lands must obtain a permit from the Trust. The law specifically exempts the Trust from the permit requirement. Instead, the Trust must obtain Board of Public Works approval before undertaking any activity that would otherwise require a permit. In 2025, the Trust proposes to carry out activities that require Board approval.

PROPOSED 2025 ACTIVITIES REQUIRING BOARD APPROVAL

The 2025 MMAP field season will include survey of known sites as well as work in new areas around the State. This work may include activities involving limited ground disturbance which requires archaeological permits from the Trust or Board of Public Works approval. These activities include recovering artifacts to help determine site age, and probing, testing, or sampling to determine the site size and integrity. Trust staff will conserve and analyze any recovered materials and write a report. All work and participation of volunteers and interns are dependent on staff availability, funding, training, and necessary health and safety considerations.

Mallows Bay (*Charles County*)

MMAP will continue to partner with Charles County, DNR, and NOAA, as well as the Sanctuary Advisory Council on education and outreach programs as well as the management of the historic vessels and cultural resources in the Mallows Bay-Widewater Historical and Archaeological National Register District, now also the Mallows Bay-Potomac River National Marine Sanctuary. MMAP will provide guidance and oversight for graduate students conducting research in the sanctuary; at present one is from East Carolina University, and one is from Texas A&M University.

U-1105 Historic Shipwreck Preserve (*St. Mary's County*)

MMAP will continue to support ongoing research and condition assessment of U-1105 undertaken by the non-profit organization Battle of the Atlantic Research and Expedition Group. Support in 2025 is expected to include MMAP staff-lead archaeological training activities.

BOARD OF PUBLIC WORKS
SECRETARY'S
ACTION AGENDA
February 26, 2025

12. DEPARTMENT OF PLANNING (cont'd)

Patuxent River and Buzzard Island Creek (Calvert County)

MMAP plans to inspect a number of anomalies identified by NOAA's Office of Coast Survey in Patuxent River which may represent archaeological resources and continue its documentation and monitoring of a log-built vessel discovered in 2020 which exhibits rare and possibly unique construction details.

Chester River (Kent County)

MMAP has chosen a stretch of the Chester River where 7000-year-old artifacts have been recovered by watermen from what are believed to be intact, submerged, and buried archaeological sites to initiate a study which combines archaeological and geological desktop research with data collection using a parametric sub-bottom profiler, side scan sonar, and subsurface sampling. This study will employ various data collection and analysis techniques related to paleo landscape reconstruction to assist in the assessment of potential for the preservation of submerged and buried archaeological sites which were inundated during creation of Chesapeake Bay. This initial effort, originally scheduled for 2024, will include instrument testing and preliminary data collection necessary to develop a more extensive research plan. Work was postponed until 2025 because of the late delivery of equipment needed for this project which was not received until October 2024.

Diverse field investigations (Various Counties)

MMAP will continue to provide lectures, courses, field activities, and other educational programming related to maritime archaeology virtually and/or in person. Staff will continue to provide hands-on experiences in site recording methods and remote sensing to volunteers, interns, and members of non-profit volunteer organizations which work in Maryland. Site recording and remote sensing experiences include fieldwork that does not require ground disturbance, artifact recovery, sampling, or probing.

MMAP will continue to conduct site inspections as needed to assist with review of projects in accordance with state and federal historic preservation laws. These will be undertaken while observing all practices necessary for health and safety.

MMAP will continue to facilitate the updating of the U.S. Coast Guard and EPA Emergency Response Area Contingency Plan, MMAP reviews and evaluates shoreline and submerged archaeological historic properties to prioritize protection and response strategies.

MMAP will continue to participate in and provide guidance to state and federal agencies, such as the Department of Natural Resources regarding aquaculture and development in Maryland waters; the Bureau of Ocean Energy Management on issues related to offshore wind energy development; the Department of Homeland Security's Maritime Security Committee; and the Maryland and Potomac Area Contingency Planning Committee. These activities may require limited field investigations.

BOARD OF PUBLIC WORKS
SECRETARY'S
ACTION AGENDA
February 26, 2025

12. **DEPARTMENT OF PLANNING** *(cont'd)*

SYNOPSIS OF THE 2024 FIELD SEASON

The 2024 MMAP field season was impacted by ongoing supply chain disruptions in obtaining equipment.

U-1105 Historic Shipwreck Preserve *(St. Mary's County)*

MMAP continued to support fieldwork related to ongoing research and condition assessment of U-1105 undertaken by the non-profit organization Battle of the Atlantic Research and Expedition Group (BAREG). Support in 2024 included MMAP staff-lead archaeological training activities and guidance related to inspection and sampling which will benefit all the agencies managing this Preserve.

Mallows Bay *(Charles County)*

MMAP continued to partner with Charles County, DNR, and NOAA, as well as the Sanctuary Advisory Council on education and outreach programs as well as the management of the historic vessels and cultural resources in the Mallows Bay-Widewater Historical and Archaeological National Register District, now also the Mallows Bay-Potomac River National Marine Sanctuary. MMAP continued to facilitate research by a master's student and a doctoral student from East Carolina University, and a doctoral student from Texas A&M University.

Patuxent River and Buzzard Island Creek *(Calvert County)*

MMAP was notified that a Chesapeake Bay log canoe which was discovered submerged and embedded in Patuxent River during 2020 had been removed from the river in June 2023 and was in danger of rapid deterioration. MMAP staff redirected its field efforts originally planned for August and October 2023 to begin documenting its construction which was found to exhibit rare and possibly unique construction details. Documentation was completed in 2024 of additional vessel parts recovered from Buzzard Creek.

Curtis Bay and Curtis Creek *(Baltimore City and Anne Arundel County)*

(Postponed due to staff availability)

MMAP will undertake the recording and documentation of the historic vessels located in several loci within Curtis Bay and Curtis Creek.

Upper Potomac River *(Allegany, Washington, and Frederick Counties)*

(Postponed due to staff availability)

MMAP will initiate a multi-year study to relocate previously recorded native and colonial fish traps and fish weirs to assess their condition, as well as to survey for undocumented traps and weirs noted in historic documents, from aerial survey or reported but not recorded officially. Survey for the remains of other historic structures in these areas will also be included.

BOARD OF PUBLIC WORKS
SECRETARY'S
ACTION AGENDA

12. **DEPARTMENT OF PLANNING** *(cont'd)*

SYNOPSIS OF THE 2024 FIELD SEASON *(cont'd)*

Diverse field investigations *(Various Counties)*

Staff provided and organized various lectures on maritime archaeology, and hands-on experiences in site recording methods for students, volunteers, interns, and members of non-profit volunteer organizations. Some of these activities involved fieldwork, but none required ground disturbance, artifact recovery, sampling, or probing.

MMAAP continued to conduct site inspections when needed to assist with review of projects in accordance with state and federal historic preservation laws. Staff reviewed 775 projects in 2024 which included activities with potential to impact submerged archaeological sites, few required site inspections and no sampling, testing, or excavation was conducted.

MMAAP continued to facilitate the updating of the U.S. Coast Guard and EPA Emergency Response Area Contingency Plan and partnered with the Dept. of Interior to develop a Regional Unanticipated Discoveries Plan and a cultural resources Job Aid for responders. MMAAP reviews and evaluates shoreline and submerged archaeological historic properties to prioritize protection and response strategies.

MMAAP continued to participate in and provide guidance to state and federal agencies, such as the Department of Natural Resources regarding aquaculture and development in Maryland waters; the Bureau of Ocean Energy Management on issues related to offshore wind energy development; with the Department of Homeland Security's Maritime Security Committee; and the Maryland and Potomac Area Contingency Planning Committee.

**13. MORGAN STATE UNIVERSITY
*Lake Clifton High School Demolition***

Contract ID: Lake Clifton High School Demolition
DCM-LCHSD-25-1CM

Recommendation: Approve the award of the pre-construction construction management services with design contract to demolish the Lake Clifton High School.

Procurement Method: Competitive Sealed Proposal

Prior Approvals: None

Award: Barton Malow Builders
Baltimore, Maryland

Contract Term: 18 months from notice to proceed, plus a 2-year warranty.

Contract Amount: \$2,256,999

Proposals:

Offerors	Technical Ranking	Financial	Overall Ranking
Barton Malow Builders, LLC Baltimore, MD	2	\$2,256,999 (1)	1
Keller Brothers, Inc. Mt. Airy, MD	4	\$2,962,097 (2)	2
The Whiting Turner Contracting Co. Baltimore, MD	1	\$3,640,896 (3)	3
J. Vinton Schaefer Construction, LLC Abington, MD	3	\$3,971,349 (4)	4

MBE Participation Goal: 40.10%

Remarks: This request is for the Board of Public Works to approve the full construction management with design (pre-construction) contract amount and full cash expenditure of \$2,256,999 utilizing FY 2022 funds.

This project was procured through a competitive process and advertised on eMMA. Four firms submitted proposals with Barton Malow Builders providing the best value and most responsible proposal.

BOARD OF PUBLIC WORKS

13. MORGAN STATE UNIVERSITY (cont'd)

Remarks (cont'd):

The demolition and other required work will be bid out by the construction manager. In addition to the engineering required to demolish the building, work includes, but is not limited to, demolition, site stabilization, site lighting, and security. The construction manager will salvage certain pieces of art from the building, as was agreed to with the City of Baltimore, and provide site lighting. The CMAR construction GMP's will be submitted once they are available.

Morgan acquired the property and high school in 2022 (Secretary's Agenda, Item 15, July 27, 2022). The building is over 460,000 GSF, and the site is 58.9249 acres.

Based on subcontracting opportunities for these services, an MBE participation goal of 40.00% was established for this contract. Barton Malow Builders has committed to exceeding that goal. The Morgan State University Office of Design & Construction Management will continue to manage the Construction Manager's work with procurement support from the University's Procurement Office.

14. MARYLAND STADIUM AUTHORITY
Football Stadium – MOA Regarding Funding for Capital Works

Recommendation: That the Board of Public Works approve a Memorandum of Agreement related to funding for Capital Works Projects at the football stadium at Camden Yards Sports Complex by and between the Maryland Stadium Authority and the Baltimore Ravens Limited Partnership.

Background: On January 4, 2023, the Maryland Stadium Authority (“MSA”) and the Baltimore Ravens Limited Partnership (the “Team”) entered into an Agreement Relating to Football Stadium at Camden Yards Sports Complex (the “Agreement”) extending the Team’s tenancy at the football stadium (the “Stadium”) for an additional 15 years. See Secretary’s Agenda, Item 18 (1/4/2023). The Agreement identified certain capital works projects (the “Initial Projects”) to be undertaken at the Stadium, and which MSA and the Team agreed would be funded by proceeds of bonds to be issued by MSA.

In July 2023, MSA issued a two series of bonds (the “2023 Bonds”). The proceeds of the 2023 Bond were used to fund certain obligations MSA had under the Agreement with respect to initial funding of an emergency reserve fund and a capital works fund, and to pay the costs of select Initial Projects. See Secretary’s Agenda, Item 12 (5/17/2023). A confluence of several factors, including increased construction costs, design modifications, and changes to the project schedules (moving up the desired completion date of certain projects) has resulted in a funding shortage of \$55 million over and above what is available from the 2023 Bonds. Because of limitations on available funds for debt service, MSA cannot issue more bonds or incur additional debt for the Stadium until June 2026.

In order to maintain the current desired schedule of Initial Projects, as amended and modified by the mutual agreement of MSA and the Team, the Team has agreed to make a financial commitment that combines up to \$20 million in Team funds with no expectation of reimbursement from MSA or the State, and \$35 million of Team funds with the possibility of reimbursement from bonds MSA expects to issue in 2026.

A1. DEPARTMENT OF PUBLIC SAFETY AND CORRECTIONAL SERVICES

Contract Title: Emergency Service to Repair Steam Line Heating System in the Supervisory Offices and Visiting Room at Jessup Correctional Institution (JCI).
ADPICS No.: Q00P5602526

Contract Type: Maintenance

Contract Description: Repairs to multiple steam leaks that provide heat to the supervisory offices and visiting room at Jessup Correctional Institution (JCI).

Procurement Method: Emergency

Bids: JPG Plumbing and Mechanical, Inc.; Jessup, MD \$125,898.00
(Single bid received)

Award: JPG Plumbing and Mechanical, Inc.

Amount: \$125,898 NTE

Term: 30 days from delivery of materials

Date Emergency Declared: 1/17/2025

Contract Award Date: 1/22/2025

Date Emergency Reported: 2/06/2025

MBE / VSBE Participation: 0% / 0%

Fund Source: 100% General Funds

Appropriation Code: Q00S0201

Remarks: Nature of Emergency: The steam heating system supplying heat to the supervisory offices and visiting room at Jessup Correctional Institution (JCI) have failed. An investigation was conducted to find the root cause of the failure which revealed multiple leaks in the system. JCI maintenance personnel have implemented temporary repairs to restore heat in the immediate-term, but these fixes are considered short-term solutions and are not expected to hold up under the strain of the significantly colder temperatures predicted in the near future.

BOARD OF PUBLIC WORKS
SECRETARY'S ACTION AGENDA
APPENDIX
February 26, 2025

APP 2

A1. DEPARTMENT OF PUBLIC SAFETY AND CORRECTIONAL SERVICES
(cont'd)

Remarks (cont'd):

It is likely that the heating system will fail again under the strain of these colder temperatures, leaving the affected areas without heat. These repairs are vital to ensure a safe and healthy environment for the employees and visitors of the facility. This work is time sensitive and without this service, there will be no heat provided to these areas until the steam system is repaired and heat is restored. Additionally, not addressing the matter could leave the Department and State open to litigation from incarcerated individuals or their families.

Basis for Selection: To remain competitive, emergency calls for quotes were made to two vendors; JPG Plumbing and Mechanical Inc. (JPG) and Caribbean Piping and Welding (Caribbean). Both vendors are known for responding promptly to facility maintenance requests, are familiar with DPSCS facilities and security protocols, and have successfully completed similar work in the past. JPG was selected due to their immediate availability to assess the site and commence work. Caribbean did not have the workforce at the time to respond in a timely manner

A2. DEPARTMENT OF PUBLIC SAFETY AND CORRECTIONAL SERVICES

Contract Title: Emergency Service to Repair Steam Leak and Perform Mold Remediation at Patuxent Institution (PATX)
ADPICS No.: Q00P5602525

Contract Type: Maintenance

Contract Description: Emergency services to repair steam leaks and perform mold remediation as necessary at Patuxent Institution.

Procurement Method: Emergency

Bids: Maryland Mechanical Systems, Inc.; Baltimore, MD \$132,200.00
(Single bid received)

Award: Maryland Mechanical Systems, Inc.; Baltimore, MD

Amount: \$132,200 NTE

Term: 60 days from delivery of materials

Date Emergency Declared: 1/16/2025

Contract Award Date: 1/18/2025

Date Emergency Reported: 1/31/2025

MBE / VSBE Participation: 0% / 0%

Fund Source: 100% General Funds

Appropriation Code: Q00D0001

Remarks: Nature of Emergency: A steam leak in the F Block Housing Unit at PATX was discovered on January 16, 2025. In response, an inspection of the DD building basement was conducted to locate the source of the steam leak. The investigation revealed a sizable steam leak in the basement, which was directing steam toward the HVAC unit and surrounding insulation. As a result, this leak resulted in severe mold growth in the area immediately surrounding the HVAC unit and associated air handling equipment.

BOARD OF PUBLIC WORKS
SECRETARY'S ACTION AGENDA
APPENDIX
February 26, 2025

APP 4

A2. DEPARTMENT OF PUBLIC SAFETY AND CORRECTIONAL SERVICES
(cont'd)

Remarks (cont'd):

The HVAC and electrical infrastructure located within the DD building is critical to several housing units within PATX. This poses a significant health risk to both staff and incarcerated individuals (IIs) due to the proximity of the mold growth to the HVAC system that supplies several II housing units with circulating air. It was necessary to address this issue immediately in order to prevent the spread of mold spores through the facility and into units housing IIs.

Basis for Selection: To remain competitive, emergency calls were made to two vendors; JPG Plumbing and Mechanical Inc. (JPG) and Maryland Mechanical Systems, Inc. (MD Mechanical). Both vendors are known for responding promptly to facility maintenance requests, are familiar with DPSCS facilities and security protocols, and have successfully completed similar work in the past. MD Mechanical was selected due to their immediate availability to assess the site and commence work. JPG, however, did not have the necessary trained staff and equipment readily available to locate and repair leaking steam traps.

4A. RURAL LEGACY PROGRAM FUNDS
Frederick County

Recommendation: Approval to grant \$300,000 to **Frederick County** from Rural Legacy Funds to acquire a 116.47-acre conservation easement.

Carrollton Manor Rural Legacy Area –Horman Property

Prior Approval: Rural Legacy Area Grant for easement acquisitions:
 DNR-RP Item 15A (8/23/2023) \$3,135,000 for FY 2024

Project Description: Acquisition of this conservation easement will protect 116.47-acres of agricultural and forested land. An existing Rural Legacy easement (RL No. 5074) encumbering 104.82 acres adjoins this property and will be included and re-stated in this new easement in order to extinguish one (1) dwelling unit that had been reserved, such that the total acreage in the new easement will be 221.29 acres. The new easement will protect approximately 4,000 linear feet of vegetative buffers on unnamed tributaries to Renn Branch and 2,800 linear feet of forested buffers on Renn Branch, which is a designated Use Class III-P: Nontidal Cold Water and Public Water Supply stream in the Monocacy River watershed. This Rural Legacy easement, RL No. 35431, will be held by Frederick County. The County is contributing \$337,472.00 towards the cost of the easement and not seeking reimbursement for incidental, administrative, and program compliance costs.

Easement Value: \$637,472.00 (\$5,473.28 per acre)

**7A. RURAL LEGACY PROGRAM FUNDS
*Queen Anne’s County***

Recommendation: Approval to grant \$496,792.66 to **Queen Anne’s County** from Rural Legacy Funds to acquire a 127.76-acre conservation easement.

Foreman Branch Rural Legacy Area – Schumann Parcel 10 Property

Prior Approval: Rural Legacy Area Grant for easement acquisitions:
 DNR-RP Item 15A (8/23/2023) \$1,394,366 for FY 2024

Project Description: Acquisition of this conservation easement will protect productive agricultural and forest lands and provide permanent protection to approximately 575 linear feet of forested stream buffers along Pearl Creek and unnamed tributaries. Queen Anne’s County is not requesting reimbursement for administrative and compliance costs. This Rural Legacy easement, RL No. 35426, will be co-held by the Department of Natural Resources and the Board of County Commissioners of Queen Anne’s County.

Easement Value: \$485,401 (\$3,799.32 per acre)

Purchase Price: \$485,401 (\$3,799.32 per acre)

8A. PROGRAM OPEN SPACE STATE SHARE
Queen Anne's County (Coakley)

Recommendation: That the Board of Public Works approve the acquisition of a conservation easement on the property.

Description: This entirely forested property includes a portion of Tuckahoe Creek and is located within the headwaters of the Ecologically Significant Area known as Long Marsh-Crane Swamp. The extensive headwater wetlands on the property and their upland buffers regulate stream flow and maintain the hydrology of downstream wetland and aquatic habitats that support rare fish and are vital to the aquatic food chain. The conservation easement will protect Forest Interior Dwelling Species habitat, protect water quality in the Southeast Creek Watershed, and contribute to other conservation efforts in the area.

POS Scoring System 75 out of 100

Targeted Ecological Area: Yes

Grantor: Brett E. Coakley and Jessica Marie Coakley

Grantee: The State of Maryland to the use of the Department of Natural Resources

Property: 109.08+/- acres, unimproved, POS No. 34669

Easement Value: \$366,000 (\$3,355.34 per acre)

9A. PROGRAM OPEN SPACE STATE SHARE
Allegany County (Navarre Minerals Company)

Recommendation: That the Board of Public Works approve the acquisition.

Description: This mostly forested property is located adjacent to Wills Mountain State Park and will be managed by Maryland Park Service as an addition to the park. The property supports State Threatened, Endangered, and In Need of Conservation Species habitat. Acquisition will protect the Wills Creek sub-basin of the upper Potomac River Watershed, a popular Put-and-Take Trout Fishing Area that supports a diverse range of native cool water fish. Acquisition of the property will expand public recreational opportunities for mountain biking, hiking, birding, and hunting in an area with stunning scenic vistas.

POS Scoring System: 72 out of 100

Targeted Ecological Area: Yes

County Approval: The Commissioners of Allegany County approved this acquisition pursuant to Natural Resources Article, §5-910, Annotated Code of Maryland.

Grantor: Navarre Minerals Company

Grantee: The State of Maryland to the use of the Department of Natural Resources

Property: 103.76+/- acres, unimproved, POS No. 13439

Price: \$205,000

Appraisals: \$135,000 (9/26/23) – Melville P. Peters

\$208,000 (9/15/23) – Terry R. Dunkin

\$135,000 (11/10/23) – Terrence W. McPherson

All appraisals reviewed by Dave Wallenberg, Chief Review Appraiser

Remarks: Appraisals are older than a year due to lengthy negotiations.

Stabilization funds: \$20,500

Stabilization funds are authorized to stabilize the structural integrity of improvements existing on land at the time of acquisition, eliminate health and safety hazards, protect water quality, and provide public access. See Natural Resources Article §5-903

10A. TIMBER SALE
Allegany County

Recommendation: That the Board of Public Works approve this timber sale of 245,367 board feet of sawtimber, and 379 cords of pulpwood, which will be conducted in Compartment 7 off Big Ridge Road in Green Ridge State Forest.

Green Ridge State Forest
38 acres /Compartment 7 (GR-02-25)

Description: This will be a Variable Retention harvest in Compartment 7. The harvest will retain 10% of the original stand in patches and retain legacy trees. Healthy dominant and codominant trees have been retained as seed trees to benefit wildlife, and for aesthetic values. All serviceberry, white pine and dogwood will be retained. After the harvest, the stand will be left to regenerate naturally.

No bond money was used in the purchase of this land.

Authority: Natural Resources Article § 5-102 and § 5-214, Annotated Code of Maryland.

Sales Method: Competitive Sealed Bid (One-step method). See BPW Advisory 2005-2.

Bids:

American Hardwood Industries, LLC	VA	\$127,162.53
McCusker Logging	MD	\$92,800.00

**1-S-MOD. UNIVERSITY OF MARYLAND, COLLEGE PARK
*Service Contract***

Contract ID: Implementation services for AssetWorks; PO #115361

Recommendation: That the Board of Public works approve a modification to the contract with AssetWorks for implementation services associated with the AssetWorks Facilities Management Solution.

Contract Description: Implementation Services for AssetWorks Facilities Management Solution.

Award: AssetWorks, San Antonio, TX

Procurement Method: Competitive Sealed Proposals

Proposals:

Offeror	Price	Technical Rank	Price Rank	Overall Ranking
AssetWorks, LLC	\$959,350	1	2	1
Planon	\$384,645	2	1	2

Note: Planon’s implementation hours were an initial estimate and did not include integrations or other aspects of the implementation work that would be necessary. They indicated the hours for necessary integrations would be provided following integration design work.

Original Contract Term: Twenty-four (24) months from commencement of services.

This Modification Term: Thirteen (13) months

Modification Amount: \$336,305

Original Contract Amount: \$959,350 (Awarded by UMCP on 9/16/2022 within Authority- See Requesting Institution Remarks)

Revised Contract Amount: \$1,295,655

Fund Source: Institutional Funds

1-S-MOD. UNIVERSITY OF MARYLAND, COLLEGE PARK (cont'd)
Service Contract

MBE Participation: None: This is a software implementation through AssetWorks and must be performed by AssetWorks. There are no other implementation partners available and therefore no MBE subcontracting opportunities.

Requesting Institution Remarks: In July 2021, the University of Maryland facilities organizations including Facilities Management in the Division of Administration and Department of Residential Facilities, Dining Services, Stamp Student Union, and RecWell in the Division of Student Affairs entered into a contract for a campus wide integrated work management system and capital projects and project management planning tool (software). The solicitation was advertised on eMaryland Marketplace Advantage attracting four (4) responses. Two (2) were determined as not susceptible for award. A separate contract was awarded for the professional services required to implement with the AssetWorks solution. The contract was awarded in the amount of \$959,350 for the professional service fees. The awards for the software and the services were made within the University's delegated authority; however, the University is now seeking the approval of the Board of Public Works to add additional service hours that were unanticipated at the time of initial contract award. This is due to the following:

- At contract onset, the AssetWorks software implementation was timed in alignment with the original Workday launch schedule due to the need for HR, Finance, Procurement, and Billing feeds anticipated between these two systems. When the Workday implementation was delayed, the project team determined it was necessary to plan for integration with UMD's legacy systems. The AssetWorks implementation later faced a delay necessitating a return to the original plan aligning the implementation to occur after the revised Workday implementation date of November 15, 2024. Additional costs were incurred because AssetWorks performed work for both legacy and future systems which was not originally anticipated
- Since the original contract award, additional campus facilities partners have joined the effort, such as Public Safety, which added scope to the project.
- The project has added project scope including drawing services, custom interfaces, and custom reporting that were not planned for as part of the original contract but have since been determined to be necessary.
- Facilities organizations on campus have recognized a need for an alternative implementation for a project management tool: the revised and updated implementation during phase 1 will allow UMD to meet the needs of small projects and operations and maintenance (O&M) upgrades. This alternative scope is included in this modification.

Board of Public Works
University System of Maryland
Supplement
February 26, 2025

1-S-MOD. UNIVERSITY OF MARYLAND, COLLEGE PARK (cont'd)
Service Contract

Remarks (cont'd)

- Documenting existing business processes and crafting new business processes required more time than originally expected. The time commitment has been considerable as each Facility Organization had different processes. An enterprise-wide solution required that 6 departments standardize their different processes for a wide variety of facilities related activities, impacting the work of more than 1,000 people. This has been a substantial lift and is expected to lead to greater efficiency and consistency in the treatment of facilities and equipment across the institution. Completion of this work was necessary for configuring the AssetWorks solution for use by campus facilities staff.

2-S. UNIVERSITY OF MARYLAND GLOBAL CAMPUS
Service Contract

Contract ID: Instructional Design Support Services, 92132

Contract Description: This contract is for instructional design support services. The contractor will partner with UMGC’s Integrative Learning Design Unit, to design/redesign and develop high-quality asynchronous online and hybrid credit and non-credit learning experiences with a focus on skills development and demonstration.

Award: Hurix Systems Private Limited, **Plano, TX.**

Term: 2/27/2025 – 6/30/2026 (Base Term)
7/1/26 – 6/30/27 (First Renewal Option)

Amount: \$ 9,950,000 (Base Term)
\$ 5,975,000 (First Renewal Option)
\$15,925,000 Total

Procurement Method: Competitive Sealed Proposals

Proposals:

Offeror	Technical Ranking	Course Involvement Level Pricing (per course)			Platform Fee (Annual)	Price Ranking	Composite Ranking
		High	Medium	Low			
Hurix Systems Private Limited, Plano, TX	1	\$17,000	\$14,000	\$8,000	\$70,000	1	1
Nectar Learning Inc., DBA Alchemy, N. Charleston, SC	3	\$22,700	\$13,100	\$8,750	\$78,600	2	2
CourseArc, LLC Fulton, MD	2	\$92,005	\$62,881	\$43,136	\$78,670	3	3

MBE Participation: 10%

Performance Bond: None

Requesting Institution Remarks: The solicitation was advertised on eMaryland Marketplace Advantage and was directly sent to numerous instructional design services providers. UMGC received fourteen (14) proposals that met the minimum technical requirements. To ensure prospective offerors were qualified to handle UMGC’s instructional design needs, they were required to demonstrate that they have supported at least one client within the last three (3) years with instructional design services involving a minimum of 300 new course developments or redesigns annually in environments similar to UMGC.

REVISED

2-S. UNIVERSITY OF MARYLAND GLOBAL CAMPUS (cont'd)
Service Contract

Requesting Institution Remarks (cont'd): The technical evaluation resulted in eight (8) vendors progressing to a technical interview. Three (3) of the interviewed firms progressed in the technical evaluation phase and were invited to submit price proposals. The price proposals were evaluated in three categories: high (extensive redesign or course development); medium (moderate redesign); and low (targeted updates). After the pricing evaluation, Hurix is recommended for contract award as it had the highest technical, financial and overall rankings. There is 10% MBE participation on this contract, exceeding the established goal of 7%.

**1-C. MARYLAND AVIATION ADMINISTRATION
*Construction Contract***

Recommendation: That the Board of Public Works approve the award of the following Task Orders under previously approved Master Contract.

Procurement Method: Task Order under Master Contract

Authority: State Finance and Procurement Article, Annotated Code of Maryland, § 13-113; COMAR 21.05.13.06

1.0 Master Contract: *Comprehensive Paving Improvements 2023 at Baltimore/Washington International Thurgood Marshall and Martin Airports, MAA Contract No. MAA-CO-23-014*

Approved: MDOT 3-C, 11/08/2023

Term: 12/01/2023 – 11/30/2028 (five years)

***As of this publication, the remaining balance of this master contract is \$40,000,000 NTE*

1.1 Using Agency: Maryland Aviation Administration (MAA)

Description: Provide asphalt pavement mill and overlay, reset existing taxiway edge lighting, and pavement markings for Baltimore/Washington International Thurgood Marshall (BWI Thurgood Marshall) Airport.

Award: P. Flanigan and Sons, Inc.; Baltimore, MD

Number of Qualified

Master Contractors: 2

Number of Bids: 2

Bids:

<i>Bidders</i>	<i>Amounts</i>
P. Flanigan and Sons, Inc.; Baltimore, MD	\$1,461,686.00
Allan Myers MD, Inc.; Fallston, MD	\$1,521,012.17

Amount: \$1,461,686.00

Term: 131 Calendar Days from Notice to Proceed

MBE/VSBE Participation: 18.02% / 0%

Performance Security: 100% Payment and Performance Bonds

Resident Business: Yes

Fund Source: 100% Special (Transportation Trust Fund)

Requesting Agency Remarks: The MAA Procurement Review Group reviewed the contract scope of work to determine the potential for establishing Minority Business Enterprise (MBE) and Veteran-Owned Business Enterprise (VSBE) goals, as well as a Small Business Reserve (SBR) designation. An 18% MBE participation goal was established for this contract.

1-C. MARYLAND AVIATION ADMINISTRATION (cont'd)

Requesting Agency Remarks (cont'd):

No VSBE participation goal was established due to a lack of certified firms to perform the subcontracting categories. P. Flanigan and Sons, Inc. has committed to exceeding the MBE goal by 0.02% to achieve 18.02% MBE participation. This is a task order under a Master Contract in which no Master Contractors are certified small businesses; therefore, the secondary competition solicitation is not subject to a SBR designation.

Contract ID: New Martin State Airport Air Traffic Control Tower; *MAA-CO-25-005*
EPICS No.: MAA-CO-25-005

Contract Description: Provide all labor, supervision, equipment, materials, insurance, and expertise for the construction of a new air traffic control tower and associated access drive, parking lots and utilities at Martin State (MTN) Airport.

Award: Towson Mechanical, Inc., Parkville, MD

Contract Term: 420 calendar days from Notice to Proceed

Amount: \$22,201,210.00

Procurement Method: Competitive Sealed Bidding

Bids:

<i>Bidders</i>	<i>Amounts</i>
Towson Mechanical, Inc. Parkville, MD	\$22,201,210.00 (Base) \$ 80,000.00 (Alternate) \$22,281,210.00 (Aggregate Total)
The Whiting Turner Contracting Company Greenbelt, MD	\$28,520,790.00 (Base) \$ -90,000.00 (Alternate) \$28,430,790.00 (Aggregate Total)
Clark Construction Group, LLC McLean, VA	\$29,618,276.54 (Base) \$ -57,920.00 (Alternate) \$29,560,356.54 (Aggregate Total)

* *The award is based on the base price alone.*

DBE/VSBE Participation: 20.6% / 0%

Performance Security: 100% Payment and Performance Bonds

Hiring Agreement Eligible: No

Incumbent: None

Requesting Agency Remarks: This solicitation included a base bid and one alternate. Alternate No. 1 consists of providing metal wall panels, supplemental framing, and accessories in lieu of exterior cementitious wall panels. Alternate No. 1 is not being awarded, as the pricing was not fiscally advantageous.

DEPARTMENT OF TRANSPORTATION
ACTION AGENDA
February 26, 2025

MDOT 4

2-C. MARYLAND AVIATION ADMINISTRATION (cont'd)

Requesting Agency Remarks (cont'd):

The solicitation was advertised on July 31, 2024, via eMaryland Marketplace Advantage notifying 150 potential contractors, the Maryland Aviation Administration (MAA)'s website, and by way of direct solicitation to seven prospective bidders. Three bids were received on September 25, 2024.

MAA reached out to the non-bidding vendors to ascertain why they did not bid. One response was received stating that other commitments precluded their participation.

The MAA Procurement Review Group reviewed the contract scope of work to determine the potential for establishing a DBE goal and Veteran-Owned Small Business Enterprise (VSBE) goals, as well as a Small Business Enterprise designation. A 20% DBE participation goal was established for this contract. No VSBE participation goal was established due to a lack of certified firms to perform the subcontracting categories. Towson Mechanical, Inc. has committed to exceeding the DBE goal by 0.6% to achieve 20.6% DBE participation. An eMMA search of small businesses yielded an insufficient number of available certified small businesses.

3-GM. MARYLAND AVIATION ADMINISTRATION
RETROACTIVE: General/Miscellaneous: Lease and Concession Contract

Contract ID: Lease and Concession Contract at Baltimore/Washington International Thurgood Marshall (BWI Thurgood Marshall) Airport; *MAA-LC-25-017*

Contract Description: Part A: RETROACTIVE – Recovering new state revenue for the Contractor’s commercial activities to provide the enrollment and re-enrollment services for the Transportation Security Administration’s (TSA) PreCheck™ enrollment services program at BWI Thurgood Marshall Airport not included in the original Lease and Concession Contract granting it the non-exclusive right to manage and operate a Registered Traveler Passenger Program at BWI Thurgood Marshall Airport.

Part B: PROACTIVE - Lease and Concession Contract adds the non-exclusive right for Contractor to provide the enrollment and re-enrollment services for the TSA PreCheck™ enrollment services program at BWI Thurgood Marshall Airport.

Contractor: Alclear, LLC., New York, NY

Contract Term: **Part A:** 04/01/2024 – 02/28/2025 (**Retroactive 333 days**)
Part B: 03/01/2025 – 03/31/2029 (Proactive 4 years, 28 days)

Contract Amount: **Part A:** Contractor shall pay 11% of the total Gross Revenues (Percentage Concession Fee) derived from its customer enrollment and re-enrollment services provided on behalf of the TSA PreCheck™ program at BWI Thurgood Marshall Airport from April 1, 2024, to December 31, 2024. (**Retroactive**)

Part B: Contractor shall pay 11% of the total Gross Revenues (Percentage Concession Fee) derived from its customer enrollment and re-enrollment services provided on behalf of the TSA PreCheck™ program at BWI Thurgood Marshall Airport. (Proactive)

Requesting Agency Remarks: The Maryland Aviation Administration (MAA) seeks approval of a retroactive contract to capture new revenue to the State, and follows requirements under State Finance and Procurement Article, §10-305. The MAA successfully negotiated additional revenue to the State for the retroactive period. The U.S Department of Homeland Security’s TSA initiated commercial activity with Contractor for expedited air travel passenger security screening services at BWI Thurgood Marshall Airport without prior approval and authorization of MAA. MAA was notified by the Contractor that under direction of TSA, commercial enrollment of the TSA PreCheck program was initiated at BWI Marshall Airport.

DEPARTMENT OF TRANSPORTATION
ACTION AGENDA
February 26, 2025

MDOT 6

3-GM. MARYLAND AVIATION ADMINISTRATION (cont'd)

Requesting Agency Remarks (cont'd):

The conditions to negotiate and prepare the required contract documents further delayed the proper commencement of the contract term. This retroactive contract seeks to correct the TSA's and Contractor's unintentional circumventing of commercial activity requirements at BWI Thurgood Marshall Airport. The contractor currently has a Lease and Concession Contract granting it the non-exclusive right to manage and operate a Registered Traveler Passenger Program at BWI Thurgood Marshall Airport (Contract No. MAA-LC-20-062, Approved Item 1-GM, April 1, 2020) but the contract did not include the TSA program. Under that Contract, Contractor provides expedited security screening to its customers using enrollment areas and dedicated lanes at each security checkpoint and MAA collects 11% of gross revenue from this activity.

Pursuant to the TSA Modernization Act, part of H. R. 302, the FAA Reauthorization Act of 2018, the TSA is required to enter into an agreement(s) to increase the methods and capabilities available to the public to enroll in the popular TSA PreCheck™ program. TSA has entered into an agreement with the Contractor to satisfy this requirement at all airports served by TSA, including BWI Thurgood Marshall Airport.

Contractor identified enrollment locations and developed its TSA PreCheck™ enrollment system at BWI Thurgood Marshall Airport. TSA is required to review the system to ensure it meets the latest cybersecurity requirements before Contractor can enroll customers.

TSA PreCheck™ is an expedited screening program that enables low-risk travelers to enjoy an expedited and efficient screening experience at more than 200 U.S. airports and with 73 airlines. For TSA PreCheck™ travelers, there is no need to remove shoes, laptops, 3-1-1 liquids, belts or light jackets.

This type of revenue-producing contract at a transportation facility is outside the scope of the State Procurement Law (State Finance and Procurement Article §11-202(3); COMAR 21.01.03.03.B(1)(d). However, the Contract and any modifications must be approved by the Board of Public Works because the Contract constitutes a use of State Property under State Finance and Procurement Article, §10-305.

4-M-OPT. MARYLAND AVIATION ADMINISTRATION (cont'd)

Performance Security: 100% Performance and Payment Bond (Annualized)

Hiring Agreement Eligible: No

Requesting Agency Remarks: George S. Hall, Inc. (GSH) has satisfactorily provided all labor, supervision, equipment, materials, insurance, expertise, supplies, tools, and expenses required to perform operation, corrective repair, replacement, preventative, routine and emergency maintenance and commissioning of all existing and new equipment and systems at BWI Thurgood Marshall and MTN Airports.

This contract allows for a Consumer Price Index (CPI) increase for the renewal periods. When the original project was approved in 2020, a 2.0% CPI was estimated for the option period; the actual CPI for the renewal is 2.9%. The renewal labor rate costs were compared to the labor rate pricing proposed in the original competitive sealed proposal. GSH's labor rate renewal pricing was found to be 5% less than the No. 2 overall ranked Offeror. Based on the price analysis conducted, the Maryland Aviation Administration determined the renewal price to be fair and reasonable.

The Procurement Review Group reviewed the contract scope of work to determine the potential for establishing MBE and Veteran Small Business Enterprise (VSBE) goals, as well as a Small Business Reserve designation. An MBE participation goal of 21% was established for this contract. No VSBE goal was set due to a lack of certified firms to perform these services. Although a 21% MBE participation goal was established, the contractor is at a 22.70% attainment. An eMMA search yielded an insufficient number of certified small businesses.

5-RP. MARYLAND AVIATION ADMINISTRATION
Real Property – Acquisition

Recommendation: That the Board of Public Works approve the Maryland Aviation Administration (MAA) acquiring real property.

Authority: Transportation Article, § 5-405
Annotated Code of Maryland

Property: LMC Property, (12.0607 acres +/-) located at 2323 Eastern Blvd., Middle River, MD 21220, in Baltimore County (Tax Map 90, Parcel 964, Block A)

LMC Property, (11.775 acres +/-) Chesapeake Park, Wilson Point Rd., Middle River, MD 21220, in Baltimore County (Tax Map 90, Parcel 964, Block D)

Grantor: LMC Properties, Inc.

Grantee: State of Maryland, MAA

Consideration: N/A

Appraised Value: Block A
\$6,800,000.00 – George Peabody (Selected)
\$7,200,000.00 – Michael Lester (Approved)
\$12,525,000.00 – Terry Dunkin (No Action Take)
Casey S. Fitzpatrick, Review Appraiser (SHA)

Block D
\$2,600,000.00 – George Peabody (Selected)
\$1,246,000.00 – Terry Dunkin (Not Approved)
Casey S. Fitzpatrick, Review Appraiser (SHA)

Special Conditions: N/A

Fund Source: N/A

Requesting Agency Remarks: The subject properties are being acquired in exchange for environmental remediation control being granted by MAA to Lockheed Martin Corporation (LMC). Pursuant to the terms of the Environmental Remediation Protocol Agreement (ERPA), MAA will allow LMC to implement environmental remediation activities at the Martin State Airport, specifically the Dump Road Area and contamination site that extends west toward the

5-RP. MARYLAND AVIATION ADMINISTRATION (cont'd)

Requesting Agency Remarks (cont'd):

active runway, directly with and under the authority of the Maryland Department of the Environment (MDE). LMC shall convey the properties (Block A and Block D) to the MAA and shall pay the MAA an amount equal to \$2,483,946 to cover the cost of projected utility improvements on the properties.

Block A, located at 2323 Eastern Boulevard, Middle River, Baltimore County, Maryland consists of 12.06 acres of land along with a 141,000 square foot office building and is zoned Manufacturing Heavy (MH) and Industrial Major (IM). Block D, Chesapeake Park, Wilson Point Road, Middle River, Maryland consists of 11.775 acres and is zoned MH, IM, and RC-8 (Environmental Enhancement).

Ownership of these parcels will allow the MAA to relocate airport tenants and equipment which do not require airfield access, freeing up scarce airport property for more traditional aeronautical-use tenants and businesses. Additionally, secondary opportunities exist for the use of portions of Block D for compensatory environmental mitigation within the Chesapeake Bay Critical Area.

The MAA has coordinated this acquisition with Maryland's Department of General Services who fully support this transaction.

Upon Board of Public Works' (BPW) approval, the MAA will seek BPW approval to lease the property under MDOT 16-GM, contract MAA-LC-25-010, to Glenn L. Martin Maryland Aviation Museum, Inc. (GLMMAM). The contract is for the lease of land and facilities to preserve and promote aviation and aerospace history and conduct commercial activities.

Relocating the museum and leasing the space to the GLMMAM will provide a multitude of benefits to the MAA. First, the lease will relieve MAA of all financial burdens of this property and provide shelter for the historical aircraft. This will be a place to provide a celebration of Maryland's contribution to aerospace and provide educational opportunities for students and tourists. Most importantly, the museum's primary goal is to inspire students to enter aviation careers.

The GLMMAM has partnered with the Community College of Baltimore County (CCBC). CCBC will oversee and administer all education programming associated with the CCBC's existing Aviation Program.

REVISED

5-RP. MARYLAND AVIATION ADMINISTRATION (cont'd)

Requesting Agency Remarks (cont'd):

GLMMAM's vision is as follows:

- Basement – storage of priceless documents and conference rooms
- First Floor – events area, auditorium, conference rooms, eatery and office space
- Second Floor – library/research center, gift shop, Maryland Aerospace Hall of Fame, Glenn L. Martin Gallery and Maryland Aviation Gallery
- Third Floor – STEM learning center
- Fourth Floor – CCBC and/or other aviation school programs
- Fifth Floor – offices for museum and other leases as needed.

Morton Thomas & Associates, Inc./Whitney, Bailey, Cox & Magnani, LLC.

Requesting Agency Remarks: On April 11, 2023, the solicitation was advertised in The Daily Record, SHA web page, and eMaryland Marketplace Advantage (eMMA). The advertisement was for 10 contracts for \$20 million each not to exceed \$200 million for CMI services for SHA. A total of 799 firms were notified via eMMA and an additional 3,010 DBE firms were directly solicited. SHA received 16 expressions of interest. From the reduced candidate list SHA invited 16 firms to submit technical proposals. SHA used qualifications-based selection and found 10 consultants eligible for contract award. There were no protests filed.

Construction management and inspection of all phases of construction and system preservation related operations on various projects. Services may be used in all districts statewide.

SHA has confirmed A. Morton Thomas and Associates, Inc., PRIME AE Group, Inc./WSP USA Inc. (JV), and Urban Engineers, Inc./ATCS, P.L.C./ Mead & Hunt, Inc. (TV) bid prices.

The SHA Procurement Review Group reviewed the contract scope of work to determine the potential for establishing DBE and VSBE participation goals, as well as a Small Business Enterprise designation. A 27% DBE participation goal was established for each contract within this award series. A. Morton Thomas and Associates, Inc. committed to exceeding the 27% goal by 3% for a 30% DBE goal. No VSBE goal was established for this contract.

MDOT 28

12-AE. STATE HIGHWAY ADMINISTRATION (cont'd)

SHA received nine technical proposals. SHA used qualification-based selection and found five consultants eligible for contract award. No protests were filed.

Services to be performed under this contract include engineering, operations, and construction management and inspection for Traffic Control Devices including signals, signing, pavement marking, lighting, Intelligent Transportation Systems for highway construction projects, statewide, to ensure they are constructed, maintained, and operated per plans, specifications, and State/Federal requirements. The consultant may be required to provide engineering services on-site at SHA facilities. These services are necessary to support the critical functions of the Office of Traffic and Safety, Traffic Operations Division.

SHA has confirmed Rummel, Klepper & Kahl, LLP / Whitman, Requardt and Associates, LLP (JV), Johnson, Mirmiran & Thompson, Inc. / EBA Engineering, Inc. (JV), Mead & Hunt, Inc. / A. Morton Thomas and Associates, Inc. (JV), and Brudis & Associates, Inc. bid price and the work conducted on this contract is performed by a State-certified Disadvantaged and Small Business Enterprise.

A 27% DBE participation goal was established for each contract within this award series. Rummel, Klepper & Kahl, LLP / Whitman, Requardt and Associates, LLP JV committed to exceed the 27% goal by 1% for a 28% DBE goal. No VSBE goal was established for this contract.

13-RP. STATE HIGHWAY ADMINISTRATION
Real Property – Disposition

Recommendation: That the Board of Public Works approve the State Highway Administration (SHA) disposing of real property as it is excess to the agency's needs

Authority: Transportation Article, § 8-309 (f) (1) (ii)
Annotated Code of Maryland

Property: MC# 23-2865
Robert Mark Hoffman, Et Ux (± 0.875 acres), located along the south side of I-68, east of MD Route 628 (Rice Road) in Hancock, Washington County.

Grantor: State of Maryland, SHA

Grantee: Steve Allen Sexton, Sr.

Consideration: \$10,500

Appraised Value: \$5,000 – Bruce Dumler (Approved)
Lisa Ward, Review Appraiser

Requesting Agency Remarks: In 1983, SHA acquired the subject property for the U.S. Route 48 (National Freeway) – East of Orleans Road to East of Woodmont Road right-of-way project. SHA proposes to convey this property to the adjoining owner through a sealed bid sale of \$10,500 which exceeds the appraised value.

14-RP. STATE HIGHWAY ADMINISTRATION
Real Property – Disposition

Recommendation: That the Board of Public Works approve the State Highway Administration (SHA) disposing of real property as it is excess to the agency’s needs.

Authority: Transportation Article, § 8-309 (f) (1) (ii)
Annotated Code of Maryland

Property: MC# 24-2886
Aubrey Gaither, Et Al (± 1.217 acres), located west of I-97 and east of Parke West Drive, along an old roadbed known as Gaither Road in Glen Burnie, Anne Arundel County.

Grantor: State of Maryland, SHA

Grantee: Sturbridge Quarterfield, LLC, a Maryland limited liability company

Consideration: \$738,450

Appraised Value: \$738,450 – David Lamb (Selected)
\$665,550 – Stacey Horsey/Georgia Nichols (Approved)
Lisa Ward, Review Appraiser

Special Conditions: The property will be conveyed subject to an avigation easement.

Legislative Notice: Notice was sent to the Senate Budget and Taxation Committee and the House Appropriations Committee of the General Assembly on October 24, 2024. The 45-day review period expired on December 9, 2024.

Requesting Agency Remarks: In 2002, SHA acquired the subject property for the MD 174–Bridge No. 2063 over I-97 right-of-way project. This conveyance is an assemblage of four parcels that are being conveyed as one property, an old roadbed known as Gaither Road. The property is being conveyed subject to an avigation easement. SHA proposes to convey the property to the adjoining owner through a sealed bid sale of \$738,450 which is 100% of the appraised value.

15-LL. THE SECRETARY'S OFFICE
Lease/Landlord

Recommendation: That the Board of Public Works approve the State Highway Administration (SHA) leasing real property as landlord.

Authority: State Finance and Procurement Article, § 10-305
Annotated Code of Maryland

Property: Item# 40912
Clarence P. Frase (± 1.20 acres), located on the east side of MD Route 331, between MD Route 318 and the railroad tracks in Hurlock, Dorchester County.

Landlord: State of Maryland, SHA

Tenant: Preston Ford, Inc.

Space Type: Grassy Parking Area

Lease Type: Renewal (Continued Use)

Lease Term: Three years (03/19/2025 - 03/19/2028)

Effective Date: March 19, 2025

Annual Rent: \$9,408.96

Requesting Agency Remarks: The subject property has been under an existing lease since 2005. TSO proposes a 3-year lease renewal to the above tenants for additional car storage, with the condition that tenants secure the property from entry by unauthorized persons and maintain a pole and cable fence as noted in Article V of lease agreement.

16-GM. MARYLAND AVIATION ADMINISTRATION
General/Miscellaneous: Lease & Concession Contract

Contract ID: Lease and Concession Contract at Martin State Airport; *MAA-LC-25-010*

Contract Description: Lease and Concession Contract for the exclusive right for the lease of land and facilities to preserve and promote aviation & Aerospace History and Conduct Commercial Activities at Martin State Airport

Contractor: The Glenn L. Martin Maryland Aviation Museum, Inc.
Middle River, MD

Contract Term: Pre-Operational Period: Commences upon Board of Public Works approval of Contract and continues until Contractor obtains all necessary approvals and permits to begin operations.

Operational Period: Continues 50 years after the expiration of the Pre-Operational Period.

Amount: Contractor shall pay a \$1.00 annual rental fee and a percentage concession fee of 10% of net revenues during the Operational Period if net revenues are greater than \$1 million, 12.5% if greater than \$2 million and 15% if greater than \$3 million.

Procurement Method: Exclusive Lease and Concession Contract

Requesting Agency Remarks: This contract grants exclusive rights to operate approximately 25 acres of land and 141,323 square feet of building through Primary Uses (exhibition of Maryland historical aircraft, education, fundraising, management and administration) and Ancillary Uses (retail sale of food, and gifts, subleasing of space and other commercial uses. The Contractor currently operates and maintains approximately 1,528 square feet of office/museum space and 49,000 square feet of aircraft exhibition space at Martin State Airport under Contract No. MAA-LC-94-022, approved Item MDOT 14-L October 13, 1983. This contract promotes and preserves the aviation and aerospace history in the State of Maryland.

MDOT has made the recommendation to the BPW for the land and facilities (Block A and Block D) to be transferred to MAA under MDOT 5-RP.

Pending BPW approval, the Contractor will vacate Martin State Airport and occupy this space as its permanent location. The Contractor currently occupies 63,207 square feet at Martin State. Upon vacating this space, the space will be able to use for revenue generation activities.

16-GM. MARYLAND AVIATION ADMINISTRATION (cont'd)

Requesting Agency Remarks (cont'd):

The current occupied space includes 1,200 square feet for the Museum, 1,600 square feet for the gallery, 2,407 square feet for archives and 58,000 square feet for aircraft storage at Strawberry Point.

Relocating the museum and leasing the space to the Contractor, will provide a multitude of benefits to the MAA and the state of Maryland. First, the lease will relieve MAA of all financial burden of this property and ultimately provide shelter for the historical aircraft. The museum will be a place to provide a celebration of Maryland's contribution to aerospace and provide an educational opportunity for tourists. Most importantly, the museum's primary goal is to inspire students to enter Aviation careers. The Contractor has partnered with the Community College of Baltimore County (CCBC). CCBC will oversee and administer all education programming associated with the College's existing Aviation Program.

The Contractor's vision of the facility is as follows

- Basement – storage of priceless documents and conference rooms
- First Floor – events area, auditorium, conference rooms, eatery and office space
- Second Floor – library/research center, gift shop, Maryland Aerospace Hall of Fame, Glenn L. Martin Gallery and Maryland Aviation Gallery
- Third Floor – STEM learning center
- Fourth Floor – CCBC and/or other aviation school programs
- Fifth Floor – offices for museum and other leases as needed.

The Contractor anticipates an additional 500,000 tourists a year based on the Seattle's Museum of Flight which hosts 750,000 visitors a year. The Contractor's facility would be much larger than Seattle's. The tourism would provide an economic impact to Maryland and reshape the Middle River community to a cultural destination.

The Contractor plans to erect a 50,000 square foot hangar to house the aircraft collection and it will be connected to the main building.

Additionally, the state of Maryland and Baltimore County have committed grants to support the Contractor's mission and development of the museum.

The Contractor provided a 10-year profit & loss statement. It is estimated that in year one the income generated will total \$3.5 million annually (\$1.9 million from entrance fees, membership donations, grants and fundraising, \$1.1 million in rental income and \$500 thousand from gift shop sales). Operating expenses are expected to total \$2.0 million annually.

The Contractor plans to expand its endowment by setting aside \$300,000 per year for the next 10 years to create a \$3 million fund for operational costs and protection from economic variables.

SUPPLEMENTAL

16-GM. MARYLAND AVIATION ADMINISTRATION (cont'd)

Requesting Agency Remarks (cont'd):

The Contractor is responsible for all capital improvements and operational expenses included utilities.

This type of revenue producing contract at a transportation facility is outside the scope of the State Procurement Law (State Finance and Procurement Article 11-202(3); COMAR 21.01.03.03.B(1)(d). However, the Contract and any modification must be approved by the Board of Public Works because the Contract constitutes a use of State Property under State Finance and Procurement Article, 10-305.

**7-CGL. CAPITAL GRANTS AND LOANS
*Bond Bill Certification Extension***

Recommendation: That the Board of Public Works unanimously grants a temporary exception for one year from the automatic termination of funds for the following bond bill authorizations:

Authority: Maryland State Finance Law provides:

Section 8-128, State Finance and Procurement Article, Maryland Code. “Except to the extent that money authorized by an enabling act for a State project or program has been encumbered by the board, an authorization of State debt shall automatically terminate seven years after the date of the authorization, unless the enabling act provides otherwise; or in an emergency, the Board unanimously grants a temporary exception for a period of 1 year.”

The following authorizations were not fully encumbered within the seven years, but the grantee has requested a one-year extension to June 1, 2027:

Grantee:	Board of Directors of Sinai Hospital of Baltimore, Inc.
Project:	Sinai Hospital of Baltimore (Baltimore City)
MCCBL 2019:	DGS Item 169 MISC - Maryland Consolidated Capital Bond Loan of 2019 (Chapter 14 of the 2019 Laws of Maryland)
Amount:	\$ 1,000,000
Remarks:	The grantee has determined they cannot meet the seven-year deadline before the authorization terminates because the project is delayed. A one-year extension is appropriate because the Grantee plans to proceed with the project.

**9-CGL. CAPITAL GRANTS AND LOANS
*Bond Bill Certification Extension***

Recommendation: That the Board of Public Works unanimously grants a temporary exception for one year from the automatic termination of funds for the following bond bill authorizations:

Authority: Maryland State Finance Law provides:

*Section 8-128, State Finance and Procurement Article, Maryland Code.
“Except to the extent that money authorized by an enabling act for a State project or program has been encumbered by the board, an authorization of State debt shall automatically terminate seven years after the date of the authorization, unless the enabling act provides otherwise; or in an emergency, the Board unanimously grants a temporary exception for a period of 1 year.”*

The following authorizations were not fully encumbered within the seven years, but the grantee has requested a one-year extension to June 1, 2027:

Grantee:	Board of Directors of the Friends of Jerusalem Mill
Project:	Jericho Road Stone Bank Barn (Harford County)
MCCBL 2019:	DGS Item G046 LHI - Maryland Consolidated Capital Bond Loan of 2019 (Chapter 14 of the 2019 Laws of Maryland); as amended by Chapter 595, Acts of 2020
Amount:	\$ 200,000
Remarks:	The grantee has determined they cannot meet the seven-year deadline before the authorization terminates because the project is delayed. A one-year extension is appropriate because the Grantee plans to proceed with the project.

12-S. SERVICES CONTRACT (cont'd)

Requesting Agency Remarks: A notice of the availability of the Request for Proposals (RFP) was advertised on eMaryland Marketplace Advantage (eMMA) on February 1, 2024. Seventeen firms were directly solicited. Five proposals were received and two were determined to be reasonably susceptible of being selected for award. One was for failure to submit their technical proposal, one requested an MBE waiver but failed to provide adequate documentation to support their Good Faith Effort in meeting the MBE Participation. The final vendor’s submission failed to address multiple technical sections required in the technical submission. The recommended offeror Hayat Brown, LLC was determined to be most advantageous to the State as its proposal was both ranked highest technically and was lowest in price.

The scope of work focuses on obtaining comprehensive support services for real estate efforts aimed at generating economic growth in the State. These services will support development and technical services for real estate activities, that include property acquisition and disposition, Transit-Oriented Development (TOD), and Joint Development. Includes Development Planning Land Use Planning Environmental Services, Transportation Engineering and Management Architectural and Engineering Services, Management, and Plans Review Archaeology, Land Survey Services Title Service, GIS Services Grant Writing and Management, Market Analysis, Appraisal Services, and Economic Impact Financial Analysis.

Although a 26% MBE Participation had been established for this contract, Hayat Brown, LLC., has committed to exceeding by 5.31% and achieving 31.31% participation.

This contract includes a provision authorizing an extension for a total period no longer than one-third the base term to spend funds remaining on the contract as provided in BPW Advisory 1995-1.

Dear Mr. Gontrum:

This is to advise you of the following changes to the Board of Public Works Agenda Items previously approved by the Board of Public Works.

BPW – February 26, 2025 DGS Agenda, Item 13-S-MOD

Maryland Statewide Central Services Cost Allocation Plan; F10B8400044; ADPICS No: COK66375

FROM: ADPICS No: COK66375
TO: ADPICS No: COK85277

REASON: Clerical Error.

Regards,

Donshane Turner
Procurement Manager,
Department of Budget and Management

**DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
February 26, 2025**

13-S-MOD. SERVICE MODIFICATION (cont'd)

Total Percent Change: 235.19%

Original Procurement Method: Competitive Sealed Proposals

MBE/VSBE Participation: 0% / 0%

MBE/VSBE Compliance: 0% / 0%

Performance Security: No

Requesting Agency Remarks: The Department of Budget and Management, Office of Budget Analysis (OBA), prepares the State's SWCAP, provides reconciliation of the MCE Fund, and conducts negotiations with the federal government through to final approval by the United States Department of Health and Human Services in accordance with U.S. Office of Management and Budget Circular A-87 Revised.

The Department is requesting an early approval of the extension due to the complex nature of this procurement and its commitment to ensuring continuity of the current contract services to provide the annual Statewide Central Services Cost Allocation Plan (SWCAP) and conduct negotiations with the federal government. The modification is required for the vendor to begin work on the SCWAP for Fiscal Years 2025 and 2026. DBM is currently behind schedule. For example, FY2025 SWCAP is based on FY2023 actuals and would have typically been prepared and submitted to the Federal Government in FY2024. The extension is needed since the services provided include supporting negotiations through final approval, which generally takes a minimum of two years. .

No MBE or VSBE participation goals were established for this contract based upon the determination that there were none or an insufficient number of subcontractors that could be utilized for the limited subcontracting opportunities to perform the cost allocation services.

14-S-MOD. SERVICE MODIFICATION (cont'd)

Original Procurement Method: Sole Source

Living Wage Eligible: Yes

MBE/VSBE Participation: 0% / 0%

MBE/VSBE Compliance: 0% / 0%

Hiring Agreement Eligible: Yes

Requesting Agency Remarks: This modification will ensure that invoices are paid for the remainder of the contract term while a new solicitation for services is completed. The current solicitation is in the final stages of the evaluation, and DHS intends to award contracts for an April Start date. This contract provides Post-Adoption Services to the Department, which include intake assessments, individual and family psychotherapy, and caregiver support groups. Prior to the Center for Adoption Support and Education (C.A.S.E.) contract, the Department was struggling with high rates of dissolution and children re-entering the system.

C.A.S.E. has successfully delivered telehealth services through the pandemic. C.A.S.E.'s current office locations in Baltimore, Montgomery, and Prince George's counties are well-positioned to serve more than 63.3% of the target population.

MBE and VSBE participation were not established for this contract because there were no subcontracting opportunities.

15-IT. INFORMATION TECHNOLOGY
Department of General Services, Office of State Procurement

Contract ID: Electronic Monitoring for Community Supervision; *CTR021754*
ADPICS No.: 001B5600234

Contract Description: Statewide contract for electronic monitoring hardware and software for offenders in DPSCS or DJS custody.

Awards: BI Incorporated; Boulder, CO

Contract Term: 03/31/2025 - 05/03/2027 (w/two 1-year renewal options)
*(*Or earlier upon BPW approval)*

Amount: \$2,600,049 (Base Term)
\$1,196,744 (Renewal Option #1)
\$1,196,744 (Renewal Option #2)
\$4,993,537 Total

Procurement Method: Intergovernmental Cooperative Purchasing Agreements (ICPA)
(OMNIA Partners #2022118)

MBE/VSBE Participation: 0% / 0%

Performance Security: No

Incumbents: Same

Requesting Agency Remarks: The Maryland Department of General Services Office of State Procurement (DGS OSP) seeks to execute a Participating Addendum with BI Incorporated under the OMNIA Partners' Offender Monitoring Solutions (OMNIA) contract. Several State agencies, including the Department of Public Safety & Correctional Services and the Department of Juvenile Services, currently utilize offender monitoring systems provided by BI Incorporated under an existing contract. These agencies require continuity of services to ensure seamless tracking and monitoring of offenders while upholding public safety and judicial mandates. The OMNIA agreement with BI Incorporated was awarded through a competitive solicitation process, ensuring high standards for pricing, terms, and vendor qualifications. BI Incorporated specializes in tailored offender monitoring solutions, including electronic monitoring, GPS tracking, and alcohol detection, and has a proven track record of reliable service across the nation.

DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
February 26, 2025

15-IT. INFORMATION TECHNOLOGY (cont'd)

Agency Remarks (cont'd):

Utilizing this contract for electronic monitoring provides significant time and cost efficiencies by avoiding the transition expenses associated with switching to a new provider. Changing providers would require replacing existing equipment and could lead to operational delays, increased costs for staff training, and equipment compatibility issues. Such disruptions could jeopardize public safety by causing interruptions in monitoring and confusing offenders with new protocols. Offenders are already accustomed to the current system and may struggle to comply with unfamiliar tools, potentially leading to noncompliance or tampering with devices. Maintaining the existing system ensures consistent and reliable monitoring, which is essential for community safety.

BI Incorporated's pricing under the OMNIA agreement offers significant cost savings compared to the current contract. Key highlights include a \$0.75 reduction in daily rates for GPS devices and services, 22.7% decrease, and a \$1.59 reduction for Radio Frequency (RF) devices and services (38.4% decrease). The agreement also provides unlimited coverage for lost and damaged equipment, resulting in potential savings of \$90 to \$800 for RF items and \$185 to \$800 for GPS items. Agencies can maintain three spare units for every ten active units at no extra charge, improving upon the NASPO policy. Overall, BI Incorporated's rates are competitive and include all necessary hardware, software, and services, reducing the risk of unexpected costs.

MBE and VSBE participation was not included due to the lack of certified firms in this category of work.

ACTION AGENDA
February 26, 2025

REVISED

16-IT. INFORMATION TECHNOLOGY (cont'd)

Requesting Agency Remarks: A notice of the availability of the Request for Proposals (RFP) was advertised on eMaryland Marketplace Advantage (eMMA) on March 1, 2024. A total of 2,192 potential vendors were notified of the solicitation.

Seven proposals were received and three were determined to be reasonably susceptible of being selected. Four were determined to be not reasonably susceptible of being selected for award because. One proposal arrived after the deadline, one proposal did not complete the required MBE forms, one offeror did not provide relevant financial documentation, and one was rejected after their oral presentation showed deficiencies. The recommended offeror Attain Consulting Group LLC was determined to be most advantageous to the State as its proposal was both ranked highest technically and was lowest in price.

Attain Consulting Group LLC exhibited exceptional clarity in their proposal and oral presentation. Their solution builds around the Regent product suite. These pre-built features address over 65 percent of the required Maryland Student Information System (MDSIS) functionality out of the box. Building upon tested product components reduces development time, cost, and risk. The remaining required functionality is custom-configured for the non-core portals. As a result, MHEC receives a fully functional, secure, scalable, and feature-rich MDSIS closed-based application that transforms the user experience. The system will offer the State the lowest risk and a higher-value solution.

Two bid protests were filed, one on Friday October 11, 2024, alleging arbitrary and capricious, and was in violation of Maryland Law, the RFP, MHEC rules. MHEC denied the protest on November 1, 2024. The other protest was filed on November 6, 2024, alleging unrealistic timeline. MHEC denied the proposal on November 22, 2024. The vendor filed an appeal with the MSBCA on December 2, 2024. MSBCA granted the Motion to Dismiss on February 5, 2025. The Motion was granted with prejudice.

The current infrastructure of MHEC's existing Maryland College Aid Processing System (MDCAPS) is no longer adaptable to new technologies. The legacy system is over 10 years old and is beyond its design capacity to take on new advanced technology features. MHEC requires a financial aid management system that is flexible, extensible, scalable, accessible, and secure to deliver a modern user experience where students and other customers can self-serve. A newly developed customized management tool, MDSIS, for OSFA staff is necessary for faster and quicker results to improve services to customers.

MBE/VSBE Compliance: MBE/VSBE compliance set at task order level

Performance Security: No

Requesting Agency Remarks: The CATS+ master contract is now open and continuous for adding new master contractors. This Master Contract comprises the following functional areas:

- (1) Enterprise Service Provider
- (2) Web and Internet Services
- (3) Electronic Document Management
- (4) Geographical Information Systems
- (5) Software Engineering
- (6) Systems/Facilities Management and Maintenance
- (7) Information System Security

DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
February 26, 2025

REVISED

17-IT-MOD. INFORMATION TECHNOLOGY MODIFICATION (cont'd)

Agency Remarks (cont'd):

- (8) Application Service Provider
- (9) IT and Telecommunications Financial and Auditing Consulting Services
- (10) IT Management Consulting Services
- (11) Business Process Consulting Services
- (12) Tower Site Preparation
- (13) Tower Installation
- (14) Tower Equipment Installation and Services
- (15) Electronic Benefits Transfer
- (16) Media and Training Center Support
- (17) Documentation/Technical Writing

Although DoIT reported on the original CATS+ BPW agenda item (DOIT 3-IT, 04/03/2013) that it had set a 20% MBE participation goal for CATS+ it noted, "This MBE participation goal is only an overall goal for this contract. Each agency will be evaluating each individual TORFP or RFR to maximize opportunities for MBE participation." Some task orders, depending on the subcontracting opportunities available, had an MBE goal greater than 20%, some less, and some that had no goal at all. Given that agencies set the MBE participation at the task order level, it is difficult to impossible to calculate an accurate or meaningful MBE participation statistic. In March 2023, the Office of State Procurement (OSP) surveyed all CATS+ using agencies and determined that 51% of task orders that had an MBE goal assigned, met or exceeded the goal, 23% did not meet the goal, 20% are still in progress of meeting the goal as the contract is still active, and 48% of all task orders had no MBE goal assigned. However, 63% of the CATS+ task orders with no MBE goal were awarded to MBE prime contractors.

19-M. MAINTENANCE CONTRACT
***RETROACTIVE - Department of General Services,
Department of Public Safety and Correctional Services***

Contract ID: Comprehensive Maintenance; 001B4600208
ADPICS No.: 001B4600208

Contract Description: *RETROACTIVE* approval to perform comprehensive maintenance at Baltimore City Correctional Complex, including electrical, plumbing, locksmithing, and electronic security

Award: CGL Facility Management, LLC; El Paso, TX

Contract Term: 02/15/2024 - 02/29/2024

Amount: \$200,346.57

Procurement Method: Sole Source (Continuity of Services)

Living Wage Eligible: Yes

MBE/VSBE Participation: 0% / 0%

Performance Security: No

Hiring Agreement Eligible: Yes

Incumbent: Same

Requesting Agency Remarks: It was determined that it is in the best interests of the State to approve this retroactive contract for the two-week period in which the spending authority approved by the BPW for the previous contract was exhausted, but services continued. The contractor was the incumbent for the previous contract and was the recommended awardee for the new contract, which was approved by the BPW and began on March 1, 2024. It was essential for the services provided by the contractor to continue during the interim period. The price has been determined to be fair and reasonable. There was no price increase from the previous contract. The previous contract for this service had 30% MBE and 5% VSBE participation. Although no new MBE and VSBE participation were established for the bridge contract, the vendor continued to utilize its MBE and VSBE subcontractors from the previous contract.

**22-LL. LANDLORD LEASE
*RETROACTIVE - Department of Planning,
Maryland Historical Trust***

Recommendation:

1. Ratify the real property lease previously entered into by the Maryland Historical Trust (MHT) as lessor of properties located at the Jefferson Patterson Park Museum property (JPPM).
2. ***RETROACTIVE*** approval of the below prior lease term and approve the continued tenancy on a month-to-month basis.
3. ***RETROACTIVE*** approval of the prior rental fees received by MHT totaling \$2,300 through February 28, 2025.

Prior Board Action: DGS 46-LL, 05/17/2023

Tenant: Xuetao Li, Individual
10601 Mackall Road, Building No. 036
Saint Leonard, MD 20685

Property Location: Jefferson Patterson Park Museum property (JPPM) 10601 Mackall Road, Saint Leonard, MD 20685 also known as Building No. 036 (Gardener's Cottage, Apt 2)

Space Type: Farmland/Residential

Lease Type: New/Residential

Term: 01/01/2025 - 02/26/2025 (**Retroactive**)
02/27/2025 - 12/31/2025 (Proactive)

Future Option Term: 01/01/2026 - 12/31/2026

Annual Rent: \$13,800

Utilities/Custodial Responsibility: Tenant/Tenant

Termination for Convenience Clause: Yes

**DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
February 26, 2025**

22-LL. LANDLORD LEASE (cont'd)

Background: The Jefferson Patterson Park & Museum (JPPM) was established following a conveyance to the State in 1983 of 512 acres located along the Patuxent River in St. Leonard from Mary Marvin Breckinridge Patterson, subject to a Trust Agreement, which provides that the 512-acre property shall “be administered by [MHT] for the benefit of the citizens of the State of Maryland and for the purpose of establishing the Jefferson Patterson Historic Park and Museum”. The Trust Agreement further states that the property shall be used for the purpose of “maintaining, preserving, and promoting interest in historical, archaeological, agricultural, cultural, scenic and environmental significance,” including “recreational use”. Since 1983, JPPM’s acreage has expanded to approximately 560 acres through five separate acquisitions of contiguous properties between 1986 – 2002.

The JPPM grounds contain six residential structures and other properties that MHT has been leasing. These include three residential properties, two storage facilities, and one agriculture property containing 125 acres of farmland.

All rental income received by MHT through the JPPM leases is dedicated to a special fund, the use of which supports JPPM’s public mission as prescribed in the Trust Agreement. This includes the salaries of contractual employees who perform educational programming at the park, other costs related to providing educational programming, and facilities maintenance.

Remarks: In November 2024, MHT was not certain that the tenant would stay in the JPPM unit. Internally, MHT was unaware that BPW approval was needed for this type of lease between JPPM and a state employee.

DGS OSP Remarks: RETROACTIVE approval requested pursuant to § 11-204(c) State Finance & Procurement Article. DGS OSP has determined that this contract should be treated as voidable rather than void because: (1) all parties have acted in good faith; (2) ratification for the procurement contract would not undermine the purposes of the Procurement Law; and (3) the violation, or series of violations, was insignificant or otherwise did not prevent substantial compliance with the Procurement Law.

25-LT. TENANT LEASE (cont'd)

Remarks: The Federal Bureau of Investigation has occupied this space since 2002, and the lease was taken over by the Maryland State Police in 2014 for the purposes of the Maryland Coordination and Analysis Center (MCAC). Through the Maryland Department of State Police, the State is bolstering coordination with local and federal law enforcement agencies through the MCAC. The MCAC is the focal point between Maryland's public safety agencies and provides critical data, analysis, and insight into criminal activity. Additional investments are being made within the MCAC at the Maryland State Police, and additional space is being added to the current lease to expand staffing, conduct training, and install new technology infrastructure to keep Maryland safe from violent crime, cyber-attacks, and other threats. The lease term has been extended to 15 years under this renewal term due to (1) a significant investment in technology at this location by the State, and (2) an additional \$500,000 offered by the Landlord for the tenant improvement allowance. The rental rate has an average 2.25% annual rental rate escalator over the 15-year term.

 rachel.cruse1@maryland.gov*

26-EX. EXPEDITED PROCUREMENT REQUEST
Department of Commerce

Recommendation: The Department of Commerce (Commerce) requests approval to utilize the Expedited Procurement method for the purposes of acquiring a Contractor to provide planning, construction, and management of the State’s booth for the 2025 SelectUSA Investment Summit (SelectUSA Summit) which will occur on May 11 – 14, 2025, in National Harbor, Maryland.

Description: The SelectUSA Summit is the country’s highest-profile Foreign Direct Investment (FDI) event, hosted by SelectUSA, the federal government’s investment promotion agency, under the U.S. Department of Commerce’s International Trade Administration. For the SelectUSA Summit, Commerce committed to a 900-square-foot booth, among the largest ever at the summit.

The SelectUSA Summit has an exclusive contractual relationship with Heritage Exposition Services, Inc. (Heritage) for the booth builds and associated services. Heritage has 50 years of experience in the booth-building industry and maintains a regional office in Landover, Maryland. Due to the exclusive contractual relationship between SelectUSA Summit and Heritage, Commerce will enter into a sole source contract with Heritage for the SelectUSA 2025 Maryland Booth.

Under the Code of Maryland Regulations (COMAR) 21.05.05.02 Sole Source Procurement – Conditions for Use, a sole source procurement is not permissible unless a requirement is available from only one vendor. The determination as to whether a procurement shall be made as a sole source shall be made by the procurement officer, with the approval of the agency head or designee.

Under COMAR 21.05.05.02(A)(1), a sole source procurement is permissible when only one source meets the requirements. Here, Heritage is the only vendor available that can meet the requirements for the booth build and deliver it to the SelectUSA Summit in May 2025.

An Office of State Procurement (OSP) Procurement Review Group (PRG) meeting was held for this sole source procurement on January 15, 2025, and it was determined that neither the Small Business Reserve nor Minority Business Enterprise nor Veteran-Owned Business Enterprise goals were appropriate for this contract.

[...]

**DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA
February 26, 2025**

SUPPLEMENTAL

REVISED

26-EX. EXPEDITED PROCUREMENT REQUEST (cont'd)

Under COMAR 21.05.06.03 Expedited Procurements, a procurement officer may make an expedited procurement if the procurement officer has made the written determination explaining why an expedited procurement best serves the public interest and why the need to make an expedited procurement outweighs the benefits of making the procurement by Competitive Sealed Bidding (CSB) or Competitive Sealed Proposals (CSP) and justifies any noncompetitive selection. This determination must be approved by the Agency head or designee and the BPW. Pursuant to Maryland State Finance & Procurement Article (SFP) § 13-108 (d)(1), Commerce’s Procurement Officer with the approval of the Agency Head or Designee has determined that this procurement should be expedited because: (1) urgent circumstances require prompt action; (2) an expedited procurement best serves the public interest; and (3) the need for the expedited procurement outweighs the benefits of making the procurement on the basis of CSB or CSP.

As a result of the exclusive contractual relationship between SelectUSA Summit and Heritage, a sole source procurement is required meaning that the CSB and CSP procurement methods are not available. Further, construction on the SelectUSA 2025 Maryland Booth must begin immediately to have it completed, installed, and connected to the associated services in time for the SelectUSA Summit in May 2025.

An expedited procurement is necessary here because (1) the urgent need to begin the booth construction requires expedited action; (2) this action is in the public interest as it is intended to bring international businesses and create new jobs in the state; and (3) the CSB and CSP methods are unavailable due to the exclusive contractual relationship between SelectUSA Summit and Heritage.

27-S. SERVICES CONTRACT
RETROACTIVE - Department of Emergency Management, 9-1-1 Board

Contract ID: Advance Next Generation 911 Statewide; D52B3600004
 ADPICS No.: D52B5600002

Contract Description: *RETROACTIVE* approval to support efforts to Advance Next Generation 911 Statewide. Provide logistical support, subcommittee support, emergency communications committee support, and subject matter expert technical support.

Award: Mission Critical Partners LLC; Port Matilda, PA

Contract Term: 07/01/2023 - 11/22/2024 (Retroactive)
 02/27/2025 - 06/30/2026 (Proactive)

Amount: \$ 587,333.99 (Retroactive)
 \$ 656,432.10 (Proactive)
 \$1,243,766.09 Total

Procurement Method: Sole Source

MBE/VSBE Participation: 0% / 0%

Performance Security: No

Incumbents: Same

Requesting Agency Remarks: An administrative oversight occurred in the agency's contract management process. At the conclusion of the initial term of the original contract on 6/30/2023, the 911 Board mistakenly assumed a clause in the contract permitted them to exercise a renewal option without seeking BPW approval. The original contract expired, and MDEM is now seeking retroactive approval of a new sole source contract for the continuation of services.

Mission Critical Partners was asked to stop services on 11/22/2024 to fix the retroactivity. This created a gap in the contract from 11/22/2024 to the Board's approval of the Sole Source contract. No services were performed during this period.

The price has been determined to be fair and reasonable. The price is approximately 13% lower than the prior contract.

MBE and VSBE participation were not established for this contract because there were no subcontracting opportunities.

DEPARTMENT OF GENERAL SERVICES
 OFFICE OF STATE PROCUREMENT
 ACTION AGENDA
 February 26, 2025

SUPPLEMENTAL

REVISED

27-S. SERVICES CONTRACT (cont'd)

Agency Remarks (cont'd):

The Board works cooperatively with counties to provide an effective and efficient Maryland 9-1-1 system by administrating the 9-1-1 Trust Fund revenues. To support this critical mission, the Board contracted Mission Critical Partners, Inc. (“MCP”) to aggregate, validate, and disseminate geographic information system (“GIS”) data in the state’s multi-ESInet environment. MCP ensures that the consolidated GIS data aligns with industry standards and best practices across Maryland’s Next Generation 911 (“NG911”) environment. This work is crucial for enhancing emergency response capabilities, improving situational awareness, and enabling more accurate location services for 911 calls.

DGS OSP Remarks: RETROACTIVE approval requested pursuant to § 11-204(c) State Finance & Procurement Article. DGS OSP has determined that this contract should be treated as voidable rather than void because: (1) all parties have acted in good faith; (2) ratification for the procurement contract would not undermine the purposes of the Procurement Law; and (3) the violation, or series of violations, was insignificant or otherwise did not prevent substantial compliance with the Procurement Law.

28-CGL. CAPITAL GRANTS AND LOANS

Recommendation: That the Board of Public Works enter into a grant agreement for the following grant:

Chimes, Inc.

Chimes International (Baltimore County)

“For the acquisition, planning, design, construction, repair, renovation, reconstruction, site improvement, and capital equipping of a Chimes International facility.”

Maryland Consolidated Capital Bond Loan of 2023 (MISC– Chapter 102, Acts of 2023)
DGS Item 23-307, (SL-133-230-038) **\$ 750,000.00**

Matching Fund: No match is required.

Background:	Total Project	\$ 976,594.61
	23-307 (This Action)	\$ 750,000.00 (Non-match)
	Local Cost	\$ 226,594.61

(Prior Actions: None)

Remarks:

1. DGS is administratively correcting the grantee name, pursuant to Section 1(3)(9)(b) of Chapter 720, Act of 2024. Chimes Inc. is the Maryland subsidiary of Chimes International LLC and the owner of record for the Baltimore County facility intended to be improved by this grant.
2. This action is in accordance with the enabling legislation and complies with the tax-exempt bond provisions of the Internal Revenue Code.
3. The grant recipient shall consult with the Maryland Historical Trust pursuant to Sections 5A-325 to 328, State Finance and Procurement Article, Annotated Code of Maryland, and convey a perpetual preservation easement pursuant to the terms of the enabling legislation.
4. Procurement/Contracts should be submitted to the Department of General Services for eligibility determination.
5. This project may include designing and constructing a Chimes International facility.

 12.5% VSBE – Istream Infotech, Inc (Functional Area 3)
 5.5 % VSBE – CW Professional Services (Functional Area 1)
 30% MBE / 6% VSBE Cyquent, Inc (Functional Area 1)

Performance Security: No

Incumbents: N/A

Requesting Agency Remarks: On May 10, 2024, DGS advertised a notice of the availability of the Request for Proposals (RFP) on eMaryland Marketplace Advantage (eMMA). Additionally, DGS sent automated notifications to 2,332 vendors through eMMA and directly solicited 220 vendors (with more than 600 certified minority-owned businesses from the MDOT MBE Directory included among these figures). Ultimately, DGS received a total of 200 proposals. Fifty-four (54) proposals were not reasonably susceptible for award for various deficiencies, such as failing to complete and submit the required MBE and VSBE forms and proposing to more than one Functional Area. One hundred and forty-six (146) proposals were deemed reasonably susceptible of being selected for contract award—fifty-nine (59) in FA 1, thirty-six (36) in FA 2, and fifty-one (51) in FA 3.

Functional Area 1 – The RFP stated that up to 15 awards would be made in FA 1. The top 14 offerors, who ranked overall from #1 to #14, are recommended for awards because they were determined to be the most advantageous to the State. These offerors provided proposals that fully addressed the RFP’s evaluation criteria, contained little or no material weaknesses, and offered prices DGS deemed reasonable.

Functional Area 2 - The RFP stated that up to 20 awards would be made in FA 2. The top 20 offerors who ranked overall from #1 to #20 are recommended for awards because they were determined to be the most advantageous to the State. These offerors provided proposals that fully addressed the RFP’s evaluation criteria, contained little or no material weaknesses, and offered prices DGS deemed reasonable.

SUPPLEMENTAL

REVISED

30-IT **INFORMATION TECHNOLOGY** *(cont'd)*

Functional Area 3 - The RFP stated that up to 5 awards would be made in FA 3. The top 5 Offerors, who ranked overall from #1 to #5, are recommended for awards because they were determined to be the most advantageous to the State. These offerors provided proposals that fully addressed the RFP's evaluation criteria, contained little or no material weaknesses, and offered prices DGS deemed reasonable.

Throughout the term of the Contract, each request for IT resources or teams and/or the combination will be governed by a work order process in accordance with pre-approved Labor Categories with the fully loaded rates contained in the offerors' financial proposals or financial best and final offers. The State will rotate work assignments among the awarded contractors by issuing work order requests in the order of highest to lowest overall ranked Contractor. This sequence will repeat as necessary throughout the life of the Contract for each functional area.

This procurement is designed to provide State agencies with Contractors who offer an extensive variety of Agile services. As a result of the awards from this solicitation, State agencies will obtain agile IT resources quickly and efficiently and specifically to agencies' needs. This contracting vehicle is also available to Maryland local and county government jurisdictions and not-for-profit entities within the State of Maryland, as defined in State Finance and Procurement 13-110(a)(5) - (7).

An overall MBE subcontracting goal of 25% applies to all Functional Areas. All awardees have committed to meeting the goal. Two awardees, ServBeyond Solutions LLC and Cyquent, Inc., have committed to exceeding the goal by 5% for an overall 30% MBE goal. An overall 5% VSBE participation was established for all three Functional Areas. All awardees have committed to meeting the goal, and several awardees have committed to exceeding the goal. BH Zion, LLC committed to exceeding the goal by 15% for a total VSBE participation of 20%. IStream Infotech, Inc. committed to exceeding the goal by 7.5% for a total of 12.5% VSBE participation. CW Professional Services committed to exceeding the goal by .5% for a total of 5.5 % VSBE participation. Cyquent, Inc. committed to exceeding the goal by 1% for a total of 6% VSBE. Functional Area 3 was designated as SBR only.

Twenty-one protests were received. Eighteen were denied, two sustained, and one pending DGS response (Attachment III). The protests raise concerns about flaws in the evaluation process, failure to follow RFP criteria, and discrepancies in the award process. Several protests also allege unclear evaluation standards, particularly regarding undefined terms like "best value" and improper consideration of partnerships or experience. Additionally, several protests argue that the lack of opportunity for oral discussions prevented offerors from clarifying misunderstandings or addressing minor issues. In response, DGS maintains that the evaluations were conducted in strict adherence to the RFP requirements and that all proposals were assessed based on the established RFP criteria.

DEPARTMENT OF GENERAL SERVICES
OFFICE OF STATE PROCUREMENT
ACTION AGENDA

SUPPLEMENTAL

REVISED

30-IT INFORMATION TECHNOLOGY (cont'd)

Given the shortcomings identified in all submissions, none of the proposals protested met the necessary standards for an award and, therefore, were determined not to be reasonably susceptible of being selected for an award. Ten appeals were filed with the Maryland State Board of Contract Appeals (MSBCA), one of which was dismissed with prejudice on February 7th. No hearing dates have been set for the remaining nine appeals.

At this time, DGS is requesting approval of these contract awards, based on the substantial state interests outlined below, in the face of the ongoing protests and nine remaining appeals to ensure the continuity of essential services that meet Maryland citizens' health and welfare needs.

The Statewide Agile contract is integral to supporting the operational requirements of Maryland's health and human services benefit programs on the MD THINK platform. These programs serve vital state departments, including the Department of Human Services (DHS), Maryland Department of Health (MDH), Maryland Health Benefit Exchange (MHBE), and the Department of Public Safety and Corrections (DPSCS). The contract provides the necessary resources to maintain daily operations, perform critical platform maintenance, and implement essential system enhancements and new functionalities. Without the award of this contract, the State would be unable to deliver a range of essential services, such as:

- Supplemental Nutrition Assistance Program (SNAP)
- Temporary Cash Assistance (TCA)
- Home Energy Programs (OHEP) & Energy Assistance
- Emergency Assistance to Families with Children (EAFC)
- non-Modified Adjusted Gross Income (MAGI) Medicaid
- Supplemental Security Income (SSI)
- eMedicaid Provider Portal
- Medicaid Enterprise Systems Provider Management Module
- Medicaid Long-Term Services and Support (LTSS)
- Maryland Health Connection
- Child Support Collections & Distributions
- Child Welfare Support
- Foster Case Services
- Adult Protective and Social Services
- Vital Records Registration (Birth Registration System, Death Registration System)
- Eligibility Validation System Interactive Voice Response

SUPPLEMENTAL

REVISED

30-IT INFORMATION TECHNOLOGY (cont'd)

These programs are funded through significant federal support, which mandates state preapproval for any contracts receiving Federal Financial Participation (FFP) (45 CFR 95.611). The approval process for these contracts typically requires 60 days, and no work orders can be issued until that approval is obtained. As such, awarding these contracts is critical to ensuring the uninterrupted delivery of these essential services that millions of Maryland residents rely on.

A1-EX. EXPEDITED PROCUREMENT REPORT (cont'd)

Agency Remarks: The Department of General Services received approval from the Board of Public Works, (DGS-23-EX, 12/4/2024) to use the Expedited Procurement method to procure a contract to replace HVAC components at the Clifton T. Perkins Hospital Center.

Warwick was selected because it provided emergency HVAC on-site services for more than ten months in a 24-hour operational role at Clifton T. Perkins Hospital Center. This makes it the only available source for this expedited procurement because it possesses a level of facility familiarity that includes knowledge of the facility layout, heating, cooling, and distribution components; knowledge of the various cross-functional systems; knowledge of daily operations and security requirements of the facility, and understanding of the design and operation of all of the emergency temporary equipment currently in place. Warwick will be able to complete this project while maintaining continuity of care to current clients.

Resident Business: Yes

MD Tax Clearance: 24-5245-1111
